

## **Chaplain 821**

### Chapter 821: The Queen 's Bar Under Attack

“Boss, these two people seem to have three heads and six arms. We can't hit them!”

“Why isn't the reinforcement here yet?”

“F\*ck, are they demons?”

Seeing their men dying under Mike and Aiden's daggers, the gunmen began to panic.

There were more than 500 people in the Queen's Bar. Coupled with the advantage of firearms, they had never put the Black Dragon Sect in their eyes. However, the current situation was truly frightening!

“We still have to fight. We have to persist until the reinforcements arrive...”

However, before the person called boss could finish speaking, he felt blood seeping out of his throat and revealed a painful expression.

In less than two seconds, his body twitched a few times and he fell to the ground.

“What a pity!”

Mike smiled contemptuously.

After Mike and Aiden took care of the gunmen hiding in the dark, the gunshots were also banned!

“Damn it!” “Are they dead, or are those bastards from the Seven Stars Gang dead?”

“I don’t know!”

The Black Dragon Sect elites voiced their doubts!

Anyway, the gunshots were gone. Either Mike and Aiden were dead, or the shooters of the Seven Stars Gang were all wiped out.

But how long had it been!

In less than two minutes!

“They won’t die as easily as you think!”

“It must be the Seven Stars Gang’s shooter who’s dead!”

Freddy Martin knew their strength.

“Then charge with me!”

No matter who died, they had to charge forward. In addition, because his subordinates were emotionally unstable, Freddy Martin personally took the lead this time!

“Protect Mr. Martin!”

Seeing this, Liang Hao hurriedly rushed forward. The morale of the Black Dragon Sect also rose. “Mr. Martin!” “Let us charge!” “Mr. Martin!”

“You can leave first!”

For a moment, everyone was moved. After all, Freddy Martin was of the ‘Lord’ generation! “I’m not as weak as you think!”

“Do it!”

“Fight to the death!”

“Don’t let others laugh at us Black Dragon Sect for being cowards!”

Freddy Martin’s heart was already filled with anger. In addition, he wanted to stabilize the people’s hearts. Secondly, the Queen’s Bar was a venue that he had to take down, so he could not retreat.

Instead, he pushed away Liang Hao who was blocking in front of him and took the lead to charge in.

“Kill them!”

More than 1,000 Black Dragon Sect elites were completely enraged!

All of them rushed into the nightclub as if they did not care about their lives!

“Brothers, kill these bumpkins from the Black Dragon Sect!”

“Kill!”

At the same time, the 500 members of the Seven Stars Gang who were guarding the scene also pulled out their machetes after the guns were all wiped out. They charged at the enemies who were three times their number.

“Clang, clang...”

“Rumble...”

In an instant, more than 2,000 people brandished their machetes and fought.

The scene was filled with swords and sabers, and people kept falling into pools of blood. In a short while, the air was filled with the thick smell of blood.

The chaotic battle continued, becoming more and more brutal!

However, the Black Dragon Sect had a large number of people, and their Sect Master was personally leading them. Naturally, they had the absolute upper hand.

As for the members of the Seven Stars Gang, they were completely forced to accept the challenge because if they did not fight, they would be killed!

At the same time, there were already many cars parked in front of the Jinling Hotel! This place was booked by the Holy Light Group.. Those who could enter were all big shots in the entire Ocean City!

Chapter 822: What Was Actually happening?

“Miss Luna Thomas is here!”

When Luna Thomas appeared in the hotel banquet hall, it instantly caused an uproar.

After all, wasn't it puzzling enough that Luna Thomas, the owner of Thomas Corporation, appeared at the banquet of the Holy Light Group?

However, what was puzzling was that this banquet was held in the Jinling Hotel owned by Thomas Corporation. It was already full of gunpowder.

He really didn't know what Luna Thomas and Yin Tianchou were up to.

Before things became clear, no one dared to greet Luna Thomas. They all chose to stay away from her.

They were even whispering...

"Will there be any danger tonight?"

"Old Wang, don't scare me!"

"Don't talk nonsense. You're creating a tense atmosphere!"

Everyone was afraid!

One was the overlord of Ocean City, and the other was an overseas king. No matter who it was, they could not afford to offend them!

"The atmosphere is a little strange!"

Luna Thomas looked at the group of merchants who were keeping a respectful distance from her and asked in puzzlement.

Logically speaking, she was the head of Thomas Corporation. Shouldn't these people come and talk to her?

Why were their expressions so cold? Something was wrong! Something was really wrong!

