Today, he was called over to be in charge of the “wrong building”, but he didn’t expect it to end up like this!

If his sister-in-law was a “face-smacking demoness”, then his brother was definitely a “jealous demon”.

Seeing his brother’s murderous expression, Bo Jinhang couldn’t help but shiver.

Then, she saw Bo Jinchuan typing rapidly on the keyboard.

Bo Jinhang lowered his head to look at the post and realized that other than his biological brother, all the comments calling her “wife” had been deleted.

Not long after, someone commented again, “Damn it, why are my comments gone? My account has been blocked!”

“Damn! My comments are gone and my account has been blocked!”

“F*ck! Mine too!”

“Me too...”

A bunch of smurf accounts clamored for the moderator to clarify the situation. In the end, a smurf account also burst into tears.

“I’m the moderator. My account has also been blocked.”

“...”

“...”

“Who... did this?”

Updates by

“Looking at the post, there’s only one person who has the title of CEO Shen’s ‘husband’! According to my speculation, there’s only one truth! The person who deleted our post must be that person.”

“... The only one who has seen through the truth is a famous detective who looks like a child but has extraordinary intelligence... Ke, who are you?”

“...”

“This person is too much. The demoness belongs to all of us. He actually wants to monopolize our demoness! I want to check his IP address!”

“Yes, it’s shameful to monopolize her! Hand over our face-smacking demoness!”

...

“F*ck! My account has been blocked again!”

Not long after, Bo Jinghang saw that the post had been uploaded thousands of times. It was filled with fake accounts.

Bo Jinghang looked at his brother's cold face and hurriedly appeared in the post.

"Everyone, hurry up and support the building! It's about to collapse!"

"RM, get out of China."

"I'm waiting for the Face Slapping Demoness to slap their faces swollen."

The post was finally fixed and Bo Jinghang heaved a sigh of relief.

If this continued, that person would probably hack that website.

If that was the case, what was the point of this post?

Seeing that the thread was out of her control, Guan Jialin started to panic.

If they were to say that RM would be expelled from China, the consequences would be unimaginable.

Fortunately, she was smart enough not to post it herself. Otherwise, if the headquarters really wanted to investigate, she would have to bear the consequences.

However, because this post was uploaded very quickly, the news of many users being banned attracted too much attention. Some self-media directly posted the post on Weibo.

Not long after, it became the top trending topic.

Most of them were against RM.

Of course, there were also some RM supporters.

"When Stars International held the press conference, they did indeed praise RM a lot. They even humbly stated that RM is an international brand. Ji Yi has just debuted and is not suitable for such a mature brand. I'm curious which brand she will wear to the Fashion Week."

The moment this topic was brought up, the entire incident suddenly shifted to this.

"Uh, this is a little awkward. Does this mean that during Fashion Week, Ji Yi will silently admit that the brand she is wearing is inferior to RM?"

"This... seems a little difficult! Manager, aren't you being too inconsiderate?"

"Does that mean we won't be able to see the limelight of the 'face-smacking demoness' this time? What a pity."

"Sigh, that's really... She's blocking her way. CEO Shen has been tricked by her subordinates this time."

"As expected of the 'Face-smacking Demoness'. She has embarrassed herself this time..."

"What about Fashion Week? I don't think any fashion brands are willing to work with them now. They won't even lend them clothes. Who wants others to think that their brand is inferior to RM?"

“I think RM is deliberately provoking us. They’re deliberately guiding the situation so that other brands won’t choose to cooperate with Stars International, right? How scheming. Do you think other brands will fall for your tricks?”

“That’s right! If the other brands withdraw their collaboration, they would be blind. After all, Ji Yi is so popular overseas. Giving up on Ji Yi is their greatest loss.”

Yuan Sichun watched the development of the situation with a smile on her face.

She had only hinted to Guan Jialin yesterday to intensify the conflict between the two princesses and Shen Fanxing. She didn’t expect Guan Jialin to be so fast and in such a manner.

It seemed that she had spent a lot of effort in the industry.

This kind of thing was easy to do.

There was naturally news of “RM” being kicked out of China.

But this was even better. The bigger the commotion, the more attention it would attract.

At that time, there would naturally be someone to deal with her.

When Shen Fanxing returned to her office after lunch, the employees she bumped into while waiting for the lift looked at her with different expressions.

She touched her face and looked at them in confusion.

“There’s no rice on my face, right? Why are you looking at me like that?”

“CEO Shen, be careful these two days. A super fan of yours has appeared online and wants to monopolize you. He has hacked the IDs of those who say that you’re their ‘wife’!”

Shen Fanxing was speechless.

Super fanboy...

Shen Fanxing looked confused as she showed her her phone.

“Look, it’s this ‘thin piece of paper’. He’s the only one who can call you ‘wife’ in the entire thread! He has hacked everything else. I heard that we can’t find his IP address. This person must be a computer expert, so you have to be careful.”

A thin piece of paper...

Was this name really that innocent, or was someone deliberately framing him?

Computer expert?

Was it Bo Jinchuan or Qi Mohan?

“Also, CEO Shen, which brand is Ji Yi’s outfit for the Fashion Week? RM is using our press conference as an excuse...”

The employee showed the news to Shen Fanxing, who smiled nonchalantly.

“Ignore these things and let them be. The Fashion Week is only for a few days anyway. They won’t be able to make a fuss for long.”

Seeing how calm and composed Shen Fanxing was, the employees felt relieved.

It seemed like CEO Shen already had a plan?

However, they were really curious about which brand CEO Shen had chosen.

At that time, if she really wore it to the Fashion Week, it would be equivalent to admitting that the brand she was wearing was inferior to RM. No matter what, she would be making a wedding dress for RM. She was really unwilling.

“RM really knows how to hype things up? We can’t shake them off this time!” A staff member gnashed his teeth in anger.

Shen Fanxing smiled and said, “There’s nothing to be angry about. It’s common.”

—

Shen Fanxing didn’t return to the office. Instead, she went to an office that was designated for Lan Xianxian.

Chapter 1022: Two Childish Hackers

Shen Fanxing didn’t return to the office. Instead, she went to an office that was designated for Lan Xianxian.

Just as she stepped in, the room was in a mess. In the middle of the room was a flat table the size of a ping-pong table. In the corner was a sewing machine. All kinds of cloth were placed on the fabric rack. Many of them had been torn open. There were also all kinds of small storage boxes. As for what was inside, she had no idea.

Lan Xianxian was wearing a blue knitted sweater and a pair of gray jeans. She looked simple and beautiful.

Her hair was tied up loosely with two pencils stuck in it.

At this moment, she was bending over the table and sewing something carefully.

Ou Ximing tried his best to help.

“CEO Shen.” Ou Ximing was the first to see her and greeted her softly.

Lan Xianxian looked up and saw Shen Fanxing. She had yet to retract her focus and seriousness.

“Fanxing... you’re here.”

Shen Fanxing nodded and her gaze landed on the clothes under her hand. It was an exquisite blue-striped sweater with irregular forks on the right. It looked ordinary.

However, it was not a complete work yet. She had seen the finished product on the design.

“How is it?” asked Shen Fanxing calmly.

“I’ve already made five sets. It’s still ongoing, but... I heard that Ji Yi and the rest are leaving for Paris tomorrow. I’m afraid they won’t be able to make it for the last day’s gown... But I can send them over after I’m done. I’ll definitely make it for the last day’s banquet.”

Lan Xianxian said hurriedly as she looked at Shen Fanxing hopefully.

Updates by

Shen Fanxing nodded and said, “That’s not a problem as long as I can make it.”

Including the opening and closing of the fashion week, which lasted for nine days, most of the time was spent watching the international fashion shows. Therefore, it was impossible to wear gowns all the time.

Only on the last day of the closing ceremony would there be a red carpet event. That was the time when everyone would be paying attention to them and they had to dress up.

Nine days was enough for her to make the three gowns.

