Chapter 801: A Threat? Serenading His Love

“What if I’m serious?”

Yin Tianchou laughed shamelessly. “If we unite, we will win. If we fight, you will lose. After all, the Holy Light Group is not as weak as you think!” In fact, that was indeed the case.

The Holy Light Group was one of the top 500 companies in the world.

The Thomas Corporation could only be considered first-class in the country. It was far from the world’s top.

Just from the fact that the Holy Light Group had traveled across the ocean and nibbled away at a lot of the business of the Thomas Corporation in just half a month and had a firm foothold in the Ocean City, it was enough to see how big the gap between the two groups was.

“Shameless! If you want to fight, I’ll fight with you to the end. It might not be my Thomas Corporation that will go bankrupt,” Luna Thomas scolded angrily. As the leading company in the Ocean City, the Thomas Corporation was not that weak.

Of course, the strength of the Holy Light Group could not be denied. In a short period of time, they might gain a lot of advantages. Other than their own overwhelming strength, there were still a lot of opportunities which helped them rise so rapidly.

For example, Mark Thomas had been kidnapped, and Richard Thomas had

The Holy Light Group was one of the top 500 companies in the world.

The Thomas Corporation could only be considered first-class in the country. It was far from the world's top.

Just from the fact that the Holy Light Group had traveled across the ocean and nibbled away at a lot of the business of the Thomas Corporation in just half a month and had a firm foothold in the Ocean City, it was enough to see how big the gap between the two groups was.

"Shameless! If you want to fight, I'll fight with you to the end. It might not be my Thomas Corporation that will go bankrupt," Luna Thomas scolded angrily. As the leading company in the Ocean City, the Thomas Corporation was not that weak.

Of course, the strength of the Holy Light Group could not be denied. In a short period of time, they might gain a lot of advantages. Other than their own overwhelming strength, there were still a lot of opportunities which helped them rise so rapidly.

For example, Mark Thomas had been kidnapped, and Richard Thomas had started an internal strife, which led to a split within Thomas Company. They indeed did not have the energy to fight against the Holy Light Group in a hurry.

However, Thomas Corporation had now stabilized. With Oliver Walker's help, they could also unite against outsiders. Therefore, it was impossible for the Holy Light Group to easily take advantage of them again.

Moreover, with Oliver Walker supporting her, Luna Thomas was naturally confident! Therefore, she ignored Yin Tianchou and hid beside Oliver Walker, mainly because that man was too shameless.

At the same time, the chaotic battle between the Seven Stars Gang and the Black Dragon Sect continued.

Neither side gained any substantial advantage.

After all, the Seven Stars Gang was strong in terms of numbers and equipment. In the Jinling Hotel, no one had time to call for backup. In addition, they only carried daggers, so it was difficult to determine the winner in a short time.

However, the hotel lobby was already in a mess. It could be said that there was not a single intact item in sight!

“Aiyaya... listen to me, why don’t we get out of here first?”

Seeing that Luna Thomas was ignoring him, Yin Tianchou pretended to be afraid again.

“I’m afraid your hotel’s reputation will be ruined from now on, right? If I buy the building opposite and open a hotel, how interesting would that be?”

Indeed, Jinling Hotel, as a five-star hotel in Ocean City, would have a bad reputation after what happened.

Yin Tianchou’s last sentence was filled with provocation.

Luna Thomas could only remain silent because she realized that Yin Tianchou was an extremely shameless bastard. No matter how much reason she said, it was just playing the flute to a cow.

“Who do you think will win?” Oliver Walker asked.

This was a double meaning!

On the surface, he was talking about the chaotic battle between the Seven Stars Gang and the Black Dragon Sect. But in reality, it was just a game between them.

He was certain that even if Yin Tianchou was not Sean Martin, he was still related to Blood Fiend. Therefore, Yin Tianchou definitely knew about what happened between them.

“It’s hard to say. They’re all too barbaric! I’m different from you. A gentleman like me has always convinced others with virtue!” Yin Tianchou shook his head hypocritically.

Gentleman?

Luna Thomas almost vomited!

They were both men, but why was there such a huge difference?

Oliver Walker never hid himself. Although his methods were very violent, but...

He would only use violence against those who deserved it!

On the contrary, she did not see any moral character in Yin Tianchou! He was simply a scumbag among scumbags, especially his words. They were so frivolous that they made people vomit!

“You’re right, I’m a barbarian!”

