Chapter 811: A Provocation

Thomas Corporation villa complex!

“Mr. Walker, what do you think about this? Is he crazy?” Luna Thomas frowned.

“Does he want to fight us?”

To be honest, she was panicking!

With the man beside her present, she was not so flustered but the feeling of riding a roller coaster was indescribable!

“He is indeed crazy!”

Oliver Walker’s lips curled up slightly. “The show is about to begin!”

Enraged Yin Tianchou? Wasn’t this his goal?

Instead of being passive, it was better to take the initiative to attack. This was the rhythm that he liked!

“But... the strength of our group is declining now. I’m afraid...” Luna Thomas said worriedly.

“I’ll do my best,” Oliver Walker comforted. “Leave the rest to faith.”

There was one more thing that he did not say. The point of victory or defeat in this duel was not the battle between Thomas Corporation and Holy Light Group!

It was whether he could remove Yin Tianchou's mask and destroy him in one fell swoop!

"Miss, someone outside wants to see you!"

At this moment, a bodyguard captain walked in. "He claims to be the general manager of the Holy Light Group. This is his business card!"

Luna Thomas frowned slightly. When she took the gold-plated business card and saw the name on it, she fell into deep thought. It was this Carlton Moore who single-handedly controlled the siege of the Thomas Corporation.

All kinds of improper and even despicable methods caused Thomas Corporation to suffer a huge loss when they were leaderless.

Therefore, she had a deep impression of this name. "Allow him in."

The captain of the bodyguards quickly left. Luna Thomas was getting more and more nervous.

"Why is he here now?"

That's right! They were now competitors, and in various fields, they were evenly matched. Carlton Moore's arrival was truly puzzling.

"What else can I do?"

"To provoke you, of course!!"

Luna Thomas didn't say anything because she thought Oliver Walker was right.

"Ms. Thomas?" Carlton Moore, who was wearing a black suit, asked with a smile under the lead of the bodyguard captain. "Should I call you Ms. Thomas or Mr."

Thomas?”

These words seemed polite, but they were filled with a strong smell of gunpowder.

No matter what Luna Thomas said, she would fall for it!

If Carlton Moore addressed her as Ms. Thomas, it would mean that she had no control over Thomas Corporation. This was a joke for her incompetence.

If she called him Mr. Thomas, it would hurt her heart. After all, her father had been kidnapped and there had been no news of him.

That was why she became the chairman!

Luna Thomas was so angry that she gritted her teeth.

“There doesn’t seem to be much to talk about between us, so I hope we can get straight to the point and not waste each other’s time.”

She did not know how to answer. In fact, when it came to socializing, Luna Thomas was indeed not as good as Emilia.

This was understandable. After all, Luna Thomas had just graduated from school not long ago.

Emilia had been a famous figure in the business world for many years.

“Hahaha... There’s no need to shout. I didn’t want to make you feel uncomfortable anyway.”

Carlton Moore's next sentence almost drove Luna Thomas crazy. Wasn't he clearly saying that she was nothing? It had to be said that this old fox's words were full of traps. It was impossible to guard against them.

And Luna Thomas was indeed too young!

"Since you like to be straightforward, then I won't beat around the bush."

Carlton Moore took out an invitation card from his pocket. He had a harmless smile on his face. "Tonight at eight o'clock, Jinling Hotel. Please do me the honor!"

Jinling Hotel?

Why did he choose the Jinling Hotel as the venue for the banquet?

The banquet was a trap, and it had to be held under a competitor's property. This...

This kind of behavior was thought-provoking!

Chapter 812: You're Invited

"I will be there!"

Luna Thomas's pretty face flashed with anger. She had no choice but to agree. She was not as experienced as Carlton Moore, but she had Oliver Walker's help!

"You must be Oliver Walker?"

Carlton Moore turned around again. "Not bad. He looks young and promising. I admire a man who can rely on his face to make a living."

Such words... Luna Thomas's expression froze. She really wanted to speak up.

But the next moment, strangely, she didn't seem to hate him that much.

Could it be because she liked him? She even hoped that Oliver Walker could live off a woman, but did she have the ability to do so?

In any case, she felt uncomfortable in her heart! That feeling was really very subtle!

"There's no need to be envious because you can't anyways."

Oliver Walker smiled indifferently. "You're not young anymore. You can only do this kind of errand. I'm worried about your future! If you don't do well in the Holy Light Group, don't worry about it. You should come to me."