As she walked into the office, Shen Fanxing could see that the preparations for the rest of the clothes were almost done. There was no cutting or embroidery.

No wonder she had made five sets of clothes in less than a day.

She looked at Lan Xianxian and said, “Rest well.”

Lan Qianqian shook her head. “I’m not tired.”

This was a dream that she liked and pursued. Moreover, the biggest opportunity was right in front of her. She was excited. How could she be tired?

“Good luck then.”

Shen Fanxing didn’t say anything. Opportunities didn’t come so easily. Since she was here, she had to seize the opportunity.

Although she didn’t agree with the way she disregarded her body, if she didn’t fight now, when would she have to?

If she wanted to succeed, she should stop dreaming of a comfortable life.

After these few days, her life might change drastically.

Lan Xianxian gave her a touched look before returning to her work. Ou Ximing followed Shen Fanxing out.

“She’s a hardworking girl. I believe she will succeed.”

Shen Fanxing smiled and asked, “Did she prepare everything before looking for me?”

Ou Ximing’s face froze for a moment before he smiled and said, “Yes, she took out all her money this time. On the day she arrived in Ping Cheng, she bought a lot of cloth.”

Shen Fanxing looked at the closed door and said calmly, "Is she so sure that I will agree?"

Ou Ximing shook his head and said, "She said that it doesn't matter even if she doesn't agree. Be prepared at any time. Anyway, everyone here is a celebrity. As long as someone is willing to wear her clothes, it's fine."

"She's the smartest," chided Shen Fanxing with a chuckle before leaving.

As a boss, wasn't this her favorite employee?

She had to be fully prepared so that she wouldn't drop the ball at the critical moment.

Lan Qianqian's cautious attitude was not bad.

After returning to her office, Shen Fanxing switched on her computer and scanned the trending news online.

In the end, her gaze landed on the hottest topic. "Shocking! A showdown between two strong opponents! Two hackers fighting for the position of Stars International's main female lead!"

Shen Fanxing's eyebrows twitched. What was going on?

She opened the message and saw that the two accounts, "A piece of thin paper vs. your Master Han", were in an uproar online!

The two of them hacked into the background of a social media platform, cracked the Internet ban system, and caused a ruckus in the app.

One of them posted a video, saying that she had found it on the other party's computer.

One of them posted a video that she found on the other party's computer.

—

One said, "Look at Gwei."

One said, "Look at Ah Wei."

—

One of them said that I didn't break into your computer at all. Where did your G Wei come from?

One of them said, "I didn't break into your computer either. Where did your Ah Wei come from?"

—

In the end, everyone knew that the two of them had accidentally exposed themselves.

—

"..."

"..."

—

The two of them were in a deadlock. Not long after, an account with a “Program Ape” account came out and cried.

These were all videos filtered from the website’s Internet ban system.

Hence, the two of them cleared the air.

One without Ah Wei.

One without Gwei.

...

Watching this farce, Shen Fanxing covered her face helplessly and let out a long sigh.

At that moment, her phone rang.

It was Xu Qingzhi. The person who had come to mock her was here.

“Fanxing, you’re good. You’ve become a popular lover! You’ve even hired a hacker now?”

As expected...

“But these two people have such powerful skills. Their brains should be good. Why are they so childish?”

Shen Fanxing felt as though she was rubbing her forehead.

How could the word childish describe their actions?

“What’s the matter?” she asked in a dispirited voice.

“Oh, I’m going to Rongcheng tomorrow.”

Shen Fanxing paused and looked up.

“Did they send someone to pick you up?”

“Answer it. Limo will fly here from Country M tomorrow morning. Let’s meet at the airport and go with him.”

Xu Qingzhi had deliberately placed a soft chair beside the bed in the office. At that moment, she was sitting on it and looking at the sky outside the window. Her hand rested lightly on her flat stomach and her lips twitched, but there was no joy on her face.

“Country M...” Shen Fanxing muttered, “Is he really going to work in Country M? Or... is he really working in Country M?”

Xu Qingzhi’s eyes finally flickered and the corners of her lips curled into a cold smile.

“But when we get married, he still has to come back. Fanxing...”

Chapter 1023: You Don’t Want Me Anymore?

“But when we get married, he still has to come back. Fanxing...”

Shen Fanxing pursed her lips, feeling sad.

Xu Qingzhi, who was always bright and confident, could be like this...

“...Yes, you’re right.”

“That’s why you have to send me off tomorrow. I have to let Limo know that I have such a powerful best friend like you as my backing so that he won’t bully me in the future.”

Shen Fanxing chuckled and said, “If he’s really afraid of me, that’s great.”

“Remember to teach him a lesson tomorrow! Scare him.”

“Sure.”

“It’s a deal. My flight is at 9:30 tomorrow. Come and pick me up after work tonight. I’ll sleep for the night before I leave.”

Shen Fanxing blinked. There was such a thing?

“... Okay.”

“After thinking for so long, are you afraid that your Mr. Bo won’t agree?”

Shen Fanxing choked and replied, “No.”

“Okay, I’m relieved.”

Updates by

After hanging up, Shen Fanxing didn’t put her phone down. Instead, she rested her forehead on her palms.

Qingzhi...

After a long while, she sighed and raised her head to work. She glanced at the computer screen and saw two people still struggling.

Now, the two of them were fighting for the top spot.

There was a trending topic of ‘Your Master Han is the third party’. It went up, disappeared without a trace, and suddenly appeared again.

Shen Fanxing gritted her teeth. These two men!

Everyone on this platform was probably about to cry to death.

The platform that they had carefully maintained was ruined by these two troublemakers.

Even if the matter was settled, it would take a lot of time and effort to repair and maintain it.

Was it easy to be a programmer?

She had become a Mediterranean woman in her twenties. Didn't she know how to feel sorry for them?

She closed her eyes forcefully and took a deep breath. Then, she opened her eyes and placed the phone aside. After staring at the phone for a long time, she slowly placed her hand on the keyboard!

She closed her eyes and typed a few times. When she opened them again, a screen full of codes had appeared on the desktop.

She closed her eyes instantly, her temples throbbing. It was as if someone had tugged at her brain, causing it to hurt.

Enduring the pain, her gaze swept across the screen. Then, she pursed her lips and began to wave her fair fingers coldly.

The social media platform had obviously been messed up by the two of them. After they broke the firewall, although the programmers tried to salvage the situation, Shen Fanxing still managed to barge in easily.

Then, there was the sound of typing on the keyboard. The number one trending topic had been replaced by [I wish Xu Qing a happy marriage!]

Everyone was staring at the trending topic fervently when such a topic suddenly appeared out of nowhere. Everyone was stunned.

"Where did this come from?"

"Bo Zhi or Master?"

"She doesn't look like her? Xu Qingzhi? Isn't she the daughter of the Xu family? Oh, I remember now. This lady is getting married to Rongcheng's Li family."

"But why did she suddenly appear? This trending topic is completely out of nowhere."

"Haven't I seen many strange things today? Strange, I'm used to it."

"Happy wedding! But who sent this trending topic?"

"Is someone else openly provoking these two experts?"

"It's going to be lively now, but it should be pulled down by those two immediately, right?"

"Let's wait and see."

"Let's wait and see."

Everyone waited, but there was no response.

After waiting for 20 minutes, the trending topic changed.

The top few names were all 'Happy Wedding'!

Everyone was speechless.

What weird twist?

“Maybe it’s a happy occasion, so the two of them are magnanimous and won’t compete with him.”

“Yes! I wish Eldest Miss Xu a happy marriage.”

“I wish Eldest Miss Xu a happy marriage.”

“Happy wedding...”

Looking at the number one trending topic on the screen, Shen Fanxing heaved a sigh of relief.

She had witnessed the childishness between men today.

Her phone rang and Shen Fanxing glanced at it coldly before picking it up.

Bo Jinchuan’s WeChat—

[Sorry, it won’t happen again. Don’t be angry.]

[I’m not going back tonight. I’ll pick Qingzhi up after work and be with her tonight.]