“Can the atmosphere be normal on such an occasion?”

Oliver Walker smiled indifferently. Such a reaction was completely within his expectations. After all, it was a trap that Yin Tianchou had meticulously set up. “Could it be that they have all been roped in?”

Luna Thomas frowned slightly, and her heart instantly sank to the bottom.

If that was the case, didn't it mean that the Holy Light Group had already taken control of Ocean City and was about to launch a siege on the Thomas Corporation? As a result, Thomas Company's situation would only be worse. “The Holy Light Group doesn't have such great ability!”

Oliver Walker replied calmly. He naturally knew some of the situation. Moreover, no matter how one looked at it, the Holy Light Group couldn't dominate Ocean City.

“Then what's going on?”

Luna Thomas was a little flustered. After all, this was a matter of great importance. She didn't dare to be careless.

“They're all observing the situation,” Oliver Walker explained carefully. “They won't decide before the results are out.”

Luna Thomas was enlightened.

That's right! To be able to be invited here, were any one of them ordinary people?

Before the situation was clear, whether they chose to stand on the side of the Holy Light Group or the Thomas Corporation, it was possible that she would be killed.

“You don't have to panic! Don't worry, with me around, he can't do anything to you!”

Oliver Walker added, "The Thomas Corporation has been rooted Ocean City for many years. It has its advantages. Among the people present, I'm afraid many have cooperated with your corporation.

The Holy Light Group was indeed wealthy and was indeed among the top 500 in the world. However, there was a saying that a strong dragon could not suppress a local snake. Moreover, now that he had his eyes on Yin Tianchou, his days were destined to be difficult.

Don't look at how menacing it was, when it was time to leave, it would also be in a sorry state.

Luna Thomas took a deep breath and adjusted her breathing.

To be honest, she was very confused! Was she just supposed to sit here? Wasn't it incompatible with the entire space?

From time to time, she would be stared at with strange eyes. She had just entered the business world, so she didn't know enough about these things.

It was also very difficult to control! However, she believed that the man beside her would give her the best solution.

"Stop with stillness!"

Oliver Walker raised his glass and smiled. "Don't look at anyone. Just pretend that is wrong."

Under such circumstances, the more humble they were to rope in, the more those who were wavering and waiting to take sides would be more determined to side with the Holy Light Group.

This was a psychological game, and Yin Tianchou hadn't come out until now because he wanted Luna Thomas to panic, right? On the contrary, not saying anything would only make these fence-sitters think that he was confident and fearless.

“Alright.”

Luna Thomas raised her glass of red wine and took a sip.

At the same time, Yin Tianchou, who was at the back of the banquet hall, had seen everything. “This Oliver Walker is indeed tricky.. He didn’t fall for it!”

Chapter 823: Confused Audience

As Oliver Walker had said, Yin Tianchou didn’t appear because he wanted Luna Thomas to panic. He did not expect that Oliver Walker had thought of everything he could think of.

In fact, the Holy Light Group was indeed wealthy, but they couldn’t compete with the entire business world in Ocean City.

In a short time, there was indeed no way to make these people side with the Holy Light Group.

Use force? It was impossible!

Now that he had been targeted, if he used these methods again, he would inevitably leave a flaw. As long as there was a flaw, it would be magnified into a fatal weakness.

If Luna Thomas went to curry favor with these people, the concept would be different. They would think that Luna Thomas couldn’t hold on anymore. Otherwise, as the head of Thomas Corporation, she wouldn’t have to curry favor with them.

“Chairman Yin, what exactly do you want?”

“The Queen’s bar?” Carlton Moore frowned. “According to the information I received, the Black Dragon Sect has already taken down the Queen’s Bar.”

“Although the reinforcements of the Seven Stars Gang have arrived at the scene and the fierce battle is continuing, but... The opponent has an expert. The situation is not optimistic!”

The Seven Stars Gang and the Black Dragon Sect had reversed their positions of attack and defense. Moreover, with Aiden and Mike’s strength, even if they swept through the Seven Stars gang, it would not be a problem.

He didn’t know why Yin Tianchou didn’t react at all.

“Seven Stars Gang?”

“They’re just a bunch of dogs!”

“Oliver Walker wants to force us to take action. Don’t you think this is a trap?” Yin Tianchou smiled coldly.

Would he put the Seven Stars Gang in his eyes?

Of course not! There were actually only two reasons for taking in the Seven Stars Gang.

Firstly, he needed a group of vicious dogs to do things for him. Secondly, it was to distract Oliver Walker.