"I shouldn't be so shabby as to let you run errands!"

His words stunned Carlton Moore. He had wanted to mock Oliver Walker, but he was stumped by his words. He didn't know how to counterattack!

This... It was equivalent to calling him a servant. There was no difference!

He was the global strategic general manager of the world's top 500 Holy Light Group!

"You're welcome! I think it's more realistic to achieve something with your own hands."

"After all, not everyone can live off a woman with a clear conscience," Carlton Moore said after calming down.

“Farewell!”

“Since you’re already here, why don’t you work overtime and pass a message to Yin Tianchou for me?”
Oliver Walker laughed.

“What?” Carlton Moore did not turn around but frowned.

His heart began to tremble! For some reason, this man did not seem to release any aura. However, it made him feel uneasy!

His real identity was a senior manager in the Blood Fiend Mercenary Corps, and he had been working with Yin Tianchou for many years.

He had carried out many life-and-death missions. He had seen many blade lights and blood shadows but why did he have such a feeling now?

It was very strange!

“Autumn is here. Let him wear more clothes!”

Luna Thomas could not understand Oliver Walker’s words at all. This...

What was going on?

It seemed completely irrelevant!

Wear more clothes?

Carlton Moore pondered for a moment. Although he did not understand the meaning of this sentence, he still replied, "I will bring it!"

After he finished speaking, he left.

This was because he realized that he was being suppressed by the other man's intelligence. This was a very terrifying thing.

After all, Oliver Walker played with his intelligence, and his position was similar to that of the First Instructor's military advisor.

At that moment, he didn't understand a single sentence. This was very strange!

"Mr. Walker, what did you mean by that?" Luna Thomas asked curiously after Carlton Moore left.

"I'm just talking nonsense!" Oliver Walker laughed.

Was he really talking nonsense?

Of course not. Only Yin Tianchou would understand the meaning of this sentence! However, he did not want Luna Thomas to know too much. This was not the other side of the world that she should be in contact with.

"This is ridiculous!"

Luna Thomas muttered to herself. Then, she looked at the man's side profile with a complicated gaze.

Her heart was also in turmoil. Her eyes were filled with admiration, dependence, and even some admiration.

She even had the urge to act coquettishly! This kind of thinking was getting

more and more terrifying!

Chapter 813: Uncontrollable Feelings

“Is there something dirty on my face?”

Oliver Walker became puzzled after feeling the gaze.

Luna Thomas’s beautiful face instantly turned red.

This was like having a crush on her idol and being discovered by him. However, she could not pursue this idol! So, to hide her shyness, she could only turn around and leave in a hurry.

“This is ridiculous!” Oliver Walker muttered.

At the same time, George Lee walked in. “Boss, the DNA result is out!” “Is it the same person?” asked Oliver Walker hurriedly.

The act of beating up Sean Martin was naturally not that simple.

He had taken Sean Martin’s blood sample at the Queen’s Var, and the blood sample from yesterday was naturally useful. The purpose was to compare whether Yin Tianchou and Sean Martin were the same person!

“No... ”

George Lee's expression was grave. "The problem isn't as simple as you think but if Yin Tianchou isn't Shawn Martin, then who is it?"

He had thought that he had already obtained the evidence, but at this moment, it was once again confusing!

"Is it Carlton Moore?" Oliver Walker asked with a grave expression. This... It seemed that the truth would not want to surface so quickly!

But how could they not be the same person?

Oliver Walker took a deep breath and stopped talking.

At the same time, Luna Thomas, who was in the bedroom, had changed into a white dress, which accentuated the noble temperament of a wealthy lady.

She sat in front of the dressing table and put on exquisite makeup. However, she quickly threw the eyebrow pencil on the table. "Luna Thomas, what do you have to dress up for?"

"He... He won't like you! But....."

She muttered to herself. For the first time, she felt flustered!

"Luna Thomas! You can't do that. He's here to help you! You have to have a conscience!"

"But I seem to have fallen in love with him!"

At this moment, Luna Thomas's emotions were extremely complicated. She was about to have a split personality.

She knew that she could not love. However, as they interacted for a longer period, it was already difficult for her to extricate herself!

After thinking for a long time, she picked up her phone and dialed a video call. When the video call was connected, Emilia's beautiful face appeared on the screen. She was so nervous that she didn't even dare to look straight at her.