Oliver Walker did not retort. However, the killing intent in his eyes suddenly rose. “I’m not like some wolves who pretend to be pitiful in sheep’s clothing!” Some wolves? He was naturally referring to Sean Martin!

As a matter of fact, when he mentioned the word ‘wolf’, Yin Tianchou’s eyes flashed with a strange light.

What did this mean? This meant that his judgment was absolutely correct!

“I don’t understand what you’re saying!”

Chapter 802: How Dare You? Don’t You Know Who I Am?!

“How ridiculous!” Yin Tianchou laughed mockingly.

In fact, after killing Ling Hai, he realized that he might have been exposed. However, Oliver Walker would definitely not dare to attack him without evidence.

After all, he was different from Freddy Martin and Gary Stevens. He was an overseas Chinese businessman who had returned from overseas to invest.

On the surface, they had a glamorous identity.

Once they were to attack Oliver Walker, the government would definitely be questioned. On the other hand, if Oliver Walker attacked him, he could turn the tables.

Their country would be definitely be in trouble. Therefore, he was not worried about his own safety at all. Instead, he dared to be smug.

But he was wrong!

If he was a normal person, he would definitely care about most things but Oliver Walker was not an ordinary person.

A man who would do anything for justice!

“You...” The corners of Oliver Walker’s mouth curled up slightly. After lighting a cigarette, he grabbed Yin Tianchou’s collar. “You think I won’t dare to touch you?”

“You can try if you dare!” Yin Tianchou sneered fearlessly.

In the next second, the furious Oliver Walker suddenly exerted force on Yin Tianchou's tie and pressed him onto the table.

'Bang...'

The sound of his face hitting the table was especially crisp.

Luna Thomas didn't know why Oliver Walker suddenly attacked.

Could it be for her?

In fact, she did not know Yin Tianchou's identity, let alone the background of the Holy Light Group. Naturally, she would misunderstand! She was feeling touched and it felt incredible that this man stood up for her. This man was indeed very handsome when he was angry!

"You..."

Yin Tianchou's face turned green. He wanted to resist, but when he thought that he was no match for Oliver Walker, he immediately gave up the childish idea in his heart.

Of course, once he made a move, it would be equivalent to exposing himself! Therefore, he endured it!

'Pa pa...'

However, before he could speak, he was slapped twice. "Oliver Walker, are you f*cking crazy?"

"I'm an overseas Chinese who came back to invest in the construction of this country. You... How dare you treat me like this?"

He was indeed ridiculously wrong! He had indeed underestimated Oliver Walker's determination to force him to reveal his identity!

Consequences?

When had Oliver Walker ever cared about the consequences of his actions?

'Bang...'

But the next moment, Oliver Walker punched Yin Tianchou's back again." Do you really think that you can do whatever you want just because you've become a citizen of another country?"

"Let me tell you, everyone is equal here!"

"The country that worships foreign things will never return!"

"You're nothing. This is not where your nationality is at!"

He had always hated these people! After becoming a citizen of another country and returning to their own, he would act as if he was superior to others.

Perhaps there were many betraying dogs here, but he was not! As the country grew stronger, the betraying dogs in the future would have no place to live.

This country had a glorious history of 5,000 years, so why should they envy others?

"I'll get back at you for this!!! I..."

Yin Tianchou's face turned red from holding it in. He cursed nonstop. He was furious! He was indeed furious!

His hands that were pressed on the table clenched into fists, and his eyes were filled with resentment and anger!

On the surface, he was the young and promising chairman of the Holy Light Group! In the dark, he was the number one instructor of the Blood Fiend Mercenary Group. Who dared to be so presumptuous to him?

He gritted his teeth in hatred.. He finally realized that the opponent he was facing was an unconventional person!

Chapter 803: Grievance and Hatred

'Bang...' "Fight back!"

'Boom...'

"Stand up like a man if you have the guts!"

'Clang..'

"You're a nobody yourself!"

Since Oliver Walker knew that Yin Tianchou was not an ordinary person, he did not show any mercy.

He was doing this to force Yin Tianchou to retaliate so that he would have a reason to arrest him. As long as they caught him, would they still be afraid of not being able to find out his identity?

"I... I won't let you off!"

“Ah... Aiyo...You...”

Yin Tianchou clenched his fists tightly. He also knew that this was a trap laid by Oliver Walker. He could not fall for it easily, or else he would die in this country.

“You’re not going to let go of me?!”

“Sure!”

Oliver Walker smiled coldly. “I’d like to see how tough your bones are!”

After another elbow hit Yin Tianchou’s back, Yin Tianchou felt the blood in his body churn non-stop. He was extremely aggrieved.

