

Chapter 1171: I'm Your Father

In fact, it was also because of the influence from his parents that Mo Bonan stayed single until recently.

His parents had always been on good terms, talking things out nicely, always being caring and loving toward each other.

He envied it.

How could anyone not look forward to such a beautiful relationship?

However, it was exactly because he had seen such an inspiring relationship that he didn't want to start a relationship casually.

Both parties would be hurt if he did not get along well with his partner.

That was why he had put it off until now.

Fortunately, he had finally crossed paths with someone he liked.

He couldn't help but look toward Tang Luo as he thought of this.

“Hmm? What’s the matter?”

Noticing his gaze, Tang Luo gave him a confused look.

Mo Bonan smiled and couldn’t help stroking her hair when he met her watery gaze.

Tang Luo’s hair was soft but it was short, and it would have been nicer to the touch if it was long.

However, Mo Bonan didn’t say anything about it. Perhaps Tang Luo would want to have long hair someday?

No matter what she wanted to do, he would support her unconditionally.

“What are you going to do?” Tang Luo looked at Mo Bonan.

“I’ll teach them a good lesson, of course.” Mo Bonan’s lips were curled into a faint smile. “Without some pain, they wouldn’t understand what to do and what not to do.”

He didn’t like it when his parents interfered with his matters, let alone ill-willed people like Zhang Yiqi.

“I’ll do it,” Tang Luo flashed a smile.

“You’ll do it?”

“That’s right,” Tang Luo nodded. “I’d also like to see how capable I am on my own.”

She wanted to take revenge, but she just never found the opportunity.

She had too many things going on, so much so that she hadn’t been paying attention to the people who no longer occupied a spot in her life.

In fact, she would have forgotten about the Zhang family if Zhang Yiqi hadn’t made a move. After all, it wasn’t like they were important enough to bother her.

However, it seemed like Zhang Yiqi had been living too comfortably as of late.

If that was the case, she would feel sorry for them if she didn’t give them something in return!

...

“Alright,” Mo Bonan nodded. “You do it. If there’s anything I can do to help, just let me know.”

Tang Luo nodded, “I will.”

She wouldn’t bite off more than she could chew.

She wouldn’t mess around if she couldn’t handle it, but she was way stronger than she used to be, and she was capable of a lot more.

Before she could do anything, however, she received a call from Zhang Kaiwei.

“Luo? I’m your father.”

Tang Luo was stunned for a second when she heard Zhang Kaiwei’s voice.

She never thought that Zhang Kaiwei would call her personally, and at such a coincidental timing.

Could it be that... They knew what she was going to do?

Despite her suspicions, Tang Luo asked in a deep voice, “Who are you?”

Zhang Kaiwei got angry on the other end, “Didn’t I say I’m your father?”

Tang Luo responded with a sneer, and hung up the phone decisively.

Although she recognized Zhang Kaiwei’s voice, where were his manners? Was it okay to just call someone out of nowhere and speak to them in such a domineering tone?

After hanging up, she soon got another call.

Tang Luo did not answer this time.

After he called several times in a row, she finally picked up the phone.

Anxious, Zhang Kaiwei yelled, "I'm Zhang Kaiwei! I'm your father!"

Tang Luo gave a cold snort, "You're Zhang Kaiwei?"

"Yes!"

She hung up again.

Zhang Kaiwei almost got a stroke on the other end!

After getting hung up on several times, he finally learnt his lesson.

When the call was answered again, his voice was much softer.

"Luo, I have something to tell you."

Getting the feeling that she was going to hang up again, he shouted, "It's really important! It's about your happiness!"

Chapter 1172: Keeping in Touch

Something to do with her happiness?

Tang Luo froze for a moment and did not hang up on him immediately.

Noticing how she had softened, Zhang Kaiwei perked up.

He didn't dare pick a fight anymore. Instead, he spoke in a gentle manner, "Luo, come out and let's talk it over. Don't worry, I'm definitely on your side!"

His words made Tang Luo raise her eyebrows and think for a moment.

"Okay, I'll go."

She was also curious as to what Zhang Kaiwei wanted to do.

Before going over to meet him, however, she told Mo Bonan about it.

She was afraid that Zhang Kaiwei was trying to lure her out to do something bad.