Therefore, even if the Seven Stars gang was wiped out, he would not take it seriously, let alone the failure of the Queen’s Bar.

“But dragging it out like this isn’t a solution, right?”

Carlton Moore was anxious. He had no idea what Yin Tianchou was up to.

What was the meaning of doing so?

Holding a banquet at the Jinling Hotel was an attack on the Thomas Corporation. If they let it go, how would the business world of Ocean City look at them?"

So how could he not be anxious?

"It's time to go out and meet him!"

Yin Tianchou's expression suddenly turned sharp. He then stood up and boarded the elevator. It had to be said that Oliver Walker's stillness had indeed restricted his plan to a large extent.

But so what? He would still be the biggest winner!

"Chairman Yin is here too!"

"He's so young!"

"Yeah, I can't accept it!"

When Yin Tianchou appeared in the banquet hall, there was another wave of whispers. However, just like Luna Thomas, no one came forward to welcome him.

Now, the banquet hall was completely divided into three factions.

One was Yin Tianchou, who was attacking first! The second was Luna Thomas, who was forced to accept the challenge! The third faction consisted of the wealthy and powerful people in the business world of Ocean City.

Although everyone had a smile on their faces, the banquet was silent. This was the strangest part.

Of course, Oliver Walker and Luna Thomas also saw Yin Tianchou's appearance.

"Don't turn your head deliberately," Oliver Walker reminded with a smile.

"Don't bother about him!"

Luna Thomas nodded. She was at a loss now, so she could only listen to the man beside her.

In the next moment, Yin Tianchou walked forward with a harmless smile.

"Is he looking for Luna Thomas?"

"Looking at this direction, it shouldn't be wrong!"

"Yes!"

"The good show is about to begin!"

Everyone present stared at Yin Tianchou. After all, he was only heading toward Luna Thomas and Oliver Walker. If he wasn't going to look for them, could it be that he was going to talk to the air?

The dignitaries of Ocean City held their breaths and waited for the show to

begin!

Chapter 824: Who Is the Chairman?

“Hello, Ms. Thomas! I didn’t expect you to take the initiative to attend the banquet hosted by our Holy Light Group. Is there something you want to discuss with me?” Yin Tianchou said mockingly.

Everyone heard him.

Luna Thomas came to the Holy Light Group’s banquet of her own accord.

What was the meaning of this? Could it be that she wanted to give in?

With just one sentence, it had aroused the curiosity of all the nobles present. It also made everyone think that the Thomas Corporation was indeed not worthy of fighting against the world’s top 500 Holy Light Group.

“You...”

Luna Thomas gritted her teeth. Carlton Moore was the one who invited her. If she didn’t come, wouldn’t she be guilty?

From Yin Tianchou’s words, it was Luna Thomas who had taken the initiative.

However, before she could finish, Yin Tianchou interrupted her. “I know that Thomas Corporation has suffered a lot of losses recently. In the manufacturing, service, retail, and even the real estate industry that you are proud of, its performance has also suffered a cliff-like decline but this is the business world!

“As the saying goes, a mountain cannot accommodate two tigers. The market in Ocean City is so small that it is completely unable to satisfy our two giant corporations.”

These words were said very casually.

But...

It was also in the understatement that he outlined the situation of the Holy Light Group suppressing the Thomas Corporation in every aspect. Since the first plan had failed, he didn't expect those cunning Ocean City merchants to take sides.

However, he had to let them know that Thomas Corporation had suffered a huge loss. It was not enough to withstand the Holy Light Group's strong attack, and it was not worth taking sides!

"Nonsense!"

After all, Luna Thomas was still inexperienced. Although there were also schemes amongst kids, it was nothing compared to the business world, which was like a battlefield without smoke.

She did not realize that Yin Tianchou's words were to make her anxious. The more anxious she was, the more it proved that he was right.

It could be said that...

This was all a trap!

"Hahaha... Miss Luna Thomas, don't be anxious."

"Everyone is watching. It's good for everyone to be more dignified," Yin Tianchou said with ease.

These words provoked Luna Thomas even more! It was Yin Tianchou who was shameless at first, but now he was criticizing her?

"The Thomas Corporation is not that fragile!" he said angrily. "If you want to fight, I'll fight with you to the end!"

Everyone was looking at the scene before them.

Luna Thomas's words were undoubtedly a waste of money! Didn't this mean that Yin Tianchou was telling the truth? In their hearts, they also gradually began to tend to side with him.

If he could force them to make a decision easily with just a few words, these were shrewd old foxes. Therefore, they were still paying close attention to the development of the matter.

