

Chapter: 1021

The rain in Suzhou will be very long, usually three or four days in a row, even one month.

In the past few days, it was raining intermittently, and Chen Feng was unwilling to go out. He just waited in the hotel, eating and drinking.

It's a pity that everyone has forgotten him. Hei didn't look for him, nor did Qingzhi. Even the Sea Lion Tower seemed to deny that he was the one who killed Sun Yiran.

It's really strange enough.

He was sitting in the dining room, looking at a best-seller bought in a bookstore.

Xiaodie suddenly sat behind him. Although the girl lived here, Chen Feng hadn't seen her for several days.

"Why didn't you go out to play, but come to accompany me, a boring person." Chen Feng did not look up from the book.

Fluttershy smiled and said, "It's raining, I had to find something to do for myself, and then I saw you."

Chen Feng said, "But I have nothing to do for you."

Xiaodie smiled and said, "When did you become so serious? When I first saw you, I was still a very serious person."

Chen Feng also smiled: "The feeling you give me now makes me afraid to be serious."

Fluttershy asked, "The me now? How does that feel?"

"Like a cute girl, the kind that makes people feel distressed but reluctant to hurt."

Fluttershy blushed a little and said, "That day you said that I was a special woman, and now you say it's cute, then you like that?"

Chen Feng said: "I like it all."

Fluttershy grumbled and demanded: "You can't like two, you must choose one."

Chen Feng said, "That..., it's that special girl."

Fluttershy was curious and asked, "Why, isn't it because I don't look good now?"

Chen Feng shook his head: "It's just that girl I can hurt and even make her cry."

Xiaodie was stunned, but then blushed and turned his head, cursing at Chen Feng: "Sure enough, you are still that big gangster."

Chen Feng ignored it either, just continued to read his book.

After a while, Xiaodie couldn't help himself, and said to Chen Feng: "If you like, I can dress up again. In fact, I just indulged a little and did that hairstyle for myself that day."

Chen Feng raised his head, Xiaodie's cheeks still had a faint blush, making the originally fair and lovely face even more attractive, like an apple, wishing to bite it down.

Chen Feng said: "You are just yourself, just like yourself, so that others will like you more."

Xiaodie seemed to be thinking about something thoughtfully, and Chen Feng stood up at this time.

Xiaodie looked at him, and Chen Feng was walking towards the door. The people there seemed to be Chen Feng's friends.

Chen Feng didn't expect Wu Xingyu to come to him.

"Are you here to find me?" Chen Feng asked.

"Someone wants to see Shao Chen," he replied.

Chen Feng said, "Who is it? I don't know?"

Wu Xingyu said, "It's from the Sea Lion Tower."

Chen Feng looked at Wu Xingyu suspiciously. Wu Xingyu himself explained: "I told my friend that I had met Shao Chen, and the people in the Sea Lion Tower found me during the day. They wanted me to have a conversation with you. See you."

Chen Feng asked, "Then why don't they come to see me by themselves?"

But Chen Feng wanted to understand this problem himself.

They might also know that it was a misunderstanding that night, but they did offend Chen Feng. If they rushed to invite him, they were afraid of being rejected by Chen Feng, so they considered choosing an intermediary. There was still room for change.

Chen Feng smiled. Although this trick is inconspicuous, he still sees that the Sea Lion Tower is still somewhat sincere. Chen Feng said, "That's it, tell them I agree."

Wu Xingyu also seemed very happy. After all, the thing he was entrusted to succeed, he also had some face. He said, "Haishilou said, if Shao Chen agrees, we will meet Shao Chen at the Starlight Restaurant at 7 o'clock tomorrow evening."

Chen Feng didn't know the grade of the Starlight Restaurant, but he believed that since the Sea Lion House was sincere to invite him, it would certainly not be bad.

After telling such a message, Wu Xingyu left.

Chen Feng looked at the chair just now, Xiaodie was no longer there, he just felt a little deserted.

Back on the chair again, Chen Feng picked up the book that had only been read a third.

The next day, the sky was still gloomy, and the rain was still falling. It seemed that this week would be the weather, and the wetness made people feel a little irritable.

Starlight Restaurant, the signboard of Suzhou City, if you want to taste the most authentic local dishes, then it is absolutely no problem to come here.

When the driver saw Chen Feng coming here to eat, he seemed even more polite, showing their reputation.

But after all, this is just a place to eat.

As soon as he walked in, Wu Xingyu was waiting at the door. He changed his glasses with black frames today, and he looked much calmer.

“Who is from the Sea Lion Tower?” Chen Feng asked.

Wu Xingyu said: “The lord of the Sea Lion House Lion Heart Hall, Zhou Yong.”

Chen Feng sighed, “That’s still not a small person. How could he come to see me in person? I don’t think I have such a big face.”

Wu Xingyu said, “Young Master Chen, you are polite. If this is Yanjing, if you visit you in his capacity, you will not necessarily meet him.”

Chen Feng thinks about it, it seems that this is really the case, the identity of a hall master does not necessarily meet him.

But today, he doesn’t mind much.

When they entered the room, Chen Feng did not expect that they would have been waiting there. Besides Zhou Yong, there were several other people, among them the two whom Chen Feng knew about that night.

I don’t understand what they are going to do.

When Chen Feng came in, a middle-aged Chen man headed by him, piled up with pleats on his face, smiled with Chen Feng: “Unexpectedly, Chen Shao came to Suzhou. It is really an honor for me to Suzhou.”

The polite remarks always listened to fake Dakong, but at least they wouldn’t be offensive. Chen Feng just smiled and sat down beside Zhou Yong.

He said, “Haishilou invited me to dinner, but I should thank you all.”

“Where and where, it is our blessing to be able to invite Shao Chen.”

Then the food and wine came up one by one.

And Zhou Yong also knew that he would wait until after the meal to talk about things, just to talk about the anecdotes and customs of Suzhou, accompanied by these, Chen Feng also ate pleasure.

And there are always some things that need to be faced.

Zhou Yong put down his wine glass and said to Chen Feng, “Shao Chen, what happened to that person at night was our Sea Lion House took the liberty. This time it was not only a reception for Chen Shao, but also a banquet for apology.”

As he said, he looked at the two people who were on the sidelines that night: "I just came to apologize to Shao Chen."

The two immediately stood up and apologized to Chen Feng, "Sorry Chen Shao."

Chapter: 1022

Chen Feng also hurriedly waved his hand and said, "Since it was a misunderstanding and it has not caused any harm, it would be unnecessary to say anything to apologize but not to apologize."

Naturally, these words were forgiven. Zhou Yong waited until the matter was over before he could continue.

He said, "Shao Chen came to Suzhou for the sake of Taihao's secret hiding, right?"

Chen Feng did not deny that there was a part of the reason for this.

He nodded and said: "I really want to see if this can allow the martial artist to step into the power of the master."

Zhou Yong shook his head, and said, "I'm afraid I'm going to disappoint Chen Shao. If the secret hiding place in the Sea Lion Tower is not given to Emperor Taihao, it will be impossible for anyone to open it."

Chen Feng exclaimed, "Didn't it mean that someone is thinking of other ways to forcibly break in?"

Zhou Yong said: "I don't know who is actually spreading the falsehood and spreading this claim everywhere. This has caused many people to come to Suzhou."

But Chen Feng just heard it, but he didn't dare to believe it completely. Otherwise, when he left Suzhou, he heard that someone had opened the Taihao Secret Vault, and he couldn't even find someone to give up.