After getting to know the situation, Mo Bonan was equally puzzled.

“What’s he trying to do?”

“Whatever it may be, we’ll have to go meet him to find out.”

After a discussion to make sure that nothing could possibly go wrong, Tang Luo went at the agreed time.

Zhang Kaiwei asked to meet up in a restaurant, and he even got them a small private room.

There was a strange look on his face when he saw Tang Luo coming, a look that said, “So it’s true.”

As far as he could see, Tang Luo looked exquisite and ravishing. Her beauty was a true enchantment!

Without waiting for him to speak, Tang Luo seated herself down on the chair.

“Tell me what you want.”

Zhang Kaiwei was infuriated by her nonchalant attitude.

He was her father!

As he thought of their relationship, however, he decided to keep his displeasure to himself.

He came over today for the sake of what would happen in the near future, not to quarrel with Tang Luo.

“Come, have a sip of water first.”

Zhang Kaiwei took the initiative to pour water for her.

Tang Luo looked at the cup, and did not even bother to touch it.

“Alright, be quick and tell me what you want. I have things to do.”

...

Her arrogant attitude made Zhang Kaiwei pause, but still he flashed her a smile, “We haven’t met for so many years as father and son. Why don’t you-”

“Did you come all the way here just to keep in touch with me?” Tang Luo’s lips curled into a small smile. “Stop making meaningless remarks, or I’m leaving.”

“Don’t!” Zhang Kaiwei got anxious. “Relax!”

He took a deep breath to suppress his anxiety, and smiled, “I’m trying to help you!”

“Help me?” Tang Luo didn’t understand. “What do I need your help for?”

“Of course you do!” Zhang Kaiwei quickly nodded with a strange smile. “Quit hiding it from me, I know everything already.”

Tang Luo felt a thud in her heart, but did not make it obvious.

“What do you know? How come I don’t know what you know?”

“Haha...” Zhang Kaiwei was wearing a smug smile. “I’m sure you know.”

“I don’t.” Tang Luo’s face turned really cold, and she got to her feet. “You don’t seem to want to talk properly. In that case, I’m leaving.”

Her attitude made Zhang Kaiwei anxious. He stood up and jumped on her, trying to hold her back.

Tang Luo turned around and dodged, her eyes full of disgust.

“Don’t you dare lay a finger on me. Speak if you have to.”

Zhang Kaiwei nearly fell to the side, but he managed to steady himself. He didn’t have time to mull over Tang Luo’s extraordinary moves, he just became more on edge.

“Hey! Relax!”

Tang Luo shot a deep look at him, "I will leave right now if you don't get straight to the point."

Knowing that she was telling the truth, Zhang Kaiwei finally got serious and nodded, "I was talking about you and Mo Bonan!"

Tang Luo had seen it coming.

"What do you know?"

Chapter 1173: Getting Help

In fact, it wasn't a surprise that Zhang Kaiwei knew about it. After all, if Zhang Yiqi was aware of it, it was only natural for him to know too.

Tang Luo just found it strange that Zhang Yiqi had spilled the tea for real.

"Who told you anything about it?" Tang Luo asked with a flat expression.

Zhang Kaiwei couldn't help but cower for a moment when he met her gaze.

He had a feeling that his son was way different from before. He had been timid before, but he was a lot more confident now.

Maybe that was the reason Mo Bonan fell for him!

He didn't expect that Mo Bonan would turn out to like men. It was no wonder that he turned down Zhang Yiqi, even though she was obsessed with him!

So that was the reason.

It didn't matter anyway, Mo Bonan still fell for his child at the end of the day!

Zhang Kaiwei was beaming as he thought of that.

"I learnt about it myself," he said, smiling.

"Oh."

Zhang Kaiwei was slightly taken aback by Tang Luo's indifferent remark, then he became anxious again.

"Hey, child, don't get all la-di-da just because Mo Bonan likes you! This is not okay!"

He quickly got to the point, "You have no idea how happy I was when I found out about this!"

Tang Luo interrupted his excitement, "What has it got to do with you? Who are you?"

“I’m your father!” Zhang Kaiwei was agitated. “I’m your father!”

Tang Luo gave a snort and laughed, not bothering to hide her contempt. “Who said so? Do you have proof?”

