

Chapter: 1051

It's like an incomprehensible joke, boring, but funny.

"Under the protection of a grandmaster, he was actually killed." Chen Feng asked incredulously.

Qian Xueqiu was much calmer than Chen Feng. He said, "Uncle Qian was not here when the other party killed someone."

Chen Feng asked puzzledly: "Why, didn't you let him stay here forever?"

Qian Xueqiu said, "Because the Mowolf people want to do something to me, so Uncle Qian also has no choice but to rush back. This incident is too coincidental, so I think that the people who killed Hei may be the people who killed the Heilang. Only they will pay such attention to me."

Chen Feng has nothing to say. Even if Hei's life is very important, but in front of Qian Xueqiu, the Patriarch of the Qian Family, it is naturally incomparable. Chen Feng cannot refute Qian Xun Qian's behavior, and even feels about his own anger. Guilty.

But if it were Molang's people, just the powerful guy he had just met yesterday was enough to make him feel oppressed, but Chen Feng had not seen him before.

Maybe it's just because he doesn't have a complete understanding of Molang either.

This kind of thing shouldn't be a problem for anyone, but it is not the same for Chen Feng.

He's dead, and he must be the next target, and now that Molang is still involved, his head feels like it's going to explode.

It has already happened, and he can't do anything about it.

Qian Xueqiu said, "Now that Molang has arrived in Suzhou, you have to be careful yourself."

Chen Feng glanced at him gratefully.

After leaving the hospital, he was actually not so angry about Hei's death, because his relationship with Hei was so average that he was not even a friend, but he was only angry because his death was on his own eyelids. Next, this is beyond his tolerance.

This kind of provocation was like hitting him directly in the face, slapped twice in front of his face.

The pain is not only on the face, but also on the spirit.

And it's not just Chen Feng that bothers, but Ye Zheyue is also the same.

He did kill Hei, but at the same time Mo Wolf was also alarmed. He used Mo Wolf to transfer Qian Hun Ken away, and in the face of a master like Qian Hun Ken, he would never be intact.

The responsibility of the few people who died naturally fell on Ye Zheyue.

He had already thought about a countermeasure all the way, but until he reached the pavilion, he didn't seem to think of a good reason to explain to Snow Wolf.

Snow Wolf saw Ye Zheyue coming over, and said with a smile, "Sit down."

Ye Zheyue sneaked a glance at Xue Lang's face, not tepid, and could not see any dissatisfaction.

Although he couldn't see much, Ye Zheyue knew that Xuelang was not the kind of person who would put his thoughts on his face. Perhaps in the bottom of his heart, he had already sentenced Ye Zheyue to death.

Xuelang handed a tea cup filled with tea to Ye Zheyue, and said, "Taste it. This is a new batch of black tea I got. It tastes pretty good."

Ye Zheyue glanced at the snow wolf, smiled and took the cup he handed over. After thanking the snow wolf first, she took a sip and said, "It is indeed a good tea, the taste is fragrant, and the aftertaste is endless."

Snow Wolf also smiled heartily. He said, "Drinking tea requires heart. Only by tasting with heart can you know the beauty of tea."

Ye Zheyue probably guessed what Xuelang meant, but he was just silent.

Xuelang said again: "You are in a restless mood now, it is impossible to really drink this tea well. If you are because of what happened last night, you don't need to have any grudges. Since you are doing it, you will naturally have something Win or lose, and opportunity? It's fleeting."

Ye Zheyue said: "My lord said that I was anxious about what happened last night. I thought that Qianxun Qian was not by Qian Xueqiu's side, it was the best opportunity."

Xue Lang smiled, the smile was so plain, Ye Zheyue couldn't even see what he really meant.

"It's really anxious, but you are also kind. Just think about it before doing it next time."

Ye Zheyue nodded and responded, and Xuelang said, "Okay, if you have something to do, do your thing. I call you over, just to remind you."

Ye Zheyue nodded and left the pavilion.

The Xuelang himself was left sitting there drinking tea, and at this moment, a figure fell from the top of the pavilion.

"Have you heard?" Xue Lang asked Xiang Qian'er.

Qian'er nodded and walked to the snow wolf and sat down. She said, "But she didn't seem to hear anything."

Xue Lang laughed and said, "He didn't say anything, so naturally you didn't hear anything."

Qian'er was puzzled: "Why would the master start to doubt him? Didn't you think of him very much before?"

Xue Lang said: "If he is an obedient dog, I would naturally admire him, but when he wants to do something with his owner, that is when he has to give up."

Qian'er said, "Is it just because he caused several of Molang's disciples to die in Thousand House Villas?"

Xue Lang looked at Qian'er, and said in a lesson: "You have been with me for so long, don't you see anything?"

Qian'er was also apologetic, but she really didn't see anything, and she could only lower her head feebly.

"Also ask the teacher for advice." She said respectfully.

Xue Lang did not continue to reprimand, but said in a cold tone: "If a person is only looking at his purpose, then the most important thing to see is to know what he did. He is not looking at what he said.

From his beginning to Molang, I sent someone to investigate him. "

Qian'er said in surprise: "So the master didn't believe him from the beginning."

Xue Lang shook his head and said, "It's not that I didn't believe him, but that I was basically vigilant."

Qian'er let out a cry and said, "What did the master find out? He came to Molang for another purpose?"

Xuelang said: "But after the investigation, as he said, he is an orphan whose parents were killed by Qianxun Sword.

Qian'er wondered: "If that's the case, why does the master still doubt him?"

Xue Lang looked at Qian'er helplessly, and said, "You, you, how can you think of things so simple. If he really came down from Qingcheng Mountain, then why would he never mention things in the mountains or even do things? His style is also insidious, without the casualness of the Qingcheng Mountain disciple."

Qian'er didn't think this would be a problem. She said, "But if his nature is like this, and the things of nature can't be completely compensated by education."

Xue Lang said, "I know it naturally, but this doesn't prevent me from doubting him. Be cautious. I have told you this many times, but you never take it to heart.

Chapter: 1052

Qian'er also knew that she hadn't really thought about it too much, so she had to say, "Then the master thinks why he entered Molang."

Xuelang said: "He is very careful, he never showed any horse feet. Last time I took him to the Sea Lion Tower, he did not do anything out of the ordinary. Even the basic curiosity was well restrained. ."

Qian'er said: "That may just mean that his purpose is not the Sea Lion Tower."

Xue Lang said: "But to be able to make him so restrained, that even more shows that what he is planning is not a trivial matter. We need to be careful."

Qian'er said, "What does the master want to do?"

Xue Lang said: "I want you to approach him and figure out his purpose."

Qian'er was surprised: "Let me do it? But even the master is not easy to see things, I don't think I have this confidence."

Xuelang suddenly looked cold, and said, "This is not a discussion with you, but an order."

Qian'er didn't dare to really offend Snow Wolf. Although they had the status of master and apprentice, there were not a few disciples who died in Snow Wolf's own hands. Qian'er respectfully agreed.

Xuelang was still quite satisfied. He took another sip of black tea and closed his eyes contentedly.

Seeing this, Qian'er left the pavilion by herself.

After she left, after thinking about it, she went directly to Ye Zheyue.

It seems that Ye Zheyue is also waiting for her. After Qian'er passed by, he was just sitting on the bench and reading a book.