Then, his facial features turned ferocious, revealing a painful expression. He spat out a mouthful of blood!

He could not understand how Oliver Walker had the guts to be so ruthless! “Mr. Walker, stop fighting! If you keep fighting, someone will die!”

Luna Thomas frowned, her face full of worry. After all, Yin Tianchou was not an ordinary person. If they continued fighting, something big would really happen.

“It’s fine. This turtle’s shell is harder than you think!”

Oliver Walker knew that Yin Tianchou had extraordinary skills, but he wasn’t as vulnerable as ordinary people.

That was why he dared to attack without holding back. After all, he had been holding back his anger during this period of time. If he did not vent it out, he would go crazy.

Yin Tianchou glared at him coldly when he heard Oliver Walker compare him to a tortoise.

He... He couldn't hold it in anymore! He wanted to retaliate but he couldn't! Grievance! All he felt was grievance! He hated this man but what could he do?!

“Motherf*cker!”

“Freddy Martin, how dare you do this on my turf?”

At the same time, after the interview, Gary Stevens, who was already unhappy, became even more furious when he saw the chaotic battle in the hall. “Beat him up! Beat him up ruthlessly!”

With the boss's words, the chaotic battle escalated once again!

Gary Stevens was not willing to be outdone.

In an instant, the people from both sides, who were already red with killing intent, became even more ferocious! However, judging from the current situation, the Seven Stars Gang and the Black Dragon Sect had the same number of people. Without the advantage of weapons, their combat strength was almost the same!

It was very difficult to determine the winner. Of course, both sides had casualties, and neither side had the slightest advantage.

The reason why Freddy Martin and Gary Stevens were unwilling to stop fighting was because they wanted to take a breather!

“Kill!”

“You motherf*cker!”

“F*ck...”

Liang Hao, one of the Eight Great Vajras of the Black Dragon Sect, was also a ruthless person. Of course, Qian Dafei was not a pushover either.

Both sides suffered heavy casualties. After another ten minutes of fierce battle, less than a hundred of the original six hundred people could stand now. Moreover, each of them was stained with blood!

“Freddy Martin, listen up!”

“There can only be the Seven Stars Gang in the Ocean City. If you don’t return tomorrow, you’ll have to bear the consequences!”

Gary Stevens’s expression was extremely ugly.

He felt aggrieved! In just a week, he had been turned from the Earth Monarch of the Ocean City to a slave.

More importantly, he still did not know that Shawn Martin, who had dealt with him, was Yin Tianchou, who was being pressed onto the table by Oliver Walker. him, was Yin Tianchou, who was being pressed onto the table by Oliver Walker.

After all, Sean Martin was too strong!

But....

Chapter 804: The Defeated Boss

The Black Dragon Sect of the State of Colorado, a small force that he had never put in his eyes, actually dared to behave atrociously in his territory!

Damn it, he couldn't hold it in anymore!

"The Ocean City? The Black Dragon Sect will take over for sure!"

Although Freddy Martin knew that the Seven Stars gang was powerful, his words did not count. After all, the real boss was watching from the side. Naturally, he could not be weak!

The people present were clearly unable to move!

Therefore, in a situation where both sides suffered heavy losses and no one gained any advantage, Gary Stevens had no choice but to brace himself and shout, "Let's go!"

This feud had been formed. It was bound to be a situation where they would not rest until one of them died.

Instead of wasting time here, it was better to gather the elites and make a comeback. This would catch the arrogant Freddy Martin off guard and force him to roll back to Colorado.

"Don't you think it's too arrogant to leave just like that?"

The losses in today's battle were not small! The decorations in the lobby area of the Jinling Hotel were all scrapped, and there were also customers and so on!

A conservative estimate would be at least 10 million!

After all, it was a five-star hotel. The things used in it were naturally not cheap goods!

"Who do you think you are? You dare to meddle in the Seven Stars gang's matters?"

Gary Stevens looked rude and did not take Oliver Walker seriously. After all, he looked down on Freddy Martin, let alone a gigolo.

The person who spoke now was none other than the hotel staff. He had even captured Mark Thomas, so why would he be afraid of the Jinling Hotel that was under Thomas Corporation?

“Who the f*ck are you? You’ll pay the price!”

Gary Stevens did not mind. After all, he only thought that Mike was Freddy Martin’s bodyguard. What threat could such a person pose to him?

But in the next second...

Before Mike could make a move, Aiden, who had always been a man of few words, quietly arrived beside Gary Stevens.

