

## Chapter 121

Gu Chen see her don't answer, gently said to her, "Tong Xin, if you are to avoid me, really don't have to, we are college students, isn't it, how can I let you embarrassed, so you rest assured, your things I will keep secret for you."

Zhao Tong Xin twisted his body and looked at his gentle expression with some guilt: "Gu Chen, I know you are good for me, but I really don't need your help. I have a good life. Thank you for your concern."

"Jin Zhengting is also very good to me, and our relationship is very stable."

"I know that you must have misunderstood my relationship with him and thought that I would be hurt. But who can say the right thing about feelings? As long as you are happy now, you can say things later when they happen."

Hearing Zhao Tongxin say Jin Zhengting's feelings with her, Gu Chen's smile on his face is lighter, and his tone is a little lonely: "Tong Xin, I know you don't want me to worry about you. Even if you tell me these things, I don't believe them. Even if you don't say them, I will find out the positive direction of things."

"Gu Chen, why are you so stubborn? I will deal with my affairs myself. You are so busy with your work, and you are a public figure, so don't worry about me." Zhao Tongxin originally wanted to take this opportunity to make it clear to Gu Chen. Unexpectedly, she said everything, but Gu Chen didn't believe it.

Still bent on finding out the truth.

"Well, Tong Xin, I can ignore you, but you have to tell me the truth. What's the secret between you and Jin Zhengting?"

Zhao Tong Xin asked himself not to be soft hearted and said in a tough tone: "Gu Chen, there is no secret between me and Jin Zhengting as you think. I am serious about his feelings, and I have confirmed the relationship with him. I hope you understand."

Zhao Tong stood up and looked at the central dance floor. He said calmly, "Gu Chen, you know what I mean. I hope you don't disturb me again."

Heart is not a little uncomfortable, the boy in the sun, gentle dotting eyes, like a phantom, the wind blows away, they can no longer go back to the past, even if only as a friend.

Liu fei'er suddenly appeared and asked her in a sharp voice: "who are you and how do you sit with Mr. Gu?"

Since Liu fei'er knew that Gu Chen was designed that day, she still didn't start with her. Her heart has

changed a little. She thinks that Gu Chen must also have feelings for her, but because of their work, it can't be explained.

Just a few minutes after she went to the bathroom, she saw a woman tugging at Gu Chen.

Gu Chen ignores the anger on Jin Ying's face and says in a flat tone, "Liu fei'er, who do I do with? Does it have anything to do with you?"

"Mr. Gu, how can you say that to me? I ask this for your own good. Although there are not many people in this corner, how can you know that there are no paparazzi in any newspaper to sneak photos among the crowd?" Liu Fei Er arrogantly glared at Zhao Tong Xin, insinuated: "maybe some people just take the opportunity to climb the relationship, also can't say."

"Today's women don't have any self-esteem. It's really tasteless to see a man stick it up like a dog skin plaster"

Zhao Tongxin looks at Liu fei'er, who looks as beautiful as an angel. What she says is so uncivilized, which is also a pity. The national goddess is still more realistic on the TV screen, and it's not as good as ordinary people.

Zhao Tong Xin felt a little tired and wanted to get up and leave, but he was held by his arm.

Just turned around and came a glass of cold wine, Zhao Tong heart moment of ignorant, unbelievable looking at Liu Fei Er holding the glass of hand, angry stare at her, "you this woman, you are sick, for no reason why you want to splash water on me."

Gu Chen wants to get angry and is stopped by Zhao Tong Xin's eyes. He knows that she doesn't want to involve him. His anger turns into coldness, which makes his expression look ugly.

Liu fei'er is famous in the company. He deliberately takes Joe and is arrogant to everyone. He seldom pays attention to Liu fei'er. However, Liu fei'er always deliberately approaches a company, and it's not easy for him to do too much. Now it's fueling Liu fei'er's arrogance.

Liu Fei Er disdained to see an angry Zhao Tong heart, Jiao smile a, "who let you this woman purpose does not exist close to the elder Gu, this glass of wine as I kindly remind you to be a good man in the future."

"Besides, only women like you will come to the ball dressed like this, and they don't know what the security guards are for. They let you in."

"You can tell from a glance that a well-educated woman, I think her upper beam is not straight and her lower beam is crooked. Your mother must be such a woman, otherwise there would not be such a woman as you everywhere."

Liu fei'er's disdainful voice directly penetrates the music of the dance, and people's eyes vaguely glance in their direction.

Women in the upper class, to put it bluntly, are too bored to dig out some private affairs of others, as if they can show their ability.

Zhao Tong Xin is like an angry little lion. Her anger burns her heart, her throat and her whole body. She reaches out and slaps Liu Fei Er in the face. The palm of her hand is numb because of her strength.

Voice cold to the bottom, "you said me, I can be as a mad dog bit, but you violated my bottom line, this slap is for your mother to teach you how to speak." For the first time in such a long time, Zhao Tongxin was so angry that she had no father since she was very young. She had been dependent on each other all the time. It was her mother who brought her up. It can be said that half of her mother's illness was due to her drag.

She would never allow anyone to insult her mother.

Gu Chen sees Zhao Tong Xin's action, the corners of his mouth can't help but evoke a smile, such a temper just like her, that kind of forbearance and clever expression is not the open and wanton Zhao Tong Xin that he knows at all.

Liu Fei Er covered her face and looked at Zhao Tong Xin in disbelief, as if she was a dinosaur monster. "You hit me, you dare to hit me."

She always thought that even if the woman in front of her was just a woman who wanted to hook up with a man at the party, she would not dare to beat her. She did not expect that this woman would dare to beat her.

Although Liu fei'er is not richer than Jin Ying's family, she is also a princess who was held in the palm of her hand by her family since childhood. In the company, Liu fei'er wants to live in the wind and rain. How could she receive such treatment.

Like a sudden reaction, holding the hand of the wine glass crazy toward Zhao Tong heart rushed to, sharp cry broke his throat, "bitch, I have to for your uncivilized mother today, educate you this uncivilized thing."

Gu Chen stands the figure of fixed, fierce move, restore calm again, quick let a person imperceptible.

"Clang" is the sound of broken glass. Jin Zhengting's tall body protects Zhao Tong's heart in his arms. The glass directly hits his arm, and the splashing glass slag cuts his arm.

Quiet, the scene is as quiet as death, even the music is stopped.

The crowd held their breath and watched the scene, not knowing what would happen next.

Jin Zhengting sees Zhao Tongxin's movement and rushes over. He only has time to pull her into his arms. Jin Zhengting can't help but be thankful. Fortunately, he rushes over. He can't imagine whether he will lose control of his anger if this wine glass hits Zhao Tongxin.

"Well, it's all right." Jin Zhengting picked up Zhao Tong's curled up body and looked at the wine stains on her face. Her tears were whirling and she was deeply distressed.

"Jin Zhengting?" Zhao Tong Xin looks at Jin Zhengting's Distressed expression, and then he reacts. At the moment when Liu fei'er comes, Zhao Tong's heart is so close that he has no time to escape. He can only watch the wine glass smash at her.

She thought she could not escape this time. She closed her eyes and waited for the pain to come. Unexpectedly, a strong body protected her in time.

Liu fei'er looked at so many people around him, but his anger still didn't subside. He scolded: "you bitch, if you can't hook up with the elder, where are you pretending to be poor, you shameless woman?"

Around the crowd pointing, whispering.

"My God, I can't see that woman's weakness in doing such a thing."

"Oh, you don't know, now the small three are like this, the surface seems very innocent, in fact, the heart can be bad."

"No, you don't see that the man who protects her is better than another man."

"Shh, don't talk nonsense. The man who protects her is Jin Zhengting."

Public opinion has become a bit lopsided. Most of them sympathize with Liu fei'er. As long as they say that the woman seduces other people's husbands, she is the one that women will spit on as the third.

Jin Zhengting's cold and sharp eyes swept the crowd and told them one by one, "she is, I am, I am, I am, I am."