Zhang Kaiwei froze, “Hey you-”

“Please do not try to curry favor with me, thanks!” Tang Luo flashed him a lopsided smile.

Zhang Kaiwei flinched a little, but did not carry on with the awkward subject. Instead, he spoke in a solemn manner, “I know you’ve been blaming me, but I came here this time for your happiness!”

Tang Luo looked him up and down, wondering where he got all this courage from. What made him think that he was in the right place to talk about her happiness?

She hadn’t seen him for ages, and now he turned up out of nowhere to speak about her happiness?

How absurd and ludicrous!

“Oh? Is that so?”

“Of course!”

“I’m happy now, so I don’t need your concern.”

“Hey kid! You’re still too young!” He shook his head and lamented, “It’s great that you can be with Mo Bonan. However, temporary pleasure is different from happiness in the long run!”

He spoke so seriously, as if he was really looking out for her.

“Oh? How so?”

Tang Luo sat back down again, seeming to be curious.

She was trying to see just how much more Zhang Kaiwei had to say.

As far as Zhang Kaiwei could see, however, he thought that it hit Tang Luo right on the spot, and he got even more excited.

“You and Mo Bonan are both guys, aren’t you?”

Tang Luo raised her eyebrows and did not answer.

Zhang Kaiwei didn’t need her answer anyway, continuing, “You may be on good terms now, but you’ve got to think for the future!”

“For the future?”

“Yes! I know you’re getting along fine now, but what about in a few years’ time? What’s gonna happen when it’s time for him to have kids?”

Having kids?

Tang Luo blushed a little, but she quickly managed to readjust herself. With an unruffled expression, she asked, “What do you think?”

“You are a boy, sure enough you can’t give birth to children. But you can get someone else to help!”

Tang Luo’s face fell. In an icy voice, she questioned, “Get someone to help? Who?”

Zhang Kaiwei was all excited, so he did not notice her reaction. He put his hands together, “Qiqi, of course!”

Chapter 1174: How to Make Up For It?

Zhang Yiqi?

Tang Luo couldn’t help but laugh. She couldn’t believe he actually said that! She almost wanted to applaud him!

He was simply a genius, wasn't he?! The boldness and creativity that he had!

Zhang Kaiwei prattled on, "You don't have the means to get children of your own, but the Mos aren't a family that can do without offspring. You'll get into conflicts because of this in the near future, so why don't you start thinking about it now? Qiqi is your sister, I'm sure she'll help you! I..."

His words just kept getting more and more ridiculous as far as Tang Luo was concerned.

She didn't even have the energy left to get angry.

People like him had no regard for anything but their own personal interests.

She was just amazed by how he had been brought up to be so thick-skinned!

"So, this is why you came looking for me today?" Tang Luo interrupted him with a look of indifference.

"Is that not important enough?" Zhang Kaiwei was taken aback. "This is a very serious matter!"

He was a man, so he understood how other men thought.

It might seem all harmonious now, but when problems came up afterward, it would be a whole different story.

Moreover, Tang Luo was a boy. He would encounter even more problems afterward.

It would have been easier if she was a girl, but who could have decided on that?

“It’s important to you, not to me.” Tang Luo shot him a nonchalant glance. “I can deal with my own matters.”

“Why won’t you listen to me?!” Zhang Kaiwei was all worked-up. “I told you, Qiqi is your sister! She will never harm you!”

“She will never harm me? Are you sure?” Tang Luo chuckled. “How can she help me then?”

“She can help you in many ways!” Zhang Kaiwei tried to justify. “She can help you get a child, and you can raise the child on your own. Then you wouldn’t have to worry about having children anymore!”

“Yeah, then you can steal the Mo family’s assets in the name of the child and get rid of me along the way, and Zhang Yiqi can take my place. Is that correct?”

Zhang Kaiwei stiffened for a second, looking somewhat mortified.

“What nonsense are you talking about, child?! How could we do that! We’re doing this for your own good!

“You are still too young to understand what the future holds, so I don’t blame you, but we’re all on your side!”

As she listened to his flawed, insincere theories, Tang Luo felt really bad for her mother.

If her mother was still alive, she would be furious to see how Zhang Kaiwei was behaving!