Chen Feng nodded and said, "It turns out that this is the case. I thought you really found some other way to open the Taihao Secret Vault."

Zhou Yong said: "When I want to come, Shao Chen also knows that my disciple in the building, Sun Yiran, known as the Sky Blue Sword, was killed by a stone in the alley."

Chen Feng naturally thought of Hei, the mysterious guy with a hood.

He said, "Don't you know who the murderer is?"

Zhou Yong said: "I just know that guy likes to wear a hood. As for other things, we don't know anything. And we have chased Shao Chen's room that night, but the person is gone, so we... ...."

He hesitated a bit, but Chen Feng knew what he meant, and said, "You want to know if I have anything to do with him."

Zhou Yong was a little bit narrow, but nodded.

Chen Feng said, "I don't know him. I didn't even know the soft sword and photos in my room until I returned to the room at that time. I didn't even know your people."

As Chen Feng spoke, he told Zhou Yong who had gone out that day in detail. He didn't know how much Zhou Yong believed, but when he looked at him, he nodded silently.

Chen Feng said, "This is what I know. He said I can call him black, but I don't know what clues you have."

And it seemed that Zhou Yong was a little shocked by this name, he was shocked: "Could it be that guy?"

Chen Feng asked puzzledly: "Who is it? Is it amazing?"

But just now, when a stone hit the soup plate in front of Chen Feng and the others, a crisp sound was heard, the soup plate broke apart, and the soup that had not been finished in it splashed out.

Chen Feng was alert and immediately avoided, but naturally someone splashed.

"Who is it?" Zhou Yong also withdrew and looked at the direction the stone was hitting.

Chen Feng is equally serious. Since he chose to make trouble at this time, it may also be aimed at him.

Then I saw a guy coming in through a broken window. He wears this hood. Isn't it the blackness they just talked about?

"It's you!"

Obviously Zhou Yong and the others also recognized Hei, and they all looked at him nervously.

Hei smiled and said, "You didn't even call me when you were eating here, so I had to come by myself, but it seems that I'm still a bit late. You have almost eaten this table of food."

Zhou Yong seemed to be afraid of Black's strength and didn't dare to rush over easily. He asked, "What do you want to do?"

In this bright place, you can naturally see the appearance under the hood, but there is a silver mask on it, and it is still impossible to know what the black looks like.

Hei continued to smile: "I can't see it, so I have to come and destroy it. You guys are very annoying."

As he said, he looked at Chen Feng again and said, "I wanted you to fight by yourself first, but I didn't expect you to get together for dinner. It really made me unexpected, but it doesn't matter. I have to do it myself now."

As he said, a stone had already hit Zhou Yong's face.

Zhou Yong stepped forward, and the remaining disciples of the Sea Lion Tower also looked at the black in fear, and for a while, no one dared to rush over.

Chen Feng pulled Wu Xingyu back to the side. For the time being, it seemed that He hadn't noticed them, so Chen Feng let Wu Xingyu leave.

Wu Xingyu glanced at Chen Feng, not much, and left the room directly.

He seemed to have seen it, but he didn't stop him. He just looked at Chen Feng, as long as Chen Feng didn't leave.

Although Zhou Yong and the others did not dare to rush forward, Hei had already arrived in front of them.

Zhou Yong was on the left and right, barely able to withstand the black attack, it seems that he is not a person who is good at using force.

Seeing that Hei was about to defeat Zhou Yong, Chen Feng rushed forward and stopped Hei with a punch.

Hei also reacted quickly and retreated quickly, without allowing Chen Feng to seize any gaps to attack.

“You want to do it with me too?” The black eyes were full of playful meaning.

Chen Feng said: “Since I am eating here today, you have disturbed my meal. If I still don’t make a move, I won’t be laughed at.”

Hei smiled and said, “Is it just for this reason?”

Chen Feng said: “Naturally, there was the last time you framed me.”

The underworld: “But you are not my opponent.”

Chen Feng said indifferently: “If I haven’t fought, I won’t believe it.”

Hei shook his head and said, “Well then, I have to convince you.”

After he finished speaking, he rushed over again, with a heavy force, each time Chen Feng’s arms were numb, but the punches and punches were always uninterrupted.

After playing a set, the two exchanged their breath at the same time. Chen Feng smiled and said, “It seems that you are not easy to deal with me either.”

But although his face was sound, only Chen Feng himself knew how much burden he had endured. If it were not for the domineering exercises, he might have already vomited a big mouthful of blood.

Hei also smiled and said, “Unexpectedly, I underestimated you, but I retained my strength just now.”

Chen Feng’s face changed slightly, and he could feel that this guy didn’t seem to be lying.

If he continues to play, he will have to show his hole cards to be able to hold it.

But Hei suddenly stepped back two steps, and said to Chen Feng: “I originally chose to kill him this day, but you have to stop in front of you. Don’t worry, when I choose a good day, he will come and ask for it. For the sake of your life, you still wanted to play with you, but it’s a pity that you want to stop here. That’s no wonder I am.”

Chapter: 1023

With that said, he actually jumped directly from the window where he had just entered. Although it was not high, it was still on the seventh or eighth floor. How dare it be.

Chen Feng and the others rushed over immediately, wanting to check.

But there were no figures. There were only some parked cars and some figures walking by the roadside, but it was obviously not the blackness just now.

After leaving the window, Zhou Yong's Chen Feng thanked him, "Thank you Chen Shao for what happened just now."

Chen Feng just waved his hand.

Because of the destruction of the black, each has no idea of continuing.

Soon they all went back, and Zhou Yong was naturally even more annoyed at this black. When he talked to Chen Feng, he said that he would definitely catch this guy.

Chen Feng was noncommittal. With the weirdness that Hei showed now, the Sea Lion House might not be able to catch this guy.

But naturally he would not talk to Zhou Yongming.

When I left, I saw Wu Xingyu outside, but also comforted him with a few words, and then they dispersed.

Chen Feng didn't choose to take a car, but walked back along the road. The reason for this was because someone wanted to see him.

Sure enough, within a few blocks, the talent finally appeared.

"I thought you would appear soon, but you haven't come out until now. What are you worried about, am I looking for someone to ambush you?" Chen Feng said to the darkness.

And a figure did come out from the darkness, and Hei said, "It's always good to be careful. If you and the Sea Lion Tower are going to deal with me, I don't dare to get into it without being arrogant."

The reason why Hei is here is because of the message he quietly handed over when he was fighting with Chen Feng just now, asking Chen Feng to wait for him.

Chen Feng is coming to meet him. As for the cruel remarks just now, it may only be shown to Zhou Yong and the others.

"What do you want me to do?" Chen Feng asked.

The underworld: "Do you know why I have to deal with the Sea Lion Tower?"

Chen Feng shook his head and said, "I don't know, you hid it for Taihao? That thing is probably an unstoppable temptation for all the people at Huajin Peak."

But Hei shook his head.

Chen Feng said, "If it weren't for Taihao's secret hiding, it would have been an enemy between you and the Sea Lion Tower."

This time Hei nodded, but the words came to an end. He didn't seem to have any intention of expressing his thoughts.

“What is the reason for you telling me this?” Chen Feng asked.

Hei smiled and said, “Naturally, I want you and me to deal with the Sea Lion Tower.”

Chen Feng asked in amazement, “Do you think I’m crazy? Will choose to promise you this matter.”

The underworld: “You are naturally not crazy, but if you don’t agree, then to me, you are the enemy.”

