

Chapter 1201

Looking At The Snow With A Smile

The lady came out of the ancient painting in a graceful manner, clothed in a green dress that showed her curvy figure, where even with a loose skirt, she still could not hide her curvy chest, hips, and slender waist.

Wearing a pearl hairpin on her silky hair that's as black as ink, her eyes reflected the galaxy, while a delicate translucent tulle covered her face.

But even with the faint outline, one could make out that this woman had an alluring appearance.

After the woman stood still for a while, a black figure followed after and landed on the other side of the mountain, a few feet away from the woman.

The man was dressed in a black trench coat, with flying blond hair and a handsome face. He was the prince of the Tzimisce clan, Raphael, and also Hermes.

After a few glances at the woman, Hermes sneered, "I like how you're dressed today."

The woman glanced at him with cold eyes, "How's it going?"

Hermes shrugged. "Failed, even with Athena's big prophecy spell... it is still unable to predict the appearance of that special inferior charm belt, but after all, it is still better than ours."

"Hmmpf," The woman said in disdain, "It was just luck."

Hermes laughed eerily, "How about you? Did you catch that person?"

The woman in green gleamed her cold eyes, "That man is extremely cunning, it's easy to win him over, but to get him...it's quite arduous. But, I will get him sooner or later."

"Then you have to hurry up. Athena has found Gaia's heart, and although her plan has many episodes, it has always been pushed forward by her. If we wait until she fully launches the whole plan, we won't stand a chance."

"Do you think her plan can really go so smoothly? She only has a little more than 30% of strength reserved, and the big prophecy spell is already full of loopholes. Otherwise, she wouldn't have needed to show up in person to set things straight."

"I'm afraid that if she succeeds, wouldn't her ego be riding above our heads for a thousand years or more?"

"What are you afraid of? The level of her skills may be high and it would be difficult for me to improve, but after all, my strength was completely different from that of hers since the beginning, however, I am not necessarily afraid of her! Chinese cultivators have good skills, and the items that were handed down from ancient times... none of them were easy to handle.

What's more, me and her are different. She needed Gaia's heart to restore her state but for me there's not much of an affect!"

Hermes smiled weirdly, "I guess you're right, why don't you let that person make a replica so I can have fun one more time?"

"Not necessarily. Although she can't kill you, sending you to reincarnation isn't that hard as well. Based on your strength, you will probably need six to ten years to be able to wake up. By then, it would be too late, let's stop here."

Hermes snorted lightly, but was speechless as well.

The woman squinted her eyes, "By the way, Apollo, Poseidon and the others, what did they say?"

"Them? Hmmp," Hermes disdainfully said, "The group is afraid of Athena and dare not oppose her, asking for their help is impossible. I suppose let's just pretend to know nothing, and just observe and see what happens."

The woman nodded, "Then it's fine, after all, even if Athena is an evil woman that deserves to die, she's still one of us... I am totally fine about her reviving Gaia's heart, but... Even if the Gods are to be restored again, it shouldn't be the same like back in those days!"

Hermes grinned secretly, a strange brilliance flashed in his eyes.

...

The next morning, Wang Ma had arrived home early to prepare breakfast. Seeing Lin Ruoxi coming downstairs, she said joyfully, "Young Lady, you are finally back. I just saw the morning news saying that Nanshan had a fire last night. I'm afraid that the house you bought will have to be lost. It just so happens that you're coming back to stay, let's not simply move out in future if any conflicts happen okay."

Fire?

Lin Ruoxi was confused for a moment, but immediately understood, it was the Yellow Flame Iron Brigade who 'destroyed all traces'.

She didn't care much about whether there would be compensation for that mansion which cost ten million-plus.

She looked around, seeing Yang Chen not at home, she asked, "Wang Ma, where did Yang Chen go?"

Wang Ma shrugged helplessly, "I was wondering as well, he was nowhere to be seen since this morning. I thought he was still sleeping with you."

Lin Ruoxi couldn't help feeling a little lost, although Yang Chen said that he didn't blame her for anything, it's just that his heart was in a mess.

She still felt that the man was mad at her.

Normally, he would already be sitting here early and have breakfast together. But now, he didn't even want to eat together...

Lin Ruoxi felt hurt.

Wang Ma advised her, "Why don't you call him and ask? Maybe he had something urgent."

She nodded and took out her phone, as she was going to dial, she stopped her movements and placed her phone down.

“Forget it, he’s probably busy. I can’t be controlling him and restricting him all the time,” Lin Ruoxi forced a smile.

Wang Ma didn’t bother much, “True, you can’t be too controlling, the family had just reunited.”

“Mhmm...oh right Wang Ma, I’ll be picking Lanlan from the airport tomorrow afternoon. Make more delicious food but make sure it’s not too oily, mother told me that she has been eating a lot of meat in Beijing, I don’t want her to become a fat little pig,” Lin Ruoxi smiled.

Wang Ma was obviously excited and quickly nodded, “Okay, I’ve missed this little dear a lot, leave it to me. Lady, don’t you have work today, eat something then go.”

Lin Ruoxi nodded and smiled as she sat down. She took up the spoon wanting to open her mouth, she suddenly looked at the empty seat where Yang Chen used to be and felt sad...

...

Beijing, Ning Residence.

Although there had been a few rounds of feather-like snow during this winter in Beijing, the sun today was extremely bright, the penetrating warmth made the people drowsy.

In the courtyard, Ning Guangyao, Ning Xin, and Ning De were sitting at the stone table, drinking the freshly made red robe tea, which was a delight in the afternoon.

“In this world, it really is not conducive to cultivation. There are so many temptations and too many flashy things, which really drains the heart...”

Ning De tapped the stone table with one hand, while expressing with emotion.

Ning Guangyao was witty and authentic, “Elder Ning De, proper self-cultivation is actually a way of going with the flow, so you don’t have to be too stiff.”

“Haha, that’s right... no wonder you deserve to be a Premier, you sound right,” Ning De held his cup and took two sips.

Ning Xin snorted slightly, “It doesn’t matter if we cultivate on our own here, but Guangyao, what happened to your daughter and the kid of the Yang family? If they really split, then your Ning family and the Yang family’s merger plan will be completely ruined.”

Ning De frowned as he heard it and looked at Ning Guangyao suspiciously.

“Elders, rest assured as I have been monitoring them secretly.” Ning Guangyao said with a smile, “Actually, my daughter and Yang Chen have been married for nearly two years. Based on his character of changing women constantly when he was abroad, being able to have such persistence now has already explained so many things. They had a conflict this time, but it was more beneficial to us. I made a special trip to Zhonghai immediately that day and met Ruoxi. She will naturally feel the warmth. The news came this morning that she has returned home. In this way, most of the trivial matters have been

eliminated and reconciled. Their relationship as husband and wife maintained, and I take advantage of this. This opportunity has brought them closer, which is the best for both worlds.”

Ning Xin and Ning De were pleased to hear that.

“That’s good to hear. The kid of the Yang family is not simple, and we don’t know what kind of cultivation he is performing, even his women can have such cultivation skills at a young age. If you can pull him into the Ning family firmly, as the son-in-law, it’s best to assimilate all of his practices. This will be of great benefit to our Ning family, I suppose. Guangyao, a good relationship with your son-in-law is your next extremely important step. Not only for your status in the secular Ning family, but also very important to our Ning family’s spiritual cultivation. We can’t do it with great fanfare in the secular world, so it depends on your ability,” Ning Xin said solemnly.

Ning Guangyao sneered in his heart about them not telling him about this earlier. Yang Chen was dissatisfied with himself too much now, and he was not as easy to fool with family affection as Lin Ruoxi was.

However, on the surface, Ning Guangyao was still making false claims, letting the elders rest assured that he would go all out to complete the plan.

Chapter 1202 - Never Growing Up

Never Growing Up

After a busy day, Zhonghai City ushered in the peak of off work hours. Just because sunset arrived early during winter, it was actually evening but it looked as if it was night time.

Coming out from the elevator of Yulei International, Lin Ruoxi walked past the first floor lobby. The employees and receptionists she passed by all greeted her with a respectful smile.

Lin Ruoxi nodded faintly as usual and did not speak, but the employees had long been accustomed to it and didn’t think of it as arrogant.

Half a year ago, she would habitually take the elevator directly to the underground parking garage instead of passing through the lobby and head to the parking lot.

Such a change of path was also a change of mentality.

She had to admit that her personality that used to push people away seemed to have changed after she got acquainted with Yang Chen. Especially after they got married, her mindset started changing slowly, at least her employees stopped behaving like how they did before, not even daring to look at her as if she was the grim reaper.

She didn’t know if this was good or bad as a boss. At least, seeing the employees smiling brightly and looking at her with admiring eyes, she felt more or less pleased.

Being able to achieve this level of career, money, fame and fortune was already a great feat for a woman herself. Other ladies relied on men to buy famous brands and jewellery for them, but she could become the one who sold them to the ladies.

Only by seeing more people become wealthy and happy because of their business operations, it drives Lin Ruoxi to continue struggling in the market.

If she had lost such achievements, she wouldn't even imagine how her life would have been as she had such an extraordinary husband...

That's why, no matter what happens in the house or in life, she could still manage her work well. Her ambition to spread Yulei all over the world has never stopped!

After getting into the car, she drove her usual way, along the main road in the city centre towards the highway.

The traffic was congested, she instinctively switched on the accelerator, brake, accelerator...but in her mind, she couldn't help thinking if Yang Chen was already home.

She was absent-minded most of the time today. She wanted to call the man and ask about his whereabouts but she was afraid that he would play missing and ignore her phone calls.

The feeling of anxiety and fear mixed with grief and disappointment made her feel helpless.

When the car stopped at a crossroad, she couldn't help but look out the window at the colorful, flashing street lights..

The couples walking by the street were shopping, some holding hands, some holding their shoulders, and they were intimate.

Tomorrow night was Christmas Eve, and the big discounts had already begun. Citizens of Zhonghai, including residents of surrounding prefecture-level cities, were beginning to gather to shop.