After a long while—

[You don’t want me anymore?]

Shen Fanxing nearly drowned in her own saliva.

She couldn’t imagine Bo Jinchuan’s expression when he said that.

[Qingzhi is going to Rongcheng tomorrow morning. I’ll send her to the airport for the last night.]

[Can I disagree?]

[I can’t.]

["Cry"]

Shen Fanxing couldn’t help but laugh out loud. He actually had to send such a cute emoji...

[Touch my head.]

After that, Bo Jinchuan stopped talking.

Then, Qi Mohan sent a message.

[Big Star, that man provoked me on purpose. Aren’t you angry with me?]

Shen Fanxing replied, “I’m busy.”

Qi Mohan could not stop talking.

After work, Shen Fanxing went straight to Zhi Qin Cosmetics to buy groceries and meat.

Hot pot was a wonderful thing. There seemed to be no end to it.

After having two consecutive meals yesterday, Shen Fanxing felt that she should reject him. But in the end, she still chose to eat hotpot.

However, Qing Zhi was pregnant and she was worried about him. Hence, she decided to go home to eat.

Xu Qingzhi seemed to be in a good mood. She was chatting and laughing, just like when they were in school.

After dinner, Xu Qingzhi dragged Shen Fanxing to the bathroom.

After the two of them rubbed each other's backs, they lay on the bed in their pajamas.

They reminisced about their school days together. Some were happy and some were sad. There were also other classmates whom she had an impression of. They were even dating.

"By the way, have you seen Su Heng?"

"No. I've been busy since I came back from Hong Kong. I didn't have the chance to see him."

At the mention of Su Heng, Shen Fanxing's eyebrows twitched.

"You've never been to the Su Corporation?"

"Yeah."

Xu Qingzhi sighed and held Shen Fanxing's hand.

"Sometimes, I can't help but sigh at how time flies. No matter how happy or troubled we were in the past, we've all grown up. Marriage... was a problem that I didn't even dare to think about back then. Now, it's about to happen."

Shen Fanxing smiled faintly as she listened to Xu Qingzhi's memories.

She interrupted occasionally.

At the end of her sentence, Xu Qingzhi stared at the ceiling with a calm expression. Only the light reflected in her beautiful eyes.

"There are too many variables in life. Ye Qingqiu married love back then, and it was love that destroyed her. You sacrificed so much for Su Heng, but in the end, someone took advantage of you. But now, you have Mr. Bo by your side... Fanxing, are you happy now?"

Shen Fanxing nodded and said, "Yes, Su Heng and I are not in love."

Ye Qingqiu smiled and said, "I think Ye Qingqiu was happy when she married Li Tingshen... So no matter what the outcome is, I want to marry love."

She smiled and turned to Shen Fanxing. "Limo is the man I have my eyes on. I believe that the person I love is worthy of my love. I shouldn't be bad, right? As long as I work hard, can he fall in love with me?"

Chapter 1024: Legs Are Numb

"Limo is the man I have my eyes on. I believe that the person I love is definitely worthy of my love. I shouldn't be considered bad, right? As long as I work hard, can he fall in love with me?"

Shen Fanxing nodded and lifted their hands to rub the back of her hand against her cheek.

“You’re so beautiful and outstanding. How can you be bad? It’s Limo who didn’t have good taste in the past. I believe that in the future, Limo will definitely love you until he can’t leave you.”

“Hahaha, then I might be annoyed.”

—

The next day, Shen Fanxing drove Xu Qingzhi to the airport. After checking her luggage, she accompanied Xu Qingzhi and Li Mo.

In the morning, Xu Qingzhi insisted on leaving early, so Shen Fanxing bought some breakfast for her.

She didn’t eat much on the way. Now that she was hungry, she sat there and started eating again.

Shen Fanxing smiled silently.

She had never eaten more than three meals a day.

Her self-control had always been strong. Sometimes, even she admired her.

She was hungry now.

This was a pregnant woman...

Thinking of Bo Jinchuan’s insistence on not having a child, she still felt stifled.

Updates by

She actually abandoned the child for the sake of convenience?

Since Qingzhi already had a child, her child didn’t want to be too different from Qingzhi’s age. Otherwise, it wouldn’t be easy for them to pair up...

After Xu Qingzhi finished eating, she looked at the time.

“It’s nine o’clock. Limo should be here.”

The expression on her face was faint, but the light flickering on her face could not be concealed.

An indifferent and confident woman still felt uneasy when she met love.

“When you reach Rongcheng, call me immediately, okay?”

“I do.”

“I’ll be leaving for Rongcheng the day after tomorrow. You can just send me the address. You don’t have to pick me up.”

Xu Qingzhi sighed and said, “I know, I know. If you continue, you might as well go to Rongcheng with me.”

Shen Fanxing pretended to be angry and said, “I think you’ve forgotten your friends in love. You haven’t even met Limo and you’re already annoying me?”

Xu Qingzhi raised an eyebrow and said, "How would I dare to? I'll be relying on you to support me in the future."

As she spoke, she looked down at her watch again.

Shen Fanxing glanced at her silently.

After a while, Shen Fanxing frowned.

"Limo's flight was delayed?"

Xu Qingzhi's face turned pale and she shook her head. "No, I arrived on time. I've already landed."

Shen Fanxing narrowed her eyes and ordered, "Call him!"

Xu Qingzhi took out her phone numbly and her slender fingers paused on the screen.

Shen Fanxing saw that more than ten calls had been made.

However, Xu Qingzhi still clicked on it and pressed it to her ear. A familiar sweet female voice sounded.

"Sorry, the number you have dialed is unavailable. Please try again later. Sorry..."

Xu Qingzhi listened to the same sweet voice over and over again, her expression unusually calm.

Shen Fanxing gulped and snatched the phone from Xu Qingzhi's ear.

The call ended automatically and Shen Fanxing called again. Upon hearing the apology, she put her phone away coldly.

At this moment, an announcement sounded in the airport. Xu Qingzhi finally blinked and stood up slowly.

"What are you doing?"

She immediately grabbed Xu Qingzhi's hand, her eyes full of warning.

Xu Qingzhi pursed her lips and said, "My legs are numb from sitting."

Shen Fanxing frowned and glanced at her legs. She was wearing a pair of thin black pants and a camel-colored trench coat. Her long hair was tied up high for convenience.

Although there was a smile on her face, Shen Fanxing wished she could cry in front of her.

But Xu Qingzhi wouldn't cry. She was never a woman who cried easily.

Shen Fanxing didn't let go of Xu Qingzhi's hand. Seeing the long queue at the boarding gate getting shorter and shorter, her grip on Xu Qingzhi tightened.

Xu Qingzhi only spoke after the last person had passed the security check.

"Fanxing, you're hurting me."

Hearing this, Shen Fanxing loosened her grip but didn't let go of her.

Seeing this, Xu Qingzhi chuckled softly and placed her other hand on Shen Fanxing's wrist.

Then, he looked up at her with a smile on his face.

“I’m not that stupid. No matter how lowly I am, I can’t possibly knock on the Li family’s door and say that I want to marry Limo.”

Shen Fanxing’s eyes flashed and she loosened her grip on Xu Qingzhi’s wrist.

Hearing the voice urging her to pass the security check, Xu Qingzhi smiled and said, “Looks like you don’t have to show him your authority today.”

As she spoke, she walked out of the airport.

—

Worried about Xu Qingzhi, Shen Fanxing stayed by her side after sending her home.

“Aren’t you going to work? Why don’t we have a hotpot for lunch? There are still leftovers from yesterday.”

At ten o’clock, seeing that Shen Fanxing had no intention of leaving, Xu Qingzhi smiled and said as though nothing had happened.

“I think Ye Qingqiu was happy when she married Li Tingshen... So no matter what the outcome is, I want to marry love.”

“Limo is the man I have my eyes on. I believe that the person I love is definitely worthy of my love. I shouldn’t be considered bad, right? As long as I work hard, can he fall in love with me?”