What was even more exaggerated was...

She... she actually felt guilty.

"What's the matter?" Emilia asked, pretending to know nothing.

Her feelings were also complicated.

Even if Oliver Walker and Luna Thomas were really drugged and sent to bed, could nothing have happened? It was unrealistic!

But how could she blame him?

After all, they were framed!

Especially now, Luna Thomas's expression once again confirmed her sixth sense that the two of them definitely had some unspeakable relationship.

So why did Luna Thomas call her?

Was she trying to show something?

It seemed that Luna Thomas was not such a person!

“Sister Emilia, I wanted to invite you over. Maybe you can come and take a look around?”

“You can be here for just a few days.” Luna Thomas pretended to be relaxed.

“You haven’t seen Mr. Walker in a long time, have you?”

In fact, she was not trying to show off. She just knew that her current thoughts were really dangerous. If Emilia was with Oliver Walker, then she wouldn’t think too much about it, right?

After all, Amelia was indeed more outstanding than her.

Money?

Would a peerless man like Oliver Walker be interested in a woman’s money?

Therefore, her identity did not give her any bonus points!

Chapter 814: It’s autumn soon. Wear more clothes

“I will consider it but there’s still some finishing work to be done here in Colorado! But I’ll definitely head over soon!” Emilia answered half-jokingly.

That’s right!

Her husband was so outstanding that it was hard not to love him! However, she had actually left him alone outside. This was her mistake!

Luna Thomas's already nervous heart rose to her throat again. Could it be that Emilia had discovered it?

However, she quickly calmed down and said in the same joking tone, "I'll be waiting for you to visit Ocean City!!

After chatting for a while, the video call ended. However, the two women were extremely sensitive! However, no one could say it out loud!

Emilia had also made her decision. However, she had to go over and take a look at the situation in Ocean City.

Even if Oliver Walker was a gentleman, and even if Luna Thomas knew shame, what if...

She would rather give up her career to stay by her husband's side.

After being married for so many years, this was the first time she felt such a strong sense of danger!

This feeling was terrible!

She also started to lose confidence in herself.

In fact, Luna Thomas was the same. She didn't know if she could suppress the fire of love that was slowly burning in her heart by doing this.

However, she knew that if she didn't do this, she might not be able to hold back and do something that would humiliate her and make her regret it for the rest of her life.

In the underground prison cell of the Seven Stars Gang's headquarters!

Yin Tianchou, who had put on his disguise, turned into SeanMartin. "Did I ask you to capture him so that you could eat and drink well and treat him like your

ancestor?”

When he saw Mark Thomas lying on the bed like a lord, his anger instantly soared. Mark Thomas closed his eyes to rest and couldn't be bothered with him.

He knew very well that as long as he did not hand over the shares, the other party would not be able to do anything to him.

This was also the only amulet!

“Master... I...”

Gary Stevens whose face was flushed red from the slap, also felt wronged. “This old thing is too cunning. If I don't provide him with good food and drinks, he'll commit suicide!”

“And it's not that I haven't tortured him before, it's just that he doesn't fall for

Yin Tianchou took a step forward and stood in front of the cage. His eyes were like a poisonous snake as he sized up the leisurely Mark Thomas. Then, he said, “Do you really think that I can't do anything just because of this?” Mark Thomas was indeed difficult to deal with! But now, he had also become a trapped beast, and there was nothing to fear!

“Ha... If you have a way, just use it.” Mark Thomas smiled indifferently. “I'm a man who can endure pain, so there's no need to threaten me!”

Was he not anxious? How was this possible?

But so what?

“Old thing, your daughter has indeed found a very strong helper! But I have to tell you, if you go against me, you won't have a good ending!”

“My patience is limited,” Yin Tianchou said coldly. “If you don’t give me what I want within three days, don’t blame me for being ruthless!”

As soon as he finished speaking, he turned around and left without hesitation.

The reason was very simple. There was no need to waste words at all.

Moreover, the overall situation that he had set up had gradually taken shape.

Mark Thomas did not express his opinion. He still looked unconcerned.

This was also the only way he could anger his enemies now.

When Yin Tianchou left the Seven Stars Gang’s headquarters and arrived at the Holy Light Group, Carlton Moore also returned. “What did Luna Thomas say?”

Yin Tianchou’s voice was extremely cold.

Tonight’s show was about to start, and the important characters had to be present. Otherwise, they would not be able to sing this show!

