Chapter 791: The Holy Light Group

“Yes, sir!”

Moose Howards instantly understood. The Holy Light Group could not be exposed!

Once it involved the power of blood and evil to snatch the shares, then the investment in the country would really go down the drain.

Ling Hai was just an insignificant character, but even so, he was still targeted. From this, it could be seen that the other party was really powerful.

It also made him feel a huge pressure!

“Take care of this matter. I’ll go to the Jinling Hotel and see what tricks he’s up to!”

Sean Martin naturally received news that Freddy Martin was going to meet Gary Stevens. He was the man behind Gary Stevens. It was just that no one knew.

However, the person behind Freddy Martin was Oliver Walker. He knew this better than anyone else.

Thinking back to the previous contest in Colorado, Oliver Walker controlled Freddy Martin, and he controlled Andy, but in the end, he was defeated. This made him, who had always been arrogant, even more uncomfortable.

Once Sean Martin left, Moose Howards quickly went to Ling Hails office.

The slightly plump Ling Hai instantly stood up to welcome him. “Director Meng, if there’s anything you need, feel free to call me.”

“Why are you here personally?”

He was the manager of the Holy Light Group in the American region, but Moose Howards was the general manager of the global region.

Their statuses and statuses were obviously not on the same level!

As soon as he said that, Ling Hai’s eyes flashed with a trace of panic. After failing to forcefully plunder the shares of Thomas Corporations from Richard Thomas, they were going to send him to the overseas headquarters for further studies?

This... There must be something fishy going on!

Moreover, he had also received some news that he was being targeted.

Based on this, it was not difficult to come to a conclusion, and that was...

Sean Martin was likely going to silence them! The more he thought about these situations, the more flustered he became, but he seemed to have no reason to decline.

“What’s wrong? You’ve been promoted, aren’t you happy?” Moose Howards asked with a smile.

The fear in Ling Hail s eyes flashed for a moment, and it was replaced by a flattered smile. “No...

“Thank you, Chairman, for your nurturing. I will definitely live up to my mission but I’ve never been out of the country before. I don’t know how long it will take for me to return from this trip, so I want to say goodbye to my family.”

He already had an idea. After all, no one wanted to die!

“That’s what I should do, but you have to hurry. I’ve already booked your plane tickets,” Moose Howards’s eyes flashed with killing intent.

Moose Howards didn’t rush him too much, or else he wouldn’t be able to create the illusion that Ling Hai was going abroad. Ling Hai definitely couldn’t die here in this country. Otherwise, their suspicions would really not be cleared.

“Yes, yes, yes...”

Ling Hai was drenched in cold sweat, but he still had a smile on his face.

“Director Meng, I’ll head back and prepare first.”

After receiving the tacit approval, he quickly turned around and left!

Moose Howards snapped his fingers and said coldly, “Keep an eye on him. If he makes any strange movements, kill him immediately!”

He could tell that Ling Hai was already suspicious. However, unless it was absolutely necessary, they would never make a move here. Otherwise, the trouble he would cause would be huge.

At the same time, Ling Hai left the company. After he got into the car, he quickly dialed the police number. “I am Ling Hai, I suspect that someone wants to kill me...I... I’m asking for personal protection. I... I’m at the Holy Light Group, on Song Jiang Road to Jinxiu Garden. I have important information. If I die, you...All our efforts will be in vain.”

Although he wasn’t Blood Fiend’s man, he was the one who signed the share transfer agreement. In addition, as the manager of this country, he naturally knew more than ordinary people..

Chapter 792: Trying To Take Over

Therefore, George Lee took it very seriously. "Stay calm for now. Don't do anything rash. I'll send someone to follow you immediately."

Actually, Ling Hai was already under surveillance. From the moment the chaplain mentioned this name, his freedom had been restricted. It was just that there was no arrest warrant.

"Listen up, change into casual clothes and come with me to pick him up!" George Lee's expression was solemn. He knew how special Ling Hai was, so he could not let anything happen to him. Moreover, once the uniform appeared, if the Holy Light Group was really related to Blood Fiend, they would definitely be the first to discover it.

After he finished speaking, he took the four people and rushed to Song Jiang Road.

At the same time, Ling Hai drove on Song Jiang Road. He was already panicking to the point that he couldn't take it anymore. His hands were covered in cold sweat! It wasn't the rush hour yet. He could clearly see that there were four cars following him for several intersections.

This... couldn't be a coincidence!