‘You...’

Gary Stevens was stunned, and fear appeared in his eyes!

“Brat, you dare!”

“Presumptuous...”

The bodyguards around him also reacted instantly.

‘Kacha...’

However, Aiden's speed was much faster than their reactions. In the next second, Gary Steven's shoulder blade was shattered by a palm strike.

"Bang bang..."

Gary Stevens revealed a pained expression. After letting out a miserable cry, his body uncontrollably knelt on the ground due to the huge force.

"When my boss is talking to you, you better be polite!"

Aiden's voice was very cold, as if it came from a ten-thousand-year-old ice cave, mixed with a tangible killing intent.

Then, he grabbed Gary Steven's hair, straightened his posture, and knelt in front of Oliver Walker.
"You're courting death!"

"Cripple him!"

Gary Steven's bodyguards were completely enraged. In an instant, they pulled out their daggers and swung them at Aiden.

In an instant, they fell to the ground again. Mike clapped his hands in disdain and smiled coldly.

Such a scene made Gary Steven's face turn green in pain!

Those who could be his bodyguards were naturally extraordinary. They were experts who had walked out of a pile of dead bodies.

However, Aiden could ignore his bodyguards and subdue him directly and Mike could instantly kill his bodyguard. This...

What kind of shocking strength was this?

These two men, who were invincible, were actually calling that pretty boy boss!

This...

Such intimidation also made the people of the Seven Stars gang instantly dumbfounded!

“I’ll give you two choices! Either you leave behind 100 million and scram!

Oliver Walker’s tone was as calm as still water. The reason why he appeared here tonight was not for fun.

It was to make Gary Stevens tremble in fear! It was also to tell these fanatics of the Seven Stars gang that there was always someone better! If they dare to be impudent, there would only be death awaiting them!

Chapter 805: Only You Can Ensure My Safety

100 million? This was an exorbitant demand! Especially for Gary Stevens.

In his own territory, he was usually the only one who extorted money. How could he be extorted by others?

And now...

He gritted his teeth and said, “I’ll pay!”

He had to suffer this loss but he would definitely get back at them!

Oliver Walker did not say anything else. He said, "Deal with it. If it's not paid in an hour, kill him!"

"Yes!" Freddy Martin hurriedly lowered his head.

He gulped. The Seven Stars Gang, which was invincible in his eyes, was just an ant that could be easily crushed in Oliver Walker's eyes.

Since Oliver Walker was so capable, why didn't he destroy the Seven Stars Gang directly and let them do it instead? However, these questions could only be kept in his heart forever. He did not dare to ask at all.

After all...

He had to correct his position, or else he would definitely be killed!

"Ms. Thomas, let's go!"

Oliver Walker made a gesture of invitation, and Luna Thomas nodded slightly before leaving the bloody place with a frown.

It was indeed too pitiful, especially those who passed by and were stabbed with bloody holes. They were not completely dead and were wailing on the ground. It was even more unbearable!

This was society! There was not only light in the world, but also darkness!

The reason Oliver Walker didn't kill Gary Stevens was simple. If he killed Gary Stevens, the Seven Stars Gang would be leaderless. If he was the true ruler of the underground forces, he would not let go of such a great opportunity.

However, he was the country's chaplain. He had to consider how he would face the leaderless Seven Stars Gang after killing Gary Stevens. Would it pose a threat to the security of the entire Ocean City

Therefore, he really couldn't be too hasty in exterminating the Seven Stars Gang.

He wanted Gary Stevens to slowly lose the abilities to earn money through his dirty ways and lose power over his gang. Then, he would slowly devour them. When the Seven Stars Gang was no longer a threat, it would be Gary Steven's death.

"Phew..."

After he left, the people of the Seven Stars Gang heaved a sigh of relief. What kind of man was this? Especially Yin Tianchou, who was beaten up. He clenched his fists and stood up shakily.

F*ck!

He... He wanted Oliver Walker to be removed from the country! He would do anything to let Oliver Walker know how powerful he was!

At the same time, after Oliver Walker got into the car, he made a call. "Tell

Silver Wolf to delete the surveillance video of the Jinling Hotel. Don't leak it!"

That video might very well become the evidence that Yin Tianchou had used to attack him.

So... How could he give them such a chance?

Without the video, it was natural for both sides to argue. In the end, it would become a war of words. No one could prove it.

"You have to bring some bodyguards!"

Oliver Walker frowned. "You should be very clear about the current situation in the Ocean City. It's very complicated. It's inevitable that accidents will happen." Mark Thomas was in trouble because he was too careless.

