

## Chaplain 861

### Chapter 861: Ruined Reputations

“Hahaha...’

Yin Tianchou smiled proudly. “Although we are enemies, I have also regarded you as a confidant. I never thought that you would not trust me so much!

“Fine! No matter what, the retreat of the Holy Light Group is a foregone conclusion!

“Many of our properties are being auctioned off!”

As soon as he finished speaking, he stood up with a loud bang, full of vigor! A pair of sharp eyes stared at the opponent in front of him!

In the meantime, Oliver Walker was full of righteousness. “Do you think that this place is your backyard where you can come and go as you please? Even if I agree, billions of our citizens will not agree to it.

“The martyrs who sacrificed themselves will never die in peace!” America was America!

If anyone invades, he will be killed even if he is far away!

“Then what can you do to me? Hahaha...”

“Haha!” Yin Tianchou looked up at the sky and laughed.” I know you want to kill me and in fact, I want to kill you too! But you don’t dare to kill me!

“Because I represent the loyalty of countless nations of this country from overseas! You also know what I represent!”

“There’s still a long journey ahead of us. See you in the martial arts world! Farewell! ”

He knew that Oliver Walker would be unwilling. Once Oliver Walker became angry, his chance would come. Therefore, he really hoped that Oliver Walker would be able to enter the game tonight!

The Phantom Bar would become the location of the final battle. Either he would die, or Oliver Walker would be buried! What Yin Tianchou didn’t know was that Oliver Walker had no idea about it at all.

Even a wise man would make a mistake!

Yin Tianchou would not have expected that Freddy Martin, who was bent on making a contribution, would not tell Oliver Walker at all! Looking at the disappearing figure, Oliver Walker clenched his fists!

Murderous intent was revealed in his eyes!

Perhaps from the other’s perspective, Blood Fiend’s retreat was a victory! But from his point of view, if Sean Martin was allowed to leave the country, it would be a failure!

“Boss, do you think what he said is true?”

George Lee frowned. He did not believe that things would be so simple.

But... It was indeed hard to figure out!

“So what if it’s true? So what if it’s fake? If I let him leave the country safely, how will I face others in the future?”

“Do you have any evidence of the Holy Light Group?” Oliver Walker asked coldly.

“No!” George Lee shook his head.

“The Holy Light Group is extremely cautious. Even most of the executives of the Holy Light Group don’t know what kind of company it is!

“Maybe the only one who knows the truth is Sean Martin. It’s highly confidential!”

If there was evidence, then everything would be easy. Allowing them to leave without paying the price? This was absolutely impossible.

“Then find me a reason to freeze all the assets of the Holy Light Group.” Oliver Walker said sternly.

“Limit the personal freedom of the executives above the CEO and make them cooperate with the investigation!”

What was Sean Martin planning?

Perhaps he wanted to use his identity as an overseas citizen to return and invest, then retreat to advance, threaten the country for more things in the future! This was simply impossible!

Even though he knew how tricky Sean Martin’s identity was.

How many people had fled overseas because of the civil strife back then? Now that they had achieved success and fame, they were waiting to return to their roots!

No one would be able to accept this. They had to withhold their integrity. Only with a backbone could one support the prosperity of a nation!

“But...’

“Boss!” George Lee’s emotions suddenly became intense. “Boss, have you thought about how bad the impact will be if we still can’t find anything?”

“And your reputation...”

The consequences were too serious, so serious that it was almost unimaginable!

“I know!” Oliver Walker was full of righteousness. His face was as cold as frost.

“My personal reputation is nothing compared to the interests of the country.” “If we can’t find anything, I’ll bear all the charges!”

He naturally knew the consequences! However, there were some things that should not be feared after knowing the consequences!

He had carried too much glory in his life! So what if he suffered this little grievance?

In short, Sean Martin had to die!

Chapter 862: Those Fat Pigs!

“Yes, sir!”

George Lee was filled with respect. This was the chaplain! He was the true teacher of a country!

The chaplain had been indifferent to fame and fortune in his life, and had gone through fire and water for America! Therefore, when the son of his comrade, Wu Liansheng, questioned him, he could calmly talk about the meaning of a hero and the glory of a soldier!

After receiving his order, George Lee turned around and left!

Men shouldn't be so pretentious! After all, they didn't care about life and death. Why would they care about those reputations which weren't even a real thing!

George Lee acted quickly!

With the cooperation of the commander of the Ocean City, Gao Shan, the Holy Light Group was quickly arrested and all their assets were frozen. It was already the time for the decisive battle. There was no difference between being exposed and hiding!