"Are those your people?"

Ling Hai shouted in despair. He could feel danger approaching!

In fact, among the four cars, there were George Lee's men along with that there were also men from the Blood Fiend.

"Don't worry," George Lee comforted. "We'll make sure you're safe."

Ling Hai was an important figure who uncovered whether the Holy Light Group had anything to do with Blood Fiend. It also played an irreplaceable role in capturing Sean Martin, so...

Nothing could happen!

“But I’m so scared! Listen well. If anything happens to me, you won’t get any information!”

Ling Hai shouted in despair, “I’m very important. I know a lot of important information. I can’t die. I have to report it. I want to atone for my crimes.”

At this moment, George Lee received a piece of bad news while driving. Their conversation had been monitored. Who was the person monitoring them?

It must be Blood Fiend!

“Wait!” George Lee could not help but shout into his earpiece. “You guys immediately stick close to Ling Hai’s car and pay attention to the suspicious people nearby. We can’t let anything happen to the tainted witness.”

After receiving the order, the imperial guards also sped up and followed behind Ling Hai. However, the car in the middle seemed to be angry at the other cars for blocking the road, but in fact, it was also constantly contacting them.

“We are on Song Jiang Road. He is being protected by someone. It’s not easy for us to make a move. Yes, we’re almost at the intersection!”

“Think of a way to hold them back,” Moose Howards said into the phone. “The Phoenix is already on the move!”

“It will appear at the intersection of Mian Xiu Garden in about three minutes.

Remember not to use any force.”

Ling Hai must die but he had to die in an accident!

Otherwise, the Holy Light Group would be exposed. This was not what they were good at!

On Song Jiang Road, five speeding cars were racing for life and death!

Ling Hai was in the car right in front.

There were two other cars from the Blood Fiend followed closely behind, blocking the Imperial Guards 'cars that were trying to overtake them.

At the same time, George Lee was also speeding all the way, constantly drifting and accelerating. He rushed to Song Jiang Road, ready to meet up with Ling Hai.

After all, he knew that the call had been exposed. Whether he could arrive at the scene before the killer would be the most important point in Oliver Walker's entire plan.

"Boss, the other party might make a move ahead of time! We are still trying their best to charge forward!"

In such a situation, he had to report it to his boss. He did not dare to delay!

"You have to protect Ling Hai," Oliver Walker said coldly. "You have to ensure his safety!"

"Sean Martin is getting desperate. This is a great opportunity for us to catch him!"

It was quite interesting. He had just given the order yesterday, but Sean Martin had already smelled it and did not give him a chance to investigate.. It could only be said that Seann Martin, this wolf, was an extremely cunning beast!

Chapter 793: Ling Hai I s Safety Was Of Utmost Importance

However, this also meant that the Holy Light Group was definitely not as clean as it seemed! Instead, it was a flaw left behind by Sean Martin in his panic.

Oliver Walker rubbed his temples and held his breath, thinking about everything that had happened recently.

Sean Martin was more cunning than he had imagined but that was right!

He and his men were good at arranging troops and formations. On the contrary, in this aspect, it was precisely the strength of the Blood Fiend. For the safety of the country, he had no choice but to show his sword!

It was to use one's own shortcomings to duel with the strengths of others. This was also to train the soldiers!

After all, after the end of the war in Indiana, their country have not faced the troubles of the border for a long time in the future.

At this time, the security of the country became especially important.

Therefore, even though he knew that it was his weakness, he had no choice but to go head-on!

"Mr. Walker, what happened this time?"

Luna Thomas frowned slightly, her beautiful eyes filled with worry.

Oliver Walker shook his head. Even if something happened, what could she do?

Obviously, although the Thomas Corporation was the leading company in the Ocean City, it was really not on the same level as an international company like the Holy Light Group.

“I’m sorry! When I was in trouble, you spared no effort to help Thomas Corporation tide over the crisis.” Luna Thomas ‘pretty face was filled with disappointment.

“And when you encounter something, I can’t help you at all.” “Who said you can’t help?” Oliver Walker laughed.

“Protecting the economy here and preventing the Holy Light Group from encroaching on us will be the greatest help to us.

If the Holy Light Group only had an ordinary overseas background, then it was not a big deal for them to enter the country and promote economic prosperity. However, this group was likely to be a subsidiary of the Blood Fiend Mercenary Group.

Letting the Holy Light Group in was equivalent to taking the money of the common people to support the Blood Fiend Mercenary Group.