Chen Feng said: “So I can only choose one of the two, either with you against the Sea Lion Tower, or with the Sea Lion Tower against you.”

Black nodded.

Chen Feng said again: “Do you think you can let me do this? If you choose Sea Lion Tower, maybe I can still see Taihao’s secret hiding place. If you choose you, what can I get.”

The underworld: “Naturally, it is better than Taihao’s secret possession.”

Chen Feng asked in surprise, “What is that?”

“Qingzhi is now looking for something, and I know that as long as you choose to promise me, I will help Qingzhi find what she wants, and I think Qingzhi will know you better about the value of that thing.”

Chen Feng looked at him silently. This was not the first time he mentioned Qing Zhi, and it seemed that he really knew where Qing Zhi was, and even knew what Qing Zhi was looking for.

Chen Feng thought for a while and said, “If this is the case, I also need to wait until Qingzhi comes back before I can answer you.”

Hei chuckled: “I’m not in a hurry. I have time. The one who is really anxious is Haishilou.”

Chen Feng looked at him confidently and seemed to have taken him up. He thought of a question and asked Xiang Gang: “You don’t seem to need me to deal with the Sea Lion Tower. You can do it yourself.”

But Hei shook his head and said, “There is one thing you must do.”

Chen Feng asked, “What the hell is that?”

The underworld: “A woman.”

Chen Feng was even more curious, and asked, “What woman?”

But Hei didn’t say much, just said, “When you meet, you naturally know who this woman I’m talking about is? But don’t worry, she is a very beautiful woman, compared to the female master. Don’t let it go.”

Naturally, Chen Feng didn’t care about this, he didn’t care whether this woman was beautiful, he just wanted to know what role this woman had, or what he would do to this woman.

But Hei obviously didn’t want to explain: “I am waiting for your message, and you will definitely agree to me.”

With that, he walked into the darkness again.

As expected, it was still raining lightly in the sky. It has been a week, but everything is not over, Qing Zhi has not returned yet, and Chen Feng even thinks that what the black said is not true.

“Hey, what are you thinking about?” Suddenly someone interrupted Chen Feng’s contemplation. He just remembered what woman Hei and he had said. Maybe when I think about it again, he was curious about that one compared to Qing Zhi. What kind of beautiful women look like in the end.

Chen Feng didn’t want to see it either, he knew it was Fluttershy, and he would only meet Fluttershy here.

“Thinking about women?” Chen Feng answered truthfully.

“Rogue.” Xiaodie cursed, but still sat down beside Chen Feng without disgust.

“What kind of woman are you thinking of?” She actually asked curiously.

Chen Feng also glanced at Xiaodie unexpectedly, but her big eyes were really full of curiosity, Chen Feng said: “I don’t know the name, I don’t know what it looks like, and I haven’t even seen it. Woman.”

Xiaodie thought that Chen Feng was lying to her, and she was a little unhappy and said, “I didn’t say anything about you. Is it interesting that you are still lying to me like this?”

Chen Feng smiled and said, “But I was thinking of such a woman. Someone told me that she would meet a beautiful woman, and she was still very beautiful.”

Xiaodie looked at Chen Feng suspiciously, and said, “You really didn’t lie to me?”

Chen Feng nodded.

“Then do you think she is more beautiful than me?”

“Should be more prettier than you.” Chen Feng thought a little.

But to praise another woman for her beauty in front of a woman is a taboo. Almost all women will be angry. Fluttershy is just an ordinary person, so she pouted angrily and said angrily: “Don’t you even coax Are you even a girl? You said in front of me that another woman would be prettier than me. Are you stupid?”

Chen Feng smiled and said, “But I’m telling the truth.”

Xiaodie angrily said: “The truth is not good. You have to say something that makes me happy, otherwise...or I won’t pay attention to you for a while.

Chapter: 1024

Chen Feng had no choice but to say slowly: “You know that a man will fantasize about a woman’s figure in his heart. When he doesn’t see anyone, a man will put everything he thinks is beautiful on this fantasizing woman, making her a woman. A near-perfect woman, and this woman is unbeatable by any woman in reality.”

Xiaodie was still a little annoyed when she heard it, but then she settled down and listened slowly. She asked, “Is this really the case?”

Chen Feng nodded and said, "I think if I really wait until I see such a woman, maybe she will not be more beautiful than you, and my illusions will also decline on the ground. At that time, everything will be Back to reality."

Fluttershy looked at Chen Feng thoughtfully, and said, "Then if I am the person who lives in your fantasy, am I the most beautiful one?"

Chen Feng smiled and shook his head.

Xiaodie became puzzled again, and said, "Why, didn't you still say that the woman in that fantasy is the most beautiful?"

Chen Feng said: "Fantasy is all false, but now you and I can actually be touched."

As he said, he reached out to Xiaodie's head and touched it.

Her hair was very soft and it felt very smooth to the touch. Chen Feng didn't even want to let go, but if she touched it again, she would definitely be regarded as abnormal.

Although Xiaodie thinks of Chen Feng in this way.

At this time, another cool girl, with colorful beads hanging on her body, sat beside Chen Feng and the others.

"Xiaodie, is this the perverted uncle you were talking about?"

Chen Feng froze for a moment. Does he look very old?

But looking at Xiaodie, she avoided her eyes.

She said to the girl, "Didn't I tell you not to say that in front of him?"

But the girl ignored Xiaodie, just looked at Chen Feng, and then said, "It looks okay, but it's not too handsome, Xiaodie, even Xia Lan chasing you, you don't agree, but you are here and like this. An uncle chatting."

It seemed that she was really surprised.

Chen Feng seemed to hear a familiar name. He asked, "Is that Xia Lan from Tianyuan Group?"

The girl looked at Chen Feng in admiration, and said, "I didn't expect you to know him, how? Do you feel embarrassed?"

Chen Feng didn't argue, he just smiled.

Xiaodie hurriedly said, "Actually, I have nothing to do with that guy."

Chen Feng said: "He is just your friend, I naturally don't care."

Fluttershy's friend sneered and said, "You don't care, it's useless if you care."

Xiaodie persuaded her friend and said, "Xiaoyue, don't do this."

She seemed to care about Xiaodie's feelings, that Xiaoyue's girl closed her mouth.

Although Chen Feng didn't like the girls of this power, if he wanted to fight against a girl with his identity, he would appear to be narrow-minded in any way.

Chen Feng smiled and said, "I really didn't care. If you don't believe it, I can't help it."

Fluttershy was just silent.

But I didn't expect that some things would always happen without coincidence.

At the door, the person who walked in, Chen Feng did see that it was Xia Lan, that is, the CEO of Tianyuan Company, a guy with a lot of honor.

He watched Xia Lan come over. Chen Feng wanted to leave. If he saw Xiaodie here with him, this guy would definitely cause something, and Chen Feng actually hated such inexplicable trouble.

Xiaodie thought that Chen Feng was scared by Xia Lan. She said, "I will go home with you."

But the girl named Xiaoyue stopped Xiaodie and said, "That's Xia Lan, Xiaodie, he must have come to find you. And this uncle, if he wants to go back, let him go back by himself. ."

Chen Feng smiled bitterly, and it seemed that the title of this uncle could not be taken away from Xiaoyue's mouth.

But he also thought about it, this was not his problem at all, and he didn't need to leave. If there really is a problem, someone will always stop it, and he will definitely not be the one who suffers.