In the past, what she cared about most was the sales of the company's department stores and online shopping malls during Christmas.

But now, she was looking forward to thinking if all these things didn't happen between the two, maybe at this time, they could also be walking on the street together.

Just like those days when they were having their honeymoon in Korea, they had no worries and only shopped, ate and played around.

Unknowingly, a few snowflakes floated on the window. Although it was only a few sparse pieces, it was indeed snowing.

Many passers-by on the street looked at the sky with excitement. There was a snowy Christmas, which was very rare for southern cities.

"Honk!!"

A car behind began to honk.

Lin Ruoxi was shocked, and suddenly realized that the green light was already lit, but she was lost in thoughts and forgot to watch the road!

She quickly pressed on the accelerator and tried not to have these thoughts.

Returning back to the Xijiao villas, she subconsciously looked around for Yang Chen.

But after a while, only Wang Ma came downstairs with a big black plastic bag in her hand, without knowing what's inside.

Seeing Lin Ruoxi standing dazed in the living room, she couldn't help asking, "Miss, what are you thinking about, why didn't you say anything after coming home?"

She finally let her guard down, her eyes flushed while she tried holding back her tears. She threw herself into Wang Ma's arms, leaned on her shoulders and started sobbing.

Wang Ma was shocked and quickly patted the woman's back, "Oh my, what's wrong my lady, did anyone bully you? What happened? Why are you crying?"

"Sob..." Lin Ruoxi whimpered in tears as she looked up, "Wang Ma, Yang Chen really doesn't want to see me anymore..."

"Huh?" Wang Ma was stunned and didn't know how to respond.

"He's still mad at me...He must think that I'm too self-oriented...He couldn't stand me anymore and he's ignoring me..." Lin Ruoxi sobbed and said.

Wang Ma grinned stiffly, "Lady, there's no such thing?"

"There is! Look at him, he's nowhere to be seen since this morning. He definitely doesn't want to see me anymore...he's hiding from me..." Lin Ruoxi wiped away her tears, crying like a helpless little girl.

"What do you mean he's not home, didn't he just came back?" Wang Ma was surprised.

Lin Ruoxi stopped crying and looked at Wang Ma.

"Just...Just came back?"

"Yes!" Wang Ma didn't know whether to laugh or to cry, "I've just sent a change of clothes to him. God knows where he went, there were all kinds of dirty marks all over his body. Some dark mud, as if he was rolling on the ground, the clothes were so dirty that they couldn't be washed!"

Wang Ma opened the black plastic bag in her hand to show her, it was full of Yang Chen's coat and other clothes, they were as dirty as dyed.

Lin Ruoxi looked at her with teary eyes and looked at the clothes in the bag then looked upstairs at the door that was open with innocence.

Suddenly, a blush of shame emerged as two red clouds.

"Young master is taking his shower, don't think too much lady," Wang Ma patted her shoulders.

Lin Ruoxi lowered her head and felt extremely embarrassed. What kind of thoughts was she having, why didn't her brain function properly, and why did she cried without first confirming it.

It was said that when it comes to relationship problems, a woman's IQ decreases linearly. She didn't believe it before, but this time she agreed at least by half.

Yang Chen always had many weird things going on, not to mention he only went missing for half a day, what's so surprising about that.

"I, then...Wang Ma, I'll go upstairs first..."

Lin Ruoxi herself felt embarrassed, and rushed upstairs.

"Oh my, lady be careful, what are you running for," Wang Ma couldn't help smiling and shaking her head.

When Lin Ruoxi shut herself in her room, Wang Ma sighed, walked to the laundry room, and put Yang Chen's clothes in the washing machine.

After dealing with trivial matters, she walked silently to a shelf in the living room.

Opening the glass door, Wang Ma took out a vertical photo frame from the shelf. The photo was of the old house garden when Lin Ruoxi was young. The photo was the old president holding Lin Ruoxi along with Wang Ma and Xue Zijing. Except for the expressionless Lin Kun, the entire photo felt wholesome.

Wang Ma reached out and touched the faces of several people in the photo, and muttered to herself, "Old madam, before you leave you told me to watch the young lady grow up. I thought that after getting married, she would...but, it seems that the young lady hasn't completely grown up yet... she's still crying like how she did when she was young..."

She smiled as she mumbled to herself, her eyes filled with nostalgia.

...

On the other hand, Lin Ruoxi was walking back and forth in her room, blushing and jumping from time to time.

She really had no idea how to face Wang Ma anymore, this was so embarrassing. She even forgot when was the last time she cried in such a stupid way.

Thinking back of what she had said, she felt ashamed and how she wished she could turn back time!

All of this was because of Yang Chen, that idiot!

Right, it was this guy who played missing that made her overthink!

'Knock knock knock', at that moment someone knocked the door.

Lin Ruoxi thought Wang Ma came upstairs so she tidied herself, calmed down and walked toward the door.

But as soon as she opened the door, she saw Yang Chen who had just finished showering, wearing a blue sweater. He was grinning at her.

Staring at the man's mysterious eyes, Lin Ruoxi was stunned.

Yang Chen was laughing halfway, and asked, "Dear Ruoxi, why do you look like you just cried? Why are your eyes so red?"

Chapter 1203 - One Two Three

One Two Three

"I...I'm not crying, there's just some sand bits in my eyes when I entered the house," Lin Ruoxi randomly made up an excuse, but her face was still a little flushed.

Although she had mixed emotions and was dying to know where Yang Chen went, she still forced herself to be calm and asked, "What is it, do you need anything?"

Yang Chen did feel curious but he didn't ask further, "Of course. I've told Wang Ma just now that I'll bring you out for dinner tonight. Lanlan is coming home tomorrow, we should enjoy our alone time."

Lin Ruoxi felt a shook in her heart, things didn't seem to feel right.

She still remembered vividly about how he was on the sofa in a depressed state and looking all tangled up. How could he recover in such a short time and have dinner with her.

Although there was nothing special about a husband and wife going on a dinner date, the timing was truly weird.

Lin Ruoxi couldn't help asking, "You...do you have anything to say?"

Yang Chen's face changed immediately and smiled stiffly, "No...don't think too much..."

"Hmmp, your look is saying that you're hiding something from me!" Lin Ruoxi was upset.

Yang Chen scratched his head, "Let's talk when we go out, we can't be standing here at the door forever,"

Lin Ruoxi couldn't help recalling about the day at the cafe when they were about to divorce. After what happened yesterday, she was more sure that Yang Chen was about to tell her his final decision.

This kind of insecurity made her daze off at the door.

Yang Chen tried making himself look natural and pleased her carefully, "Honey, don't think too much. I've made the booking, let's go."

His anxious little face was as if he was afraid that Lin Ruoxi wouldn't agree.

Lin Ruoxi sighed in her heart, forget it, nobody could force marriage. If Yang Chen really couldn't bear with her anymore, then there's no point in her forcing him to stay, that's not what she wanted.

Although her heart was hurting, she still nodded, "Okay, are we going far? Do I need to dress up nicely?"

Yang Chen shook his head, "It's not far, we'll be there in no time. You're already beautiful enough."

Looking at his excited face, Lin Ruoxi felt a little puzzled. He didn't look like he wanted to talk about anything serious, what is this man thinking about?

Under his advice, she didn't even bring her handbag and followed him out. Wang Ma knew what was going to happen long ago so she didn't ask much and said goodbye to them with a smile.

Walking out of the house, as Lin Ruoxi was about to walk to the parking spot, Yang Chen pulled her back.

“We are not using the car, we won’t be able to reach there by car,” Yang Chen laughed.

She was stunned, “Why?”

“Because...we are going overseas for dinner,” He winked.

She was puzzled and without being able to ask further, she was carried like a princess by her husband

“Hey, what are you doing, where are we going?!” She subconsciously put her arms around the man’s neck.

Yang Chen raised his eyebrows, whistled and smiled eerily, “ You’ll know when we get there. Hold on tight, I’ll slow down but it’ll still be quick. If you fall from the sky, it won’t look nice.”

That being said, he carried the woman and disappeared from the ground in a flash.

Although he would usually drive out to prevent scaring people, today’s situation was special and he didn’t have to worry about their landing spot so he mobilized the Heaven and Earth energy and flew rapidly.

If he was alone, he would only need around ten minutes to circle the earth. But now he was carrying Lin Ruoxi, he had to consider her body tolerance, so he tried to be as slow as he could.

Even so, they managed to reach their destination after a quarter of an hour.

Lin Ruoxi saw the constant shuttle between the clouds along the way, and even the stars and moons above the clouds were exceptionally brilliant.

Thanks to Yang Chen’s protection, the air turbulence was not too strong. Losing herself at the rare scenery being so close, she hadn’t realized that they had reached.

After coming back to her senses, she was surprised by the scenery.

There was a dense pine forest between the mountains. The coniferous pine and cypresses had grown vigorously as though they were ancient.

Looking at the sky from here, the dazzling stars shimmered in the dark, one could see the galaxy streaming through.

The air was filled with a faint fragrance of black soil, and a cold breeze roamed around as if it was snowing.

As Lin Ruoxi’s feet hit the ground, she got in contact with the fluffy snow, and felt the perfect fit between the soles of her feet and the snow.

She turned around and there was nobody around the area, it should be some barren mountain. But, it quietly revealed the hidden gems of the world.

“What is ... this place?” Didn’t you say dinner,” Lin Ruoxi asked bluntly.

“Hokkaido.”

Her mouth was wide open and she didn’t know what to say.

Looking closely at the amazing snowfall at night she didn't doubt it, and couldn't help thinking about how beautiful it would be if she saw it during the day.

Yang Chen naturally held the woman's hand and gradually walked into the depth of the pine forest.

“We are here tonight for dinner, but before that, I want to show you something,” He was proud about himself.

“What are you trying to do,” Lin Ruoxi mumbled softly to herself but still let the man drag her along.