It could only be said that in this competition, every step was extremely important.

He did not believe that he would lose to Sean Martin but his enemy was cunning.

“Yes! I definitely will!”

When the car stopped in the parking lot of the Jinling Hotel, Luna Thomas said, “I’ve misunderstood you last time. I’ll apologize to you here tonight.”

She was very persistent! Although Oliver Walker didn’t take it to heart, she had to apologize.

Oliver Walker felt a little helpless, but in the end, he went upstairs without saying anything. Coincidentally, the negotiation between Freddy Martin and

Gary Stevens was also in the Jinling Hotel!

But what really worried him was Ling Hai's safety.

However, even if he rushed over now, it would be too late. Moreover, George Lee had also killed his way out of the flames of war. He was far from being easy to deal with.

At the same time, the life and death struggle on Song Jiang Road continued.

"Where are you guys? Why can't I see you?"

"I'm almost at Mian Xiu Garden!" Ling Hai shouted as he drove.

In fact, Mian Xiu Garden was the middle point, and George Lee was about to arrive. However, at this moment, a large truck that was crossing the road suddenly appeared, causing Ling Hai's pupils to instantly enlarge.

In his panic, he stepped on the brakes.

But...

The truck seemed to be slowing down, but in fact, the distance between the two cars was less than 30 meters, far less than the braking distance.

This meant...

They would eventually collide!

"You... Calm down first, don't lose control. I'm very close to you!" That sharp scream made George Lee's nerves tense up.

'Bang!'

'Rumble....'

However, in the next moment, a series of loud bangs made George Lee's heart suddenly turn cold!

"Ling Hai!"

Chapter 794: The Accident

"Can you hear me? Can you hear me?"

However, the call had been cut off. Looking at the road next to Mian Xiu Garden, half of the white Mercedes-Benz that Ling Hai was driving was stuck under the front of the truck!

"Bang bang bang..."

At the same time, the cars behind them also collided!

"Damn it!" Blood Termination's men got out of the car and cursed angrily.

"What did you think you were doing?!"

In fact, they knew that this was the captain's arrangement. However, in order to clarify their relationship with the Holy Light Group, they faked this serious traffic accident. Even if they investigated, Ling Hai would have died in an accident!

At the same time, the four Imperial Guards behind him also got off their cars!

With bloodshot eyes, he rushed to the scene of the car accident and saw...

The interior of the white Mercedes-Benz was already filled with blood. The car in front had been flattened. Ling Hai, who was sitting in the driver's seat, was naturally a bloody mess and died on the spot!

"Sir, the mission failed!"

When the disappointed words escaped their mouths, the faces of the four Imperial Guards were filled with anger. They had already guessed that these two cars that had deliberately left were definitely inextricably linked to this traffic accident, but...

Even if he brought it back, there wouldn't be any evidence. Because no matter what, they had a reason to shirk responsibility. At most, they did not maintain a safe distance.

"Damn it!"

"Motherf*cker!"

George Lee's eyes were bloodshot. He roared indignantly, "Stop the truck driver. He will be our only breakthrough!"

Who would be willing to lose the clue that they had obtained with great difficulty?

Since Ling Hai was already dead, there was no need for him to reveal his identity. After all, he had always been by Oliver Walker's side. If Blood Fiend saw him, Oliver Walker's identity as the chaplain would be exposed.

They could no longer continue to fight against the Blood Fiend as an underground force!

"Get out of the car, get out of the car quickly!"

The four Imperial Guards immediately rushed to the truck and showed their IDs! The truck driver was a man in his forties.

He was Feng Niao!

However, he pretended to look innocent. "I'm innocent too, I... I stepped on the brakes, but the brakes didn't work!"

The plan was perfect! This was an accident, not deliberate murder! Everyone had a reason to dodge the responsibility to this accident.

But the truck driver was still taken away!

When the imperial guards wanted to take the other four people away, they were met with intense resistance. "Why are you arresting us?" "We are also victims!"

"Yes, you're acting recklessly!"

"I'll say it one last time. I need your help with the investigation!" The leader of the Imperial Guards took out his pistol and loaded it quickly. The other three Imperial Guards were also filled with anger.

If this was a battlefield, would they still be so aggrieved?

It was impossible!

They were at such a passive spot that they couldn't be more passive. They had no place to use their abilities. They were so close to delivering a fatal punch, and they missed.

This...

