

# Catch Me If You Love Me Chapter 114

The five years of banned life gave her an almost fearful rejection of the dark surroundings.

When looking into the darkness in front of her, she suddenly reached out to the blogger herself and shrank into a ball instantly!

It seemed that after hearing her movement, there was a “pop” in the ear, and the surroundings suddenly lit up.

Zoey Gu subconsciously raised her hand to cover her face, and raised his eyes to look around.

It can be vaguely seen that the place in front of me is a dark room.

But it seems to be a relationship that has been vacant for a long time. The surrounding is dark and humid, the light is dim, and there is a decadent breath in the air.

But her last memory still lingered in the big truck rushing towards her.

Didn't she get hit by a car? Why is she here when she wakes up?

At this moment, there was a bang in the ear, the door beside him opened, and several tall men walked over slowly.

Several people walked to her, all squinted their eyes, looked up and down unscrupulously at her, talking without a word.

“The woman Liam Lu is fond of is indeed a bit pretty.”

“It's just too thin. I wonder if Liam Lu felt too small when he came to her?”

When the voice fell, several men suddenly laughed wildly.

Obviously hostile attitude, bad intentions!

Zoey Gu straightened her body instantly and backed away again and again.

“Who are you guys? What are you going to do to bring me here?!”

After asking, her mind suddenly rang the phone call she had received before the car accident, and she immediately responded.

“It's Anna Yun!”

She stared at the men in front of her, gritted her teeth and said, “You are her people!”

But she did not understand.

“Since Anna Yun can’t wait for me to die as soon as possible, wouldn’t it be better to kill me on the spot? You guys worked hard to get me here, what are you going to do?”

Upon hearing this, the headed man sneered.

“Miss Gu knows our young lady so well, you should be able to guess it. You took away what she cares about the most. Even if she send you on the road, she will naturally not let you go clean!”

After the man said, he raised his hand and waved at the two men behind him, and twitched the corner of his mouth.

“Have fun with her, remember to shoot the video to deal with the lady.”

In an instant, the blood on Zoey Gu’s face was lost, and the hairs all over her body stood up.

Realizing what they were going to do, she shuddered back, her back clinging to the cold wall, shaking.

“I warn you, don’t come here...”

When the words fell, the two men instantly rushed towards her, the leader grabbed her easily, and threw it to the ground.

Bang!

Her back slammed heavily on the ground, and there was a sudden pain in her chest.

But she couldn’t take care of it at all, and was about to get up with her hands embarrassed.

Before the body moved, the man in front of him jumped up instantly, jammed her neck, and tore her clothes apart with a “stab”.

“Don’t froze, buddy, I’m starting, quickly set up your camera!”

The man said, lowering his head and gnawing at her neck.

“Go away, don’t touch me, don’t touch me with your dirty hands!”

Zoey Gu struggled like crazy, his teeth fought violently, and his whole body was shaking.

This is the second time Anna Yun wants to ruin her in this way.

The last time it was alive and buried.

This time, it was rape and naked photos.

However, her life has been pushed into hell during the rape five years ago.

This time...
