

Chapter 1011

He was taken aback for a moment, and then he couldn't believe it and asked, "You, what did you call me just now?"

"The old immortal thing!"

"You dare to scold me?"

Suzi smiled: "You are not dead!"

"Do you know that when we went out with Arron, we thought you were sick along the way!"

"Along the way, I thought you were going to survive. Or, we wouldn't call your grandson Darius? Oh, we were so happy along the way. You are finally going to die! You finally can't live again. In this world."

"You..." Mr. Shu was scolded by Suzi, and he was immediately furious.

Suzi's scolding against Old Man Shu continued: "The dead thing that never died! You are not dead, but I am also very happy because your granddaughter is dying!"

"That's your granddaughter! You have been looking for your daughter for a lifetime. You finally found your granddaughter. If he dies, will you tingle your heart? It's like cutting your body. Meat?"

Elder Shu: "..."

He closed his eyes and tried to calm himself down.

Efforts can keep oneself from spitting out old blood.

At this moment, Elder Shu really wanted to knock Suzi down with a single shot.

However, he knew that the granddaughter in the ward was still waiting for Suzi's kidney to save his life. He couldn't collapse Suzi.

He tried his best to maintain his supreme dignity.

After asking Wen Xin Shen, Elder Shu said very peacefully: "Suzi, I know, you have always wanted my approval."

"What?" Suzi asked with a frown, digging out his own fault.

"If, what I said is if, if you are willing to do a match, if you succeed, you donate a kidney to save my granddaughter's life, I promise you now, and from then on, I will no longer have you Prejudice."

"I will not only get along peacefully, but I will recognize you! You will call me what Arron calls me in the future."

"And those other wealthy families in Nancheng, I will introduce them to them one by one, and I will say, you have changed your past, and you have donated kidneys to your sister. What a great feat. "

Elder Shu was very charitable.

"Yeah!"

Suzi suddenly spit out: "You old immortal thing! I always call you immortal, do you think I want your approval?"

"Old things, why are you so narcissistic, self-righteous, and feel good about yourself?"

"I don't need your approval! I don't need it! Not rare! Your approval, you should keep it for your granddaughter!"

"There is still one month left. During this month, I will curse her every day for not being able to find the source of the kidney. It's best to be half a month in advance, and it's best to go to the West tomorrow!"

Elder Shu: "You are too vicious!"

Suzi shrugged indifferently: "You are right. I am vicious. Didn't you clearly know that I am vicious six years ago? Isn't viciousness my nature? Is there anything good to beep?"

Elder Shu: "..."

I really want to be stunned by Suzi.

Calling her early in the morning, something that she thought would be a good solution, after all, it won't take long to make a match.

But never thought that this woman should be so difficult.

Is he not mistaken about this woman?

Until now, she is still extremely vicious, without sympathy at all, so she doesn't know what Arron is after this woman?

Bewitching!

Since Arron is reluctant to deal with her.

Well, this time, let him, an old man who is more than a few years old, dispose of this woman!

"Are you sure, if you don't donate a kidney to your sister, you don't want to save your sister's life?" Elder Shu asked a little weirdly.

"Yes!"

Speaking of words, Suzi turned his head to look at Arron: "Arron, let's go!"

Chapter 1012

Suzi took Arron and went out.

From beginning to end, Arron remained silent.

But his face was extremely cold.

If he had some doubts in the past, when he suspected that Suzi was the biological daughter of the missing daughter of Jarod and Elder Shu, but now, Arron can be very sure that Suzi is Jarod's biological daughter.

It must be.

Thinking of this, there is something in Arron's heart that has never been cold and ruthless.

If he used to be the glacier the year before, now, he is the Wannian Glacier plus an ice sword that can smash all human souls.

Wannian Ice Sword.

At this moment, Arron wished that Jarod could not even leave him with a bit of blood and bone sc*m with a sword.

However, nothing showed on Arron's face.

He is the usual Shen Han.

The reason for this is entirely because of Mr. Shu.

Because he promised Old Man Shu that he wouldn't be cruel to the Lin family.

He has to do it.

But this is fine, because Suzi is unwilling to admit Mr. Shu, let alone Jarod.

Let Elder Shu mistakenly think that Lanita is his granddaughter, until one day, when the three of the Lin family smashed his body, it would be regarded as a group of punishments for Elder Shu.

The so-called people are doing, the sky is watching.

After following Suzi for two or three steps, Arron turned around and looked at Jarod, Moira, and Elder Shu who were standing outside the ward with a dazed expression.

He silently gave a shallow bow to the old man Shu: "Old man, goodbye."

Then, together with Suzi, he turned and left.

Elder Shu: "..."

As soon as the two walked out of the corner of the ward corridor, Suzi was already crying and unable to walk on his own.

It is impossible to say not to be sad.

She is like a very, very big and deep scar. The scabs originally don't hurt anymore, but when they are uncovered again, they will still be bloody pain, even more than the original injury at the beginning. Pain.

When the two were about to enter the elevator, they were stopped behind them.

"Arron, Suzi, wait a minute." A middle-aged woman's voice.

Arron looked back and saw that they were Darius's parents, followed by Darius.

"What's the matter!" Arron's tone was particularly bad.

Wives have become like this, are they still entangled? Arron's eyes radiated a poisonous light. Maybe in the next second, he was going to kill all three of this family.

Elder Shu only said not to let him move the three of the Lin family, but he didn't say not to let him move the three of the Shu family!

"Child, are you really... our younger sister's child?" Darius's father looked at Suzi with tears in his eyes.

Suzi: "..."

Darius's father stepped forward: "My child, tell your uncle, how did your mother... how did you pass away?"

Suzi: "..."

She was stunned.
