

Chapter 1165

Collin's eyes flushed suddenly: "Mom, I'm sorry, my son, I cannot let you come to my son's wedding."

Mother smiled tolerantly: "It's okay, my son, as long as you live a good life, mother will be happy."

After a pause, the mother asked again: "My son, what's the name of the hotel where you married, and where is it?"

Collin immediately said to his mother: "It's in Nancheng, called Qingshan International Hotel, which is a very famous hotel in Nancheng. Mom, your son's wedding must be the best wedding in our village. It's a pity that my mother Can't come..."

The mother's smile became stronger: "Then mother is happy too! Okay, son, mother won't tell you anymore, the phone bill is too expensive."

"Mom, take care of yourself."

After hanging up the phone, Collin stopped for a long time in the public arch telephone booth.

He was still unhappy in his heart.

Four years ago, when he was still in high school, because of his good grades, he was often joked by the villagers.

"Dashan, when you are admitted to university, have a job in the city, and marry a daughter-in-law in the city, you can't forget your mother!"

"You are, you can't forget your old lady."

“Dashan, in a village next to us, there was a college student who was admitted to the most famous university in Kyoto. Four years later, he stayed in Kyoto to work, and within a few years he found a local girlfriend in Kyoto. Get married and have children. As a result, you guess...”

“What happened?” one of them asked.

“As a result, the college students provided by his father and mother spent several years in the big city, and even his biological father didn’t even recognize him. Where did the parents go to them, the man actually told his colleagues and friends that this was him. A distant relative in my hometown.”

“You say it’s a vanity.”

“This is more than vanity!”

“This is simply unconscionable! My own father doesn’t recognize it anymore, this son is no longer a supporter!”

“This is not a son to support, but a white-eyed wolf to support!”

“Don’t let him return to this village in the future!”

Since then, the college student has never come back, and his parents have really worked hard all their lives. When they are old, they still have to help the college student to repay the loan, and a son is still in vain.

At that time, how many people complained about it?

Now, after marrying a daughter-in-law and forgetting about her mother, is it her turn to be on the top of the mountain, Collin?

Collin only felt stunned for a while.

But for the children in his wife’s belly, Collin could only persuade himself in his heart over and over again: “Collin, after you and your wife have a wedding

banquet, you immediately go back to your hometown in Northeast China, visit your old mother, and accompany her. Now, take the overall situation into consideration. Let's talk about the overall situation."

Collin was like this, gritted his teeth and came to the overall situation.

A week later, the wedding was held as scheduled.

It was really grand, Collin wore a suit, and he couldn't tell that he was a soil bun who wanted to come first.

It was his own and his wife, who was in a wheelchair and Han Zhanshan, who was in a suit and leather shoes, was extremely mismatched.

Everyone felt that this woman was too good at taking advantage of her. She broke her leg and brought the child, and she was looking for such a talented husband.

It's really outrageous.

After Collin heard such words, he said nothing. Only satisfied in my heart.

While Collin was pushing his wife dressed up in a wheelchair to toast with the guests one by one, Collin suddenly saw a figure outside the glass door of the hotel.

The figure was very haggard and very depressed.

The figure made Collin tears in his eyes: "Mom..."

Chapter 1166

Outside the luxurious hotel, Collin is a bridegroom in red.

His mother crouched and couldn't straighten her waist due to all the years of work. She supported the steps outside the hotel, looking in with a look of hope and happiness.

At that moment, Collin's heart was cut by the knife.

He suddenly felt that it was not that simple.

It's really not that simple to join a rich family.

The kind of despise, disregard, and rejection of you in the bones is deeply ingrained.

It cannot be changed.

Although he is now in front of others, the pain in his heart is much more painful than when he was poor.

The moment Collin saw his mother, his mother gave Collin a very warm and comforting smile, and then turned and left.

In fact, my mother was really happy already.

She has heard that many sons who are good at school get married in big cities, so they don't want the poor fathers and mothers of the family.

However, his son called himself personally. The son had to do this because his daughter-in-law was pregnant and did not want to hurt her. The old lady was already very satisfied.

For Collin, the second half of the wedding was a torment.

He didn't know how to get through it, whether it was a toast or other links, he was so absent-minded.

Of course the wife can see such obvious changes.

As soon as the wedding was over, the wife exploded her hair: "Collin! What's the matter with you! You fcuking had moths at my wife's wedding! You can stand it!"

Even his wife and his former son were already called his father, but at this moment, the little guy who is almost three years old is crouching at Collin, "Collin! If you don't want to be my mother's husband," If you can't be my father, just get out of here!"

Collin: "..."

The wife kept holding her son and kept k!ssing her: "Oh, son, you are so brilliant. You have become a god-assisted mother at only three years old. It's great. Son, my mother is so happy to have you in this life!"

Both the wife and stepson looked at Collin with anger.

Collin's mood was extremely low: "My mom is here."

The wife immediately yelled: "Where, where? Why didn't she come in? How many gifts did she bring to me? If she can't bring as many gifts as our family gave you, then ask him to get out!"

Seeing his wife dragging a handicapped leg and feeling so overwhelmed with superiority and so arrogant, Collin suddenly discovered that their family recruited a son-in-law, and actually thought they were at a disadvantage psychologically.

Even if their daughter is disabled.

Even if their daughter brought an illegitimate child.

Even if he Collin helps manage the factory wholeheartedly in a brand-new way, the efficiency of the factory is improved.

In the eyes of his wife's family, Collin must dig out everything he used to, including his old mother, and then pounce on his wife's family with his heart and soul. Everything is centered on his wife's home, so that he can be worthy of them. The honor given to him

At that moment, Collin turned and left.

Before leaving, he said lightly: "Get divorced! Get rid of the child! If you don't want to get rid of it, you will give birth to me and I will raise it! I won't ask your family for any more money in the future. I'm not working in Nancheng anymore."

Wife: "..."

"I finally understand why your ex-boyfriend left you, because you have a problem with your brain!" Collin is not a fuel-efficient lamp either.

Having said this, he left without hesitation.
