

Chapter 1035

When she crept out, all she saw was the security guard calling Arron.

Arron got down from the elevator.

Before the door was closed, the little girl in a small floral pajamas ran up and down the stairs.

Li Sao and Suzi behind them both shouted in unison: "The only one, what are you going to do with the only one?"

Lilly has already gone downstairs.

Li's old arms and legs couldn't catch up.

Suzi's fever has gone, but she was extremely weak when she had a fever one day yesterday. She took a few steps and couldn't keep up with her breathing.

Even so, she went downstairs.

And Galia and Rayna sitting in the living room.

They also followed one after another downstairs.

The only kid Shen, who runs with light arms and legs, runs very fast.

She ran in front, but several people from behind were not catching up.

Within three or two minutes, Lilly ran to the door of the community and saw dozens of people at the door holding microphones to his father.

Dad did not answer.

Dad is answering the phone.

However, the only thing Shen could hear from the questions asked by the reporters was that it was about his mother's kidneys.

Upon hearing these two words, the little girl's eyes were red with resentment.

Why?

She doesn't understand why they all bully her mother?

Why do we need mother's kidney?

The six-year-old girl still doesn't know what a kidney is.

She tugged at Arron's clothes behind her: "Dad..." Seeing her daughter suddenly appear behind her, Arron felt even more sad.

"Dad, are they all here to ask mother for a kidney?" the little girl asked Arron pitifully.

"Only, go home! Listen to my father and go home immediately!" Arron immediately ordered Lilly.

He wants to deal with these reporters here, he can't let the children show up in front of the reporters.

Lilly shook his head firmly: "I want to protect mom, dad, does mom owe them their kidneys?"

Arron: "..."

The little girl has her own set of theories: "Dad, even if mom owes their kidneys, she doesn't owe them deliberately. Mom must be all for me."

Thinking of the past, the little girl's eyes were red: "We have had a hard time for several years. In order to let me wear a beautiful foreign dress, my mother

asked the boss on the construction site to ask for the wages in advance several times. .”

“On another occasion, in order to buy a wheelchair for uncle, my mother asked others to borrow money. At that time, some people forced her to pay back the money. It’s the same as forcing her to pay back the kidney now.”

The little girl’s explanation made the father in front of him even more urge to kill.

To Arron, killing a person is not blinking at all.

But now for his daughter, he can only calm down now.

Must be calm!

Lilly said to his father again: “Dad, I asked Aunt Rayna yesterday, and Aunt Rayna told me that everyone has kidneys, and I have them too. I can hold my kidneys and give them back.”

With that, the little girl turned around and walked towards the gate without fear.

“The only one!”

Lilly didn’t look back.

She came to the door and looked up at the reporters.

The reporters were stunned.

“Are you here to ask for a kidney from my mother?” Shen Only asked in a childish voice.

She is very clear in her words.

It was so clear that the reporters could not answer her questions.

Seeing no one answered, Lilly said again: "I am my mother's daughter, I can give you my kidney."

Chapter 1036

Reporter: "..."

So many reporters, as well as some people watching the excitement outside, were all speechless by the little girl's words.

The little girl has messy hair and squiggly eyes. She has a round face and a baby fat peculiar to a five- or six-year-old child. She wears a small floral pajamas and has a pair of feet on her feet. Pink rabbit head small cotton drag.

That appearance is so cute.

Cute and well-behaved, crisp, can make people's hearts cute.

The little girl looked at these reporters innocently and seriously.

Seeing that they did not speak, Lilly continued: "My mother has had a fever all day and night. You will wake up my mother at this door. I am my mother's daughter. My mother owes your kidneys. I can help her. Give it back to you."

Reporter: "..."

At this time, someone in the passing crowd couldn't help but utter a voice.

"For the first time in my life, people do not drink water and press their heads forcibly. The kidneys grow on the people themselves. They give it if they want, but don't give it if they don't want to. Why do they want to force them like this!"

Immediately afterwards, someone said: "Nowadays, cyber violence is really violent. You can say that black is white, and white can be black. They all follow the wind and kidnap others morally, eh. ..."

"Eh... what a nice little girl, she is only five or six years old, and already knows to protect her mother, I want to have a second treasure too."

"Poor girl doll..."

"I can't watch this, I can't watch it here."

"Wait, wait a few hours, the whole network will be overwhelming news coming out, all accusing this woman of having no conscience, regardless of the life and death of her sister..."

"For the sake of my own sister, I took my life? What is this called!"

"No wonder the children nowadays don't agree that their parents want a second child!"

"Ethical kidnapping is terrible!"

"Thank you, this is what I saw with my own eyes. If I didn't see it with my own eyes, what I saw on the Internet, after editing by those media promoters, was a certain number of tears, saying that the patient is pitiful. , This young woman who I don't want to donate is cruel. My God..."

Many bystanders sighed and left.

This is because at the scene, I saw such a scene with my own eyes.

Especially when the tearful little girl wants to give them her kidneys, her tone is innocent and serious, but it reveals the helplessness and pity of a mother.

Some of the words of a little girl left these reporters speechless, which suffices to explain the fact that the interviewee was kidnapped by morality.

In the crowd, a ragged and cowering wanderer who couldn't distinguish between men and women was blocked in front of a passing car.

The woman who was driving also stopped to take a look at the excitement. When she came over, she was embarrassed. She couldn't bear to see this scene and had to drive away. The front was blocked by a dirty and sloppy wanderer.

"What are you doing!" the woman snapped.

The wanderer's dull voice was almost speechless, and the woman driving the car jumped as soon as she uttered it.

"Don't be afraid, don't be afraid, I...I don't harm people." The wanderer's eyes were full of pleading expressions.

The woman driving the car relaxed a little: "What are you doing!"

"Girl...I just wanted to ask, what happened at the gate of this community?" the wanderer asked.

The driving woman glanced at the tramp: "You, a tramp, also care about this?"

The wanderer nodded, her eyes were filled with muddy tears, and her tone was extremely pleading: "Girl, please tell me..."

"Are you a woman?" The woman driving the car looked at the wanderer incredulously.