No one knew better than her how Xu Qingzhi felt when she said those words last night.

No one in this world knew Xu Qingzhi better than her.

She was beautiful and confident. She would not allow anyone to step on her dignity!

In order to marry Limo, she had already given in too much. There were many rumors that Qingzhi had threatened Limo with her child.

Especially in Rong City, many people coveted the Li family’s prominent family background. One could imagine how many unbearable rumors there were.

How ruthless was Li Mo’s heart?

Not only did he ignore those rumors, he even used these incidents to stab at Qingzhi’s heart!

Shen Fanxing’s heart ached.

When she found out that Su Heng was with Shen Qianrou and ignored her life and death, her heart ached.

However, the pain didn’t last long before it was replaced by anger.

Or perhaps it was because of Bo Jinchuan’s sudden appearance.

More importantly, she didn’t love Su Heng.

But Qingzhi was different.

Other than Li Mo, she was someone who could give up her life.

The most fatal injuries were usually inflicted by the person she loved the most.

Even a word or action was the sharpest blade.

“Qingzhi, at least don’t do this in front of me...”

The smile on Xu Qingzhi’s face froze.

Chapter 1025: Venting

The smile on Xu Qingzhi’s face froze.

Then, she gave a bitter laugh and said, “I’m sad. But instead of crying hysterically, why don’t we... vent in another way...”

Her voice gradually choked as tears gushed out without warning. They hit the ground vertically and splashed water.

Xu Qingzhi hurriedly covered her eyes and said, “This thing... isn’t very obedient.”

Shen Fanxing’s eyes reddened as well. How could tears be stopped so easily?

She went forward to hug Xu Qingzhi and bit her lips to suppress her emotions.

“Fanxing, do you think he missed the flight and has to take the next one back?... But shouldn’t he inform me? Even a text message would be good...”

“Or is he joking with me? But he’s never one to joke...”

Shen Fanxing didn’t say a word as Xu Qingzhi answered her own question.

She gave herself the most realistic and cruel answer.

Xu Qingzhi cried in Shen Fanxing’s arms, her shoulders trembling with sadness.

This was the worst she had ever seen Qing Zhi cry.

After a long while, Shen Fanxing patted her shoulder and said, “Alright, you’ve cried enough. You still have a baby in your stomach. Calm down. Don’t you want to eat hotpot? Sit down, I’ll wash the vegetables and boil the water.”

“Yeah.”

Updates by

Xu Qingzhi nestled in the corner of the sofa, her face red from crying. She replied with a nasal voice.

Shen Fanxing went to the kitchen to prepare. Ten minutes later, she came out to call Xu Qingzhi.

When she came out, she saw Xu Qingzhi with her hand on her stomach. She looked at the weather outside the window and asked calmly.

“Fanxing, do you think I should have this child?”

Shen Fanxing’s expression changed slightly as she sat beside her and looked at her solemnly.

“Due to our relationship, I don’t wish to keep this child.”

Xu Qingzhi’s eyes trembled when she heard Shen Fanxing say, “We’re all grown up, Qingzhi. It’s not the time for us to be willful when we’re in school. We can’t be absolutely carefree now. We have too many things to consider.”

There are too many consequences for us to bear if we give up on this child. Let’s not consider the reputation of the Li and Xu families for now. When the time comes, the media will definitely announce your innocence to the world.”

Shen Fanxing noticed that there was no change in her expression. She had already expected all these consequences and was mentally prepared to bear them.

But how could she not understand her? How could she bear to?

Holding her hand, Shen Fanxing took a deep breath and said, “Stay. It has nothing to do with Limo.”

Xu Qingzhi’s eyes flickered. “It has nothing to do with him?”

Shen Fanxing smiled and placed her hand on Xu Qingzhi’s stomach.

“Yes, it has nothing to do with him. Just treat it as our child and let him take my surname.”

Xu Qingzhi stared at Shen Fanxing for a long time before blinking.

“Pfft...” She couldn’t help but laugh. “Hahaha, Fanxing, you...”

Seeing her smile, Shen Fanxing heaved a sigh of relief and smiled.

Xu Qingzhi was amused by Shen Fanxing’s thoughts and she collapsed on the sofa, laughing uncontrollably.

“This is a good relationship. Back then, when I said that we were together, you said that I couldn’t give birth to a child for you. Now, look, you’re pregnant! There’s no problem between us!”

As Xu Qingzhi spoke, she patted her flat stomach and said, “Hubby, come, give our baby a name.”

Hubby...

Shen Fanxing smiled and got into character quickly.

“...Since she’s our child, let’s call her Shen Xunuo. You have to keep your promise.”

“Promise?” Xu Qingzhi murmured and smiled. “Sure, let’s call it a promise.”

Shen Fanxing stood up and pulled her up. “Let’s go eat hotpot.”

Xu Qingzhi put on her slippers and smiled at Shen Fanxing as she walked.

“Hey, when the time comes, your Mr. Bo will explode. He will let you sleep with me for a night, and the next day, you will become the father of the child. Pfft, thinking of how he was worried that you would be abducted by me, how he would introduce a man to me, and how he would even send me a movie in the end, I find it funny. He really has foresight, Fanxing. Now, you have really become my husband?”

The word ‘husband’ gave Shen Fanxing goosebumps. Only then did she recall Bo Jinchuan’s jealousy. Her lips twitched.

She couldn’t imagine how Bo Jinchuan would react.

Things were really... unpredictable.

Speaking of which, there was a reason why Bo Jinchuan was worried that she would get too close to a woman.

No other woman would be able to become his ‘father’.

She would never say that he was jealous again.

The two women didn’t have a big appetite and they ate more vegetables than meat.

After dinner, Shen Fanxing and Xu Qingzhi went to the living room alone.

Not long after, Shen Fanxing heard her calm voice.

She turned off the tap and placed her hand on the sink. The kitchen fell silent and the sounds outside became clearer.

Standing by the window, Xu Qingzhi held her phone in one hand and looked at the edge of the city.

“Are you okay?”

“Yes.” His deep and indifferent voice was so stingy that he didn’t say a word.

“I thought you were the only one who crashed.” Her voice was still cold, but her tone was filled with sarcasm.

“I have something on and can’t go back for the time being.”

“Then when can you come back?” Xu Qingzhi asked again. “Limo, our wedding is the day after tomorrow.”

Li Mo remained silent for a long time before saying calmly,

“You want to marry me that badly?”

The smile on Xu Qingzhi’s face froze. “Now, I can’t wait for the whole world to know that we’re getting married. Do you think I can turn back? Have you thought about what I’ll face if I don’t get married?”

Li Mo suddenly gave a low laugh on the other end of the phone. “Then have you thought about what you’ll meet after we get married?”

Xu Qingzhi’s eyes trembled. “Limo... what do you mean?”

“You should be very smart. There’s no reason for you not to understand what I mean. If you want to get married, then get married. After all, you have such a huge bargaining chip in your stomach.”

The call was cut off. Xu Qingzhi took the phone from her ear, her face pale.

The bargaining chip in her stomach?

He also thought that the child in her stomach was a bargaining chip to threaten him to marry her?

No, it wasn’t.

She just wanted to be with him. She wanted to fulfill her wish and her baby.

The baby must have a mother and a father.

But if this was a forced, sinister, and purpose, then... forget it.

Chapter 1026: Ignorant

But if this was forced, sinister, unscrupulous, and purpose, then... forget it.

She didn’t want the fatherly love she received after her baby was born to be twisted. Or perhaps, there wouldn’t be any fatherly love at all.

Swallowing the lump in her throat, Xu Qingzhi picked up her phone and made a call.

The call went through quickly and the old man’s happy voice sounded. “Granddaughter-in-law, did you get off the plane? The airport has already arranged for someone...”

“Grandma!” Xu Qingzhi suddenly shouted, interrupting the old lady.