Tang Luo was overwhelmed with her own thoughts as Zhang Kaiwei droned on.

“I know I’ve let you down all these years, but I’ve always wanted to find a chance to make it up to you!”

Toward the end, Zhang Kaiwei tried to win her over by acting all sentimental.

“Oh? Make it up to me?” Tang Luo interrupted shrewdly. “How are you planning to make up for it?”

Her question threw Zhang Kaiwei off guard.

How was he planning to make it up to her? It was just an empty promise!

However, that clearly wasn’t an answer he could brush Tang Luo off with! She was staring at him with intent in her eyes.

“I...”

“I knew you didn’t mean it,” Tang Luo snorted. “Since you’re all talk and no action, you should just shut your mouth, alright?”

“What do you mean all talk and no action!” Zhang Kaiwei got agitated. “I was going to make it up to you!”

“Oh? Tell me then, how were you planning to do that?” Tang Luo wrapped her arms around her chest. “I have an idea, how about we calculate the alimony you owe me for the past ten years?”

Chapter 1175: Only 10 Million

Zhang Kaiwei never gave Tang Luo a penny in the last 10 years.

When Tang Luo was young, it was her mother who raised her.

As for Zhang Kaiwei, he had run away and pretended he didn’t have this child.

Now, he suddenly said he wanted to give compensation to her. If Tang Luo did not make him pay, then she’d have really wasted her growth.

If it was before, maybe she would still be a little noble and not willing to get involved with Zhang Kaiwei or accept his money.

In the old days, she thought that if she accepted Zhang Kaiwei's money, she would be doing her mother a disservice.

Now, however, her mindset had changed.

She'd be sorry to her mom if she did not take Zhang Kaiwei's money!

Zhang Kaiwei never cared about her, nor did anything at all for her; he just left. Now he wanted a son for nothing! Yeah, right!

He never made any contributions, yet he still wanted to get the benefits.

How dare he?!

Of course, even if Tang Luo got compensation from him, that did not mean that things were resolved.

Money was money, feelings were feelings, and the two could not be mixed together.

Therefore, Tang Luo was determined.

Looking at Tang Luo's serious expression, Zhang Kaiwei was a little flustered. How could this child suddenly ask for money?

“Aren’t you... Having a good time in the Zhang family?”

He was a little sheepish.

“I’m living a good life.” Tang Luo did not deny it. “But what does this have to do with you giving me money? Aren’t you my father? You haven’t spent half a cent on me, so how dare you?”

Zhang Kaiwei was not in a good mood, but he did not dare to lose his temper.

“But you have grown up...”

“I am living well in the Mo family, but you also said that if I do not think about the future, sooner or later I will be dumped. If our status is not equal, won’t they look down on me even more by then?”

Tang Luo kept going, “If my Auntie and Uncle knew about me and Brother Bonan, they would definitely be angry. They might even have to check all the contributions I’ve made over the years! What can I do? When the time comes, never mind staying in the Mo family, I could get kicked out!”

These words silenced Zhang Kaiwei.

That... It did make sense.

If the Mo family couple knew Tang Luo and their son were together, they would definitely be very angry.

When people got angry, there was no telling what they would do.

So, for the sake of long-term benefits, he really should show a little sincerity.

“Don’t tell me that you can’t spare all these!” Tang Luo laughed, “You have the nerve to want a harvest without paying anything? Ha!”

After saying that, she stood up with a contemptuous face, “Since you are not willing to give anything, forget it.”

“Don’t go!” Zhang Kaiwei was immediately anxious. “I did not say I won’t give!”

He was just very cheap.

“Will you really give?” Tang Luo’s footsteps stopped. “How much do you want to give?”

“How much do you want for this...”

After Zhang Kaiwei asked, he felt bad.

Sure enough, Tang Luo revealed a smile.

“According to your consumption level, after ten years, it’s at least 10 million.”

“Ten million?!”

Zhang Kaiwei drew in a breath.

This was too much!

Ten million! Where did she get the nerve to ask for so much?!

Tang Luo was very calm, “Ten million is a small amount for you, right?”

Zhang Kaiwei’s face was twisted, “Ten million is too much!”

Even his two kids combined didn’t cost this much money!

