

Chapter 117

Since she's ignorant, she can't be blamed for being a cruel grandmother.

Thinking so, Kelly Wang said in a deep voice: "Can't you see there's someone else sitting here? Don't know or something? Why not call someone?"

Jenny frowned.

The Jing family's business was never half related to her, so she naturally didn't know her own need to greet this Mr. Xu.

However, looking across at the man who had been staring at her with a gentle smile.

In the end, she still didn't brush Kelly Wang's face too much in front of the outsiders and called out, "Xu."

"Eh, no need to be so polite, I'm a few years older than you, just call me Brother Xu or Brother Tianhong."

Xu Tianhong's smile was incomparably cordial, even with a hint of pleasantness.

Jenny couldn't help but roll her eyes in her heart.

How many years old are you?

They're all teenagers now, okay?

If she remembered correctly, this Xu Tianhong was thirty-seven or thirty-eight, about to turn forty!

These days, if you shave a beard and dye your hair, do you really think you're still 21 or 22?

But she didn't show these words, so naturally she wouldn't really follow and call Brother Xu, only faintly looking at Kelly Wang.

"I have other things to do tonight, so if you have something to say, say it now!"

Kelly Wang said in a deep voice, "What's the hurry? I asked you to come back just to have a meal, and you're in a hurry to leave before it's even on the table, like what?"

She said and turned to Xu Tianhong with a compensatory smile, "Mr. Xu, I'm sorry, this girl has been spoiled by her family since she was a child and is very headstrong, don't take offense."

Xu Tianhong immediately laughed, "Might as well do it, I like Miss Jing who is so quick to speak."

Jenny frowned, smelling a hint of something unusual from their conversation.

Just then, a delicate voice came from outside.

"Grandma, whose car is that parked outside? Do you have guests in the house today?"

As the words fell to the ground, Clara walked in from outside with Rovell Mu on her arm.

Jenny Jing's eyes went cold as soon as he saw her.

But Clara was very surprised.

"Sister! You're back!"

She said, releasing Rovell's arm and running over in a cheerful manner.

Only just running closer, I saw Xu Tianhong sitting on the couch.

"Huh? Who is this?"

As soon as Kelly Wang saw her, the smile on her face had never been confiscated.

On hearing that, he smiled and introduced, "This is Mr. Xu from Jin Merchant, he has helped the Jing family a lot over the years, just call him Brother Xu."

When Clara heard that, she smiled nicely and called out, "Brother Xu."

Xu Tianhong was busy smiling: "I've heard of Miss Jing's name for a long time, but today's sight is truly gorgeous, it's a pleasure to meet you."

He said, getting up and shaking Kyung's hand.

Looking again at Rovell Mu beside Clara, his eyes lit up.

"This must be the Mu Xiaodong family!"

Rovell nodded faintly, "Yes."

"I didn't expect to see you today, it seems like a real pleasure."

Rovell Mu subconsciously somewhat disliked this humble face pleasing, greasy man, but in the face of the Jing family, he still faintly nodded his head.

"Mr. Hsu is very kind."

Just then, Yu came out and told everyone that dinner was ready.

Moved to the dining room for dinner.

It was only then that the crowd got up and hailed the restaurant.

Jenny automatically fell last, really not wanting to be in sync with anyone here, but it was either intentional or unintentional, and Xu Tianhong also deliberately slowed his pace.

He opened his eyes and quietly took a glance at Jenny, only to find that the woman in front of him was like a high mountain and snowy mountain range, emitting a cool and dusty aura all over.

Such a temperament added a different flavor to her already exquisite face, making one just want to rip off that cool epidermis and crush it underneath her body to ravage it.

Thinking this way, Xu Tianhong's gaze couldn't help but burn a little hotter.

He smiled pleasantly, "Miss Jing doesn't usually live at Jing's house? Live alone out there?"

Jenny stared ahead, not even casting a glance at him, let alone answering his words.

She can see a little bit of the door now, this Xu Tianhong stare at her eyes is not right, and Kelly Wang suddenly called her back, ten ** is for her to prepare the Hongmen Banquet.

