

## Chaplain 851

### Chapter 851: The Fierce Battle Continues

“Kill!”

The leader of the Seven Stars Gang was He Yong. He was about to die of depression! He couldn't use firearms, this...

It was simply as difficult as ascending to the heavens!

After all, there were two super experts in the Black Dragon Sect. They couldn't deal with them! However, the gang leader had already given a death order. What else could they do?

Even though he was the vice gang leader, he was useless. He was just in charge of carrying out what his boss needed.

“Kill them!”

The people of the Seven Stars Gang had long gone crazy. Under the light, the machete that he was waving emitted a cold light. Coupled with the murderous aura, the atmosphere at the scene was extremely tense!

“Brothers! Kill them with me!”

Freddy Martin held his machete and rushed forward.

He knew that Oliver Walker wasn't an ordinary person and didn't like the Black Dragon Sect.

Therefore, this time, he had to prove himself in a situation where he was fighting two people alone.

He had to uphold the reputation of his brothers in the Black Dragon Sect. Although their weapons were not as good as the Seven Stars Gang, their strength was not bad!

“Protect Mr. Martin!”

As one of the Eight Great Warriors, Liang Hao was naturally loyal to Freddy Martin. How could he watch Mr. Martin fight alone?

“Yes, sir!”

Soon, about fifty people surrounded Freddy Martin.

Although Freddy Martin had been a ruthless person when he was young, he was already old after all. It was very likely that he would encounter an accident in this level of killing.

“Motherf\*cker, get out of my way! I don’t need your protection. Kill these bastards!”

Freddy Martin’s eyes were bloodshot. He pushed away the people in front of him and rushed into the crowd of the Seven Stars gang.

“Clang! Clang!”

“Clang, clang, clang...”

When the two sides clashed, the scene instantly became extremely bloody.

Some people had been hacked everywhere. After they fell to the ground, they were either dead or injured, and their bodies were trampled by the people who came after them.

Some of them were even trampled into meat paste.

Even though the main hall of the Queen's Bar was large enough, it was still crowded with nearly 5,000 people fighting. He could only say...

"Boss, I don't understand why you treat the Black Dragon Sect differently!"

"They're not strong enough," Aiden said with a frown. "But you're pretty good in terms of cohesiveness, execution, and combat ability. If there is someone to train them, there will be a lot of room for growth."

Anyone with discerning eyes could see that Oliver Walker did not take the Black Dragon Sect seriously.

Mike frowned slightly. Although he had some conflicts with the Black Dragon Sect before, but...

He did feel that Boss was doing something wrong but Oliver Walker was his boss. They couldn't object to the Boss's decision!

"The Black Dragon Sect is a double-edged sword!"

Oliver Walker frowned slightly. "If used well, it will be invincible. If not, we will suffer the consequences!"

Mike was puzzled.

Oliver Walker shook his head. "The threat is not from the Black Dragon Sect.

"Since ancient times, good and evil have never existed side by side. I have walked a path that no one has ever walked before. So be careful!"

Mike and Aiden were silent. They also understood that the pressure on their boss was indeed not small.

The fierce battle continued.

Although the Seven Stars Gang had twice as many people as the Black Dragon Sect, their fighting spirit had been weakened because they could not use firearms.

With Freddy Martin leading the charge, the morale of the Black Dragon Sect was greatly boosted. The most important thing was that the place was not big, so they could not set up a formation. Therefore, the advantage in numbers was not that obvious.

With this, the two sides were evenly matched!

“Go save Mr. Martin!”

“What?!” At this moment, Liang Hao, who was covered in blood, roared. “He’s old. His stamina can’t keep up!”

In an instant, everyone realized that Freddy Martin was surrounded and had many wounds on his body.. While fighting back with all his might, he panted

heavily!

Chapter 852: Provoked the God of Death

“Kill them with me!”

The Black Dragon Sect elites who were closest to Freddy Martin were instantly enraged when they saw him. They completely disregarded everything and were moving closer to Freddy Martin!

After all, that man was the founder of the Black Dragon Sect. It was not an exaggeration to say that he was a legend in Colorado.

No matter if it was the Black Dragon Sect or not, who in the State of Colorado would dare to offend Freddy Martin? Such a person was still willing to lead the fight. How could the Black Dragon Sect's cohesiveness not be strong?

"Damn it!"

"Kill Freddy Martin!"

"Liu Yazi, bring some men and stop them!"