Within two steps, Xia Lan had already walked in front of them.

He smiled and greeted Xiaodie and Xiaoyue. It seems that they should meet frequently.

Xiaodie and the two also greeted him.

"Why are you here?" Xiaodie asked him.

However, Xia Lan focused her gaze on Chen Feng and didn't remember it at first. After all, she had only met once and had been here for so long, but when Chen Feng frowned, his expression at that moment reminded him. .

His face has also become a little awful.

"It's you." He said to Chen Feng coldly.

Chen Feng chuckled, "Do you know me?"

And Xia Lan's reaction even Xiaodie two women did not expect, they would never believe that Xia Lan would know Chen Feng.

However, Xia Lan is also not the one who sits on the chief executive officer. He quickly screamed his anger and a bright smile. They smiled at Xiaodie and said, "This gentleman and I were on the high-speed train. I saw it before, and I was sitting next to him. Maybe he had forgotten it, but I still remember it."

So they looked at Chen Feng again, and Chen Feng put on a stunned expression, and said, "I was just thinking about why you are so familiar, because I saw it on the high-speed rail."

Xiaodie also seemed to be relieved. She said, "Since you know each other, then there is nothing left."

Neither Chen Feng nor Xia Lan said anything.

Xia Lan said to Xiaodie at this time: "I happen to have some time today, or I will invite you to play."

Xiaoyue is naturally happy to support, but Xiaodie said: "I don't want to go, or you can take Xiaoyue with you."

Xiaoyue seems to know that the purpose of Xia Lan's invitation is for Xiaodie. If she does not go, Xiaoyue will naturally not be able to follow. So she also persuaded and said, "Xia Lan, we haven't been out for a long time. After playing, won't you get bored?"

But Xiaodie was very determined and shook his head directly.

Xia Lan was also a little embarrassed. The rejection had never happened to him, and it still happened in front of Chen Feng. He felt even more uncomfortable.

And Xiaoyue seemed to have thought of something, she said to Chen Feng: "Uncle, or you should go with you, anyway, I think you look boring now."

Chen Feng thought for a while, and said, "Okay, anyway, someone is going to treat him."

Xiaodie looked at Chen Feng a little unexpectedly. Naturally, she didn't expect Chen Summit to agree. In front of Xia Lan, many men would feel uncomfortable. It would make people feel uncomfortable that all the sights were taken away by him.

But Chen Feng agreed. Is this because Chen Feng is stupid?

Chapter: 1025

Fluttershy didn't understand.

Chen Feng said to her, "Let's go together, otherwise the weather would be really boring."

Xiaodie thought about it and nodded. She felt that if Chen Feng was bullied by that time, she could take Chen Feng and leave.

But this kind of thing is naturally impossible to happen to Chen Feng.

Xia Lan's mood became very bad the moment Xiaodie agreed. If Xiaodie was agreed by others, he might feel better, but this person is Chen Feng, and he felt that something was rushing in his belly. , Which directly made him feel nauseous of wanting to vomit.

However, the cultivation of education made him still smile on his face and said, "Yes, it's good for Xiaodie to go out and get some air. It's always boring to hide here."

Xiaodie has already agreed, and when she heard Xia Lan say this, she also thanked him with a smile: "You are going to be a treat, then we are welcome, anyway, you guy is very rich."

Xia Lan said, "That's natural, how could it be possible for you to pay the bill."

Because of the light rain, there are actually many places where you can't play, such as playgrounds and zoos.

The last place they chose was a bowling alley.

It seems that because it is raining, the idle people have chosen to be in this kind of place. When they came, there were a lot of people.

But fortunately, when they arrived, someone happened to end, and they did not wait smoothly.

"I play the ball well, but you have to be merciful." Xiaoyue said.

In fact, this is more like saying to Xia Lan, because she is looking at him.

Fluttershy explained to Chen Feng at this time: "Xia Lan is their company's bowling champion, so the skill is very good."

Chen Feng just smiled and nodded. This kind of exercise is basically without any difficulty if you use internal strength to cheat, but it is originally for entertainment, and Chen Feng still intends to play honestly, so that it will be more interesting.

Soon several people were ready.

Xiaoyue was the first one. As she said, it was not very good indeed. The first ball was not hit by a bottle.

A little discouraged, she walked to Xiaodie's side and said, "This ball is boring."

Xiaodie smiled and said, "But you asked to come out and play."

Xiaoyue said: "Who knew it would be playing this kind of thing."

And the second one is Xia Lan, which is in sharp contrast with Xiaoyue, hitting a full goal on the first goal.

Even after he finished throwing the ball, he was able to look at Chen Feng and the others. Chen Feng was still such a tepid attitude, Xiaodie still admired it, after all, it relied on his strength.

Fluttershy was a bit worse. He didn't get a goal, but he made the second goal.

In the end, it was Chen Feng's turn. He hadn't played before, but seeing Xia Lan's posture, it was no problem to learn a lot.

Waiting to get started, the mass of the ball is slightly picked up, it is not too light.

He also aimed at the pin at the bottom, and then threw it out, looking like a very professional person.

But after all, because it was the first time, Chen Feng still didn't achieve the goal.

Xia Lan seemed to be smiling triumphantly, maybe because of this he was a little relieved.

Chen Feng immediately made up the second ball, this time there was no problem, and the familiarity gave him some experience.

After that, he became more and more familiar. He can basically hit all goals, but occasionally there may be problems with two random goals.

But this still made Xiaodie look at Chen Feng like a monster.

“Are you really here to play for the first time?”

Chen Feng knew that his performance was a bit too sturdy, but he couldn't help it. He became excited for a while, and he didn't stop it, so he nodded with a smile.

“I can't believe it, I can play so well the first time I play.” Xiaodie exclaimed.

But this sentence was heard by Xia Lan. He came to Chen Feng somewhat indifferently and said, “It does not look like a beginner, but you are playing so well now, how about you compare with me.”

If it was the beginning, I would still feel that Xia Lan was bullying people, but now that I know Chen Feng's strength, it seems that this is just a normal exchange.

Chen Feng thought for a while and agreed.

But the test did not start, because someone nearby shouted to them: “You guys get out of the way, this is a place exclusively for our boss.”

Only then did a few people look at those people, and one by one with a full face is coming over.

The two girls were naturally a little scared subconsciously.

Chen Feng also looked at them coldly, and Xia Lan didn't expect to encounter such a situation, and was actually a little confused.

A sturdy man headed up to him, he pushed Xia Lan on top of him, and almost pushed him to the ground.

Fortunately, Chen Feng supported him.

Xia Lan looked at this group of people angrily. He said, “What do you want to do? Now it is a society under the rule of law. If you dare to do it, I want to call the police.”

But the man chuckled and said, “You are quite courageous, but I want to see if you dare to call the police.”

And Xiaodie pulled La Xialan in fear, and said, “Forget it, anyway, we're almost done, so let's give them the place.”

But in front of a woman, what a man asked for was face, not to mention a face like Xia Lan, how could he just agree to it.

He and Xiaodie said, “Don't worry, they dare not do anything.”

But he didn't know that these guys were the best here. They knew how much they could do without being severely punished, or even evading punishment.

Another bald head smiled: “It turns out that I brought the girl here. No wonder we have to be so capable? We don't want to do it. We should let it go early. If it really makes you lose face in front of the girl, I think you too It doesn't look good.”

He seemed kind.

Xia Lan insisted, "I don't believe you really dare to grab it today. I'm here, and you will come up if you have the seeds."