"Do you know I will come?" Qian'er said as she walked to Ye Zheyue's side.

But Ye Zheyue shook her head and said, "I didn't know, I just thought someone might come, but I didn't expect it to be you."

Qian'er was here to find him, and there was no need to cover up. She sat next to Ye Zheyue and said, "Do you know someone will come to you?"

Ye Zheyue did not answer, but asked, "You came from Lord Xuelang?"

Qian'er is a little bit powerless, she feels like she has seen through all her plans with just one sentence, and even the purpose of coming here is very clear.

But she didn't give up, she still said stiffly, "Is there any problem? I did come from there."

Ye Zheyue shook her head and said, "I'm just curious. But I don't know why Qian'er came to me?"

Qian'er had already figured out what to say as early as her way here. She asked, "What is the purpose behind your doing that last night?"

When asked about this, Ye Zheyue was surprised. He said, "I don't know why Qian'er asked this. I naturally wanted to deal with Qianjia."

Qian'er shook her head and said, "You are not trying to deal with Qianjia. From what I think of you, you can't imagine that this is very likely to fail. You are a smart person, so you won't do stupid things."

Ye Zheyue smiled, and he said, "I'm very happy to hear Qian'er's praise, but no matter how clever the calculation is, I may fail. Even if I am smart, there are still people smarter than me. For example, that Patriarch of a thousand families."

Qian'er was silent, she knew that Qian Xueqiu was also a smart person, and just as Ye Zheyue said, between two smart people, there will always be someone who fails.

Ye Zheyue added: "If Qian'er really thinks I have any other intentions, then I can tell Qian'er that there are indeed other ideas in it."

Qian'er was also taken aback for a moment. She looked at Ye Zheyue and asked, "What do you think?"

Ye Zheyue said: "Last night, I did know that Qianxunqian was not by Qianxueqiu's side, so I did it, but I didn't expect them to drag Qianxueqiu back and let Qianxueqiu get his life back.

But this also let me know one thing, Qian Xueqiu is indeed a guy without martial arts."

Qian'er was puzzled: "Is this your idea?"

Ye Zheyue said, "Isn't this a very important message?"

Qian'er said: "But we have known this information for a long time, and you don't need to do it many times."

Ye Zheyue shook his head and put the book in his hand aside. He raised the corner of his mouth and said with a chuckle: "This is not an unnecessary move. Molang knows that Qian Xueqiu has no martial arts, but no one has ever seen it, or even annihilated it. In the process of Qianjia, no one has ever seen him make a move."

"This is not proof that he is an ordinary person."

"This can only mean that he didn't make a move. It doesn't mean that he doesn't know how to martial arts."

"What do you mean?" Qian'er was even more puzzled.

Ye Zheyue said: "Just like me, I told you that I don't know martial arts, and you have never seen me make martial arts, so naturally you believe that I can't martial arts, but if I am actually a martial arts very powerful People, that everything is pretended to be, you won't be surprised if you are."

Qian'er looked at him suspiciously, and asked, "Will you be or not?"

Ye Zheyue smiled bitterly and said, "Naturally I won't, but this doesn't mean Qian Xueqiu won't either. Therefore, I also specially let people observe him during the temptation last night. In a life-threatening situation, He still doesn't have any reaction from martial arts practitioners. So now I am even more convinced of the fact that he does not know martial arts."

Qian'er was a little confused and walked around for a long time, but what she got was a fact that had been confirmed.

"Do you think this is important?" Qian'er asked.

Ye Zheyue nodded seriously: "This is very important. At least it can increase the success rate of our plan by a few percent."

Qian'er is not a stupid person, she can understand Ye Zheyue's thoughts, but she also thinks that Ye Zheyue is too cautious, and it seems that such efforts are in vain.

But these are not what she wants to hear, she said: "I can't comment on your caution, but you must be hiding something."

Ye Zheyue looked at Qian'er directly, he also knew Qian'er's purpose here, and even knew that this was what Snow Wolf asked her to do, but he didn't expect Qian'er to be very direct.

He said: "If Qian'er still doubts something, it's best to show evidence, otherwise I don't even know how to defend. I can't convict me because of Qian'er's feelings. I'm afraid that even Master Xuelang won't I agree."

Qian'er felt a failure, but this was just a test, a very direct test.

And for a long time, she can always find this guy's feet.

"You can wait, and I will find something, I hope you can hide it better." After she said, there is no need to stay here.

Get up and leave, the wind and fire come over, and it is also the wind and fire to leave.

Ye Zheyue sat there, picked up the red book on the bench again, turned to the place he had read before, and read it again.

His mood is irritable, but reading is the best way to relieve a person's inner restlessness.

Chapter: 1053

It took an hour before he closed the book and walked outside.

I got in a car, drove it, and drove to the center of Suzhou City, the most prosperous place.

Soon, the car stopped in front of a clubhouse, he handed the key to the waiter, and walked directly in.

Taking a look at the direction, he walked inside, where there was a private room, and someone was waiting for him in it.

Pushing open the door, he smelled a faint fragrance of perfume, he took a deep scent, he liked the smell, it would make him feel intoxicated.

The owner who opened the private room seemed to know his hobbies. Apart from the three men, all those sitting on the sofa were barely dressed young women.

Only in this kind of breath can he really calm down. He smiled and walked to the side of a very beautiful woman.

He knew this woman and had seen it several times, but had never been in bed. He didn't like to do boring things, which would make him feel like a waste of time.

And seeing Ye Zheyue come over is the handsome and sunny face. As a woman, she won't feel disgusted at all. She even prefers to be close to him. It's just that she has never been so intimacy and makes women feel attractive about her. Lack of self-confidence.

But apart from that, the woman was still very happy to see Ye Zheyue. She smiled and said, "Ye Shao, Xinxin has been waiting for you for a long time."

Ye Zheyue laughed too. His smile was charming and warm, and Xinxin looked very drunk. He said, "I was wrong, and beauty shouldn't be allowed to wait."

One of the three men sitting immediately smiled with a bald head: "Ye Shao meant that it doesn't matter if we wait."

Ye Zheyue didn't say anything. After he sat down, he put Xinxin in his arms and put one hand on Xinxin's waist.

And Xinxin intimately attached herself to Ye Zheyue's body.

But liking it does not mean that Ye Zheyue has forgotten the purpose of coming here. He looked at the bald head just now and said, "I think with the manner of Hall Master Li Qing, I shouldn't blame me for such a small person."

This bald head is Li Qing, the head of the Hall of Enthusiasm in the Sea Lion Tower, and the other two are also the hall owners of the Sea Lion Tower. Although the three of them came here, they knew that they were meeting with Ye Zheyue, but they were still a little surprised.

Since the last meeting, Ye Zheyue immediately contacted people and began to hook up with the hall masters of the Sea Lion Tower.

Li Qing said: "Ye Shao can invite the Tianji old man from Qingcheng Mountain to connect for you. Even if we don't have eyesight, we won't treat Ye Shao as an ordinary little person."

Ye Zheyue gently squeezed Xinxin's waist, causing Xinxin to laugh. He also laughed: "The old man Tianji was only willing to match me up because he was helped several times by me. If you say As far as I am concerned, it is still not worth mentioning."

