

Chapter 1007

At this juncture, she can't have any more accidents. If she has any more accidents, who will save her daughter?

Regardless of this matter, Elder Shu will definitely be the master for Lanita.

Seeing Moira stepping back, Suzi sneered at Jarod again: "And you, Jarod, do you want to break a finger or a whole hand?"

Jarod: "You..."

At this moment, Suzi's tears flowed crazily.

Twenty-seven years.

Twenty-seven years!

Seeing Suzi crying unscrupulously, Darius behind him couldn't help shouting: "Suzi..."

His shout was extremely apologetic.

Even the parents, who had always ignored this matter, did not stop Darius at this moment.

At this moment, everyone can see it.

What is this called?

If you are sick and need a kidney transplant, should you kidnap someone to donate your kidney?

Is this what you want?

Kidnapping or something that arrives, it's meaningless!

Although Lanita is her own niece, at this moment, Darius's father is not at all facing Lanita's family.

At this moment, Darius said apologetically: "If you want to cry, just cry out. This world is too unfair to you. I will apologize to you on behalf of my grandfather."

"Darius!" Elder Shu exclaimed angrily.

Darius looked at his grandfather coldly.

"Darius! You are too much! Do you know that lying here is your cousin, she has at most one month's life, as a sister, shouldn't you save your sister's life? Just ask, who's in this world? My heart will be so vicious!" Elder Shu looked at Darius with anger.

Darius sneered, but he didn't know what to say.

The old man in front of him is his own grandfather, if it weren't for his own grandfather, he might have blown the old thing's head with a punch now.

People in Quannan say that Mr. Shu is fair and upright, and never bullies the weak.

But what happened to him to Suzi!

Both hands of Darius clenched fists.

The teeth he hated were fighting indiscriminately.

Suzi looked at Darius with a faint smile: "Mr. Shu, thank you for fighting the injustice for me today. You are a good person, and I did not misunderstand you."

"I said a lot of good things about you in front of Galia. I believe Galia will follow you and will never follow the wrong person forever. Thank you, I am very good now and I am in a very happy mood. I have never been so happy before, really."

"Nicky barrier! You are really an unyielding barrier, you are not as good as a beast!" Seeing Suzi saying this, Mr. Shu yelled at Suzi.

He is not afraid of Suzi.

He knew that he hadn't touched Arron's bottom line yet, and Arron would not stand up for Suzi.

The reason why his old man Shu scolded Suzi so furiously here is because of his own plan.

No one knows what his father Shu's plan is.

However, Mr. Shu will let everyone know that Jiang is still hot!

He was right. Arron didn't stand up for Suzi. Ever since he came outside the ward, Arron has never said a word.

At this time, Suzi still said: "Niezhang, Mr. Shu, you and I are not relatives, why do you call me Niezhang?"

"With your father. Jarod!" Elder Shu blurted out.

"My father?" Suzi asked rhetorically.

Then, she looked at Jarod very calmly: "Uncle Lin, I... turned out to be your daughter?"

Chapter 1008

Jarod's face was colorful when asked: "..."

Suzi's tears gathered more and more.

She looked at Jarod with teary eyes: "Uncle Lin, I entered the Lin family from the age of twelve, and I am still the adopted daughter of the Lin family until now. Uncle Lin, you have told me more than once that you have raised me for eight years. ! In eight years, from living expenses to food and clothing, I owe you a lot of favor!"

Jarod said angrily: "Isn't it?"

Lanita cried and laughed: "If I were your biological daughter and you raised me for eight years, don't you think you owe me!"

Jarod: "..."

"I am your daughter! Then before I was twelve, why did you go? Before twelve, where were you when I needed my dad the most?"

Jarod: "..."

"Oh, yes! Even after I was twelve years old, I was sent to your Lin family by my mother, but you never let me call you Dad!"

"You have always been a charity to me. When you are happy, you give me a bite. When you are upset, you kick me out the door when you lift your foot."

Jarod tried to stand at his feet: "I kicked you, not because you didn't do your homework well..."

"I can't do my homework well?"

Suzi questioned: "What I learned in a remote rural area is fundamentally different from this big city. The year I first transferred to school, I didn't

understand it, but it took me only two months. My grades have made up for it!"

"In the exam, I got half of your scores than your baby daughter Lanita!"

"Uncle Lin! If I remember correctly, the worst time you beat me was because Lanita didn't pass the exam, but I got 100 points in the exam!"

Jarod: "..."

It is the most painful moment for Suzi to recall the past eight years in the Lin family.

But at this moment, when she opened the chatterbox, she wanted to vomit quickly.

Twenty-seven years!

Twenty-seven years!

Jarod finally said it personally, she was his daughter.

"Jarod!"

Suzi didn't even call Uncle Lin at all.

She called Jarod directly: "I have lived for twenty-seven years! I didn't know until today that you are my father? Are you your biological father?"

"Will a biological father never give his daughter a birthday?"

"Will a biological father let his elder daughter pick up clothes that your younger daughter doesn't wear?"

"From the day I entered the house at the age of twelve, I was a head taller than Lanita, but Lanita wears small clothes that I want to wear. My dear father, what do you think of me?"

Jarod: "..."

"As a clown? As a pet?" Suzi asked frequently.

"A biological father would drive a car with your family of three, but I, a twelve-year-old girl fostered in your family, had to go to school wearing a down jacket that couldn't even cover my belly button, but I was on the road. My stomach is cold, am I having diarrhea?"

Jarod: "..."

When Suzi said this, Jarod knew all about the scenes of the past.

When Suzi came to Lin's house when she was young, when Moira and Lanita were away, Jarod had the idea of a moment or two and wanted Suzi to call her father.

However, every time he looked at Suzi, Suzi widened his eyes and looked at him in horror.

It's like anti-thief.