Even Chen Feng admired this guy's courage a bit, but this kind of thing can't be solved by courage, and these guys are ordinary gangsters, and they really dare to do it.

Chen Feng also gave him a hand, but he did not even look back.

Chen Feng gave a wry smile. He didn't want to make trouble too much, so he stood up and walked to the strong man just now.

The guy was actually taller than Chen Feng, but Chen Feng grabbed him by the neck as soon as he walked over.

"I don't want to make trouble too much. If you are acquainted, go quickly."

As he said, Chen Feng punched that guy in the stomach.

As if hit by something, the whole person fell completely. He covered his stomach and squatted on the ground, looking at Chen Feng in astonishment.

Chapter: 1026

It was just a punch, and it also shocked all the other guys.

They looked at Chen Feng, but also felt scared.

"Who are you?"

Chen Feng just smiled softly at them, but looking at this smile was like facing this demon, they just felt that it was an evil smile.

They didn't dare to stay here, and soon escaped.

Chen Feng watched them leave before turning around, but when he saw Xia Lan, he found that his eyes were mixed with resentment. Chen Feng didn't understand that if he hadn't saved this guy just now, he would have been beaten.

Maybe he blocked Xia Lan's chance to show off.

Chen Feng can only think so.

"Are you okay?" As soon as he approached, Xiaodie asked with concern.

Chen Feng said, "It won't happen to deal with them."

This was originally just a casual sentence from Chen Feng, but in Xia Lan's ears, it turned into a mockery. He thought about the way he was scared just now. Perhaps the more he thought about it, the more he felt that he was far from Chen Feng.

But as superior as him, how could he be surpassed by an inexplicable guy.

In an instant, Chen Feng seemed to have become his lifelong enemy, and his heart was just filled with resentment towards Chen Feng.

But for all these thoughts in Xia Lan's mind, Chen Feng is not an almighty god, he naturally doesn't know.

And because of the interruption of the group of people just now, they didn't have the idea to continue, instead they left this place empty.

But because of seeing what happened just now, those who were waiting didn't dare to use this place. Before waiting for the long queue, there was a strange view of a vacant site.

If a person feels annoyed by something, when he is alone, he will think about it even more. This is the case with Xia Lan. How can he endure this kind of treatment by himself, even sitting alone in the car, He hated Chen Feng even more.

Coupled with the encounter with Chen Feng from the beginning, this originally annoying emotion immediately turned into resentment.

He wanted revenge, and he wanted revenge against Chen Feng strongly.

Chen Feng must not get well before he can make his heart feel better.

He thought about it, and made a call to a certain number on the phone.

The stars seemed to be visible in the night sky. Chen Feng stood in front of the window, looking out the window, thinking that tomorrow might be a good weather.

The terrible weather was finally going to pass, and Chen Feng's mood also improved.

"What are you looking at?" Qing Zhi, who came out of the bathroom, said to Chen Feng.

Chen Feng smiled and said, "I'm looking at the stars, maybe tomorrow will be a good day."

Qing Zhi's temperament was still cold, and she wouldn't say a word if she wasn't interested in herself, so after Chen Feng finished speaking, she was silent.

Chen Feng's happiness may not only be because of the weather tomorrow, but also because of Qingzhi.

When Chen Feng returned to the hotel from the outside and saw that the door of his room was opened, he was still a little worried, but he didn't expect that after he went in, he found that Qing Zhi was lying on the bed.

His worry immediately turned into joy, even excitement.

He shouted at Qing Zhi: "You are back."

The voice was flat, but he knew he was really happy.

Compared with Chen Feng, Qingzhi was much more indifferent. She just nodded, and then was silent for a while, before saying as if remembering something, "You promised me to come here and wait for me. Why did she only show up now? ."

This is more like questioning. Chen Feng has nothing to refute, he can only use silence instead.

But Qing Zhi didn't really want to be held accountable, just glanced at Chen Feng and walked into the bathroom.

Chen Feng waited outside, looking at the starry sky outside, until Qing Zhi came out of the shower.

She didn't seem to have much estimate of Chen Feng, and walked out wrapped in a bath towel.

The white bath towel wrapped around his chest, exposing the snow-white shoulders, white as the snow in the snowfield, making people look a little dazzling.

However, Chen Feng avoided his eyes in a rare shame.

Seeing Chen Feng's reaction, Qing Zhi still didn't care, just spread out his long, damp hair.

Chen Feng thought for a while and said, "I have been waiting here for half a month."

Qing Zhi turned her head to look at Chen Feng. She said coldly, "I'm looking for something."

Just as Hei said, she was indeed looking for something.

Chen Feng was thinking about whether to tell the dark things, but thinking that relying on his own strength, he might as well believe in Qing Zhi, he said: "There is a guy who knows where the thing you are looking for is."

As expected, Qing Zhi stopped her movements. She looked at Chen Feng and said, "Do you know what I'm looking for?"

Chen Feng shook his head and said, "I don't know."

"Then he knows?"

"It should be, but he didn't tell me."

Qing Zhi calmed down, not knowing what he was thinking.

Chen Feng was also silent, he was waiting for Qing Zhi's decision.

After a while, Qing Zhi said, "Take me to meet that guy."

Chen Feng had no choice but to nod, but he was also worried that the black guy was just emptying the white wolf, and said, "That guy is very mysterious, and I don't know his identity until now."

Qing Zhi said, "As long as he knows where the thing is, I won't care who he is."

Chen Feng thought of the black condition again. If Qing Zhi wants to agree to it, maybe he also needs to agree to black and deal with the Sea Lion Tower. There is no obstacle for him, but he feels that some inexplicable is being controlled by others.

However, Chen Feng didn't tell this condition. He just asked, "What are you looking for?"

Qing Zhi said coldly, "It's useless if you know it."

Chen Feng thought it was useless, but it didn't mean that he couldn't know, so he kept asking.

Qing Zhi's remarks naturally meant rejection, but she didn't expect Chen Feng to ask it a second time, so she was silent for a few seconds before saying, "An ancient book."

But she just said these few words, and there was no more. Chen Feng knew that even if he kept asking, there would be no more information, so he didn't ask himself to be boring.

For a moment, the room fell into silence.

But now it is not early, and the two of them always have to sleep. If Chen Feng is a gentleman, he will naturally apply to sleep on the ground.

But he deliberately didn't say anything or do anything, just waiting for Qing Zhi.

Qing Zhi looked at him, but didn't say anything, just walked to the bed, opened the cup, and went straight to sleep.

The bath towel was placed on the ground, and it seemed that something white had flashed in front of Chen Feng just now.

Chen Feng was a little happy, but he didn't know exactly what was the reason for this happiness.

Chapter: 1027

But even if he lay on the side, he didn't dare to do anything.

One night later, Chen Feng didn't even sleep peacefully. He had known that he might as well sleep on the ground.

Qing Zhi was already neatly dressed. She looked at Chen Feng and said, "Take me to find that guy."

Chen Feng blinked tired eyes and nodded.

In fact, Chen Feng didn't have any experience in looking for the black. He just came to a hardware store in the city according to the information black gave.

It is located in the center of Suzhou, and it is also the busiest place. There is a lot of traffic, but at a glance, it is full of people.

With Qingzhi, from time to time, I can still receive the gaze that comes back from time to time. This is from the role of the beauty.

Finally, they finally came to this hardware store.

"Boss, I'm looking for a wrench that can open any nut."