"What kind of bodyguards do you think I have to bring to prevent an accident?" Luna Thomas smiled bitterly.

"I'm afraid that only you can guarantee my absolute safety, right?"

In fact, that was indeed the case. Who else could guarantee her safety except Oliver Walker?

Although she had control of Thomas Corporation, she did not trust the security personnel of Thomas Corporation at all.

Frowning slightly, Oliver Walker remained silent for a long time.

He wanted to keep his distance from Luna Thomas. At the very least, they had to maintain a safe distance so that no rumors would spread.

But.... How was this possible?

Chapter 806: Forbidden Feelings

However, the reality was that nothing could happen to Luna Thomas.

Otherwise, it would affect the overall situation. After all, the Holy Light Group was aggressive and could not be underestimated.

In the Ocean City, the only company that could fight against it was Thomas Corporation.

After Mark Thomas was kidnapped, Luna Thomas became the pillar of Thomas Corporation. If something happened again, the consequences would be unimaginable.

The momentary silence made the atmosphere in the car extremely awkward.

Especially Luna Thomas. Her fingers were clenched tightly, and she didn't know how to express her thoughts. If she invited Oliver Walker to stay in Thomas Villa, would it cause any misunderstanding?

And now, she seemed to have fallen in love with this man.

Therefore, her heart was in a mess. She did not know if she should speak up.

Although she clearly knew that Oliver Walker was a married man and she shouldn't have any thoughts, in fact, feelings were not rational feelings.

It would drive people crazy! Especially the pain of lovesickness, it was absolutely torturous!

She wanted to see this man every day and eat with him every day.

Perhaps Oliver Walker was not humorous, but... At the very least, it would give her an unprecedented sense of security.

Especially in the Thomas Corporation, where everyone was scheming against each other, and to her, it was an extremely unfamiliar environment. She could only rely on the man beside her.

"If it's convenient, from tonight onwards, I'll bring some people to the Thomas villa complex."

Oliver Walker made a decision after some thought. Of course, he didn't join Thomas Corporation to get close to Luna Thomas. In fact, he wanted to hide at the end of the world to avoid unnecessary misunderstandings.

However, he had already made a move against Yin Tianchou and the Seven Stars Gang. It was easy for him to attract crazy revenge. Those people might not dare to attack him, but they would definitely target Luna Thomas without hesitation.

Now that they had reached the critical stage of the confrontation, even a slight mistake could lead to a complete loss. This was not what he wanted to see.

“Sure!”

Oliver Walker frowned. Did the little girl really have such thoughts? If that was the case, that would not do!

But soon, Luna Thomas also felt that something was wrong and quickly explained awkwardly, “I...” I mean, it’s not a problem for you to stay in a hotel all the time. And as the host, I naturally hope to entertain the distinguished guests well. If Sister Emilia finds out that after helping me so much, I still allowed all of you to stay at the hotel, I don’t think she’ll be happy with it.”

Perhaps it was because she was nervous, or perhaps it was because she was trying her best to hide her true thoughts, so she said a lot in one breath.

However, it did make Oliver Walker lower his guard.

Based on Luna Thomas’s reaction last time, how could she possibly like him? He was definitely thinking too much!

Moreover, protecting Luna Thomas was not only a personal relationship, but also a duty. Therefore, he was relieved! When night fell, in the Thomas villa complex!

“Boss!”

Mike said, “According to Freddy Martin’s statistics, in tonight’s battle, 38 elites of the Black Dragon Sect died. Two hundred and fifty-two people suffered light injuries and ten people suffered heavy injuries. The casualties are extremely heavy.

“As for the Seven Stars Gang, they suffered a great loss as well!” “Yes!” Oliver Walker nodded.

“Let’s rest for the night. There will be an important operation starting tomorrow.”

Casualties were already within his expectations. Moreover, how could there be no reason for people to die in a battle? However, he didn’t care. After all, those who died were a group of people who had done evil in the past.

Even now, they were working for him not because of his status, but because of his overwhelming strength. They had no choice but to submit. Thus, the elites of the Black Dragon Sect were not considered to have sacrificed their lives for the country.

“Yes, sir!”

Mike immediately nodded. He naturally knew what the important action Boss was talking about was.

At the same time, Oliver Walker dialed George Lee’s number and asked him to fasten the investigation of the Holy Light Group.. They were still waiting for Shawn Martin to give himself away!