“She is nothing but Oliver Walker asked me to bring you a message!” Carlton Moore frowned.

“Speak!” Yin Tianchou’s expression was cold.

He did not take it seriously. It was just some threatening words.

And these people, who would care about a threat that didn’t hurt?

“It’s autumn soon. Wear more clothes!”

However, after Carlton Moore finished speaking, Yin Tianchou’s expression changed drastically. He jumped up from his chair, his eyes filled with indignant anger..

Chapter 815: The Imposter

“Impossible! Impossible!”

“You’re just scaring me!” Yin Tianchou shook his head repeatedly.

“You motherf*cker, you’re just scaring me!”

His emotions were unusually intense. Even his hair became messy because of the violent swaying!

“What does this mean?”

Carlton Moore, who had racked his brains but could not get an answer, finally could not help but ask!

What the hell was this? What autumn? What clothes?

Was this a joke?

But why did Yin Tianchou have such a strong reaction?

“Get out! Get out!”

Yin Tianchou’s eyes were bloodshot as he roared angrily. “I told you to get lost!”

Carlton Moore was stunned. He knew that he had asked something he shouldn't have. This was the most taboo in the mercenary world.

Especially for those in Blood Fiend.

Although they had been partners for many years... Neither of them would truly know each other's background. They only knew each other's personalities.

As for Yin Tianchou, just like his name, everyone was his enemy, even the heavens were no exception.

He had no one to trust! He only believed in himself!

Cold-blooded?

NO!

This was how Yin Tianchou could survive until now!

After all, in this world, any friendship built on money would not be unbreakable! They didn't rebel because they didn't have enough benefits.

"How could you know my identity?"

"Hahaha..."

Yin Tianchou muttered to himself in his office.

The meaning of that sentence was very simple, but most people would not think in that direction.

Oliver Walker's hidden meaning was to remind Yin Tianchou that his identity was about to be exposed.

There was only one way out – to die without a burial place!

After all, the government in this country would not allow him to exist, and his former enemies were also offering bounties everywhere to buy his head. Even on the black net, as long as Sean Martin's mysterious veil was uncovered, he could get a reward of more than 100 million yuan.

His head was priceless!

Once Oliver Walker exposed him, his death would be near. If an ordinary person said such words to him, he would definitely scoff.

But the person who said that was Oliver Walker!

The man is known as the Chaplain of this country! Therefore, it was not to be underestimated!

After a long silence, Sean Martin took out his phone and sent a message made of mysterious characters. Then, he lay down on the chair.

About ten minutes later, a man dressed the same as his disguise appeared silently.

"Have you been exposed?"

That man seemed to be an emotionless machine. Standing there, it was as if he did not fit in with the entire space and time. His entire body was emitting a cold intent!

'Yes, sir!'

"You..." Yin Tianchou's eyes were filled with unwillingness. "After you leave, I will take good care of your family."

This was his substitute, and this secret was something that no one else knew except him.

“When and where?” the substitute asked.

He didn’t say much. He just needed to know the time of death.

Although he didn’t want to die, he had no other choice. Because the moment Sean Martin was exposed, it was his time to die.

All these years, Sean Martin had trained him to be more like himself, even in his speech, behavior, personality, and skills.

“Tonight at 10 O’clock, Jinling Hotel, you will kill someone as Sean Martin!”

As soon as Yin Tianchou finished speaking, he took out a photo and placed it on the table.

When the substitute saw this, he said coldly, “There’s nothing wrong with dying early and getting rid of it early. However, you have to be careful without me in the future.”

“Do you know how you were exposed?”

He should hate Yin Tianchou, the real Sean Martin.

After all, he had been in hiding for so many years, living an inhuman life and never seeing the light of day. He was like a ghost living in the darkness. Death was indeed a form of release.

However, it came too suddenly..

Chapter 816: How Were You Exposed?

“Blood! It should be a DNA comparison!”

“I’m sorry.” Yin Tianchou’s tone was extremely heavy.” During the battle at the Queen’s bar, I deliberately revealed a flaw, so I let Mike scratch the blood bag containing your blood. And yesterday, I vomited blood again!”

“He did it on purpose! He did it on purpose!”

When experts clashed, victory and defeat could be decided in a single thought.

There were traps everywhere!

The substitute frowned. “Forgive me for being blunt. Since that’s the case, there’s no possibility of you being exposed!”