"Who's talking nonsense, I will definitely let that person understand what disaster means"

Yang ziye opens a crowd and rushes over, "Zhengting, what's going on, what's going on?"

"It's just a mad dog biting people." Jin Zhengting stares at Liu fei'er coldly, with a cold air in his indifferent tone, "Liu fei'er, only this time."

Liu fei'er's father is his father's subordinate. He has always been loyal to his father. Although he has retired from the army and engaged in business, he is also looking forward to the Jin family. If Liu fei'er is

dealt with, his father will be embarrassed and his woman will be wronged once.

"Liu fei'er, stop making trouble. Let's go back first, or the board of directors will have a bad ending when they know." Gu Chen looks concerned about Liu fei'er, but her charming and deep eyes are cold.

Fortunately, Jin Zhengting arrived in time, otherwise the injured one would be Tong Xin. This woman is bold and reckless.

"Wait a minute." Zhao Tong Xin suddenly called out.

Under the gaze of the crowd, he took two glasses of wine from the waiter and splashed it directly on Liu fei'er's face. "Next time I'm in this way, I won't be so lucky to leave."

"You bitch..."

without waiting for Liu fei'er to scold, she caught a glimpse of Jin Zhengting's indifferent eyes, trembled in her heart and sobbed wrongly. "Brother Jin, it's all the woman's fault. She even slapped me. If Jin Ying knows, she must say I'm useless."

She is just a little good-looking to Gu Chen. The person she adores all the time is Jin Zhengting. Because her father has a relationship with Jin's family, and she is Jin Ying's best friend, she has no fear. I didn't expect that Jin Zhengting would be so cruel to her. It's about defending other women.

When she moves Jin Ying out, she has another meaning. If she tells Jin Ying, then Jin Ying will tell Uncle Jin, and he will be hard to explain.

"Pay attention to your wording, Liu fei'er." Jin Zhengting has the same expression and colder eyes. There is only one chance. If Liu fei'er doesn't want to grasp it, don't blame him for his ruthlessness.

"I, I know." Liu fei'er looks at Jin Zhengting's horrible eyes. She doesn't dare to mention Jin Ying any more. She looks at Jin Zhengting pitifully, hoping that he can notice. However, Jin Zhengting ignores her.

## **Chapter 122**

There are more and more people around. As a public figure, she can't let this situation be photographed. She can only hastily cover her face and follow the agent to leave. She also scolds: "where have you been, you rubbish? When you need help, you can't rely on anyone."

"A group of losers, let the company dismiss you all tomorrow."

"Don't be angry, Phil. I'll take you to the doctor." As Liu fei'er's agent, I dare not refute. I seem to have been used to Liu fei'er's attitude.

In Jin Zhengting's eyes, Yang ziye nods imperceptibly. How can he let her go so easily? The last time he bullied Zhao Tongxin, he couldn't die, and he couldn't move Liu Feier. It's still very simple to make Liu

Feier feel bad by some means.

Yang ziye said to the crowd, "OK, it's OK, it's OK, everyone continue to drink, don't care about these little things."

All of a sudden, the subject changed, and he said, "I hope you don't worry too much about this little thing."

After all, Yang ziye's words are all the people in the shopping mall. There's something I don't understand. I know what he said is, don't tell it out, or I'll bear the consequences.

Everyone is also playing ha ha, scattered, but the heart of the discussion is another matter.

"Jin Zhengting, what's wrong with your arm?" Zhao Tong heart exclaimed, Jin Zhengting's arm has several sharp scars, but also slowly bleeding.

Suddenly she thought of the wine glass, her eyes were more red, and she said painfully, "aren't you always very smart? Why do you use your hand to block the wine glass? Don't you know you will get hurt?"

Jin Zhengting looked at Zhao Tongxin, who was worried and distressed. He seldom comforted him in a soft voice: "I don't block it. Do you want to break your face?"

Zhao Tong heart tears, Bata Bata drop, regret said: "sorry, it's all me, otherwise you won't be hurt."

Jin Zhengting gently wiped away Zhao Tongxin's tears, and said in an indifferent tone: "don't cry."

"A little injury, it'll be fine soon."

"You know how to coax me." Looking at Jin Zhengting's indifferent expression, Zhao Tongxin can't cry. Is this man made of iron? He doesn't understand women's heart at all.

Looking at the sour teeth, Yang ziye said in a sour tone: "I wonder if you two are used to ignoring people around you."

Jin Zhengting glanced at him lightly and said, "you can look for one if you are envious."

Yang ziye thought about it, but the woman refused, "forget it, I'll go and have a drink. You go on."

Seeing that they didn't even mean to answer, Yang ziye could not help shouting: "Oh, I can't stand the way you two show their love. Let's go now. I have to find a beauty to comfort my hurt heart

Jin Zhengting said, "let's go back, too."

"Have you finished all your business?" Zhao Tong's heart bows his head and carefully cleans Jin Zhengting's wound. He is afraid that the broken glass will stay in it and the wound will be easily inflamed.

"Well, it's over." Jin Zhengting doesn't stop Zhao Tongxin's action and looks at her quietly.

"Well, we'll go."

"Good."

The weather has gradually entered autumn, and the wind at night is blowing slightly, with a hint of coolness. Jin Zhengting takes off his coat and puts it on Zhao Tong's heart.

Zhao Tong's heart was in Jin Zhengting's arms, and he explained: "Jin Zhengting, I don't know where I will meet Gu Chen. I just want to make it clear to him."

She didn't want him to misunderstand.

He knows.

Jin Zhengting didn't speak. He just touched Zhao Tongxin's hair, again and again.

"Jin Zhengting, do you think I'm a troublemaker? I want you to clean up every time." Zhao Tong's mood is a little low, such things are not once or twice, but many times, even if he is not bored, she is bored.

"Don't think about it." Jin Zhengting's husky voice had a soft touch.

used to be a little hesitant about the fact that they were married. Zhao Tongxin always felt very unrealistic. It seemed as if the happiness would disappear like a bubble in the next second.

Zhao Tong heart sweet smile, firm said: "good."

Also said to myself in the heart: good, I will be your wife, good, I will strive to maintain our feelings, good, I believe we will always be together.

.....

After Zhang Ying left her job, the Secretary's office was quiet for a long time. Zhao Tongxin's life is much better. Most people do their own work well. They are not very warm to her, but they can get by.

We all live in peace.

Qian Yuanyuan stirred the pen holder on Zhao Tongxin's desk and asked: "Tongxin, tomorrow is the time to travel. Have you prepared your luggage?"

"Well, there's nothing to prepare for. Just bring some clothes to change." Zhao Tong heart busy with the things on the head, there is no one to take with the answer, although that kind of thing happened that day, but there is still her name on the list.

She knew that it was Yejie who put Zhang Ying's affairs down, otherwise the secretary room would not be so quiet. Of course, Yejie would do so in large part because of Jin Zhengting. The ending is good.

"Just a few clothes? That's too shabby. I'm sorry to say that I'm going to travel without a suitcase. There are a lot of specialties and delicious food there. Don't go to have fun and eat?" Qian Yuanyuan is a little dissatisfied. Is it easy for her to win a place? She will not do it if she just does it in a hurry.

"There are so many things to prepare. Do you have two more?" Zhao Tong doesn't like it. It's not moving. What are you going to do?

"Tong Xin, you don't understand. If you ask anyone, it will be more complete than you have prepared. When it comes to mountain climbing, water crossing, swimming, rafting, fishing, boating, and so on, don't you want to play?" Qian Yuanyuan is not the first time to visit maple leaf mountain. Instead, she is a familiar guest. Every season, she will go to see the red leaves all over the mountain by herself. It's as red as fire. It's beautiful and intoxicating.

"Where the scenery, you will never regret."

"Yuanyuan is right. I saw the travel strategy map sent by others on the Internet, and the photo is even worse than the painting. I dare not say it must be true, but it must be true." Because we are going to travel, we don't have the heart to work. When someone hears the topic of Qian Yuanyuan's chatting, they come to join us.