He Yong also began to command. Who wouldn't understand the principle of capturing the leader first? Once Freddy Martin died, it would be a huge blow to the morale of the Black Dragon Sect!

"Kill!"

"F\*ck, go to hell!"

One side wanted to save people, and the other wanted to kill people. The battle instantly escalated to a white-hot stage. Moreover, the battle lasted for more than ten minutes, and both sides suffered heavy casualties.

Therefore, there was nothing to be afraid of. In any case, in the underworld, if they encountered such a thing, it was either you die or I die!

"Go help him!"

Oliver Walker frowned. After much hesitation, he finally gave the order. Freddy Martin was a core member of the Black Dragon Sect. He couldn't die!

“Yes, sir!”

After receiving the order, Mike and Aiden entered the crowd and directly activated the killing mode. Wherever they passed, no one could stop them! The members of the Seven Stars gang felt their scalps go numb. After seeing it, they wanted to stay away from them!

“Come on! Little brats, Mr. Martin is here!”

Freddy Martin’s expression was ferocious as he waved the machete in his hand and roared! There was naturally a reason why they were surrounded like this.

Of course, the most important reason was to uphold the reputation of the Black Dragon Sect! He knew very well that Oliver Walker’s identity was not as simple as the Underground Lord.

One phone call was enough to make the Seven Stars gang give up their advantage in weapons. Was this something that an ordinary person could do?

Therefore, he suspected that Oliver Walker might have an official background.

He had long wanted to wash his name clean, so this was the best opportunity. However, he would never abandon his brothers who had accompanied him in battle. Therefore, he worked hard for Oliver Walker so that he could change the background of his brothers.

If he couldn’t impress Oliver Walker even with his life, it could only mean that he had followed the wrong person. This was a person with a heart as cold as iron.

According to his understanding of Oliver Walker, he was not heartless. Perhaps it was because they were too weak that he could not accept them.

“I’ll kill them, you go save them!”

At the same time, Mike, who had joined the battlefield, instantly locked onto He Yong, who was hiding in the crowd and commanding.

“Good!”

After Aiden answered, he rushed in Freddy Martin’s direction. No one could stop them!

“Damn it! Don’t let him come over!”

He Yong, who was hiding in the crowd, instantly panicked when he saw Mike charging towards him.

After all, that big guy was too powerful. He had just joined the battlefield, but he had killed at least forty to fifty people. With such strength, how could he not be afraid?

“Kill!”

The people of the Seven Stars Gang instantly rushed forward!

“Those who block me will die!”

Mike waved his hands and broke the necks of two members of the Seven Stars gang. Then, he swung them with force, and the powerful impact caused the two corpses to knock down more than 20 people in succession.

Deadly screams filled the place and no one dared to provoke this god of death. The Vice Sect Leader was right behind him, so he had no choice but to attack!

The members of the Seven Stars gang hesitated, but Mike did not hesitate. He dodged a machete. His target was very clear, and he went straight for He Yong in the crowd..

Chapter 853: Are We Worthy Now?

“You motherf\*cker!”

He Yong looked at the burly man who was not even close to him. He raised his butcher knife high and leaped into the air. When he slashed down at him, he turned around and wanted to escape.

However, he was protected too well. There were people all around him. There was no way to retreat! He could only grit his teeth, brandishing his machete, and charge forward.

Mike, who had descended from the sky, was like a god of war. His eyes were filled with contempt!

“Bang...”

In the next second, when Mike’s machete slashed into He Yong’s machete...

There was a loud collision!

Although they had the same weapons, Mike’s strength was much greater than He Yong’s. In addition, one was an attack and the other was a defense. The results were naturally different.

He Yong gritted his teeth. He felt as if a huge mountain was pressing down on his body, and he instantly knelt on the ground. The machete in his hand was also split into two and fell to the ground!

All the members of the Seven Stars Gang were stunned! They were already numb and had forgotten to go up and support!

“No, no, no. Don’t...”

He Yong's pupils instantly dilated as he watched the machete slash towards his head. However, he could not dodge or block it! All that was left was despair and fear!

When the sharp blade fell, He Yong's face was covered in blood. His head was split into two. He did not even have the chance to cry out before he fell to the ground. His limbs twitched a few times before he stopped moving!

"The Vice Sect Leader is dead!"

Amid the chaotic battle, all the members of the Seven Stars gang stopped after a terrified voice suddenly sounded!

"Retreat....? Retreat!!!"

They no longer had the heart to continue fighting, so they turned around and left. However, when they retreated, because the number of people was too dense, it led to a stampede.

