

Chapter 101

"Double the price? Sounds like it's good. It can't be the old woman who takes more valuable things. " Scar man didn't show how happy he was. On the contrary, he was suspicious. This woman's courage is really good. She dare to come here alone.

"The prices are almost the same, but the things Mrs. Li took are of great significance to me. Otherwise, I would not go by myself. Anyway, your main purpose is to pay back the money." Zhao Tong Xin looks at the suspicion on scar face, in the heart a burst of nervous, afraid scar male detect a problem.

"Boss, people are coming." Just out of the two tall men, carrying a look of pain skinny man came in, like throwing garbage general, throw him on the ground.

The thin man bared his teeth in pain, and cried, "Oh, it hurts me so much. Take it easy, brother."

The man nearest to him kicked over and said, "what the hell do you think you are? You're creaking. Take off your mouth first."

Thin man ate pain for a while, holding his head begging constantly, "I'm wrong, I'm wrong, don't hit me."

"Don't hit my son. Please don't hit my son. I'll give it to you. I'll give it to you." Seeing that her son was beaten, sister-in-law Li was distressed. She hurriedly took out the jewelry box from her arms and gave it to the man next to her. The whole person jumped on her son and asked nervously, "hushuo, how are you? Are you ok? Are you hurt anywhere?"

Hu Shuo heard Li Sao's inquiry and cried out discontentedly, "Mom, how did you come so late? I'm going to die of pain." His waist seems to be broken. He can't straighten up because of the pain.

When Zhao Tongxin heard Hu Shuo's attitude towards Li Sao, she felt that she had really lost her sight this time. She even wanted to save this kind of person. Now she's OK, and she's also trapped in it. Her eyes are fixed on the man's jewelry box. She doesn't know what to do. I hope the scarred man doesn't know too much about goods.

"Look, boss." The man took the jewelry box to scar man and opened it.

Everyone's eyes were instantly attracted by the shining romantic heart. They probably had never seen such dazzling jewelry in their life. Even Hu Shuo, who was lying on the ground crying for pain, didn't feel pain when he saw the necklace. His greedy eyes were staring at scar man's necklace.

I didn't expect his mother to work as a servant in such a rich family. I knew he didn't have to be beaten. Like a dog, with this necklace, not to mention gambling debts, there is still a lot of money left.

"Is that what you call a similar price?" Scar man was also shocked by the brilliant brilliance of this brilliant heart. The perfect cutting and natural light powder all show the gorgeous value. It can be said that this necklace can't be found in Jiangbin city. It shouldn't be the second one in the world.

This necklace can not only repay Hu Shuo's money, even if it is ten times more than enough. No wonder that woman is so nervous about this necklace.

"You know that I can have this necklace, and I certainly have the capital to protect it. If I were you, I would accept my second proposal. You can get the money and I can get the necklace. We are at peace." Zhao Tong Xin now can only change another way, hope this man can have scruples.

It's not the jewelry that ordinary people will own. She can take it out. There must be someone behind. Scar man has to weigh whether it's worth it.

"It's true, but women, don't forget that the one who does our business is not licking blood on the edge of the knife, holding his head in his belt, ready to fight with others at any time. Do you think I'm afraid?" The scarred man's index finger carries the necklace and puts it under the bright light. The more you look at it, the more you like it.

"I know you are in this business, but compared with money, is money important or life important? I think this gentleman should know in his heart that if you don't use force, why should you bleed? Or do you think you can sell this necklace safely if you take it away? "

Zhao Tongxin wants to use this to persuade scar man. Scar man is not afraid of making trouble when he opens a gambling house, but there is no need to use force. Who is willing to be thankless.

"Boss, don't talk nonsense to this woman. This necklace has been sold in the black market. It's estimated that we can't spend it all our life. Besides, who dares not to give us a little face in black and white? At most, she is the old man's junior outside." The fat man, who was kicked to the ground, saw the necklace in scar man's hand and didn't remember the pain. He was afraid that scar man would be convinced.

"Do you have your share here?" Big gun tiger with a face, the fat man's stamina up, thanks to his strength, force a pull, 180 Jin fat man, was thrown outside the door.

"Boss, you see, what do cannons do? I do it for everyone's good. Don't you think so?" Fat people don't believe that people present are not interested in this necklace. As long as they have this necklace, can they worry about food and clothing in their life?

If you don't want to have a good life, you need to work for others. If you are not careful, you may catch up with yourself.

Sure enough, many people's eyes all look at scar man, but no one dare to ask like a fat man.

"If it wasn't for your sister, now you may not know how to farm in that corner, and dare to encourage others here. Hehe, while I'm not so angry now, roll as far as you can, if you let me see you in Jiangbin city." Scar man turned to face the fat man and said with a sneer:"The first time I break your leg, throw it out, if I can climb back, it's OK. The second time I break your hand. If you don't want to die, be honest

with me."

Fat man's face turned purple, mixed with anger, inferiority and fear. He was able to come to the big city for development because his sister had the opportunity to sleep with a man. This kind of thing was pointed out face to face. He had no face at all, but he didn't dare to talk back.

While reaching out and slapping himself, he flattered him and said, "boss, it's because I'm cheap and I don't know the rules. It's not the first time I've made it. I dare not do it in the future."

In the future, when he has a chance, he must let those who despise him die.

Scar man looked at the fat man disdainfully, turned around and looked at Zhao Tongxin again, "woman, you're really not so clever. You almost moved me, but it's a pity. I can't move you, but I have to wait for me to deal with this necklace."

Hu Shuo listened to scar man's tone, the value of this necklace must exceed his expectation.

The more he thought about it, the more heartache he felt. If he was allowed to sell it, how good it would be to pay back the money. Now that the necklace is in other people's hands, he has no choice but to discuss and say, "if you sell the necklace, you can not only pay back the money I owe, but also buy it with your casino. I don't want more, just give me one tenth of it."

Sister Li bowed her head and supported Hu Shuo with both hands. She didn't say a word. She seemed to acquiesce to his words. If she could get the money, they could move out of Jiangbin city and live a carefree life.

Zhao Tong Xin looks at Hu Shuo and Li Sao's tacit expression. He feels extremely ironic. His kindness is undoubtedly slapping his face like a slap, which makes her feel ridiculous.

Now it's really good. Not only can't take back the necklace, but also people can't go with her. If Jin Zhengting knows what she's doing, she must be stupid.

Scar man didn't expect that Hu Shuo was still thinking about money in this situation. He said to him in a scornful tone: "people's heart is not enough, snakes swallow elephants. Hu Shuo, I know why you become a rotten gambler. If you have such a kind mother, you are lucky or unfortunate."

Looking up sarcastically at Zhao Tongxin, the meaning in his eyes is very obvious. He can see clearly the people he helped. He is disgusting and greedy. He doesn't feel regret.

Zhao Tong Xin will look away, not willing to see scar man's expression, is worth her thing, even if it is wrong, she can also be regarded as worthy of her conscience.

"I owe you 10 million. Even if it turns into 20 million, this necklace will be enough. There will be a lot more. I didn't say how much, but it's not too much to ask for one tenth." Hu Shuo said of course, with

this money, he can be everywhere natural and unrestrained, but also buy a car to buy a house, how good.

Scar man disdained to speak, food command for a while, immediately behind someone understanding, rude pull Li sister-in-law, to Hu Shuo is a violent beat, while playing, said sarcastically: "you still want to take money like this, I don't think you want to well, also don't look at their own what things, dare to talk about terms with the boss."

"The first time I saw a man so cheap."

One punch after another on Hu Shuo's body, Hu Shuo immediately cried in pain, "I'm wrong, don't fight, I dare not ask for money, mom, please help me, I'm going to die, I'm going to die, mom."

Mrs. Li listened to Hu Shuo's call and tried to squeeze in to stop two tall men. But she was too old to squeeze out. She was also hurt and numb. When she saw Zhao Tongxin, she fell on her knees.

A snivel, a tear pleaded, "madam, I beg you, save my son, I know our mother and son should not be greedy, I really know wrong, please save him, if this goes on, he will really die."

"My poor son, please let him go. Let us go. We don't want any money."

Zhao Tongxin wanted to ignore Li Sao, looking at her white temples and constantly kowtowing in front of her. He couldn't see it. He said aloud, "I don't think you need to play. Let them go. I'll stay."

Scar man seems to expect Zhao Tong heart will plead, said sarcastically, "woman, you are really not the general bad man."

Zhao Tong Xin didn't look at Li Sao, but said to scar man, "you don't have to worry about it. You can say that you can't let people go."

"If you get the money, why don't you put it away? However, when the necklace is changed into money, you are saying, throw these two people to the black room for me and look at them

"Yes, boss." There were four men standing behind scar man. Regardless of their shrieks, they dragged Li Sao and Hu Shuo out.

Chapter 102

"You just wait here. You'd better not think about escaping. I won't tell you the consequences." Scar man put the necklace back into the box, put it in his arms, and said to the cannon beside him, "watch her for me. If you run away, you will die."

The cannon nodded his head and said, "I see, brother."

Scar man with the rest of the people, left the house, only cannon and fat man, and two other young men.

Zhao Tong Xin knows that she can't leave, and doesn't want to make unnecessary resistance. Although the scar man looks fierce, she should not be a rebel. She finds a place in the room and sits down to wait.

Silent sigh in the heart, now this time, Jin Zhengting must go home from work, also don't know if he knows his accident.

At that time, Jin Zhengting was sitting on the sofa with a gloomy face. In front of him stood several men with the same serious look. His cold voice did not change, but it made people shudder, "say, people."

Now the alarm clock on the wall points to 11 o'clock. He has been back to the villa for four hours, and his woman has been missing for four hours, and has not been found.

Cold spread in his chest, as if to swallow everything.

Rong Lei looks guilty. If it wasn't for his carelessness, he wouldn't let Zhao Tongxin cheat him. Facing the boss's cold expression, he thinks he has no face to see others.

"Boss, it's all my fault. I didn't take good care of Miss Zhao."

Jin Zhengting didn't look at Rong Lei either. He asked another woman who passed on the black clothes, "spoon garden, you say."

Shaoyuan knew that Jin Zhengting was angry, and his voice became more respectful. "Boss, I've sent someone to check. I just got the news that Miss Zhao may be in Dongli District, and I'll check the specific location."

We can only blame Rong Lei for his carelessness. This kind of low-level mistakes will be made. It's strange that the boss is not angry. If we don't investigate now, it's because the person hasn't been found. We don't know whether it's hurt or good. If the person is OK, it's easy to say.

If Zhao Tongxin is injured, Rong Lei's skin can be a little tighter.

Jin Zhengting cold request, "ten minutes, I want to know the specific location."

"Yes, boss." As soon as she was nervous, she didn't dare to delay. She immediately went to the side and took out the phone to urge her. If there was no news in ten minutes, she didn't dare to think about the consequences when she waited for the boss to do it herself.

Rong Lei can only stand aside and grin bitterly. What else can he say? It's all his carelessness. There's nothing wrong with boss's anger. I just hope Zhao Tongxin can be safe and he can be better.

He can't believe that if Zhao Tong's heart is injured, his skin may be pulled more than one layer. He's not afraid of punishment. He's afraid that boss's silent and indifferent expression and invisible pressure will make his heart suffer.