"They're crazy! Why are they in such a hurry?" Carlton Moore shouted anxiously like an ant on a hot pan. "Why aren't you anxious at all!"

Although they had done it flawlessly, but..

After all, they had done it. If any clues were found, the Holy Light Group would definitely suffer heavy losses. At that time, even the Blood Fiend Mercenary Group would be affected!

"Urgent?" Yin Tianchou sat on the sofa with a solemn gaze.

He had deliberately provoked Oliver Walker!

In fact, as he had expected, Oliver Walker's reaction was as fierce as a storm!

"You... Do you know what this means?"

'Calm down!' Carlton Moore roared. "Tianchou, can you calm down?"

“In the past, you were in charge of the central army. You predicted everything like a god. Where did your methods of killing enemies from thousands of miles away go?”

That’s right! Sean Martin had changed too much! It was so big that he was caught off guard!

“I don’t need you to teach me a lesson! If I win this battle, this country will fall into chaos.” Yin Tianchou suddenly stood up.

“They will definitely kneel down and beg me not to let the Holy Light Group withdraw from the American market! Do you think that the Holy Light Group is just the Holy Light Group?”

“Of course not! We represent the thousands of overseas citizen of this country

“Do you really think that the people of this nation do not welcome us?

“Oliver Walker is desperate now. He was like a moth trying to put out a flame! I’m going to ambush you!” Yin Tianchou’s tone was getting more and more excited, and his eyes were even bloodshot.

“Immediately lead the Death God Squad and set up an ambush at the Phantom Bar!”

“Are you crazy?” Carlton Moore roared.

“I will never use the Death God Squad. This is our last armed force here! “Even if you want to die, don’t drag the entire Blood Fiend with you... Uh...”

However, before he could finish speaking, his throat was locked by Yin Tianchou. Because he was suffocating, his face turned red and his pupils dilated! His expression was filled with pain!

“Listen up! This is an order. In front of me, you don’t have the rights to refute what is being told to you!”

Yin Tianchou’s mouth twitched, and his eyes were ruthless. “Tuck your tail between your legs and behave!”

Carlton Moore felt Sean Martin's murderous intent! He clearly knew that this was a lunatic! A complete lunatic!

"I want everyone who arrives at Phantom Bar tonight to die without a complete corpse! You should know what I mean!"

Yin Tianchou's killing intent was revealed. After seeing Carlton Moore nod and admit defeat with much difficulty, he released his hand. "Don't even think about complaining. I'm the one who made Blood Fiend. I'm the one who made those fat nips earn endless wealth !They can't decide my life and death!"

This man was crazy and beyond arrogant!

This was Sean Martin, doing his own thing!

When there was no conflict of interest, those fat pigs were his bosses! But now, he wanted to complete the sublimation of his professional career, and that was to kill the world-famous chaplain!

Therefore, those fat pigs had no effect on him!

Chapter 863: An Exchange

Die without an intact corpse!

Just these four words represented Yin Tianchou's intentions! There was only one way to kill everyone, and that was to bomb them!

"Yes, sir!"

Carlton Moore knew that Sean Martin could easily kill him, so he did not resist! However, the hatred in his heart had already taken root!

If Sean Martin was allowed to be lawless, he would be severely punished!

After all, Sean Martin may have given up with surviving, but he had not! Especially after so many years, Sean Martin had never treated him as a partner, but as a slave.

Everyone had ambition and dignity! He no longer wanted to be a puppet!

If Sean Martin died, he would take his place! Therefore, whether it was for his own life or for his future, he would never carry out Sean Martin's orders!

When he reached the basement, he took out his phone and made a call.

Oliver Walker also frowned when he saw the caller ID, because this number had never appeared in his memory. But after a moment of hesitation, he still picked up.

"I have important information." Carlton Moore took a deep breath and said coldly, "I want to make an exchange with you!"

In fact, in doing so, other than the oppression he had suffered over the years, there was another important point. He firmly believed that Oliver Walker would not die so easily!

Which expert of this level did not come from a mountain of corpses and a sea of blood?

If Oliver Walker died so easily, how could he climb to the peak!

Oliver Walker was silent for a moment before he said, "Speak. What are your conditions?"

Although Oliver Walker did not know who the person on the phone was, there was no doubt that he was a very important person. After all, not everyone could find his number!

He was not someone who would negotiate with him after knowing his identity!

“I’m from the Blood Fiend and we wanted nothing to do with this country.