The old lady was puzzled. She could tell that something was wrong with Xu Qingzhi. “What’s wrong?”

Xu Qingzhi took a deep breath and composed herself before saying,

“Grandma, I’m sorry. I don’t... don’t love Limo. The child is just an accident, so let’s not get married...”

Even though she was prepared, she still paused when it came to not loving Limo.

Shen Fanxing was moved. It was better not to say it.

Wouldn’t that prove her feelings for Limo?

Old Lady Li’s panting voice deepened. “Did... Did Limo say something to you?”

“No, Grandma. It’s my one-sided decision. I don’t want to marry a man I don’t love. Grandma, please fulfill my wish.”

Old Lady Li sighed heavily. “You love him. You like Limo. Grandma can tell... No matter what, we have to get married.”

Updates by

The old lady's gentle voice paused before her tone changed.

Strong and unyielding.

"Grandma..."

"Lass!" Old Lady Li's tone became heavier. "This marriage isn't something you can decide. The Li family can't afford to lose face, understand?!"

"..."

The old lady didn't say anything else. She hung up the call while panting heavily and dialed Li Mo's number.

Li Mo looked at the caller ID and pursed his thin lips, making him look even colder.

"Grandma."

'Where are you now?'

"America."

"You..."

The old lady heaved a sigh of relief. "Limo, you're a bastard!"

Li Mo didn't say anything on the other end of the line. His deep eyes were cold.

The old lady knew his cold personality well. He had always been a man of few words. Knowing that he wouldn't say anything, she continued,

"Limo, let me tell you, you'd better pray that I die soon. Otherwise, I'll beat up that Mo woman every time I see her!"

A layer of coldness appeared in Li Mo's cold eyes. "Grandma, you've gone overboard."

Old Lady Li snorted softly, but she couldn't bear it. "Limo, you left Qingzhi alone at the airport!"

She didn't come out to play, nor did she come to visit. She wanted to marry you! You abandoned her at this time. Do you know how much you've hurt her?"

Li Mo's eyes were as calm as water as they reflected the night scenery outside the window.

However, Cen Bo pursed his lips subconsciously.

Looking at the woman on the bed with her back facing him, Limo said calmly, "So? What do you want to say?"

The old lady's eyes widened. "What do you mean? Your wedding with Qingzhi..."

"Just hold it as usual." There was no warmth in Li Mo's voice. His words seemed to have nothing to do with him.

The old lady heaved a sigh of relief. "Then you..."

“I’m going back tomorrow.”

“Okay.”

Putting away the phone, Limo turned around and glanced at the person lying on the bed before walking out of the room.

“Limo.”

As she approached the door, the person on the bed sat up slowly. With one hand on the bed and the other wrapped in layers of white gauze, the blanket slipped, revealing her hospital gown.

Her face could only be said to be delicate and pretty. She wasn’t very beautiful, but her face was pale and she looked more delicate. However, her expression was indifferent.

“You’re leaving?”

“You’re awake?”

The woman’s lips curled into a sorrowful smile.

With his sharp senses, how could he not know that she wasn’t asleep?

“Are you really going to marry her?”

Li Mo curled his lips indifferently and turned around. However, he only glanced at her indifferently and lowered his head to fiddle with the cufflinks on his wrist.

“Otherwise, how much patience do you think I have to chase after you?”

Mo Xiaona’s face seemed to turn even paler. “So you’re angry with me? You think I don’t know what’s good for me.”

Li Mo’s expression did not change. He lowered his hands and straightened his body before stuffing them into his pockets.

“You don’t know what’s good for you.” He looked up and his slender figure stood at the door. He was noble and cold, and his tone was calm. “So there’s no need for me to sacrifice myself in a fit of pique.”

Mo Xiaona’s face darkened. “So? Why did you marry her?”

Li Mo turned his body slightly. His face was calm and indifferent, but there was a hint of sarcasm in it.

“She’s suitable.”

These three simple words were like ice.

He turned to leave, but Mo Xiaona sneered, “Patience... Patience will eventually be exhausted. But Limo, your patience with me is nothing. Perhaps you should see how long a person’s patience can last?”

Li Mo didn’t stop. He opened the door and strode away.

Mo Xiaona chuckled and lowered her head to mutter softly, “I want to see how long Xu Qingzhi’s patience will last.”

—

Xu Qingzhi stood by the window quietly while Shen Fanxing returned to the kitchen to continue cleaning.

Not long after, she saw Xu Qingzhi sitting alone on the sofa with a calm expression.

“Fanxing, I’ll be fine alone. Hurry up and go to the office,” she said nonchalantly as she bent down to take an apple from the coffee table.

“I’m fine.”

Why would she leave her at this time?

Xu Qingzhi took a bite of the apple and turned to look at her with a smile. “If there’s nothing else, come to the hospital with me later. I’ll let you experience the feeling of being a father.”

Shen Fanxing looked at her warily and said, “What do you mean by ‘father’? You’re not going to let me experience what it’s like to be a scumbag, right? You want me to say things like ‘abort the child’?”

Xu Qingzhi burst out laughing. “Why are you so mischievous now? I can’t even sell my feelings when I’m with you.”

Shen Fanxing continued to stare at her silently.

Xu Qingzhi said helplessly, “Don’t be so careful, okay? I really want you to experience what it’s like to be a father. I want to see my baby and go to the hospital for an ultrasound.”

Sighing, she stroked her stomach and her expression darkened. “I’ve worked hard for him and I’m not in a good mood. I should let him comfort me.”

“...”

Shen Fanxing was speechless. The child hadn’t even formed and she was already forced to console her mother.

It seemed that she would have to worry about him in the future.

“Eat quickly then. I’ll bring you to the hospital.”

“Okay, Hubby ~”

Chapter 1027: The Child’s Father

When the doctor heard that Xu Qingzhi only wanted to see the child and requested for an ultrasound, he found it both understandable and funny.

The person doing the ultrasound was a female doctor in her forties. She wore a pair of glasses and smiled elegantly.

“Seeing how much you like this child, you love your husband more than yourself.”

Xu Qingzhi's expression froze before she smiled at Shen Fanxing.

"Did you hear that? Hubby, I love you so much!"

The doctor's expression changed and she looked at Shen Fanxing strangely.

Shen Fanxing looked a little embarrassed as she glared at Xu Qingzhi, causing her to giggle.

Her stomach felt a little cold. The doctor touched the mixture on her abdomen. The smile on her face faded and she turned to look at the monitor beside her.

The screen shook twice before freezing.

"Yes, the baby has basically taken shape. Do you see its eyes, ears, nose, and tongue? Its eyes are huge. It must be a beautiful baby."

The female doctor said with a smile.

Beautiful baby...

Because of the ultrasound, the image was very clear. Xu Qingzhi could clearly see the blood vessels on the baby's head. His eyes were really big, and his limbs were in shape.

Children...

Updates by

Her and Limo's child...

It was in her stomach.

The moment Xu Qingzhi saw the child, her eyes reddened and tears streamed down her face.

How could she bear to?

The doctor smiled as he watched her cry. She had seen many such situations.

This was her mother. She saw a small life growing silently in her stomach with her own eyes. Other than herself, no one else could understand her state of mind.

Shen Fanxing stared at the screen in surprise. She could clearly see a small child standing there quietly. His arms and legs were still very short and they couldn't even reach each other.

It was really small, so small...

"I have the main organs and systems of the body, but they're still growing and not fully developed. Pay attention to your mood and rest well."

The doctor took out a piece of tissue paper and wiped the mixture on Xu Qingzhi's stomach.

Xu Qingzhi sat up and tidied her clothes before looking at Shen Fanxing with reddened eyes.

"Did you see that?"

Shen Fanxing nodded and said, "It's... magical."

“I think so too.”

With a faint smile, Xu Qingzhi stood up and pulled Shen Fanxing away.

Her footsteps were a little hurried, as if she was escaping from something.

Shen Fanxing thought that Xu Qingzhi’s motive wasn’t just to see the child.