That’s right! The blood was different, so how could it be exposed?

Oliver Walker couldn’t possibly use his blood sample to identify Yin Tianchou as Sean Martin, could he?

It was illogical!

On the contrary, this proved that Yin Tianchou and Sean Martin were two different people!

“No! Only when you die can I truly stay out of this matter!” Yin Tianchou roared angrily.

“Understood? So you must die!”

After he finished speaking, he began to pant heavily.

No one could understand the feeling of confusion, especially Oliver Walker, who was not an ordinary person.

That was the Chaplain!

He was also the only person who had fought with him for so long and had not suffered a loss. On the contrary, he was constantly at a disadvantage, and his life was in danger at any moment. Perhaps Oliver Walker's guard would only be relaxed if Shawn Martin was dead.

"As you wish!

The substitute's reply was very cold, and he quickly disappeared from the office.

To him, he was going to die anyway, so it didn't matter when he died. However, how they died was the most important thing.

He had been practicing martial arts since he was young, and he had gone astray, causing his injuries to become more serious. A person like him might seem strong and fierce, but in reality... he was extremely fragile. He wouldn't live long!

The organs in his body had become riddled with injuries because of the overload. He might as well leave behind an inexhaustible amount of wealth for his family before he died.

Suspicion?

That would not be the case. Although Yin Tianchou was despicable to the point of using unscrupulous means, there was no need to doubt him in this aspect.

After the substitute left, Yin Tianchou lay on the chair tiredly. His expression was dull, and no one knew what he was thinking.

At the same time, in the Thomas villa complex!

Oliver Walker sat on the sofa for the whole afternoon. Could it be that Sean Martin and Yin Tianchou not be the same person?

Carlton Moore?

No!

He was too weak, so he couldn't be Shawn Martin's!

Oliver Walker took a deep breath. Things were getting more and more complicated. Soon, Freddy Martin walked in. "Mr. Walker, you were looking for

His feelings were complicated! This was because he could not figure out Oliver Walker's intentions.

With his skills, dealing with the Seven Stars Gang was a piece of cake. But why did he let Gary Stevens go yesterday? However, he knew that he could not ask any questions that he should not ask! "Yes!"

Oliver Walker nodded and said, "Attack the Queen's Bar after the banquet begins. In other words, from tonight onwards, I want you to take over the Seven Stars gang's business."

Freddy Martin took a deep breath and frowned. Taking the initiative to attack the Seven Stars Gang? "Is there a problem?"

knew what Freddy Martin was worried about, but he had to do something.

The reason why he chose to raid Emperor Nightclub at the beginning of the banquet was to test Sean Martin's reaction.

If Yin Tianchou was Seann Martin, then he would not be able to care about the Seven Stars Gang since he was in the Jinling Hotel. Without Sean Martin's help, the Seven Stars gang would not be a match for Mike and Aiden no matter how good their weapons were.

A storm was coming!

It would be a lie to say that he wasn't nervous! But more than that, he was looking forward to it....

Chapter 817: Our Brother's Lives Are Important Too!

Freddy Martin braced himself and said, "I..." I will definitely complete the mission!"

Actually, he had a bad feeling. It seemed...

Although Oliver Walker was not that cold-blooded, he still didn't treat Freddy Martin as his trusted aide. But this was normal!

After all, he had surrendered, so he definitely wouldn't be treated as one of them!

"Mike and Aiden will follow you! Go!"

Oliver Walker naturally knew what Freddy Martin was worried about. Without

Mike and Aiden, the Black Dragon Sect would indeed not be a match for the Seven Stars Gang. He had never treated the Black Dragon Sect as one of his own, but at least he still needed it now.

At the very least, it would be useful for a long time in the future.

If possible, he wanted to cultivate the Black Dragon Sect into a first-class underground force, the kind that could even be compared to the Blood Fiend Mercenary Group.

Let's see if Freddy Martin has the ability!

"Mr. Walker, I... still have something to say, but I don't know if I should say it!"

Freddy Martin took a deep breath. He was under a lot of pressure, and the more he thought about it, the more he felt that something was wrong. Especially that breath, which he held in his heart, made him feel even worse.

"Speak! You can tell me directly if you have any doubts," Oliver Walker replied calmly. "But I don't want you to bargain with me when we're on a mission!"

Freddy Martin's mission didn't seem that important. However, sometimes, an unremarkable chess piece could influence the overall victory. He naturally had his reasons for making such arrangements.