"If I can travel with people I like, I will die without regret."

"Tang Xiaoai, I love this sentence." Qian Yuanyuan nodded with approval, where the scenery is picturesque, and how romantic it is to be able to walk in the maple leaf forest with the people he likes, when the night wind blows and sounds like sea waves.

Zhao Tong Xin looked at their two exclamatory expressions and said with a smile, "I think you two are missing spring."

Tang Xiaoai is a secretary recruited to fill the vacancy after Zhang Ying left with Mia and Chen Meili. Recently, she followed Zhao Tongxin and they were very close. Her simple character soon merged into them, and it seemed that she wanted to form a trio.

She clasped her hands to her chin and said, "if I accidentally meet my right one, I think I will fall in love without hesitation. It's too romantic."

"My requirements are not high, as long as a good-looking handsome guy, the best is gentle and golden, tall and strong, the most important thing is to be able to hold me, too weak man I don't like." Qian Yuanyuan also thinks that the possibility is very high. The romantic place of dating in maple leaf mountain is a good time to meet Yan.

"Well, I wish my dream come true." Zhao Tong Xin some funny looking at their two longing expression, as if has gone to the maple leaf mountain to meet their favorite people.

But she couldn't help but be shocked. She didn't understand how Jin Zhengting's cold personality could choose the romantic place, because of other people's suggestions, or because he didn't think so much and made a decision at will.

Qian Yuanyuan waited for a moment. Seeing that Zhao Tongxin didn't follow, she said with some dissatisfaction: "Tongxin, you are not fair. Why do you wish Xiao Aimei's dream come true without me?"

"You? It's a bit demanding." Zhao Tong Xin shakes his head as if it's a pity. There are few men who can hold yuan yuan yuan with such a round figure. Few men who are not big enough can bear it.

Let her how blessing, besides, there are Lu brothers, that round also get her say these, just don't know Lu brothers that have so much strength to hold the garden.

Lu Zhan is gentle and tall, and Lu Mo Yan is uninhibited and thin. It seems that neither of them is very strong.

After thinking about it, only Jin Zhengting has this ability. The man is as brave as a wild animal in bed. Holding her body is as easy as holding a chicken.

Zhao Tong Xin found what he was thinking, and his face was a little red.

Zhao Tong psychological straight gas strong said: "I this request where high, if even his own woman can't hold, that still calculate a man?"

At least ah Yan can hold her before. No, what is she thinking? She can't think about that annoying guy any more. This time, she must take this opportunity to find a handsome guy and get rid of the two bad stars of the Lu family.

Zhao Tong felt his chin, as if unconsciously said, "a month's time is almost good, Lu Moyan should be back soon."

Qian Yuanyuan was obstructed by Zhao Tongxin's words. Seeing Zhao Tong's narrow mind, he knew that he had been fooled by her and said angrily: "Lu Moyan had better not come back. I wish he could roll as far as he can."

"Yuanyuan, Tong Xin, who is Lu Moyan?" Tang small love to listen to a face say hello, is the pupil heart

said that person is like the garden man? Yuanyuan's expression should be that he doesn't like that man's hand.

"Fat woman, you can't get me out of here." I don't know when Lu Moyan, who had been standing at the door for more than a month, had his fair skin tanned to wheat color and his black hair dyed to silver gray, which made him look more dissolute and uninhibited.

"No way, just get out of the window." At first glance, Qian Yuanyuan saw Lu Mo Yan's steady heart beat faster. Smelly man, it's so fancy. He must have come to attract bees and butterflies on purpose.

The women in the Secretary's office, originally because they were going to travel tomorrow, were not in the mood for work. They were listless. Suddenly, they saw a handsome man coming in. All of them were full of energy. Tang Xiaoai's muddled expression at the moment of seeing Lu Moyan, the man's dazzling facial features and uninhibited bad smile burst out a gorgeous flower in her mind, like a thunder's heartbeat, just like bursting out of her chest.

Others are attracted by Lu Moyan, only Zhao Tong is not surprised. When she sees Tang Xiaoai's expression, she is stunned. No matter how familiar she is with that kind of look, Xiaoai won't take a fancy to Lu Moyan.

Lu's brother and Yuanyuan are already in a love triangle. If Xiaoai falls into it foolishly, doesn't she have to suffer? Maybe it's just that she is worried. After all, Xiaoai only meets Lu Moyan for the first time.

It's normal to be confused for a while.

Zhao Tong heart forget, there is a feeling, called love at first sight.

"Ha ha, I'm not going away. I've brought you all gifts on this trip. Don't you want any more gifts?" Fearing that he would miss Qian Yuanyuan too much, Lu Mo Yan directly ordered a plane ticket and went abroad for a holiday. Only after a month's regular visit did he let himself come back.

Before he got home, he couldn't wait to get to heyday. When he saw Qian Yuanyuan's chubby face, his heart was stable. He also thought that in a month's time, he might feel less about Qian Yuanyuan. In the end, not only he didn't, but he was more intense.

Now that he's back, no one's allowed to touch his woman.

"Gifts? I'll have a look at it if you don't take it As soon as he heard of the gift, Qian Yuanyuan couldn't keep his expression of disgust. He looked back and forth at Mo Yan's empty hands, but he still didn't see the so-called "gift". He immediately got angry, "Lu Mo Yan, don't you say you bring a gift? Do you still have a gift out of thin air?"

She also wanted to be embarrassed. After a while, Lu Mo Yan said, "there are so many people in our secretary office. You can't say that you have only one or two copies. It's better not to give them away."

The people in the Secretary's office didn't think much about it. When Qian Yuanyuan said that, they also looked at Lu Moyan. If they had sent Qian Yuanyuan alone, they would be embarrassed to meet each other in the future.

Looking at Qian Yuanyuan, Tang Xiaoai intends to embarrass Lu Moyan. She is worried and wants to speak for Lu Moyan.

Lu Moyan opened his mouth and said, "I know you are a woman who will make trouble for me. Can I let you talk?" After that, he raised his hand and waved back a few times.

There are three or four men in the semi open door of the Secretary's room. They are carrying a lot of shopping bags in their hands. Each one looks the same. It's beautiful and exquisite. People with a clear eye can see that it's worth a lot.

"One for each." Lu Moyan took two shopping bags from a person with a small amount of money in his hand and walked towards Qian Yuanyuan.

Zhao Tongxin picks eyebrows. Unexpectedly, Lu Moyan is really ready and doesn't leave anyone behind.

Lu Moyan handed the gift to Zhao Tongxin and said, "Secretary Zhao, this is my tribute to you. I hope you can help me a lot."

## **Chapter 123**

"I won't accept it." Zhao Tongxin doesn't want to sell her friends just because of a gift. The most important thing is Yuanyuan's choice. Yuanyuan supports whoever she likes.

"I'm joking with you. Don't take it too seriously. I dare not ask you to help me." But Lu Moyan has learned Jin Zhengting's dark stomach. Now he is still itching. With this loss, he dare not do harm to Zhao Tong's heart when he is not sure.

There is a long way to go. It is not certain who will win or lose.

Qian Yuanyuan looked at Lu Moyan's gift and said that he would give it to Zhao Tongxin. He said, "take it, Tong Xin. He certainly doesn't care about this little money. Are you right, Lu Moyan?"

Lu Mo Yan did not feel ashamed, but also felt very face and said: "well, yes, my woman just knows me."

When Qian Yuanyuan heard Lu Moyan's address to her, he burst out, "get out of the way. If you're talking nonsense, I'll tear your mouth."

"Don't be angry. Look at the present I bought for you." With a smile on his face, Lu Moyan handed over another shopping bag.

When Tang Xiaoai saw Lu Moyan and Qian Yuanyuan flirting with each other without any scruples, she felt sad. When she saw Lu Moyan giving Yuanyuan and Tong Xin a gift, she didn't pay any attention to her meaning and felt extremely aggrieved.

Zhao Tong Xin sees Tang Xiaoai's embarrassment and kindly says, "anyway, this gift is the same. Let's give it to Xiao Ai first."