Most of them didn't die under the Black Dragon Sect's blade, but died under the feet of their own people. The scene was a tragic sight!

"Hu hu hu..."

At this moment, Freddy Martin was also gasping for breath. Fortunately, Aiden had blocked a few knives for him. Otherwise, he would have died for sure.

"Brother.... Thank you very much..."

Freddy Martin was covered in blood. There were enemies, and of course, there were also his own. However, he still sincerely expressed his gratitude.

Aiden nodded. "We're on the same side. There's no need to be polite. Mr. Walker saved you!"

After hearing this, Freddy Martin, whose face was covered in blood, looked at Oliver Walker with a complicated expression. This man was still willing to save him. At the very least, it meant that he still had value!

“Kill them!”

“Kill these sons of bitches!”

Liang Hao roared and led his men to chase after them. However, when they reached the door, everyone stopped.

He had already given the order not to chase them out of the gate. After the battle, the Queen’s Bar was in a mess. Corpses and the screams of the seriously injured were everywhere. The air was filled with the thick smell of blood.

“Mr. Martin! ”

The elites of the Black Dragon Sect surrounded him. Their eyes were filled with worry!

“I... I’m fine!”

Freddy Martin gritted his teeth and stood up shakily. He walked to Oliver

Walker and said forcefully, “Mr. Walker, is there a coward in the Black Dragon Sect?”

Everyone’s eyes were filled with anger. They didn’t understand why Mr. Martin had to follow such a cold-blooded person and why he have to bend his knees.

If it wasn’t for that charge, they would have thought that Mr. Martin was afraid of death, but now, he obviously wouldn’t!

Freddy Martin naturally had a strong motive for questioning him like this. He wanted Oliver Walker to acknowledge the Black Dragon Sect. At the critical moment, it would become the Black Dragon Sect's life-saving talisman!

Therefore, he didn't avoid the complicated look in Oliver Walker's eyes.

People fought for one breath, while Buddhas fought for one incense stick! Everyone's emotions were complicated!

Even Mike and Aiden could not bear it. After all, Freddy Martin was already over 60 years old. It was indeed admirable that he could still work so hard..

Chapter 854: "A man who stands at the top of the world!"

"Yes!"

"Not bad!"

After a long silence, Oliver Walker took a deep breath. "Rest well. If you need money, you can tell me directly."

Acknowledge them? How could he? Therefore, after he finished speaking, he turned around and left!

The Black Dragon Sect's spirit was indeed beyond his imagination, but this tenacity was far from enough.

Such heartless words made Freddy Martin look disappointed. His body slumped to the ground!

"Mr. Martin!"

Liang Hao gripped the machete in his hand tightly, the muscles at the corner of his mouth twitching! Damn it, did he really not treat them as humans?

The elites of the Black Dragon Sect were furious!

A wave of anger rose!

“Forget it!”

“If anyone dares to suggest that idea to me, don’t blame me for not remembering our old friendship,” said Freddy Martin.

After all, the Black Dragon Sect was an underground force. It was shameful!

He was risking his life just to save the lives of the Black Dragon Sect members who had followed him down the path of no return! As the leader of the Black Dragon Sect, he naturally knew what this group of people wanted to do next.

“Mr. Martin!”

“We can’t just leave things like this!”

“So many of our brothers died just because he wants us to?” Liang Hao was furious.

“Mr. Martin, we...”

However, just as he was about to say the next sentence, Freddy Martin instantly turned around and glared at him coldly! “Alright! Mr. Martin, if you don’t want me to say it, I won’t!”

“Sigh...”

Liang Hao was dejected as he slammed the machete in his hand onto the ground with a loud thud. Mike and Aiden looked at each other!

If they were members of the Black Dragon Sect, they would also be furious but Boss also had his own difficulties!

Aiden consoled. "That's how he is."

Other than that, he could not do anything else.

After all, he was once a member of the underground forces. However, his identity was different. It was not because he was a mercenary king. It was only because he had never committed a crime in this country.

Perhaps this was the reason why Boss could accept him and Mike.

"Yes! You guys are much stronger, so we're not worth mentioning!" Freddy Martin forced a smile.

"But one day, the Black Dragon Sect will also become his direct descendant." As for the emotions of Freddy Martin subordinates, they could take care of them.

If Freddy Martin could understand, he could understand. If Freddy Martin couldn't, he could leave. However, one day, Liang Hao and the others would understand why he was so humble.

