

Chapter 1039

"Child, my child, mom... Mom dare not see you."

"Mom looks like a ghost, how can I see you?"

"Mom just wants to look at you from a distance. Mom doesn't want to disturb your life, my child..."

At this moment, Suzi could not hear this.

She only held the only one tightly in her arms.

At this time, Galia and Rayna also came, and the two guarded Suzi in the middle. Galia looked at the group of reporters angrily: "Do you still have humanity!"

Rayna also bluntly said: "If someone wants your kidneys, do you agree! Think about yourself beforehand!"

One of the reporters sneered, "Are you Miss Rayna?"

Rayna smiled: "Someone even knows the name of grandma's aunt!"

"The other is Miss Galia!"

Galia looked up at the reporters: "What do you want to do!"

The reporter asked: "You are all friends of Suzi. If it sounds good, it's a friend, if it sounds bad, it's Suzi's accomplice. A patient is lying in the hospital and he needs sympathy and comfort. You Back, and ran to the ward to make people worse!"

Galia: "..."

Reporter: "We have iron proof!"

Rayna: "..."

At this moment, let alone Galia and Rayna, even Arron behind him deeply felt that Elder Shu is Elder Shu.

For so many years, Elder Shu has been able to dominate the political arena for so many years, he must have his wrist.

At this moment, Arron knew that he would never let the scene go on.

She took out her mobile phone and dialed: "It's been five minutes, why haven't you arrived yet!"

The other end anxiously recovered to: "Master, it is the morning rush hour for work, and there is a traffic jam on the road. We are only one intersection away."

Arron asked again: "How many people stayed?"

"All personnel are dispatched!"

Arron hung up the phone 'pop'.

He stepped forward to the one in Suzi, a side support hugged Suzi, and then said to Galia and Rayna: "You two are holding the only one."

"Yeah!" Galia and Rayna replied at the same time.

Arron hugged Suzi, turned and left, God Bless Galia and Rayna also led the only one back.

"Mr. Fu, Mr. Fu, don't leave. Although we can't enter this community, we will stay here for a while, as long as you come out..."

Arron did not answer.

His face was extremely cold.

He held Suzi about seven or eight steps out, and there was a commotion behind him.

Outside the gate, there were no less than a hundred people dressed as security guards who got out of the car. They said they were security guards, but they were actually Arron's mercenaries. These people were extremely powerful.

On average, four or five people carried a reporter, and forced them into the car.

"What are you doing! We are reporters, reporters are the uncrowned king, no one would dare to walk around the world..."

No one dared to speak anymore after this 'wow'.

Within ten minutes, the gate of the community was finally quiet.

The gate of the community, which lasted only a few minutes, was noisy and finally came to an end.

Arron has also returned home with Suzi.

Suzi couldn't cry: "Arron, you take the only one. I must kill the Lin family and I will kill them if I don't want my life!"

Arron said in a cold tone: "Suzi, you are calm, the more you are at this time, the more calm you are."

Yubi, he took out his cell phone and dialed out a set of numbers.

At that end, Elder Shu quickly connected.

Elder Shu's tone was very confident: "Arron, how are you doing this morning?"

Chapter 1040

Arron: "Those reporters are all under your instructions?"

At that end, Elder Shu admitted very neatly: "Yes! Arron, they are afraid of you, but it depends on who supports them. Now I am supporting them, you think, since you came back from Gasing Island, Who in Nancheng doesn't know that I am your benefactor?"

"Who doesn't know, it's impossible for you Arron to do something to me?"

"So, as long as I support them, they are nothing to fear."

"It is a rare opportunity for them to report the fierce materials of the president and his wife of the Fu Group. The fierce materials of you and Suzi are worthy of those movie stars!"

"What's more, I paid them very well."

"Under the so-called heavy reward, there must be a brave man!"

Hearing what Old Man Shu said, Arron calmed down instead.

He waited until Elder Shu finished speaking, and then said calmly: "Master, your granddaughter still has one month to survive. I advise you to find her a heart match as soon as possible during this month. There is hope in the month."

After a pause, he bluntly said: "Don't say that you are looking for 20 or 30 media today, even if you are looking for hundreds of media, I can report these reports within this month. It's flat."

"You are right. I have a family and have children. I have a weakness. I will not kill easily, but I will do it! Just tell you this, sir, how many reporters can you find? I can send you as much as possible."

"Moreover, any piece of news will not go on the Internet. All you have done are just in vain."

Elder Shu smiled on the other end of the phone, "I know! Of course I know!"

Arron: "..."

Elder Shu continued: "With your Arron's sphere of influence in Nancheng, you can naturally do this, but..."

Elder Shu just said one, but at this time, someone knocked on the door outside Arron's house.

Everyone got up and looked at the door.

Galia was the first to shout: "Who is outside!"

She thought again in her heart, if another wave of reporters came over, she Galia would go with the knife and go desperately!

"It's me, Darius." Darius turned out to be outside.

Galia immediately ran to open the door. As the door opened, she lifted her slap and slapped Darius on the face: "Darius, you still have a face to come, your Shu family almost killed Suzi, you will get out of here now! "

Darius covered his face without being angry at all.

He only calmly said to Galia: "Galia, you let me come in first. I was tied up with a rope by my grandfather. I finally got off the rope and came over. I just want to see how Suzi is. When I was driving at the door just now, I heard several guards talking."

Galia asked immediately: "What are they talking about?"

Darius said: "It seems that a lot of reporters have just come here and are stuck at the gate of the community?"

Galia sneered: "It's not your grandfather's masterpiece, he is going to kill Suzi!"

Darius: "..."

When he was about to say something, Darius saw Arron talking with someone in the living room: "Master, it seems that you are determined to make a sacrifice for Lanita?"

Hearing that Arron was talking to his grandfather, Darius rushed up with a vigorous step, grabbed the phone in Arron's hand, and yelled at the receiver: "Grandpa! What do you want to get there! Do you not kill Suzi? , You will not give up!"

At that end, Old Man Shu was extremely shocked: "A Zhen? Why are you with Arron?"

"I came to see Suzi!"