There is no point in being modest here. Li Qing still wanted to know what Ye Zheyue wanted to do when he found them. He asked, "Don't say who Ye Shao is, but what makes us not understand is that since Ye Shao has taken refuge in Molang, now secretly contacting us, does Ye Shao have any plans, but I don't know who he is targeting."

Ye Zheyue didn't mean anything. He said, "Since we have met, I think you all know my sincerity, and my purpose is very simple. It is the Buddha lotus seed in Molang's hands."

Ye Zheyue did not explain this unfamiliar word, because he believed that the few in front of him must know what it was.

The expressions of Li Qing and those two immediately became serious, and Li Qing said, "Ye Shao, is this not a joke?"

Ye Zheyue smiled and said, "Since I have all come to meet the three of you, there are naturally some jokes there. If the three of you go out and tell me what I have said, I think Molang will definitely not let me go."

Li Qing only laughed twice. Although he believed that Ye Zheyue was not joking, he hoped it was just a joke.

Li Qing thought for a while, then glanced at Ye Zheyue, and Ye Zheyue looked relaxed, the hand that was originally placed on the woman's waist had long shifted direction.

He didn't know why Ye Zheyue could say such words so relaxedly.

He said: "The three of us have been blessed by the old man of Tianji. He told us that we must help Ye Shao with all our strength. We are unwilling to defy the old man of Tianji, but it might not be that simple to take away the Buddha lotus seed. ."

Ye Zheyue then moved her gaze away from Xinxin. He said, "I know that things are not that simple, but you don't need to be so nervous. If you go together, it may not be his opponent."

Hearing this, the three of them immediately breathed a sigh of relief. If they were really going to fight Snow Wolf, it would be no different from dying.

Li Qing asked curiously, "Then I don't know what Ye Shao did to find us?"

Ye Zheyue said: "Taihao's secret store is about to be opened, and the old Snow Wolf will go in by itself. And I know that the Sea Lion Tower is very familiar with some of the institutions in the secret store, so I hope that I can touch that thing by then. Some institutions. It's best to never get out."

Li Qing still hesitated. Although he didn't know how Ye Zheyue knew about the Mixin in the Sea Lion Tower, he didn't think much about his relationship with the old man Tianji. What made him hesitate was to let him. It seems that Snow Wolf's contact with those organs is not a simple matter.

However, this is definitely much simpler than having them fight directly against Snow Wolf.

Li Qing said: "We don't dare to promise Ye Shao anything, but the old man Tianji is kind to us. We will do our best for this matter."

Ye Zheyue laughed, and he said, "Then I will wait for the opening of the Taihao Secret Vault, and I will wait for your good news outside."

Li Qing said in surprise, "Isn't Ye Shao ready to go in?"

Ye Zheyue smiled and said, "I am such an ordinary person, so don't go in and join in the fun."

Li Qing didn't quite believe Ye Zheyue's words, but looking at the young man holding the woman, he really couldn't see any traces of Ye Zheyue's martial arts training. She was just as thin as a woman.

It's a pity that women nowadays all like this. The beautiful woman in his arms seems to be happy to play with Ye Zheyue. There is no unwillingness to look at her expression. It seems to be better than Ye Zhe. In the past month, it is even more enjoyable.

But Li Qing can't manage this kind of thing, he can only think about how to design the Snow Wolf in the Taihao Secret Store.

Chapter: 1054

If what kind of thing now evokes everyone's mind the most, then only Taihao can secretly hide it.

Starting from the token in the hands of Qianjia, given to Huang Taihao, everyone learned the information one after another. First, they watched the battle between Qianjia and Molang. They were entangled in their hearts as to which side they should help in order to win the final victory. Taste the sweetness in it.

But it was a pity that they had never thought that the Patriarch of Qianjia could be killed by Mowolf overnight, and what was even more unexpected was that Qianjia would completely lose his breath in a rainy day.

Everyone thought that this battle ended with the victory of Molang, and Molang finally got the gift of Emperor Taihao, and then went to the Sea Lion Tower.

It was also from that time that there was news of the collusion between the Molang and the Sea Lion Tower, otherwise it was only purely with the strength of the Molang, how could it be possible to kill Qianjia completely without the ability to parry.

It's a pity that just when the overall situation felt settled, a man who changed the whole situation appeared.

Chen Feng didn't believe in this man either. Unfortunately, Qian Xueqiu told him this personally.

"Do you know that he is Xiaoyao Sword?" Sitting on the bench, this is the night after the dark death, Chen Feng and Qian Xueqiu who accompanied him said.

It's black to death, this is also Qianjia's mistake, but after all, they can't really be blamed on them.

However, Qian Xueqiu still came to apologize to Chen Feng.

Chen Feng didn't care. He also knew that guy's strength, if he got worse, even he could die in the opponent's hands.

But Chen Feng was still curious about the little uncle of Qianjia, so he asked.

Qian Xueqiu didn't mean to conceal anything. He shook his head and said, "I have never heard anyone say that his existence is what the Patriarch said before."

The Patriarch here naturally refers to Chihiro Art, but unfortunately he was defeated by this impossible result. If he is still alive, he might not believe that Chihiro Sword will return to the Chin Family.

Chen Feng said, "I think he should be Xiaoyao Sword. His strength is very strong. If he comes to Suzhou, no one will dare to move here."

Qian Xueqiu still shook his head and said: "He can't come, he shouldn't come. My uncle told me that he wants to come, so that Qianjia can quickly become famous in the martial arts world, but the previous shame is also wiped out. clear."

Chen Feng was a little confused. This is a good idea. Molang killed so many people in Qianjia. What happened that night caused Qianjia's face early. It will be much more inconvenient to deal with things in the future. At least many people will see it clearly. A few thousand.

Chen Feng asked: "In this way, I also think this is a very good thing to boost the reputation of Qianjia, why do you disagree?"

Qian Xueqiu grinned, as if she felt that Chen Feng shouldn't have seen the reason for it, and being despised by such a chuckle, Chen Feng also seriously thought about it.

He seemed to have thought of a possibility, but he was still not sure.

"You are afraid that his sharp edge will be revealed, provoking the hostility of the entire desert." Chen Feng said.

And since Chen Feng said this, Qian Xueqiu knew that he had indeed thought of it.

He smiled and said: "The wood show will be destroyed by the forest wind. What Qianjia is worried about is not the desert, but the entire Central Plains."

His words made Chen Feng feel even more that he really couldn't use this card on Gift Emperor Taihao. If they surrendered the treasure this time to Qianjia, this time it might be because of the power of Qianxun Sword, then next time, Should they continue to look at Qianxunjian's face, after two or three times, who else would think that being with Qianjia would be a wise choice?

Therefore, what Qianjia wants to do is not to do it overnight, but to lay a solid foundation.

Chen Feng still said with some regret: "But I thought I could still see this character, but now it seems that I don't have a chance."

Qian Xueqiu said, "If you really want to see your uncle, you can return to Qianjia with me after this trip to Suzhou is over, but as for whether your uncle will welcome you, I don't know."

Qian Xueqiu smiled bitterly. For such a master, he actually has to always maintain his position. Even if he is the Patriarch of the Thousand Family, to Qianxun Jian, he is only a junior of the Thousand Family.