Hopefully they would also understand Oliver Walker's good intentions!

"Yes!"

Mike waved his hand and patted Freddy Martin's shoulder. "You will be glad of your decision. He's not as cold blooded as you think he is. It's just that he has something he can't say!"

He had a straightforward temper and said whatever he wanted. Naturally, he would not hide it.

At least the Black Dragon Sect's performance had caught his attention.

"I know!"

Freddy Martin lowered his head and said bitterly, "Just because we are..."

He didn't finish his sentence because it would be an unbearable blow to the entire Black Dragon Sect.

If it was just an ordinary official background, he would never do such a thing.

So... That man's level must have reached an unimaginable level. Mike gave a simple reply. "A man who stands at the top of the world!" All the members of the Black Dragon Sect were shocked!

They worshipped the strong! If Oliver Walker was really a man who stood at the top of the world, it was understandable that he looked down on them!

Freddy Martin took a deep breath. "I understand.. Let's clean up the battlefield!"

Chapter 855: The Faith of the Seven Stars Gang

On the streets of Ocean City, the lights were dim! The autumn wind blew, bringing with it a slight chill!

"Pa da..."

Oliver Walker lit a cigarette and walked on the deserted street. The human heart was made of flesh!

How could he not be moved by the fact that the Black Dragon Sect was able to achieve such a feat?

However, these people may not be evil, but they were definitely not clean.

What right did he have to forgive these people who wanted to lay down their knives for those who were once bullied by the Black Dragon Sect?

He also understood Freddy Martin's gaze! There was a kind of pleading in it!

"Flu..."

He took a deep puff of his cigarette. The most important part was about to begin! His emotions were also extremely complicated.

He still had to figure out a way to deal with the Black Dragon Sect.

The next morning!

"At least two thousand members of the Seven Stars Gang have died! What should we do?" Carlton Moore frowned.

This was provocation! An absolute provocation!

Oliver Walker wanted to force them to make a move!

"Inform Freddy Walker to release Mark Thomas!"

Yin Tianchou frowned. Even now, he still had lingering fear. At this point, it was almost certain that last night was a trap.

Once he went to Thomas's Villa, Oliver Walker would definitely make sure that he would never return.

"What?"

"Release Mark Thomas?"

"This..." Carlton Moore was shocked.

Mark Thomas was the head of Thomas Corporation! Once the tiger was released, it would be hell for the Holy Light Group. However, what shocked him even more was yet to come...

"Holy Light Group, withdraw now! Announce to the public that we have been treated unfairly!" Yin Tianchou added.

"Tianchou, should we reconsider?" Carlton Moore was dumbfounded.

"In order to enter this nation, we have invested more than 100 billion. Once we withdraw, we will lose at least half of it. How are we going to explain this to the higher-ups?"

The Holy Light Group's expansion into this country wasn't just about competing with the Thomas Corporation in Ocean City. Moreover, they had bought a lot of real estate. Once they withdrew, they would definitely be sold at a low price!

"Boss? What do they know?"

"This is a battle between the strong, not a battle of wealth!" Yin Tianchou was furious.

"If we don't retreat, Oliver Walker will target us everywhere. By then, our losses will be even more severe! If I can kill him, I'll only get more!"

Retreating was just an illusion! Sending Mark Thomas back was just a conspiracy!

Facing the aggressive Oliver Walker, he was already suppressed to the point where he was about to go crazy. The dignity of an expert who dominated the world did not allow him to be a coward!

He wanted to counterattack! They were going to attack! He wanted to kill Oliver Walker in a desperate situation!

“This is a risky move!”

Carlton Moore was not stupid. He naturally knew what the man in front of him wanted to do.

“No one wants to take the risk, but... This is also our last chance!”

Yin Tianchou stood up and left after he finished speaking.

Naturally, he was going to bid farewell to the man who was both friend and foe!

Carlton Moore gulped, but he could only carry out his orders. He knew that Yin Tianchou was really angry.

Everyone in the headquarters of the Seven Stars Gang panicked!

Just last night, the deputy sect leader was killed and the three thousand people suffered a crushing defeat. Almost none of them returned unscathed. All of them were injured, but even so, there were only a few hundred people.

Faced with such an outcome, Gary Stevens lay on the chair like a dead fish.

These were all his elites! Even the elites had lost so miserably. How could he resist? Especially Sean Martin, who was still courting death!

The Black Dragon Sect had suddenly become so powerful! This made him feel like he was treading on thin ice without a backer!