George Lee sat in the car and looked at everything in front of him. His eyes were filled with disappointment. In the end, he had no choice but to take out his phone and close his eyes. He said self-reproachfully, "Boss, he's gone!" He didn't know what to say, but he was very cowardly!

They were suppressed everywhere, making it difficult for them to launch effective attacks.

Hope was right in front of him!

As long as Ling Hai did not die, they would be able to obtain a lot of important information, but...

'Bang bang...'

He slapped the steering wheel frantically, hating himself for not being able to go faster and stop this car accident that he had been planning for a long time.

At the dining table in the lobby of the Jinling Hotel.

"It's fine!" Oliver Walker looked a little disappointed when he heard the news, but he still comforted George Lee.

"The opponent is not an ordinary person, and we are in the open.. It is difficult to guard against a sneak attack!"

Chapter 795: Tonight Might Not Be Peaceful

His brothers have done their best. What else is there to say?

If he were to pursue the blame deliberately, it would only hurt his morale.

Oliver Walker would never do something that would throw him into disarray.

Did Sean Martin think that killing Ling Hai would be considered a victory?

No! It just so happened to expose one thing, and that was that his direction of the investigation was not wrong.

The Holy Light Group was definitely not clean! Moreover, Sean Martin was very likely hiding in the Holy Light Group!

This was definitely a direction for the investigation!

At the same time, Gary Stevens was not far away. He sized up Oliver Walker from time to time. Just now, he had also received the news that the mission had been successful.

A mocking smile appeared on his lips. He was even thinking about how to provoke him. It could also be concluded that Oliver Walker was definitely not as calm as he appeared on the surface. Such an opponent was interesting enough!

“Mr. Walker!”

Luna Thomas sat across from him and didn't know how to comfort him. However, the self-blame on his face was very obvious.

She hated herself for not being able to help!

Oliver Walker would never do something that would throw him into disarray.

Luna Thomas sat across from him and didn't know how to comfort him. However, the self-blame on his face was very obvious.

She hated herself for not being able to help!

“The taste of this stir-fried shrimp is not bad! You should try it too! And this Dongpo Pork!”

Failure? Wasn't that a very normal thing? Moreover, he did not lose. The real loser of this competition was Sean Martin!

This was because Sean Martin had been impetuous and exposed himself. He had only lost a chess piece. It was not a failure.

It was inevitable that he would be disappointed.

“Damn it, I want to see what kind of courage Freddy Martin has. How dare you come to the Ocean City and ask me for a share!”

“All of you! Stand up firm. Don’t disgrace the Seven Stars Gang. Let’s also show those country bumpkins from the Black Dragon Sect of the State of California who is the true king.”

At this moment, Freddy Walker quickly walked through the corridor while cursing. The bodyguards behind him were all wearing suits and leather shoes, and they looked fierce.

“Clear the area!”

“Clear the area!”

“Chase all these blind things out!”

Freddy Walker didn’t even turn his head, but when he saw the crowd full of customers, he was filled with displeasure.

“Sir, you...What are you doing? We’ve already provided you with a private room! ”

When the manager heard that they were going to clear the place, he immediately became anxious. Losing money was not a big deal, but losing face was a big deal!

What was the most important thing?

Jinling Hotel was also a restaurant company under Thomas Corporation. It was a famous five-star hotel in the Ocean City.

All of their guest here were important guests. How would they feel if they were chased out by this lunatic?!

The hotel manager did not know that Gary Stevens was working for Sean Martin. If he had known, he would not have dared to be so rude!

“Motherf*cker, get lost!”

The burly man from the Seven Stars Gang kicked the hotel manager to the ground.

After that, all the customers in the hall also knew the background of the Seven Stars Gang, so they all stood up and wanted to leave!

“Mr. Walker!”

Seeing that the situation was not good, Luna Thomas quickly looked at him questioningly. In fact, she was very young to begin with, and she had just taken over the company. She didn't know how to handle things at all.

Therefore, she relied on Oliver Walker in emergencies.

“It's good to let them leave! It might not be peaceful here tonight,” Oliver Walker said calmly.

The Seven Stars Gang had mobilized so many people. They were definitely up to something.

Wasn't the reason why he asked Freddy Martin to interview Gary Stevens to anger the Seven Stars gang? Therefore, it was reasonable for them to kill each other.

After the guests left, there were only two tables left in the large dining hall..

Chapter 796: Friends?

Oliver Walker and Luna Thomas sat at one table, while Yin Tianchou sat at the other.

