

Chapter 116 Are You Ready

The man was slammed to the ground by Alyssa's fist. Another bodyguard in black rushed to her and slammed his fist directly at her, and she immediately stepped back.

Just as his fist was about to hit her, a pair of hands suddenly took her in his arms.

The bodyguard's fist missed. Because of inertia, his body slid forward uncontrollably.

Soon, Alyssa stood still and saw Leon behind her.

Looking at her dumbfounded look, Leon lost his previous tension instantly. He pulled her right up behind him. Just as he was about to continue, his men drove over not far away and immediately surrounded this place.

Leon pulled Alyssa to their car. Soon his men got into a fight with Mr. Nell's men.

Inside the black car.

Alyssa stared intently at the situation outside. Mr. Nell's men had been mostly controlled by Leon's men.

In a minute or two, Mr. Nell should be on his knees begging for mercy again.

Thinking about that image, Alyssa couldn't help but say, "Honey, I guess Mr. Nell will be on his knees begging for mercy again after a while. What are you going to do?"

"What do you think?"

"I don't know."

"I'll listen to you this time. You can do whatever you want."

"Why did Mr. Nell give me a hard time? I've been thinking about this before. I really can't figure it out. Do you know that?"

"Derick colluded with Bell to get the money embezzled from Hunter Group. Mr. Nell runs a logistics company. He and Bell had a lot of work together before. He was probably worried that I would make things difficult for him deliberately. Or there could be other reasons."

"But I don't think Mr. Nell is capable of that. I don't think this is that simple. Is there someone like Jacob behind him?"

"I don't know. In a few minutes, we'll ask him and find out."

Alyssa nodded. Noticing that Leon's hand was hurt, she turned around and took a Band-Aid out of her bag, and ripped it off to treat his wound.

Leon felt very awkward looking at the little girl's cute Band-Aid. He wanted to remove it, but when he thought that Alyssa had put it on him herself, he was a little reluctant.

Forget it!

He gave her a deep look, then lowered his head and smiled softly.

Alyssa peeked at Leon just in time to see the way he smiled.

He looked so good when he smiled.

"When did you learn all this? It's kinda awesome." Leon looked up just in time to see Alyssa peeking at him. He cleared his throat a little awkwardly, "Ahem! You can look at me openly, no need to peek around."

Alyssa nodded and immediately looked up at Leon.

Leon was embarrassed and lowered his head.

"It's been about three months! I've been learning taekwondo before when I was in school because I thought I was pretty weak physically. I learned this purely to strengthen my body."

"Girls should learn dance more, but you can learn taekwondo."

Alyssa smiled and asked, "Why?"

"You're different from those girls."

Different!

Alyssa felt happy.

In Leon's eyes, she was different from other girls.

"After being with me, you may have to face more dangerous situations, so are you ready?" Leon's expression was serious. He looked at Alyssa and felt somewhat sorry, "Just like today, if my people don't arrive in time, we may have to continue to fight with them."

He was not exaggerating.

In fact, he had wanted to find a chance to talk to her about it for a long time.

Before, the reason he was reluctant to take her out was to protect her.

For the sake of profit, many people had done so to him.

It was not the first time he had encountered such a thing.

Because he wanted to protect her, he was reluctant to take her out.

Alyssa smiled at Leon, "I don't think it's that dangerous! I do think I can still be physically strong with you. If they want to hurt you, they have to see if they have that ability first. You are my husband. Others can not protect you, then I will protect you."

"You're not afraid of danger? Why? Is it worth it?"

"Because I need you."

She needed Leon.

She had owed him so much before. She should make it up to him.

After spending more time with him, she felt that she didn't just want to make it up to him. She wanted to be with him.

No matter what she would face in the future, she wanted to face it with him.

"Have you thought about it?"

"Yes."

Alyssa looked at Leon, and her expression was serious, "I'm pretty good at fighting too. I need you, so I'll protect you. We're going to be together forever."

She had already made up her mind.

Looking at Alyssa's serious expression, Leon smiled. He then nodded without speaking.

Alyssa noticed that the people outside had all stopped. She smiled and said, "Look! I told you that fat guy was no match for you. Let's go ask him what he wants to do."

She finished and quickly got out of the car and walked to Mr. Nell, who saw Alyssa and immediately fell to his knees.

"Mrs. Hunter, please forgive me!" Only now did he know that Mrs. Hunter was a tough girl. He thought she was quite pretty before, not much different from an empty vase. But he just saw that this woman was also very good at fighting. Two of his bodyguards had been knocked to the ground by her.

If she had punched him, he might have been killed.

To stay alive, he couldn't afford to offend her!

Mr. Nell fell to his knees, with no dignity at all. But when he thought that he might die soon, Mr. Nell couldn't care less about his dignity. He kept kowtowing to Alyssa, "Mrs. Hunter, it's all my fault. I didn't mean to do it. I didn't want to do this. I was just worried that Mr. Hunter would retaliate against my company."

"Who told you my husband was going to retaliate against you? How come I didn't know?"

"I ... I guessed."

"Mr. Nell, I'm giving you a chance. If you don't want this chance, then your company will face bankruptcy!"

Alyssa said.

His company's bankruptcy had nothing to do with her.

Sensing Alyssa's attitude, Mr. Nell hurriedly said, "The other day, I attended an auction and saw Audrey. Audrey said ... there must be a big move after Hunter Group's top management has changed. She also told me to be careful. She said that Derick ended up like this because he offended you. She told me not to offend you. If I do offend you, the consequence ... the consequence will be terrible."

Alyssa looked at Leon.

Leon looked very calm and said softly, "Mr. Nell, I never wanted to make things difficult for you. Since this is just a misunderstanding, then let's forget about it. However, I still have to tell you, in this circle, playing rough certainly won't work. I also do not want to make a big deal out of this. I'll let it go, so you can leave now."

To be continued
