

Catch Me If You Love Me

Chapter 108

change idea...

Zoey Gu sank inexplicably, looked at Shiyue blankly, and asked subconsciously.

“What does he want to do?”

Shiyue waved his hand, and the people following him directly passed him, erecting Zoey Gu who was still ignorant.

“Lu Shao said, since Miss Gu likes simple things. Then your wedding should be as early as possible. Today is perfect.”

Before Zoey Gu could react, he was taken directly to the church.

A group of people dragged her into the lounge, and immediately two young makeup artists rushed up and pushed her to the dressing table involuntarily.

Zoey Gu paled, and suddenly raised her hand to shake off the people around him!

“Do not touch me!”

She gritted her teeth, her body trembled, and she still hadn't digested it yet, Liam Lu would actually advance the wedding directly after humiliating her like that!

She gritted her face and kicked the chair away with gnashing teeth.

As soon as she stood up, Shiyue directly held her shoulders behind him.

“Miss Gu, struggling is useless. When did Lu Shao decide things easily changed?”

Zoey Gu's eyes were red, and Shiyue stared fiercely, with a clear tremor in his voice.

“I know he hates me. Is it worth it to retaliate against me in this way?”

One thing that is so sacred to marriage is that he and his beloved are the best place to go because of their feelings, not the way he uses them to avenge her!

“Miss Gu...”

Shiyue's heart suddenly felt a little sympathy.

But thinking of Liam Lu's thundering methods, he gritted his teeth cruelly.

"Lu Shao said, the best way to retaliate against you is to let you never be free. Seeing you are unhappy, he is happy."

Zoey Gu's body stiffened, and the only trace of blood on his face faded instantly.

She opened her mouth to talk, but it seemed to be stuffed with cotton, and she couldn't say a word.

Shiyue couldn't bear to look, turning his head to point not far away.

"Lu Shao ordered, use the one you picked for the wedding dress last night. As for the ring..."

After speaking, he raised his hand and threw the thing in his hand in front of Zoey Gu.

Snapped.

It is a red velvet box.

"Lu Shao said, you must like this one the most."

After finishing speaking, Shiyue dared not stop for a moment, as if there was a scourge chasing him, he turned and hurried out of the lounge.

Zoey Gu raised her eyes to look at the box, raised his hand and opened it gently.

At a glance, she was completely frozen in place like an electric shock.

It's Liam Lu's ring!

He didn't lose it, but took a lot of effort to completely humiliate her at such a moment.

Five years ago, he used this ring to tell her that she was his stupid past and she was as dirty as that ring.

And now, he is still telling her in this way. Even if she is a newly married woman, she is still very dirty!

Zoey Gu squeezed the ring tightly and pressed hard against his painful heart, tears streaming down instantly.

She closed her eyes and whispered to the makeup artist beside her before she broke down.

"You go out, I will do the rest by myself."

The two makeup artists looked at each other and realized that she was just an abandoned woman, so they threw their makeup brushes boldly, and turned around and walked out of the room.

The door closed.

Zoey Gu, who was sitting in the chair, suddenly stood up and rushed towards the door.

With a “click”, the lock was dropped!