It's just that... hadn't she always wanted to use herself to climb up to Biden Lu?

He knew about her relationship with Biden Lu, but still introduced her to other men.

Jenny Jing frowned, wondering what kind of medicine Kelly Wang was selling.

When Xu Tianhong saw that she refused to speak to him, a fierce colour flashed across his eyes.

He was so well disguised that it only took a second for him to revert to that gentle, pleasing look.

"Miss Jing doesn't have to defend me, I'm sure you can see what your grandmother is thinking, but I'm a person who respects a woman's thoughts, and if you don't agree, no one will force you, and even if we can't be together, we can still be friends, right?"

Jenny sniffed and finally looked at him squarely in the eye.

The corners of her lips quirked, and her eyes held a faintly mocking hue.

"Since Mr. Xu knows what's going on in his heart, it's naturally best, how about we just treat today's dinner as an ordinary gathering, and no one will get in anyone's way in the future?"

Although it had long been clear that the woman in front of her didn't see herself, suddenly hearing her words still caused a touch of embarrassment to flash across Xu Tianhong's face.

He gritted his teeth and said against a stiff smile, "Miss King really won't think about it anymore? In fact, since old lady Jing can introduce me to you, naturally, I have a full understanding of me, think we are well matched, Miss Jing although the conditions are good, but these days, the top gentry's families choose wives mostly family background.

Although I, Xu Tianhong, can't compare to those people, but I can still afford to eat in Visterdem, even the Hua family Mu family has to give us three thin faces in some places, I'm afraid that we still have to ask for help, you marrying me is not a disadvantage."

Jenny laughed.

"So you think I should say yes right away?"

"Can't say yes right away, after all, I can understand Miss King's concern, girls! It's important to choose the kind of man you want to be with, and it's right to give it more thought.

I just hope that Miss King doesn't even think about it and then flatly reject it, after all, my past we all know, although there was an ex-wife, but she is dead, and I have no children with her.

But Miss Jing's past is just not that easy to get rid of, now that few people know about it, it won't cause any great harm to your reputation, but once more people know about it, does Miss Jing know what the consequences are?"

He paused, taboo to look at her for a moment, and then added: "Miss Jing, anyone can see that we are the good match, some people do not belong to you, it's better to let go."

Jenny: ".....?"

She'd seen a lot of people in her life, but this was the first time she'd seen such a brazen man.

A good match?

Your sister!

Chapter 118

And what do you mean, some people don't belong to you?

Are you referring to Mu Yan-taek or Lu Jing-shen?

She found it somewhat amusing and really didn't bother to talk to the man any longer and quickened her pace.

Xu Tianhong also picked up his pace, suddenly holding her wrist and helping her as he entered the restaurant.

"Miss King, watch your step."

Almost subconsciously, Jenny immediately pulled her hand out of her mouth and turned to stare at him.

She knew the path she took herself, she knew it well, the path from the living room to the dining room of the King family had been walked many times before she was eighteen, and she asked herself that even if she hadn't walked it for a few years, it wouldn't be so unfamiliar that she would have to wrestle with it.

Obviously, the man did it on purpose.

The intention is to create ambiguity in front of everyone and appear to be very close to each other.

Sure enough, the sound of Clara's coquettish laughter could be heard coming from the restaurant.

"Yikes! I said how we all arrived, sister and big brother Xu never arrived, so you two deliberately lagged behind, big brother Xu, my sister is gentle and humble in nature, you can't bully her."

Xu Tianhong immediately laughed, "No, no, Miss Jing is so beautiful, it's not too late for me to dote on her, how could I bully her?"

Kelly Wang looked at the scene and was clearly pleased.

She smiled and nodded in satisfaction, "It's a good thing that Mr. Xu can be right with our Jenny, come on, hurry over and sit down!"

Xu Tianhong turned to Jenny and smiled, "Jenny, let's go over."

Jenny's frown deepened.

There was a straight-up sick feeling in my stomach.

