

# Chapter 1057

"We eat, eat and drink, and work hard!"

After dinner, the three of them returned to the company together. They had just entered the elevator here, and two women got down in a car parked on the road opposite the company.

Elma said to Siu: "Siu, isn't this construction company a partnership between your cousin Lenny and a noble son in Nancheng?"

Siu said angrily: "Lenny used to like that woman very much and was bewitched by that woman everywhere. Later, after learning that the woman was Arron's wife, Lenny fell in love with that woman's friend again!"

"So, that woman is still forming a clique?" Elma asked disdainfully.

"Didn't you see all of this?"

Siu said bitterly: "She has ganged up on your man Kraig's head, you! How many times have I asked you to come back, you just don't listen, your man Kraig was almost snatched away by Suzi's friend Dalia!"

Elma smiled coldly: "Kraig belongs to me. He was mine since I was sixteen when he fell in love with me. In this life, no woman should try to snatch Kraig away from me. That woman? She wants to do it. , It also depends on whether she has this ability!"

The morning scene suddenly appeared in Elma's mind.

When she and Kraig were about to enter my bedroom for a fight, she found that Kraig was a little absent-minded and didn't really want to get along with her for a hundred years.

At that time, Kraig received another call from Arron.

Kraig, who had taken up the thread, got up and walked out.

"Kraig, why are you going?" Elma asked.

Kraig said in a hurry: "Arron has something urgent over the past two days! I'll go there first."

Elma took Kraig's arm: "Take me with you."

"No! He and I have important matters to discuss, very urgent!" Kraig flatly refused.

Elma: "Then take me out. I will come down in the downtown area and go shopping in the mall. I haven't been to Nancheng in ten years."

Kraig agreed: "Also."

Yubi, took out a card and handed it to Elma: "Although you spend it, your husband's money is yours, and the password is your birthday."

"Have never changed?" Elma asked with a smile.

"Of course! It has never changed, nor will it change in the future." Yu Bing, Kraig kissed Elma on the forehead.

He loves this girl.

She's been in love since she was a little girl.

He watched her grow up day by day, watched her unscrupulously arrogant, but he liked it.

Kraig has this self-confidence. Under his protection, the little girl can walk sideways all her life enchanting, charming, and unreasonable.

The two set off together, Kraig drove, and Elma sat in the co-pilot.

When Kraig went out and turned left on the main road, Elma's eyes were not paying attention, and he caught a glimpse of the shrunken figure hiding behind a big tree.

Elma looked back at Kraig calmly and said nothing.

However, she knew that the woman was Suzi's friend.

Suzi's friend!

Great!

"I'm going to meet Arron for a while." Elma said to Siu.

Siu was shocked: "You...you still don't go."

"Are you afraid of him?" Elma asked disdainfully.

"Don't think that Arron has nothing to do with Mr. Shu now. That's because Mr. Shu is kind to him. Apart from Mr. Shu and his wife Suzi, Arron is a cruel wolf to others!"

Elma: "Then I want to see Arron even more."

## **Chapter 1058**

It is necessary to meet Arron.

Her Elma is Kraig's real girlfriend and the only wife in her life. She has to get everyone to recognize her.

Of course, the first thing that needs recognition is Arron.

Elma had heard Kraig talk about Arron before, but when Arron was abroad, she had no chance to see him. All she knew was that Arron was Kraig's life and death brother.

Afterwards, Elma went abroad and met with Arron without a chance.

It's cheaper than Dalia's substitute, b!tch.

I heard that Dalia often followed Kraig to the dinner of Kraig's good brothers.

Now that her true wife is back, the first person to see is of course Arron.

She had to let Arron admit her sister-in-law!

After separating from Siu, Elma went straight to the Fu Group.

It just so happened that Kraig just came out of the Fu Group, how to deal with Elder Shu, and what tricks Elder Shu would use to deal with Suzi. This is what Kraig and Arron want to discuss and deal with.

Arron refused to show his face on many things.

It wasn't because Arron was afraid of Elder Shu, and it was because of Elder Shu's face.

Rather, Arron didn't want to startle the snake.

Since Mr. Heshu can't come hard, he must be outsmart.

Therefore, Arron could not come forward, and Kraig came forward to do these things.

Not long after Kraig drove away, Elma came to the front desk of the Fu Group.

"Who are you looking for, miss?" When the front desk saw this woman in overalls, who was very arrogant, she didn't dare to underestimate it.

Elma didn't even glance at the front desk, but said, "Tell Arron to come out and see me."

The front desk was taken aback.

In Nancheng, almost no one dared to call Arron's name directly.

Of course, except for Mrs. Fu.

Sometimes, except for Shen's only little queen.

But the front desk doesn't know who this woman is.

The small receptionist said unceremoniously: "I'm sorry, miss, there is no appointment, our president will not see anyone!"

"I still need an appointment!" Elma immediately became domineering.

She grew up in lawlessness in front of Kraig.

Small front desk: "..."

The small receptionist is very kind. She is still very young, and she is a straight-hearted person who is not afraid of fear. She immediately looked at Elma with irony and sarcasm: "Auntie, are you a goddess?"

Elma: "What did you say?"

"Let me ask you, are you a fairy?" The front desk said again.

Elma: "I asked what you called me just now!"

Little receptionist: "Old aunt!"

"You die!"

Little receptionist: "Miss, I can call Yao Yaoling at any time, if you don't want to leave!"

Elma: "..."

She was mad!

Who is she!

Dignified lover of Kyoto's No. 1 powerful King Kraig! Even Arron called Kraig, brother!

"I am Arron's sister-in-law!"

Small receptionist: "I'm sorry, Miss, we don't have such an old sister-in-law, Mr. Fu."

Isn't the president no sister-in-law?

"You..."

At this moment, Arron hurriedly came out of it.

Several assistants followed.

Among them is strict and wide.

"What happened, why is it noisy here?" Christopher asked the front desk immediately.

The small receptionist immediately said respectfully and respectfully: "I'm sorry Yanzhu, a woman I don't know came here, and asked me to call Mr. Fu out when he came in, and then told me that she was Mr. Fu's sister-in-law. I asked him if he had an appointment. She said no..."

Rolling his eyes, the small front desk said unconvincingly: "The front desk is my job, how can I let others in casually!"