As soon as Zhao Tongxin handed out the shopping bag, he was pushed back to his arms by Lu Moyan. His smiling expression remained unchanged, but he said helplessly: "take this one. I've bought many gifts, so I won't miss her one."

Tang Xiaoai ready to stretch out the hand, stiff stop in the middle of the road, this bright embarrassment, let her almost cry out, the eyes are a little red.

"Lu Mo Yan, it's all the same. What are you doing?" Zhao Tong's heart suddenly has a kind heart to do bad things. Now Xiao Ai is even more embarrassed. It's all her fault. Of course, the culprit is Lu Moyan. Aren't they all gifts? Everyone is different first.

Just want to stare at Lu Mo Yan, see the deep meaning in Lu Mo Yan's eyes, is it because the two shopping bags in his hand are not the same, so he personally brought them two.

If it is Lu Mo Yan who specially chooses to give it to her and gives it to others, it's really not good.

Can only say helplessly: "Lu Moyan, you really hate."

"No, you don't understand. How can you blame me?" Lu Mo Yan looks at Zhao Tong Xin's reaction. He smiles and doesn't care. It's just a gift. The woman standing by Zhao Tong Xin's side is not very smart, but they have a good relationship.

Still give that woman a little face, to not far away assistant waved a hand, said: "first give this young lady that gift, don't look at a little bit?"

The man's rigorous expression does not change, respectfully said: "yes, second young master." In fact, before he came, the second young master explained that except for the two gifts he gave himself, others were given to them for distribution.

But they will listen to what the young master says.

Tang Xiaoai took a look at the present in his hand, and then at Lu Moyan, who was smiling at her. There was no grievance in his heart. He blushed and said, "thank you, Mr. Lu."

Lu Mo Yan is not very cold, but also not to Zhao Tong heart their warm, said with a smile: "you're welcome."

Tang Xiaoi wants to say something else, but Lu Moyan turns around and whispers something to Qian Yuanyuan. Qian Yuanyuan stares at him discontentedly. Tang Xiaoi looks at him and feels bad. He doesn't expect that the man who likes Yuanyuan will be him.

So excellent, like the existence of a sun, I don't know why Yuanyuan doesn't like him.

But does this mean that she will have a chance

Looking at the exquisite shopping bags on the table, the people in the Secretary's room can't wait to open them. They take out the gift box and untie the bow on the box. Inside the box is a new autumn diamond necklace with a set of French Bani jewelry.

"It can't be the new autumn model of Banni, which is worth 180000 yuan." At Dingsheng, I must have studied jewelry, and it's not surprising that I can recognize it. However, I didn't expect that Lu Moyan's big hand would be more than 100000 pieces of jewelry.

Some people can't wait to open it and look at the sign inside. It's really Banni's brand. Some people don't know whether they should or shouldn't accept such a valuable gift.

Women's eyes are reluctant to give up with nostalgia.

It is worth 180000 yuan. There are more than 30 people in the Secretary office, one for each. It is also an objective project.

For Lu Mo Yan, of course, it's not worth mentioning, but for them, they don't have to be ruthless in their life.

Zhao Tongxin also takes out the box and opens a corner. It's really Banni's logo, but it's definitely not the same as other people's, and the estimated price is also unusual.

Qian Yuanyuan also opened his eyes and looked at them. His crescent like eyes were half round and he took a breath of cool air. "Lu Moyan, do you have too much money and no place to spend? Do you want to lose your family here?" Her necklace is definitely more than 180000. Who has a 180000 necklace with five pigeon eggs? But not to mention, she was very proud and flashy, which was quite to her heart.

She likes big diamonds, not good-looking, as long as big, as long as flash, she likes it, this is also an unknown hobby, but how can Lu Moyan know!

Spending this money can buy off the whole secretary's office and help him look after the women. Why don't he do it? Lu Mo Yan still didn't forget to lure him. He said in confusion: "don't worry. When you become Mrs. Lu, my money will be yours. When the time comes, the finance will be in your hands. Are you afraid that I will spend money indiscriminately?"

Qian Yuan Yuan only gave Lu Mo Yan a word, "go away."

Other people may not have heard Lu Moyan's words clearly, but Tang Xiaoai, who is closer to him, can hear them clearly. The valuable necklace on his hand is not as warm as it was just now. It turns out that Lu Moyan has already loved Yuanyuan to this point.

What should she do.

Zhao Tong thought that Yuanyuan might become Mrs. Lu, but it's hard to say whether it's Mrs. Lu or Mrs. Lu Er.

"Director Lu, we are sorry to accept such a valuable gift." People in the Secretary's office have seen Lu zhanyan's attitude towards Qian Yuanyuan. Now Lu Moyan's money attack directly kills them.

They all began to wonder whether men's eyes have changed. Do they like fat women?

Lu Moyan knew that they were just talking about the scene, so he waited for a word from him to make himself feel at ease.

Naturally, he didn't take back the gift from Lu Moyan. He said, "it's OK. It's just a gift. In the future, everyone will work together. There are still many aspects to contact. Yuanyuan is my assistant. You can take care of it more."

"Thank you, director Lu."

"Then we are not polite. We are bound to be duty bound if director Lu needs anything in the future."

"Yuanyuan is our colleague. We will certainly take care of her more. Director Lu, you can rest assured."

Zhao Tong looks at Qian Yuanyuan sympathetically. Lu Moyan's move is really cruel. It directly solves everyone's hostility and bribes everyone's heart.

If the garden is still in its heyday, it will not escape from Lu Mo Yan.

I don't know if Lu zhanyan knew that his brother would vomit blood by surprise.

"Lu Moyan, who let you say that? You feel like you're going away." Qian Yuanyuan almost spurts blood, Lu Moyan these words, let her later how to find a boyfriend.

She is also going to meet a handsome guy in maple leaf mountain. Wait a minute. Lu Moyan just came back. I don't know about their trip tomorrow. As long as no one mentioned that

Before Qian Yuanyuan finished, someone said, "director Lu, the company will organize to go to Fengye mountain tomorrow. Will you go too?"

Lu Moyan appreciated Qian Yuanyuan's "heartache" expression and said happily, "of course, I will go tomorrow."

Zhao Tongxin glanced at the door with sharp eyes and saw several blurred shadows from far to near. At this time and place, besides Jin Zhengting, the people who came here should be the customers, but the customers would not take so many people,

so the only one left might be Jin Zhengting. He immediately stood up and said to others, "OK, everyone go to work. If you have anything to talk about after work."

Other people are not familiar with Zhao Tong, can't hear her words in the reminder, also dissatisfied said: "tomorrow to travel, there are so many things to deal with."

"Yes, Tong Xin, why are you such a wet blanket."

Qian Yuanyuan immediately reflects Zhao Tongxin's meaning. He takes a look at the door and swishes back to his seat. Tang Xiaoai is the second to understand and takes his own position.

Just a few seconds after Tang Xiaoai returned to his position, the door was pushed left and right. Jin Zhengting's tall figure was surrounded by the crowd. The strong atmosphere made the atmosphere of the secretary room tense.

Only a few people can understand that Zhao Tongxin's inexplicable words just remind them that someone is coming. However, Zhao Tongxin is too careful to even mention the title of president Jin. How can they understand it.

Jin Zhengting looked at the secretary room. Except for three people who were working, the others were standing in their positions, holding a gift box in their hands. Their thick eyebrows could not help frowning, and their cold voice sank, "what's the matter?"

All of them shrunk their necks. No one dared to say anything, and no one dared to look up at Jin Zhengting's gloomy expression. There was only one sentence in their heart. It was over.

No matter whether you open your mouth or not, everyone can't escape.

"Mr. Jin, I haven't seen you for a long time. I just came back to bring them some presents. It's just a delay. Mr. Jin won't suggest it." Lu Mo Yan didn't want to ruin the favor he had just established in the Secretary's office because of Jin Zheng ting.