Back in the days, Lin Ruoxi wouldn't be able to withstand the temperature here by only wearing normal winter outfits. But now, with the help of the peak level True Qi.

Walking in between the pines, apart from the slight mountain breeze, it was the sound of footsteps in the snow.

This tranquility eased Lin Ruoxi's mood a lot, she stopped overthinking about whatever he was going to tell her, good or bad.

When they reached a slightly wider space, Yang Chen stopped.

“What is it, are we here?” Lin Ruoxi looked around in confusion, it was still completely dark and nothing could be seen.

Yang Chen took in a deep breath and turned around, touching her cheeks with both hands, “Miss Lin Ruoxi, please close your eyes and wait for me to count until three then open them, alright?”

Lin Ruoxi rolled her eyes at him but still followed his instructions and closed her eyes.

“One...Two...Three!”

Yang Chen made a snap and Lin Ruoxi felt the light shining upon her eyelids and she carefully opened her eyes...

When she saw everything in front and around her, she was completely stunned!

Or one could even say, obsessed!

Christmas trees!

Many of them! Many Christmas trees!

The entire space was surrounded by huge Christmas trees!

These Christmas trees were close to each other, there were around forty to fifty of them and were all decorated with colourful neon fairy lights, just like the magical plants in fairytales.

The space was suddenly illuminated by the bright lights, just like a spotlight in the dark!

On the Christmas trees, there were also varieties of gift boxes, stockings, stars, plushies and other cute items, making Lin Ruoxi dizzy.

What shocked her the most was that these Christmas trees were laid out in a pattern!

“Did you see it?”

Yang Chen asked with a smile.

She looked at the man idiotically and her brain started to malfunction, what is going on?!

“Tsk tsk,” Yang Chen was a little depressed. He carried her up once again and jumped up high!

“Swoosh!” The two of them went directly to a position more than two hundred meters above, overlooking a forest of neon fury lighted Christmas trees below!

She finally saw the arrangement clearly, it was a ‘heart’!

“See it now?”

“Yes...” Lin Ruoxi nodded bluntly.

He then landed on the ground and let the woman down.

“How is it? Is my Christmas gift to you sincere enough? I’ve decorated the trees one by one all by myself, it took me the entire day!” Yang Chen smiled with a proud expression, exposing his white teeth.

Lin Ruoxi’s heart trembled, and suddenly remembered Yang Chen, who was not in sight this morning, and the bag of dirty clothes that Wang Ma took away, the stains that seemed as though it was rolled around in the wild...

Did he come to Hokkaido just to decorate all these Christmas trees for the entire day?!

Chapter 1204

Such A Big Appetite

“You...you were here the whole day making these Christmas trees?” Lin Ruoxi asked in doubt, this was all too overwhelming.

Previously when they brought Lanlan along for shopping, Yang Chen mentioned that he didn’t like Christmas trees.

Yang Chen nodded without hesitation, “Of course! This area is relatively remote, it’s a mountain area in the central region of Hokkaido. I told Hannya to send these decorations over with a helicopter, initially they wanted to help me do it as well. But then again, if I ask the others to do it, it will be the same as the ones we saw on the street right? So... I did all of these myself, haha. I don’t really have much sense in arts, colour matching is too difficult for me to manage. Lighting on the other hand is easier, but it still took me half a day to figure out how to make it look nice!”

Listening to his ‘speech’, Lin Ruoxi believed him completely.

“Why are you doing this, didn’t you say that you disliked Christmas trees?”

“Well,” Yang Chen laughed, “The thing about disliking Christmas trees I told you that day is true, even until now.”

“Then why did you...”

Yang Chen looked at the woman, "Honey, do you know why I dislike Christmas trees?"

Lin Ruoxi shook her head, "You didn't tell me that day..."

Yang Chen took a deep breath, "I dislike Christmas trees and the festival itself, because it's someone else's birthday, Jesus's birthday. Why is everyone celebrating someone else's birthday, why should I behave happily on someone else's birthday?"

Strands of emotions and vicissitudes could be seen in his eyes, as if he was immersed in a blurry field of memories.

"Since I was young, it should be said that since I was sensible, every Christmas, I would feel that it was the most difficult and longest day...The whole world is celebrating happily, as if everyone didn't mind the meaning of this holiday... Only people like me will squat in the dark silently, watching the city, the neon lights and the Christmas trees. None of these lights belong to me, I am tempted to destroy all the Christmas trees on the streets, but unfortunately I can't do that."

The man's words were like a cold knife, slicing a wound on her heart.

Without waiting for her to speak, he showed a bright smile, as if those dark and twisted past did not affect him anymore.

"However, now I will try to make Christmas trees, and I will also like Christmas trees and the festival itself. Because the person I love likes it, since you like it, I will try my best to like them as well, without a reason. You've wanted a Christmas tree since young, but your grandmother won't let you make it or buy it for you. Now, as your husband, I will help you make up all the Christmas trees from the past twenty years! All the Christmas trees here are for my wife Lin Ruoxi as compensation for that twenty years! I hope you will like it. Of course, you have to like it, do you know how tiring it was to hang these little gifts up and down."

Yang Chen grabbed his hair with a headache, looking helpless.

Lin Ruoxi's eye sockets started to turn warm unknowingly, and she couldn't help but sobbed.

This huge psychological twist, pulling her from the edge of the cliff to the paradise-like thought, making it impossible for the woman to use the word "moved" to describe her mood at this moment.

Yang Chen looked at the woman shockingly, "Hey hey, dear Ruoxi, even if you're extremely touched you don't have to cry to this extent?! I am giving you this surprise to make you happy, to make you laugh!"

"You're such a bad guy!"

Lin Ruoxi couldn't help but pat Yang Chen's chest constantly, but it was soft and weak.

"Do you know how worried I was! You've been missing since the early morning, without having breakfast with me or leaving a message, I thought you didn't want to talk to me anymore...I...I thought that you were going to abandon me and that you disliked me...Do you know how afraid I was..."

Yang Chen was puzzled for a moment and gave a wry smile, he had taken it too far in being mysterious and secretive.

But the woman was looking cute at that point and it was fun to see her that way.

Grabbing the woman's hands, he said gently, "I've been looking for ways to make you feel happy and blessed. Seeing your satisfaction toward these Christmas trees, I am more confident now. Alright, don't cry now, I am planning to get you a few pairs of huge stockings above your bed and packing up all the gifts that you didn't get. However, even if Santa Claus existed, he wouldn't give Lin Ruoxi presents."

Seeing his serious expression, Lin Ruoxi stopped crying and asked, "Why not...?"

Yang Chen reached out his hand to wipe her tears and laughed, "Because Santa Claus doesn't give presents to crying children."

Lin Ruoxi pouted, "You made me cry."

"I didn't force you to cry right? Since when were you so obedient?" Yang Chen pouted.

She clenched her teeth, "naughty boy..."

"Hehe, Merry Christmas my dear," He hugged the woman.

She held back her smile and said angrily, "Don't hug me, I am still angry and I hate you!"

"I want to hug you and make you happy, because I like you!"

"Yang Chen, I hate you!"

Yang Chen lowered his head and gave her a gentle kiss on the lips and smiled.

"I love you, Lin Ruoxi."

In this gorgeous Christmas tree forest, the gentle words of the man seemed to echo continuously.

...

The next day, the sun was shining brightly.

The vast snow and green pines.

In between the pine forest, in an exquisite twentieth century mountain villa, although there was modern equipment in it, the rustic fireplace still remained.

At that moment, the residual heat of the charcoal was exuding in the fireplace and in the center of the living room, on a huge sewn blanket, the body of a man and a woman were entwined together.

Obviously it was Yang Chen and Lin Ruoxi who came over from the forest to stay.

Since they were here in Hokkaido for dinner, he would definitely not make the woman starve.

He told Hannya to send the food to the mansion earlier and as soon as they entered the house they started enjoying the Japanese palace cuisine.

After drinking some sake in addition to the passionate love, the couple who didn't have much intimate actions for days didn't bother much and rolled together on the soft blanket...

Initially she didn't want to allow this energetic man to torture her continuously, but the dozens of Christmas trees were too flattering so she didn't stop him.

As a result, she fell asleep exhaustedly without knowing how...

"Mmmh..."

As the sun rose high, Lin Ruoxi woke up in daze, subconsciously wanting to move her body.

Yang Chen's arm was still wrapped around her body and both of them were sticking on two each other without wearing anything. Her plump and delicate snowballs were slightly compressed, making her shy and a little annoyed at the same time.

However, as she wanted to leave his arms, she couldn't help but to let out a sweet cry!

Two patches of blush instantly occupied her fair face, and Lin Ruoxi couldn't wait to bite this bad guy!

It was because this guy's lifestem was still occupying her body!

Lin Ruoxi didn't know whether it was Yang Chen who didn't evacuate for the entire night, that he swelled up in the morning or did he stuff it in sneakily earlier. In short, she wanted to move but didn't dare to move, and felt too shameless to not move!

For a while, Lin Ruoxi was in a dilemma, and such a shameful choice made her crazy!

Suddenly she discovered that the corners of the man's lips twitched slightly.

"You...you are awake! You are pretending to be asleep!!" Lin Ruoxi pushed Yang Chen's chest hard.

"Haha," Yang Chen laughed and opened his eyes. Peeking at her shy and contradicting expression was extremely entertaining!

"You...stop laughing! What are you laughing at! Pull your evil thing out!"

She twisted her waist, but his hand was pressing on her hips, the more she struggled the deeper it sunk in!

"Why should I pull it out, my dear Ruoxi, it's good to do some exercises in the morning! Your little waist is so comfortable, if you continue twisting, you will soon eat it all in. I didn't know you have such an appetite," Yang Chen smirked.

"You...your appetite is huge! You forced it in there! I...I can't take it anymore..."

"Really? I don't think so, I suppose you prefer it to be deeper huh, look at your reddish cheeks," Yang Chen squinted his eyes.

"You...Ah! No!"

Lin Ruoxi wanted to scold him further, but he turned around and pressed directly onto her!