"I understand, I understand!"

"Could it be that Miss Luna Thomas came to our banquet just to say something

harsh?" Yin Tianchou laughed mockingly.

Luna Thomas was dumbfounded! She realized that something was wrong! Furthermore, Yin Tianchou was clearly trying to make her angry.

In terms of aura, he crushed her.

What should she do now? Helplessly, she turned around and looked at Oliver Walker. She was no match for Yin Tianchou. If she continued, she would probably sink deeper and deeper.

Of course, this pleading look was also under everyone's gaze.

This... Luna Thomas was clearly at a disadvantage!

Compared to Yin Tianchou, these two were not on the same level at all.

"Hahaha..."

“What?” Yin Tianchou chuckled.

“Miss Luna Thomas, do you still need to ask him? Who is the chairman of the Thomas Corporation? Bringing a pretty boy in here on such an occasion, isn’t it insulting to us?”

Chapter 825: Jinling Hotel of all places

It could be said that Yin Tianchou had carefully considered every step of the plan.

Luna Thomas, who was originally innocent, was no match for him. In such a hurry, she lost her composure. She fell into the abyss step by step. Were the people present today important? Of course, they were.

After all, no corporation did not have a partner.

Whether it was the Thomas Corporation, the overlord of the East China Sea, or the Holy Light Group, the world’s top 500, they all needed a supplier or a shipping company.

Whoever could obtain the support of these dignitaries would have the ability to ban the other party in all aspects. Therefore, the attitude of these people became the key to the competition.

Without a doubt, Yin Tianchou had the absolute upper hand in this round of confrontation!

However, he should never have taken the initiative to burn the flames of war on Oliver Walker’s head.

“You’re shameless!”

Luna Thomas’s pretty face was filled with anger. She instantly stood up and said, “There’s nothing between us. If you spout any more nonsense, I’ll sue you for slander!”

She had to admit that she had fallen in love with Oliver Walker. However, her mentality was not twisted yet. She would not be shameless enough to touch her best friend's husband. This was also the reason why she was angry.

"Tsk tsk tsk..."

"What?" Yin Tianchou's lips curled into a mocking smile. "Since he's not your pretty boy, why are you eating and living under the same roof?"

"According to what I know, you guys..."

Zeus indeed did not restore the surveillance footage of Yin Tianchou being beaten up in the hotel.

But... they managed to hack into the Thomas Corporation villa complex's network system.

Besides, Silver Fox could hack into the network system of Thomas Company's villa area and grab Richard Thomas's criminal surveillance footage.

Zeus, who was known as the world's number one hacker, could naturally crack it easily.

This was the problem. Yin Tianchou also found out that Luna Thomas and Oliver Walker lived in the same villa.

'You...'

Luna Thomas's pretty face instantly turned red. She gritted her teeth, not knowing how to retaliate. After all, everyone knew that Oliver Walker had a wife. If she couldn't give a reasonable explanation, the scandal would only continue to escalate.

Wouldn't that make Emilia even angrier?

All of this was within Yin Tianchou's calculations.

This was a trap. It all depended on whether Luna Thomas would fall for it.

"Mr. Walker is here to protect me. Naturally, we have to live in the same villa," Luna Thomas said.

"After all, my father was just kidnapped by some people with ulterior motives. His whereabouts are still unknown. That's why I can't let anything happen to me and let those kidnappers take advantage of me!"

It could be said that these words were extremely targeted.

Many people could guess who kidnapped Mark Thomas. Otherwise, how could there be so many coincidences?

Mark Thomas had just gone missing, and Holy Light Group had launched a full-scale attack.

"Haha... Miss Luna Thomas, what you said makes sense!"

Yin Tianchou's lips curled up slightly. Everything was going according to his plan. "However, my banquet is to entertain the business world of the Ocean City. He is merely a bodyguard but he managed to snuck in here?" "Is Miss Luna Thomas so unconfident in the security of her hotel?"

Such a sudden change in tone left Luna Thomas completely speechless!

This sentence had a double meaning, which made the rich merchants of Ocean City present imagine.

'You've said so much just to flatter yourself!'

Oliver Walker put down his glass and said indifferently, "You put the Holy Light Group's banquet at the Jinling Hotel under Thomas Corporation because the Holy Light Group's business is insufficient? or is it because you trust the security system of the Jinling Hotel more?"

Such a question made everyone present react in an instant, especially Yin Tianchou.