Yu Xiu Lian saw her standing still and even stood up.

"Jenny, come sit here! Sit next to Maya with me."

She looks like she's relieving her, but in reality, Clara's left side is sitting on Rovell Mu, if she goes over to sit on the right side, what does it look like?

Watching them show their love in front of her ex-girlfriend?

They don't mind, and they're disgusted!

Jenny Jing didn't say anything, stepping forward to walk directly to the bottom of Kelly Wang's head and sit down on Kevin Jing's right.

That was originally Yu Xiu Lian's spot, and she had just stood up and the spot was vacant.

Jenny Jing looked at her and smiled faintly, "Aunt Lian, you should have no problem with me sitting here with you, right?"

The smile on Yu Xiu Lian's face stiffened.

Kelly Wang immediately sank.

"Jenny! That's where the elders sit, what do you look like sitting there?"

Jenny said in a soft voice, "This used to be my mum's spot, I miss her, so I'm sitting over here for a little nostalgia, can't I?"

Kelly Wang was so angry that she turned pale.

King was also unhappy.

He, the daughter, had been like a different person since her mother had died, either sarcastic or digging at his pain every time, much to his dislike.

Let her sit next to him, then will he still have to eat this meal?

Thinking of this, Kevin Jing also lowered his tiger face and said in a deep voice, "Jenny Jing, take your seat where you belong! It's your Aunt Liam's place."

Jenny insisted, "It's my mother's place."

"You!"

Yu came out in time to round up the crowd.

"Forget it, it's just a seat, it doesn't matter, let Jenny sit if she likes, I'll sit on this side."

She said, sitting stoically at the bottom of the pile.

Seemingly giving in, the table was actually full of dissatisfied gazes glaring at Jenny, and even Xu Tianhong, who had always been very fond of Jenny, couldn't help but frown.

I've heard that this Miss Jing is capricious and arrogant, and I thought it was just a rumor before, but now it seems to be true.

Yu Xiulian is her elder no matter what, and although she's a stepmother, her attitude towards her is extremely good.

.

How could she be so ungrateful? She's a wolf and a dog!

However, no matter how much I slander in my heart, in the face of Jenny's cold, unappetizing face, Xu Tianhong still couldn't suppress the foolish desire in his heart.

Heh. Just be cocky!

He is a favorite of the tooth and clawed wildcats, and is more energetic than gentle and soft, and the more accomplished he is in taming them.

When he thought of this, he smiled, "I didn't think it was because of me that I would have to begrudge Mrs. Jing, it's okay, Jenny doesn't want to sit with me, I'll sit at the bottom of the table, Mrs. Jing should sit back down."

Yu Xiulian was a bit embarrassed at the situation, apologetic and embarrassed, and smiled at Xu Tianhong.

"Mr. Xu, I'm so sorry to make you laugh."

"No harm no foul, Miss Jing is a straightforward nature, I can see that such a girl is most heartless, I like it."

"It's good that you like it."

As if relieved, Yu Xiu Lian turned to look at Jenny Jing.

Jenny coldly listened to them discuss themselves as if they were discussing a commodity, completely disregarding their own opinions.

She laughed coldly, never expecting that Kelly Wang would actually be shameless to this extent.

What is this?

A pimp?

Or selling your granddaughter?

She could see now that Kelly Wang had probably heard some gossip from somewhere, and about felt that her relationship with Biden Lu was unstable, so this was a change of heart to find her an underling.

She dropped her eyes a little, remembering something, and smiled.

It just so happened that Kelly Wang asked her, "Jenny, I heard that Mr. Lu didn't bring you with him this time back to Kyoto?"

Jenny Jing gave a faint hmmm.

Kelly Wang laughed a bit gleefully, "I told you so! You two are simply not right for each other, and it's a good thing you're still young enough that it's not impossible to turn back in time."

Next to him, Xu Tianhong chimed in.

"Yes, yes, Miss Jing is still so young and beautiful, there are countless people who like you, so why hang yourself from a tree?"