Rong Lei hopes to find Zhao Tongxin's position immediately. He likes to commit crimes.

Ten minutes is usually just a snap of the finger, but now in the living room, except Jin Zhengting, everyone feels that one second is as long as a century.

Jin Zhengting's cold air accumulated more and more, and their faces became more and more tense. The sweat on his forehead was already sweating, and some of them slipped down his skin. None of them dared to stretch out his hand to wipe it, but straightened his back.

Spoon garden looked at the time is only one minute, the phone has not ring, eager to replace the person who does things.

Jingling - jingling - the phone rings. For the first time, Shaoyuan felt that the monotonous ringing of her mobile phone was so wonderful and comfortable. She couldn't wait to get through the phone. Without waiting for the report from the other people, she immediately asked, "come on, where are the people?"

"Spoon, spoon sister, people found it. It's in the casino in Dongli District." The people over there were startled by the excited tone of Shaoyuan. They were all stumbling. They used to think that Shao Zi was so cold, so how could her voice suddenly change.

"Well, immediately arrange for someone to guard at each intersection for me. If I run a fly leg, I'll lift your leg to make up the number, you know." Spoon garden quickly explained, directly hung up the phone, big boss is still waiting for her reply.

The man on the other end of the phone, listening to the tone of Shaoyuan, didn't seem to be joking, but also looked serious. He yelled at the people of more than ten black cars behind him, "you should pay attention to me and guard every intersection. If there is a fly leg running out, I will unload you directly without waiting for the spoon sister to unload me."

"Do you hear me?"

All of them answered in unison, "I see."

Shaoyuan quickly walked to Jin Zhengting and said respectfully, "boss, people have found the casinos in Dongli District. I've asked people to block every intersection, so they won't have a chance to take people out."

"Go." Jin Zhengting didn't talk nonsense either. His tall figure stood up. His cold and fierce breath made all the people waiting in the living room tremble. They knew that the boss was really angry this time. The person who dares to move Zhao Tong's heart had better have three heads and six arms. Otherwise, it

won't be very good-looking.

Outside the door, the car had been waiting. Jin Zhengting stooped to sit in. Without him opening his mouth, the driver in front of him started the car and drove away from the villa quickly. In the gambling house, there was chaos. All the people were stuck in it for no reason. They wanted to find the owner of the gambling house, but they were all blocked in the hall and could only stare at each other.

Some bad tempered people throw all the tables and chairs on the ground. Pai Gow, dice, coins are all over the place. None of the waiter in the casino dares to maintain them.

I can only stand by and watch.

"What's the matter? Why don't you let us out? What do you want to do?"

"You are being held illegally. You know what? Don't think you know a little bit of people and dare to shut us up. Do you know who I am? Let me out of here."

"Scar, if you don't let us out, I'll smash your old gambling house. Come out quickly and let us out."

In the monitoring room, scar held a cigarette in his mouth and kept smoking. His whole brow was wrinkled by his irritable mood. The scar on his face looked even more frightening. He stared at more than a dozen monitoring screens and saw what those people said and did.

I didn't expect that the man was so fast that he found here. He wanted to get rid of it first. He was trying to find a way to go abroad for a while. Now he could only disrupt the plan and control Zhao Tongxin first.

"Boss, the door is blocked by a group of people in black suits. As soon as our people go out, they light up the guys in their hands. We don't have so many weapons, and we dare not go out." The men in the report are covered with cold sweat. They are just big hands of the gambling house. At most, they are holding knives, sticks, sticks and so on. They have never seen any real guns.

It's also the first time I've faced this situation. I'm afraid I don't know what to do.

Scar man glared at him and said: "a group of rubbish, what are you afraid of? Ask other guys to take them and guard the door. The woman is in our hands, and they dare not act rashly."

He's waiting, waiting for the man to show up.

Scar man turned his eyes to the frequency screen again and said to the operator, "the monitor at the door will come out for me."

"Yes, boss." The operator clicks the mouse a few times and quickly switches the picture at the door.

When scar man saw the situation outside, he hammered the table with both hands and scolded, "I grass, Jin Zhengting, you are so cruel that you dare to come here with a gun blatantly."

He saw that the whole street was scattered by Su, and there were people standing guard at every intersection to keep away the curious eyes of other people. There were only twenty people guarding the casino with guns in their hands, but it was enough to blow up his old nest.

Now it's not as simple as selling the necklace. It's hard to save his life. He still doesn't trust those people to guard Zhao Tong's heart. Now that woman is his protector. If anything happens, he will be responsible here.

Zhao Tongxin doesn't know that because so many things have happened outside, she is still thinking about how to muddle through when she meets Jin Zhengting. She is really afraid of the man's "inhuman" means. Yu Guang glimpses the cannon with a mobile phone and looks at it tenderly.

As soon as I pick my eyebrows, the man doesn't look so bad. Why do I have to do this kind of fighting? Since I have a beloved, I should cherish my life more.

Maybe she can talk to him, maybe he can let her go.

"You call it cannon, don't you?"

The cannon put away the gentleness on his face and answered without any emotion, "what do you want?"

"I think you should have someone you like. Why do you want to do this business? Anyway, we are also closed. It's better to chat and pass the time." Zhao Tong Xin did not dare to directly ask the cannon to let her go. He wanted to start chatting and let him relax his guard.

"You think everyone is like you rich people. You can live whatever you want. If I don't work hard, you won't understand what she eats, drinks and spends." Cannon's disgust for rich people is clearly shown in his eyes.

At the door, he thought that Zhao Tongxin was a rich woman in the family and went to find her husband. He didn't expect that her background was so complicated that even the eldest brother worried a lot.

"Who says that I want to live what I want? You are not me. Why do you make such a conclusion? Many times, some things are beyond your control. The reality of society is cruel. I think you know it very well." Zhao Tongxin was bored by a sentence from the cannon, and his mood of chatting was gone.

She would rather return to the ordinary life, rather than the gorgeous coat, lonely life without help, she is also timid to now, even if it is to sleep, also afraid to show his tail.

"Ha ha, don't make fun of it. If you can afford this necklace and feel that life is poor, then we who take

life to fight are nothing." Da Pao just doesn't believe what Zhao Tong Xin said. What she wears is probably his monthly salary, even several months, half a year or even a year.

How can people like her understand their hearts? They can only stand and talk without backache.

Chapter 103

"Cannon, don't talk nonsense to this woman. I'm going to let her go anyway. Let me check whether she has any other jewelry on her body and take out one or two. We don't have to worry about food and clothing." The fat man was honest for a while, and his mind began to move again.

There are no other people here, as long as a few of them don't say, who will know.

In addition to the cannon, the other two people are also interested. Jewelry is not a joke. They may not be able to afford it in their life. Now there is an opportunity in front of them. If they really find it, they will never have to worry about it.

Zhao Tong Xin looks at the fat man's greedy eyes, and her heart is awe inspiring. She can't help looking at the cannon face. If even he agrees with the fat man, she can't escape.

"Dead fat man, don't you hear me? Tell us to look at this woman. Even if she has something on her, if you dare to take one, I'll cut off your hand now." Artillery is not indifferent, but he understands that some money can be taken, some money is to use life to return, scar is so afraid of this woman.

Now go and search her. I don't want to live.

When Zhao Tongxin heard the words of the cannon, he relaxed a little. At least the cannon had a little conscience.

"Cannon, if you can't get along with money, I don't care about you, but if you want to stop us from getting rich, don't blame us for being rude." Fat man looked at the cannon oil and salt does not enter the appearance, eyes, to other people said: "brothers, if you do not want to work for people all your life, help me to subdue him."

The other two men looked at each other and thought it was feasible. Now it's three on one. Even if their Kung Fu is good, they can't beat the three of them.

"I advise you not to touch me. I'll tell you that if I don't have any jewelry on me, I'll take it. Do you think you can get out of this door with it? I'm afraid if I don't go out, I'll be caught by the scar man." Zhao Tong Xin stood up and said coldly to them, "I think you know the end in your heart."

She can't wait to die. The longer the delay, the better for both of them. Three against one, the chance of success is not big. Zhao Tongxin also saw from the fat man's eyes that he was greedy and immoral. If he was knocked down, the consequences would be even worse.

The two men who were ready to start, the figure stopped for a moment. The woman was right. Even if she took the jewelry from her, she could not take it out. Moreover, she also said that she had no jewelry. Now if she started, she would not even have the chance to regret it.

"Don't be fooled by this woman. If you take something and leave, scar won't find it. If you are hesitating, I think you'll be a servant all your life." The fat man looked at the two men's indecisive expression, and cried to Zhao Tongxin: "bitch, I'm saying, look, I won't kill you first.

"You two think you can beat me?" Artillery understand Zhao Tongxin's meaning, is also a tiger with a face, staring at two people, he may not lose a pair of three, but I'm afraid of three people jumping off the wall, when the time comes.

"I don't care about the two of you. If you don't pull down, the jewelry will be mine. Just watch me take it." The fat man looked at the passing of time and was afraid that the scar would come back soon. Regardless of the two men, he took out a folding fruit knife from his waist, made a few strokes in front of the cannon and strode to wave it.

When the other two saw that the fat man had weapons in his hand, they felt that they had a better chance of winning and could do it. The big deal was that they would not go back to Jiangbin city for a lifetime. Together, they rushed towards the cannon.

The cannons dodged the fat man's knife and the other two men's fists. They were beaten several times. With a wave of their hands, the cannons were more skillful than their disorderly waving.

Zhao Tong Xin looked at the whole heart are up, not long after she looked at the cannon has begun to struggle, hands and backs are cut by fat, fresh blood everywhere.

As soon as the cannon was about to fail, the gate was kicked open with a thump. Scar was followed by more than a dozen people and quickly separated the three. Scar came in, looked at the fat man and sneered, "give you a chance. Don't blame me for being cruel, fat man."

"No, boss, I'm wrong. I'm really wrong. They forced me to do it. I don't want to, but I can't help it. Boss, I'm really wrong." The fat man saw the ruthlessness in scar's eyes and pushed everything to the other two.

The other two subdued men, staring at the fat man, yelled,

"dead fat man, it's you who encouraged us, and now you blame us."

"You're bullshit, fat man, you dare to harm us."

Scar impatiently pulled out his ear, said: "I don't care who you encourage, my scar taboo you don't know, don't blame brother, I'm merciless, drag out, I don't want to scare this noble guest." Scar took a

look at Zhao Tong's heart.

"No, boss, please give me another chance..." Before the fat man finished speaking, he was pulled out with two other people.

As soon as the door was closed, in less than a minute, there were three shrill screams outside, which passed through the heavy door and reached Zhao Tongxin's ears. Her face turned white. Scar's ruthlessness was to let her understand that it was better to cooperate with him, or she might be next. Scar took a look at the bloody cannon and said, "cannon, you do it first, and then bandage it. This time, it's very good. When this problem is solved, you will follow me."

"Brother, I know." The cannon nodded, sat aside and cleared the wound.

Scar approached Zhao Tongxin. His eyes seemed to be looking at some strange animal. He walked around her and said with a grin: "Zhao Tongxin, do you know that your man is going to take my nest for you?"

"What do you mean, and how do you know my name?" Zhao Tongxin stepped back to open the distance between the two people. She didn't mention her name when she came, and sister-in-law Li didn't say who she was. How could scar know her name.