It wasn’t until they walked out of the hospital that Xu Qingzhi heaved a sigh of relief.

Shen Fanxing teased, “What’s wrong? Is someone after you?”

Xu Qingzhi’s lips twitched, but she moved closer to her. “How is it? Are you interested in having a child with the father?”

Shen Fanxing glanced at her and said, “You’re quite energetic, aren’t you?”

Xu Qingzhi took a deep breath and said, “Fanxing, just wait for the child to be born and call you Daddy!”

Shen Fanxing smiled and felt relieved.

“When the time comes, it will definitely be...” Shen Fanxing shuddered. “... spectacular.”

She couldn’t imagine Bo Jinchuan’s expression.

Speak of the devil.

Just as she thought of him, her phone rang.

“Where is it?”

“The hospital.” Shen Fanxing walked further away.

Bo Jinchuan’s voice deepened.

“You fell sick after sleeping with her for a night?”

“No... I came to the hospital for a pregnancy test.”

Bo Jinchuan fell silent.

A few seconds later, there was the sound of a chair and a key.

“Boys and girls? Or both? Which hospital? Be good and stay put.”

Then there was the sound of the door opening.

Shen Fanxing immediately realized something and said hurriedly,

“Don’t be agitated. It’s not your child!”

A gust of cold wind blew past and Bo Jinchuan’s voice turned icy.

“... What did you say?”

Shen Fanxing held her forehead and said, “It’s Qingzhi.”

She restrained her anger and said, "Didn't she leave?"

Shen Fanxing said solemnly, "Let's talk about this later. I might accompany Qingzhi for the next few days. You... eat and sleep well."

Bo Jinchuan pursed his lips and remained silent for a long time before saying,

"Can I refuse?"

"I'm afraid not."

"You don't love me anymore."

Shen Fanxing was speechless.

This man...

What kind of immortal was he?

Bo Jinchuan stood outside the office. He was wearing a well-tailored black suit that wrapped around his tall and slender body. His noble aura and strong and cold aura surrounded him. In the depths of his clear eyes, the unfathomable and unfathomable aura was nowhere to be seen. His deep voice sounded aggrieved.

Seeing this, the two secretaries who were working outside almost dropped their jaws.

Their thoughts were exactly the same as Shen Fanxing's.

What kind of immortal was their CEO?

Shen Fanxing sighed and guessed that Qi Mohan's appearance had given her a huge blow.

Could he have suffered some trauma?

However, no matter what, Qi Mohan was her old friend. Now that he had become her problem, it was partly because of her.

As such, guilt welled up in her heart.

"I still love you."

Bo Jinchuan smirked and said, "Then you can bring your friend here."

"Huh?"

"The Luxury Emperor's Huating Hotel is very convenient. I'll accompany you."

After saying that, Bo Jinchuan's eyebrows twitched.

His dark eyes flickered. Why should he accompany that woman?

Shen Fanxing paused. This... was a good idea.

"I'll tell her."

“Yes.” Bo Jinchuan was satisfied.

After hanging up, Shen Fanxing walked to Xu Qingzhi and said, “Come to my house with me tonight.”

“I’m alone...”

Shen Fanxing had already walked forward.

Xu Qingzhi hurriedly chased after her and pulled her back. “I’ve never been to your place before. I’ll go to your place tonight!”

Shen Fanxing smirked and asked, “Bring you to my company?”

“Okay, I’ll listen to you.”

—

The people from Stars International knew about Xu Qingzhi.

Her CEO was her chief perfumer and her only good friend. Now, her wedding was imminent.

The “hacking war” yesterday ended with the news of her wedding.

There were also photos of her on the trending topics. There were probably not many people who did not know her.

Seeing Xu Qingzhi appear in the company, the employees who met her while waiting for the elevator smiled and congratulated her.

Xu Qingzhi had been in society for many years, so she smiled and thanked him.

In the end, Shen Fanxing pulled her into her private elevator and her smile faded.

“Didn’t you greet the Li family? What did they say about the annulment?”

Chapter 1028: Surprise

“Didn’t you greet the Li family? What did they say about the annulment?”

Xu Qingzhi stuffed her hands into the pockets of her windbreaker and shook her head lightly. “Grandma Li doesn’t agree. But Limo is the one who wants to get married. If he doesn’t want to get married, no matter how strong Grandma Li is, she can’t do anything to him.”

Shen Fanxing glanced at Xu Qingzhi through the mirror and pursed her lips without saying anything.

When they reached Shen Fanxing’s office, the two of them took off their coats. Shen Fanxing instructed her secretary to bring a few books to Xu Qingzhi.

The rest was simple. Xu Qingzhi sat on the sofa and read while Shen Fanxing handled her work.

The atmosphere in the office was good. Occasionally, a secretary would come in to report on work, but Xu Qingzhi wouldn’t look up.

When it was quiet, Shen Fanxing would glance at Xu Qingzhi, who was reading quietly.

The daughter of a wealthy family loved to look beautiful and knew how to dress up. She was like a goddess in school, flamboyant and confident.

The person who rejected her didn't show any mercy.

However, she had fallen for Limo.

She had once asked her, "Among the boys pursuing you, there are many with good family backgrounds and good morals. Why did you choose Limo?"

She asked, "Do you feel repulsed by Su Heng touching you?"

At that time, she only blushed and shook her head without saying anything.

When the two of them were together, there was nothing they didn't talk about. Even the two of them had discussed it before. Such questions were mostly forbidden.

Updates by

In high school, there were couples who ate forbidden fruits. University was a common sight.

But she didn't have much contact with Su Heng.

Xu Qingzhi said, "I can't be with them because every time I think of them touching me, I feel disgusted. But I don't reject Limo. Because I like him, I can accept everything about him."

She added, "Fanxing, if I don't be with Limo in this lifetime, I might really become a nun. I can't accept others touching me. What should I do?"

"Perhaps you haven't met someone you like more. Love grows with time. There might be a man you can slowly accept in the future."

That was what she had said.

Perhaps Limo wasn't the one in her life.

Someone knocked on the office door and Shen Fanxing snapped out of her trance. The door opened and a slender figure walked in.

She had been the focus of the public for many years, and her temperament was outstanding. It was as if she shone brightly wherever she went.

"We're flying to Paris tomorrow. Do you need anything?"

With one hand in his pocket, Chu Yi looked at Shen Fanxing and walked towards the sofa.

When she shifted her gaze, she saw the woman sitting on the sofa.

She paused and looked up. When she saw him, she smiled at him.

Chu Yi nodded calmly and sat on the other side of the sofa.

"There's nothing to bring."

Shen Fanxing put down her work and said to him, "Oh right, take care of Ji Yi and the rest."

"Yeah."

Xu Qingzhi smiled and said, "Remember to wear our perfume and advertise for us."

Chu Yi glanced at her. "Is this the legendary unscrupulous businessman?"

"You seem to have misunderstood the word profiteer."

Chu Yi's lips twitched.

"Are you free?" asked Shen Fanxing as she glanced at Chu Yi.

"Fashion Week tomorrow. Work ends today."

Shen Fanxing took out a document and said, "I have a meeting later. Bring Qingzhi out for a walk."

Chu Yi and Xu Qingzhi turned to look at Shen Fanxing.

Shen Fanxing looked up at Chu Yi and said, "Anywhere is fine. Send him back before work."

Chu Yi stared at Shen Fanxing for a few seconds before standing up.

"Let's go."

Xu Qingzhi stood up and said, "Since we have nothing to do, why don't we go to the mall to see the sales of perfume?"

Shen Fanxing nodded in agreement and said, "Not bad."

A sly glint flashed across Xu Qingzhi's eyes.

When they arrived at the nearby mall, there was no need to mention the sales volume of Star's perfume. However, after the initial popularity, the sales volume naturally couldn't be compared to before.

The moment Xu Qingzhi reached the counter, she asked directly, "How much goods have been sold here recently?"