Her fair and slender legs were wide opened by him.

“Honey, you fell asleep last night before letting me release the last shot. I endured it for the sake of not waking you up. Let’s not do anything else this morning, let me hand over everything in one shot, or else I won’t feel comfortable holding it back!”

As he spoke, he kissed the woman’s lips hard, his tongue stretching into her lair and tangled hers.

At the same time, he exerted some force on his waist, the high-spirited dragon horn was submerged in further, almost to the end!

“Mmmh!”

Lin Ruoxi gagged and couldn’t make a sound. She could only make a long groan. A pair of beautiful eyes opened wide, like being in the clouds, and her bones were about to collapse...

Chapter 1205 Are You Insane?

Time flew and half a day had passed, the couple spent most of their time lingering in the wooden mansion.

After finishing their ‘work’, Lin Ruoxi was exhausted. She was so tempted to get up and slash this guy with a knife! What kind of body qualities does he have? Such inhumane body!

Yang Chen on the other hand felt satisfied and refreshed, releasing half of his storage made him extremely comfortable.

Everyone should live happily in life, despite the unknown future covered with haze, one should still never let go of the chances to enjoy.

After cleaning up, the two had a simple lunch where Yang Chen was smirking at Lin Ruoxi as they were eating.

She didn’t have to think to know what he was thinking about and she felt ashamed for him.

They still needed to return to Zhonghai to fetch Lanlan home, so without further delay they left the house holding hands.

As soon as they stepped out of the house, the sun was shining bright. The white snowy forest, the tall cypresses, and the sky as blue as the lake undoubtedly highlighted the breathtaking snowy scenery of the central region of Hokkaido.

Lin Ruoxi took in a deep breath of fresh air, looked at the faintly visible Christmas tree forest with nostalgia and at the wooden mansion they slept in yesterday.

“Do you like this place?” Yang Chen asked with a smile.

“Yeah,” Lin Ruoxi nodded, “This place is quiet and beautiful.”

“In addition to great memories right,” Yang Chen winked and laughed.

Lin Ruoxi rolled her eyes at him, “Can’t you not be so dirty, I am complimenting this place with sincerity.”

“What did I say, you were the one who thought of something else,” Yang Chen shrugged.

"I...Hmph, forget it," Lin Ruoxi pouted.

Yang Chen hugged the woman's shoulders and laughed by her ears, "Just tell me if you want to come here again in future, anytime. This place is mine anyway, I'll let Hannya manage here."

In fact, what he didn't mention was that the person who initially lived here was the former chief of the Yamata Sect, Noriko Okawa. That old guy bought this place to focus on cultivation.

Now that he was dead, the house would obviously belong to Hannya and her property was naturally Yang Chen's as well.

Lin Ruoxi's eyes brightened, right, we have money anyways, even if it's not ours we can just buy it.

Thinking about that, Lin Ruoxi started laughing and said, "I am starting to realize why there is constant news about girls always looking for rich guys despite them being single or married. It actually makes sense, you can buy literally anything like this with money and stay wherever you want as long as you're rich. Life is short and we should enjoy what's best, even I myself prefer guys who are rich as well."

Yang Chen twitched his eyebrows, "Honey, you read gossip news too?"

"Women are gossipers, it's our nature. Bad guys like you will never be loyal if you're clever," Lin Ruoxi sneered.

Yang Chen smiled with embarrassment, "I still love you the most right, don't you bother much for the sake of me climbing up and down making you Christmas gifts."

"Are you daring enough to give me another Christmas present which is to throw away all your external affairs?" Lin Ruoxi teased.

Yang Chen began to look bitter, "Can we not talk about this, I can promise you anything except for this, how about getting you a huge diamond? The really really big ones! Or...you and Lanlan like pandas, I can buy you one and place it at home?"

"Are you crazy! Buying a panda and placing it at home?" She didn't know whether to laugh or cry, how did he manage to think of this?

Yang Chen showed an innocent face, "It's not a big deal, might as well just buy the entire wildlife zoo."

"Alright, stop changing the subject, take me back to Zhonghai, and pick up Lanlan," Lin Ruoxi didn't have the intention to continue talking. Although he was not reconciled, he had to admit that it was easier for him to accept these kinds of situations now compared to the past.

As Yang Chen was about to nod, he was taken aback and turned around.

A tall and enchanting figure suddenly emerged from the snow, and appeared in front of them in a flash, softly bending over to salute.

Hannya, dressed in white leather jacket and tights with a long ponytail, was looking like a ripe peach. Her plump hips and bulging waves enhanced her charm and temptation.

"Master, my lady, are you two returning to China?" Hannya asked with a smile.

“Yeah, we still have things to do back in Zhonghai, we are not here for a vacation anyway. Is there anything that you need?”

A strand of sadness flashed through Hannya’s eyes, “Oh, that’s the case. Then master, are there anymore orders?”

Looking at the hope in her eyes, she was urged to say ‘bring me along’. Yang Chen was helpless on the other hand, isn’t she ‘forcing’ him to make another mistake.

He was fully aware about her slavery mindset, she wouldn’t be completely at ease until she gave him her body.

However, he would’ve eaten such a big peach way long ago if he could, why wait until now?

“Uhm...for now no. You are the chief of the Yamata Sect so just continue to stay in Japan, I’ll definitely contact you if I need anything,” Yang Chen said.

Lin Ruoxi looked at her thoughtfully, walked up with a smile and held her hand, “Hannya, thank you for the arrangements and also the help you’ve provided to Yulei Entertainment previously. If you don’t mind, will you be the head of our coming Yulei Japan branch?”

Hannya was stunned, “My lady, you...you want me to be the head?”

Yang Chen was also confused about her decision and could only stare at them bluntly.

“Correct. I’ve assessed your abilities in detail, Yulei’s performance greatly increased when you were there and it’s very stable. I am worried that I might under utilise you, our North America and Europe branches are mature enough but the Japan branch has just started not long ago and it needs a great leader,” said Lin Ruoxi.

“I...” Hannya took a glance at Yang Chen hesitantly.

Lin Ruoxi then continued, “If you become the head of our branch, you will be reporting directly to me. You will be allowed to attend management level meetings as well and we can see each other more often.”

Hannya was overjoyed, although she didn’t understand why Lin Ruoxi provided her such a chance, it was obvious that she would have the opportunity to travel back and forth between Japan and China.

“I...I am willing to work for my lady!” Hannya smiled gratefully.

Yang Chen had a stiff face on the other hand. What is all these? Testing his tolerance? If Hannya comes to China and moves around him and flirts with him, how can he endure it?

However, he didn’t dare to object as well, he had just promised to be obedient.

The matter was settled in this way. After Lin Ruoxi talked to Hannya about some stuff, she promised to discuss the details with her after returning to China.

After a few minutes, Yang Chen carried the woman and flew back to Zhonghai. Along the way, he couldn’t endure it and asked her with a smile, “Honey, what are you trying to do actually? Mind telling me?”

She pursed her lips, "You're finally asking me about it?"

"Hey, you know it don't you. I am not as smart as you, of course I'll need to ask."

"Mhmm..." Lin Ruoxi said casually, "Firstly, Hannya is indeed a smart person and a loyal one. Secondly, she's obedient and is easy to control. Third, if you leave her in Japan to think about you, who knows if she might do anything overwhelming someday. Might as well just let her see you from time to time while I can be monitoring from the side, so she wouldn't be enduring too much."

Yang Chen was listening to everything and was left speechless.

Ten minutes later, the two returned to the Xijiao Villas in Zhonghai.

As they entered the house, Wang Ma was already preparing a sumptuous dinner, the house was filled with the aroma of the food.

Hearing the two, Wang Ma came out with a smile and rubbed her hands on her apron, "Young lady, master, you're back. Had fun yesterday?"

Lin Ruoxi blushed slightly and nodded, "Wang Ma, is everything alright at home?"

"What can happen," Wang Ma was halfway through and suddenly patted her own head, "Right, that girl Zhenxiu called this morning but you two weren't in. I asked her if she needed anything and she said that she missed you two."

"I see...it's been some time since we last contacted each other, I'll call her later on," said Lin Ruoxi.

Yang Chen jokingly said, "Could it be that she wanted to escape from her marriage and come back to Zhonghai?"

"No way, I think Kim Jip is quite reliable. They aren't kids anymore, Zhenxiu knows her priorities," said Lin Ruoxi.

Yang Chen felt a little disapproving, this isn't the problem about reliability? Although it felt weird thinking about Zhenxiu getting married, he couldn't say anything as well.

After getting ready, the two went to the airport and arrived at the domestic arrivals platform.

Not long after, a red little figure running out from the crowd like a meat cannon appeared in front of the two in a flash.

It was Lanlan wearing a red jacket. With just a happy jump, she was in the arms of Lin Ruoxi!

The other passengers aside were stunned, whose child was this, such an agile body!

"Mommy!....Lanlan misses you so much!..."

Lanlan shouted sweetly, her chubby cheeks rubbing on Lin Ruoxi's face.

She shook the child a little and kissed on her daughter's forehead emotionally. After being separated for a few days, she smiled, "You naughty little kid, how much have you eaten these past few days in Beijing, you've gained a lot of weight!"

Yang Chen didn't bother much about the chubby little girl's body size, instead, he looked at the person who came along with Lanlan in surprise.

Chapter 1206: An Instant Hit-off

What made Yang Chen surprised was not Min Juan who followed Lanlan tight, it was another woman.

The woman's steps were light yet fleet, as if she could walk through the huge crowd who had just got off the plane with just a few steps.

She was dressed in a beige coloured knee length coat and a simple grey scarf with both her hands tucked in them, while her hair was styled in a ponytail. She looked like she was in her twenties, but still had the mature and stable temperament in her, at the same time she was dazzling and charming.

As she got close, Lin Ruoxi noticed her and said bluntly, "Sister Cai Ning, why are you..."