Once Freddy Martin's execution ability was greatly reduced, it would affect the next step of the plan.

The reason why Mike and Aiden followed was not only because of the Black Dragon Sect's strength, but also to supervise the Black Dragon Sect!

To prevent them from causing trouble!

"Alright... Then I'll say it!"

Freddy Martin frowned. He took a deep breath. "The Black Dragon Sect is indeed not as powerful as your generals. I know you've never been interested in us, a motley crew but our brothers are working for you!

"Of course, we are people who have surrendered. We are indeed not worthy of your attention, but..."

could hear the resentment in Freddy Martin's heart. He said, "I know you don't like it, but if you want to be my brother, you have to pay the price!"

The members of the Black Dragon Sect were wild and untamed. If he took them in, it would lead to serious consequences.

Moreover, he had deliberately maintained a distance between them.

They were a group of bandits. Although he never mentioned his identity, he represented the government after all. How was he going to explain to the people who had been bullied by these bandits?

This was work!

He had chosen a path that ordinary people did not understand, and it was also a path that no one had walked before. Naturally, he had to treat his words and actions seriously!

Even now, he was treading on thin ice, afraid of letting down the American people's worship of heroes.

"Haven't we paid enough? We suffered heavy casualties in yesterday's battle!" Freddy Martin shouted emotionally.

"As brothers, as long as I have agreed to work for you, I don't mind giving you my life. But you?"

"Not a single word. This will chill the hearts of our brothers! We are also people with emotions, not cold-blooded machines!"

After the passionate speech, Oliver Walker fell into deep thought. All along, he had indeed treated the Black Dragon Sect as a tool to eliminate the underground forces in this country.

What was wrong with that? If there was anything wrong with it, it would be that it lacked human feelings!

“Mr. Walker, these are all my heartfelt words!”

Realizing that Oliver Walker might be angry, Freddy Martin quickly knelt on the ground and lowered his head. “It has nothing to do with our brothers. If you want to deal with it, deal with me!”

He knew that his words would anger someone! It might even lead to death, but people had to fight for what they had to fight for!

Chapter 818: Cold Blooded Liar

“Does everyone in the Black Dragon Sect think I’m a cold-blooded animal?” Oliver Walker’s expression changed, and his heart was indeed shaken.

“Yes, sir! The people below are filled with resentment!”

“If this continues, the cohesiveness will be broken,” Freddy Martin said with an ugly expression.

“Forget about going out there and taking over another party’s territory. We don’t even know if there will be any of us still alive by then!”

Since some words were said, they definitely wouldn’t come out of nowhere! The problem was indeed serious!

There were so many casualties in the battle yesterday, but Oliver Walker did not express his stance or even show up. If they were to rob the Seven Stars gang tonight, wouldn’t they be sending themselves to their deaths?

After all, the main business of the Seven Stars Gang was smuggling..

The equipment that the other party has was much better than their standard machetes. How could he not have any complaints?

“Get up!”

tone was not angry, but calm. He walked on the edge of ice and fire, black and white. It was naturally difficult to grasp the balance.

“Tell them that dignity is earned by themselves! If they want dignity, I can let Mike and Aiden take in disciples and give them special training, but if they can’t persist, why should I look up to them?”

Although the Black Dragon Sect still had a lot of shady businesses, most of them were not too harmful to the common people.

Therefore, after thinking about it, he had to change his strategy!

“Sure!”

“I know my brothers very well,” said Freddy Martin. “None of them are cowards! If we can come back alive from this battle, I hope Mr. Walker can fulfill his promise!”

He naturally knew that dignity had to be fought for. That was why he had risked his life to say those words!

“Do you know what dignity is?” Oliver Walker asked.

“Getting the treatment you deserve is dignity!” Freddy Martin frowned.

“We can’t just risk our lives if you don’t care for us!”

He realized that Oliver Walker wasn’t that cold-blooded.

At least, they were able to talk smoothly. If it were Sean Martin, he would have turned into a cold corpse the moment he said those words.

“That’s right!”

Oliver Walker stood up and said, “But you better remember this. Dignity is not to be respected by your own people, but to make your enemies tremble in fear!

This is the dignity of a man!”

Freddy Martin frowned slightly. “Thank you for your advice, Mr. Walker. I’ll tell them about this!”

“I’ll head out and get them prepared!”