The fat boss replied, "You are looking for an all-purpose wrench. I'll take a look for you."

Chen Feng shook his head and said, "I don't want a universal wrench."

The fat boss put his smile away and asked, "Don't use a universal wrench, then there is no such wrench you want here."

Chen Feng said: "Someone told me you have it here."

The boss asked, "Who told you?"

Chen Feng said, "He said his name is Hei."

The boss seemed to recognize Chen Feng's identity, and said, "Are you here to find the black?"

Chen Feng nodded.

The boss said: "He is not here now, you can go to the backyard and wait a while, I will inform him."

Chen Feng glanced at Qing Zhi, naturally seeking her advice, but Qing Zhi nodded.

Chen Feng said to the boss: "You as soon as possible."

The boss agreed, and Chen Feng followed to the backyard. The front was the storefront, and the back was the home. It looked quite spacious. Chen Feng sat on the stool there and wanted Qing Zhi to sit too. , But she refused, just standing there.

Chen Feng thought for a while and asked, "This guy seems to be familiar with you. When I was looking for you, he told me that he knew your traces. Should you know something."

Qing Zhi thought about it carefully, but in the end he shook his head and said, "There is no reflection. When I was doing something, I didn't find anyone staring."

And since Qing Zhi said so, it should be true, but how on earth knew Hei, this makes people think about it.

At this moment, the boss came out of the kitchen with tea.

When they came to them, they handed Chen Feng the tea one by one.

Chen Feng held a tea cup and asked, "Boss, are you doing something for the black?"

The boss smiled and said, "It doesn't count, just contact some people for him."

Chen Feng thought about asking, "Do you know who he is?"

The boss shook his head and said, "I don't know this, but I don't need to know. He gives me a sum of money every month, just doing this kind of thing, but it's much easier."

Chen Feng smiled and said, "You are not afraid of danger. If Hei is a criminal, you are an accessory criminal."

The boss didn't seem to be worried, he just said, "How could that guy be a criminal? If he is a criminal, I can only admit it."

Chen Feng asked curiously, "Why is this? You are not afraid of being caught."

The boss shook his head and said, "My fate was given by the black guy. If he really lets me in, I won't blame him, and he let me take care of the shop, at least I can still mix with him. Eat something with your mouth."

Chen Feng was also surprised, he didn't expect this kind of going out again.

“Are you asking for my message?”

As he was talking, a black voice came from outside.

This guy seems to wear a hood forever, even now, he still does.

Chen Feng said: “Just curious.”

Hei walked in front of the two of them, the boss whispered a word with Hei, and then walked out.

Hei first looked at Qing Zhi and bowed to her.

Chen Feng looked at him curiously, Qing Zhi also seemed strange, and then he heard Hei say, “Senior Qing Zhi, I am really happy to meet you, but I can’t take off my mask. I can only use this gesture to meet you. .”

Qing Zhi asked, “Do I know you?”

Hei shook his head and said, “You probably don’t know, but I know you.”

Qingzhi gave a cry and asked, “You let him tell me that you know what I’m looking for and where it is. Is this true?”

Hei nodded seriously and said, “I do know, but I can’t say it yet.”

Qing Zhi asked, “Then what will you say.”

Hei did not answer immediately, but looked at Chen Feng.

Chen Feng naturally understood what he meant, but just asked him to agree.

Chen Feng thought for a while and said, “If you really know, I promise you it’s not a problem, but I can’t guarantee that it will be dealt with.”

This was a shame. Hei also saw Chen Feng’s thoughts, but he didn’t seem to care. He just said, “You just need to help me deal with that woman, and you don’t even need to do other things.”

When mentioning this woman again, Chen Feng was even more curious, and said, “Just deal with a woman? Does she have three heads and six arms, and even you can’t deal with it. It must be me.”

Hei chuckles: “It’s just dealing with a woman, and you have to.”

Chen Feng raised his head and asked, “Can’t you say?”

The underworld: “I can’t say it yet. When I tell you, you can do it, and it will be very simple.”

Chen Feng really doesn’t know what kind of medicine this guy sells in the gourd, but if it’s really just a woman, it’s just very simple, it won’t be a problem if he agrees.

He said, “If it’s really as you said, I promise you, then now you can tell where that thing is.”

Chen Feng was naturally curious about the whereabouts of that ancient book.

Hei smiled and said, “Actually, you can guess where that thing is.”

Chen Feng naturally doesn't like this kind of dumb puzzle game, yelling: "It's just a waste of time. You can just say it."

Hei was a little angry at Chen Feng's impatience, but still said, "In fact, the "Homecoming" is in Taihao's secret storage.

Chen Feng was also taken aback. This message was really too difficult to confirm. He looked at Qing Zhi and wanted to ask her what she meant.

Moreover, Chen Feng also wanted to prove whether the "Homecoming" that Hei said was the one Qing Zhi was looking for.

Qing Zhi frowned, as if he was also considering the credibility of this message, but looked at her and did not refute the name that was said, so it seemed that the name of such an ancient book was "Gui Xin".

After a while, Qing Zhi slowly said, "The secret store has never been opened, how do you know that things will be inside unless you have gone in.

Chapter: 1028

This statement seems to be negating the negation.

If Taihao's Secret Vault had never been opened, how could Hei ever enter.

But Chen Feng found that Hei really nodded, and he said, "Actually, the person who went in was not me, but my master. He had seen what was in there."

"Homecoming" is really inside?" Qing Zhi didn't seem to doubt the authenticity of the black words at all, and Chen Feng was also curious.

Hei nodded and said, "Master said that someone will come to look for this book, but I didn't expect it to be Senior Qingzhi."

What he said was a disguised acknowledgment of Qing Zhi's questioning.

But all these conversations left Chen Feng completely confused. He interrupted the conversation between the two and asked: "Since this Taihao Secret Vault can't be opened, how did your master get in?"

Hei smiled and looked at Chen Feng, and seemed to explain it very kindly: "Because my master is the secret guardian."

Chen Feng murmured: "The guardian?"

But Hei did not continue to explain for Chen Feng.

Based on the literal meaning, Chen Feng probably guessed some meanings, but he still didn't know why the guardian was able to enter the secret store that could not be opened.

At this time, Qing Zhi said, "Okay, I will remember this message, but what do you want?"

But Hei said, "The brother I want has already agreed, and I have nothing more."

He looks very humble.

Qing Zhi glanced at Chen Feng, but didn't say much.

Chen Feng thought she would propose to let herself replace the conditions, but the result made him happy.

Hei sent Chen Feng and they left the hardware store. Before leaving, Hei told Chen Feng to prepare him, because he would find Chen Feng again soon.

However, Chen Feng didn't even know what to prepare, so he just took this sentence as empty words and didn't care about it at all.

At the same time, in a company's conference room, Xia Lan received a call. He glanced at the number and asked the employees to wait for a while.

But this kind of thing has never happened before, everyone is whispering about who is calling that number, which can actually make Xia Lan give up the company's high-level meeting that has never been interrupted.

But maybe all the thoughts of those guys will be wrong. This is neither from a close woman nor his relatives, but from a university professor.

"Xiaolan, I have prepared what you want," said the phone.

Xia Lan was also overjoyed and said happily, "Thank you teacher, I knew you would have a solution."

But a worried voice came from the other end of the phone: "This thing is highly toxic, and it is also a controlled product. Do you really want to use it? If it is investigated, things will be very troublesome."