The woman was Cai Ning, she took a gentle glance at Yang Chen and touched Lanlan's mushroom head then only smiled back at Lin Ruoxi.

"Lanlan and Min Juan didn't really know how to take the airplane, and since I am coming to Zhonghai, figured I'd bring them along," Cai Ning said gently.

Lin Ruoxi wouldn't believe that this was her only reason. Firstly, Guo Xuehua definitely had many interactions with her in Beijing. Secondly, Lanlan and her seemed to be closer as well.

"Mommy, Auntie Ning is very smart, she can fly very high just like daddy," Lanlan said in excitement.

"You only know about flying huh, cheeky little girl," Lin Ruoxi touched her daughter's nose helplessly.

Yang Chen was overjoyed, "And I was just wondering where did this Soul Forming Stage cultivator come from, it's you Ning'Er. When did you break through? Why didn't you tell me?"

Lin Ruoxi was stunned, "Sister Cai Ning, have you advanced to the Soul Forming Stage?"

Cai Ning nodded with a smile, "Yeah, it happened the night before yesterday. Actually I've achieved Full Circle for such a long time, if I still can't breakthrough with the help of so many elixirs, it'll sound weird. Since I am coming to Zhonghai, I thought I'd leave it as a surprise."

"Surprising indeed, hehe. This way, you and Rose have both entered the Soul Forming Stage, which means the practices I came up with is actually useful. But...the oppression of Soul Forming in you is quite different compared to Rose's. I can't seem to make it clear but although you are using the same practice, the 'Dao' you realized is different," Yang Chen said.

"I've heard about it from Yanyan, but I don't have many chances to talk to Rose. I realized it when I was practicing the hidden weapon 'Sky-encompassing Flower Rain' that's why I broke through. I guess everyone's pathway to realization is different," said Cai Ning.

"I see, I am excited to see what it looks like. Rose realized the 'Rainfall' method, Ning'Er yours is the hidden weapon method, it'll definitely look different," Yang Chen was excited.

In fact, he also thought of another thing. Since Cai Ning had advanced into the Soul Forming Stage, did it mean that the last barrier between the two could be passed through as well?

Thinking about this kind of intimate activity and glancing at the charming woman, Yang Chen felt hot inside.

Lin Ruoxi felt uneasy inside, she was well aware that the Soul Forming Stage would indicate a hundred years of life span and eternal youth. Now that Rose and Cai Ning had entered that stage, she herself must put in more effort as well.

Or else, she would have spent the most time with him but didn't even cross over the Xiantian stage, how embarrassing would that be!

"Sister Cai Ning, since you are back in Zhonghai, let's call Yanyan and have dinner at our place. Wang Ma made a lot of nice food," Lin Ruoxi removed her unnecessary thoughts and invited her with a smile.

Although she had resigned from her police officer job, because she was used to living in Zhonghai, she would still be here most of the time and would only return to Beijing for a short while.

Cai Ning didn't hesitate and nodded with a smile.

Lanlan on the other hand licked her pink lips with the small tongue as soon as she heard about food. Lin Ruoxi was having a headache as she saw her actions, the kids in other families had to be spoon fed while eating, but our little girl had such a big appetite!

Returning to the Xijiao Villas, as they had called Cai Yan along the way, she drove her yellow sports car over and reached about the same time as the others.

She was obviously excited to see her elder sister and rushed up to hug Cai Ning then smiled, "Sister, why didn't you tell me that you're coming? Luckily I didn't have class today, or else I wouldn't have been able to see you!"

"It's not like we only get to see each other once in a blue moon, why would I tell you," Cai Ning said casually.

"Class? What class?" Yang Chen asked, "Yanyan, are you studying?"

"Studying? Didn't I resign recently, now the police academy is hiring me as a lecturer," Cai Yan rolled her eyes at him.

"How did I not know about this," Yang Chen was dumbfounded, this woman is always restless.

Cai Yan pouted her lips, "I have so many sisters, and you're such a busy man, how would you be able to care?"

Yang Chen felt embarrassed and could only smile.

Lin Ruoxi coughed lightly, "Let's not stand at the entrance, come on in."

Seeing her husband talking and laughing with other women, obviously she wouldn't want to pay much attention to it. But probably because of the things she had been through recently, she wasn't that jealous anymore.

Wang Ma was also surprised seeing the sisters of the Cai family, she quickly greeted them to sit down and got ready to serve the food.

As they were eating, Yang Chen suddenly thought of something and asked, "Ning'Er, you didn't come to Zhonghai solely because of sending Lanlan right?"

Before Cai Ning got to speak, Cai Yan aside started laughing, "Who asked you not to visit my sister, that's why she had no choice but to come down here!"

"Yanyan, don't simply say things," Cai Ning laughed then said, "It's my father...he told me to come looking for you, and arranged a safe place for me."

Yang Chen was stunned for a moment then only recalled something, "Just so that you won't fall under Hongmeng's rule?"

According to the rules, Cai Ning who was not a member of the four major families and had entered the Soul Forming Stage must enter the illusion realm and join Hongmeng.

However, having Rose as a precedent, Cai Yuncheng obviously wouldn't want his daughter to leave home and never come back. After all, she had left home for a long period of time when she was young. She was only in her twenties and now if she had to leave to Hongmeng and never come back, it makes both her parents reluctant about it.

That's why they could only ask Cai Ning to come look for Yang Chen. It was obvious, they sent their daughter to him and of course he couldn't turn her in to Hongmeng.

Yang Chen gave a wry smile, he can't be giving more elixirs to that JuejianTaoist right? This is still bribing and will only increase the appetite of the tiger, and that's not a good idea.

After thinking for a moment he said, "Ning'Er, if you don't mind, I will arrange a place abroad for you. Since you are already in the Soul Forming Stage, getting in and out of China is not something difficult. If you meet the Juejian Taoist, just leave the country. As long as you are in my territory, the few other gods won't bother much."

The place that he mentioned was obviously The Forgotten Realms, located inside the Mediterranean continent. The place had beautiful scenery and a scarce population, which was quite compatible with her personality.

She didn't say much and accepted the offer with a smile.

Cai Yan on the other hand was slightly annoyed about this, "Why are we sending my sister abroad and why should we avoid those people from Hongmeng? I say we hit that Taoist bad if he comes again!"

"Just bear with it for now, it's not banishment, she can come back whenever she wants, that Juejian Taoist can't take Ning'Er away by force. Besides, she's not going there to suffer, my place is beautiful. You can ask Ruoxi if you don't believe me, she has been there before," Yang Chen said with a smile.

Cai Yan's eyes brightened and turned to Lin Ruoxi, "Ruoxi, is that place really beautiful? Is it where you two hosted your wedding?"

Lin Ruoxi couldn't help remembering that huge castle that could accommodate many women. She rolled her eyes at Yang Chen but still nodded because the place was indeed beautiful.

"I'll go too so that I can accompany my sister. I shall take it as a vacation and try to break through earlier," Cai Yan said excitedly.

Yang Chen let the women make their own decisions. As he was about to tell the origins of The Forgotten Realm, he stopped and turned to look toward the entrance.

Cai Ning also noticed something and looked over with interest.

The door was kept unlocked. At that moment, someone opened the door from the outside and walked in casually, it was Rose dressed up casually.

Upon her entrance, she had her eyes locked on Cai Ning and smiled in acknowledgement, "And I was wondering where did the Soul Forming cultivator come from, it's you, Sister Cai Ning."

Although the two weren't close, they still recognized each other.

"We are about the same age, you don't have to call me sister," Cai Ning said with a smile.

The two had entered the Soul Forming Stage and felt sympathetic toward each other. Both looked pleasing in the eyes and at the same time curious about which level had they reached in cultivation.

This kind of relationship was related to their passion toward their cultivation journey.

"Rose, where have you been?" Yang Chen asked casually.

"I went to cultivate at a quiet mountain, it only took me a blink of an eye to travel back and forth, obviously I should get a place with amazing views," Rose spoke as she was looking at Cai Ning tentatively, "I'll call you Ning'Er then. Since we cultivate the same practice, why don't we try out some practices?"

"Practice? We are having dinner, why practice?" Yang Chen was speechless.

Cai Ning was surprisingly straightforward, "Sure, I've just entered Soul Forming and haven't tried it out before. Where shall we do it?"

Yang Chen could only stare at them, why does it sound like his harem is losing control.

Lin Ruoxi pursed her lips slightly, seeing Yang Chen being ignored, she actually felt happy. At the same time she was also curious whether Cai Ning or Rose would be better in battles.

"The back of the mountain will do. Just a casual practice, it wouldn't cause much disturbance," Rose replied.

The two hit off instantly and flew out of the house towards the mountain.

Chapter 1207 Shadow Dance

After the two left, Cai Yan, Lin Ruoxi and the rest of them in the house lost their interest and gradually walked out leaving Wang Ma and Min Juan accompanying Lanlan who was still eating, the little one was obviously more interested in food than watching her aunties fight.

Under the night sky, the chilly wind breezed through the back mountains.

Cai Ning and Rose stood quietly at each side of the foyer, both their eyes lit with excitement.

Yang Chen brought Lin Ruoxi and Cai Yan to the other side of the mountain top, quietly waiting for the two women to make a move.

Gradually, the True Yuan from both their bodies released. Due to the differences of body qualities and foundation, Rose's true Yuan was blue in colour and Cai Ning's was more to light golden colour. However, if you identified it closely, the stable True Yuan colours couldn't be seen clearly.

The two didn't have any weapons with them, so they naturally used their realization toward 'Dao' and competed against each other.

Rose made her move first, she stretched her arms and instantly condensed a large swath of crystal water spirit from all directions, like countless pearl icicles, the scene was spectacular!

"Ning'Er, I am not playing around alright."

Cai Ning, who had always been indifferent was quite excited at that point, "Don't worry, just do as you wish."

Rose didn't speak further, she waved her hand and the water spirit rushed towards Cai Ning's position!

Facing this downpour, Cai Ning's showed a delicate smile, but her figure remained motionless!