Some people can't help but look at Lu Mo Yan gratefully. No matter whether they succeed or not, at least Lu Mo Yan speaks for them.

Lu Mo Yan added, "Secretary Zhao thinks my gift is good. After all, it's a new model of Banni."When

Zhao Tongxin heard that Lu Moyan pulled himself out as a shield, she almost couldn't resist retorting. She forced herself to resist. When did she say Banni was good? Lu Moyan is an insidious man!!

Jin Zhengting's deep pupils darkened, and his cold tone remained unchanged. "If people gather to make noise during working hours, one month's salary will be deducted, and director Lu will deduct half a year."

Then he led a group of people directly into the office.

All the people in the Secretary's office were relieved. They all thought that they must record a big demerit this time. Unexpectedly, it was just a month's salary. It was really a light punishment, but it was Lu Mo Yan's fault.

"Director Lu, I'm really sorry. It's all our fault. We've implicated you."

"Yes, it's all our fault."

Lu Mo Yan does not care, said: "nothing, but half a year's salary, you are OK." Now he is able to appreciate that Jin Zhengting will turn a blind eye when it comes to Zhao Tongxin.

Ha ha, Zhao Tongxin's shield is so easy to use.

They also know that half a year's salary is nothing to Lu Moyan, but they are more grateful to him.

Zhao Tong heart gnashing his teeth secretly said, "insidious." She is dumb now. She has suffered from *Coptis chinensis*. She can't say "shameless!" Qian Yuanyuan also gritted her teeth. All the people in the Secretary's office were bribed by Lu Moyan. Can she get better in the future?

## **Chapter 124**

After work in the evening, Zhao Tongxin went back to work separately. Because he was going to travel the next day, he lay in bed for a long time and couldn't sleep. He thought that he would go to maple leaf mountain with the man next to him tomorrow. He didn't know if it was as picturesque as Yuanyuan said.

There are so many people in the company, they may have to live separately, or they won't spend a lot of time together, worrying about whether they will be found out of their relationship and constantly tangled in their hearts.

Jin Zhengting felt the restless mood of the little woman in her arms. Her deep eyes were full of light, and her cold voice said, "I can't sleep."

"No, I'm just thinking about things." Zhao Tong Xin didn't notice the warning of danger in the man's arms. He said to himself, "you say Lu Mo Yan and Lu Zhan Yan, whose hope is bigger."

She was also curious about what she said.

So late do not sleep, is thinking of other men, Jin Zhengting face a deep, deep voice let a person not hear anger, "curious."

"A little bit. Today, Lu Mo Yan is so high-profile and has spent a lot of money to buy our whole office. It's not like joking. I don't know what attitude Lu Zhan Yan is." Of course, Zhao Tongxin is embarrassed to tell Jin Zhengting that she is thinking about him, but she just talks about other topics at will.

Want to afternoon things, she some indignant said: "Lu Mo Yan is the most hateful, but also take me as a shield, I did not say like Banni jewelry ah."

Jin Zhengting's arrogant character made a cold evaluation of Lu Moyan's money offensive, "naive." This kind of means, he and Lu zhanyan disdain to play, only Lu Moyan hairy boy, will do so.

"It's right to be childish, but you can't deny that the effect is very good. You don't see that all the people in the Secretary office are bribed by him." Zhao Tong heart disapprove, some things look very flashy, but the effect is obvious, the goal is not good.

Who cares whether the method is naive or high-end.

"They dare not." Jin Zhengting's big hand suddenly stretched out from Zhao Tongxin's armpit to the front, holding it accurately.

Zhao Tong Xin also wanted to be serious, and suddenly felt that she was held by someone, which made her jump, "who dare you say? Ah! Jin Zhengting, what are you doing

How can he do this when people are unprepared.

"What am I doing, don't you know?" Jin Zhengting said that his strength increased slightly, and the expected woman's gentle exclamation rang out. In his arms, he dared to think about other men's affairs. It was really that he was too soft hearted.

"No, Jin Zhengting. I'm tired and want to go to bed. I have to get up early tomorrow." Zhao Tongxin's tone is a little empty. He has just passed twice. Can Jin Zhengting speak well.

How can a man give up when he is not satisfied? Not to mention Jin Zhengting's domineering and strong personality, he doesn't pay attention to Zhao Tongxin's whispering plea. His tall body is like a cheetah, which is quickly and ferociously pressed down.

The direct and fierce attack was launched again in the room.

The night is still long. Jin Zhengting doesn't seem to plan to bypass Zhao Tongxin so easily. He doesn't know what to do until late at night.

Results the next day is Zhao Tong heart with a pair of black eyes, constantly complaining about Jin Zhengting in the heart, next time never talk to him!

When Qian Yuanyuan saw Zhao Tongxin's listless expression, he was startled, "Tongxin, are you going to visit a vampire at night? Your face looks very scary."

"No, I was a little excited and couldn't sleep yesterday, so that's it." Zhao Tong Xin came out with a little light makeup. He just wanted to make himself look less obvious. As a result, his tired look could not be covered up.

Qian Yuan Yuan rubbed his sour eyes with indifference. "It's useful. It's just to travel."

Zhao Tong Xin took a look at the pouch on Qian Yuanyuan's face, and said: "Yuanyuan, did you forget to look in the mirror when you went out today, and didn't use the ice bag to cover your eyes before you came out?"

She also said that Yuanyuan had a sleepy expression on her face. She certainly didn't sleep well, but she didn't know whether it was Lu Mo Yan or Lu Zhan Yan.

"Cough, I was preparing all night, so I went to bed late." Qian Yuanyuan is guilty of dodging Zhao Tongxin's sight. As soon as the dead man Lu Moyan comes back, he can't shake off like a piece of brown candy. He dares to threaten her and go to her house to find her if he doesn't answer the phone.

Of course, she didn't dare not to take it. Her parents still live at home. Lu Moyan dares to do anything. If she really wants to rush to her home in the evening, she will not have to be so old.

So she was haunted by that bastard Lu Moyan for most of the night. She talked a lot of nonsense, such as, did you miss me this month? I miss you very much. Be my woman.

It was not until her cell phone was turned off that the hearing torture ended.

Zhao Tong took a look at the small suitcase behind Qian Yuanyuan, which was a little bigger. One hour was enough time to fill it up. There was no content in her lies. Who made her feel guilty and didn't say any more.

"Tong Xin, Yuan Yuan, you are so early." Tang Xiaoi, with a pink suitcase, a straw hat on her head, a bohemian skirt and a white coat with tassels, looks young and beautiful compared with them. Qian Yuanyuan looked at Tang Xiaoi's outfit and said with appreciation: "Xiaoi, you are really prepared. I give you 99 points for this dress, and I'm afraid you're proud of the extra one."

If it wasn't for the lack of time in the morning, she would come out in a sportswear and be disgraced? It's Lu Moyan's fault.

"Yuanyuan, you make fun of me." Tang Xiaoai is a little bit blushed by Qian Yuanyuan's praise, and her big eyes are turning around. It seems that she is looking for someone in the crowd.

In order to travel today, she got up at six in the morning and turned over all the wardrobes at home, only to find out the satisfied clothes. Unfortunately, she didn't see the man.

I don't know if he will follow them.

Zhao Tong Xin looks at Qian Yuanyuan's heartless expression. He is looking at Tang Xiaoai's obvious worry. He always feels that there is something wrong. Don't be what she thinks.

"Fat woman, Tong Xin, you're all here. It's early." Lu Moyan's baggy sweater covers his body, and his lower body is wearing sports pants. With his smiling eyes, he looks sunny and handsome, shaking the sight of the women around him.

"Lu Mo Yan, what are you doing? You're not afraid to wear so green, and your head is green." Qian Yuanyuan gets angry when he looks at Lu Moyan's clothes. What's the matter? She's wearing a light green sportswear, and this guy's lower body is also equipped with a pair of light green pants. If you don't know, you think they are wearing lovers' clothes.