They were all the same. They were not afraid, nor would they take such a small matter to heart.

“Damn it, do you think my words are like wind falling on deaf ears?”

“Get lost!” The burly man from the Seven Stars Gang waved his machete and slammed it on Yin Tianchou’s table angrily. He glared at Yin Tianchou and said ferociously, “I told you to get lost!”

Oliver Walker sized up the man who was sitting on the sofa, motionless and unafraid. In fact, it did arouse his suspicion.

A normal person would definitely take the initiative to run away when faced with such a thing.

How could that man be so calm?

“Big Brother, please do me a favor. I haven’t eaten yet! I’m the chairman of the

Holy Light Group. Please give me some face!” Yin Tianchou smiled innocently.

As soon as he finished speaking, Oliver Walker frowned slightly!

He was Yin Tianchou?

The Holy Light Group’s dirty deeds could basically be confirmed. Sean Martin’s hiding place was very likely to be someone in the Holy Light Group. As the chairman, Yin Tianchou was someone that Sean Martin was forced to keep alive.

“I don’t care who you are. If you dare to stay any longer, I’ll cripple your limbs.” The burly man from the Seven Stars Gang laughed coldly.

He still didn’t know who he was talking to.

If he knew that Sean Martin was the number one instructor of the world’s top mercenary group, how would he dare to be so impudent?

“Hehe...

Yin Tianchou smiled and took out a check. “One million for a seat. Let me watch a good show.”

The burly man’s eyes widened when he saw the million-dollar check. Not everyone in the underworld was rich. In fact, many of them pretended to be rich.

For example, the burly man was only a small team leader in the gang, he was still paying off his mortgage and car loan. This because the big money had all been divided by the higher-ups!

Therefore, this one million was an irresistible temptation for him! Then, his attitude took a 180-degree turn. “What are you doing?”

“We’re all brothers! My name is Qian Dafei. I’ll take care of you in the future!”

Qian Dafei introduced himself as he kept the check in his pocket, his face full of solicitousness. After all, not only could he not offend such a wealthy backer, but he also had to work hard to please him.

Perhaps one day, he would make a fortune! It was said that money could make the world go round. This was true!

“Also, that table is Miss Thomas, the owner of this hotel. She’s my friend.

Please show mercy.”

Yin Tianchou naturally noticed Oliver Walker’s gaze, but he was not afraid at all because he knew that Oliver Walker could not do anything to him. Moreover, this was a competition between the two of them. If they left, it would be meaningless.

Secondly, he also clearly understood that the Seven Stars Gang was no match for Oliver Walker, so it was better to avoid trouble. After all, the Seven Stars Gang was now his vicious dog.

“Understood! Don’t worry, Boss!”

“With me around, no one will dare to lay a finger on them!” Qian Dafei patted his chest and promised.

“Listen up, these two tables are VIP tables. Don’t offend anyone! Otherwise, don’t blame me for being merciless!”

The members of the Seven Stars Gang in the hall all nodded because they knew that Qian Dafei would definitely give them some benefits. Besides, this was their boss. There was no need to seek trouble!

Luna Thomas turned around and saw Yin Tianchou smiling at her. Then, she frowned and became even more puzzled.

Were they friends? When did this happen?

One had to know that the Holy Light Group, which had invaded Ocean City’s business world, was at loggerheads with the Thomas Corporations.

They were competitors. How could they be friends?

“This is the real business world. It’s full of deception. There are no eternal enemies or friends!”

“You may be fighting to the death right now,” Oliver Walker said with a smile. “You may have to show your strong friendship in many public places in the future. So, don’t take what’s on the surface seriously!”

“Let him say what he wants!

Chapter 797: No One Is Truly Invincible

Oliver Walker knew that this young lady was not familiar with the treacherous rules of the business world. However, he had nurtured the eight gods of wealth, so he naturally knew how muddy the business world was.

Of course, it was almost impossible for Luna Thomas to be on good terms with Sean Martin because he himself was a troublesome man.

He would not let her off so easily.

“Mr. Walker, 1...1 think...”

Luna Thomas’s pretty face was slightly red because that man was really handsome when he was focused.

That’s right! Such a man was almost omnipotent!

He knew how to arrange troops and formations, was unparalleled in medicine and martial arts, and was loyal to one person. He was also kind to others and did not put on airs.

This... He was simply the most perfect man in the world!

It had to be said that the more she discovered, the harder it was for her to extricate herself.