Everything was done by Sean Martin! I am willing to act as a spy and work with

Mr. Walker to kill the traitor of Blood Fiend, Sean Martin!”

There was nothing wrong with categorizing Sean Martin as a traitor. After all, he didn’t even put the boss in his eyes!

What was the most important thing?

Sean Martin knew that if he really killed Oliver Walker, this country’s nation would not give in. Instead, they would launch a devastating attack in retaliation.

However, for the sake of his own career challenge, Sean Martin ignored the interests of the entire Blood Fiend and the safety of all Blood Fiend members.

This had seriously damaged his rights!

Secondly, was Blood Fiend really innocent?

No! Carlton Moose just didn’t want it to be destroyed like this!

Perhaps after Sean Martin’s death, the open and secret struggles would continue, but...

There was no doubt that Sean Martin was the common enemy of this country and Blood Fiend. This was also the reason why he dared to make a request! "I want to know what you want from me."

Oliver Walker did not know what had happened, nor did he know if the information provided by the other party was correct!

But... It was better than nothing!

Even if it was fake information, he could analyze it and make it easier to defend!

"My condition is to let the Holy Light Group go after Sean Martin dies. We came back sincerely, but we were forced by Sean Martin to do all these nonsense."

Carlton Moore was afraid that Oliver Walker wouldn't agree, so he quickly said, "I think you should know how cunning Sean Martin is after so many encounters. Without my help, you might not be able to kill him in a short period of time."

"If we let him escape overseas, he will be a heartless shark that returns to the sea."

Although he was not as good as Shawn Martin, how could someone who had been Sean Martin's partner for so many years be weak?

These words didn't seem to be anything special. However, every word hit Oliver Walker's heart.

Carlton Moose did not deny Oliver Walker's ability, but he also inadvertently raised his importance. It could be said to have a double meaning!

This man was a real old fox and the person who had forced him to this point was Sean Martin!

Carlton Moose was very nervous.. He didn't know if America's Advisor would agree!

Chapter 864: Good Deed Exposed

“Good!”

Oliver Walker did not hesitate at all. “If the information is true, as long as the

Holy Light Group doesn’t cause any more trouble, I can let it go!” “But the prerequisite is that this information must be of value!”

He didn’t know that the Blood Fiend had really split up internally.

It may be a complete conspiracy! But none of this was important!

The important thing was that Sean Martin had to die! And he would do it at all costs!

“I’m willing to believe that the country’s nation will keep your words. The exchange of Mark Thomas at the Phantom Bar tonight at eight o’clock is a complete conspiracy!

“Shawn Martin ordered me to bury some heavy bombs in the surrounding area. When your men enter the battlefield, he’ll destroy the Seven Stars Gang together with you!

“Of course, there’s nothing I can do if you don’t believe me,” Carton Moore said.

“If we stop it now, we should still be able to make it in time!”

Oliver Walker frowned. Why didn’t he know about this at all?

Freddy Martin, how dare you conceal it?

And this kind of news, as long as one simply identified it, one would know that it was absolutely true. There was no need for Carlton Moore to lie about this!

“I will fulfill my promise, but the premise is that the Holy Light Group must abide by the laws of this country in the future!”

He naturally knew what the Holy Light Group meant. Once they left the country, it would be a huge hindrance to the development of it.

The others who were still overseas would never return! Therefore, it wasn't impossible to let him off!

“Boss!”

At this moment, a melodious voice like that of an oriole sounded. Then, a cold-looking woman in black night-traveling clothes appeared in the living room.

This was Zoey. The highest commander of the intelligence Department!

“It's good that you're here!”

Oliver Walker did not have time to reminisce. After all, it was already 7:50pm. If the information was true, Freddy Martin should be on his way.

“Where are you?” he asked. He wanted to verify the news!

At this moment, Mike and Aiden were still at the wine table. After receiving the call, they immediately replied, “Boss, Freddy Martin sent someone to entertain us. He's drinking outside!”

“What's wrong?”

He had no idea what had happened.

The Black Dragon Sect elites at the table also had a slight change in expression.

“Gather at Phantom Bar immediately!”

Oliver Walker could already tell that Freddy Martin must have acted on his own. Most importantly, this was a conspiracy! If things went wrong, they might all be wiped out!

“Yes, sir!”

Mike was stunned. Although he did not know what had happened, an order was an order.

At the same time, a few members of the Black Dragon Sect quickly stood up with a smile.

“You haven’t drunk to your heart’s content yet. Why are you in a hurry to leave?”