Once Luna Thomas found out that he was the one who captured Mark Thomas, then...

At this moment, he was already in a terrible state, and Mark Thomas had become a hot potato. This made him want to kill!

Suddenly, an aura appeared that caused Freddy Martin to turn excited..

Chapter 856: Release Mark Thoma

“Why are you here?”

Originally, Gary Steven wanted to ask, ‘Why are you still alive?’

However, he quickly realized that it was wrong to say that, so he quickly changed her words. Unfortunately, the person who came was not Sean Martin, but Carlton Moore in the same outfit!

However, this was not important. To him, as long as someone from above came, he would be much more relaxed.

“Contact Oliver Walker tonight at eight o’clock and release Mark Thomas! The transaction location will be at your place!”

Carlton Moore coldly announced the order!

Such an order also made Freddy Walker panic. “This... This must not happen...”

“If Thomas Company finds out that I kidnapped Mark Thomas, then...”

If he knew, he would fight Thomas Corporation to the death!

Of course, this was not the main point. The main point was that in the past, he did not dare to go head-on with Thomas Corporation. And now, Thomas Company had found an assistant like the Black Dragon Sect.

Once he was exposed, he would only die!

“Bang...”

But the next moment, Carlton Moore took out a pure gold Desert Eagle pistol and pointed it at Gary Steven’s head. “You want to disobey my orders?”

That voice was abnormally cold!

It was like a gun pointed at Gary Steven’s head, causing a great deterrence to him. After thinking about his master’s strength, he could only grit his teeth and say, “No... I don’t dare... I wouldn’t dare!”

If he didn’t agree, he would die. If he agreed, there might be a chance of survival!

“I want you to kill everyone who comes!” Carlton Moore sneered.

The life and death of the Seven Stars Gang was not within their consideration at all; or rather, they were a bunch of cannon fodder!

Even if Sean Martin was going to leave the country, he couldn’t let Oliver Walker live comfortably!

‘Yes...’

Gary Steven's forehead was covered in cold sweat. "I promise to complete the mission."

He also understood! This was to send him to his death! But if he didn't do it, his

entire family would be killed! Therefore, even if he knew that he would die, he had to execute it!

Carlton Moore put away his pistol in disdain and disappeared like a ghost. How could someone who had been working with Sean Martin for so many years be weak?

In a gang like the Seven Stars Gang, which was a local gang, it was easy for them to come and go as they pleased.

"Hu hu hu..."

When the person left, Gary Steven, who knew that he was in trouble, instantly collapsed on the sofa and panted heavily.

After a long while, he took out his phone and dialed a number. "Tonight, eight o'clock, Phantom Bar. Release Mark Thomas."

He did not have Oliver Walker's contact information, so he could only contact Freddy Martin. After all, it was fine as long as he let her go!

"Hello...?"

Freddy Martin felt that something was wrong and wanted to ask, but the other end had already hung up.

Mark Thomas! He was an important person! Moreover, it was the person that Oliver Walker had ordered him to find. He really didn't expect that it was in Gary Steven's hands.

This made him extremely happy!

“Mr. Martin! What’s the matter? Why are you so happy?” Liang Hao asked excitedly.

He hadn’t seen Mr. Martin smile for a long time.

This way, there must be something good!

“Of course it’s good news! We can finally do something big that he will approve of!” Gary Steven said excitedly.

“Inform the brothers to rest immediately. At eight o’clock in the evening, follow me to the Phantom Bar to welcome Mark Thomas!”

“Mark Thomas?” Liang Hao was shocked.

“Mr. Martin, could this be a trap?”

That was his first reaction! This was not normal!

“Of course, it’s a trap, but this is also an opportunity for us to contribute!”

Freddy Martin clenched his fists, and his eyes were filled with determination.

“Don’t leak the news. Find a way to send Mike and Aiden away. It’s just the

Seven Stars Gang. They can’t use guns. We don’t have to be afraid of them..”

Chapter 857: The Sacrifice

Freddy Martin was determined! Knowing that there was a tiger in the mountain, he was inclined to go to the tiger mountain!

To gain the approval of the man who stood at the peak, he had to break through even if it was a dragon's pool or a tiger's den.

After all, it was not a good thing to be in the underworld. One day, when the country was stable, his brothers would be punished. Therefore, he was doing this to find a way out for himself and the entire Black Dragon Sect.

'Yes, sir!'