Chen Feng also gave a wry smile. Although he yearned for it, he was still a little uneasy when he really asked him to meet a peerless master who has been famous for a long time.

Maybe this may be the tension of star chasing.

He thought, there was another thing in his mind that he had always been curious about. He asked, "You asked Xiu Niang to find that one, what did you think, why did that one really follow me? Is it true? Is it just because of family affection?"

Qian Xueqiu looked at Chen Feng. He didn't want to tell this story. There were some Mixins from the Qianjia family involved. Even if it was a close comrade like Chen Feng, he still had to keep some.

He smiled and said, "It may be family affection."

From his smile, Chen Feng immediately understood that he was struggling, and Chen Feng was fascinated and didn't say anything.

Seeing that the time is late, Qian Xueqiu originally wanted to say sorry to Chen Feng, but as he chatted, he even forgot the time.

Before leaving, Qian Xueqiu still said, "Since that person is Mowolf, when I start to move Mowolf, there will always be a chance to take revenge."

Chen Feng nodded, but he was not for revenge, but because of Qing Zhi, but he didn't say anything, just watched Qian Xueqiu get into the car.

Under the sunset, his shadow was pulled very long, and fell directly in front of a graceful girl in the distance.

Chen Feng knew each other and walked over slowly. The girl watched Chen Feng coming, and she was relatively close to Chen Feng.

When the two met, the setting sun didn't give them any light at all. It was completely submerged in the darkness, but the faint glow was still on the horizon, but it should disappear soon.

The street lights on the roadside are far away from them. In the park here, they are just small lights with a faint light on the ground.

Chen Feng asked, "Why didn't you go back, it's already dangerous here?"

Xiaodie looked at Chen Feng, she wanted to go back, but after thinking about it for a long time, she didn't even know where she was going.

She has money, but she doesn't know how to spend it, worrying that she has no direction in life.

Perhaps in the eyes of those poor people, this is a hypocritical illness, but Xiaodie does feel empty.

She did not want to return to her cold home.

She whispered, "Can't you take me with you?"

Chen Feng already knew that the Molang man knew about Xiaodie's existence, and didn't catch her for the first time, probably because it was not necessary yet.

Chapter: 1055

But this is enough to remind Chen Feng that it is a danger for Xiaodie to stay here, and it is also a threat at the same time.

He shook his head and said, "You can't follow me, it's dangerous."

Xiaodie begged, "Can't you protect me? I have given you my most precious thing, and I just want to be with you."

Chen Feng looked at Xiaodie's pitiful expression. He didn't know that Xiaodie had given him something so important, but he couldn't make any promises. He wanted to tell her that you can stay, but he also knows this. After speaking, it will be more difficult to let Xiaodie leave.

And if he does stay, he can't guarantee that he can protect her.

Helpless, he could only reluctantly shake his head and said, "I know I'm sorry, but they will use you to deal with you, and even kill you. I can't see this happen, so you must leave."

Xiaodie cried, crying silently, tears falling from her eyes, hanging on the clothes and the ground along her cheeks like a curtain.

Chen Feng wanted to reach out and wipe away the tears on her face and wipe away her tears, but he didn't dare, because he couldn't help but say not to leave.

In the end, only the back was left in Chen Feng's eyes. The slender back was also uncomfortable.

When Xiaodie left, Chen Feng felt that something was missing, as if he had completely lost something from the bottom of his heart.

However, all he can do is to clean up his mood, so that the upcoming Taihao Secret Collection can end better.

And before he had forgotten Xiaodie's departure, the opening of Taihao's secret storage was about to begin.

Qian Xueqiu had already notified Chen Feng early in the morning to prepare him.

In fact, there doesn't seem to be anything that needs to be prepared. Chen Feng just brought himself in.

There were no fewer than a hundred luxury cars parked outside of a manor outside Suzhou, just looking at them. Many of them were limited edition cars, Rolls Royce, Bentley, Hummer, and the same for these foreign companies. It's not uncommon here.

If someone sees this amazing scene, they will naturally wonder what happened here and why there are so many luxury cars.

Maybe they are only thinking of gatherings for the rich.

Because Chen Feng was in the Qianjia team, he just sat on his extended Hummer with Qian Xueqiu. The interior was really spacious. Chen Feng wondered if he could get one after he went back.

"I originally thought Qianjia would be very downhearted, but I didn't expect you to take out a Hummer in such a simple way. It seems that Qianjia's wealth has not diminished at all." Chen Feng sat next to Qian Xueqiu, and he sighed. .

Qian Xueqiu said: "Those companies on the bright side have indeed been acquired in large numbers because of the impact. They are now in the hands of some unidentified foreign capitalists. I think they are just tools used by Molang to cover up. But without proper means, there is nothing we can do."

Chen Feng said, "You are telling me that Qianjia actually has other means of collecting money?"

Qian Xueqiu smiled and said: "Cunning Rabbit Three Caves, not to mention the thousands of such a large family, our overseas investment can be equally large, it is the gold mine in North Africa, I have three of them."

Chen Feng looked at Qian Xueqiu in surprise, and he hurriedly said, "If I want to be a shareholder, what can I do?"

This is a huge business opportunity. Chen Feng wants to come. Since Qian Xueqiu told him, he must be thinking that he can also get a share of the pie, but this matter must have a price.

Qian Xueqiu smiled and said, "Looking at you like this, I don't even need to say anything to seduce you. You will take the bait yourself."

Chen Feng also laughed and said, "You can't blame me, you bait is so fragrant. The benefits of the three gold mines, if they return to China to make gold products, then the profits must be doubled. ."

Chen Feng wouldn't let it go for nothing.

Qian Xueqiu said, "If you buy shares, you only need to promise me one condition."

Chen Feng asked, "What are the conditions?"

Qian Xueqiu said: "I will enter the Taihao Secret Treasure with you, and all you have to do is to ensure my safety with all your strength."

Chen Feng looked at him suspiciously, and asked, "You want to go in too? How is this possible, you don't even know how to martial arts."

However, Qian Xueqiu's expression was very firm. It seemed that no one could violate this decision. He said: "Mowolf has been asking me for trouble three and four times. If Uncle Qian gets inside, they will definitely not let it go. My chance. So I must also go in.

It's just that I didn't think so much about coming to Suzhou this time. I thought Molang was scared, but I didn't expect that their tenacity was so great that they could even mobilize so many people here. "

Chen Feng also immediately thought about it, but even so, he still felt very unreliable about Qian Xueqiu's entry into the Taihao Secret Store.

Although he has never entered the Taihao Secret Hidden, his eyes were completely blackened, but the words that came out, and the attitude of everyone towards it, it is not difficult to see the dangers inside, otherwise it would not be possible for those who enter it. Must limit the strength to exceed the peak of Huajin.

Chen Feng said: "I still don't approve of you entering inside. Even if I can do my best to protect you, there may be more unforeseen traps in it, and even I may not be able to retreat completely. , How can I worry about you."

Qian Xueqiu smiled bitterly, and said, "Otherwise, how could I take out three gold mines to attract you? I know the danger, but staying outside, the guy who is secretly planning, he will definitely not let me go.