Oliver Walker nodded. After Freddy Martin left, George Lee walked in again. “Boss, everything is ready!”

“The brothers in charge of the security of the Jinling Hotel were all carefully selected by me.”

“In addition, we didn’t notice that the Holy Light Group had a large-scale mobilization of personnel. Yin Tianchou only brought a few bodyguards with him!

This was the strangest part. Logically speaking, if Yin Tianchou was to deploy a big plan, there would definitely be people mobilized.

With only a few bodyguards, how could they control the entire scene?

“Alright. Get ready for the banquet,” Oliver Walker said with a frown. “I want to see what he wants!”

This matter was definitely unusual, but he could not figure out what was wrong. However, he believed that these brothers had gone through life and death with him in Arizona. As long as he was fully prepared, he would definitely be able to control the situation.

After George Lee went down to prepare, Oliver Walker and Luna Thomas got into the car and headed to the Jinling Hotel.

The night breeze was a little cold! Tonight, it was destined not to be peaceful!

It was another somber night!

At the same time, a group of Black Dragon Sect members had already gathered in the Thomas villa area. However, they no longer had the drive they had when they first came to Ocean City.

Instead, their eyes were filled with dissatisfaction!

Chapter 819: Why Should We Listen To him?!

“Damn it, I can’t do this anymore!”

“What’s going on?” Liang Hao, one of the Eight Great Guardian Warriors of the

Black Dragon Sect, roared angrily. “What are we doing?”

“They’re asking us to get ourselves killed!”

And this complaint was like a fuse that completely aroused everyone’s dissatisfaction!

“Clang! ” “Bang... ”

“I quit too!”

“Mr. Martin is satisfied now. He won’t care about our lives anymore.”

“Brother Hao, lead the way! No matter what the consequences are, we don’t have to suffer such humiliation under Oliver Walker!”

“So many of our brothers have died. Has he ever said anything to comfort us?”

In an instant, more than a thousand Black Dragon Sect elites, at least three to four hundred of them, threw their standard machetes on the ground.

They really couldn’t take it anymore!

“What are you doing? What do you think you’re doing?!”

“What’s going on?” Liang Hao, one of the Eight Great Guardian Warriors of the

Black Dragon Sect, roared angrily. “What are we doing?”

“What are you doing? What do you think you’re doing?!”

At this moment, Freddy Martin appeared in front of everyone in a white suit.

His tone was extremely cold! His sharp gaze swept across the entire arena!

Soon, that dissatisfied voice was suppressed. However, it was only a suppression, not a real solution.

After all, Freddy Martin was the soul of the Black Dragon Sect. He still had this bit of prestige!

“Mr. Martin! I don’t understand. Why would I work for such a person?” Liang Hao said angrily.

“I know that you are threatened, but our brothers would rather die on the way than accept this kind of compromise! Although our Black Dragon Sect can’t compare to the Seven Stars Gang, we still have five thousand core members.”

“What does Oliver Walker have? Isn’t it just a dozen people?”

“I don’t believe that they alone can take on 500 of us!”

That was indeed the case. They also knew that Oliver Walker’s subordinates were all extraordinary. He would just accept it if he risked his life.

After all, strength reigned supreme in the underworld.

They acknowledged Oliver Walker’s strength and were willing to submit to him. However, submitting didn’t mean that he would be used to dying and not get any decent treatment.

The Black Dragon Sect elites present also revealed extreme anger in their eyes! Obviously, they agreed with Liang Hao’s words!

It was also because Freddy Martin realized that he could no longer take care of his brothers that he risked his life to say those words in front of Oliver Walker!

“All of you, listen up! Mr. Walker said that dignity is earned by oneself! If you want him to think highly of you, you have to show him the strength he thinks highly of!”

Freddy Martin shouted, “It’s useless for you to shout at me. When our strength can make the enemy tremble in fear, Mr. Walker will naturally take us to heart!”

“Motherf*cker, all of you are causing trouble for me all day long!” “What’s wrong?” He kicked Liang Hao’s butt.” You’re not convinced?”

“If you’re not convinced, take out your weapons and take down Queen’s Bar. Let the Seven Stars gang know that we’re not to be trifled with!”

“Let Mr. Walker know that our Black Dragon Sect is not a bunch of motley crew who only know how to complain!”

In an instant, the entire place fell silent!

