

# Chapter 114 Calm Down

Tonight was not appropriate ...

But even after he took a cool shower, he still couldn't calm down.

He couldn't sleep, so he went to his study to work.

Alyssa had another dream.

She dreamed that Leon was right in front of her. She went after Leon, but after she took a few steps after him, Leon was gone ...

"Leon ..."

Alyssa shouted in panic.

Her forehead was covered with sweat. She subconsciously wiped her sweat, only to realize that her sweat was as cold as ice.

She felt cold all over her body. She reached her hand to the other side of the bed as she always did, only to find that it was colder than her cold sweat. She panicked even more and hurriedly got up from the bed and ran out barefoot. All she could see was that the light was still on in the study.

So, she hurriedly ran to the study.

Her footsteps were hurried and unsteady.

Pushing the door open, she looked up and saw Leon.

At that moment, she felt colder and Leon in front of her was like a firepit.

She rushed to Leon and hugged him.

Leon quickly embraced her. She got his response and hugged him even tighter.

"Leon, I just had a dream."

"Those were dreams. Forget about those dreams. Close your eyes and take a deep breath." Hearing Alyssa's words and feeling Alyssa's stiffness, he hugged Alyssa even tighter.

He could feel that Alyssa was scared.

Hearing Leon's words, Alyssa whispered in his ear, "Leon, I dreamed that you were gone. I dreamed that you left me."

Leon frowned. Before he could speak, he heard Alyssa's hoarse voice.

"Honey, don't leave me."

His heart softened.

He looked down at Alyssa's red eyes. Her hoarse voice was more like muffled thunder.

"Honey, say something, don't leave me."

"Call me again." Leon hugged Alyssa, "Call me one more time."

"Honey, I just had a dream. I dreamed that you left me. Can you not leave me? No matter what the reason is, don't leave me, okay?"

Leon's whole body stiffened at the sound of her low voice. She was in his arms, and he couldn't move at all.

It was the first time he felt that such a little girl had so much strength. He couldn't even move at all.

"Honey!" Her sweet voice sounded again. Leon's blood almost froze.

"En, I'm here, don't be afraid. No matter what happens, I'm here. Don't worry, no one can bully you."

Hearing his response, Alyssa finally sighed in relief. He hugged her so tightly that she could feel that he was alive. Perhaps because of this perception, Alyssa finally relaxed.

Probably because she was too tense just now, now after relaxing, her legs went weak and she slid to the ground.

Leon immediately took her in his arms. Looking at her in his arms with a pale face, he was a little distressed. He pulled Alyssa and asked softly, "What's wrong?"

Alyssa shook her head, "I just had a dream. It's good to have you by my side, honey. I'm still scared when I think about that dream. Really, I'm scared!"

"Don't be scared."

"Then you go to bed with me."

Leon could not refuse Alyssa, so he followed her to rest.

In an instant, Alyssa hugged Leon like a snake with her arms and legs.

Her body was pressed against his. Two layers of thin fabric could not separate Alyssa's beautiful body.

She kept coming closer to him as if she was cold, trying to draw warmth from his body.

"Honey ..."

Her soft tone made Leon feel like all the strength had been drained from his body.

"Alyssa, don't come any closer."

Alyssa nodded and obediently stopped moving.

But because Alyssa didn't move, Leon became restless.

He pulled Alyssa's hand, and Alyssa stepped backward.

"Alyssa, I want you."

"Honey, I want to be with you, too."

Alyssa's sweet voice rang out again.

Leon felt as if a brush was slowly brushing his heart.

Leon couldn't resist and went over to hug Alyssa. When he was about to touch Alyssa, he suddenly felt Alyssa tremble.

Alyssa felt the pain in her stomach. Something warm flowed out of her lower body. She hurriedly went to the bathroom.

Because Alyssa went to the bathroom, Leon's restless heart instantly calmed down.

Ten minutes later, Alyssa came out of the bathroom.

Her face was pale and her body trembled slightly.

"What's wrong? Are you feeling bad?" Leon took Alyssa's hand and felt her hand was cold.

Alyssa nodded in aggravation and leaned against Leon, whispering, "It hurts."

"Shall I take you to the hospital?"

"No need."

Alyssa leaned into Leon's arms and pressed her stomach, "I hope I'll be okay for my exam tomorrow. I'll be fine as long as I finish my exam."

"It will go well."

Alyssa got the affirmation and smiled at Leon, "It's good to have you. Don't you ever leave me. I feel like I can't leave you at all."

Leon smiled and hugged Alyssa, feeling warm inside.

He thought this feeling of being needed would never happen again.

After all, the little girl at the beginning had grown up.

"Honey, you have to send me to the exam tomorrow. I'll have confidence with you around."

"Of course, I'll send you."

Leon had originally planned to send her to the exam.

Alyssa nodded and rested in Leon's arms. When Leon was about to say more, he suddenly felt something heavy on his chest. He looked down and found that Alyssa had actually fallen asleep. After seeing the date of her period just now, he vaguely sensed that her period was not only frequent but also irregular.

These days she had been preparing for her exam and under a lot of pressure. Probably because of this, her period was irregular again.

Now that she was asleep, he was finally relieved. When he saw Alyssa sleeping soundly, he suddenly forgot what he wanted to do earlier.

Alyssa slept soundly because Leon was with her.

Her exam the next day went very well.

When she came out after the exam, she saw that Leon's car was still there. She got into the car and smiled at Leon.

Looking at Alyssa's happy face, Leon knew that she had done well on the exam. He asked softly, "You didn't sleep well last night. Do you want to go back and get some more sleep?"

"Sure."

Alyssa nodded.

Ten minutes later.

Leon sent Alyssa home.

Alyssa went to bed, while Leon went to the office.

In the evening, Alyssa waited for Leon to come back. She spent the afternoon in bed because her stomach hurt. She was exhausted and yawned when Leon didn't come back. Finally, she couldn't help herself and fell asleep.