"Do you think this looks familiar?" Scar man's smile remained unchanged, but it was even more frightening when he put it on his fierce face. He took a ring from his pocket, put it on the top of his little finger, put it in front of Zhao Tongxin's eyes, and then rubbed it in his hand.

"It's you." Zhao Tong Xin is very familiar with the ring in front of her. This is the ring she exchanged with the masked man that day. It's also a pair matched with romantic heart. Unexpectedly, the scar in front of her is the masked man that day.

No wonder scar looked at her with a strange look as soon as she entered the door. At that time, she just thought scar had another purpose. She had recognized her for a long time.

Scar ignored Zhao Tongxin's shock and said with an evil smile: "yes, it's me. You see we are so predestined. Last time I was able to get rid of Jin Zhengting, do you think I can get rid of Jin Zhengting this time?"

Last time, it's good that he sold quickly. Jin Zhengting didn't notice it. He was also worried for a few days. After that, there was no news. It should be that Zhao Tongxin didn't tell Jin Zhengting about the ring.

Fate sometimes really can't say, it wasn't long before he met again, this time the things he got were more valuable.

"You ask me that because you have nothing to do, otherwise you won't come to say these words to me.

Now you only have me. Do you think I am right?" Zhao Tongxin was just surprised for a moment, and soon regained his composure. Since scar said that Jin Zhengting was going to take care of his old nest, things must be too difficult for him to deal with.

I can only say that in front of her.

"Do you know that women are too smart for men to hate?" Scar's face was cold, and his big hand stuck Zhao Tongxin's neck directly. He raised it slightly. Looking at her face turning red, she felt better.

"I want him to spit out ten times as much as he damages me. If he is willing to do this for you, you should be happy. After all, if you don't even have this value, then the end is just my plaything, or I will be the first one."

Zhao Tongxin is stuck in her throat, breathing hard, and her face turns red and white. However, she doesn't beg for mercy. Her smart eyes look at scar sarcastically and strangle her, unless scar doesn't want to live.

Want to see her face in panic? Sorry, it can't be.

Scar looked at Zhao Tong Xin's fearless expression and said with appreciation: "enough flavor, I like it. No wonder Jin Zhengting will take a fancy to you. If I know you first, I will make you my woman."

"Well, would you like to think about it?"

Zhao Tong's heart fell to the ground when his big hand relaxed. He really appreciated her courage. She was not only smart but also smart. She was worthy of being his woman.

"Cough, do you want to make jokes again? Now you are still in the mood to say this. Let me go and I will plead with him for you. Maybe he will let you go." Zhao Tong Xin rubbed his throat and coughed several times. He couldn't help scolding the scar in his heart. There was something wrong with his brain. If he asked her to be his woman, she would not agree.

"I don't know what it means to bow my head after my scar has lived so long. I think you should give up the idea. Do you think Jin Zhengting will listen to you and let go of the people who offend him? I don't think you've ever seen that man Scar suddenly had the interest to speak.

Jokingly said: "you think I'm cruel to their means, compared with Jin Zhengting, it's just a small Witch to see a big witch, his means is much more cruel than me, I think you will see it later."

Zhao Tong's heart is silent. She has always understood that Jin Zhengting can turn his hand over in Jiangbin city to cover the clouds and the rain. She has no means to stand up to the forces. Whether it's bloody or dark, she doesn't want to ask or know those things.

She only knows that man's tenderness to her, what does it have to do with caring about her and other people.

Chapter 104

"A woman is a woman. She only knows her feelings, so a woman can't achieve great things." Scar looks at Zhao Tong's calm expression. Unfortunately, he shakes his head. He thinks that she is different. He doesn't expect that she is the same as an ordinary woman, but she is smarter, not just thinking about the so-called love.

It's ridiculous. For a man like Jin Zhengting, emotion is nothing in his eyes. If a man has emotion, he has weakness, which is equal to giving half of his life.

This account is simple and easy to calculate, a man will not be so stupid, how many men in the world love beauty, do not love Jiangshan.

Scar did not look at Zhao Tongxin when he finished. He heard the heavy footsteps at the door, not slow, but every step clearly spread to his ears, like stepping on his heart. The feeling of oppression followed.

His face is a positive, to the people next to make a look, indicating that they catch Zhao Tongxin her side.

Next to the man nodded a head, a left and a right will Zhao Tong heart frame up, don't let her move.

Zhao Tong Xin knew that he could not get rid of it, so he did not struggle. The steady footstep outside the door stopped, and the tension inside the room rose to the highest point. Outside of her, everyone unconsciously swallowed a mouthful of saliva and stared at the door tightly.

As if the man outside the door was the Reaper of hell.

The door of the room was twisted open. A man in a black suit opened the door first and stood waiting for the people behind.

Jin Zhengting's tall figure came in, and the oxygen in the air seemed to be taken away with him. In addition to suffocation, it was suffocation. His indifferent expression didn't fluctuate until he saw Zhao Tongxin set up by a man. His cold eyes changed a little, either cold or cold.

That kind of bone chilling, just one eye, holding Zhao Tongxin's two men, quickly climbed up a layer of sweat behind, almost threw Zhao Tongxin out, because of tension, hand strength is greater, Zhao Tongxin feel arm pain, can't help but frown.

She didn't dare to say a word or look at Jin Zhengting's direction. Even an idiot could feel Jin Zhengting's anger at the moment, which was enough to destroy any enemy.

After all, scar has been in the society for many years, and has experienced all kinds of storms. Although

he is also awed by Jin Zhengting's terrible breath, he knows that he can only show weakness now, and finally he can only be a dead man, so he can only harden his head and say: "Jin's speed is really fast enough."

When Shaoyuan saw that it was scar, he called and scolded him impolitely: "I said who wanted to die so much. Scar, you have a happy life. If you want to die, you can come to me directly. I will definitely help you."

She thought it was someone who took Zhao Tongxin away, but she didn't think it was scar. She had some means, and she dared to fight hard. But after all, she was a little capable in Dongli District. She couldn't put it in other places.

If I had known it was scar who made them lose face in front of the boss, I don't think we need her. Rong Lei is the first one to rush over and kill him.

"Spoon elder sister, long time no see, temper is still so violent, don't know winter elder brother can stand it." Scar looks older than Shaoyuan, but many people still know the seniority in the circle and the name of Shaoyuan.

Therefore, he is not at a loss.

"Go away, don't give me this. I advise you to let people go first. Don't make your aunt angry and break you." Shaoyuan's personality is hot and forthright, and she has no scruples in speaking. A woman who can be famous in the underworld has no ability to be taboo. She has long been swallowed by others, and even has no bones left.

"Sister spoon, maybe not this time. If I let her go, what will I do with my life and my loss?" Scar's good play is talking to Shaoyuan, but his eyes have been staring at Jin Zhengting.

"You dare to hold on, boss people, but also want to lose, you really dare to mention it." Shaoyuan thinks that if you put a wing on scar, he will be able to go to heaven. If you buckle the boss, you still want to make up for it. It doesn't mean that the tiger pulls out its teeth and thinks it's too late to die.

Scar asked directly this time: "Mr. Jin, what do you think you should do?"

Jin Zhengting just stood, let everyone short his head, his deep vision has been looking down at Zhao Tong Xin, found that she was not hurt, a little relaxed in the heart, eyes touched her neck eye-catching red horizontal, eyes kill a flash, soon into the dark when.

Slowly will line of sight a lift, looking at scar, low voice such as ice piercing, "your condition."

"Mr. Jin, he really understands." Scar was staring at by Jin Zhengting's cold eyes, and suddenly he felt cold all over his body. Jin Zhengting's eyes were as cold as looking at a dead man. When he looked at them carefully, he found that in addition to the endless darkness in his eyes, it was cold and frightening.

He just didn't let himself back down and said, "Mr. Jin, I know it's my fault this time. However, I didn't do anything about her. My conditions are not high. You have to send me out of Jiangbin city. After I'm safe, I'll let her go and prepare a sum of cash for me to take away. These two conditions are not difficult for you."

Jin Zhengting's tone remained unchanged, coldly said: "I always have a lot to say, people put it first, I will let people prepare things, otherwise you know the consequences." "Well, I agree." Scar knows Jin Zhengting's name is a guarantee in Jiangbin city. Even if anyone will turn back, he can't do it as long as he comes out of Jin Zhengting's mouth. As long as he can get Jin Zhengting's words, he is half relieved and waves to the people next to him to let them go.

However, the situation suddenly changed. I don't know whether the two people were too nervous or too scared. Holding Zhao Tongxin's hand, they not only didn't release it, but also locked it with more force. Besides being nervous, they were also excited.

Scar is aware of something wrong, fierce eyes directly staring at two people, "what's the matter with you two."

"Boss, can't you see what's going on? If you get the money, you can still go. What can we do? Jin can always let you go. Can he let us all go?"

"Yes, we have to think about it for ourselves. Although the boss is good to us at ordinary times, we should not blame him for his unkindness in life and death."

"You two are against you." Scar man immediately took out his gun to the two men. Unexpectedly, before he left, he was trapped by his own people, which made him have the heart to kill.

These two idiots, before he left, would certainly leave a sum of money for these brothers. After all, they have been with them for so long, and he has not yet reached the stage of indifference. What's more, as long as they are honest, Jin Zhengting can't be in the mood to deal with them. He can shrink his sense of existence as much as he can.

Now I want to die.

However, scar man forgot that Jin Zhengting's character is that he will get revenge if he has a grudge, and he will give it back ten times and a hundred times. Others may suffer less, but he will never get around so easily if he dares to attack his woman.

The two men saw scar and took out a gun. They also took out a gun from their waist and put it on Zhao Tongxin's temple and said, "boss, you'd better let the gun go. If my younger brother accidentally wipes the gun and goes off, it won't look good."

Zhao Tongxin only felt that the muzzle of the gun was close to her skin. Her hair was cold. Her first close

contact with the gun was the first time to face the plight of death. Her eyes could not help looking back at Jin Zhengting.

Heart seems to be afraid of want to jump out of the throat, but the line of sight firmly lock the man, see him, the heart for no reason to relax, as if as long as he is in, everything will be OK.

"Damn, you two idiots, let me go." Scar not only felt ashamed, but also afraid. Even if Jin Zhengting just came in, he was not so afraid. Until he saw these two men pointing guns at Zhao Tongxin, he was afraid.

It's not that Zhao Tong's heart is dead, but that Jin Zhengting will not give up now.

Jin Zhengting's deep dark eyes tightened tightly, and soon let go, said indifferently: "together."

"I want a car, 20 million in cash, ten minutes to be ready, no chasing us, no tricks, or I'll kill this woman." One of the men wanted to knock Zhao Tong's head with a gun to intimidate Jin Zhengting. Forced by Jin Zhengting's icy sight, he couldn't lift his hand to knock down. He put it down and didn't dare to fight down.

Without Jin Zhengting's command, the spoon garden on one side took a cold look at the two men, waved his hand behind him, and asked the others to prepare immediately. On the other hand, he wanted to see if there was a chance to save people.

"The short man holding Zhao Tongxin said excitedly: brother, the money is really easy to earn, 20 million, we can't spend it all our life."

In his life, he had never seen 300000 yuan, and 20 million yuan was as far away as an astronomical number. If he really wanted to get the money, he didn't know what to do.