Chapter 1176: Giving Money

Tang Luo shrugged her shoulders, “Is it a lot? I don’t think it’s a lot.”

Without waiting for Zhang Kaiwei to speak, she continued, “This is what I deserve for more than ten years. Besides, this is also partially a psychological compensation for me.”

That was more than a decade of reparations!

“And you hurt my mother so much. If it weren’t for you, she wouldn’t have died so early.”

While mentioning her mother, Tang Luo’s expression also cooled down.

Zhang Kaiwei couldn’t help but avert his eyes, not daring to meet her gaze.

He knew he owed Tang Zhen. Too bad she was just an orphan girl without family support...

His reaction made Tang Luo chuckle inside.

“So, if you don’t have such sincerity, don’t say these words to me.”

She looked at the time, “Think about it. If you agree, we can still have the next step of the conversation. If not, don’t come to me in the future, I don’t want to be disgusted!”

Zhang Kaiwei’s face was twisted.

How could this damn boy go so far?!

However, the expression on Tang Luo’s face made him not dare to say anything more.

He did feel sheepish.

“Little Luo, you are my child, and I love you very much...”

“Enough. Instead of talking so much, why don’t you just give me money. Don’t just talk about love,” Tang Luo interrupted him. “Even if you have a pet, you have to treat it well. If you are not willing to give money, how do you talk about love?”

“If... If I give you money, are you willing to let Qiqi help you?” Zhang Kaiwei asked.

Tang Luo chuckled to herself, “You give the money first.”

What nonsense, to talk to her without money!

“But, as you said, men can’t have children. That’s a problem.”

Tang Luo rubbed her chin with a thoughtful look.

These words managed to cheer up Zhang Kaiwei.

Yes, he was softening up!

That was right!

A man couldn't have a baby! It must be a woman who should give birth!

Who knew what would happen if they asked an outside woman to be a surrogate? It was much better to ask for help from one's own family!

Also, what he did before was really wrong.

Now that he had made amends, Tang Luo would give him a chance to continue to get closer to him!

Thinking of this, Zhang Kaiwei gritted his teeth and nodded his head, "Okay, I'll give the money! But you have to promise to let Qiqi help you!"

Tang Luo looked at Zhang Kaiwei, who had a greedy face, and was sad in her heart.

He was stupid and evil. How could her mother have been so blind?

"You give me the money first," she said seriously. "Once the money is in place, we can proceed to the next step of the conversation."

"You promise first!"

"I can't promise anything." Tang Luo glanced at him, "I just want the money, so are you going to give it or not?"

He was such scum, he was simply disgusting!

Zhang Kaiwei hesitated for a while, but still could not resist the greed in his heart, and finally nodded, "OK, I'll give you the money!"

After saying that, he also added, "This is also the compensation for my absence all these years."

The corner of Tang Luo's mouth twitched and she didn't say anything.

"But... I'll give it to you tomorrow?" He was a little embarrassed. "I have to find the money first."

Such a large sum of money was not something he could get together instantly.

"It's okay," Tang Luo nodded. "When the money is in place, we can talk about the next step."

Zhang Kaiwei took this statement as her guarantee and immediately gained more confidence.

However, after he paid the money to Tang Luo the next day, he hadn't even asked her out to discuss it, as there was suddenly a problem with the company.

A food company owned by him was exposed as having food safety problems!

Chapter 1177: It's All Your Fault

Zhang Kaiwei owned a few companies. Although he was not a mogul, he was considered a rich boss.

However, the Zhang family was now in the hands of his elder brother, and the shares in his hands were not much, so he did not have enough liquidity.

This time, he had a hard time giving 10 million to Tang Luo.

Unexpectedly, immediately after this, his food company had a problem!

What went wrong was with the juice company, and this time it was suddenly revealed that the fruits the company used to make juice were rotten!

In order to cover up the taste, many additives were added to the product.

He didn't know which journalist did it, but the matter was exposed!

This matter exploded on the Internet.

If the matter was not exposed, it could still be covered up.

This time, however, the reporter put the secret photographs he took undercover directly online. With all the online coverage, things suddenly became even bigger.

In just two days, things had grown into an uncontrollable situation.