Yang Chen who was looking at the scene aside was stunned and shocked for a moment.

Rose was curious about why Cai Ning didn't do anything to defend herself or counter attack, but she immediately sensed something wrong in the next second!

A water spirit shield suddenly condensed together behind her back!

"Bang!"

As soon as the sound of explosion came, a pale golden halo splashed a large spirit turbulence above the water spirits!

As for the position Cai Ning was standing, that 'Cai Ning' transformed into a golden streamer, which flickered and dissipated!

"She managed to leave a phantom behind in an instant and with such speed. The 'Dao' that Ning'Er realized was indeed different from Rose's," Yang Chen murmured to himself.

Lin Ruoxi and Cai Yan aside were nervous, this doesn't look like a practice, but more like a real fight?

In fact, what the two didn't know was that, although Cai Ning and rose performed their moves, they didn't use most of their True Yuan, so even if they got hit it wouldn't cause much injuries.

Cai Ning's figure appeared in the air and after a rapid swirl, she somehow turned into many figures.

As if being replicated infinitely, every figure of Cai Ning was exuding a faint golden glow, which scattered around like countless golden flowers!

And these flowers started to drop golden fragments, like petals, gradually drifting!

“So beautiful...what is this...”Cai Yan couldn’t help asking.

Yang Chen felt surprised as well, “probably because of the usage of hidden weapons, these are all spirits of metal. It looks gentle and delicate but it’s extremely sharp and brutal.”

As Yang Chen was speaking, all the Cai Ning in the sky waved their arms, like a goddess scattering flowers, they directed all the golden petals towards Rose in one shot!

Rose didn’t have the time to enjoy this breathtaking scene, she brought up her water spirit shield to protect her back and condensed her countless water spirits into the image of a water dragon and struck it towards the sky!

As the blue dragon was dancing, countless sparks flew from the golden petals and the large phantom clones of Cai Ning in the sky were all crushed!

At the same time, there was still a massive amount of sharp golden petals landing around Rose. The delicate petals that seemed gentle made some strong metal screeching sound!

Fortunately, Rose continued to operate her True Yuan and barely managed to resist it!

Seeing that there were only a few phantoms of Cai Ning left, Rose suddenly switched her move and several Xuanshui cones higher than the sky, started falling!

A golden and blue blasting scene shook the entire mountain!

However, when all the phantoms were torn apart, none of them were Cai Ning’s true figure!

“Oh no!”

The moment Rose realised, she quickly tilted her body sideways!

And it was at that point where a stream of golden light flashed by!

Cai Ning was carrying a golden arc in her arm and it crushed Rose’s shield directly!

Rose, who thought she had dodged this instant attack, was about to strike back, but there were three golden lights staggered from the other three directions!

All of these are phantoms?!

At the moment when Rose was astonished, she instinctively took herself as the origin, and descended from mid-air with a powerful water spirit rushing current!

“Boom!!!”

All of the phantoms were shattered at the moment they were about to touch, leaving a faint golden phantom floating there in a sharp turn and landing into distance.

The scene had finally calmed down at this moment, the two still maintained their original positions, as if nothing had happened.

After being quiet for a while, Yang Chen laughed and applauded first, “Alright, you may stop now, none of you can do anything about it.”

Rose and Cai Ning also knew in their hearts, one couldn't be caught and the other couldn't be broken, none of them could do anything to each other unless one of their True Yuan advances into a higher level.

The two smiled nicely to each other and held hands walking together.

"I've lost the game actually, after all I didn't manage to attack you directly," Rose smiled.

Cai Ning shook her head, "Nope. Even if I managed to touch you, I'll be blocked from the outside, so it'll be practically useless. My attacks are more to the technical side, unlike yours that is grand and powerful."

The two complimented each other which sounded like they should've met each other earlier than this. Both were relatively interested in cultivation which gave them more topics to talk about.

"Ning'Er, you said that you had an epiphany while you were practicing your hidden weapons, meaning those phantoms that were as fast as humans evolved from your Sky-encompassing Flower Rain," Yang Chen asked.

Cai Ning nodded, "Indeed. When I was performing the Sky-encompassing Flower Rain... I felt like I could also feel the hidden weapons as they were being shot out...It's like a weird connection...I can't really describe it, but then I realize that I've entered a brand new field."

"Sister, I envy you so much, when can I be like you too..." Cai Yan hopped onto Cai Ning's body with disappointment.

Cai Ning caressed her younger sister's hair helplessly and smiled, "Sooner or later you will be better than me."

"Hehe, although I know that you are trying to comfort me, I'll take it as the truth!"

This practice didn't take long. The group returned home followed by Rose and Cai Ning as they wanted to discuss further about their tips and experiences.

Knowing that Yang Chen was planning to arrange Cai Ning a place abroad to avoid the people from Hongmeng, her eyes immediately brightened.

"Why don't I go as well, at least we can be together. Besides, Qianni and Aunty Ma are staying together since they are mother and daughter," Rose suggested.

Cai Ning didn't expect Rose to suggest this, but after considering, it was a good idea. They wouldn't feel lonely and were both able to come and go freely.

Yang Chen had thought about this long ago, after all going abroad was safer than staying in China. It would be easier for The Hidden clan to take actions in China so by going abroad they could prevent extra trouble.

Now that Rose had voluntarily suggested this, of course he would agree to it. He told Rose to get ready and he would send them off the day after tomorrow.

Hearing that they would be leaving the day after tomorrow, Rose was a little confused, "Can't we leave tomorrow, we don't have much stuff to pack anyway."

Yang Chen scratched his head embarrassingly, he looked at Lanlan who was gobbling down her food and then at Lin Ruoxi who had a tranquil expression.

"It's Christmas tomorrow and the kindergarten is hosting a carnival. Parents are supposed to bring their kids to play games and stuff, if I don't completely focus, someone will be mad at me..."

Rose and Cai Ning then realized what was happening and couldn't help laughing while looking at Lin Ruoxi. They were envious too as they weren't qualified to participate in this kind of family activity.

Looking at the way Yang Chen was talking, Lin Ruoxi was annoyed and said, "What are you talking about, I didn't tie you up with a chain now did I!"

As he was about to joke it off, he suddenly stopped and looked toward the entrance in confusion.

Not long after, the sound of a car came.

"Who would be here at such a late hour?" Wang Ma wondered

Chapter 1208 - Owh

Owh

Yang Chen stood up, walked straight to the door and smiled, "It's Hui Lin, why didn't this girl inform earlier that she's coming back, I thought she said that she was rehearsing for the Spring Festival Gala in Beijing."

As the door opened, Hui Lin dressed in a white coat was standing outside. She looked as if she had just come back to Zhonghai and no one was following her.

Cai Ning and the rest wouldn't feel strange to see Hui Lin and all smiled while looking over.

Hui Lin had just greeted 'Brother Yang' and saw the crowd in the house. She stuck her tongue out and laughed in embarrassment, "Are you guys celebrating Christmas Eve?"

"Nope, we are just chatting after dinner," Yang Chen asked, "How come you're back, didn't you say that you are preparing for the show?"

Hui Lin followed into the house, "We are almost two months away from Spring Festival, and the crew hasn't finalized the show agenda. Choosing the song and dance crew is difficult as well. Since it's Christmas, I told my manager that I'll return to Zhonghai for a few days as I could only wait over there and not do anything."

Lin Ruoxi also missed her younger sister and went forward to grab Hui Lin's hand, "It's good to see you. I've told you not to work so hard, I've opened the entertainment company so that you would have an easier time, not asking you to earn money for us."

Hui Lin shook her head, "No it's not that, I like my current job. I can meet all kinds of musicians and it's fun to be around them."

The sisters sat down as they were talking.

Hui Lin was already a well known diva in the music industry, Rose and Cai Yan didn't have much interactions with her so they had many questions to ask. Out of a sudden, the gossiping fire got lit up and the entire house was discussing every single thing that had happened in the entertainment industry.

Yang Chen was quite satisfied seeing the 'peace' between the women, how harmonious was this scene.

However, Yang Chen was still not cautious enough. Hui Lin was very popular indeed, but the point was, she was favored by Lin Ruoxi.

With that being said, Cai Yan and the rest obviously wanted to get closer to Lin Ruoxi through Hui Lin, it was killing two birds with one stone.

Speaking about singing and stages, Hui Lin got excited and joined the conversation actively. Her exhaustion from when she just got home vanished into thin air and she was talking non stop.

Lanlan, sitting on Min Juan's lap, was initially burping and having her little eyes half closed. She was getting ready to fall asleep but hearing Aunt Hui Lin's talk about performances, she opened her eyes and said, "Aunty! Can you teach Lanlan how to sing?"

Hui Lin was surprised to hear so, "Lanlan likes to sing too?"

Lanlan nodded, "Yes I do. Lanlan will be singing 'two tigers' for the kids in the kindergarten, and dance too!"

"So amazing, then does Lanlan know how to sing already?" Hui Lin was excited to speak to the child.

Lanlan pouted her lips, "I do but I think the other kids are doing better. Xiao Ya and the rest dance pretty nice as well. Lanlan even practiced in great grandfather's house."

"You kids shouldn't cause too much trouble, do you still need your Aunt Hui Lin to teach you 'two tigers'? Everyone can sing such an easy song," Yang Chen pinched his daughter's face and said.

Lanlan was dissatisfied and said, "Daddy is lying! Mommy doesn't know how to sing...owh!!!"

In the end, Lanlan covered up her mouth quickly with her meaty little hands and whispered, "Right, mommy told Lanlan not to say it out..."

"..."

The entire house fell into dead silence.

As everyone was looking at Lin Ruoxi, the woman stood up calmly and gently touched Lanlan's mushroom head.

She looked tranquil and expressionless, "I'll take a shower, you all continue."

That being said, she turned and walked upstairs as if nothing had happened, but her steps looked as if she was running away.

Everyone tried their best to not laugh but Wang and Min Juan were having a really hard time to endure it given their weird expressions.