She was not the impulsive type of girl who would fall in love at first sight, but once she fell in love, she would really...

It would be unforgettable! This was also the first time she had developed feelings for a man.

However, this outstanding man was already married. Otherwise, she would definitely bring the Thomas Corporation as her dowry and pursue him crazily. "I'm not as powerful as you think. I was actually forced out!"

Oliver Walker shook his head helplessly. What he had experienced since he was young was completely different from what Luna Thomas had experienced.

His master had brought him around to witness the cold and the poor. Wherever there was poverty, he would go to help the world. Then, he would help the locals develop and leave after they became rich.

His master often said that power and strength were not for enjoyment. The greater the power, the greater the responsibility. Therefore, he could endure any hardship!

He would use any means, but he did not dare to. He would let down his conscience.

"Who else can make things difficult for you?"

Luna Thomas asked curiously. In her eyes, Oliver Walker was an omnipotent existence. Even the male lead in the movie, who had undergone artistic processing, would pale in comparison to Oliver Walker.

On the other hand, Oliver Walker, from a friend's point of view, was more like a fictional character in a movie.

"This world is not as simple as you think!"

“You can see the light because someone is guarding it,” Oliver Walker said calmly. “But these people who guard the light are always in darkness. So I hope that you can do your job well and manage the corporation well, then you can help the world!”

Was he invincible?

NO!

If he was truly invincible, he wouldn't have been unable to find his master until now. He wouldn't have been unable to find any news of the enemy who had chased after him and his teacher.

Forget about things that happened in the past. As of now, he had to fight Sean Martin several times before defeating him.

In fact, people should always be on the path of improving themselves. If he didn't improve, then his life would also mean that he had reached the end. Even if he lived, it was meaningless!

Luna Thomas could understand it, but because she had never experienced it before, it was really difficult for her to understand the darkness in the words.

Perhaps this man was not on the same level as her.

The way one looked at things was different, and the understanding they received was naturally different.

‘Tap, tap, tap....’

Soon, a series of messy footsteps could be heard in the hall!

Meanwhile, the people of the Seven Stars Gang were instantly on guard!

The leader was Freddy Martin, who was wearing a white Tang suit.

Of course, facing the Seven Stars Gang's covetous eyes, the Black Dragon Sect elites were naturally not to be trifled with. In the places where Freddy Martin passed by, where there were members of the Seven Stars Gang standing, there would definitely be an equal number of Black Dragon Sect elites left behind.

It was a display of strength! Therefore, in terms of aura, none of them were willing to lose to the other party. Both parties were ruthless characters in the underworld. After meeting each other, they naturally confronted each other.

This caused the atmosphere at the scene to become tense. No one was willing to submit to the other!

"Mr. Walker!"

Freddy Martin bowed respectfully as he passed by..

Chapter 798: Attack!

Qian Dafei's expression changed when he saw this. Oliver Walker is Freddy Martin's boss?

Then...

Yin Tianchou was Oliver Walker's friend. Wasn't he the enemy of the Seven Stars Gang?

However, they couldn't make a move now. After all, they were paid. Moreover, both parties were in the stage of negotiation and confrontation. If they made a move rashly, even if they didn't suffer a loss, they might be punished.

Therefore, he could only endure it!

“Go! Gary Stevens is already inside!”

Oliver Walker waved his hand, unwilling to manage these things. A fight was inevitable. Even if they fought today, they would fight to the death in the future.

After all, there was no room for two tigers on the same mountain!

“Yes, sir!”

Freddy Martin left after receiving the order.

“Boss! ”

Mike and Aiden also greeted each other and left.

Currently, Freddy Martin was still someone useful to him, so Oliver Walker naturally would not let his life be threatened. Although the overall strength of the Seven Stars Gang was much stronger than the Black Dragon Sect in terms of peak combat strength?

It was really impossible to find someone like Mike and Aiden.

After all, there was a fundamental difference between the underground forces and the mercenary king.

If it was just killing, then either Mike or Aiden could take Freddy Walker’s dog’s life.

However, after Freddy Walker died, the Seven Stars gang would inevitably fall into chaos. In the end, the situation would go out of control, and the people would suffer, as well as the order of the entire Ocean City.

so...

In such a situation, the only way was to boil the frog in warm water and nibble away at the Seven Stars gang bit by bit. This was the safest solution.

“Mr. Walker, this... Will something happen?”

Luna Thomas asked worriedly. Although she had bad memories at the Jinling Hotel, it was still Thomas ‘company.