Jenny Jing gave him a faint glance, and then looked at Kelly Wang.

"Did you hear something?"

Kelly Wang stalled.

For a moment, mockingly, "Since you know all about it, I'm not going to sell you on it. You should be clear about the meaning of this, Jenny Jing, although our Jing family is not considered to be a gentry family, we still have some face in Visterdem.

It's none of my business who you want to be with, but I won't allow this kind of destruction of other people's homes and family traditions! So it's better for you and Biden Lu to break it off, come back well and find a nice family to marry, so we can still recognize you as a part of the Jing family."

Jenny Jing looked at her, his gaze cold and mocking.

"Isn't there a man sitting here who is destroying people's families and ruining their morals? Why did you come to tell me this if you're not going to liquidate her?"

"You!"

Kelly Wang choked with anger, and beside her, Yu Xiu Lian's face instantly turned red.

"Insolent! Jenny, how do you talk?"

"Just the truth. Before you lecture someone, you first stand up straight, don't you?"

"You-!"

Seeing that there was going to be another argument, Clara even came out to round things up.

"Dad, Sis, you guys stop it, there's customers!"

It was as if everyone had just remembered that there were outsiders present, and could only angrily say no more.

Clara turned to look at Jenny Jing and gave a friendly smile.

"Sister, I know you've always had a grudge against me and my mother, we can't deny this nor do we ask for your forgiveness, but Grandma's words are for your own good, you can hurt us, but you can't let down Grandma's good intentions ah!"

Chapter 119

Jenny Jing looked at her with cold eyes, "Oh? A piece of mind?"

She smirked, "If it's a thought, why not give it to you? After all, you're her beloved granddaughter, aren't you?"

"Jenny!"

Mewtwoode snapped in anger.

Clara showed an aggrieved expression.

"Sister, you know full well that I already have brother Azawa. And Grandma's always loved you, but you're just yourself..."

"OK!"

Kelly Wang interrupted her and turned to look at Jenny, a gleam in her eyes.

"Just tell me straight, do you accept this marriage?"

Jenny looked at Xu Tianhong.

The other side was staring at him, and even after hearing those words just now, there was still no intention of backing down.

It seemed that even her relationship with Biden Lu, Kelly Wang had made a deal with him.

Heh. If there's someone who's not afraid to die, then let's make it happen.

She said quietly, "I didn't say no to that."

Kelly Wang's eyes lit up, "So you're saying yes?"

"If you want me to say yes, fine, but in the meantime, I'm moving back in."

Clara immediately frowned, "Sister, don't you always have your own place to stay?"

Jenny looked at her with a smirk.

"Didn't you guys say that Biden Lu and I aren't in a long-term relationship? In that case, I'm always going to move out."

"But you still have your own house..."

"So you don't agree? In that case, forget it!"

Jenny was saying that Kelly Wang was busy saying, "I agree with this!"

She paused and said in a deep voice, "At any rate, you are a child of the Jing family, so naturally you should marry out from the Jing family, this matter is settled, no one is allowed to have any further objections."

Although Clara was still a little depressed about Jenny Jing moving back in, she couldn't help but feel a little excited at the thought that she was going to marry someone like Xu Tianhong right away.

Not only her, but Xu Tianhong was also excited.

The woman who had obviously just been cold and stern with him unexpectedly turned around and agreed to their marriage.

Isn't that a pie in the sky feeling?

He was flushed with excitement and kept rubbing his hands constantly.

"In that case, let's set a time!"

Yu said, "Coincidentally, a friend of mine was helping her daughter with her period earlier and said it was a good day this weekend, but it's just a rush."

"No rush, isn't there still a week to go?"

King's voice was busy.

Xu Tianhong became even more excited at the news.

"It's true that it's a bit rushed to get married this weekend, but it's not entirely too late, so I'll get ready right away when I get back, and I won't begrudge you any more."

Jenny hooked his lips and smiled coldly, not speaking.