Chapter 807: His Real Identity

To ensure Luna Thomas ‘safety, Oliver Walker lived in the main villa area. This way, even if anyone came up, he would be able to rush to the scene at the first moment. Even an expert like Shawn Martin would not be able to hurt the person he wanted to protect right under his nose.

At the same time, at the headquarters of the Seven Stars Gang!

“Damn it!” “Bastard! ”

“A bunch of bastards!”

How dare you!” Gary Stevens was about to lose his temper. He roared crazily.

“How dare the Black Dragon Sect!”

“How dare he, Freddy Martin?”

“Who is that bastard?”

“Investigate! We must investigate thoroughly!”

From what he could see, Oliver Walker was not just Davis’s live-in son-in-law. After all, it was difficult for someone with such means to not have other backgrounds.

In that case, his identity as a live-in son-in-law was just a cover? But what was the purpose of doing so?

He couldn’t figure it out. It really didn’t make any sense!

He still needed to ask for instructions, but that mysterious person had never given him a way to contact him. So now, there was no way out!

He felt wronged and lost! However, Gary Stevens did not know that his master was also seriously injured!

At the same time, in a villa!

“What?!” Carlton Moore was stunned. “Who hurt you like this?”

In his opinion, Yin Tianchou was one of the few experts in the world. There were only a handful of people in the world who could injure him to this extent.

So... Who exactly possessed such an ability?

“Damn it!”

Yin Tianchou gritted his teeth. The blood at the corner of his mouth had yet to be wiped clean. “Oliver Walker, that bastard, is simply...”

“This is too much!”

How dare he be so ruthless to him? Wasn't it just that Yin Tianchou didn't dare to reveal his identity?

Carton Moore said with a serious expression, “I don't think things are that simple. From the government suspecting us to the Black Dragon Sect's large-scale attack, and a series of other things, could they be related?” His suspicion was not without reason.

Although the Holy Light Group, as an overseas company, would definitely be ostracized once it returned to the country, it would not be as ruthless as it was now, where both the black and white sides were ruthless to them!

“Related? Of course they're related! That Oliver Walker is the chaplain that we all know!” Yin Tianchou roared.

“They don't have the same name. They're the same person!”

From the Blood Fiend Squad's encounter with the artillery in California to the series of unforeseen events in the Ocean City, if he still could not confirm Oliver Walker's identity, he would have lived in vain!

“What?”

Carton Moore's expression changed." Doesn't that mean we're going against the entire country?! We...Should we retreat?"

That man? He was the Chaplain!

A man who held up half the sky in this country was no joke. Fighting against an enemy of this level was simply impossible to dream of!

"It's not as exaggerated as you think! I've analyzed it carefully. Oliver Walker shouldn't have such a strong background!"

"What?" Yin Tianchou's expression was extremely ugly." So what if he's the chaplain?! We are in the dark, they are in the light! They won't dare to attack us without solid evidence!"

This was not a joke. After all, they were not representing themselves, but the overseas Chinese forces.

Back then, when the country was in turmoil, many rich people chose to go abroad. Now, some were desolate, but there were also many who had established a new world overseas..

Chapter 808: The Glory Of The Fallen Soldiers

However, these old people all had the thought of returning to their roots.

This was because they lived abroad all year round, they were not sure if they would be treated politely when they returned. Therefore, many people chose to wait and see.

Back then, the Holy Light Group was actually founded by a group of Americans who fled abroad. Moreover, it was very famous all over the world. Therefore, their return this time not only represented the Holy Light Group, but also many rich people who chose to wait and see.

If the Holy Light Group was targeted for no reason, or if their personal safety was threatened, then the government should know how much impact it would have on the overseas tycoons.

“What do you mean?” Carlton Moore suddenly realized.

He had guessed a little, but he was not sure!

“That’s right! This country is currently in a period of rapid development. It’s simply a dream for overseas forces to come back and invest,” Yin Tianchou said coldly.

“That’s why they don’t dare to attack us rashly. Secondly, Oliver Walker, the esteemed teacher of America, is now the boss of the Black Dragon Sect. Don’t you find it strange?”

This was a question he had been thinking about for a long time, and the reason why he had teased Luna Thomas today was to test Oliver Walker’s attitude.

so...

Many things were not as simple as they seemed.

It was all a scheme, but he had made a wrong bet. He did not realize that Oliver Walker was someone who would never suffer a loss!

“You mean that he has overshadowed his master, so there was a disagreement and he had no choice but to retire?”