If it were blown up, it would be a blow to Thomas Corporation.

“Let’s see how their discussion goes, but don’t worry,” Oliver Walker said with a smile. “Someone will pay for the bill today!”

Luna Thomas looked puzzled, but she didn’t ask further because the atmosphere seemed to have frozen. After all, the Seven Stars Gang and the Black Dragon Sect weren’t good people.

If something were wrong, they would strike first.

In fact, that was indeed the case. Qian Dafei’s nerves had always been in a tense state. Even if there were the slightest sign of trouble, he would take action immediately.

At the same time, the person in charge of the Black Dragon Sect’s elites was Liang Hao, one of the Eight Guardian Warriors under Freddy Martin. He also held his breath and observed the Seven Stars Gang’s every move!

It could be said that both sides were very nervous and prepared to fight.

However, in this extremely tense and ingenious atmosphere, no one expected Yin Tianchou to stand up and even deliberately make a commotion to affect the nerves of both parties.

“Damn it! Attack!”

Liang Hao didn't know Yin Tianchou, so he naturally classified Yin Tianchou as a member of the Seven Stars Gang. The deliberate noise might be a signal to attack.

Therefore, in a situation where they were unfamiliar with the place, they naturally had to strike first!

“Damn it, you want to do something dirty?”

“Brothers, follow me!”

In fact, it was the same. Yin Tianchou said that he was friends with Luna Thomas, so, in Qian Dafei's eyes, he was naturally a spy of the Black Dragon Sect. Therefore, the reactions of both sides were almost at the same time!

Nearly 400 people from both sides started fighting in the hall!

As it was a negotiation, none of them brought machetes, but each of them carried a dagger that was easy to hide.

“Kill!” “Ouch...”

“Rumble...”

The moment the battle began, people began to fall. The scene was extremely bloody.

It really echoed the phrase, ‘A clean knife stabbed in, a red knife came out!’

Chapter 799: Do You Know Why I Came Back?

'Bang bang...'

"Ahhhhh!!!!"

Very quickly, the originally extravagant layout of the hall instantly became a mess.

There were broken tables, sofas, and all kinds of cutlery everywhere. There were also injured people lying on the ground wailing everywhere. Of course, there were also unlucky people who were hit in the vital parts by a knife and died immediately!

"Ahhhhh!!!!"

Seeing such a bloody scene, Luna Thomas couldn't help but turn pale in fear, especially when an injured person with a bloody face was kicked beside her. This scared her even more!

"Mr. Walker!"

In a panic, she quickly left her seat and hid beside Oliver Walker with a pale face.

Oliver Walker looked at the situation and saw that it was developing in this direction. He quickly picked up Luna Thomas's waist and retreated. On the other hand, Luna Thomas felt as if she had been electrocuted the moment she was hugged.

A woman's reaction when facing a man with feelings was definitely different from when she faced a man without feelings.

If Oliver Walker had dared to hug her like this in the past, she would have resisted.

But now... Instead, she felt a strange sense of security.

“Don’t move!”

Oliver Walker glanced at the battle. The spacious hotel lobby had become extremely narrow in the chaotic battle of four to five hundred people.

A mocking smile appeared on Yin Tianchou’s face. He had done that on purpose. It would only be lively if they fought!

He then pretended to be panicking and seemed to be dodging through the crowd. However, in reality, even if he did not make a move, no one could hurt him!

After all, a powerhouse was a powerhouse!

How could they be dealt with by a bunch of motley crew?

Looking at Yin Tianchou who was approaching at high speed, Oliver Walker’s expression gradually changed. This guy was indeed a top-notch expert as he had expected. Many of his subconscious actions had already exposed Yin Tianchou’s skills!

Yin Tianchou, on the other hand, knew that Oliver Walker had his eyes on him, but he still advanced at high speed. After he left the battlefield, he pretended to be afraid. “Miss Luna Thomas, it’s too dangerous here.”

“You... You must protect me! I’m your guest. You must ask your bodyguards to ensure my safety.”

Mocking? He was definitely mocking Oliver Walker for being just a bodyguard.

Of course, this kind of invisible provocation was the most infuriating.

However, he was wrong. Oliver Walker's mentality was more stable than anyone else's.

A live-in son-in-law? Bodyguard?

There were even many people who called him a gigolo, but when did he care?

"Why aren't you leaving yet?"