"Fool, 20 million is only a drop in the bucket to them. If it's not for the urgent situation, they can't get the check, they can get more money." Tall men do not avoid other people, but also quite complacent education from short men.

Scar did not say, in the heart sneer, have life to take this money, also want to have this life to spend, even if give you a hundred million, you also can't spend.

In less than ten minutes, Jin Zhengting's people were ready for money and car, waiting at the door.

The two brothers have been following scar for several years. They know that they have to hold Zhao Tong's heart tightly so that they can survive. They control their strength to the maximum. No matter whether Zhao Tong is distressed or not, they drag her body and say, "go, cooperate, you will suffer less."

Zhao Tong Xin only felt a burst of pain from her wrist. Her eyebrows were not wrinkled. She was biting her lower lip tightly. She didn't let herself dig out a word. It was all caused by her carelessness.

This pain is regarded as the interest of punishment. Next time, she must not be such a bad person. She not only hurt herself, but also hindered Jin Zhengting.

She felt guilty in her heart, and there was water in her eyes.

Jin Zhengting looked at Zhao Tong's expression of forbearance, and his eyes were slightly red. His heart seemed to be pinched by someone. His indifferent face was always cold, and his low voice said, "don't be afraid."

Zhao Tong Xin nodded. She was afraid that her tears would fall as soon as she opened her mouth. She was not afraid at all. She just felt very guilty. If it wasn't for her, these things would not have happened.

Chapter 105

The two brothers dragged Zhao Tongxin back and let her stand in front of them in case someone cheated them. They stood together in the corridor, looking a little crowded and walking much slower.

Jin Zhengting walked behind with thin lips and a cold face. His tall figure was like a mountain. The invisible cold air made people around him feel more stressed and heavy.

All the way to the door, the two brothers were soaked in cold sweat on their backs, and they couldn't help wiping the sweat on their foreheads. The gun in their hands was about to be lost. Fortunately, the door was close at hand. As long as they got on the bus, they would be safe.

"Well, everything is ready. Let the people go." Spoon garden is about to be sent out by the boss of the cold to frostbite, want to rush past instead of Zhao Tong mental calculation.

But she knew that even if she was pinched, the boss would not blink.

"This woman can't be released like this. She's our talisman now. When we get out of Jiangbin City, we'll release her naturally." Tall men are not stupid. They will be released now. Jin Zhengting will definitely not let them go.

"Let's go, get in the car and wait for a fight." Short man also when Zhao Tong Xin is his former work when the prisoner, tone bad urge, hand also followed push Zhao Tong Xin.

Zhao Tong Xin's hands were held by people, and his body was not well balanced. He was pushed forward by the short man, and instinctively exclaimed, "ah."

In a flash of lightning, a man rushed out from the right side of the car, kicked away the short man, and rolled aside with Zhao Tongxin in one hand. The tall man was just stunned for a second, and immediately shot them "bang bang bang" several times. No matter whether they hit or not, he came to open the car door and did it. Regardless of his brother's constant pain on the ground, he stepped on the accelerator and wanted to roar away.

Shaoyuan, standing next to him, responded faster. He immediately pulled out his gun from his waist, loaded it, aimed at it, and shot at it in one go. He directly burst the rear tire. The car immediately skidded and hit the railing with a bang. A burst of smoke came from the roof and stopped.

Jin Zhengting, with a cold face, strides to the side of Zhao Tongxin. The people behind him also quickly come forward to control the two brothers. He pulls Zhao Tongxin out of Rong Lei's arms and says to him faintly: "go to the hospital to deal with the wound."

Rong Lei grinned, "OK, boss." He responded quickly enough, and he was shot two times on his arm, but the two shots were worth Kwai, at least boss should be angry.

Spoon garden looked at Rong Lei injured arm, tut tut said: "Rong Lei, you are also enough to fight ah." Rong Lei is really smart, and he knows to ambush outside. Now in order to save Zhao Tong's heart, the boss won't be angry. It's really cost-effective.

Rong Lei disapproved of the answer: "yes, this is what I should do." He knew that if he didn't do something and wait for Jin Zhengting to save Zhao Tongxin, it would be nothing for him. It's better to take the plunge to save Zhao Tongxin and let the boss reduce the punishment.

I didn't expect that the boss was not angry. He was not proud. Not everyone was lucky to get hurt.

While they were talking, Jin Zhengting came back to the car with Zhao Tongxin in his arms. He was cold and didn't say a word. The driver sat in the driver's seat and immediately understood. He opened the door and went down. He closed the door gently and went to one side to stand guard for the two people in the car.

There are only two of them left in the car. Sitting in Jin Zhengting's arms, Zhao Tongxin feels the coldness on him getting stronger and stronger. From her skin pores, she gets into the bottom of her heart. Cold, she is flustered and anxious, and wants to explain. But after thinking for a long time, she can't find any reason to persuade Jin Zhengting. Today, she is wrong.

"Jin Zhengting, I know I'm wrong. I shouldn't go to find Mrs. Li in such a hurry. I'm sorry, it's all my fault."

Jin Zhengting didn't open his mouth and didn't look at Zhao Tong's heart. He had a chilly expression and didn't explain a word. He also helped his people to go to the casino alone. He was more than angry. When he knew that she was missing, the worry in his heart occupied his whole heart.

"Jin Zhengting, I know it's useless to say anything now, and I don't want to make excuses for myself. If you are angry, it doesn't matter how you want to punish me." Zhao Tong Xin looked at Jin Zhengting, cold face, silent, the heart is bottomless.

Jin Zhengting's slender fingers stroked the Red Cross on Zhao Tongxin's neck. In a cool voice, he said, "how many times are you doing this?"

"Sorry, Jin Zhengting. "Zhao Tongxin feels that if there is no touch on her skin, she shudders in her heart. She doesn't know what to say. Apart from apologizing, she is guilty. If it wasn't for her, Rong Lei would not be hurt and would not involve other people.

"You have nothing to say but sorry." Jin Zhengting looks at Zhao Tong with a guilty expression. He is angry. What he wants is not an apology, but a reason, which can persuade him not to punish her.

Zhao Tongxin bites her lower lip, lowers her head and doesn't speak. She doesn't know how to explain to Jin Zhengting that she wants to get back the necklace he gave her, so she goes to find Li Sao by herself. What can he do if he doesn't get angry and forgive her? Others may be, but he can't. He is Jin Zhengting, not others. In his eyes, there is only the difference between right and wrong, and there is no value worth it or not. That necklace may be just a necklace in his eyes.

But in her heart, it was the tenderness he gave her, the tenderness she was reluctant to leave behind.

Jin Zhengting's deep eyes are like rolling up a huge wave, and the rolling cold idea seems to subvert everything. His anger in his heart, seeing her default expression, erupts in his chest. His resolute handsome face is as cold as ice, and his sexy thin lips reveal the chilling feeling, "have you forgotten our agreement and your identity?"

When Zhao Tongxin heard Jin Zhengting's cold tone, she felt alienated from strangers. She didn't forget it. There was a contract between them.

Tell her all the time, remind her that the insurmountable ravine is so huge, no matter how she ignores it, the contract goes hand in hand and wants to fight for it. She bows her head and finds that she doesn't even have the qualification to fight for it.

Pain, irresistible in the heart of the spread, Jin Zhengting, do not need you to remind me that the gap between us, more than 18000 miles, in fact, more like a galaxy as long.

She deposited enough strength to make her voice calm: "I know what to do. I'm the one who made my own decision and brought you trouble. I'm here to apologize to you. I swear I won't give you trouble in the future."

Jin Zhengting listened to the decision in Zhao Tongxin's tone. Her deep eyes were as dark as the deep sea, and the corner of her mouth was a little floating, which was as frightening as a ghost. Unfortunately, Zhao Tongxin lowered her head and could not see it, otherwise she would not dare to say it again.

When she did something wrong, she didn't know how to reflect on it. She also wanted to get rid of the relationship between them. Later, in this life, next life, as long as it was something he decided, no matter where she was, she couldn't escape from him.

The power of touching Zhao Tongxin's neck on her hand tightened slightly, didn't hurt her, but also couldn't make her free. She lifted her face up, close to her nose, and looked into her stubborn eyes like two deep pools. The low and indifferent voice said word by word: "next time, I'll let the people close to you ache with you."

If she let herself hurt, then he let the people she cared about accompany her to hurt.

But listening to Zhao Tongxin's ears is like being shocked, looking at Jin Zhengting's cold eyes, listening to his words without a trace of emotion, feel that the whole heart is like being squeezed in the hand, constantly shrinking, pain of her face a white, he is most concerned about Xu Yanke, for her, really do not hesitate to do these things.

Threaten her with the person closest to her, ah - it is really in line with his aggressive character, but it is the most effective way to let her understand that her ideas are childish and ridiculous.

Also want to wait for Xu Yan can appear, two people after the termination of the contract, aboveboard appear in his side, beautiful illusion is often a mirror, a touch is broken.

She laughed, quiet voice with some empty holes, "Jin Zhengting, I promise there will be no next time, if there is, let me bear the consequences alone, even if the consequences are death, I will not trouble you, just hope you don't touch the people I care about."

Jin Zhengting heard Zhao Tong's resolute words, his calm and indifferent heart suddenly panicked. His face was tight, and his dark eyes were staring at her expression. His voice was tight like a straight bow, and he said: "who allows you to say that? Don't mention a dead word in front of me. I don't condone you enough."

"If you dare to die, I'll let those people bury you. You know my temper. I always do what I say. If you don't believe me, you can try."

Think of the picture that she may have an accident, deep eyes stained with bloodthirsty light, no, that kind of situation he will never let him happen, even if just imagine, also absolutely not allowed.

"Then what do you want me to say? I already know I'm wrong. What else do you want? How do I know that Sister Li is such a person? How do I know that if Sister Li is really poor, if I don't go, my conscience will be upset all my life. What do you want me to do, Jin Zhengting, you bastard."

"Why do you always have to be so capricious? How can you make me believe you?"

Zhao Tong's eyes were full of tears, and all of them were sprinkled on Jin Zhengting's clothes. She hammered Jin Zhengting several times. Why, why can this man demand this and that.

She doesn't want his feelings any more. What else do you want? Do you want to drive her crazy.

Chapter 106

Zhao Tong Xin's effort on Jin Zhengting's body is just like tickling. His thick eyebrows are tightly twisted together. It looks very gloomy. Her every complaint is like a stone hitting his heart. It's dull and painful. He stretches his big hand and rubs her tightly in his arms.

Low tone obstinately said: "no more dead words."

"I want to, I want to say, I don't want you to care when I'm dead, you don't care about Xu Yanke, then you still care about what I do, you go, you don't come back, I don't want to see you." Zhao Tong is in Jin Zhengting's arms, struggling fiercely, trying to get rid of his steel chest.

She was really tired. She was terrified of his feelings and warned herself not to think too much. Everything was like a pile of earth that would submerge her next time.

What contract, what self-discipline, at the moment her heart, just want to vent.

"Jin Zhengting, if you don't like me, please don't play with me like this. I really can't afford to..."

Jin Zhengting hears Zhao Tongxin's helplessness and grievance in his tone. His strength on his hand is slightly tight. He wants to integrate her directly into his blood and bone, make her become a part of his body, and take her with him, so as to save her and make him so concerned.