As the group thought Lin Ruoxi was returning to her room, the woman went to the handle and shouted irritatedly toward downstairs!

“Yang Lanlan! You are not allowed to sleep with mommy tonight!”

That being said, the woman closed the door with a bang!

This move made everyone laugh out loud. Wang Ma even teared up as this scene was as if a big child was being annoyed by the little child, how entertaining.

Lanlan pouted her lips and looked at Hui Lin pitifully, “Aunty, can Lanlan sleep with you, mommy will hit my buttocks if I find her.”

“You little one are betraying her so fast,” Hui Lin gently touched the little girl’s cheek with her finger, “Your mommy won’t be able to sleep tonight because of you!”

Seeing such a dramatic scene right after she got back to Zhonghai put Hui Lin in a good mood. The entire house was filled with joy and of course, Lin Ruoxi who was hiding in her room.

Only until late night did Rose and the Cai sisters go back. As for Hui Lin, she went back to the room that was prepared for her, followed by Lanlan.

The little girl was sticking onto Hui Lin the entire night asking her to teach her singing. Sadly, her singing talent was quite similar to ‘somebody’, so it wasn’t easy to teach.

Yang Chen then remembered that they should be giving Zhenxiu a call, but Lin Ruoxi seemed to not have the time so he called himself.

It wasn’t Zhenxiu who picked up the phone but Eunjung instead. Hearing that it was Yang Chen, Eunjung informed him embarrassingly that Zhenxiu had gone to sleep as there was class the next day.

Yang Chen hung up the call after hearing that there wasn’t much problem and went upstairs to knock on Lin Ruoxi’s door.

His wife was being mocked for her music talents, although it wasn’t a big deal, he should still care about her.

As Lin Ruoxi opened the door, she showed a dull face, “What is it? Just a quick one, I want to sleep.”

She sounded like she was still minding whatever happened before and Yang Chen couldn’t help saying, “Children’s words carry no harm right, just brush it off my dear.”

“The father is already unreliable enough, the younger one is even worse, making the mother embarrassed in front of others... Shouldn’t have loved her so much,” Lin Ruoxi clenched her teeth.

Yang Chen hugged the woman and kissed her cherry lips despite her reluctance, “Alright, it’s not good for you to be angry. You’ve always been rational and calm, how did you turn into a child after encountering such issues?”

“Are you saying that I am being extra and making a fuss out of nowhere?”

“Of course not!” Yang Chen laughed, “I only wanted to sleep with you, Lanlan is sleeping with Hui Lin tonight.”

“I am not in the mood to do those things...” Lin Ruoxi frowned.

Yang Chen smiled weirdly, “I only wanted to sleep with you, did I ever mention about anything else? My dear Ruoxi, why did you relate sleeping with some other exercises?”

“You...” Lin Ruoxi blushed and stepped on Yang Chen’s legs shyly, “You all are bullying me!”

Yang Chen laughed out loud. He closed the door and carried her up to the bed, “Tonight I shall cuddle this big baby to sleep. Don’t pee in bed tonight or else I don’t know how to change your diapers...”

“Hmmp, there’s nothing nice to hear from you as usual. I don’t want you to change it,” Lin Ruoxi hit his chest with her head but still enjoyed his cuddle.

Christmas Eve went by smoothly, at least to Lin Ruoxi, Yang Chen had been obedient this night.

The next morning, Lanlan was exceptionally excited. She rushed back for the Christmas Carnival and also for her performance, how could she not be hyped up.

She was dressed in a red singlet with white fur linings, her hair braided and was still humming ‘Two Tigers’ during breakfast.

Lin Ruoxi purposely wore a casual winter outfit and didn’t bother to do much makeup, she was afraid of gaining too much attention from the crowd in the kindergarten. Yang Chen did the same as well.

Lanlan was in a good mood as it was rare for her daddy and mommy to go to kindergarten with her. A child is always innocent and easily satisfied.

Hui Lin was envious looking at the family of three, at the same time a little upset, but still held her smile.

Ever since Lanlan came to this family, Hui Lin felt like an outsider despite Yang Chen and Lin Ruoxi taking care of her most of the time.

She should probably just stay in Beijing with her grandmother...

“Hui Lin,” Lin Ruoxi called her out of a sudden.

“Huh?” Hui Lin brought herself back from her thoughts and asked in confusion, “What is it, sister?”

Chapter 1209 - Carnival

Carnival

“You won’t be having anything to do at home right, why don’t you follow us to Lanlan’s event? You are her aunt anyways,” Lin Ruoxi said with a smile.

Hui Lin was surprised and stunned at that moment.

“It’s not that good is it? They are inviting family members, and me...I might cause inconvenience for you guys,” Hui Lin was tempted to go but still brought up her concerns.

“Is it because you became a star that you aren’t willing to go out with us?” Lin Ruoxi jokingly said.

“No such thing. Sister, you know it’s not like this, I am just afraid that I might cause trouble,” Hui Lin sighed helplessly.

Yang Chen could understand Lin Ruoxi’s intention as well, she didn’t want Hui Lin to feel lonely or isolated. He then said while smiling, “ If you treat us as family, you won’t have to think about ‘trouble’ because that’s for outsiders. There aren’t any troubles in our family.”

Family huh... Hui Lin took a glance at Yang Chen complicatedly but nodded with a smile right after.

...

Half an hour later, Yang Chen was driving three women to Yun Hua Kindergarten.

The kindergarten was being decorated with a Christmas and New Year playground, and brilliant cartoons and Christmas styled accessories could be seen everywhere. Although it was snowing a few days ago, they had all melted by now.

However, due to the cold weather, the kids were all wrapped in thick clothes despite playing actively. All of them looked like round snowballs which was extremely cute.

Yang Chen and the others brought Lanlan into the kindergarten and she quickly found her friends that she was close to and ran toward them.

Although the fight that happened before caused many kids to be afraid of Lanlan, her personality gave her an advantage in making new friends. Besides, kids are all forgetful about things, Xiao Ya and the other girls had already got back together with Lanlan.

In order to camouflage herself, Hui Lin carefully wore a mask in addition to a simple grey coat, it wasn’t easy to recognize her.

The carnival hosted by the kindergarten this time had many games and the kids wouldn’t be able to understand and play alone so they invited the parents over to have fun together.

Teacher Hou saw Yang Chen and the wife, her smile immediately got brighter, “Lanlan’s parents are here too, and I was worried that you two would be busy for work. “This is?” She looked at Hui Lin while speaking.

“Hello there, I am Lanlan’s aunt,” Hui Lin said gently and nodded.

“Ah, I see. Welcome here, are you having a cold, do take care of yourself,” Although Teacher Hou felt awkward, she still greeted her politely.

Lin Ruoxi asked nicely, “Teacher Hou, our Lanlan didn’t cause any trouble these days did she?”

“Of course not! Lanlan is very obedient and diligent, I suppose it’s from a good family education,” Teacher Hou immediately flattered them. She wasn’t dumb as well, having a good relationship with them would definitely benefit her.

Lin Ruoxi was satisfied with her answer. She could treat other things rationally, but if someone mentioned that her daughter was not good, she would think that the others were at fault as well.

It was a free time session in the morning and at noon, the teachers were in charge of facilitating different technical games such as, sticking nose, pitch-pot etc. There were also competitions like jumping rope and hula hoops that required more energy.

It was stated that if anyone won a game and got champion, they could get a big toy plushie or chocolates which were things that children liked, that's why Lanlan was very excited.

However, under Lin Ruoxi's request, games such as jumping rope, shooting balloon and hula hoops were games that Lanlan would win without any doubt, so she told her to control herself.

Based on what mommy said, as long as she got number one it's fine, she didn't have to use full force!

Even so, the chubby little girl almost won every single game in the carnival, the other parents were all amazed!

Yang Chen felt that this was too normal so it wasn't very special to him. However, Lin Ruoxi was extremely proud of her daughter and colours filled her eyes.

Hui Lin was also affected by such joyful and innocent activity and was cheering for Lanlan aside. She was pretty busy helping her carry the prizes won.

Many of the parents came up to Yang Chen and Lin Ruoxi to ask for some tips in training their child's physique.

Yang Chen didn't know how to answer the question and Lin Ruoxi had always been a quiet person so he casually answered, "If your child can finish more than ten steaks in a meal, they can be like this as well."

Yang Chen had cut it short but the other parents still felt that it was fake.

After having a simple lunch, it was finally afternoon and it's time for the kids to perform.

In the hall, the kids and parents were sitting in the audience area, the performing ones were backstage preparing.

Lin Ruoxi had her camera ready long ago. But then she noticed that her seat was too far away and she saw an empty seat in front so she told Yang Chen, "I'll go in front to capture the video, you and Hui Lin can sit here."

"Why don't I do it, my photography skills are quite good," Yang Chen said voluntarily.

Lin Ruoxi disagreed, "No way, it must be me who takes the video for it to be meaningful."

Yang Chen was left speechless. *What difference does it make?* But knowing that she was having fun, he chose to keep quiet.

"Sister is really into it."

Seeing Lin Ruoxi unusually sitting in the crowd, Hui Lin laughed.

Yang Chen felt emotional, except for being busy at work, Lin Ruoxi was way better in being a mother than a wife.

But this might be the reason that made him like her.

After the performance started, the kids started to sing and dance on stage. Besides that, they were also wearing colourful costumes.

Being one of the popular kindergartens in Zhonghai, Yun Hua was still willing to spend more on these kinds of events that could gain them fame.

The principal of the kindergarten was heartwarming enough to let a few nice girls interact with the parents by asking them to distribute fruit candies.

When a cute little girl with round cheeks and two braids came to Yang Chen and Hui Lin, she said sweetly, "Uncle and aunty, eat some candies!"

"Uncle doesn't like sweet stuff, it's alright," Yang Chen touched the girl's head and said.

The girl pouted her lips, "You can't do this! I will be angry if you don't eat it!"

Kids nowadays were quite demanding, Yang Chen was speechless so he had no choice but to stuff one into his mouth.