“Didn’t you say that you were going to fight for 300 rounds?”

Their mission was to delay Mike and Aiden. Naturally, they could not let them leave!

“Buttface, you motherf\*cker, tell me the truth!”

Mike’s face turned red.

“Master, you...” Buttface was stunned. “I don’t understand what you mean.”

He was afraid! It was very likely that the matter had already been exposed! However, he still had to force this show to continue!

“Humph!”

Mike kicked the stool away and left the private room angrily! “All of you... you better pray that nothing bad has happened!” Aiden naturally realized that something was wrong and roared!

“Brother, what do we do now?”

Seeing Mike and Aiden slam the door and leave, the subordinates frowned.

The man looked at the time solemnly. “They shouldn’t be able to make it in time. Maybe Mr. Martin has already succeeded.. Our mission is complete!”

Chapter 865: To Earn Respect!

Thomas Corporation villa complex!

Zoey, who had just arrived in Ocean City received a mission before she could figure out what was going on.

“Zoey, I’ll leave this place to you! Remember, guard against any ambush! This is very important to me!” Oliver Walker said with a grave expression.

He didn’t say that his wife and children were all here because he was afraid of adding to Zoey’s psychological burden.

If his speculation was correct, Sean Martin would choose to advance on both lines at the same time, using a diversion strategy.

Phantom Bar might be targeting him! However, they were afraid that they would not be able to kill him, so there would be an elite group heading straight for Thomas Villa.

Although the security here was very strong, it was nothing compared to elites like Blood Fiend. Fortunately, Zoey arrived in time and solved his worries!

“Boss, don’t worry! I’ll do my best!” Zoey immediately stood up straight.

Even though they were not wearing military uniforms now, this was still an order!

“Yes!”

Oliver Walker nodded, got into the car, and went straight to Phantom Bar. During this time, he dialed Freddy Martin’s number several times.

Just as she thought, Freddy Martin, who was eager to prove a point, hid it from him and moved Mike and Aiden away. Then, he turned off his phone and jumped into the trap.

Although he had never acknowledged the Black Dragon Sect, the Black Dragon Sect had indeed impressed him.

The loyal Freddy Martin was also worthy of support! Therefore, he couldn’t just watch as Freddy Martin jumped into the fire pit.

However, the Thomas Corporation villa complex was in the north of Ocean City, while Phantom Bar was in the south. It would take at least 50 minutes to get there. He did not know if he could make it in time. But he had to go all out!

At the same time, at the entrance of Phantom Bar in the south of the city!

Nearly 500 people stood beside the cars! After all, after two fierce battles, the 2,000 elites who had arrived at Ocean City had suffered heavy casualties.

Therefore, other than those who stayed behind to guard Queen's Bar, the rest who were lightly injured and those who were not injured were all gathered!

"Brothers, if you're willing to work for me, you think highly of me! Thank you!

This will be a tough battle," Freddy Martin said coldly. "But if we get Mark Thomas back, I can guarantee that the benefits you get from Mr. Walker will be unimaginable!"

"I won't say anything else! Black Dragon Sect, charge with me! "

As soon as he finished speaking, Freddy Martin entered the Rolls-Royce and led the way! He had to do something that Oliver Walker would respect! He had to bring the entire Black Dragon Sect back to the right path and get rid of their past sins; even if he might die this time!

Since he had become their master, he had to fulfill his duty as a master!

"Kill, kill, kill!"

At the entrance of the Phantom bar, the sound of fighting shook the sky! More than 500 Black Dragon Sect elites rushed into the car and sped toward Phantom Bar!

They didn't need to ask anything because they firmly believed that Mr. Martin wouldn't harm them!

In the Rolls-Royce, Freddy Martin lit a cigarette. The hand holding the cigarette was trembling slightly. There was a trace of confusion in his eyes! This was a gamble, and he was a natural gambler!

In this life, he had gambled many times! Fortunately, they won the bet, which led to the Black Dragon Sect today!

For the sake of his brothers, he had to gamble one last time! He also knew that Phantom Bar was filled with murderous intent, but he had a reason to go!

“Mr. Martin, you... Are you nervous?”

Zhang MO frowned slightly. He had followed Freddy Martin for more than ten years, but this was the first time he had seen Freddy Martin so terrified!

“Yes... Is it that obvious?”

Freddy Martin pretended to be calm, but the trembling in his voice explained everything. He immediately changed the topic. ‘Why did you follow me back then?’”

“My mother had lung cancer and is in urgent need of surgery fees,” Zhang MO said with a frown.