The tone of indifference showed a trace of helplessness for the first time. "She can't even compare with one of your hair. You are not allowed to compare yourself with that kind of woman. She doesn't deserve it."

"What?" Zhao Tong Xin's excited expression is a Leng. Jin Zhengting just said that Xu Yan can't even compare with her hair? That's what I mean, but how could it be that he was so nervous about Xu Yanke.

In order to make Yan can't once and twice will she throw aside, think of those things, in the heart can't help a pain.

"There are some things I won't say twice. That's what you mean when you hear them." Jin Zhengting's indifferent expression flashed a little unnatural. When Jin Zhengting would care about a woman's feelings, that is, meeting her would make him give in again and again.

"But you clearly said that you want people I care about to accompany me to get hurt." Only when Zhao Tongxin speaks by himself can he feel that something is wrong. Does Jin Zhengting mean to care about her? She was not allowed to let herself get hurt, and that's why she said that kind of "threatening" concern.

The more she thought about it, the more likely she felt that Jin Zhengting was so cold that she could not say what normal people cared about. If he did, she would feel that Jin Zhengting had been switched.

She thought wrong and misunderstood Jin Zhengting's meaning. Then she acted like those women who were trapped in love. And so on. Did she hit Jin Zhengting several times just now, and her tears rubbed against him with her nose.

Zhao Tong's face exploded with a bang. She made a big red face and blamed others for being cold-blooded and merciless. However, she can't be blamed. Most people will misunderstand Jin Zhengting's cold-blooded tone.

So, should, can't blame her

Jin Zhengting looks at the expression on Zhao Tongxin's face like a horse watching a lantern. From the sudden realization, to the original situation, then embarrassment, embarrassment, chagrin, and finally guilt. Very well, his little woman reflects what he means.

"It's still noisy."

Zhao Tong Xin wiped the water stains on Jin Zhengting's chest, sniffed and said honestly, "no more noise..."

She was just too immersed in her own thoughts and didn't care about other things. Now she found that two people were still in the car with dark frosted glass. She could see a group of men in black suits standing less than five meters away from the car. They were all waiting quietly. No one dared to look in their direction.

But there are also two people except the woman who shot in front and the injured Rong Lei. Their expressions are deep and meaningful

Zhao Tong Xin suddenly felt that she had no face to get off the car and meet people. Just now her voice was so loud, people outside must have heard it! God, what a shame.

Jin Zhengting glanced at Zhao Tong. She had no face to face the people, and her eyebrows and eyes picked. The little woman didn't think that people outside would hear their conversation. She knew it clearly and didn't explain it. No car that belonged to him was not a top match. The sound insulation effect was just the most basic condition.

"Don't say that again, you hear me."

"I see. Jin Zhengting, do you think they will hear us?" Zhao Tong Xin still has a little luck, in case this distance is far away, they didn't hear it.

Jin Zhengting expression unchanged, light said: "my men, no deaf."

".....。 ” What Jin Zhengting means is that normal people will hear her except deaf people who can't hear her slap and slap? Zhao Tong's heart suddenly feels that there is no love in life, and his face is very

big

Less than five meters away from them, Rong Lei leans comfortably on the chair moved by others and says lazily, "Spoon, you said boss and Zhao Tongxin have been in the car for half an hour. What do you think they are doing?"

"How strange are you? Then go and have a look. I'm not curious." Spoon garden mouth said so, but two eyes have been staring at the window, eager to burn two holes in the bulletproof glass to see what happened inside the car. She felt that even if Rong Lei told her that she was born with a flying saucer, she would not be surprised, because she had been surprised by the behavior of her boss.

The one who has been with the boss for the longest time, except for a man who is not around, belongs to her. She always thinks that the boss is born with facial paralysis, ruthless, but she is wrong. The boss is not facial paralysis, he is just so cold to them.

To his own woman, there will be a warm side, this is a tough guy around the finger soft? She is envious of the woman named Zhao Tongxin. Of course, she doesn't like boss. In their circle, except for the women who are not afraid of death and the flower maniac who will like boss, people with a little brain know that they can't provoke him.

"You're not curious. Your eyes are almost glued. Spoon, I don't think boss is serious. Will he like a woman?" It's hard for Rong Lei to write about Jin Zhengting's love for a woman. In his heart, boss has always been a ruthless character.

The injury on his arm suddenly became more painful when he found that his boss, whom he always respected, showed his "humanized" tenderness.

"Do you think everyone is like you, the stallion of the lower body? A character like boss either doesn't like it or likes it. It's absolutely overbearing and irresistible." Spoon garden disdained to see a Rong Lei, the man's brain in addition to the second younger brother, it is estimated that only fight.

Don't know what is emotion, as a woman's sixth sense tells her, boss is either not emotional, or absolutely earth shaking sensation.

"Women are flowers, you have to irrigate. Of course you don't understand. Boss is just a lot of women around. There's nothing wrong with it. It's not as exaggerated as you said." Rong Lei chuckles and thinks that what Shaoyuan says is exaggerated.

But there has been no woman around the boss, more than a woman, there is such an exaggeration?

Rong Lei forget, because a man has no woman, suddenly a woman is really serious.

Spoon garden passed by Rong Lei, stretched out his hand to twist the place where he was injured, ha ha a smile, "it's normal that you don't understand this kind of animal, I hope you don't cry too miserably in

the future."

"Hiss - spoon, you are too hard." Rong Lei grasps his arm in pain. A woman is a woman. She has a small heart like the eye of a needle, so he doesn't want to talk about feelings.

In the car, Jin Zhengting fished Zhao Tong's body, and let her sit down. Now after she vented, is it his turn? "What were you talking about?"

"I'm not saying anything. I, I feel a little guilty, and then I feel guilty." Zhao Tong Xin secretly called bad, she forgot the man in front of how much revenge, now he reaction, is to want to settle accounts with her.

"Call me a jerk? Not trustworthy? Teasing you? " Jin Zhengting pointed out one by one what Zhao Tongxin said. This little woman dares to talk to him like this. Other people don't know how many times she died.

"No, that's nonsense. You must have heard it wrong." Zhao Tongxin said that she was guilty. Well, she said those words, but it was a misunderstanding. How could this man keep such a grudge.

The more she said, the redder her face became.

"Look me in the eye and say." Jin Zhengting raises Zhao Tongxin's chin and looks at her face to face. His deep eyes are as deep as the ocean.

Zhao Tongxin unconsciously followed Jin Zhengting's line of sight and looked into his eyes, as if he was going to indulge in it the next second. There were so many people waiting for them outside, so he couldn't go on like this any more.

Jin Zhengting seemed to know Zhao Tongxin's idea. He buttoned her small head tightly, lowered her head and covered her soft lips directly. This kiss was different from the past. It was tender and tender, as if to let her understand the deep feelings hidden in his eyes.

I don't know what I'm up to.

Jin Zhengting's cool character, either not emotional, or emotional, that is to die.

Zhao Tong Xin's eyes are his dark eyes like ink, the tip of his nose is his unique breath, and his overbearing tongue is in his red lips. Everything is related to him, and a heart is also ups and downs.

She found that she was really stupid during this period of time. She only thought things were bad. Every time, she twisted Jin Zhengting's meaning. She was too insecure and wanted to believe the man in front of her.

It's always my fault.

Jin Zhengting kisses to the end, the nostril aggravates, the deep eyes float on the dark desire, he played his own strong self-control, just suppress the bottom of the heart surging dark tide, slowly loosen her lips, the thin lip of character is still on her moist red lips rub for a few seconds, then let go, "let's go."

"Well? Yes Zhao Tong red face nodded, and shook his head, "I don't want to go down, they all hear me like that, good shame."

Jin Zhengting said flatly: "they dare not." What's more, people outside didn't hear it at all, and they didn't dare to hear it. They just had to teach a long lesson.

Chapter 107

"I'll wait for you in the car." Zhao Tongxin refuses. It's not that she doesn't believe Jin Zhengting's words, but that she feels embarrassed and doesn't want to get off.

Jin Zhengting took a look at Zhao Tongxin and said, "you don't want to save Sister Li."

Hearing the name of sister-in-law Li, Zhao Tong Xin suddenly remembered that the romantic heart was still in scar's hands and said anxiously, "I'll go down with you. Let's go."

Jin Zhengting's eyes deepened. He didn't speak. He opened the door and got off first.

Shaoyuan also wants to fight with Rong Lei for a few words. With sharp eyes, he sees something moving in the car. As soon as the door opens, Jin Zhengting's figure steps down, and then a small woman blushes and her eyes flow down.

The boss of their family naturally hugged other people's small Manyao, and walked over indifferently. She thought that at least the boss would be furious, and then the woman named Zhao Tongxin got out of the car with regret.

Now this is one thing down one thing? She didn't dare to think about it any more. She walked over and called respectfully, "boss, those two people have dealt with it. Where is the scar?"

Jin Zhengting said indifferently: "let him let people go and take them back."

"Wait a minute."

Spoon garden is to think should be, hear a woman's soft voice, can't help but turn the line of sight to her, what does this woman want?

"Take me to see scar." Zhao Tong's heart is still thinking about her necklace. She must take it back before she can rest assured. Seeing that the spoon garden has not moved, she knows that the spoon garden only listens to Jin Zhengting's words. She can't help looking at Jin Zhengting and hoping him to

speak.

Although Jin Zhengting doesn't know why Zhao Tongxin must go to see scar, he knows that she must have her own reason. He says faintly, "bring it here."

Even if you want to see him, you can only see him in front of his eyes.

"Yes, boss." Shaoyuan nodded and turned to bring scar.

When scar came back, his face was in a state of decay.

Zhao Tong Xin remembers that scar put the necklace and ring in his pocket, so he wanted to reach out and take out his pocket. His arm suddenly tightened, and he turned to see the danger in Jin Zhengting's eyes.

Just know oneself just this action very let a person misunderstand, explain of say: "I just want to take out my thing from his pocket."

Jin Zhengting called coldly, "spoon garden."

Spoon garden immediately understand, her heart is full of tears, boss, even if you care about their own woman, please think about it, she is also a woman, ask her to dig out the man's pocket, is not very good.

But she didn't dare to say. She could only reach out to scar's pocket silently and immediately felt a lump of hard things wrapped together. She took it out doubtfully and was surprised to see the shining luster in the sun. She was very impressed with this necklace.

It's the blueprint designed by their boss, telling the outside world that it's someone else's Necklace - romantic heart.

This, this, who will tell her, this necklace will not be given to this woman by boss.

Although she answers Rong Lei like this, she still agrees with him. How can boss be attracted to a woman with such a cool personality.

This is to give her heart to this woman. Isn't it moving?

Shaoyuan's eyes changed when he looked at Zhao Tongxin. He didn't ignore it, but looked at it.

Zhao Tong doesn't know why Shaoyuan suddenly looks at her with different eyes, but she has no time to think about it. She reaches for the necklace and is held down by Jin Zhengting again.

"Clean up and return to the villa." Jin Zhengting took a look at the necklace that escaped from scar's pocket. His cool eyebrows wrinkled. The things that other men took out of their pockets were not

disinfected and dirty.

Eyes move, she is because of this necklace, a person to the casino, eyes down to see Zhao Tong Xin face happy expression, confirmed the idea.