Liang Hao gritted his teeth and said, "But Mr. Martin, I'm going to say this. If we still can't get approval after we save Mark Thomas, our brothers are disheartened.

"I'm willing to risk my life because of you.

This was the truth. After all, there were not many people in the underworld who had the same situation as Freddy Martin. Especially Liang Hao, he was just a boorish man! How could he understand the Sect Leader's good intentions?

"I know that our brothers have complaints in their hearts but I promise you that this is the last time. Your efforts will be rewarded beyond your imagination!

'My dear brother, be prepared.'" Freddy Martin patted Liang Hao's shoulder.

At the same time, Liang Hao turned around and left. It was very simple to send Mike and Aiden away. After all, everyone had a good relationship. They would still give faces when they went out to eat, drink, and have fun.

However, it was still early, so he was not in a hurry. Instead, he informed his subordinates to stay on duty and let the others go back to recuperate. After all, there would be a fierce battle tonight!

Freddy Martin lit a cigarette. His deep eyes stared at the landscape fish in the fish tank. He muttered to himself, "Mr. Walker, I know you're not a heartless person. I will definitely make you look at the Black Dragon Sect in a new light!"

"Brothers, I'm willing to go through fire and water for you but please do trust me with it."

11:00 pm, Thomas Corporation villa complex!

"Daddy!"

Olivia Walker wanted to go out and play. However, when she saw her father, she immediately rushed over as fast as she could. "I miss you so much!"

Oliver Walker had already seen his daughter last night but she was still asleep! So now, she was also incredibly happy.

"These can't just be nice words coming out from your mouth only, right?" Olivia Walker pouted. "It's not just empty words, they come from the heart."

Oliver Walker held his daughter in his arms and said kindly, "You really know how to talk!"

What were they risking their lives for? Wasn't it for the warmth of thousands of families?

Was the sacrifice worth it? Of course not! Because you only live once! However, if they did not shed blood, they would not be able to resist when the disaster came! Therefore, the sacrifice had to be worth it!

"Daddy, I want to go out and play! Auntie's house is so big and beautiful."

There's even an amusement park. You've never taken me to an amusement park before!"

Olivia Walker danced excitedly. She longed for fatherly love but her father was often busy and could not be by her side!

"Sure! Where's the amusement park?" Oliver Walker asked, holding his daughter.

"You lead the way!"

"It's right outside!" Olivia Walker quickly smiled.

At the same time, when Emilia saw Oliver Walker, she quickly followed him out.

She did not even know when this man had returned. When she saw her daughter having fun, she did not go up to disturb them.

On the contrary, Oliver Walker walked over when he saw his wife's handsome figure. He said apologetically, "I'm sorry. I've been a little busy recently, so..." "You're being polite with me?" said Emilia with a smile.

"When did you come back last night? Why didn't you come to look for me?"

She wanted to have a good talk with her husband and tell him about her lovesickness. After all, the man beside her had become an indispensable part of her life. Therefore, there were many complaints in her words..

Chapter 858: Yin Tianchou is Here

“It was too late last night. I saw that you and Olivia were asleep, so I didn’t want to disturb you.”

Oliver Walker told the truth. Although he ended early yesterday, he had wandered aimlessly on the street for a long time while thinking about how to deal with the Black Dragon Sect.

“Hubby! ”

Emilia frowned, but the words that were about to come out of her mouth stopped!

“What’s wrong?” Oliver Walker asked.

I know you’re busy,” Emilia said after a long silence. “The things you’re dealing with are also very important but I hope that you can ensure your own safety.”

She would not interfere with her husband’s matters! Because a man should have the responsibility of a man! Men did not just have to support a family. He also had to uphold the dignity of a country!

Although she also wanted her husband to be by her side, she knew that it was not practical. Her beautiful eyes were filled with boundless gentleness.

“I will!”

Oliver Walker pulled his wife’s delicate body into his arms.

The country was in chaos! That was because the war in Indiana had just ended.

Therefore, many underground forces like the Black Dragon Sect and the Seven Stars Gang were born. Now that the external worries had been removed, the internal worries would eventually be resolved.

In fact, he didn’t have any big dreams. He just wanted to be by his wife and children’s side.

“Yes!”

“You know what?” Emilia smiled. “You’ve only been gone for half a month, but you seem to have taken my soul away.”

She no longer suppressed her emotions. Especially during this period of separation, she missed him even more! Leaning on the shoulder of the man beside her, she felt especially happy and at ease!