He had just boasted that he had crushed the Thomas Corporation in all aspects, but wasn't it the biggest slap in the face to hold the banquet at the Jinling Hotel under Thomas Corporation?

Chapter 826: Oliver Walker, the Shareholder of Thomas Corporation

Luna Thomas suddenly came to her senses, and her beautiful eyes were filled with admiration!

That's right! Why didn't she think of that?

She was just being led by the nose!

It was not embarrassing that she could not defeat Yin Tianchou.

After all, he was a man who had escaped twice from Oliver Walker. How could she possibly be able to handle this man on her own?

Moreover, Yin Tianchou was Sean Martin, the number one instructor of the Blood Fiend Mercenary Group. To be able to take charge of the Holy Light Group and teach mercenary kings like Mike and Aiden, wasn't that a manifestation of strength?

The situation at the scene had also undergone a slight reversal!

After all, Oliver Walker's words reminded them that if Yin Tianchou was capable, why would he set the banquet venue at the Jinling Hotel?

This was strange!

In other words, Holy Light Group did not completely crush the Thomas Corporation. However, this was only reasonable. There was no doubt that the Holy Light Group had strong financial resources.

But... Under Thomas Corporation's management, they had long taken root in Ocean City. It was even deeply rooted. How could it be so easy to deal with?

For a moment, everyone looked at Yin Tianchou. They wanted to know how Yin Tianchou would counterattack!

"Ha... I refuse to answer a bodyguard's question. After all, this is an entrepreneur's banquet." Yin Tianchou smiled contemptuously.

"Miss Luna Thomas, what are you trying to do by sending a bodyguard to humiliate me?"

He knew that Oliver Walker was difficult to deal with. Therefore, he once again targeted Luna Thomas, who was even easier to bully.

He had to pick the soft persimmon! How could he dare to gnaw on a smelly and hard rock like Oliver Walker?

Wasn't he afraid that he might hurt himself instead? Although this battle was only a verbal confrontation, it was truly exquisite.

After all, everyone present was an old fox. They could smell the thick smell of gunpowder!

Of course, the most important thing was that Yin Tianchou had always been the one who launched the attack. Plus, he had a clear goal – he wanted to crush Luna Thomas.

By doing so, Luna Thomas would lose face in the business world. It was also to let all the merchants know that a mere Luna Thomas couldn't take on the responsibility. If they still stood on the side of Thomas Corporation, they would die.

It had to be said that Yin Tianchou had grasped this method of shocking the tiger perfectly.

"Do you have some misunderstanding about him?"

"He's not just my bodyguard," Luna Thomas said coldly after she had sorted out her thoughts. "He's also a shareholder of the Thomas Corporation and the boss of the Heavenly Sect Pharmaceuticals in Colorado. If he doesn't deserve to be here, then I feel like you're mocking most of our friends here."

"It's also extremely impolite to refuse a question from a peer. Can I then assume that Mr Yin has always been an impolite person?"

When the sonorous and powerful words fell, it instantly caused an uproar.

Even Oliver Walker was slightly stunned; when did he become a shareholder of the Thomas Corporation?

"F\*ck!" "This man is literally using the women around him!"

"What a leech!"

Everyone was shocked!

Since Emilia was the chairman of the company, her husband, Oliver Walker, was naturally the boss as well.

There was nothing wrong with that!

But... Why did he become a shareholder of the Thomas Corporation?

Yin Tianchou was speechless by these words! Luna Thomas was willing to give the shares of the Thomas Corporation to Oliver Walker.

This... How was this possible?

However, just as Yin Tianchou was about to raise his doubts, Luna Thomas suddenly stood up and said with a bellyful of anger, "The CEOs here might have put all their attention on the Holy Light Group recently and this is also the first time I'm meeting all of you."

"Now, let me announce that although Oliver Walker is only my personal bodyguard, the commission I'm offering is the shares of the Thomas Corporation because he's worth the price.. If you want to mock him, think twice before you do so!"

Chapter 827: Time To Stand Up For Herself

Perhaps Oliver Walker did not care what others called him but Luna Thomas couldn't stand it anymore!

Moreover, Oliver Walker had done his best to help her and had even mobilized thousands of people just to protect her position. No matter how close they were as friends, she would feel unbalanced if she did not give them some benefits.

Of course, she had this idea for a long time, but she knew that if she said it directly, Oliver Walker would not agree. However, now that the time had come, she had to make a move.

She liked Oliver Walker and did not want this man to be criticized! Especially when Oliver Walker was ridiculed, she would feel heartache! No one expected

Luna Thomas to be willing to split the shares of the Thomas Corporation with Oliver Walker.