The fury in the eyes of the Black Dragon Sect members turned into fighting spirit. Why have they chosen this dark path?

Wasn't it because of their prestige? Wasn't it because they wanted everyone to look up to them?

“What are you waiting for? Take your weapons and get in the car!”

Freddy Martin glared at Liang Hao and got into a Mercedes-Benz. He couldn't take this lying down.

After all, in the underworld, they were also of the same generation. Wasn't he more aggrieved than his subordinates?

“Motherf*cker!”

“Grab your weapons and f*ck the Seven Stars Gang!”

Liang Hao roared with bloodshot eyes. He waved his arms and waved his machete, signaling his men to get into the car.

“Kill them!”

“KILL KILL!”

“Revenge for our dead brothers!”

Chapter 820: Gunshots

Perhaps the Black Dragon Sect was indeed a motley crew. However, once an ordinary person was angered, they would also have the courage to be invincible.

Their blood was aroused. They did not want to be looked down upon by anyone!

In the night, a convoy of more than 600 cars drove on the road with a heart full of grievance and anger.

At the same time, at the headquarters of the Seven Stars Gang!

“Faction Leader, something bad has happened!”

“Freddy Martin has gone crazy. He’s leading more than a thousand people and charging towards the Queen’s bar!”

The person who spoke was called He Yong. He was the deputy leader of the

Seven Stars Gang and also the person in charge of intelligence. As for the Black Dragon Sect’s large-scale invasion of the Ocean City, he would naturally pay attention to it.

“Motherf*cker!”

“Gather our brothers immediately and provide support! Since he wants to die, then I’ll take him in on behalf of King Yama!”

“This bunch of Colorado country bumpkins! The East Ocean is mine. No one can touch it!”

Gary Stevens roared angrily. He had just paid 100 million yuan as compensation yesterday. This was like cutting a piece of meat from his heart!

Queen's Bar was an important nightclub for the Seven Stars Gang.

It contained many businesses. Other than the huge expenses, it could bring him at least 300 to 400 million in net income a year!

Most importantly, the Queen's Bar was the hub of many of the Seven Stars gang's shady businesses. It was also the place with the highest defense.

That was why he was jealous.

The reason why Oliver Walker chose the Queen's Bar as his first attack location was naturally to deal a heavy blow to the Seven Stars gang's morale and economy.

At the Queen's Bar

When Freddy Martin got out of the car, he stood in the bleak autumn wind and lit a cigarette. He looked at the flashing neon sign and said in a deep voice, "Kill!

The Queen's Bar, which had received the news long ago, had also cleared out all the customers and began to wait for orders.

"Kill!

In an instant, a team of more than 20 people carried the prepared wood and slammed it against the door.

'Bang...' 'Boom!'

'Rumble..

When the tightly shut door was pushed open, Liang Hao, who had been waiting for a long time, also raised his machete and led more than 1,000 people to attack.

"Da da da..."

But very quickly, a gunshot came from inside!

The first batch of people who rushed in fell into a pool of blood.

"Come back! Get back here! There's a shooter inside!"

Freddy Martin's expression changed drastically. He hurriedly waved his hand and shouted. These were all people who had fought with him in the martial arts world. They had a life-and-death friendship.

How could he not feel heartache?

The Black Dragon Sect also stopped attacking. Freddy Martin quickly said, "Brothers, it's up to you!"

That's right!

They couldn't deal with such a situation!

so...

The main character still had to appear!

"Watch and learn!"

Mike said proudly. "I said that you guys are a motley crew, and you're f*cking throwing a tantrum! In my eyes, you are all trash with heads!"

It was normal for him to look down on the people of the Black Dragon Sect.

After all, there had been conflicts before. In addition, it was also due to his strength, and he was fighting for justice for Oliver Walker!

Aiden, on the other hand, didn't say much. He took out a black dagger and rushed into the hall of Queen's Bar.

Following closely behind, Mike did the same.

"Damn it, they are so arrogant!"

"Let's see the situation first!"

"What's there to see? The more arrogant a person is, the more miserable their death will be!"

The Black Dragon Sect elites who had suffered heavy losses were filled with indignation.

"Da da da..."

As expected, gunshots came from inside again.

However, what the elites of the Black Dragon Sect did not know was that when Mike and Aiden went in, they would simply kill indiscriminately. Their rich combat experience allowed them to know where the Seven Stars Gang's shooters were hiding just by listening to their voices..