Looking at Zhao Tong Xin's eyes more and more gentle.

When Shaoyuan saw the tenderness in Jin Zhengting's eyes, she was so surprised that she almost failed to hold the necklace in her hand. Isn't she dazzled? When she saw the tenderness in the boss's eyes?!

She felt that she was not breathing well

Zhao Tong didn't know what Shaoyuan was thinking. He said with a gentle smile, "thank you."

"No, you're welcome. That's what I should do." Shaoyuan stuttered. She felt that the stimulation of so many years was not as good as the tenderness in the boss's eyes today.

I feel dizzy. Who can help her.

Scar, who had been silent all along, suddenly said, "Jin Zhengting, you can do things by yourself. I have nothing to say to you about what you want to do to me, but my brothers are innocent. Please let them go."

"You are not qualified to negotiate with me." When Jin Zhengting faced scar, his eyes became cold again.

"I know, but I've saved your woman. I think I've paid her back." Scar knows that Jin Zhengting doesn't like to owe others, and naturally won't let her own woman owe others.

Jin Zhengting asked to see Zhao Tongxin, want to get the answer from her mouth."Yes." Zhao Tong Xin nodded and admitted that if scar didn't come in time, cannon and she would not escape the ferocity of fat man.

Jin Zhengting said coldly: "yes."

"Good." Scar knows Jin Zhengting's words, his brothers will be OK, he can only do it here, and he can't do anything else. He can't help but look at Zhao Tong's heart gratefully.

He thought Zhao Tongxin would not admit it. After all, Jin Zhengting would believe her if she refused.

The most unexpected thing is that he underestimated Jin Zhengting's feelings for Zhao Tongxin. If he knew how much Jin Zhengting cared about Zhao Tongxin, he would never move this woman so foolishly.

It's a pity that there is no regret medicine in the world, and he can only admit it.

Jin Zhengting with Zhao Tongxin back to the villa, a person quietly upstairs.

Zhao Tong Xin at the door confused, not angry, now what is the meaning? I think so, but I can't help but follow.

Jin Zhengting entered the room, turned his back to Zhao Tongxin, untied the button, took off his suit and coat, and untied the button.

"What's the matter with you? Go upstairs quietly." Zhao Tong pushed the door open and saw Jin Zhengting's wheat colored back. The voice in his throat suddenly stopped.

"You want to shower with me." Jin Zhengting stopped, and his bare chest muscles became more attractive under the white shirt.

"No, do it yourself. I'm going downstairs." Zhao Tong Xin stepped back a few steps, turned around and wanted to escape. She felt that she was so stupid that she even worried about Jin Zhengting's anger.

Clearly feel that he is deliberately luring her upstairs ah.

"Now that they're all up, don't hurry to leave. Wipe my back." Jin Zhengting takes two and a half steps to Zhao Tongxin. He takes a long hand to control Zhao Tongxin steadily.

"I won't. You'd better do it yourself." Zhao Tong's eyes fluttered. As soon as Jin Zhengting said to wipe her back, she couldn't help thinking of the strong body she had just seen. Her face was red and dry.

"I see you sweat a lot. Let's wash together." Jin Zhengting can't help but hold Zhao Tongxin and walk directly towards the bathroom door.

"No, I don't want to. I can go downstairs." Zhao Tong feels very uncomfortable in his heart and body, but it's better to take a bath with Jin Zhengting. In the end, he doesn't want to dedicate his body.

Can you spare her this time

The shadow of the last "punishment" was so huge that she woke up for several days. This time, she did not dare to think about it.

Jin Zhengting looked at the resistance expression on Zhao Tongxin's face and knew what she was afraid of. His eyes were deep and he said faintly, "I won't touch you."

Although Zhao Tong Xin feels embarrassed, he can't help but stare and ask, "are you sure?"

Jin Zhengting evil spirit smile, "if you want, I don't object."

How is it possible, she is not stupid, will want, Zhao Tong heart righteousness words of say: "I absolutely won't want."

Jin Zhengting picked his eyebrows and said nothing. She didn't want it. He had many ways to make her want it.

The sound of water in the bathroom is clattering, accompanied by the soft voice of a woman.

"Jin Zhengting, don't touch anywhere..."

"Where can I wash by myself, don't want you!"

"The waist is on the back, where are your hands?"

"You, where do you want me to wash?"

Jin Zhengting didn't touch her, but he almost touched her every time, even in the most private place. Now she is as soft as a pool of mud. If Jin Zhengting didn't hold her, she would have slipped back directly.

Reflecting Jin Zhengting, his indifferent expression remained unchanged, as if he was really taking a bath for her. He took the shower gel and poured it in his hand, smeared it on her chest, lingered on her navel, and slowly extended down.

His bony palms are long and powerful, touching her white, smooth and tender skin. The shudder of delicate and rough rubbing makes her mind blank and unable to speak.

Jin Zhengting is not much better. He cleans and wipes her with his heart. He feels that her breathing is heavier, her body is softer, and there is no strength. The change in her eyes is more obvious.

In the end, Zhao Tongxin didn't survive Jin Zhengting's evil hand and said softly: "Jin Zhengting Stop playing. "

"Yes." Jin Zhengting didn't seem to understand Zhao Tongxin's meaning, so he continued his action.

"You, I'm angry if you do that again." What Zhao Tongxin said is soft and weak. How can this man be so bad? Do you want her to make it clear?

Jin Zhengting looked at Zhao Tong's expression of shame and anger. He did not tease her any more. He held her and stepped on the cold tile. With the lubrication of the water, he dashed into her soft forbidden area.

A fierce offensive, Zhao Tong heart rout repeatedly, can only bear his fierce storm.

Jin Zhengting cleans up Zhao Tongxin, wipes the water off his body and goes to bed with her.

I don't know what's going on. Since that day, Jin Zhengting has been constantly tormenting Zhao Tongxin. She doesn't have the chance to resist at all. Every time she goes to bed in a muddle. As a result, she screamed with backache. Zhao Tongxin couldn't help it. He said to Jin Zhengting seriously, "next time, I'll go to the study by myself."

Jin Zhengting has always been overbearing, "no way."

Zhao Tong Xin can't help it. Every time she flatly refuses, she will compromise with inexplicable reasons.

When Qian Yuanyuan saw Zhao Tongxin, he looked at her face and said, "Tong Xin, have you done anything wrong with your over indulgent expression?"

Chapter 108

Zhao Tong heart red for a while, yawning said: "what, don't talk nonsense, I just some stay up late hurt." Hands are subconscious to touch the face, is it really so obvious?

Qian Yuanyuan wants to ask if president Jin is very fierce in bed. Does it confirm the legend of seven times a night? It's a pity that she has the heart of thieves and no courage to steal. She can only ask tactfully, "don't pretend. How can you stay up so late and work overtime? Is there any special program that can't be told at night?"

"I don't know where you are these days. If I don't come to work, sister Ye hasn't asked for anything from you?" Zhao Tong Xin sees the excitement in Qian Yuan Yuan's eyes. She doesn't know that she's in the mood. If she wants to set her up, don't blame her for asking.

"I can't come because of something, so if I haven't come for a few days, you'll carry me on your back. What's that?" Qian Yuanyuan is hiding at home these days, pretending to be dead. After one Lu Mo Yan and another Lu Zhan Yan, he and his two brothers follow her as if they were haunted.

Harm her where also dare not go, irritable lock oneself in the home, or just come out in order to carry out the task.

She had to sigh that she was different from others. Tong Xin could unconsciously enjoy the care and care of the overbearing president, and they, who run the Dragon suit and receive lunch boxes, had to prepare cannon fodder every minute.

Zhao Tongxin smelled the unusual smell of Qian Yuanyuan and said to her, "what's the matter? Jin Zhengting doesn't mean that he won't let you go out with Lu Moyan secretly. Is that guy looking for you?"

"It's not him, it's, ah, it's no use telling you anyway." Qian Yuanyuan is about to say Lu zhanyan. Seeing

Zhao Tongxin's joking eyes, he suddenly reacts and pretends to be angry and says, "Ms. Zhao Tongxin, you are so immoral. Do you know what I'm asking you now? What do you want me to do?"

"You're only allowed to ask me, but I'm not allowed to ask you. I know if Lu Moyan can't go to you, so drag others to find you. Tell me who it is." Zhao Tong Xin is also very curious, who can be more difficult than Lu Mo Yan, let Qian Yuan Yuan show such a tangled expression.

Ordinary garden but a careless character, heartless degree to the extreme.

Qian Yuanyuan found that he couldn't tell Zhao Tongxin. He turned his head, looked at Zhao Tongxin and said, "don't you want to know why I'm so upset? As long as you stay up so late, I'll tell you who it is?"

"I don't want to know. The selection of this tour is not over yet. How can I have so much time to listen to you." Zhao Tongxin dodged and took a sip of the water on the table. When did Yuanyuan react so quickly.

Qian Yuanyuan also wanted to ask, a tall shadow covered their heads, with a man's voice said: "what are you talking about, so happy."

"Mr. Lu." Zhao Tong Xin was surprised for a second, and nodded politely to Lu zhanyan. He was childish to Lu Moyan. When he looked at Lu zhanyan, he had a kind of parental dignity, and his speaking attitude became more serious.

Lu zhanyan nodded to Zhao Tongxin as an answer. His eyes were always looking at Qian Yuanyuan who was silent.

In the secretary room, it's strange and quiet. The day before yesterday, the second young master of Jingtai went to heyday to be the director. They haven't slowed down. Now the president of Jingtai also comes to the secretary room to show his affection to Qian Yuanyuan.

All of us can't believe it. At the bottom of our heart, we have more questions. What's the origin of Qian Yuanyuan? Is it possible that Miss Qian Jinyuan from which family came to experience life? There is still something extraordinary.

Zhao Tong Xin also curiously looks at the atmosphere between the two people. It's not as simple as ordinary friends. Lu zhanyan's indulgence and indulgence, and Yuanyuan's obstinacy and tension make her know that they must have some secret past.

But, does Lu Mo Yan know that fool? His brother may have something to do with the woman he likes. Suddenly Zhao Tong begins to sympathize with Lu Mo Yan's upright character.

It's a tragedy to meet a big brother with a black stomach like a fox.

Qian Yuanyuan wants to leave soon, but her task makes her unable to move. If it's not for her great

identity, she really wants to rush into Mr. Jin's office and say she's quitting.

In order to transfer the value of hatred, pull zhanyan to act with her, it is too inhuman!!

Unfortunately, she did not dare to resist, can only obediently cooperate, standing in the storm circle of the secretary room, diverting everyone's attention, do not let others pay too much attention to Zhao Tong heart.

Pathetic. She's so pathetic.

Lu zhanyan knew Jin Zhengting's decision in advance, so he would come to cooperate. He knew that this was also an opportunity for him. Taking this opportunity to hide in his heart for many years, he asked half truly, "Yuanyuan, are you still angry?"

Qian Yuanyuan has a feeling that the wind is bleak and the water is cold. Once the strong man is gone, he will die. No matter what, his chubby little round face turns to be shy and timid and says, "ah Yan, I'm not angry. I agreed to go to the cinema together at night."

Familiar address from the mouth, the kind of difficult pain, let her eyes shake, why so natural call out the previous address.