“After that, I joined the Black Dragon Sect.. Although my mother still left, she lived for another two years!”

Chapter 866: The Past

The atmosphere in the car suddenly became heavy. One mentioned a sad matter, while the other had a heavy heart!

“That’s right! How many brothers have chosen this path of no return because they had no other choice?” Freddy Martin lamented.

“I was the same back then! When I was twenty, I was still polishing shoes on the streets of Colorado. Although my life was poor, it was still passable!

“Until I ruined the leather shoes of a big shot I couldn’t afford to offend, causing my life to enter a dark period. I couldn’t afford it, so three of my ribs were broken. My mother, who came to bring me food, was beaten to death.”

“From then on, I swore to take revenge! Later, I succeeded. I killed that bastard with my own hands but then I also embarked on a path of no return!”

Freddy Martin fell into deep thought. Tears welled up in the corners of his eyes. Then, he laughed self-deprecatingly. "Time flies! In the blink of an eye, more than forty years have passed! And now, I still can't decide my fate!"

He had long wanted to retire, but... The moment he entered the path, it was a swamp!

How was it possible for him to retire? How many enemies were watching him?

"Mr. Martin, why are you suddenly talking about this?"

"What happened?" Zhang MO sensed that something was wrong and asked again, "What exactly happened?"

Freddy Martin had always been very kind to his brothers. This was also the reason why the Black Dragon Sect was so united!

"It's nothing!"

Freddy Martin leaned back in his chair and continued to smoke. He looked at the heavy traffic outside the window. "If I could choose again, I would like to be an honest person who was bullied."

His hands were stained with too much blood. Therefore, he could no longer be a good person! Sometimes, a single thought could cause a lifetime of regret. "If I could choose again, I would continue to follow you!" Zhang MO said firmly.

Everyone's choice would be different and this was life!

At the same time, in the Holy Light Group!

Yin Tianchou put on his disguise again, and behind him were ten people dressed in black.

He looked at the time. He was not in a hurry! They had to wait for the Phantom Bar to start fighting before they could attack the Thomas Corporation villa area.

“Oliver Walker, you are my lifelong enemy! For this decisive battle, I have sacrificed a lot! I hope you’re satisfied with my performance this time!” His eyes were filled with ruthlessness!

Even if he won, the fat pigs above would not let him off. Therefore, even if he survived, he would be hunted down for life!

Was it worth it? Of course!

Experts were lonely, and worthy opponents were hard to come by! When they met, they naturally had to decide the victor and also decide life and death!

Only then would it be meaningful!

At the Phantom Bar!

They didn’t receive any guests today. Even the business district within a three-mile radius had closed down. To achieve such a state, it was just a matter of a word from the Seven Stars Gang.

The cold street was filled with a murderous aura!

The Seven Stars Gang had more than 3,000 people lying in ambush in the vicinity! This was the last of their elites.

“Mark!”

Gary Stevens lit a cigarette. He looked worried. “Do you know how many people died because of you?”

I don't know." Mark Thomas, who was surrounded by many members of the Seven Stars Gang, said jokingly, "If you didn't tell me this, I wouldn't have known that I was so important."

Indeed, it made him sigh!

Oliver Walker? Why was this man willing to save him?

What was the relationship between that man and his daughter? A couple? Or did they secretly register their marriage and become husband and wife? His heart was filled with curiosity!

"Are you really not afraid of death?"

Gary Stevens frowned. He couldn't understand how there could be someone in this world who wasn't afraid of death.. However, from the moment Mark Thomas was kidnapped until now, regardless of whether he was tortured or imprisoned, this leading figure in the business world always had a smile on his

face!

Chapter 867: Charge With All Your Might!

"I'm afraid! Of course I'm scared! Who isn't afraid of death?" asked Mark Thomas with a smile.

This question was very stupid!

They were all humans, and they only had one life! He had too many worries!

He didn't have a big ambition like Oliver Walker, but he was afraid that the company would fall into his hands.

He was also afraid that the little princess who had lost her mother since she was young and had been pampered by him would no longer have anyone to take care of her!

So how could he not be afraid?

“Then how can you still laugh?”

Freddy Walker was even more puzzled. As an uncultured boss, he didn't have such a high level of attainment. Naturally, he couldn't understand this kind of smile in the face of life and death!

“I'm laughing because at least there are people who are risking their lives for me! I'm laughing because even if Luna Thomas leaves me, she can still get help from her benefactor. I'm laughing because I actually ended up in the hands of bandits like you! Hahaha...”