All sorts of agencies came to the door, and journalists did not stop bothering him...

Things were getting more and more troublesome, and Zhang Kaiwei was extremely anxious.

In this situation, he could only go to Tang Luo for help.

After all, Tang Luo was his son!

Moreover, he had also given Tang Luo 10 million yuan!

If he hadn't given the 10 million, he wouldn't have had such a headache, and things would have been better after giving multiple bribes.

Now, with the money being given out, he was strapped financially and it was a problem.

Moreover, the relationship between Tang Luo and Mo Bonan was not ordinary, if Mo Bonan could help, he would certainly be able to quickly solve the problem.

He didn't expect Tang Luo to not pay any attention to him; he just hung up the phone!

This made him stunned!

Tang Luo was so quick to burn the bridge?

When Zhang Kaiwei gave the money before, he had actually mental prepared himself to gamble.

He knew that Tang Luo was very repulsed and annoyed by him. However, he still chose to gamble!

He gambled on Tang Luo's feelings for him.

They were father and son, after all, so there would be some feelings!

After the money was given, the relationship would be better, and it would be much easier to do something afterward.

Of course, he also thought about the possibility of Tang Luo turning his back on him, but he didn't think about this idea deeply.

In his opinion, as long as he did not think about it, those things would not happen.

But it really happened! Tang Luo really shut him out!

In barely a few hours, he also found that he could no longer find Tang Luo! If he couldn't even find Tang Luo, he couldn't make any progress in the next step.

This time, he was about to go crazy.

When Zhang Kaiwei was anxious and angry, his mood was naturally not good.

Since his mood was bad, the atmosphere at home had also changed, and everyone was careful to avoid him.

When Zhang Yiqi came back, she was surprised to find such a big change in the family.

"What's going on?" she asked with a frown. "Isn't the company fine?"

"How do you have the nerve to say that!"

Zhang Kaiwei became angry right away, pointing at her and scolding her angrily.

Zhang Yiqi was immediately confused, "What does it have to do with me?"

She went out for several days and did nothing, and as soon as she came back there was a problem. What did it have to do with her?

Zhang Kaiwei, however, found a person to vent at and pointed his finger at Zhang Yiqi.

“If it wasn’t for you, how could it be like this now!”

Zhang Yiqi was confused, “Because of me?”

“Yes, because of you!” Zhang Kaiwei was righteous. “It’s all your fault!”

Zhang Yiqi was also angry.

“What did I do? How am I responsible?”

Chapter 1178: Why Didn’t You Say So Earlier?

The more Zhang Kaiwei talked, the angrier he became.

“If I hadn’t seen the photos you took, things wouldn’t have turned out like this!”

“Photos?” Zhang Yiqi froze. “What photos?”

“The photos of Tang Luo and Mo Bonan together!”

Zhang Yiqi frowned, "Who told you to look at my mail?"

"I'm your father! Why can't I?!"

Zhang Kaiwei glared angrily, acting very authoritative.

Zhang Yiqi took a deep breath and did not scold him, "So you saw the photos, then what?"

She didn't understand what Zhang Kaiwei really meant.

"I saw the photos and knew that Tang Luo and Mo Bonan were together, so I wanted to help you!"

"Help me?"

"Yes! I went to see Tang Luo afterward and he admitted that he and Mo Bonan are indeed a couple."

"He really admitted it?" Zhang Yiqi's eyes went wide.

She really didn't expect that Tang Luo would dare to be so frank!

She thought that Tang Luo would only admit it if he was forced to do so.

After all, how could Tang Luo dare to admit such feelings that could not be made public?

If he had admitted it, Mo Bonan's parents would have been furious!

"Yes, he admitted it," Zhang Kaiwei nodded.

"And then what? What did you do?" Zhang Yiqi didn't lose her head and asked after him.

"Isn't he with Mo Bonan? He is a guy, so he will definitely not be able to have children in the future, so I thought..."

Zhang Yiqi's eyes grew wide and she had a sense of foreboding.

"What does this have to do with me?"

"Don't you like Mo Bonan? Now is a good opportunity!"

Zhang Kaiwei was justified. "He can't have a baby, but you can! As long as you have Mo Bonan's baby, you'll have a chance to win his heart afterward!"