I have a feeling that the person who made the decision in Mowolf now seems to be a different person. He is more resilient and more cunning, so his previous failure may just numb me. "

Chen Feng believes in Qian Xueqiu's mind, and has almost reached the point where he can't doubt it, because this is a fact that has been proven time and time again in a difficult situation. Since he said that he would deal with him, there is nothing impossible.

Chen Feng thought for a while, and said: "If you really feel that the danger outside is greater than the danger of entering it, then I can only accompany you to gamble. As for whether you and I can come out alive, this It depends on God's will."

Qian Xueqiu also gave a wry smile, but he was also helpless. If it weren't for the fact that he couldn't be outside by himself, he would naturally be reluctant to get inside.

Chapter: 1056

At the scene, there was a lot of traffic, and even the front could no longer enter. Qian Xueqiu's car just stopped on the road.

Several people got out of the car and walked towards the gate, but suddenly someone approached, and the Qian family became nervous, thinking that they were going to be disadvantageous to Qian Xueqiu.

Qian Xueqiu was guarded in the middle and looked towards the man. He wore a hood, bowed his head, and couldn't see his face, but Qian Xueqiu had guessed his identity.

"Have you been waiting here?" Qian Xueqiu asked.

The man smiled and took off his hood. It was the Aji who had saved Qian Xueqiu. He said, "I have agreed with the Qian Patriarch, how could I miss the appointment?"

Although Chen Feng heard Qian Xueqiu mention this person, he never met him. Today, he saw that his face was fair, impartial, and there was a breath of awe-inspiring air in his eyes, which made people feel that he must be a loyal and chivalrous person.

Qian Xueqiu also smiled, introducing everyone around him one by one, and Aji seemed to focus more on Chen Feng in addition to looking at Chihiro Qian.

Chen Feng was also curious, and asked directly, "Have you seen me before?"

But Aji shook his head and said, "Never seen?"

Chen Feng said, "Why are you staring at me there? Is it possible that I am a little stranger?"

Chen Feng only said jokingly, but Aji replied very seriously: "I have learned to look at people's faces, so when I was curious for a while, I looked at it twice, hoping to annoy the young Chen not wanting."

Chen Feng is naturally more curious, and he is more curious about the fortune-telling theory. Although it has been passed down for a long time, it is true or false. Now there are more discussions. With a scientific perspective, he has no basis and is even attributed to superstition and heresy. This can only be criticized, but it has been the case for thousands of years. Is it possible that this is a game that has been deceived for thousands of years, and therefore some people are willing to believe that it is not that unbearable.

As for Chen Feng, it doesn't matter whether he believes it or not, but he is really curious about what his face is in Aji's eyes. I'm not that curious in my heart."

Aji smiled and said: "The universe is right, and Ziwei is right. If you say that you are rich and noble, you may not be like you."

Chen Feng froze for a while. The words were good, but he couldn't hear anything else. He naturally knew that he was rich. It was obvious that he was rich and rich. And speaking of it, there were few

people here who were not rich enough. Even if those luxury cars are sold, they can cover the living expenses of ordinary people for decades.

But even though he was a little unsatisfactory in his heart, he still thanked him with a smile.

At this time, Qian Xueqiu said, "Since Mr. Aji has already arrived, please go in with me. When it is almost time, you can enter the secret store."

Aji nodded, but Ruoruowu kept his distance, just following everyone behind him, not talking with others.

Thousands of people ignored it, but a group of seven or eight people walked towards the distant manor.

The manor is huge, built at the foot of the mountain, and the entrance seems to be here. I want to come to this manor as a place of disguise, and it can also be convenient to guard the secret hiding, for fear of being approached accidentally or intentionally.

Some people recognize Qianjialai, but the attitude is a little different. There are people who come up to say hello, but there are also people who just ignore it. If this is placed before Qianjialai has nothing to do, it may be really unimaginable.

Chen Feng looked at Qian Xueqiu's attitude curiously, but he didn't seem to take it seriously. It was just that the other thousand family members were a little bit brooding about the indifference among a few acquaintances.

But this is not a big deal after all. It is really not guilty to get angry for the faces of a few villains. Qian Xueqiu actively asked those few to calm down, so that there was no expression of murder.

But the attitude is not that simple. These families just want to get a piece of the pie, and maybe even in the last impact, they have already encircled Qianjia, so they have no face to face it.

And since the possibility of cooperation is lost, in the fight, it is not a friend, it can only be an enemy. There is absolutely no possibility of the third possibility. As an enemy, you have to do your best to trample to death. This group of people also knows well. Which makes sense.

Aji murmured a few words behind him, and Chen Feng didn't hear it, but it seemed that what he was talking about was also about the faces of these families.

When Chen Feng was also curious, someone came to greet him again, and Chen Feng recognized Wu Xingyu among the other group.

When Chen Feng looked at him, Wu Xingyu nodded slightly at Chen Feng.

Then it is natural to know that they are from the Wu family in the southwest. The Qian family and the Wu family have been good friends for generations, and there was even a marriage at one time. It was just because some things were ruined, but it did not hinder the relationship between the two families.

The middle-aged man standing at the front has a trimmed beard and a ruddy complexion. A square face with Chinese characters also looks very majestic. He also warmly greets thousands of people.

It just seemed that Qian's recent affairs were too anxious, and even Qian Xueqiu, the Patriarch, did not send an invitation to the throne, so the other party asked with some doubts, "This is the current new Patriarch of Qian's, right?"

Qian Xueqiu also nodded politely. He said, "Hello, Uncle Wu."

What Qian Xueqiu held was the gift of the younger generation, which made Wu Liuren look at Qian Xueqiu a few more times. It is indeed commendable that he can be so humble while sitting in the position of the Patriarch of the Thousand Family.

He also smiled and said, "Because there have been a lot of things recently, I didn't have the opportunity to go to the Qianjia to congratulate. When this time the event is over, the Wu family will certainly prepare a generous gift to go to Lanzhou to celebrate the succession of the Qianjia."

Qian Xueqiu also smiled, after finishing the scene, naturally he still has to talk about today's highlight.

Wu Liuren said: "This time the Taihao Secret Treasury opens, you have four more from Qianjia, and even grandmasters like Qian Lao have already come. If you want to come to Qianjia this time, you will definitely be able to harvest a lot. I still hope that Qianjia can take care of one or two. ."

Qian Xueqiu naturally agreed, but he still said slowly: "This is natural, but Uncle Wu may know about the collusion between the Sea Lion House and Molang. Entering the secret hiding this time may not be safe for us. Thing."

Wu Liuren was still a little stunned. It seemed that he was not clear about what Qian Xueqiu was saying. He said, "The Sea Lion Tower has always been independent of the martial arts world. Are those rumors you spread out?"

Qian Xueqiu shook his head and said: "We also thought that this would be a rumor, but things have developed to the present, if there is no Sea Lion Tower in it, this is really incredible."

Chapter: 1057

What he was talking about was naturally about Molang's attack on the old house of Qianjia.

Wu Liuren pondered in silence. Since even Qian Xueqiu has already confirmed this fact, he knows more than an outsider like him. He also looked a little dignified and said, "So, the Sea Lion Tower might be in secret. Being in Tibet is not good for you?"

Qian Xueqiu said: "I do have this hunch. After all, Hidden is the Sea Lion House who has been taking care of it. They know more about the possible situation inside than anyone else. If they really want to attack us, it may be very difficult to enter it this time. We are also worried about the danger."