"Well, as long as you're not angry, I'll pick you up that night." When Lu zhanyan heard Qian Yuanyuan's address to him, he had a stronger smile on his face. Yuanyuan still treated him differently, even if it was called naturally. Just like when two people were together, the intimacy made people nostalgic.

Zhao Tongxin is sitting beside Qian Yuanyuan. How can she not feel the fluctuation of her mood? She feels that the relationship between Yuanyuan and Lu zhanyan is very complicated. When her eyes turn, she finds that the secretary room is also quietly looking at the couple.

In addition to inquiry and doubt, there are also a lot of jealousy and resentment.

Is Lu zhanyan too high-key? Since he cares about Yuanyuan, why should he treat her well in front of so many people? Don't you know that low-key is the best protection.

Just like Jin Zhengting did to her Thinking of Jin Zhengting, she understands why Jin Zhengting always treats her coldly in the company, so that she doesn't want to be paid more attention to and cause the resentment of those people.

Heart not from a warm, that man is always overbearing to do some touching words, and she is always silly to misunderstand his good intentions.

Zhang Ying stood in the lounge just now, poured a cup of coffee and went back to the secret library. At the corner, she saw a dazzling scene. Her strength increased and her tendons burst. Why do these people want to fight against her and show off in front of her.

After six or seven years of hard work, she has a lot of resources and contacts, but she can't beat others to climb up a powerful man. In fact, she has the aura, the glory, and the admiration of all people.

Why not her, why

"Well, you go. I think you're busy too. Don't get in the way here." Qian Yuanyuan thought it was the two people's relationship at the beginning. He waved Lu zhanyan's hand carelessly, and his hand was half frozen.

Now she doesn't have to perform. It's estimated that other colleagues in the Secretary's office will have thoughts on her. It's not so difficult to be a subordinate these days. They not only have to be able to fight and resist, but also pull out hatred when necessary.

"I have something to do with your president. I'll come back to you later." Lu zhanyan is also used to it. His gentle smile makes many women in the Secretary Office dazzled.

I didn't expect that Lu zhanyan was not only gentle and handsome, but also comfortable to laugh.

With that, Lu zhanyan nodded politely to the others and turned into Jin Zhengting's office.

Secretary room quiet for a minute, many people's eyes if there seems to be no floating to Qian Yuanyuan's body, want to ask but dare not ask the expression all written in the face.

I'm sorry I didn't see it. I came to ask if she didn't serve me.

Zhao Tong whispered close to Qian Yuanyuan and said, "Yuanyuan, is Mr. Lu really good?" As a friend, she is still worried about Qian Yuanyuan's situation.

Qian Yuanyuan knows that Zhao Tongxin is concerned about her, but in order to achieve better results, her shy voice is raised to the tone that everyone can hear, "I'm ok. That's what he is. He likes to talk about the relationship between us everywhere. It's not general hegemony. It's really annoying."

Zhao Tong doesn't understand Qian Yuanyuan's intention, but she must have her own reasons for how to do it, and she can't help it.

For the sake of her work, she is also working hard. I hope Jin can always see her spirit of fearing death, and just settle Lu zhanyan for her.

Ye Rui came back from the outside and saw that the atmosphere of the Secretary's office was a little strange. Everyone scattered and took the papers in their hands, but they all looked at the direction of Qian Yuanyuan. They could not help but look down and said, "don't work in such leisure?"

People immediately cast their eyes on their documents, but everyone was absent-minded. Some time

ago, it was rumored in the office that Zhao Tongxin was president Jin's new lover.

I don't feel how different Mr. Jin is to Zhao Tongxin. It's not as cold as strangers. One day, it's not necessarily more than the chance for them to see Mr. Jin.

It is estimated that some people are jealous of Zhao Tongxin's winning Zhengxin and Huanyu's copywriting, and spread rumors to slander her.

Now that Lu zhanyan and Qian Yuanyuan are in the open, we can't help believing that.

In the office, Lu Moyan sat on the soft and luxurious leather sofa, looked at the two meter long desk, and said in a warm voice, "things have been done according to your instructions. Do you want to help me solve a few things?"

Jin Zhengting's tall figure was sitting on the black sofa chair, and his expression remained unchanged. He said, "it's not your own free will. How can it be said that I gave it to you?"

"Ha ha, that's what I said, but it's not what you asked for. Since it's what you asked for and there's no reward, do you think I'll do it?" Lu zhanyan is a businessman. He is a great group president. When he comes out to talk, he nods his head.

Chapter 109

What's more, they have no loss at all, and they have won the hearts of the beautiful people. They call him a man who is still trapped in love. How can he look at him.

Jin Zhengting's sword eyebrows picked and said faintly, "Lu Moyan is still very peaceful. Why don't you call him back to work?"

He knows that his good friend is not a loser. It's good for each other, and no one is a loser. It seems that there is more jealousy in telling him about it now.

"Zhengting, you don't have to threaten me. I'm not my impetuous brother. I'll chase women myself. I can't run away, and I won't allow him to run away." Although Lu Mo Yan is gentle and gentle in appearance, he can occupy a place in Jiangbin city. His unique skill hidden under the gentle appearance is not comparable to that of ordinary people.

"You are so confident that you won't have to wait for five years. Zhan Yan, I think Qian Yuanyuan is a good match for your brother. At least Lu Moyan has the courage to challenge your old man. If you had dared, Qian Yuanyuan might have been your man." Because Lu zhanyan is a good friend of his for many years, Jin Zhengting has no scruples in his speech, and points out the problems in a cool tone.

"I don't need you to worry about her. As long as you don't bother her a little, I'll thank you." Lu zhanyan's narrow and long eyes flashed a dark light. That incident had always been a thorn in his heart.

It was not that he was not brave enough, but that he was involved in too many things. How could he give her protection when he was young.

How can Lu zhanyan, who is also excellent, suffer losses in front of Jin Zhengting? He said with a smile: "Zhengting, you'd better worry about your woman than me. I see many people are staring at her. At least my woman doesn't have the cells to cause trouble, but your woman is different."

"You're not attracted to two people. You're still tired."

"Oh, the incompetent man will find his woman troublesome." Jin zhengtingba's indifferent expression was calm, and Lu zhanyan was speechless.

Jin Zhengting is right. Even his own women can't be well protected. Is that still a man? Lu zhanyan agreed, "although I think your words are not worth beating, it's true. Only the incompetent men will think their women are trouble."

"But your woman's trouble is not a small matter. It is likely to involve the turbulence of the whole Jiangbin city. Are you sure it is worth it?"

There are many kinds of troubles. A little fuss is fun, and a bigger one is the performance of men's vanity. If you use your future to fight for a woman, how many men are willing to.

What's more, Jin Zhengting, who stands at the top, has enormous power.

Jin Zhengting just said coldly, "Zhan Yan, the more you live, the more you go back."

Lu zhanyan was stunned by Jin Zhengting's words. He said, "what do you mean?"

"After too many comfortable days, I almost forget how I got to this position." Jin Zhengting took out a cigarette from his desk and put it on his thin lip. As he wanted to light it, the little woman frowned every time she saw him smoking.

Pick up your eyes and throw them directly into the garbage can.

The more rights you have, the more you want more rights. The more power you have, the more energy you need to maintain your position. You will forget your fearless strength.

When he comes to today's stage, he is not always fighting to come back. Danger and wealth coexist. This is the truth that everyone knows. If he lives a comfortable life for a long time, he will only lower his vigilance. It is only a matter of time before he is taken advantage of.

Lu Zhanyan, such a clever man, certainly understood at once. "Yes, you are right," I said. "I may have been too idle recently to say that. I think this is a good life."

"Why don't you let me take part in it? Anyway, it's time for those old people to step down and provide for the aged because they are so old and have been relying on their elders for so long."

"Yes." Jin Zhengting's deep eyes were a little chilly. It was time for a new batch of blood to enter Jiangbin city. Those old guys thought they had made a world. They stood in the family and talked without backache. They told everyone what to do.

If you dare to reach his territory, don't blame him.

"What are you going to do? Tell me the rules. I think ziye and Jingteng will be excited." Lu zhanyan thought that their good brothers from small to large would work together again. He also felt a lot.

Jin Zhengting replied faintly: "ziye doesn't know about her."

"I don't know? I don't know. Oh, by the way, that day when you got married, he was busy fighting with those women, and didn't see Zhao Tongxin's face clearly. Do you mean not to tell him?" Lu zhanyan knows who Jin Zhengting refers to as "she" and raises his eyebrows: "it's said that for a while, ye seemed to fall in love with a woman. What he didn't know was that she was the one who put her on."

Lu zhanyan looks at Jin Zhengting's cannibal eyes, and automatically swallows the rest of the words back to his stomach. Well, needless to say, he must be. Ziye, a fool, has a very tricky eye. He even likes the same woman as Zhengting.

Although the end will be very tragic, but he can only be here for his three seconds of silence, who let him suffer. Yang ziye sneezed three times in a row, lifted his head from the rough and gentle countryside, and murmured to himself, "Damn, who said that to me behind my back? If you let me know, I won't let him go."

When Yang ziye's woman saw his flashing eyes, she said coyly, "ziye, what are you talking about? Go on!"

"Honey, OK, here I am." Yang ziye is immediately attracted by the woman in front of him and continues to do what he has not done.

I don't know that there are many things waiting for him.

Lu zhanyan came out of Jin Zhengting's office and left with Qian Yuanyuan. Although Qian Yuanyuan was reluctant, he had no choice but to follow him plaintively.

Zhao Tongxin can't help seeing Qian Yuanyuan's eyes for help. How can she tell Lu zhanyan who she is now? It's not that she was told to die by others. She can't help but watch Qian Yuanyuan dragged away.

After work, Zhao Tongxin collects the documents on the desk and is ready to leave. Zhang Yingjiao's graceful figure comes over, stops at her position and says, "Tong Xin, can you do me a favor?"

Zhao Tong heart rate over Zhang Ying's character, very direct said: "sorry, can't."

Zhang Ying choked. She didn't expect that Zhao Tongxin would refuse so directly, but how could she let go before her goal was achieved. She said pitifully, "Tong Xin, please, help me. I have a document to send to the customer, but I can't get rid of it. Please send it to me."

"I also have something to do. I can't help you. Please ask other colleagues if they are free." Zhao Tong doesn't want to have too much contact with Zhang Ying. It's hard to find this woman's hostility if she's not careful.

She didn't think it would be any good for Zhang Ying to ask her to deliver the documents.

"I've asked everyone else. I'm not free. Look, there's no one else in the office. Please." Zhang Ying looks at Zhao Tong Xin's calm expression. She is very angry. She doesn't expect that Zhao Tong Xin is such a person. She doesn't help her with this little favor, and she tries to push her way.

She seems to forget that she is also holding the purpose to let Zhao Tongxin to send documents.

Zhao Tong Xin looked at the gentle and quiet, the tone of his speech hit the nail on the head, "if you are in such a hurry, you will send it first. Tell me here that these are all delivered."

Zhao Tongxin said so, Zhang Ying is not flustered, she has long thought of countermeasures, "I have two documents in my hand, I have to sign today, otherwise tomorrow I will not be good with Mr. Jin, this is related to the company's big customers, that can't offend, otherwise I don't have to find you."