No matter how powerful Oliver Walker was, was it worth it?

Everyone present was an old fox. Nobody would believe that Luna Thomas was not having an affair with Oliver Walker.

How valuable were the shares of the Thomas Corporation?

No! This was not something that could be measured by money, because it was hard to find!

To this day, Thomas Corporation is still a company-style enterprise. They would only give a small amount of shares to the meritorious employees. Moreover, once the employees passed away, they would still have to take it back.

Yin Tianchou narrowed his eyes. Although he was smiling, he was speechless!

“Chairman Yin, is this how you treat your guests?”

“Isn’t it too much to neglect the shareholders of the Thomas Corporation?”

Luna Thomas questioned again. Her tone was very firm, and her aura immediately opened up. It wasn’t that she didn’t have the genes of a strong woman, but she had always been protected by her father too well.

However, it also has to do with her ability to adapt to the environment.

“I don’t know if the Jinling Hotel is safe but now, he is qualified to talk to me,” Yin Tianchou said arrogantly.

If he continued to ignore Oliver Walker's new identity, he would indeed offend the entire business world of Ocean City. Therefore, when it was time to put down his pride, he had to put it down.

Otherwise, it would be unrealistic for the Holy Light Group to take down the deeply rooted Thomas Corporation. After all, on the surface, it seemed that he had the absolute advantage, but these advantages were achieved with money.

It was no exaggeration to say that the battle with the Thomas Corporation was far crueler than outsiders could imagine.

Carlton Moore, who was the mastermind of the entire incident, had calculated that up to now, the Holy Light Group had lost more than 200 million yuan a

day.

This was a huge amount of wealth. It was the total profit of many medium-sized companies in a year. Especially now that the Thomas Corporation had stabilized, if they could not force the business world of Ocean City to take a side, then the Holy Light Group would either suffer a great loss and would try to exhaust the Thomas Corporation to death or he would have to withdraw from Ocean City's business world in a sorry state!

It could be said that every result was a loss that Blood Fiend could not bear!

Therefore, they could only unite with other merchants of Ocean City to launch a final siege on the Thomas Corporation! Only then could he achieve his goal!

"Everyone, I know what you're thinking but there's one thing you need to consider," Luna Thomas said as she stood up.

"Thomas Company only earns the money we should earn. We have never overstepped any boundaries!

“However, within half a month after the Holy Light Group entered our city, the business world was in chaos. Many large and medium-sized companies went bankrupt one after another. Those small companies were even consolidated by a mysterious force.

“You should know it in your hearts!

“Since Chairman Yin doesn’t welcome me, then Thomas Company shall no longer entertain this banquet.”

Everyone present knew what he said.

Thomas Company’s sudden civil strife was not a coincidence, and Mark Thomas’s kidnapping was not an accident.. If the Holy Light Group used the same method to deal with them after the collapse of the Thomas Corporation, who could withstand it?

Chapter 828: Ambushed!!!!

“Looks like you’re going to be disappointed,” Oliver Walker said jokingly. “I’ll give you a word of advice. The harder you try, the more you die!”

Luna Thomas was right. The Holy Light Group had indeed disrupted the business world of Ocean City.

Although Thomas Corporation was the overlord of this city, the business world was in order. Thomas Corporation had never used its powerful economic strength to engage in unfair competition with anyone.

Yin Tianchou’s expression turned cold because this attack had indeed injured his core. This was to cause panic in the business world of Ocean City and then they would resist outsiders.

After all, they were all from the same side while Yin Tianchou was an outsider. In a situation where the future was uncertain, maintaining the status quo was the best outcome!

However, he did not say anything. Instead, he pressed the 'attack' button with his hand in his pocket. He wanted to crush the Thomas Corporation's legendary status in the business world of Ocean City.

Naturally, they had to start with Thomas's company, which was why the banquet was held at the Jinling Hotel but he obviously wouldn't tell them the truth.

Just as the atmosphere fell into silence, the atmosphere suddenly dropped to freezing point.

Oliver Walker frowned. He could see killing intent in Yin Tianchou's eyes!

This was a bad sign. This was a trap! "Boss! Take Ms. Thomas away!"

At this moment, George Lee, who suddenly rushed in, also confirmed Oliver Walker's guess. The moment these words were said, it instantly caused panic!

Something happened? What was going on?

Everyone was afraid. After all, the unknown was the most terrifying! For a moment, everyone's nerves tensed up!