Kelly Wang smiled and said, "In that case, it's troublesome for you, the young people nowadays, there are all those who have known each other for three days to flash

marriage, counting the weekend then you all know each other for a week, it's not too hasty, as for the wedding and so on, it's not too late to make up for it later."

"Exactly." Kevin Jing chimed in, "If Mr. Xu really doesn't want to aggravate Jenny, then just prepare more bridal gifts."

As soon as I finished speaking, I received a warning glance from Yu Xiu Lian.

He immediately closed his voice and turned his head to carefully look at Jenny's face.

However, the girl who was supposed to be angry or at least show her displeasure at this point was now sipping her soup with a spoon, not at all unhappy.

It was as if what they were discussing was a different matter, completely unrelated to her.

King was not a little stunned.

Xu Tianhong smiled, "Naturally, the bride-price should be prepared, I'll start getting it when I return today, I'll never let you two down."

King smiled happily at the news as he came back to his senses.

"That's good that's good, come on come on, let's all have a toast to the happy event."

I said, and everyone raised their glasses.

Clara also smiled, "I always thought I would get married before my sister, but I didn't expect my sister to be ahead of me, I'm so happy for you, sister, I'll drink a toast to you."

Jenny Jing looked up and looked at her with a seeming smile.

But she didn't say anything, and didn't touch her glass, she drank straight from it.

Clara saw the situation, secretly left her mouth, but in the end could not suppress the pleasure in her heart, and also drank the wine.

Everyone present, only Rovell didn't raise his glass, frowning tightly.

"Jenny, have you really thought about marrying someone at this time?"

I don't know if it was just him, but he always felt like there was something wrong with it.

Xu Tianhong was a person he didn't understand, but had more or less heard of.

The man's family is good, a sort of invisible rich man, but has a complicated background and is also involved with Black to and the man, though apparently gentle and polite, is actually a vicious and vicious character, as you can tell from how his ex-wife died.

No matter how bad Jenny Jing's relationship with her family was, the Jing family shouldn't have introduced her to such a man!

But at this point, he and King were ultimately outsiders.

There are some things that I have doubts about, but it's hard to say.

It's the only way to ask a sideways question like this.

Jenny smiled at him as he put down his cup at the news.

The woman who had been drinking had a faint blush on her face, further accentuating the delicate white skin.

She tilted her head slightly, one hand to her cheek, her eyes smiling like a dainty flower.

"Little Mr. Mu cares about me so much, does he still like me!"

The air was suddenly just a little bit quieter.

Everyone present silenced, not daring to look at Jenny incredulously.

Kelly Wang frowned.

"Jenny! There's someone else here, what are you babbling about?"

Jenny pouted as if she had a little too much to drink.

"Didn't say anything! It's just that I feel that Mr. Mu has been thinking about me so many times and I'm wondering if he still has feelings for me, so I'm just asking. Rovell Mu, do you think that if I hadn't caught you and Clara in bed, we would still be together now?"

The expression on Clara's face cracked away at a visible speed.

Rovell Mu also sank down and said coldly, "Jenny, it's already in the past between us, so why bring it up at this time?"

Of the people present, only Xu Tianhong was confused.

Before Kelly Wang had only revealed to him that Jenny and Biden Lu were somewhat ambiguous, and that Biden Lu was a family man, all she was a little worried.

But it was never said that Jenny was still Rovell's girlfriend before.

He looked at Jenny somewhat blankly, then at Rovell Mu and asked, "What are you guys talking about? Mr. Mu, aren't you Miss Jing's boyfriend? How..."

Clara held back the anger in her heart and barely smiled.

"I'm sorry, but I'm feeling a little sick, so I'm going upstairs to rest."

After saying that, he stood up and hurriedly left the table.

When Rovell saw this, he even got up to chase after her as well.

"Maya, wait for me."

As he left the restaurant, he took a step, but in the end, he looked back at Jenny.

"You've always been like that, you like to treat people's good intentions like a donkey's lungs! I won't interfere in your affairs from now on, so fend for yourself."

After saying that, he left in a rage and chased after Clara.