Although Hui Lin wasn't interested in sweet things as well, she still took one.

In the end the girl was afraid that Hui Lin would lie to her and stared at her, "Aunty, eat it and show me. Put it into your mouth... Ah..."

As she was talking, the girl did a demo and opened her mouth wide.

Hui Lin couldn't resist the child's innocent eyes, seeing there wasn't anyone looking at them, she took off her mask and ate the candy.

"Is it okay now?" Hui Lin asked with a smile.

The girl smiled sweetly, nodded and then went away.

At this moment, the music of 'two tigers' came from the stage.

Hearing that it's Lanlan's performance, Hui Lin didn't bother anything else and looked up.

Lanlan and a few other girls and boys were wearing tiger onesies hopping and jumping out, starting to perform the silly dance.

Yang Chen couldn't help but to laugh out loud, a sour feeling came through his nose unknowingly.

He couldn't describe whether it was happiness or satisfaction. It was a joyful scene, but Yang Chen felt that his eyes were starting water.

Lin Ruoxi was standing in front shooting with the camera without bothering if she was blocking the people behind and waved at Lanlan from time to time.

Lanlan's singing abilities weren't that good, but her young and tender voice was quite pleasant. The little girl didn't care about her pitch and was performing happily.

After the song ended, the group of kids got off the stage and the adults gave them a round of applause and cheer.

Yang Chen noticed Hui Lin was only clapping and forgot to put on her mask, so he immediately helped her wear her mask.

Hui Lin suddenly realized as well and quickly pulled it back up herself. She looked around worriedly, seeing that no one was noticing her, she let out a sigh of relief.

This Christmas, everything seemed to be filled with warmth and joy.

However, what Yang Chen and the rest didn't realize was that, right beside the stage at the shooting area, a man was taking a series of pictures with his phone...

Chapter 1210 - Caesar

Caesar

Half the day had passed as they were in the kindergarten. As evening came, the crowd started to reduce, and the greyish sky started to snow again.

Lanlan fell asleep in Lin Ruoxi's arms not long after she got in the car, her little mouth still moving as if she was thinking of eating something when she got home.

Lin Ruoxi was sitting at the backseat along with Hui Lin. Hui Lin was holding the camera as she replayed the videos taken in the afternoon. She found them interesting and wouldn't get bored of it, she even turned off the volume so that it would not startle Lanlan.

Yang Chen was in front driving, seeing the two women smiling from the rear mirror, and his daughter's silly sleeping pose, he couldn't help but feel warm waves in his heart.

Such an ordinary sense of happiness and satisfaction, was this what he dreamt of when he returned to China? At least now, this felt really fascinating, if no one was there to monitor him, if no one came to trouble him, it would have been nice to live peacefully.

This was the first time in his life that he felt Christmas was too short and wanted it to be longer.

The next day, it was time to bring Cai Ning and Rose to The Forgotten Realms.

He had informed Ron earlier and the old man had already prepared everything the two women needed. He had even arranged the maids that were supposed to take care of their daily needs.

Rose and Cai Ning brought their own personal items but there weren't many luggages.

Departing from China, flying straight to the Mediterranean with the two women only took them ten minutes plus. It was the first time for Yang Chen to be flying with his women this way, he felt proud of it.

Although their arrival time was night, the two women could still see things clearly at night after reaching the Soul Forming Stage, so it didn't affect them enjoying the beautiful scenery.

"You guys are here just right in time, the winter in Mediterranean is mild and rainy and it's not dry or cold as well. You are here to enjoy," Yang Chen said with a smile as soon as they landed.

Rose and Cai Ning were indeed attracted by the breathtaking views here, their eyes were filled with glory. Initially they felt slightly reluctant to go abroad for the sake of avoiding Hongmeng, but now they seem to be killing two birds with one stone, they could enjoy a vacation here.

Stepping on the soft sandy beach, Yang Chen led the two and strolled along the coastline to his own castle. Ron had already opened up a bottle of champagne to welcome them.

“Honey, you said that everything here is yours?” Rose asked as she was playing with a big seashell she picked up earlier.

Yang Chen was quite proud, “The entire group, and the surrounding seas, are not only mine, but also my private navy. These areas are gray areas, and no country can approach and detect, so they will not be found on the map.”

“Is it that all gods have their own territory or is it just you honey?” Cai Ning was curious.

Yang Chen thought for a while, and said, “Actually, I am not sure either. Earth is not exactly big but not small as well. The gods left behind are all beings of at least 20,000 years old and they are familiar with every corner of the planet. If you want a private territory like this, it’s definitely easy, just to see if they’re willing to get it. I heard from Christen that she has a private territory in Canada, and Poseidon has one around Hawaii. I don’t know about the other territories. Everyone’s preferences are different and they might not be bothered about this.”

“If it’s like this, I think Hongmeng from China is more pitiful. They are always hiding in the Fantasy Realm and are not chic at all,” Rose said ironically.

“Probably because of Athena’s deterrence. After all cultivation isn’t easy, no one would want to purposely go through it.

Yang Chen thought in his heart, if the gods only had 20 to 30% of their strength left, let alone Athena, anyone of them could slaughter an entire field of Chinese cultivators.

Perhaps Hongmeng was afraid of something that they didn’t know that’s why they had been hiding in the Fantasy Realm. It was mostly an excuse not to affect the order of the world.

Unconsciously, while chatting, the three of them had already reached under the huge castle.

Both Rose and Cai Ning looked at Yang Chen’s “apartment building” with a bit of amazement. It was so big, and it was almost like the king’s castle in a fairy tale.

Yang Chen took the two women’s hands and jumped easily to the high cliff. Outside the castle, Ron was dressed in a black vintage suit and bow tie, and he had brought a few old friends who lived there, waiting with a smile.

“Your Majesty Pluto, two beautiful ladies, welcome home,” Ron was gentlemanly leaning to the side and spoke in Mandarin specifically.

Yang Chen patted the old man’s shoulders and greeted several acquaintances. These were all subordinates who had retired from his mercenary group and the upper level of the ZERO organization. The feelings between each other came from bloodshed and there was no need to say more.

Rose and Cai Ning blushed as they were being referred to as 'lady', but felt sweet as well.

This was the first time for the two to experience the shadows of Yang Chen's past life in such a close range. These men looked very kind, but there was always a sense of iron and blood, which made the two women feel a little restrained, not knowing what to say.

After entering the castle, after everyone took their seats in the huge dining hall, the maids one after another put on silver paper dinner plates and began to serve them with smiles on their faces.

Ron and others didn't feel much doubt about the two strange women Yang Chen had brought, and they greeted them affectionately, which made Rose and Cai Ning relaxed.

"Two ladies, I specially called a chef from China and a French chef to work in the kitchen together. You two will be able to order anything you want," Ron said cheerfully.

"Thank you Mr Ron, it's very thoughtful of you," Cai Ning said sincerely.

"Hehe, we don't have a large population, and new members are welcomed to join. Besides, the two ladies are the lovers of His Majesty Pluto, and naturally they are also the mistresses here," Ron's words were as sweet as honey.

The two women blushed again involuntarily. They weren't formal wives so they couldn't be called the mistress, but in the eyes of these foreigners, as long as they were the woman next to Yang Chen, they could be included in the mistress.

Yang Chen saw that the two women could chat with his old friends, and he felt more settled.

After half a bottle of the wine, Ron and the others were already flushed, their voices were particularly hearty and loud, and the atmosphere seemed particularly joyful.

A bearded man named Callehon, a Northern European, was once one of the leaders of Sea Eagles in Northern Europe. He had lived in Shanghai for five or six years and he's now in his seventies.

At this time, holding the silver goblet, he grinned at Yang Chen and said, "Your Majesty Pluto, next week is the 'Caesar Conference'. Why don't you stay for a while, or take your family with us and take a look at the boys"

Yang Chen twitched his eyebrows, "The Caesar Conference? Right, it's been four years already. Where will it be held this year?"

"Not far, just opposite the ocean, near Ron's hometown, hehe," It was a skinny old man that was laughing eerily.

"Sicily Island? So Ron, you will be busy huh, don't let anyone secretly smash your treasury," Yang Chen said jokingly.

Ron shook his head and said, "I haven't taken care of the family business for a long time, just let them do it."

Rose was a little confused and asked Cai Ning softly, "What are they talking about?"

Cai Ning shook her head as well, "They are speaking Italian, Russian and other languages. I can only understand English, French and Spanish, not the rest."

Ron was thoughtful enough to translate, "Two ladies, we are discussing the 'Caesar Conference'."

"What is that?" Rose was curious

"Hehe, basically, mercenaries all over the world who think they have the ability to compete together will be here. The reason why it is called the 'Caesar Conference' was originally to commemorate the elite cavalry of the Roman Emperor Caesar to show respect. Modern times Caesar Conference is also called 'Mercenary Assembly'. We feel that if we wanted an increase in employment funding, we would have to get a high ranking in this competition where this is a platform for new mercenary corps to upgrade themselves. The Caesar Conference during the World War II period halted because most of the mercenaries were wealthy. However, after World War II, especially in recent decades, it was held every four years. Such a grand event, not only would the big customers in the world participate, but also representatives sent by some countries. They are here to see which mercenaries are worth the high price. Therefore, any prestigious mercenary corps will join in, otherwise they will be considered weak, and there will be no source of income. "

Hearing this, whether Rose, who was originally from the dark side, or Cai Ning, who was a member of the national special organization, immediately became very interested.

Both of their eyes were shining, *this is way more interesting than whatever performances! A fight between mercenaries from all around the world? This is going to be fun!*

"Mr Ron, who won the champion four years ago?" Rose asked.

"Should be 'Sea Eagles' right, aren't they the strongest mercenary corps along with Sand Storm?" Cai Ning said.

However, Ron shook his head helplessly, "Lady, unfortunately the previous champion isn't His Majesty Pluto's Sea Eagles, nor the God of War's Sand Storm..."