Xia Lan said indifferently, "Teacher, don't worry, this matter will never involve you, even if it is investigated, it will never be found on your head. Moreover, I can guarantee that this matter will never Cause any turmoil."

I had no choice but to stop talking on the other end of the phone.

Xia Lan smiled even more happily looking at the phone that had ended the call, even on the way back, still smiling.

Just this smile made the company's employees more convinced that the call just now came from Xia Lan's girlfriend.

Compared to Xia Lan's happiness, Chen Feng was a little unhappy. The room was empty again, and Qing Zhi just left a note for Chen Feng.

It said: "I need to find someone. You are here to wait for me."

Chen Feng didn't know why Qing Zhi was so anxious, but when Chen Feng went downstairs, people left. Maybe she just remembered that she was going to do it, and then she did it, completely ignoring Chen Feng's thoughts.

Chen Feng sat quietly in the room. He waited for a long time without doing anything or speaking.

Quietness allows him to get rid of the clutter in his heart, the person who had been thinking about it for a long time, but he stayed for less than a day and then left again, without even saying goodbye.

Chen Feng even thought that in Qing Zhi's heart, perhaps he didn't care about the meeting this time, she just felt that they had just met.

After thinking for a while, Chen Feng didn't feel better, so Chen Feng decided to go outside.

The wind is very noisy, blowing slices of flowers and plants, making the leaves that had already begun to wither now become more sparse.

A young man skateboarding on the side of the road leaned back because of a smooth leaf, fell to the ground, and stood up enduring the pain.

It seems to be full of loneliness everywhere.

Chen Feng walked aside, he saw everything, but he just watched indifferently.

He knew that these had nothing to do with him, and there was no need to make any expressions for them, it was just a waste.

If a person can be at peace to such a level, maybe he is already a Buddha, because the Buddha requires people in this way.

However, Chen Feng did not become a Buddha. He was still alone. Although he lost his happiness and sorrow, he was still a person, not because of a momentary emotional change.

Someone saw Chen Feng's strange expression, indifferently like a sculpture, and she walked over.

"Are you broken in love?" This is a very strange question. If a person wants to break in love, then he must be in love, but this person doesn't seem to know that Chen Feng is not in love yet, so this question is meaningless.

But Chen Feng said, "Yes, I'm broken in love."

The man was even more curious: "Will you like a woman? Are you not a prodigal?"

Chen Feng shook his head and said, "Of course I am not, why do you think so."

But the man said, "If you are not a prodigal son, how can I leave my business to you."

Hearing this, Chen Feng finally became curious, and he turned his head to look, only to realize that he had been talking to him in black.

"Why are you here so soon? Do you want me to do things now?" Chen Feng asked coldly.

The underworld: "I said it was very fast."

Chen Feng said, "But you only told me about this today."

Hei solemnly said, "Don't say it will be fast today."

Chen Feng didn't know how to argue for a while. He thought for a while and said, "Today should be considered very fast, but it seems that if it is today, you can not use this word. This word generally does not make people think of the day."

Hei seems to have argued with Chen Feng. He said: "If there is no minimum time limit for "soon", then I can express today as soon as possible."

Chen Feng felt that he was stubborn, even stubborn, and said, "It's up to you, but I'm in a bad mood today and don't want to do your thing."

But Hei refused, "That's not possible, you have promised me, but you can't go."

Chapter: 1029

Chen Feng still shook his head and said, "Even if I go, I will definitely not be able to do what you asked for, because I'm really not in the mood at all."

Hei looked at Chen Feng and asked curiously, "Is it because of broken love?"

Chen Feng didn't refute, but said, "It's because of broken love."

Hei was silent. He was silent for a while, and said, "If you don't go now, you will break the contract."

Chen Feng was also watching him. It seemed that it was not a big deal to break the contract. There were many people who broke the contract, and it seemed that Chen Feng was not one more.

But Chen Feng is a man of great promise, and these words made Chen Feng softer than any threat.

"You forced me. If you don't do it well, you can't blame me." Chen Feng said helplessly.

But Hei doesn't care, as long as you go, this thing will definitely be done.

Chen Feng didn't even know where the self-confidence came from, and he was still confident for himself.

But in the end, he followed the black.

The beauty of the pear orchard is when the pear blossoms are in bloom. "Thousands of pear blossoms" originally did not describe pear blossoms, but snow.

But since snow can be described, then snow can also be described as pear flower.

From the beginning of Pear Blossom, it was like a snow scene.

If it is spring, you may be able to see this beauty, but unfortunately it is not spring.

Chen Feng looked at the pear trees in Liyuan, and was even more delighted with the green pears full of trees. He picked one, wiped it directly on his body, and took a bite.

But someone shouted, "You pear thief."

Chen Feng was stunned for a moment, he didn't expect that there was someone watching here.

But the man had already chased him, she was a 13 or 4 year old girl.

Chen Feng looked at her, thinking about the woman that Hei told him, she didn't seem to be the same age.

"Did you steal the pear?" the girl asked again.

This is a very stupid question, because Chen Feng still held the bite pear in his hand, and he could see it at a glance. He stole it.

But Chen Feng's answer was even more stupid. He shook his head and said, "I don't have one."

"You said you didn't, then what are you holding in your hand?" She saw it.

Chen Feng said: "It's a pear."

The girl said angrily, "Then you are stealing pears."

Chen Feng chuckled, "This is the pear I brought myself. How can you frame me for stealing something."

The girl was stunned, she didn't expect Chen Shengeng to say so.

She muttered, "You just stole the pear, I saw it all."

That stubborn look seemed to be crying, and Chen Feng couldn't argue anymore, but he didn't like seeing women crying.

He said: "Okay, I admit that I stole, then how do you punish me? You will never send me to jail for a pear."

The girl said: "Naturally, you won't be allowed to go to jail, but you have to pay for our pears."

Chen Feng chuckled, "Is this pear expensive?"

The girl said: "It's not expensive, only three yuan."

Chen Feng said, "But I don't have three dollars. And only three dollars, can't you bypass me?"

The girl resolutely said: "No, you have to give it, my sister said, if the mistake is not punished, it will not be remembered."

Chen Feng asked curiously, "Does your sister often punish you?"

The girl looked at Chen Feng suspiciously and asked, "How do you know?"

Chen Feng also laughed and said, "Because you look so stupid, so stupid girls are to be punished."

When Chen Feng said she was stupid, the girl immediately scolded angrily: "You are stupid. Your whole family is stupid. You are a big idiot."

Chen Feng was not angry, but just smiled and said, "I'm relatively stupid, so I don't even have three yuan, and since I don't even have three yuan, what are you going to do. Do you want me to go to jail?"

The girl was completely confused. It seemed that Chen Feng could not be taken to jail for this matter, but she could not go without punishment, because this was what her sister told her.

When the girl hesitated, Chen Feng said to her: "Why don't you look at this, you take me to see your sister and let her punish me, I think she will have a way, because you and I are fools, so I can't think of any way to do it."

The girl was really thinking about Chen Feng's words. After a while, she said, "Okay, I'll take you to see my sister."

Chen Feng grinned, he also thought this girl was really cute.

Smiling, he took another bite of pears.

But the girl was annoyed and said, "Why can you still eat pears."

Chen Feng asked, "Why can't I?"

The girl said, "You stole this pear, so you can't eat it."

Chen Feng said, "But since I have to pay three yuan, then this pear is mine. Anyway, one bite is three yuan, and two bites are three yuan. Why can't I eat one more bite?"