"Get someone to take Luna Thomas away!"

Oliver Walker also knew that something was wrong. The murderous aura was getting stronger and stronger. A storm was brewing!

"What happened?"

"Hurry up and say something!"

“Luna Thomas, this is Thomas Company’s property. You have to ensure our safety. ”

In an instant, the group of tycoons completely panicked!

Luna Thomas also didn’t know anything. She could only turn to look at Oliver Walker with confusion in her eyes.

“Retreat immediately!”

Oliver Walker shouted, making the scene even more chaotic.

Yin Tianchou’s lips curled into a sinister smile!

Retreat? Retreat to where?

Thomas Corporation was destined to take the blame for this!

‘TATATATATATATATA’

Suddenly, a series of gunshots came from all directions. It even ignited everyone’s tense nerves!

“Rumble...

In an instant, more than ten people died under the powerful bullets and fell into a pool of blood.

“Run!”

“Help!”

The rich people in the banquet hall were completely terrified. Their bodyguards were all outside! Everyone wanted to escape from this dangerous area at once.

The more chaotic the situation was, the harder it was to get out of it. Up to hundreds of wealthy people in Ocean City were trampled.

“Everyone, don’t panic!”

“Don’t squeeze! Don’t push one another!”

George Lee shouted, but it was useless!

At the same time, the Imperial Guards who had been lying in ambush in the hotel also entered the hall. Their mission was to ensure the safety of everyone present. Therefore, they were desperately trying to maintain order.

‘TATATATATATATN!

However, doing so was equivalent to exposing himself to the enemy’s muzzle. After a series of gunshots, six Imperial Guards, who had been through hundreds of battles to cover the retreat of the rich men, fell into a pool of blood.

“Motherf\*cker!”

“Get ready!” George Lee’s eyes turned red. “Prepare for battle!”

These were his brothers, brothers who had followed him through life and death and made contributions but now, they had been shot in the back!

It would be strange if he wasn’t angry!

Oliver Walker's gaze swept across the third floor. The banquet hall was in the center, and the surrounding floors shared a roof. He then said coldly, "They're upstairs.. Immediately organize a retreat!"

Chapter 829: Sean Martin? Yin Tianchou?

"Team One, follow me!" George Lee shouted after determining the enemy's position.

"Second group, third group, cover, and retreat!"

The Imperial Guards were the elites of the elites, so even in a sudden encounter, they reacted quickly. The six members from before would not have died so easily if they had not been protecting the merchant's retreat.

"What should we do?"

Luna Thomas was anxious! She could not figure out what had happened.

Why was there a gunfight in the Jinling Hotel?

"Someone, take Luna Thomas away!"

Oliver Walker's expression was extremely cold. His sharp eyes searched for Yin Tianchou in the chaotic crowd but Yin Tianchou had already left!

Why would he put himself in danger? This was tonight's big show!

Thomas Corporation would lose its unshakable dominance.

As for the group of mercenaries who were surrounded?

They were just dispensable chess pieces! Moreover, his substitute was supposed to die for him. He would mislead Oliver Walker and get rid of his identity as Sean Martin.

It could be said to be killing two birds with one stone!

“Bang bang bang...”

The gunfight was still going on, and along the way, there were many rich businessmen from Ocean City who fell in a pool of blood. However, most of them had already retreated safely.

At the same time, George Lee led a group of 20 Imperial Guards and attacked the third floor.

NO!

Other than the group of killers, there was another killing intent!

Oliver Walker’s eyes swept across the surroundings, trying to lock onto the source of the murderous aura.

“Swoosh swoosh..”

In the next second, a series of air-piercing sounds were heard. Oliver Walker suddenly turned around and dodged to the side when he saw the hidden weapon that was faster than a bullet.

“Bang bang bang..”

In the next second, the four throwing knives instantly sank into the hard marble.

With the appearance of the throwing knife, Oliver Walker also locked onto the source of the murderous aura.

“Come out!”

What was the purpose of this attack? He did not know for now!

However, the strength of this person was not weak. At least in terms of individual combat, he was actually able to contend with the Imperial Guards who had grown up in the battlefield. This already showed the background of the other party.

The imperial guards did not only have the ability to fight alone. Teamwork was the only way that they could get out of this alive!

Therefore, the gunner lying in ambush on the third floor was not a threat. He also believed that George Lee could take him down.

On the contrary, this killing intent was unusual!

“You killed me twice, but the tables have turned. It’s my turn now!”

The next moment, a man dressed like Sean Martin walked out from the darkness. This was because in a battle between experts, a single aura could lock onto the other party’s hiding place.