"It's called having a heart. What do you know?" Of course, Lu Moyan won't say that he asked someone to take a picture of Qian Yuanyuan's clothes today at her door. According to her style, he matched them with her - lovers' clothes.

It's to tell those people that fat women have the label of Lord. It's better for men to stay away from their women.

"Go away, I don't know you."

Zhao Tong heart helplessly looking at two people like an enemy, a meet to fight, really didn't find Lu Moyan even a little humble character, Yuanyuan said so, he didn't react at all, still no face, nothing to stick up.

As soon as I saw Tang Xiaoai's Micro white expression, I sighed and said in a joking tone: "Xiaoai, do you think they are like a bunch of enemies? Once they meet, they quarrel endlessly. What I don't know is that they have deep feelings."

Tang Xiaoai looked at the two people fighting with each other not far away. He didn't know where they were going, so he said casually, "ha ha Yes

Zhao Tongxin shakes his head and doesn't say anything. Outsiders can see clearly. It's useless to say more. Only when Tang Xiaoai finds out, can he understand that no one else can easily get in between them. As a friend, she can only say so much.

In addition to the staff left on duty, the rest of the staff gathered downstairs. The company drove a 54 seat bus to meet them.

Lu Moyan wants to sit with Qian Yuanyuan. Other people don't sit with Qian Yuanyuan because they are grateful to Lu Moyan. Zhao Tongxin has been separated by these secretaries for a long time. He can only helplessly watch Qian Yuanyuan pulled by Lu Moyan.

Taking advantage of the fact that others didn't pay attention, Lu Moyan whispered in Qian Yuanyuan's ear: "be honest, don't move, or don't blame me for being hard."

"Mean." Qian Yuanqi's teeth itch, but he doesn't dare to move any more. He's afraid that Lu Moyan will do something.

Lu Mo Yan said with regret: "it's a pity, so obedient."

"Get out of here."

Lu Mo Yan doesn't care about the smile, fight is love, scold is love, don't fight don't scold don't want to love, woman, say don't, is to, say roll, is back, he understand.

He doesn't care so much about Jin Zhengting's eyes. The women he likes are just under his nose. He doesn't care so much about going alone because of his identity.

Zhao Tong Xin takes a look at a Maybach not far from the bus. He is a little distracted. He doesn't know whether Jin Zhengting will go together or later. He hasn't seen him come out of the office since he went to work in the morning.

I don't know what I'm busy with.

Tang Xiaoi sat next to Zhao Tong and asked, "Tong Xin, I heard that the relationship between Lu's brother and Yuanyuan is very different?"

Zhao Tong Xin takes back his mind, looks sharp and straight, and shouts deep meaning, "Yuanyuan is single, and it's normal to have several pursuers. Whether it's brother or brother, as a friend, I think the most important thing is to support her, little love, do you think so?"

"When, of course, I feel the same way." Tang Xiaoi is a bit unnatural when she is seen by Zhao Tongxin. She wants to find out from her mouth whether Yuanyuan is close to Lu Moyan's brother or not.

If so, Yuanyuan should not be so close to Lu Moyan, shouldn't it?

## **Chapter 125**

"Yes." Zhao Tong heart don't want to let Tang Xiaoi think, turn to the topic said: "Xiaoai, you wear so beautiful, won't also want to meet by chance."

"No, just casual." Tang Xiaoi's heart is all on the two people in the back seat. He can't help but wonder if Lu Moyan is rubbing the garden now and is tender to the garden.

Zhao Tong Xin sees that Tang Xiaoi is absent-minded and doesn't speak any more. If she says too much, Xiaoai may think she is too busy. It's better to stop.

Ye Rui, the last one to get on the bus, counted the number of people in the car and said, "everyone is all right. Let the driver start. Everyone sit well."

Everyone answered, "I see, secretary general."

Ye Rui said with a smile: "well, well, now is to travel, not to hold a meeting, don't be so constrained."

"Secretary general, we love to hear this sentence. Ha ha, when we travel together, we just want to relax."

"Yes, I'm going to bring some special products to my family."

Because of the words of Ye Rui in the car, I also relaxed.

Zhao Tongxin is about to rest by the window. Ye Rui's eyes sweep over her and moves away as if nothing had happened. When she is confused, ye Rui says: "because she has decided to go to fengyeshan with the Secretary of Jingtai company temporarily, one car may not be enough, so one has to be arranged to other cars."

"Oh, no way."

"Why would Jingtai choose to go today?" A few people turn their attention to Qian Yuanyuan. They don't want to take the opportunity to date Qian Yuanyuan. What about their director?

Lu Mo Yan is calm on the surface, but he has begun to wake up in his heart. Brother's doing this will not be the original travel, and the purpose will not be the same as Jin Zhengting. Jin Zhengting is for Zhao Tongxin, so brother, who are you for.

I hope I don't embarrass him as a brother.

Ye Rui also regardless of other people's eyes, calm roll call, "well, Tong Xin, you have a good disposition to talk, you go."

"Ah? Oh, I see. " Although Zhao Tongxin doesn't know what ye Rui means, he still obeys Ye Rui's words.

All of them took a sympathetic look at Zhao Tongxin. They all know that Zhao Tongxin is a good talker in the secretary room. As long as she doesn't touch her bottom line, we seldom see her lose her temper.

Ye Rui comforted Zhao Tongxin, "Tongxin, there's no way for the company to arrange this. I hope you understand."

"It's all right, secretary general. It's just another car." Zhao Tongxin heart does not care about smile.

After hearing this, Qian Yuanyuan wanted to stand up and be suppressed by the man beside her. Before she got angry, Lu Moyan came over and whispered in her ear, "do you want to disturb Jin Zhengting's good deeds?"

Qian Yuanyuan knows that she was so mad by Lu Mo Yan that she didn't realize it. She almost broke the boss's business. However, why is this bastard so close.

Qian yuanyuan's small hand pushed Lu Moyan, warning: "Lu Moyan, if you dare to lean on me, I'll wring your ear."

"I don't depend on you, so you depend on me. I don't recommend it at all." Lu Moyan was almost dazzled by Qian Yuanyuan's faint fragrance.

This woman looks like a piece of cream and smells like milk. She is always trying to arouse his desire!

However, Jin Zhengting is really not an ordinary sullen man. He has come up with this idea. He absolutely refuses to admit that he also wants to get a car alone and get out the money garden to save so many light bulbs in the bus.

If you want to do something, you are afraid of the extreme behavior of the women around you.

Zhao Tong looked at the two buses whistling past in front of her eyes. What happened to the change? Is she left behind now.

Without waiting for her to think about it, a high-profile Maybach stopped in front of her. The gray black glass window rolled down. The tall figure of the man sat by the window and said in a low mellow voice: "get on the bus."

Zhao Tongxin picks eyebrows, ye Rui says so, can't it be because of Jin Zhengting's meaning, but he has such a clear company character, can he do this thing? She couldn't believe it.

Seeing that Jin Zhengting is about to frown, Zhao Tongxin quickly opens the door and sits in. She doesn't want to sit with a moving refrigerator all the way.

As soon as Zhao Tongxin closed the door, the car started slowly. The car with excellent performance drove steadily on the national highway. Outside the window, it was sunny weather, and the slight wind

drove the leaves and made a rustling sound.

Zhao Tong Xin is bored and doesn't know what to do. There are other people in the car, so she is embarrassed to speak. She was so tired yesterday, and soon she felt sleepy.

Jin Zhengting stretched out his long arm, took Zhao Tongxin's body and put it on his leg. He didn't look at her with his deep eyes. He said indifferently, "sleep."

Zhao Tong's face turned red. There were two people sitting in front of him. They could see them in the rearview mirror. They couldn't help struggling.

Whispered: "someone, I squint by the window for a while."The driver sitting in front of the car is Rong Lei, who has recovered from injury. The co driver's seat is Qin San. Their bodies are stiff like a stone. Their eyes are looking straight ahead, and their expressions are serious, as if they are facing something big.

Heart constantly said, don't say any more, if you go on, boss estimated that they will both disappear out of thin air.