The counter employee recognized her boss and quickly took out the list.

Xu Qingzhi took a look and said, "There are still a lot of stocks."

The counter employee nodded. "It was fast at first, but the supply was in short supply. However, the saturated state is obvious now."

Xu Qingzhi nodded and left without a word.

Chu Yi followed her leisurely with his long legs.

His glow attracted the attention of many people.

Chu Yi pursed his lips tightly under the mask. His face was cold and his aura turned cold.

Everyone took a quick glance before leaving hurriedly.

Xu Qingzhi strolled around in boredom and chose a pair of flats.

When it was time to settle the bill, Xu Qingzhi glanced at Chu Yi and said, "I didn't take my wallet. Did you pay first?"

Chu Yi took out his wallet expressionlessly and handed over his card.

Then, she went straight to a leather shop.

She picked a wallet with a simple color and style and asked the shop assistant to wrap it up.

Chu Yi wanted to pay again, but he heard Xu Qingzhi asking the staff,

"Can I transfer the money through my phone?"

The clerk nodded. "Sure."

Chu Yi frowned. What the hell?

Confused, Xu Qingzhi handed the wallet to him.

"Here, this is for you."

Chu Yi glanced at the new wallet in front of him. "For me?"

"Yes, this is... a thank you gift."

"No need, it's just shopping. I'm bored anyway."

Xu Qingzhi shook her head and said, "Take it. I'll feel bad if I don't."

"..."

"I've bought everything." Xu Qingzhi looked a little awkward. In such a deadlock, he was the only one who could accept the wallet.

In the end, Chu Yi reached out to take it.

Xu Qingzhi smiled in satisfaction and said, "I feel better now."

"Why?"

Xu Qingzhi leaned closer to him and blinked, smiling like a sly fox.

"Because I want you to see the true colors of a profiteer."

"..."

The two of them came to the Zhi Qin Cosmetics counter again.

Xu Qingzhi stood at the door and coughed twice before clapping her hands.

"Everyone, everyone, our Zhi Qin Cosmetics is prepared for a surprise this afternoon!"

Everyone stopped to watch.

“Anyone who buys the latest series of perfumes will receive the autograph of our spokesperson, Chu Yi!”

“Chu Yi?”

“Wow wow wow, Best Actor Chu’s autograph?”

“I want it! I want it!”

A few people jumped up excitedly and raised their hands.

Chu Yi’s face darkened!

How good could a woman who hung out with Shen Fanxing all year round be?

Chapter 1029: Into His Arms

How good could a woman who hung out with Shen Fanxing all year round be?

She had given him a wallet for no reason. So this was it?

He turned to leave, but Xu Qingzhi grabbed his wrist tightly. She leaned to the side and pressed her shoulders against his arm. Almost all her strength was on his wrist!

He struggled and she tried her best to suppress him. She smiled and said, “If you buy more, you will have a chance to take a photo with Best Actor Chu.”

“Take a photo with Chu Yi?!”

Everyone’s gaze landed on Chu Yi, who was standing beside Xu Qingzhi.

“That’s right. This is our spokesperson, Chu Yi. He’s here to deliver a surprise today! Don’t miss it!”

Xu Qingzhi raised her hand and removed Chu Yi’s mask.

Her thin lips were pursed into a thin line and her jaw was tightly clenched. Chu Yi’s standard cold expression.

“Ahhhhh!”

“It’s really Chu Yi! It’s really him!”

“Oh my god, he’s so handsome. His entire body is glowing!”

There were more and more customers outside Zhi Qin Cosmetics. When they saw Chu Yi, they screamed excitedly.

They all rushed to the counter to snatch the items!

Updates by

Xu Qingzhi dragged Chu Yi to a corner with a twisted smile.

Why was this man so strong?

“Xu Qingzhi, you...”

Chu Yi was so angry that he didn’t know what to say.

He had been tricked by this woman!

If he had known, he would never have accepted that wallet!

“Help us! Can you bear to see us stockpiling so much?”

“I can bear to!”

“You’re the spokesperson. If you can’t sell the item, it won’t be good for your reputation, right?”

“...”

“Best Actor Chu, I bought two bottles of perfume and two sets of skincare products. Can you take a photo with me?”

Chu Yi remained silent with a cold expression. Xu Qingzhi hurriedly said, “Yes, of course. Chu Yi said that his fans are all very cute. Now that I’ve seen them, they indeed live up to their reputation.”

The corners of Chu Yi’s lips twitched. How... hypocritical!

The little fan’s face turned red from the praise. “I didn’t expect Movie King Chu to say such words. Thank you, Movie King Chu. We will always support you! You have to work hard!”

Her words were emotional and sincere. It would be inappropriate for Chu Yi to reject her now.

“Thank you. Let’s take a photo together.”

After speaking calmly, the fans ran to Chu Yi’s side. Xu Qingzhi volunteered to take photos.

With the beginning, the fans went even crazier. In the end, they wished someone would move the shelves away.

Looking at the empty shop, Xu Qingzhi smiled in satisfaction.

This was a genuine clearance!

In the end, Chu Yi sat in the nursing area of the shop’s resting area. His handsome face was tense and he wished that ice could seep out.

Xu Qingzhi leaned over and patted Chu Yi’s shoulder. “You’ve worked hard.”

Chu Yi reached out and grabbed her wrist that was on his shoulder. With a dark expression, he flung her away forcefully. However, when he raised his hand halfway, he saw that Xu Qingzhi’s face had turned pale and fear flashed across her eyes. His other hand subconsciously covered his abdomen.

Only then did Chu Yi recall that she was pregnant. However, Xu Qingzhi was caught off guard by the force of his throw and her body tilted.

Chu Yi's expression changed drastically. His long legs reached out in the direction where she was about to fall. The hand that was grabbing her wrist quickly moved to her waist. His long legs followed and corrected her direction, causing her to fall on top of him.

Xu Qingzhi threw herself into his embrace and her body slid down.

Chu Yi tightened his grip on her waist. She reacted and instinctively climbed up his shoulders.

She only stopped when her last knee landed on the sofa.

Chu Yi's scalp went numb from her actions.

He spread his legs a little, afraid that her bent knees would press somewhere she shouldn't.

Her hand gripped his shoulder tightly and a faint fragrance wafted into his nose, causing Chu Yi's expression to change slightly.

Everything happened too quickly. Before Xu Qingzhi could react, she had already retreated from his embrace.

Feeling a chill in his arms, Chu Yi rubbed his empty hands and looked up at her.

"Are you okay?"

Xu Qingzhi tidied her clothes and shook her head. "I'm fine."

How much hatred did he have to use so much strength?

This person's temper was really bad.

Chu Yi stood up calmly.

"It's getting late. It's time to go back."

"Oh."

Xu Qingzhi replied calmly and followed Chu Yi out of the mall.

—

When Shen Fanxing saw the latest trending topic online, her red lips curled into a smile.

He knew that Qingzhi wouldn't behave herself. He didn't expect her to be so useful.

However, she had the guts to scheme against Chu Yi.

She wondered if Chu Yi would flip her table when he returned.

She refreshed the page and a new trending topic appeared. It wasn't the top trending topic, but the photo of Xu Qingzhi and Chu Yi hugging in the shop caused an uproar.

Shen Fanxing's heart skipped a beat and her eyes darkened.

"Xu Qingzhi is getting married tomorrow, but she's being intimate with Best Actor Chu today. Is she openly cheating on Rongcheng's Young Master Li?"

“The wedding is tomorrow. Why is the bride still in Ping Cheng?”

“Could it be that the marriage has changed?”

“What?! Isn’t this woman pregnant? Why would Best Actor Chu want her?!”

“Impossible. This must be a coincidence.”

The popularity rose quickly and instantly snatched the first place.

Shen Fanxing called Chu Yi immediately.

“Look at the trending searches. What’s going on at the theater?”

Shen Fanxing’s tone was cold and capable. Chu Yi read the news solemnly and said coldly, “She almost fell. I just helped her up.”