Zhang Yiqi was stunned. She couldn't have heard wrong, could she?

“Who said I’m going to have Mo Bonan’s baby?!”

“Don’t you like him?” Zhang Kaiwei looked at her angrily. “I’m creating opportunities for you now! Once you have the baby, everything in the Mo family will be yours!”

What a great opportunity this is!

It was because of this thought that he reconciled with Tang Luo.

To reconcile with Tang Luo, he had to give money.

Now that the money was given and the person ran away and made such a mess, how could he not be angry?

“You’re crazy!” Zhang Yiqi, however, stomped her feet in anger. “Who wants to have his baby?! I used to like him, but that was a long time ago!”

“You don’t like Mo Bonan anymore?” Zhang Kaiwei froze for a moment.

“I stopped liking him a long time ago!” Zhang Yiqi was very angry. “I already got a boyfriend a long time ago!”

“Then why did you take these pictures?”

“To get back at them, of course!” She was righteous. “I just want to make the Mo family into a mess!”

Although she didn’t like Mo Bonan anymore, it was still fun to see their suffering.

She also just liked to see Tang Luo in pain.

An illegitimate child like Tang Luo deserved to end up being disliked by millions!

She just didn’t expect that Zhang Kaiwei would make this kind of move.

If it was before, she would still have wanted to be with Mo Bonan.

Now, after meeting a better man, what was Mo Bonan worth?

“Then why didn’t you tell me earlier!”

Zhang Kaiwei was so angry that he jumped to his feet.

“How could I have said that earlier?!”

Zhang Yiqi was also speechless. How could she know that Zhang Kaiwei would suddenly make such a scene? She didn't even know!

"If you had said it earlier, it wouldn't have come to this now! What can we do now?"

Chapter 1179: I Already Have a Boyfriend

Zhang Kaiwei was angry and said to Zhang Yiqi, "I don't care, you have to fix things for me!"

Zhang Yiqi was stunned!

He messed things up himself, but wanted her to clean it up?

After all, however, this was her own father, and if something happened to the family company, she would be embarrassed to be with her boyfriend afterwards.

"Okay, I'll take care of it!"

These words surprised Zhang Kaiwei.

"You have a solution?"

"I don't, but my boyfriend does!"

Zhang Yiqi was very proud.

Zhang Kaiwei then reacted, "You have a boyfriend?"

"Yes!"

His face went grim. How old was she?! Suddenly, a boyfriend appeared? This was too much!

However, he didn't get angry immediately because he remembered what Zhang Yiqi said just now, that her boyfriend could fix this problem.

"Who is your boyfriend? Can he fix it?"

"His surname is Han. His name is Han Qin, and he is especially good!"

Zhang Yiqi raised her head very proudly, "Moreover, the Han family is much stronger than the Mo family!"

The Mo family was the mogul in G City and a powerful family locally.

However, the Han family was much stronger than the Mo family!

The Han family's industries were spread throughout the country, even in foreign countries!

Although her boyfriend was not a direct descendant of the Han family, with the Han family tree at his back, there was absolutely no problem!

"Han family?"

Zhang Kaiwei froze for a moment and began to consider the Han family.

Soon, he drew in a breath, "You're talking about the Han family of the largest energy company in the country of Hua?!"

"Yes!" Zhang Yiqi looked up proudly, "It's that Han family!"

Zhang Kaiwei's face changed again.

If it was this Han family, then it was too powerful!

This Han family was huge and involved in many industries.

Compared to the Mo family, the Han family was even more powerful!

Moreover, the Han family had many inseparable ties with other families.

Therefore, the Mo family and the Han family were not comparable.

Unexpectedly, Zhang Yiqi had gotten involved with the Han family!

Zhang Kaiwei was instantly overjoyed.

His company's problems were not minor, but with the Han family's help, it would definitely not be a problem.

Thinking of this, he immediately looked at Zhang Yiqi with appreciation and did not spare any praise, "Great! How did you meet him?"

"I met him in school." Zhang Yiqi looked up proudly. "He's my senior."

Previously, Zhang Yiqi didn't do well in her college entrance exams because she was thrown into the water by Xia Xibei and got sick afterwards.

She didn't want to go abroad, so she enrolled in a university in the next city.