Carlton Moore analyzed with a solemn tone. His slightly furrowed forehead slowly relaxed. If that was the case, many things could be explained. “That’s right! If nothing unexpected happens, the government should be divided into two factions. In the end, Oliver Walker was forced to retire. However, Oliver Walker was unwilling to give up, so he is prepared to make a comeback again.

“In other words, he wants to use the Black Dragon Sect’s influence to sweep away the underground forces and become the king again! To be the underground king!”

“It’s impossible.” Yin Tianchou continued to analyze, “The reason why they could mobilize the artillery to launch a fierce attack on our Blood Fiend should be because of the previous relationship. After all, his position in the army is irreplaceable!”

Although Yin Tianchou had entered the wrong path, there was still one thing that he didn’t get right.

Not only was Oliver Walker irreplaceable in the American army, but his reputation in the medical field and the business world was also overwhelming. Oliver Walker had long passed the age of pursuing fame and fortune. On the other hand, at the front line of the Indian State, the soldiers who had fallen on the road began to reflect on themselves.

What did the victory in the battle at Indiana have to do with him?

Of course! Moreover, it was an inseparable relationship.

But was it important?

No! It was not important!

Even without Oliver Walker, there were still other talented men who were willing to sacrifice for the country! The ones who truly contributed were the soldiers whose names were never remembered.

What was a hero?

A hero was never alone! Not to mention that he was a hero if he had made contributions!

It was when you had the courage to pick up your weapons and fight back against the enemy. Even if you didn’t kill a single enemy, even if you fell in a pool of blood just after you were armed, you would still be a hero.

However, Oliver Walker, as the leader of the state of Indiana, carried too much glory.

It seemed that the people of this country were also counting the merits of those nameless heroes on his head. Therefore, Oliver Walker became even more cautious.

He never dared to mention the past, but he knew what the soldiers who had fallen on the path of the charge wanted. They wanted the country to last forever and prosper! Therefore, Oliver Walker, bearing their glory, would naturally carry the will of these nameless heroes and continue to move forward.

Their country was now peaceful and there were no enemies.

But was it really peaceful under the golden age?

In fact, he had no other which was why he had chosen a new path!

Chapter 809: Step One

“Chairman Yin, what are you trying to say?”

Carlton Moore knew that Yin Tianchou had never suffered such a big loss in his life. Therefore, with such a ferocious expression, he must have made a big move.

This operation would affect the interests of the entire Blood Fiend.

What if...

What if Blood Fiend suffered a fatal blow like Dark Night?

“I’ve never been so cowardly! I’ve never seen such an expert before, so I’m going to play this game of chess with him!” Yin Tianchou said emotionally. “Tell him who is the true underground king!”

As soon as he finished speaking, he smashed the coffee table in front of him with his palm. However, it was also because of his forceful anger that he injured the blood in his body. The blood that was already flowing in reverse flowed out of the corner of his mouth with a pu sound.

“Tianchou, calm down!”

Carlton Moore quickly walked up and waved his hand, patting Yin Tianchou’s back!

“I can’t calm down!” Yin Tianchou bent over, his eyes filled with killing intent.

“He’s right in front of me now! I have to get him! Get Zeus to retrieve the surveillance footage of the Jinling Hotel immediately. I want him to lose his reputation.”

“I want to take this video to the government and ask for an explanation. If they don’t punish Oliver Walker severely, I will expose this video! Let all the overseas Chinese know what kind of place this country has become!”

Yin Tianchou became more and more excited as he spoke. Even his facial muscles were twitching. “Also, invite all the influential clans in Ocena City to a banquet immediately!”

“I want to end things with the Thomas Corporations now!”

He was crazy! He was really crazy! And he was driven crazy!

In fact, this was exactly what Oliver Walker wanted. Why did he make a move?

Firstly, he really could (In’t hold It In anymore. secondly, ne wanted to force the cunning Yin Tianchou to go crazy .Only when he lost his mind would he reveal more flaws !

There was an old saying in America, “If the heavens want to destroy it, they must first make it crazy!”

It was obvious that Yin Tianchou's state of mind was in chaos!

"Sure. You rest for a while. I'll get started on this matter!"

Carlton Moore frowned. He didn't want to provoke Yin Tianchou anymore. Perhaps Yin Tianchou would realize what was going on after he swallowed his anger. How childish was this idea?

After all, if he tried to persuade her directly, it would only backfire.

He knew Yin Tianchou very well!

The next morning, a piece of news exploded in the business world of the Ocean City.

Basically, all the famous and prestigious families, as well as the emerging forces that had risen in recent years, had received an invitation.