Mark Thomas looked up and laughed. It was indeed quite ridiculous. Perhaps this was a wonderful life. You might live a glorious life, but you might also regret it for the rest of your life because of a small misjudgment.

Before the Holy Light Group launched their attack, he did not expect that someone would dare to attack him. Unfortunately, they were really careless.

He would never have thought that Freddy Walker, who was never worthy of being called an elegant person in his eyes, would be the person who decided his fate. It had to be said that life was like a play. It all depended on who was better at acting!

At this moment, the situation was clear!

The Seven Stars Gang had set up an ambush and were ready to fight! Black Dragon Sect's killing intent soared to the sky. They were about to enter the ambush!

Meanwhile, Oliver Walker was also rushing from the Thomas Villa in the north of the city to the Phantom Bar in the south of the city, which was full of danger.

Of course, more importantly, the proud Sean Martin did not believe that Carlton Moore had the courage to betray him.

He was still like a viper lurking in the dark, waiting for the final battle at the Phantom Bar to begin. Then, he would attack Thomas Corporation's villa complex and kidnap Emilia and Olivia Walker as his final life-saving talisman.

Of course, he also didn't know that Zooney, who had secretly arrived under orders, had also led the elites of the elites under her command to set up an inescapable net in the Thomas Villa.

The autumn wind blew, the night was quiet, and everywhere was filled with killing intent!

The Thomas Villa and Phantom Bar were the final places where Oliver Walker and Yin Tianchou fought. Every single one of them was extremely important!

"Kill!"

When the Black Dragon Sect's convoy arrived at the Phantom Bar!

Before Freddy Martin and the others could get out of the car, thousands of people charged out of the deserted street! Because they had been warned by Ocean City Battalion, the Seven Stars gang did not dare to use the firepower that they had the absolute advantage in.

They could only carry machetes, which shone coldly under the moonlight and street lamps, and charge at the convoy!

"Protect Mr. Martin!"

As one of the Eight Great Guardian Warriors, Liang Hao was extremely loyal.

When he felt the killing intent, he immediately brought his men to protect the Rolls-Royce! But at this moment, the car door opened!

Freddy Martin's face was cold. He had a cigarette in his mouth and a machete with a dragon cast on it. He got out of the car. "No one needs to protect me tonight!"

"Kill all these Seven Star Pigs for me. We must save Mark Thomas!"

As soon as he finished speaking, he pushed aside the crowd and took the lead to charge towards the bar's door!

"Mr. Martin!"

Liang Hao shouted and followed after him! Although they didn't even know who Mark Thomas was, they had to save the person Mr. Martin wanted to save!

"Kill!"

The elites of the Black Dragon Sect immediately counter-attacked against the heavy encirclement! The target was the hostages in the bar!

"Clang..."

"Clang clang..."

It was only twenty meters along the way, but it was difficult to move an inch!

Although Freddy Martin was old, he had been fighting all his life. He still had the strength to end the lives of several people.

The white Tang suit was covered in blood! His eyes were as cold as ice!

## Chapter 868: Why Are We Doing This?!

Liang Hao and Zhang MO followed closely behind! Their bodies were all dyed red with blood!

Along the way, people kept falling!

There were people from both Black Dragon Sect and the Seven Stars Gang!

The Seven Stars Gang may have more people than the Black Dragon Sect, the latter have already formed a human shield.

The entrance of the bar became extremely narrow and of course having more people would be an advantage but at this point where they were arm's length from each other, it didn't make a difference.

From the door to the main door, it was a distance of twenty meters! However, the Black Dragon Sect took more than ten minutes, and the number of people dropped from the original 500 to 300.

It could be said that there were heavy casualties. Every meter they advanced required ten people to die!

This was a terrifying number!

“Break open the door!”

Freddy Martin roared. Soon, more than ten people appeared behind the team. They carried the logs and slammed into them.

“Bang...”

“Boom...”

As the door itself was made of tempered glass and metal, it was not too difficult to break through! Therefore, after two hits, the lock was broken!

“Kill them!”

Freddy Martin roared. However, the next moment, when the doors were fully opened, the Black Dragon members around him all sucked in a cold breath.

The bar was filled with members of the Seven Stars Gang! If not 1,000, there were at least 800! In addition, the Seven Stars Gang behind them kept attacking. The Black Dragon Sect was now surrounded.

Facing an enemy that was several times stronger than him, if they continued to fight like this, it would only be a matter of time before the entire army was wiped out.