Therefore, hiding was completely meaningless!

“Sean Martin?”

Oliver Walker was surprised. He stared at the figure. Was this Yin Tianchou?

It might be possible.

After all, Yin Tianchou could have taken the advantage to change his attire.

“Yes Sir!”

“Oliver Walker! The Chaplain of this country...” The fake Shawn Martin smiled coldly.

This was a test! The most advanced eavesdropping device was implanted in his body, and all conversations would be heard by the real Sean Martin.

“You’ve got the wrong person! But I didn’t expect you to walk right into my trap,” Oliver Walker said coldly. “You can go to hell now!”

He would never admit his identity. After all, the current situation was extremely awkward.

It was also impossible for Blood Fiend to know that he was the one who did it. Otherwise, if he launched a retaliatory attack, the entire country would be at stake! Therefore, the current him could only be himself and not the chaplain..

Chapter 830: The Battle between Two Powerhouse

“Even if you don’t admit it, it doesn’t matter! Because today is the day you die!”

As soon as he finished speaking, the fake Sean Martin took out a black dagger and launched an attack.

“Swoosh...”

When the dagger broke through the air with a sound, it aimed at Oliver

Walker's neck. Although Oliver Walker's internal organs had been destroyed, he was one of the world's top experts!

Therefore, not only did he not retreat, he charged forward!

"Bang bang bang..."

"Boom boom boom..."

When the two of them fought, they completely gave up on defense.

This was because they knew that once they had the thought of defending, they would lose the initiative and would face a storm-like lightning attack.

Although Sean Martin was fake and was destined to die, but...

He would not die so easily, or else it would only arouse suspicion. Of course, he would not be satisfied if he met an expert. Therefore, he had no room to make a move.

Every stab went straight for his vital points!

However, what shocked him was that Oliver Walker was ridiculously powerful.

Whether it was speed or explosive power, he was much stronger than him. Before he became Sean Martin's substitute, he practiced Muay Thai.

Muay Thai was known as the world's fiercest and most extreme form of boxing. It was known for its toughness and ferocity. He was so into it that he almost destroyed his body. The more powerful a Muay Thai expert was, the shorter their lifespan would be.

Among Muay Thai grandmasters, those who could live to 40 years old were considered long-lived. Of course, those who didn't practice real Muay Thai and only practiced fake Muay Thai would also have some injuries to their bodies, but it would not be fatal.

It couldn't threaten his life!

During the fierce battle, Sean Martin's substitute could not wait to gain the upper hand. He roared with bloodshot eyes and swung his steel-like fist toward Oliver Walker's face. It was no exaggeration. He was also very confident that this punch could at least kill a tiger in its prime.

"Bang..."

However, the brave would win when they met on a narrow road. Oliver Walker did not have the habit of dodging, so he also threw a punch.

He had fought with Sean Martin before, so he knew him well. Sean Martin was no match for him. Going head-on with him was simply courting death!

"Rumble..."

However, when the two fists collided, the powerful impact instantly made the two of them retreat more than ten steps at the same time!

Sean Martin's substitute was shocked!

He was a Muay Thai grandmaster, and he was well aware of the strength of his body. However, the seemingly thin Oliver Walker in front of him was evenly matched with him. This was simply unbelievable!

“Is this your true strength?”

Oliver Walker was also very surprised. According to this, Sean Martin had hidden his true strength that night at the Queen’s Bar. Otherwise, he wouldn’t have been severely injured in his hands! “That’s right!”

Sean Martin’s substitute laughed maniacally.

“Go to hell!”

In the next moment, his explosive power increased a lot in an instant. Moreover, he had indeed gone all out!

The kind that would burn one’s life as the price, the kind that would not care about any losses!

“Life and death are up to me, not you!”

Oliver Walker retorted proudly and rushed forward again. He had to take off Sean Martin’s mask and see what kind of man he was to be able to train his body to such a level!

“Bang bang bang..

“Boom boom boom...”

The confrontation between the two had already reached a white-hot stage.

When Oliver Walker took a punch, he would also be hit by Sean Martin’s substitute. However, Sean Martin was like a devil who did not know pain. His body was like an indestructible steel plate. After being severely injured, he rushed forward again with a roar!

“Ancient Muay Thai!”

Oliver Walker instantly realized that it was no wonder Sean Martin was so strong! He cultivated such a great seed!

This was why he was able to fight to a standstill with his internal organs destroyed!

All his doubts were finally cleared up!