Zhao Tongxin listened to the matter about Jin Zhengting, tone a meal, buckle asked: "send where."

Zhang Ying was afraid that Zhao Tong was suspicious, and she did not dare to pick a place far away. "It's not far away. We've been to Dihao before."

Zhao Tong looked at the document, some tangled, Imperial is not very far right, but if Zhang Ying is to cheat how to do.

Zhang Ying looks at Zhao Tong's heart shaking expression and knows that she has a heart. She lobbies harder: "Tong Xin, you just need to send the documents to him. I've already talked with Mr. Wang about other things."

Zhao Tong Xin nodded his head and agreed: "well, you give me the document, I'll wait for you to send it." It's a big deal. I'll report it to Jin Zhengting. Anyway, it won't take long to send a document. If something happens, Jin Zhengting will be here for the first time.

Zhang Ying handed the document to Zhao Tongxin and said gratefully, "well, thank you."

"Nothing." Zhao Tong Xin looked at the document and saw that there was no problem. It was really a big project, so he said nothing more. He took the document out of the Secretary's office.

Zhang Ying looks at Zhao Tong Xin's back and sneers. Don't blame her for being cruel. Blame her for being too conspicuous. Zhao Tong Xin, please enjoy the "gift" I prepared for you.

Zhao Tongxin got on the elevator and went downstairs. When he walked out of the company, he took out the phone and dialed Jin Zhengting's number. "Hello, Jin Zhengting, I'm going to Dihao to send a document. Maybe I'll go back later."

"Yes." Jin Zhengting is sitting in the VIP box of imperial palace. At the dinner table, all the business tycoons who are No.1 in Jiangbin city are quiet, for fear that they will disturb Jin Zhengting to talk on the phone.

Zhao Tongxin listen to Jin Zhengting there is no voice, curious asked: "what are you doing, so quiet."

Jin Zhengting's indifferent expression did not move. He said with a light look: "I'm eating."

"Are you alone? There's no sound at all." In the afternoon, Zhao Tongxin also heard Ye Rui say that Jin Zhengting had an arrangement in the evening, which should be accompanied by someone to eat, but there was no sound at all.

Jin Zhengting took a light look, and the silent voice of "people" sank, "someone."

Chapter 110

Those people were stunned when they saw Jin Zhengting's displeased eyes. No one thought that the telephone environment was too quiet, and they did not dare to guess Jin Zhengting's meaning. They began to talk without a word.

I'm curious about the origin of the person who called Jin Zhengting. Jin Zhengting, who has always been dismissive, still cares about each other's feelings.

He said that there was no sound, and immediately let them make a noise. Listening to Jin Zhengting's voice, it seems that it should be, maybe it's a woman?

As soon as this idea came out, everyone thought it was impossible. They immediately rejected it and joked. If Jin Zhengting fell in love with a woman, they all thought it was normal to have a red rain.

Or the speaker, whose identity is not simple, will let Jin Zhengting speak in this tone.

Zhao Tongxin took the phone and gradually heard Jin Zhengting's voice. He thought it was a problem with his mobile phone and stuck it off. He was embarrassed and said, "my mobile phone may be a little old. I just heard you have a voice there. I won't say it. You'll be busy first."

"Yes." Jin Zhengting hung up, and everyone's voice stopped again. They all looked in the direction of Jin Zhengting.

"Go on."

"It's president Jin." The people in the box began to open again.

Zhao Tongxin is about to take a taxi when he comes to the intersection. He stops a black car before Shua. When he sees that the photo is her familiar number, he looks inside the car curiously. Rong Lei is not injured in his arm. How can he drive.

"Hello, Miss Zhao, get in the car." Shaoyuan grins. Rong Lei is injured and hospitalized. She can't drive, so she takes Zhao Tongxin off for a while. She can't wait to see her.

Hope to dig out more secrets from her mouth, see Zhao Tongxin appear at the intersection of the figure, immediately drove the car to stop.

"Miss spoon?" Zhao Tongxin was stunned to see Shaoyuan's bright smile. He didn't expect that Jin Zhengting would arrange Shaoyuan to pick her up.

"Miss Zhao, just call me a spoon. Come in first. There are so many people and cars on the road." Spoon garden helplessly looked at the eyes of the people outside, with the traffic behind, no one dares to honk the horn, but she still doesn't like it.

Others in Jiangbin city may not recognize the brand of this car, but looking at the license plate is a slip of "j6666", we all know that the owner of the car in front of us can't be provoked by ordinary people like them. Although we are not happy, we can only wait.

Zhao Tong Xin didn't hear the sound of the trumpet, so he didn't know the line behind the Mustang began to block up. He quickly opened the car door, sat in and said, "spoon, please take me to imperial palace."

"OK, got it." As soon as you step on the gas pedal, the car with excellent performance runs out like a wild horse. It takes a few seconds to pull the body behind you for a long distance.

"Spoon, you used to drive a racing car." Zhao Tong Xin looks at the speed of the car, and dares to drive to 100 yards in the busy receiving area. If there is no good technology, no one dares to drive so fast.

Her body can't help clinging to the back of the chair for fear of being thrown out accidentally.

Shaoyuan didn't realize how fast he was driving. He was surprised and asked, "how do you know?" Boss should not be so boring. Let's let Zhao Tongxin know this little secret.

"I think you are very skillful in operation. This is the downtown area. You'd better slow down." Zhao Tong Xin is not the kind of person who will vomit in the car. When he is turned around by Shaoyuan, he feels uncomfortable in his stomach.

"Oh, I'm sorry, I forgot you may not be used to it." Shaoyuan was a little annoyed. She thought she was driving a sports car. She forgot that there was a person who couldn't ride in the car. If she vomited Zhao Tong's heart, thinking about the iceberg face of the boss, she was honest again. "Don't be surprised, Miss Zhao. I didn't mean to."

"It's OK. Just call me Tong Xin. I'm not used to calling Miss Zhao." Zhao Tong Xin looks at Shaoyuan when she is young. Her respectful attitude makes her feel uncomfortable.

Shaoyuan's forthright character didn't last long. Listening to Zhao Tongxin's gentle tone, he also said: "well, it's OK. In fact, it's hard for me to shout like this. Ha ha, I'll call you Tongxin later."

Rong Lei didn't get along with Zhao Tongxin several times, but it was because of her that Rong Lei was injured. He asked with concern: "well, spoon, do you know how Rong Lei's injury is?"

"It's OK. Rong Lei's thick skin can't die. He can come out to harm people after ten days and a half months." Shaoyuan doesn't care. Yes, it's just an arm injury. It's not heavy. People like them have been used to it for a long time, and their healing ability is faster than ordinary people.

"It's OK." Zhao Tongxin is also a little embarrassed by the spoon's description. How can he describe his colleagues like this? The gunshot wound is not a bruise and fall. How can it be cured so quickly.

Spoon garden driving, looking at the road ahead, mouth did not forget to ask: "Tong Xin, how do you know our boss ah."

Women are very curious, so is Shaoyuan. She is very curious about how Zhao Tongxin knows her boss. Of course, there are many questions to ask.

Zhao Tongxin is also curious about Jin Zhengting's other background and identity. He knows that Jin Zhengting has a wide range of abilities, but he doesn't know that to that extent, he finds that he knows nothing about others except that he is the top president with huge assets and value. Turning his eyes, he said, "I can tell you, but you should also tell me about Jin Zhengting."

Shaoyuan felt that Zhao Tongxin was not as clever as his appearance. He said helplessly, "it depends on what you ask."

Knowing that Shaoyuan could not answer all her questions, Zhao Tongxin asked what he wanted to know: "is Jin Zhengting very powerful?"

"The boss can shake three times when he stamp his foot. Do you think he is very influential?" Shaoyuan thinks it's incredible that Zhao Tongxin doesn't know the boss.

Shouldn't women know the man they like?

No, no, it should be that the boss doesn't want to let Zhao Tongxin know these things, doesn't want to let her contact these dark things, protects her under his own wings, not polluted by external things, wants to protect her in a peaceful place, keeps her out of danger

now she said, when the boss knows, will he seek death? To tell you the truth, she has a little envious of such feelings.

I didn't expect boss to be such a cool man. It's so touching to be gentle.

"It's your turn to answer me."

"You all know about my relationship with Jin Zhengting." Zhao Tong was shocked. She didn't expect that Jin Zhengting's influence was so big that she could influence the whole Jiangbin city. She couldn't imagine how big it was.

"That's what I said, but is it true?" Shaoyuan looks at the document Rong Lei gave her yesterday, but she still can't believe it. There is only a simple document on it, a 2-inch photo, whose real name is Zhao Tongxin. Xu Yanke plays the role of Zhao Tongxin. He tries his best to cooperate and protect it, and doesn't allow any mistakes.

And then there's blank, blank, secret.

"I can't say what Jin Zhengting didn't tell you, otherwise he would be angry." Zhao Tong Xin did not answer, "it's my turn to ask the next question."

"What, how can you be so perfunctory? It's unfair." That's it? What's the difference between answering and not answering? Shaoyuan thinks Zhao Tongxin is too cunning.

Zhao Tong Xin chuckled, "it's fair to change one question for another. You can continue to ask."

"Well, you have to answer first." Spoon garden put away the tone of joke, facing Zhao Tong Xin also can't relax, think is a good cheat, didn't expect is also dressed in sheep's clothing fox, "you and boss development to which step."

"....." How can she say that two people lie in the same bed, pull on the quilt and sleep? Say out who don't believe it, Zhao Tong heart red face, some faltering said: "change the next problem."

"Ha ha, Tong Xin, is our boss very brave?" Shaoyuan said that some meat and vegetables are not taboo. There is still some face in men's pile, but Zhao Tong's heart is flushed.

Are all the people around Jin Zhengting direct? "I will convey your praise to Jin Zhengting for you."

"Don't, don't, I'm just joking. Tong Xin, don't tell the boss. Next question, you can't ask." When Shaoyuan heard that Zhao Tongxin wanted to tell Jin Zhengting, she immediately became honest. If she let the boss know that she asked this question, she would not see anyone and the beautiful sun.

Zhao Tong heart tight tight tight palm, calm ask, "Jin Zhengting with Xu Yan but how to know." She is really curious about what kind of woman Xu Yan is.

"I don't know. The boss didn't bring that woman to meet us. It's not an important person." Shaoyuan is also a woman. She knows what women care about most. She has been with Jin Zhengting for so long, but she has never met Xu Yanke, and she doesn't know much about the things between them.

It seems that only a few friends around the boss know.

"Don't you know?" Zhao Tongxin doesn't know whether she's happy or not. What's happy is that Jin Zhengting didn't introduce Xu Yanke to them. Does it mean that she's different? What's unhappy is that he didn't ask them.

"Yes, you're the first woman we see around the boss." Shaoyuan doesn't understand why Zhao Tongxin is lost. Isn't it good for boss to pet her alone.

How many women envy things that can't come, she doesn't seem to be very happy with you.

Zhao Tong Xin said with a smile, "Oh, I see. Thank you for your spoon garden."

No matter what past Xu Yanke and Jin Zhengting had before, now she is by Jin Zhengting's side, isn't she? And the man also said that he likes her.

She doesn't want to think about it any more. No matter what, Xu Yanke still wants to find it and deal with it. In this period, she only needs to play Xu Yanke well.