“Me too! But there are some things that have to be dealt with,” said Oliver Walker with a smile.

In fact, he was also very helpless. Sometimes, he had no choice! It was fortunate that Emilia could understand all of this!

“What exactly is going on between you and Luna Thomas? What happened?”

It took a lot of courage to ask such a question. Sometimes, she wanted to be a fool, but...

“Me and Luna Thomas?”

Oliver Walker was stunned. Was his wife still brooding over that incident?

But... Didn’t he already explain it clearly?

Could it be...

Did Luna Thomas tell his wife what happened in the bathroom?

“Tell me the truth! I hate lies!” Emilia looked at her husband seriously.

Oliver Walker immediately felt guilty. He quickly explained, "Honey, believe me. There's really nothing between us."

"That was an accident. It was definitely not intentional. You should know what kind of man I am."

To be honest, he had seen many outstanding women, but other than his wife, no one could make him fall in love.

"Then what are you feeling guilty about?" asked Emilia with a frown.

She was not a fool- She could naturally feel that her husband's heartbeat had obviously accelerated. Oliver Walker was anxious.

Emily seemed to understand. Her beautiful eyes flashed with a hint of sadness.

"It may have been an accident and I shouldn't blame you but I know that Luna Thomas likes you!"

This topic was very heavy, but she had to say it. After all, this was her husband!

"Impossible! She's not that kind of person," Oliver Walker said firmly.

Back then, she had committed suicide a few times because of a misunderstanding. If she really liked him, would she still do this?

"I'm a woman. Her eyes can't hide from me."

"You..." Emilia shook her head.

Just as she was about to continue, a beautiful figure suddenly appeared and interrupted her.

“Emilia, Mr. Walker!”

Luna Thomas was very beautiful and elegant. Her long hair fluttered in the wind.

In fact, she had heard the conversation just now but something happened. Otherwise, he wouldn't have walked up awkwardly!

“Who is it?” asked Oliver Walker hurriedly.

“Yin Tianchou is in the living room. He wants to see you!” Luna Thomas frowned..

Chapter 859: Shameless Woman

The atmosphere instantly froze!

Oliver Walker frowned. He had never expected Yin Tianchou to come looking for him. This was also a guy who did not play by the rules!

Moreover, Yin Tianchou had specifically asked to see him, and his motive was very clear. So what exactly was he thinking?

“I'll go meet him!”

Emilia nodded and did not say anything else because she knew that her husband would handle it well. She also knew that Yin Tianchou was her husband's opponent!

After Oliver Walker left, the scene suddenly became awkward. After all, they had just been discussing that kind of thing and yet the person that they were talking about it might have overheard their conversation. With their relationship, would they not even be friends in the future?

But in fact, both Luna Thomas and Emilia regarded each other as an important best friend

As Emilia had gone through a period of low ebb. All her old friends were gone. Only Luna Thomas didn't laugh at her when she was in trouble. Instead, she helped her several times.

Emilia was a person who knew how to be grateful. Otherwise, there wouldn't have been all these troubles.

It was the same for Luna Thomas. After returning to the country, Emilia was the only confidante she could tell the truth to. Now, there was a gap between them. However, there was no doubt that both of them cherished this hard-earned friendship!

“Emilia!”

Luna Thomas spoke, but her tone was very deep, and there was a hint of guilt in her beautiful eyes.

She had thought that she was not that kind of person, but she was.

Even now, she was looking down on herself.

Emilia sat in the long corridor and pretended to be relaxed. She did not want to ask further, but after all, the conversation just now had been heard. It was better to talk openly.

“He's very outstanding!”

This kind of topic was not easy to start. If they talked about it, it would be extremely awkward between them. After all, she could tell that Luna Thomas had fallen in love with Oliver Walker, and she could naturally tell that Luna Thomas had been trying her best to avoid it.

After a day of observation, Luna Thomas didn't ask her to come over to show off, but instead tried to distance herself from them.

"Yes!"

Luna Thomas was like a child who had done something wrong. Her beautiful face was filled with anxiety and fear. She didn't dare to say anything, she clenched her hands together and placed them on her slender legs.

It was as if they were waiting for a trial.

"I can understand! A good bird chooses a tree to perch on, and a capable subject chooses a monarch as its master! Women will naturally fall in love with outstanding men!"

Emilia took a deep breath. "I don't know how far you guys have progressed." To be honest, if that kind of relationship really happened between them...

Regardless of whether he was framed or not, it would be very difficult to deal with.

"Emilia! 1.....