However, even though they knew that they would die, they had no way out! The two sides once again engaged in a bloody battle!

Perhaps it was due to his carelessness and also because of old age, Freddy Martin was exhausted and could not dodge in time. As a result, he was slashed in the chest by a member of the Seven Stars Gang. Fresh blood instantly splattered everywhere!

“Mr. Martin! Damn it, kill these pigs!”

After seeing Freddy Martin injured, the Black Dragon Sect elites were completely blinded. They had long given up on life and death and only knew how to fight with their full might.

Their fighting spirit was aroused, but the members of the Seven Stars Gang, who had the advantage in numbers, did not want to die like that! As a result, the attack stopped!

Freddy Martin's face was pale. He held the knife in his right hand and supported himself on the ground to stabilize his body. His left hand clutched the wound on his chest, revealing a painful expression!

"Mr. Martin!"

Liang Hao's eyes were filled with tears. He quickly took off his clothes and stopped Freddy Martin's bleeding.

"No, no, no. No need..."

Freddy Martin trembled as he refused. "Save them. Don't worry about me..."

"Yes... Mr. Walker, you have to think highly of me..."

These words pierced everyone's heart!

"Mr. Martin! What's so good about him?"

"If it wasn't for him, would our Black Dragon Sect have suffered such heavy losses?"

"I'm loyal to you, not him! He'll always be an enemy to me! Look at us now! We're in such a terrible state but where is he?!"

"Are the lives of our brothers not lives?"

Freddy Martin's lips were trembling, and his eyes were a little dazed! Of course, he knew that the lives of his brothers were very precious!

However, being loyal to Oliver Walker and getting his approval was the only way to help his brothers.

Their positions were different! Therefore, the situation was naturally different!

Freddy Martin hated it too! But so what?

He was just a piece of trash who could not even decide his own fate! There was also unwillingness, but it was all futile!

“Damn it!”

“Kill them!”

“Three thousand against five hundred! Can’t we handle it?! They’re all just pigs!” Freddy Walker roared..

Chapter 869: Reinforcements

After being reprimanded by Freddy Walker, the members of the Seven Stars Gang began to lose their lives! After all, the Black Dragon Sect was not on the same level as the Seven Stars Gang in terms of skills. Most importantly, Black Dragon Sect was fighting in a foreign land, but they suffered a huge loss every time.

However, it should be related to their two fierce generals. Now that those two were not around, it seemed that the Black Dragon Sect’s combat strength was not that exaggerated.

“Kill!

“Clang, clang, clang...”

The battle had reached its climax.

“Retreat the formation and get closer to each other!”

Liang Hao shouted loudly. There were already very few people. If they were to spread out, it would be no different from sending themselves to their deaths. He really couldn't figure out why the Seven Stars Gang had mobilized such a large force.

This wasn't a battle against the Black Dragon Sect.

Freddy Martin, who was eager to contribute, jumped into the pit. Freddy Martin panted heavily as he looked around. He saw his brothers lying in pools of blood one after another. How could he not feel heartache?

Despair!

However, He was too ashamed to call Oliver Walker for help. After all, he had brought this upon himself! This time, he had lost the bet!

He had won countless times to establish the Black Dragon Sect's status in the underworld. However, he had only lost once and was about to be destroyed.

This was life!

“Hahaha...”

Freddy Martin laughed. In his laughter, there was a hint of vicissitudes. He used all his strength and once again raised the machete that was cast with the dragon. “Brothers, follow me!” Ah..

He stood up! He charged! Then, he fell under the chaotic blades!

“Mr. Martin!”

“Damn it!”

“Avenge Mr. Martin!”

In an instant, the remaining hundred people of the Black Dragon Sect had all their potential stimulated! It was as if they did not care about their lives!

“Mark, did you see that? They all died because of you!”

Gary Stevens had a mocking look on his face because he knew that he would not have a good ending. Regardless of the outcome of this battle, he would suffer crazy revenge. Therefore, now, he and Mark Thomas had the same feeling of being in the same boat and having no choice but to grieve!

“You’re right. They died because of me but it is also because of you!”

Mark Thomas was tied up. He was born into a wealthy family and was still a member of the top society.

However...These despicable brutes that he looked down on were courting death for him!

Life was such a laughable thing.

“Sir! Something bad has happened! The Black Dragon Sect’s reinforcements have arrived !”

At this moment, a subordinate covered in blood rushed into the bar. After shouting, he fell to the ground on his last breath.

“What?”

“Where did the Black Dragon Sect get reinforcements?”