“Where were you then?”

“In Zhi Qin Cosmetics.”

Shen Fanxing heaved a sigh of relief and said, “Get your manager to get the surveillance footage from the store and clarify this matter immediately. This matter will...”

“I know.”

“Wait.”

Shen Fanxing interrupted Chu Yi. After a moment of silence, she said, “Give the phone to Qingzhi.”

Xu Qingzhi took the phone and said, “Fanxing.”

“Qingzhi, tell me, should we clarify this news immediately?”

“...” Xu Qingzhi bit her lips.

Shen Fanxing continued, “If you really don’t intend to marry Limo, then we won’t settle this matter. With the Li family’s reputation in Rong City, they might not be willing to hold this wedding. We’ll clarify this matter after tomorrow. If you want to... we’ll settle this now.”

Xu Qingzhi was silent for a while before saying calmly, “Let’s settle it tomorrow.”

“... Alright, get Chu Yi to tell his manager to settle this tomorrow.”

“Okay.”

After hanging up, Xu Qingzhi returned the phone to Chu Yi. “Fanxing said to deal with this tomorrow.”

Chu Yi pursed his lips. “Can I? Isn’t it your wedding tomorrow? It will affect you, right?”

Xu Qingzhi smiled bitterly and said, “That’s what I want.”

Chu Yi looked at her through the mirror and didn’t say anything.

On the international flight from the United States to Ping Cheng, the man's slender fingers held the black phone as he looked at the photo of the woman in the man's arms.

There was a faint cold smile on his face. His face was exceptionally handsome and he looked noble and elegant. However, there was an indescribable coldness that seeped into his bones.

Chapter 1030: Children, Father, Father

After work, Shen Fanxing went to the supermarket to buy groceries before bringing Xu Qingzhi back to Luxury Emperor Garden.

When Bo Jinchuan returned, Xu Qingzhi was sitting on the sofa watching television while munching on a pear.

When she saw that Bo Jinchuan had returned, she raised an eyebrow and gave him a dazzling smile.

"The CEO is back?"

Bo Jinchuan's eyes were cold. He had occupied Shen Fanxing for a day and a night. How could he expect her to be nice to him? He should wash up and sleep.

She took off her windbreaker and went to the kitchen with a cold face.

Xu Qingzhi pouted and took a big bite of the pear. She ate it happily.

The tap in the kitchen was running loudly. Shen Fanxing was washing the dishes when she smelled a familiar scent. Her lips curled into a smile. Just as she was about to turn her head, a cold body pressed against her. His long arms wrapped around her waist and his chin rested on her head. He sighed softly.

Shen Fanxing finished washing the dishes and turned off the tap before turning around to look at him.

After not seeing her for two days, this face was right in front of her. It had quite an impact.

This man was really an immortal.

"How did you get in here?"

Bo Jinchuan squeezed her waist and pulled her into his embrace. He lowered his gaze, his eyes full of grievance.

"Did you miss me?"

This tone.

It was as if he would cry on the spot if she didn't say that she missed him.

However, he and Qi Mohan had a "public war" yesterday. Now that she had compromised so easily, would she not care about the city's problems in the future?

She said calmly, "Did you mess up the social media program?"

Bo Jinchuan's expression changed and an unnatural glint flashed across his eyes.

"No, we even helped them perfect many loopholes."

Shen Fanxing raised an eyebrow and said, "Not only did you barge in and mess up the company's system, you even tampered with its data?"

"I'm not tampering with it. I'm helping them perfect it," Bo Jinchuan emphasized. "This is an apology gift to them."

Bo Jinchuan pressed his forehead against Shen Fanxing's and said, "I want to make up for my mistakes."

Shen Fanxing's long eyelashes fluttered as she said, "I've lost to you. I won't repeat myself. If there's a next time..."

"Then I'll let you be on top."

Bo Jinchuan interrupted Shen Fanxing and lowered his head to press his lips against hers.

The moment their lips met, Shen Fanxing pushed the man away forcefully.

Bo Jinchuan frowned. He hadn't kissed her properly.

Shen Fanxing smiled and said, "Qingzhi is still outside."

Bo Jinchuan's face darkened again. "Isn't she getting married tomorrow?"

Shen Fanxing sighed and said, "I'm afraid we can't get married."

She was also conflicted. If she missed this opportunity, there would be almost no chance for Qingzhi and Limo to be together again.

A life-long choice...

If she had chosen to give up on Bo Jinchuan...

She looked up at the man in front of her, her eyes trembling.

He couldn't.

Just the thought of it made her heart ache.

If that day really came, her heart would be dead.

She closed her eyes. She was indeed an amateur when it came to relationships.

She suddenly felt that it wasn't easy to be with Bo Jinchuan.

In the end, Bo Jinchuan was chased out of the kitchen. Shen Fanxing swiftly made a few dishes and placed them on the table.

Bo Jinchuan had changed into casual clothes and Xu Qingzhi was already sitting in the dining room.

Shen Fanxing scooped rice and soup for her the entire time. Xu Qingzhi felt as though she had been burned by the two pairs of eyes.

In the end, Shen Fanxing took the initiative to sit beside Bo Jinchuan.

The obvious difference between this “family” and “guest” improved his mood.

After dinner, Xu Qingzhi and Shen Fanxing tidied up the kitchen. Shen Fanxing couldn't help but ask again.

“Qingzhi, are you really willing not to marry Limo?”

Xu Qingzhi paused and pretended for the entire afternoon before bringing up this topic.

“I'm indignant,” she said. “But Limo hates me now.”

“Are you afraid?”

“I'm not afraid. But I'm afraid that he will hurt my child.

...They all said that I used the child to marry him. At first glance, I felt aggrieved. I wanted him to have a father and mother at birth and a complete family. How did I become such a scheming woman the moment they mentioned it?

But thinking about it carefully, I do seem to be using him, using him to marry Limo... Limo thinks so too. He hates me for influencing his choice and disrupting his life. I'm afraid that his hatred will continue to spread to the child... What I can bear, the child can't. Compared to other things that will hurt the child's heart in the future, why don't I eliminate all possibilities from the start...”

Shen Fanxing listened quietly. So, in order to protect the child, she had given up on love?

“Do you think the man you love will hurt your child?”

Shen Fanxing didn't understand. Was such a man worth loving?

Xu Qingzhi pursed her lips and asked, “Do you think he's a good man?”

Shen Fanxing shook her head without hesitation. “Other than his face, I don't think there's anything worth loving about him.”

Shen Fanxing frowned and asked, “What do you love about him?”

Xu Qingzhi chuckled and said, “If I know what I love about him, I can find another man who has the same merits as him. Why should I be so conflicted about him?”

“...” Shen Fanxing felt a little dizzy. “Then you can summarize his merits and follow that standard.”

“Didn't you say? Other than his face, what else does he have?”

“...” They were back to the topic again. Love was indeed metaphysics.

The two of them came out of the kitchen and sat down on the sofa in the living room.

They continued chatting.

“Then what do you plan to do with the child in your stomach? If the Li family agrees not to hold the wedding, the babies won't give up easily.”

Xu Qingzhi said firmly, "I won't give it to you."

"But if they pester us, it will be troublesome."

Glancing at the figure on the stairs, Xu Qingzhi sighed.

"I don't care. You're the child's father anyway. Of course you'll help me settle this."

Shen Fanxing nodded thoughtfully and said, "Yes, let me think of a solution."

She recalled the small figure she saw during the ultrasound today. She leaned over and gently caressed Xu Qingzhi's stomach. Her eyes softened as she said, "You're very beautiful."

Xu Qingzhi raised her eyebrows and said to her stomach, "Look at how much your father loves you. You have to be filial to him in the future, okay?"

Shen Fanxing chuckled softly and said, "How would he understand?"

"I can understand. It's a subtle influence. I want him to know that his father is you."

A shadow fell and a strong cold aura assaulted her.

"What are you talking about?"
