

# Chapter 115 Attack

She woke up and found that Leon was not back yet.

She called Leon, but no one answered.

She went to the bathroom and came out of the room.

Seeing Alyssa come out, Wendy said, "Mrs. Hunter, you're awake. Are you hungry? Mr. Hunter just called and said he had to work late tonight. He asked me to talk to you when you wake up."

"Why didn't he call me?"

"Probably because Mr. Hunter was worried that it would affect your rest. Mrs. Hunter, you don't look well, probably because you were too tired from studying earlier. You need a good rest."

So that was what he thought.

He was worried that she didn't rest well.

Alyssa's heart warmed up.

She turned around and went to the restaurant to eat.

Because she was in a good mood, she ate a lot.

After eating, Alyssa stood at the window and watched out.

Although he had to work overtime, he would come back sooner or later.

However, at eleven o'clock in the evening, Leon still hadn't come back.

Alyssa didn't know what was going on. At that moment, her eyelids started to jump. She had a feeling that something was going to happen.

She called Leon.

No one answered the phone.

This was unusual.

Leon rarely didn't answer her call.

Why did he suddenly not answer his phone today?

Alyssa felt that something was wrong and went out to find Leon.

Half an hour later.

Hunter Group downstairs.

Alyssa soon saw Leon's car. She went upstairs and was relieved to see that Leon was busy in his office.

She was glad that he was okay. She was about to sit outside and wait for him when she suddenly saw him look up. As they looked at each other, she clearly saw the surprise and astonishment in his eyes.

Bang!

He stood up.

His chair swayed because of his haste.

A few seconds later, Leon ran out and looked at Alyssa and smiled, "Alyssa, what are you doing here?"

"I called you and you didn't answer. I didn't know why you didn't answer my calls, so of course, I had to come here. Why didn't you answer my calls?"

After hearing Alyssa's words, Leon dragged Alyssa to his phone. He then realized that his phone was dead and he had forgotten to charge it. It had been turned off at some point.

Alyssa picked up the charger next to her and handed it to Leon, "You usually look pretty meticulous. I can't believe you're so busy today that you didn't even know your phone was out of battery."

"I'm just about done. Come on, let's go home. I'll charge my phone when I get home." His voice was lower.

Alyssa had the feeling that he meant something else.

She looked up at Leon, and when she saw him looking at her, she suddenly lowered her head in embarrassment.

Leon took Alyssa down the stairs and drove away.

"My car is still here. It's not convenient for me to go out tomorrow." Alyssa sat in the passenger seat and looked at Leon, "Can you have someone bring my car back tomorrow?"

"Okay."

"Good then."

"Where are you going tomorrow?"

"I want to go see our grandpas. I'm done with my exams. And, there are a few days left before school starts. I want to see our grandpas while I still have time. This holiday is short and tiring for me. I feel like I haven't had enough rest before I have to go to school. Luckily, I don't have many classes next semester."

It was true that there weren't many classes scheduled for school. However, the real situation was different.

Because the second semester of junior year was the time to choose the future. Usually, at this time, some people started to work hard, and some people slacked off.

Those who work hard would still work hard.

Those who slacked off were still lazy.

Alyssa had planned her future long ago.

The future would not be easy for her.

She was free these days and just had time to visit their grandpas.

Leon smiled, "Do you want me to go with you?"

"I'd certainly like you to go with me if you have the time."

Alyssa felt happy. She would love to have Leon with her. That way, their relationship would get better and better.

Leon knew what Alyssa was thinking and was happy too. He said, "Then I'll go with you."

The car drove slowly forward and Leon was happy to have Alyssa by his side.

Suddenly a light flashed, and Leon and Alyssa couldn't open their eyes.

The headlights of the car in front of them kept wavering.

Soon, it forced their car to stop.

Their car stopped and the car in front of them also stopped. Then, they quickly turned off their headlights.

This way, both parties could see each other very clearly.

Alyssa shuddered slightly. The person sitting in the opposite car was none other than Mr. Nell, who had tried to kidnap her at the party last time.

What happened last time was over. She didn't expect this person to suddenly appear again.

"Alyssa, wait for me in the car."

"Okay."

Alyssa nodded. She knew she shouldn't get out of the car and make trouble now. Leon would have a way to handle it.

She should listen to Leon and stay quietly in the car at this time. Otherwise, she would only cause trouble for Leon.

Leon got out of the car, and so did Mr. Nell. They didn't even seem to talk, and a bunch of people suddenly appeared behind Mr. Nell and rushed to Leon.

Alyssa sat in the car, only to see Leon knock out a man with one punch. He moved so quickly. In an instant, he had hit another man with his other fist.

Bam!

A bodyguard in black was punched into the car door by Leon.

His body slid down the car door. Then, he let out a yell of pain.

Watching this live battle, Alyssa wasn't scared at all. She just thought Leon was too handsome. Those guys couldn't even get close to Leon.

Clap!

The car window was suddenly cracked. A hand suddenly came in. Just when Alyssa was still cheering for Leon, that hand had grabbed Alyssa's hand.

Alyssa was brought to the door of the car. The man was so strong that Alyssa was quickly dragged to the door by force. She had no choice but to open the door.

Alyssa and the bodyguard fell to the ground together. The bodyguard immediately pressed Alyssa's shoulders, but Alyssa not only did not step back, but also kept moving forward.

The bodyguard looked at Alyssa and curled the corners of his mouth. He reached out and tried to hold her shoulders back, but Alyssa's body was as agile as a snake. She quickly turned around and kicked him in the leg.

Boom!

The bodyguard immediately fell to the ground. Alyssa grabbed him by the collar and forced him to the ground, making him eat a mouthful of dirt.

Watching Alyssa's fast and aggressive action, Leon was shocked but quickly raised the corners of his mouth.

Alyssa also smiled at Leon when she saw him looking at her and smiling from afar.

Suddenly another man in a black suit lunged at her with clenched fists.

Alyssa steadily and accurately pressed his fists. Although she was no match for him in terms of strength, she made good use of her dexterity and was not stupid either. She quickly grabbed a handful of dirt on the ground and threw it at the man. The man's eyes were covered with dirt, and Alyssa immediately raised her fist and smashed it at him.