Wu Liuren worried: "Why don't you think about giving up? If you break a few masters, it will be a big loss for Qianjia."

Wu Liuren's meaning is very simple. Wealth will never be less. If you lose a few people, it will be much more regrettable than those wealth.

However, Qian Xueqiu also has his own considerations. He said: "Although there is indeed a danger, after all, we are also carrying Uncle Qian, and if we are afraid of this, instead we are caught by the schemes of the Mowolf. They originally hoped. We can quit."

Wu Liuren was not good at persuading, but he was still a little worried. He just said, "If this is the case, you have to be more careful. It's just that the Wu family who entered this time is just a peak of transformation and may not help much."

Qian Xueqiu smiled and shook his head. He said, "Uncle Wu is polite. This incident shouldn't have affected the Wu family. This is a matter between us and Molang."

Wu Liuren didn't say much any more, but just talked about the direction of the two cooperation, and then separated, because watching the time, almost the people in the Sea Lion Tower will also come out.

The sea lion building for the reception was naturally arranged long ago, but there is still a shortage of manpower, and the entire venue looks a bit chaotic, but fortunately, these people know that today's affairs are very important and cannot be messed up, so even if they are dissatisfied, they are still pressured. In my heart.

It was the people who passed to the Sea Lion Tower quietly.

Naturally, it is not possible to receive hundreds of people indoors, so everyone sits in the courtyard outside, with a white seat for one person.

It was divided into two sides, and the aisle left in the middle allowed people to walk in and out. After a while, they were basically all seated. They were seated separately according to the numbers they received, but they were also very clear.

Not long after sitting down, a few people walked by the podium in front, all dressed in long gowns, but without braids, otherwise they thought they had come to the old society.

They looked serious, unsmiling, and seemed to regard the arrival of so many people as a very important matter.

But maybe they didn't actually think about it that way.

The first one came forward and said something about the purpose of this time, but most of them were just clichés, but just for the prosperity of the martial arts world, for this time the remnants of thousands of years left to renew the world, etc., so Everyone must work together.

The people who came were all pretending to be ghosts, and basically treated these words as nonsense, but the scene still had to be passed, and naturally it was impossible for someone to stand up and let him go and stop talking nonsense.

It had been like this for half an hour before someone came over to inform Qian Xueqiu that he could take out the gift emperor Taihao.

The opening of Taihao's secret collection needs to be bestowed on Emperor Taihao, which is also a secret that everyone knows, and Molang's purpose against Qianjia is for this thing.

As for the counterfeit that Qianjia displayed last time, many people have seen it, but the person on the stage is still curious about what it really is. Everyone focused on the group of Qianjia.

Even Chen Feng and Aji sitting aside were inevitably noticed by others.

Some people know Chen Feng, but don't know Aji, but Aji also seems to be very low-key, but it did not arouse much discussion.

Gift Emperor Taihao placed Qianxunqian's body and kept it personally. This time when he arrived, no one dared to snatch it, also because everyone was intimidated by the horror of the master.

Qianhiro Qian followed the person who came over and walked towards the top, and when he reached the stage, he handed the Emperor Taihao in his hand to the other's powerful man. The two seemed to know each other, and they nodded their heads when they met. .

The next step was the Sea Lion House appraising the gift of Emperor Taihao based on the storage instructions. The thing was naturally true. The Sea Lion House announced the result to everyone within a short period of time.

There is nothing to look forward to, and the result is dull.

But the latter thing is finally their focus. That is to open the gate of Taihao's secret hideout. Only those who are able to enter it, at least it is the peak of Huajin, so most of the people who accompanied it are gone. qualifications.

The people in the Sea Lion Tower are going to enter a group of people, and there are still about seventy or eighty people. This is not too much.

A group of people walked through the manor and walked out from the back, where a trail led to a distant cliff.

The four people in the Qian Family started to make an agreement, Qian Xun Qian, Chen Feng, Aji, and the extra Qian Xueqiu.

Following the team, there will still be people looking at them, but more strangely looking at Qian Xueqiu, this is a bit unruly, after all, Qian Xueqiu does not even have martial arts.

It's just that even the Sea Lion Tower didn't raise any questions, so what else could they say.

Qian Xueqiu seemed to have known that the Sea Lion Tower would not object to this kind of thing.

The idea of the Sea Lion Tower is also very simple. If Qian Xueqiu can be killed in the secret hiding place, and even his parents don't have to bear anything, they can openly explain that Qian Xueqiu is overwhelming.

But even so, Qian Xueqiu resolutely followed in.

Chen Feng was still a little worried, and Aji on the side was also curious, but he didn't ask too much. He just whispered to Chen Feng, who was standing next to him, "Since I join the team of the thousand families, I will also protect the owner of the thousand families. of."

Chen Feng didn't expect Aji to say that, but he glanced gratefully.

The trail finally came to an end. Under the cliff in front of him, an entrance was exposed, but it was only two or three people wide and very narrow.

The people in the Sea Lion Tower stood at the forefront. He stopped and said to everyone: "Everyone goes in one by one, and waits for a while when they get inside. When everyone is there, they will go together to open the door of secret hiding."

Everyone responded, so they walked into the narrow entrance one by one.

Chapter: 1058

Entering it, walking through a very narrow road, you suddenly open up.

As if enclosed in a cliff, it was actually a basin similar to a circular shape. When you looked up to the sky, you could see the sky, blue dotted with some white clouds.

And there are bare rock walls all around, and occasionally seeing one or two green plants, it is also a little unexpectedly happy.

A group of people gathered there, and Chen Feng and a few people from Qianjia followed. After they came in, they looked for a corner to stand there, still waiting for the last person in the Sea Lion Tower.

After a while, the other party walked in.

Except for the narrow entrance just now, I couldn't see any place to go through. When I waited, they discussed curiously, and even talked about conspiracy and fear.

Naturally, I am afraid that if the Sea Lion House has an ambush here, blows up the mountains, closes the road, and directly bury this group alive, it can be said that they are the seeds of good strength, then the Sea Lion House can even dominate the outside.

Chen Feng also had this faint feeling. He and Qian Xueqiu said, "Will the Sea Lion Tower really have this idea? It's more secretive."

However, Qian Xueqiu shook his head and said, "The Sea Lion House shouldn't do such things that are not worth the loss. Even if they want to deal with the families, they have to wait until the end of the secret trip to come, and they still need to do secretly. , Otherwise the entire army will be destroyed, I think it's impossible for people outside to doubt the Sea Lion Tower."

Chen Feng nodded: "Perhaps those people may be better, but they will not be merciful when dealing with us. We still have to be careful."

Everyone knew it too.

After the person in the Sea Lion Tower came in, he seemed to have heard this kind of remarks, but he dismissed it, and did not even refute. He just walked to the side of the rock wall, and then took out something similar to a key. To a place, insert the key in.

Everyone was watching his actions, and naturally they saw the process of inserting the key. Everyone was curious about what would happen.

There was a sound of cracking, like a boulder falling down. This sound also shocked everyone, especially those who were holding the Sea Lion House conspiracy just now. They thought that the Sea Lion House was about to do something, and they backed away in shock. Step, but also keep the whole body on guard.