Jin Zhengting's cold expression did not change. He said faintly: "five hours, you must rely on sleep."

Zhao Tong thought to five hours to rely on their own hard window to sleep, the first reaction is not willing to wake up at that time must be uncomfortable neck, but she was sleepy.

There are two people sitting in front of me.

Jin Zhengting's face doesn't change. His eyes are cold. When he looks in the rearview mirror, Rong Lei and Qin San can't help shaking. The boss's eyes are too terrible. They don't want to be light bulbs, but they haven't invented the invisible potion yet. Can you blame them?

Of course, boss doesn't pay attention to these small details. He only looks at the results, not the process. Rong Lei pretends to be serious and says, "Miss Zhao, it's a bit hot. Why don't I roll down the glass in front of you.

Zhao Tongxin just entered the car, did not pay attention to who is driving, heard Rong Lei's voice, to the spirit, happy to ask: "Rong Lei? Are you all right? "

"Well, yeah, I'm fine." But if you go on talking to me, I'm not sure I'll have something to do in a moment. Rong Lei obviously feels more and more coldness behind him, and his forehead can't help sweating.

He would rather go out to fight with others than bear the boss's cold sight, which is more terrible than X-ray.

Zhao Tongxin said last time that he would go to see Rong Lei. As a result, there were too many things

and he didn't succeed. Later, he forgot them. He said with a slight apology, "sorry, I said last time that I went to see you, but I didn't have time. It's really good that you're ok now."

"It's OK. It's just a small injury. Miss Zhao, would you like me to roll down the window?" Rong Lei is very glad that Zhao Tongxin forgot to come to see him. With the boss's overbearing character, if Zhao Tongxin really came to see him, he would go to the funeral home to look for his black and white photo next time.

Qin San takes a sympathetic glance at Rong Lei.

"Oh, please." Zhao Tongxin hears the tension in Rong Lei's tone, and the big hand on her waist is exerting her strength. She has some pain. Doesn't she just say a few words to Rong Lei? Why should she be angry?

A screen window with dark glass rolled down from the middle of the car, blocking the front view.

Zhao Tongxin nestled up to Jin Zhengting and said in a low voice, "I just feel sorry for him. Why do I suddenly get angry?"

"No way." Jin Zhengting suddenly feels that it's too simple to let Rong Lei go. Maybe he should be distributed to a distant place.

"I can't blame Rong Lei for this. I cheated him. Don't be angry. I'm still sleepy." Zhao Tongxin now talks with Jin Zhengting, forming a tacit understanding. It's easy to guess the meaning of his words.

Zhao Tongxin doesn't know why. Although she is afraid of Jin Zhengting's anger, she always has an intuition that no matter how angry the man around her is, she won't fight her.

As long as it's not too much, Jin Zhengting generally tolerates it and has a little confidence in his words.

Jin Zhengting takes a look at Zhao Tongxin's small mouth, which is filled with discontent. His eyes are deep. He does whatever he thinks. He picks up Zhao Tongxin's body and gets close to himself.

A grinding kiss.

Zhao Tong's face turned red. He suddenly realized that although he was across the screen window, there was still someone in front of him. Jin Zhengting was too presumptuous. How embarrassing it would be if he was heard.

Microsoft tone hoarse said: "Jin Zhengting, how do you like this, in front, there are people in front."

"They can't see it."

Zhao Tong Xin is a bit reluctant, "that can't see, heard how to do."

Jin Zhengting looked at Zhao Tongxin's coquettish expression, and her hard heart softened. In order to make her comfortable, she adjusted her sitting posture. Her low voice had the charm of "sleep, or continue."

Zhao Tong Xin has no backbone to shut up, nest in Jin Zhengting's broad chest, listen to his chest powerful heartbeat, again and again, like a lullaby, let her can't help yawning.

No matter how much, she's really sleepy. She can't go traveling until she has a good sleep. She hasn't had a chance to relax for a long time. She doesn't want to miss it.

Soon he fell asleep in Jin Zhengting's arms.

Jin Zhengting heard regular breathing in his arms, and knew that the little woman in his arms was asleep. He took a look at her unprepared sleeping face, like the eyelashes of a PU fan, and cast a shadow. Her small nose was round and full, and her red lips were full of breath, like a quiet doll.

Reach out to take off the wide suit coat on the body, cover on her body, more foil her delicate.

Jin Zhengting's index finger knocks on the window, and Rong Lei in front of him presses a key to connect the back seat's phone. Just now, he turns off the voice for the first time, but they don't know at all. The boss is behind Zhao Tongxin like this and that "Boss, what's the matter."

Jin Zhengting ordered coldly, "slow down."

"Yes." Rong Lei took a look at the speedometer. Is it fast to drive 150 yards at high speed? In the past, they all went up to 220 yards, and the boss sometimes felt slow.

In a trance, he seems to hear someone breathing in the phone. Well, he understands. As long as it's something to do with Zhao Tongxin, they have to be careful.

I'm afraid the car will run too fast and affect her sleep!!

## **Chapter 126**

Maple mountain in autumn, maple trees all over the mountains, red leaves scattered in the evergreen forest, tall and straight, such as flags flying, delicate and graceful, tear flowers like tenderness, can like clouds, just like an indelible flame.

A breeze, rolled up leaves, like a beautiful butterfly fluttering wings, dancing.

Zhao Tong Xin stands at the entrance of maple leaf mountain, overlooking the endless maple leaf trees. The beautiful scenery, like a beautiful picture, unfolds in front of her eyes. She can't help but exclaim: "so many maple leaves are really rare."

"It's beautiful."

"Get in the car." Jin Zhengting was used to it. He didn't think the scenery was beautiful. When he looked down, he saw Zhao Tongxin's serious and excited expression on his face and felt that the maple trees all over the mountains were pleasing to his eyes.

Maple Leaf mountain is also a desirable place.

"By car? What kind of car to do." Zhao Tongxin followed Jin Zhengting's pale eyes and saw a sightseeing bus stop in front of them. She also looked at the flat cobblestone road, covered with red maple leaves like fireworks, and suddenly didn't want to take the bus.

If the car is boring and I don't know how thick the maple leaf is covered, I can't help but ask, "Jin Zhengting, how far is the hotel to stay here?"

How can Jin Zhengting care about such trifles? Rong Lei stands out clearly and says: "drive for ten minutes, walk for half an hour."

"It's not very far, or you can take a bus. I'll walk by myself. It won't take long." Zhao Tong Xin observed for a while, and found that there are tourist signs around, should not get lost.

Jin Zhengting looked at the yearning on Zhao Tongxin's face and told the people beside him indifferently, "you go first, arrange."

"Yes, boss." Rong Lei knows that the boss is disgusted with them, the light bulbs follow, honest with the rest of the people sitting in the sightseeing bus, let the driver take them back to the hotel.

Looking at the sightseeing bus, Zhao Tong Xin reflected Jin Zhengting's meaning and asked in surprise, "Jin Zhengting, are you going to accompany me?"

"Not going?" Jin Zhengting's deep eyes floated with a soft halo. For a moment, Zhao Tongxin felt that he must be dazzled. When she went to see it carefully, Jin Zhengting was the same cold face for thousands of years.

Zhao Tong Xin looked at the distance between them. He trotted over and walked beside Jin Zhengting.

Ear wind blowing leaves sound, eyes are red leaves, yellow leaves, purple leaves, green leaves, are lying lazily in the grass, performing their most beautiful time.

There were only two of them in the empty surroundings. Under the reflection of the sun, the black shadows crisscrossed with each other, like mandarin ducks nestling together, looking very harmonious.

Standing beside the man, Zhao Tong's heart swings down, looking at the distance between each other.

He doesn't know whether to follow or just watch silently.

Jin Zhengting didn't wait for her to make a decision. Her tall back was still like a mountain. Her big hand with clear bones caught Zhao Tongxin's delicate wrist accurately. With a little effort, she brought her petite body into her arms and put her big hand on her waist instead.