It was from the Holy Light Group!

In an instant, the entire business world was in an uproar!

"This banquet is probably not simple! "

"Nonsense!"

"I reckon that the Holy Light Group and the Thomas Corporation have already reached the point of a life and death battle." "Sigh..."

"Yin Tianchou is forcing us to take sides!"

“What should we do?”

Almost everyone was discussing this matter. Everyone was being extremely cautious.

They naturally knew that the battle between the Holy Light Group and the Thomas Corporation was a fierce battle on a large scale. It was said that in order to suppress the Thomas Corporation, the Holy Light Group had suffered a huge loss of more than five billion in just a week.

The areas of competition included retail, real estate, manufacturing, and so on. Almost all of the businesses under the Thomas Corporation suffered heavy losses.

“Let’s take one step at a time!”

“I have to go to this banquet!”

“We have to see what kind of conditions the Holy Light Group has to offer to rope us in!”

Which one of those who could survive in this circle of top-notch rich people was not an old fox?

Just based on the invitation letter, they could already relate them to the things that would happen following after that.

If Yin Tianchou wanted to ally with them, he would definitely give them some benefits. Therefore, whether or not they wanted to form an alliance to fight against the Thomas Corporation, the overlord of the Ocean City, it would depend on whether the benefits offered by the Holy Light Group were enough..

Chapter 810: Deleted Clips

It could only be said that everyone had their own plans in mind. And there was definitely not a single good person!

At the same time, in the chairman's office of the Holy Light Group!

After all, Yin Tianchou was an expert. After a night of recuperation, his complexion had become much better.

"Chairman Yin, Zeus has replied! The Thomas Corporation has a top hacker who deleted all the surveillance videos in the Jinling Hotel."

Carlton Moore frowned. This was not good news for them.

"Isn't Zeus known as the number one hacker in the world?" Yin Tianchou, who was holding back his anger, roared in embarrassment.

"Doesn't he have the ability to recover deleted videos? Why can't you do such a small thing?"

On the current world's hacker leaderboard, Zeus had always been the number one. Moreover, his strength had also been tested. Therefore, there must be a

reason for this to happen.

"You know who I am," he said in a stiff tone. "But I don't want to argue with you now. How much do you want? Just say it!"

That video would be the key to turning the tables.

So... He was not stingy with money. Wasn't this also Zeus looking for those reasons for greater benefits?

After all, in their line of work, how could they have any conscience?

It was all for the sake of more wealth!

“Dear instructor, this is not about money.”

“It’s because you were a step too late. The other party is an expert. Not only did they delete the surveillance footage, but they also deleted the data of the entire surveillance system. They have all been edited.”

A helpless voice came from the other end of the phone, and it was in Chinese. The person who spoke was Zeus!

“I know you have another way to settle this!” Yin Tianchou frowned.

He did not want to give up!

so...

He asked again!

“Sir, please spare me!”

Zeus didn’t know whether to laugh or cry. “It’s not as simple as you think. Even if there’s a chance, it’s one in a billion. If you want me to recover the original data that was edited by the experts, you might as well pursue immortality. That will be more likely.

“And I have to admit that that person’s skills are not inferior to mine. If my guess is correct, it should be the Internet Surveillance Bureau!”

Actually, the hacker circle was not big to begin with, especially the top hacker circle. There were only a few people.

They often fought with each other! Be it offense or defense!

“I don’t want to hear this nonsense! Isn’t there a one in a billion chance?” Yin Tianchou panicked.

“If you recover, I’ll make you rich and powerful. If you don’t, I’ll f*cking chop you up!”

After he finished speaking, he hung up the phone without giving the other party a chance to refute.

“I’m going to the Seven Stars Gang. Arrange the banquet for me! Remember, personally send an invitation to Luna Thomas. I’d like to see if they dare to come!”

He wanted to set up a trap!

Set up a sure-kill game and trap Oliver Walker!

If he killed the chaplain, he would become the number one mercenary in the mercenary world, and he would be able to wash away the shame of the Dark Night in blood! “Chairman Yin!”

“Tianchou!”

“You...’

Carlton Moore felt that something was wrong, but he could not stop it!

As the First Instructor and his partner for many years, he knew Yin Tianchou’s personality all too well. Once he went mad, he would either soar into the sky or fall into the abyss!

However, the opponent this time was different!

That was the world-renowned chaplain, Oliver Walker!

In terms of qualifications, he was even a level higher than Yin Tianchou.. Oliver Walker was one of the men who truly stood at the top of the world!