Luna Thomas had a natural resistance to Yin Tianchou. After all, the Holy Light Group was against her everywhere. As the chairman of that horrible group, how could Yin Tianchou be free of his relationship?

At this moment, he was still pretending that they were very familiar with each other, which made her even more disgusted.

When her father was still around, she was unwilling to take over the company's business because he hated the deception.

But now, she had no other choice but to face them.

"Ms. Thomas, to be honest with you, I actually have a purpose for staying!"

Yin Tianchou did not hide his desire at all, or perhaps it was just to tease him.

Luna Thomas knew that Yin Tianchou must have a purpose for staying behind.

She asked, "What do you want?"

She did not have any good feelings towards this kind of man.

Naturally, she wanted to avoid them, but now that both sides were trapped in front of the huge floor-to-ceiling window, it was naturally difficult to escape.

In fact, this was Yin Tianchou's purpose for starting a chaotic battle. He knew that Luna Thomas wouldn't have bothered with him if it weren't for this.

Oliver Walker didn't say anything because he wanted to see what this guy was up to. Sometimes, one could only see through a person better by getting to know them up close.

"Do you know why I came back here?"

Yin Tianchou's face was filled with panic, but he was talking about something completely unrelated to the scene..

Chapter 800: Confession?!

This was something that ordinary people could not do. It also confirmed Oliver Walker's thoughts.

'Why?'

Luna Thomas didn't want to talk to him, but she couldn't leave now. She could only say something reluctantly.

He wanted to ease the anxiety and panic in his heart.

"I did it for you! Actually, if you hadn't come back, I wouldn't have brought the Holy Light Group back here," Yin Tianchou said shamelessly.

He knew that he was being suspected, so he decided to dance on the edge of a knife. He drew out another line to disrupt Oliver Walker's logic.

It had to be said that in a game between experts, sometimes, seemingly useless arrangements would often play a vital role in the entire battle.

"Do we know each other?"

Luna Thomas had a temper too. Her pretty face turned cold. "Mr. Yin, don't you think this way of hitting on people is really old-fashioned? You brought the Holy Light Group to attack the Thomas Corporation just for me? You even came back for me?"

Such logic was nothing!

She really didn't know how she could say it. She wasn't a three-year-old child. Did she really think that she was a fool?

"I attacked you to attract your attention! Actually, I fell in love with you when we were overseas. I was right beside you when you were at Stanford University," said Yin Tianchou shamelessly.

"I often secretly look at you. Do you know how much my heart ached when I learned that you had returned to the country?"

Luna Thomas's red lips moved slightly, and she even had the urge to curse. If not for her good self-restraint, she really wouldn't have been able to hold it in.

Oliver Walker only treated it as a show and a monkey performance.

He didn't know what to say.

On the contrary, Yin Tianchou was getting more and more excited. "We are both children who grew up abroad. We are on the same land, and now you and I are both the chairman of the group.

“Is this just a coincidence? Of course not! To me, this is fate bestowed upon us by the heavens!”

“Stop!” Luna Thomas’s expression became angrier and angrier. “Stop it!”

Naturally, she would not believe such nonsense. He actually came to confess to her?

However, to be honest, Yin Tianchou was not ugly and instead looked very manly.

But... Even this could not attract her!

Moreover, they were now competitors!

“Ms. Thomas, don’t be in a hurry to reject me. Don’t you think that if the Holy Light Group and the Thomas Corporations continue to fight, both sides will suffer?”

Yin Tianchou’s lips curled into a nervous smile, but it was all a pretense!

“Then stop the attack,” Luna Thomas said angrily. “Why do you have to make things difficult for us?!”

Actually, she was really angry for some reason! What kind of thinking was this?! After attacking her for so long, she did not even have the time to calculate how much damage she had caused.

But now...

This man was actually confessed to her?

Who could bear it?

“No! We really can’t stop attacking, but we can work together!”

“As long as Ms. Thomas is willing to marry me, we will have two giant corporations with a market value of more than 100 billion. Isn’t this a good thing for everyone?”

Yin Tianchou didn’t care about Luna Thomas’s anger. Instead, he became more and more excited as he spoke. Even the chaotic battle behind him had reached an anxious state, but it couldn’t stop his shameless nature!

“You...”

“You’re here to humiliate me on purpose?” Luna Thomas gritted her teeth, her face flushed red with anger. “You... Don’t go too far with it!”

What was this?

Confessing was already exaggerated enough, but he actually wanted to propose? There were really all kinds of weirdos!