But when the loud noise echoed in the valley, the huge rock wall in front of the person listed an opening, and then the whole mountain began to move, shaking like an earthquake.

Everyone was terrified, but no one explained to them.

Chen Feng was also a little horrified. After all, he had never encountered such a thing before, but he was more calm than others.

He looked at the people in the Sea Lion Tower just now. He was still there, just trying to stabilize his figure, without much panic.

Qian Xueqiu was also supporting the person next to him, and said, "That person is still there. It should be just a normal reaction."

Sure enough, the vibration came and went quickly, but in a moment, calm was restored.

Just looking at the front again, an entrance was already vacant in front of the person in the Sea Lion Tower, but the high cliff about tens of meters seemed to have been split from the middle, listing the gaps.

The people who stood firm just looked at the magical mechanism, and they were mostly shocked. Chen Feng was no different, but he saw that someone was not like that, and that was Aji.

Chen Feng just glanced at him. When he was shaking, he didn't panic at all. He just tried to calm himself. It felt like he knew that this kind of thing would happen, so he wouldn't make a fuss, but now he looks cracked. The gap is also the same expression.

Chen Feng was thinking about what kind of person this mysterious Aji was.

But it seemed that he noticed Chen Feng's eyes, turned his head, and smiled at Chen Feng. Chen Feng was a bit embarrassed like a thief caught by someone, so he had to smile back.

At this time, I heard the people in the Sea Lion Tower shouting to everyone: "From then on, I have entered the Taihao Secret Treasure. Once this door is closed, the Grand Master is also unable to open it. So if anyone wants to regret it, it is best to stand now. Come out, don't let you wait inside, the Sea Lion Tower will no longer be responsible for all the consequences."

It's like an announcement that put aside the relationship, but since the people who came here, they are naturally prepared to try something. Maybe even if they are killed, they will not hesitate. So after he finished speaking, no one stood. Come out and express yourself to give up.

The man waited for a while, confirmed it, and continued: "The Sea Lion Tower and everyone are working together to crack this secret hidden secret, aiming to find the secret that can solve the limited realm of the master for so many years. So I hope everyone All can work together."

In fact, everyone knows this sentence, but if someone really knows the secret, then he will be told, but no one knows.

The hardest thing to test is human nature, and greed is part of human nature.

But Chen Feng is more than that. His purpose in entering it is to find the ancient book "Return to the Sea". Although it is not clear what is the function of it, but even the things that Qianxun Jian and Qingzhi need, it should be its more important than breaking through the master's secret.

While thinking about it, some people have begun to walk inside one after another.

Chen Feng and the others were slightly behind. When they passed the person in the Sea Lion Tower, the other side glanced at them. Although it was a very inconspicuous glance, Chen Feng felt something.

It's just that he has already walked in.

This is a long stairway towards the bottom, and the entire bottom is dark, but with human eyes, you can't even see it with your five fingers.

But at the beginning, there was still light from outside when you walked down here.

Someone shining brightly, it should be an electronic device. After a while after being completely unable to see the route, everyone has to take out their mobile phones. Chen Feng and others are no exception. People who don't have mobile phones can only rely on their side. People.

The avenue is very wide, and there is no problem with three or four cars side by side. As for the length, the light of the mobile phone can't be seen at a glance, but it dissipates in the middle of the road.

As he was walking, suddenly there was a huge vibration behind him, and the earth trembled.

But everyone immediately understood that the door had been closed, and the previous person said that as long as the door is closed, no matter how powerful it is, it cannot be opened.

Thinking like this, only the road in front of me must go on.

But everything is still dark.

Chapter: 1059

But as the Shimen closed, beams of flames slowly lit up on both sides of the stepped road.

It seems that this is also a mechanism, but it will only be activated after the Shimen is closed.

The light of the flame should be ignited by the grease inside. Although it is very weak, it is still okay to shine on the road in front of you.

The bunches of light led directly to the deepest part of the road, and at the bottom of the road that couldn't be seen to the bottom, a majestic door could be seen faintly.

Everyone was a little overjoyed, and even rushed over if they had no scruples.

"Let's go there soon. If we get ahead of this group of people, it would be terrible."

After finishing talking, the pace of Chen Feng and the others is also a little faster, but considering Qian Xueqiu, they are just ordinary people running.

So it was quickly pulled away, but the people who looked at him finally stopped in front of the bottom door.

They were looking for a way to get in there, but only when they saw the mark on the disc above the stone gate, it was not difficult to figure out that this was a place that could only be opened with a key, and that key was given to the emperor Taihao NS.

A group of people was also a little discouraged when they realized it. They thought that they could get inside first and get the contents earlier, but now they are only blocked in front of this heavy stone gate.

The people from the Sea Lion Tower came slowly, with a faint smile on his face, as if he was laughing at these impatient guys.

But everyone here is like that, it's no big deal, they just wait for the other side to open the door.

The man glanced at it and didn't say anything. He just took out Ci Huang Taihao out of his arms, and then put the things in the circular groove on the stone gate.

It happened to be tightly closed, and the threads were not bad. He gently turned the Emperor Taihao, and the Shimen slowly began to open.

Everyone put their sights on the world inside the door, even the people in the Sea Lion Tower on the side, it seems that even further inside, they don't know what it will be like.

But right here, a figure suddenly leaped out from the back, at a very fast speed, and just jumped into the door in the blink of an eye.

Everyone was a little surprised, but they didn't see who it was just now.

At this time, I suddenly heard someone shouting: "No, he snatched Ci Huang Taihao away."

This sound was naturally the person in the Sea Lion Tower. Everyone was surprised. Some people reacted faster. They were also afraid that after the person entered, they would close the door, so they immediately sprinted into it.

Someone reacted, and those who did not react, looked at the situation and knew what to do. Before the door was fully opened, they rushed in one by one.

Several people in the Sea Lion Tower were still wondering about the robbing of Emperor Taihao.

Qianxun Qianzhao also wanted to chase him right now, but because Qian Xueqiu was beside him, he still asked, "Then what should we do now?"

Qian Xueqiu looked around, and the only people standing outside the door at this time were just a few of them and those in the Sea Lion Tower.

Qian Xueqiu shook his head and said, "We don't need to worry. Even the people in the Sea Lion Tower don't worry about anything. Face opening and closing."

Following Qian Xueqiu's sight, several people also looked at the people in the Sea Lion Tower. Although their faces were full of irritation, they did not rush in in a hurry.

Chen Feng and the others were relieved.

However, there seemed to be something wrong with Aggie. He stood up and said, "I may not be able to accompany you anymore."

Chen Feng was also taken aback. He just wanted to ask, but knew that the other party would not be able to say it. Qian Xueqiu understood it early. He said, "Mr. Aji had no obligation to accompany us. If you want to go in first, you can do it yourself. If you continue to be with us, we are welcome too."

Aji smiled and said, "It's still not going to happen. Then I'll see you inside."

After speaking, he also rushed out, very fast, Chen Feng felt that it was not even slower than the shadows just now.

"But even if you are not in a hurry, it's no way for us to stand here?" Chihiro Ken said anxiously.

Qian Xueqiu also nodded, but he still looked at the people in the Sea Lion Tower and said, "We can go over and ask them, they know more than we know."

"Is it possible? They have enmity with us?" Chen Feng questioned.