Little did she know that when she arrived at the university, she would meet her Prince Charming!

Compared to Mo Bonan, he was the real prince!

Zhang Yiqi couldn't help but scoff at her previous taste. How could she consider Mo Bonan as Prince Charming?

Obviously, her boyfriend was the best!

Her boyfriend was Han Qin, a son of the Han family. He was good-looking, got good grades, and was great in every way.

Most importantly, he treated her very well too!

She was now living with Han Qin and was living a beautiful life every day.

She no longer remembered the pain of not being able to get Mo Bonan.

She was now almost like a princess.

Although Han Qin was a child of the Han family, he was not arrogant and willful at all, but quite modest.

Most importantly, he doted on her so much that he even served her meals!

With Han Qin, she experienced what it meant to live like a princess.

It was so wonderful, how could she remember Mo Bonan?!

Chapter 1180: Lost a Lot of Weight

Looking at Zhang Yiqi so sweet and proud, Zhang Kaiwei couldn't help but ask, "How far have you guys gone?"

Zhang Yiqi blushed for a moment and snapped. "Why are you asking this!"

Without waiting for Zhang Kaiwei to say anything, she continued, "If you want me to ask him for help, then you should not say anything bad!"

These words succeeded in shutting his mouth.

If Han Qin could handle this matter, then he really wouldn't say anything.

"Can he really help?"

"Of course!" Zhang Yiqi nodded. "He's a member of the Han family!"

Zhang Kaiwei also gained a little more confidence.

Yes, it was the Han family!

Thinking of this, he immediately looked at Zhang Yiqi with appreciation.

“Yes! That’s right! Why do you have to get stuck on one guy?”

Zhang Yiqi also proudly raised her head and chest, feeling full of contempt for Tang Luo.

Tang Luo had become gay now! Hah!

The dissatisfaction she had with Tang Luo before also disappeared.

Now she had a boyfriend as great as Han Qin, so she had definitely won this round.

“Well... When am I going to meet Han Qin?” Zhang Kaiwei asked again.

“Meet?”

“Of course! Haven’t you considered the future?” Zhang Kaiwei’s face was stern. “Or do you only want to be together for a short time?”

This made Zhang Yiqi's heart jump, "I do want to get married!"

"That's right!" Zhang Kaiwei said seriously. "Your relationship is going so well! Of course you have to think about the future!"

Zhang Yiqi's face turned red.

It would be great to get married to Han Qin!

A wonderful man like Han Qin was really too rare.

Moreover, Han Qin was not only good to her, but also very powerful in bed.

Although she felt a little weak after each time, the experience was really good.

Who wouldn't be happy to have a boyfriend who was so "capable?"

In her opinion, Han Qin was impeccable.

If she could get married to him, it would be even better!

“Okay, I’ll ask him to come over,” Zhang Yiqi made the decision.

Zhang Kaiwei showed a smile.

To be able to climb into a relationship with the Han family was something that many people craved!

“But haven’t you lost a bit of weight in the past few days? Haven’t you eaten?”

Zhang Kaiwei finally had the heart to care about his daughter. Compared to a few months ago, she seemed to have lost a lot of weight.

Zhang Yiqi looked down at her slim waist and showed a smug smile, “Isn’t this quite good? I don’t want to be fat!”

After being with Han Qin, she found that she did lose a little weight. No matter how much she ate, she didn’t gain any weight.

However, that was good.

Many girls were desperate for weight loss and couldn’t lose weight, even if they wanted to.

This was awesome: She didn’t have to do any exercise and she could lose weight!

Well, that was not technically true!

She did end up doing some exercise!

Thinking about it, she felt weak and flushed.

“Why is your face red?”

Zhang Kaiwei was puzzled.

“Nothing!” Zhang Yiqi immediately shook her head and changed the topic, “I’ll go talk to him about it!”

“Good, hurry up!”

Zhang Kaiwei did not continue the previous topic either and immediately said.

He had to fix the company’s crisis first!

“Alright.”

Zhang Yiqi immediately took out her phone.

She pouted at the other end before telling him the reason for her call.

Soon, she hung up the phone and made an “OK” gesture to Zhang Kaiwei.

“Don’t worry, it’s going to be fine!”