The girl was completely troubled by Chen Feng's words, and she yelled: "I don't care, I will take you to see my sister. My sister must know how to deal with you ass."

And following the girl, walked to the edge of this pear orchard, where there was a small wooden house.

The girl shouted from a distance, "Sister, I caught a big bad guy."

Chen Feng was also curiously looking at the small house that was erected above the ground, and perhaps a character like a fairy would come out from it.

Chen Feng asked the girl, "Is your sister very beautiful?"

The girl stared at Chen Feng vigilantly, and said, "You won't hit my sister's idea."

Chen Feng was curious that girls still know how to make ideas. He said, "I heard that beautiful people are not very clever, just like you, so you look very beautiful."

Being boasted of being beautiful, the girl immediately became happy, but she thought it strange again, is she really not smart?

She immediately found some evidence to refute Chen Feng: "You nonsense, my sister is very beautiful and very smart."

Chen Feng smiled at the girl, as if nothing happened just now.

At this time, the woman in the hut finally responded. A white figure stood at the door of the hut. Chen Feng looked up from below. He felt that if she had Ewha, she would be more beautiful than Ewha.

The woman who is more than Huajiao makes Chen Feng look a little obsessed.

The girl beside him immediately slammed into him and immediately caused him to wake up. The girl angrily said, "You are not allowed to look at your sister like this."

Chen Feng then normally admired the woman.

The woman also noticed Chen Feng, and she shouted at the girl next to Chen Feng: "Why did you bring someone back?"

The girl yelled, "He is a thief who steals pears. I caught him."

The girl seemed to be quite proud.

Chen Feng didn't speak, but watched as the woman upstairs slowly walked down and walked in front of him.

Chapter: 1030

The skirt was constantly shaking while moving, and the cyan earrings were also shaking, always attracting people's eyes, just like the necklace on the chest.

This woman not only looks very beautiful, but also gentle.

If she was the woman Hei said, Chen Feng felt that Hei was not lying, she was no less beautiful than Qingzhi.

When Chen Feng looked at her, she had already come to Chen Feng and asked the girl: "How many pears did he steal?"

The girl said proudly: "It's the one in his hand."

The woman in white confirmed, "Is there only one? And he took a bite."

The girl said seriously: "If I hadn't found it early, he must have stolen a lot."

The woman in white looked at the little girl helplessly, knowing that she could not get any useful information from her, she looked at Chen Feng.

"Sir, you should not be a thief."

Chen Feng was still looking at the woman, but nodded.

The woman was also taken aback. She asked suspiciously, "If you are really a thief, I will call the police."

Chen Feng said, "I am a thief, but you are a thief more intelligent than me. I just stole a pear, and you stole my heart."

Listening to Chen Feng's frivolous words, the woman immediately became annoyed and said, "Sir, please don't be joking."

Chen Feng also immediately suppressed this frivolity, and he also felt that he was a little gaffe, probably because of this woman's excessive beauty.

He said softly: "Sorry, just kidding. As for the pear, I really just wanted to pick one to quench my thirst, but I didn't expect to be caught by your sister."

But these words immediately aroused the dissatisfaction of the girl, saying: "You lie."

The woman whispered: "Ling'er!"

The girl named Ling'er seemed to be afraid of her sister, she just yelled, and she immediately lost her voice, closed her mouth, and just looked at Chen Feng with angry eyes.

Chen Feng said: "Ling'er asked me to pay for this pear, but I didn't even have three dollars, so she asked her to take me to see you and see what you can do."

The woman immediately felt guilty. Although it was Chen Feng who picked a pear, she always misunderstood Chen Feng by holding him like a thief.

She immediately apologized and said, "I'm really sorry. My sister has been naughty since she was a child. That's why she treats her husband as a thief, just a pear. Please don't care about her husband."

Chen Feng whispered: "How can this be? I took a pear, but I also need compensation. Three yuan. I really don't have any money with me now. If the lady is convenient, you can tell me if you have been here, if so, I will send three dollars as soon as possible."

The woman hesitated and said, "This, really don't need it, it's just a pear."

Chen Feng resolutely said, "This is a matter of principle."

The woman seemed to have no choice but to say, "Actually, I am not the master here. If you really want to pay it back, you can come directly in two days and give the money to Ling'er."

Chen Feng was a little sorry, but he didn't show it. He just said, "In this case, I will come back in two days."

Then he asked again: "I just don't know where I can go out to the nearest highway."

The woman pointed in a direction to Chen Feng, and gave Chen Feng a strange look.

Chen Feng knew what the strange expression in her eyes meant, but it was just because she was so anxious just now, but now she doesn't seem to care at all.

This kind of contrast made her feel curious, but she was just curious, but she wouldn't really ask.

Chen Feng didn't say anything, but just walked along the path of women's worth.

But as soon as he went out of the mountain road, a figure emerged immediately behind him.

"How things had been?"

The figure was naturally dark, and he asked curiously.

Chen Feng said indifferently, "What's going on?"

Hei hurriedly asked, "That woman?"

Chen Feng said: "Not very good."

Hei shook his head strangely, and said, "I've seen that woman, she is beautiful."

He looked at Chen Feng suspiciously, and asked, "Did you not see anyone?"

Chen Feng said, "I saw it, isn't it just a woman in white? Cyan earrings, silver necklaces, beautiful looks."

Listening to Chen Feng's description, Hei confirmed that Chen Feng had indeed seen it, but he still had this attitude when he saw it, but he was a little puzzled.

"Don't you think she is not good-looking?"

Chen Feng said: "It's really not very good."

Chen Feng is simply saying something against his will, but for the black, he just wants to say it.

Black seemed to see something, he sneered: "You are deceiving me."

Chen Feng stopped talking, he knew it was meaningless.

And Hei continued: "You only need to help me make this woman willing to leave the Sea Lion House, and the agreement between you and me will be settled."

Chen Feng also asked in a deep voice, "Who is this woman?"

The gangster: "When you get acquainted with her, you can ask her. Now I can't tell you, I'm afraid you will give up."

The more he didn't say it, the more he naturally aroused Chen Feng's curiosity.

But he also knew that Hei was using this method, but he was also powerless.

After just saying these two sentences with Chen Feng, he flashed away and disappeared from behind Chen Feng again. Chen Feng believed that his light work was incomparable.

Back to the hotel in the Haidong Building, he found that an annoying guy was waiting for him.

Chen Feng never expected Xia Lan to come to him.

Standing on the ground floor of the building, Xia Lan saw Chen Feng and took the initiative to walk up.

"Mr. Chen, have I been waiting for you for a long time?"

Chen Feng did not stop there, but continued to walk inside.

Xia Lan frowned, but still walked away and followed Chen Feng.

Chen Feng said, "I don't think we have anything to talk about, you can go."

Being directly rejected, this was also something Xia Lan didn't expect, but he came here for his plan, and he also allowed himself to fail in the first step.

Just continued: "I want to tell you about Fluttershy."

Chen Feng has already walked through the gate and came into the lobby. He said, "Xiaodie has nothing to talk about with you. It's her. The choice lies in her, not the two of us. Irrelevant people."

Xia Lan looked at Chen Feng anxiously, as if there was no suitable reason for Chen Feng to stop.

"I know something about the Sea Lion House."

And the words he suddenly shouted finally made Chen Feng stop, and the reason why he stopped was because this guy had exposed some information.

Xia Lan knew that he was from the martial arts world.