“How many people did they send?”

Freddy Walker’s expression changed drastically. Although he knew he was going to die, he didn’t want to die so early!

“Two...Two...”

After that person finished speaking, he stopped breathing! This sentence also made all the members of the Seven Stars gang heave a sigh of relief. Only two people came. It was simply a drop in the bucket!

“No, no, no. It can’t be them, right?”

Gary Stevens’ expression was ugly. He staggered as he felt two huge murderous auras! This sentence also made the members of the Seven Stars gang, who had just heaved a sigh of relief, fall into anxiety again.

If it was them...

Who could stop him?

The facts proved that the Seven Stars Gang had guessed correctly!

It was Mike and Aiden!

The two of them were both wearing black night clothes. Mike was holding a machete that he had snatched while Aiden had a pitch black dagger. They were like the Grim Reaper, killing wherever they went!

Chapter 870: Gary Stevens Gone

“Gulp...”

“Stop him!” Gary Stevens suddenly stood up and gulped. “Stop him! Stop them!

He, who had become a bird frightened by the twang of a bow, kept pushing his lackeys beside him out. There was no masculinity at all!

In fact, the biggest difference between him and Freddy Martin was that Freddy Martin had started from scratch, so he had always been a hot-blooded man.

Gary Stevens was a son who inherited his father’s business, so he could only do things that bullied others. It was better to kill the others than getting killed himself.

However, the people of the Seven Stars Gang were also afraid! After all, they were two killing gods.

They had no other choice but to brace themselves and charge forward!

“Anyone who blocks us shall die!”

Mike roared like thunder, quickly resounding throughout the chaotic bar! In an instant, the members of the Seven Stars Gang were all stunned! “Lord Thunder and Lord Wolf are here! Our reinforcements are here!”

“Mr. Martin, hang in there!”

For a time, the Black Dragon Sect, which had less than a hundred people, let out an excited voice. After all, they knew Mike and Aiden’s combat strength very well.

This group of fanatics from the Seven Stars Gang simply had no strength to retaliate against the two of them.

“I’ll go save them, you go help them!”

Mike opened his mouth again and was ready to charge towards Mark Thomas ‘position!

“That won’t do,” Aiden said. “It’s my turn to be in the limelight!

“You brat!”

Mike shook his head! They were not nervous at all. After all, this kind of battle was really just a game to them. When the two brothers split up, many members of the Seven Stars gang had already given up on resisting.

They knew that the tables had turned!

“Go! Hurry up and attack!”

Gary Stevens’s face was as pale as paper. He was like an ant on a hot pan, constantly pushing his subordinates into the abyss. Then, he prepared to run!

Take Mark Thomas as a hostage? He did not have the guts to do so!

It was no exaggeration to say that he had already peed his pants! Moreover, it was the kind that would pee while he ran for his life.

“Those who live now will be able to live but those in my way will die!!!!!”

When the brave Aiden shouted, most of the members of the Seven Stars Gang dropped their machetes.

A few of them who were slow to react or did not understand felt a warm sensation on their necks in the next second. Then, they fell into a pool of blood.

“Where are you going, old man?” Aiden asked coldly after getting rid of the people blocking his way.

When the soul-shaking voice rang in his ears, Gary Stevens, who had long been scared out of his wits, trembled all over. He did not even dare to turn around and instantly knelt on the ground. “Big brother... Big brother... Don’t kill me...”

He was so scared that he cried! A shivering corpse with its hands on its head!

“Coward!”

“He’s dead!” Aiden looked at them with disdain. “If anyone of you run, you’ll end up dead!”

He ordered the Seven Stars Gang members beside him. The few of them nodded repeatedly, their eyes completely empty. At this moment, they felt that their souls were no longer there!

What level of expert was this?

Just his aura alone was enough to make it difficult for people to have the heart to resist!

Aiden waved his dagger and cut open Mark Thomas’s rope. “Mr. Thomas, you’ve suffered!” he said politely.

Mark Thomas was also stunned. However, he was the overlord of the Ocean

City for many years after all. He quickly reacted. “Thank you for saving my life. I will definitely thank you heavily!”

Perhaps this was life!

He had thought that he would die for sure several times. Who would have thought that he would be saved just like that?

It was very unexpected! He even felt a dream-like discomfort!

“There’s no need for a heavy thank you! The person who saved you is not me, but my boss!”

Aiden had a straightforward temper. As a cold-blooded killer, he did not care who his boss was.. After all, he had seen or killed many big bosses who were more powerful than Mark Thomas!