Luna Thomas had always wanted to be honest, but it was already difficult enough for her to fall in love with a man for the first time. Moreover, this man was her best friend's husband!

It was simply difficult to say!

Emilia didn't press onto her, choosing to remain silent. After all, no one wanted to see such a thing happen.

"Emilia I... I'm a shameless woman."

Luna Thomas's heart was already in a mess in her panic. She hurriedly blamed herself, "Really, I... I don't want to do this, but..."

"I wanted him to leave, but the matters here required his presence I... I. I shouldn't have... It's all my fault!"

As she spoke, tears rolled down her cheeks.

It didn't matter if Emilia insulted her or hit her. She could accept it.. After all, she was indeed the one in the wrong, and there was no reason for her to do so!

Chapter 860: We're Leaving

"You... Don't cry!" Seeing Luna Thomas like this, Emilia's heart softened.

Instead, she began to comfort Luna Thomas.

Her emotions became even more complicated! She didn't want to do it but she couldn't stop herself. Especially since Luna Thomas humiliated her like this as soon as she came, it meant that something had obviously happened between them.

Silence!

Beside the amusement park, only Luna Thomas's crying could be heard. That kind of regret was really more bitter than taking any bitter medicine!

"Auntie, what's wrong?"

At that moment, Olivia Walker walked over.

“She’s fine.” Emilia answered instead.

These things shouldn’t be known to children. She was sure that Luna Thomas knew her position and Oliver Walker was not that kind of person!

However, it was still heart wrenching!

“There were sand in my eyes because of the wind.”

Luna Thomas quickly wiped her tears and forced a smile. “You must be tired from playing. I’ll take you to dinner.”

Olivia Walker did not believe him, but she did not ask further. Because when her father was not back, her wounds were often torn open by the others. That would only hurt more!

It could be said that Emilia and Luna Thomas were both very conflicted. However, no one wanted to dig deeper into this matter.

In the living room of the main villa!

Yin Tianchou was dressed in a straight black suit. He was indeed very handsome, and his methods were also very shocking. However, his heart was too dark.

“Mr. Walker, you’re very outstanding!” he said with a smile.

This compliment came from the bottom of his heart. The man in front of him was also the only person he was willing to call his opponent!

Oliver Walker laughed at himself. “I’m just an ordinary man. Nothing for you to admire.”

If he was really outstanding, he wouldn't have let the person in front of him escape punishment one after another. He firmly believed that the man in front of him was Sean Martin!

"You are too humble."

"Do you know why I'm here?" asked Yin Tianchou.

Oliver Walker turned around and said curiously, "I really don't know!"

The two of them were like old friends, not enemies at all. There was no sharpness in his words. This was because they had attacked and defended each other several times, they knew that the other party was not easy to deal with.

Therefore, drawing his sword aggressively was no different from a cornered dog jumping over a wall.

"If we didn't serve our own masters, perhaps we would have become bosom friends!"

Yin Tianchou sighed. "Now that you know, I don't want to hide it anymore. Hiding are all child's play!"

Oliver Walker's eyes gleamed. This was the first time Yin Tianchou had announced his identity. His goal was not ordinary!

"I don't know if we can be friends, but you are indeed a qualified opponent!"

He was filled with righteousness. How could he be friends with someone whose hands were filled with blood?

"Is that so? I'm honored!"

“But we won’t have the chance to be opponents anymore, ” said Yin Tianchou with a smile.

The battle that had taken place in the past half a month, whether it was a battle of wits or courage, was something he would never forget.

It was not easy to meet a confidant. Who knew that the strong would be lonely? How much did they yearn for a competent enemy?

“What do you mean?”

Oliver Walker didn’t look surprised. Instead, he was quite calm, because he knew that the main event was coming.

Whether it was a scheme or a sincere one, he would naturally know in the next moment.

“My boss wants us to retreat.”

Yin Tianchou lay lazily on the sofa. “And it’s the Holy Light Group. We will be withdrawing from this country. So, you win!”

Did Oliver Walker really win?

Sean Martin did not die, so it was not considered a win!

“But how do I know if what you said is true?” Oliver Walker teased.

Let Sean Martin go? Was he worthy of his dead brothers? Wu Liansheng’s questioning yesterday was still knocking on his heart!

If he didn't punish the murderer severely, how could he face the family members of the deceased brothers? Therefore, even if Sean Martin really showed weakness and wanted to retreat, he would never allow it!

This was a matter of principle!