Qian Xueqiu smiled and said: "But now, the shadow that just broke in is more annoying to them than us, so if we promise to cooperate with them, they may temporarily let go of their hatred with us."

Chen Feng still didn't believe it, and Qian Xueqiu said again: "It's always okay to try. If it doesn't work, we won't be too late to go in."

Now that he said so, the few people had no choice but to follow Qian Xueqiu towards the few people in the Sea Lion Tower.

Because it was originally the place guarded by the Sea Lion Tower, they also came in the most, with six people, but now all six people are standing there, discussing what they are doing.

When they saw Chen Feng and the others, they immediately closed their mouths, fearing that they would hear what they said.

"What are you doing here?" The person who had been in the lead looked at Chen Feng and the others coldly.

Qian Xueqiu said, "It's just coming over to ask. Since everyone is part of this expedition, we naturally care about what happened?"

The few of them looked at each other and didn't seem to know how to refute Qian Xueqiu's words.

But they still said, "But even if they tell you, you still have nothing to do."

Chen Feng stood up and laughed, "But if you don't say it, how do you know that we will have no choice? That person just took away the Emperor Taihao, and you seem to be very anxious, but you don't catch up immediately. There is no reason why you can't chase it."

The man seemed to have been said to have something on his mind, and immediately said with an anxious expression: "What reason? It's just that something is lost. We are afraid of causing things, so we discuss it here."

There is no silver three hundred taels here, with such an anxious expression, it is not that everything has been said.

Qian Xueqiu said at the right moment: "Since several of you are in trouble, you might as well tell us that if you need help, we can also extend a helping hand. You don't need to repay you, just do what you should."

Listening to Qian Xueqiu's words, it really aroused their discussion, and it seemed that they were also helpless. Just discussing it, one of them said to Qian Xueqiu, "Do you really want to help us?"

Chapter: 1060

Qian Xueqiu said, "Naturally wouldn't tell lies, otherwise we wouldn't stand here?"

The man thought for a while and said, "Okay, then."

Qian Xueqiu smiled at Chen Feng and the others like a tricky trick, but it was not obvious, and the others should not be able to see the meaning.

The man continued, "But even if you want to help, we won't answer some things even if you ask them."

Qian Xueqiu still had a smile on his face. He looked indifferent and said, "Relax, we just want to help you catch that guy. As for the things you don't want to say, you don't care about us at all."

After receiving Qian Xueqiu's promise, the other people seemed to relax.

So as soon as they discussed, everyone walked inside together.

I crossed the stone gate that was not fully opened, and walked in. It was an invisible tunnel. Looking at the terrain, there seemed to be an underground cave, and some carvings and chisels were somewhat artificial.

Although it was guaranteed that they would not be asked to say anything, it did not state that they were not allowed to ask questions.

Walking on the corridor, Qian Xueqiu asked, "Since you are from the Sea Lion Tower, you should know something about the situation here, and just now, the dark shadow robbed the Emperor Taihao, so he must know that it should be useful in the back. The place of this thing. If you want to find him, then you always have to tell us where he will go, right?"

Although it was not a particularly secret question, the guy still hesitated. He looked at Qian Xueqiu, and he was reluctant to answer.

Chen Feng said, "Even if you don't tell me, we will know when we get to the place with us, and now we just know it in advance."

Maybe he felt that Chen Feng was right. After thinking about it, he said: "In fact, we were discussing this issue just now. That guy took away Ci Huang Taihao, so where he is going, it can only be One place. That is Taihao Mausoleum."

"Taihao mausoleum?"

The man nodded and said, "That's also the most mysterious place in the entire secret hideaway. Even in the records of the Sea Lion Tower, only one name is mentioned. For the others, no more words can be found."

Chen Feng asked suspiciously, "If this is the case, then how do you know that he is going to Taihao Mausoleum?"

And he hesitated again, but before Chen Feng and the others said anything, he continued: "Because that person may know what is in the mausoleum, and he also knows how to open the door of the mausoleum."

This is even more shocking than the message just now. A person who is not the Sea Lion House can know more than the Sea Lion House, and even the core secret, people start to wonder if the Sea Lion House is really guarding. Taihao is the guardian of the grave.

And the other party seemed to know Chen Feng and their surprise, and explained: "They know because they stole these records from the Sea Lion Tower."

Chen Feng really didn't expect such a tortuous thing in it. He asked: "Since you know that they stole the record, but you still let them in, haven't you thought that they would do it at this time?"

The man also shook his head and said, "This is indeed unexpected, but it's no wonder we are. It has been hundreds of years since that incident happened. Who would be wary of what happened hundreds of years ago. And there After the incident happened, the Sea Lion Tower quickly reacted, chasing and killing the opponent, which was almost annihilated, but it was a pity that the necessary information was still not recovered.

We really didn't think that the other party could hide until now, and when the secret concealment was opened, we suddenly made a move. "

It seems that there is really nothing to blame. The manpower is sometimes poor. If anything can be calculated, then there will be no such wonderful things in this world.

Qian Xueqiu persuaded some people in the angry Sea Lion House who were being questioned by Chen Feng. He said, "It's not time to care about these things. Since we already know that the other party's purpose is to sleep in Taihao Mausoleum, let's go there quickly, or wait until He took things to leave from an unknown road, and he would regret it."

But when Qian Xueqiu said this, some embarrassed expressions appeared on the other side's face.

"But the problem is that we don't know exactly where it is. As I said earlier, only his name is in the record."

Qian Xueqiu sighed solemnly, "If this is the case, there is really no way we can do it. We can only find it along the possible road. You can't even have any clues!"

Fortunately, this time, they did not shake their heads again: "There are indeed some speculations, but where they are, it can only be done by luck."

Qian Xueqiu shook his head and said, "That's okay, it's better than there are no clues at all. If the treasure inside is really taken away by the opponent, then this is God's will."

It's like comfort, but it sounds very depressed, but what Qian Xueqiu said is indeed the only way, a kind of person knows.

The bottom is very deep, the road has many forks, and sometimes there are one or two large open spaces, some beautiful stalactites are very beautiful under the light.

Compared with the outside, the temperature underneath is naturally lower, but fortunately everyone is a martial artist, and they can also withstand the cold, but Qian Xueqiu is different. He is just an ordinary person. Some are thin, and some are unavoidable for a while.

Chen Feng saw him flinching, worried that if he had frostbite before he encountered any danger, it would be very troublesome, so after thinking about it, he took off his coat directly.

Qian Xueqiu looked at Chen Feng in a daze, but immediately understood what Chen Feng meant, and did not refuse, so he took it naturally.

When he put it on his body, he was always better.

But as soon as a group of them turned the intersection, they all stopped and stood there blankly looking in front of them.

Because what was in front of them was already a corpse, a corpse that didn't seem to have been dead for a long time, he was being hung up, and his neck was buckled to death. His death was miserable.

"They got caught here!" the person in the Sea Lion Tower explained.

But even if he didn't need to explain, Chen Feng and the others could see it at a glance, but those who came in were all masters. How could it be hit by this seemingly simple mechanism? It was a bit weird.

But everyone also knows that this is something that is bound to happen, and they may encounter more similar things in the future. They don't need to be too surprised, but it also reminds them to be careful.

After bypassing the corpse, several people walked forward again.