The overbearing tone made people tremble, "follow me."

"Yes." Zhao Tong Xin's face is slightly red. He leans on his chest meekly and walks in the maple leaf forest with no one.

Time has not passed, years quiet good, now have their own, easy to have him.

When a little wind passed through the woods, it rolled up the withered and yellow leaves on the trees, fluttering and whirling, feeling unspeakably comfortable. Suddenly, a gust of wind blew up, and thousands of yellow leaves left the branches, fluttering, rolling and rotating in the wind.

The wind passed through the woods and drove to the sky nonstop. The thousands of yellow leaves fluttered down like drunk and became the new members of the yellow leaves paving the road.

Zhao Tong wanted time to be still and let the road be longer and farther, but looking at the buildings not far away would bring her back to reality.

Stepping on the road paved with withered leaves, the listener heard the sound of "rustling" when the withered leaves broke. I don't know whether it was because of the good atmosphere between each other or the warm feeling that prompted her to say: "Jin Zhengting, I think I like you."

The soft voice of a woman was like a gurgling trickle, which accurately hit Jin Zhengting's soft heart. There was no change in Jin Zhengting's cold and hard face, but her deep eyes rolled up countless winds and quickly hid them.

He tightened the strength of his hand and said in a low mellow voice, "I know."

Zhao Tongxin watched the company bus stop nearby, and a group of men and women came down from the car. She asked softly, "well, but I still want to tell you how I feel, because I don't want you to guess, so don't let me guess so hard in the future, OK, Jin Zhengting."

If Jin Zhengting can say nice love words, then he is not Jin Zhengting. His indifferent tone sinks to the overbearing request, "you should get used to it." "You really are. Forget it. I'll never tell you that again." It's like an invincible cold king, a master who destroys the atmosphere. It won't hurt to coax her with a nice word, but it has to have a serious command tone. Zhao Tong Xin some pique said: "the place also arrived, I did not go with you, the province let people misunderstand."

The body struggled a few times, broke away from his arms, trotted to open the distance between the

two people, and ran towards the familiar crowd.

Jin Zhengting's tall body stopped. The warm afterglow of his palm made him feel nostalgic. It seemed that he was savoring the soft touch, the delicate figure of a woman, and the long black hair fluttering in the wind.

Delicate and quiet features, because of dissatisfaction and appear vivid abnormal, the heart is like a constantly occupied position, has long been overwhelmed, he understood her meaning, but not willing to say.

Would rather obscure performance of their feelings as rough as the sea, also do not want to let her know.

Who says Jin Zhengting doesn't know love, but his love is as vast as the sea and the sky.

His love, reflected in all aspects, such as quicksand, penetrated into Zhao Tongxin's life, every bit has his imprint, until Zhao Tongxin found out that not everyone can be lucky to get such a man's overbearing favor.

Zhao Tongxin panted to Qian Yuanyuan's side, looked back at the empty road, understood that the man might have gone far from another road, and his heart was empty.

"Tong Xin, you are so slow. I have to think whether you have been abducted or trafficked since you arrived so late." Qian Yuanyuan has been pestered by Lu Moyan for five hours and has been eaten a lot of tofu. The most important thing is that she is about to collapse.

Seeing Zhao Tongxin is like seeing a straw. I'm afraid that Zhao Tongxin will run away. Generally, two desperate people will catch Zhao Tongxin's hand.

Zhao Tongxin knew that Qian Yuanyuan knew about her relationship with Jin Zhengting, but other people didn't know, so he said half truly: "you must have left early. I'm the most unlucky one. When I was left, the car stopped at the entrance, or I came by myself."

Some people feel a little embarrassed, "Tong Xin, you've been wronged. Eat more in the evening to mend your body. If you go back, let those men adjust your position for you."

"Yes, Tong Xin is better than you. If other people don't agree."

"You see we've been here so long, waiting for you."

Zhao Tongxin was given a good man card again, and her face was a little hot. In fact, she made a more comfortable car than them, and enjoyed the gentleness and despotism of some overbearing man. She almost didn't want to see them.

I feel a little embarrassed in my heart. Suddenly, I feel that it's good to have too many people.

Tang Xiaoi is the most practical person in the bag. She took a bottle of mineral water from her bag and handed it to Zhao Tongxin. She said, "Tong Xin, drink some water. You are sweating."

"Thank you, little love. You're welcome." Zhao Tong Xin ran a short way, tired of some breathless, reached for Tang Xiaoi in the hands of mineral water, delicate drink.

Lu Mo Yan took a look at Zhao Tong Xin's back. He didn't see the overbearing man with a black belly. As soon as his brows were raised, he would not dare to show up together? And let his woman get entangled.

I don't know if the fat woman is short of muscle. He is so angry to defend Jin Zhengting.

"Tong Xin, you said you were walking. Why didn't we meet you? We just arrived."

Other people also find it strange that there are only two roads that can be opened to traffic on the mountain. The company that we work with should be the same route. When she walks, they should be able to see and guess correctly by car.

"Yes, if I see you, I'll give you a ride."

It takes 30 minutes to walk into the entrance. Don't you feel tired? You can call the sightseeing bus of the hotel to pick you up, or call the Secretary General to let the driver pick you up. "

" why take a taxi by yourself. "

"Ha ha, it's OK. I feel the weather is good today, and it's rare to see such scenery. It's good to walk." When other people don't notice her, Zhao Tongxin stares at Lu Moyan who has nothing to look for.

"Oh, so it is." After they got off the bus and looked at the picturesque scenery of maple leaf mountain, they also felt normal. When they came, they also wanted to get off the bus and have a look.

However, I don't want to move, so I will take photos after a good rest.

Qian Yuanyuan followed suit. "Lu Moyan, are you idle and have nothing to do

Tang Xiaoi wants to help Lu Moyan. He thinks it's not appropriate for him to speak now, so he doesn't say anything.

Ye Rui took a form and said to them, "this time the company ordered a hotel suite with two rooms for two people. They arranged to stay together and came to me to get the room card."

The crowd cheered. They thought it would be nice to have a standard piece to live in. Unexpectedly,

they had a lot of money, so they directly ordered a suite. Several people who had a good relationship with each other had started to go to yerui to get the brand.

## Chapter 127

Only Zhao Tongxin, Qian Yuanyuan and Tang Xiaoi look at each other. Now they are in a group of two. What about the three of them? Zhao Tongxin is embarrassed to refuse Tang Xiaoi.

Tang Xiaoi wants to be close to Qian Yuanyuan. When the time comes, she can have a close contact with Lu Moyan. If Lu Moyan also falls in love with her, she will get a month first.

Lu Moyan looked at the three women and did not know how to speak. He kindly decided for them: "I have a suite with fat women, and you two have a suite. Everyone is happy, and there is no need to tangle."

"You dream." Qian Yuanyuan also felt a little embarrassed to say that when he heard Lu Moyan's decision, he immediately replied, "I must live with Tong Xin. As for Xiao Ai, I may have to suffer some grievances. It's better to work with the Secretary General. The Secretary General will certainly agree."

I'm kidding. If she's in the same room with Lu Mo Yan, and she can't tell the man what to do with her at night, at least with Tong Xin and a boss on her head, Lu Mo Yan will be worried about it.

Tang Xiaoi's face is not good-looking, but she doesn't refuse. After all, Qian Yuanyuan and Zhao Tongxin have known each other for a long time. They have a good relationship, which is reasonable. But from Qian Yuanyuan's mouth, she feels uncomfortable.

"There are only a few of you left. Haven't you decided yet." Ye Rui comes to them with the rest of the room cards.

Qian Yuanyuan said, "it's decided. I'll be with Tong Xin. Can Xiao Ai be with the secretary general? As for passers-by a, let him sleep on the street

"Well, all right." Ye Rui nodded in agreement and said to Lu Moyan, "the identity of director Lu is there. We don't need to squeeze into a suite with us. We have already opened a separate presidential suite for you."

"No fun." With regret, Lu Mo Yan took the room card from ye Rui's arms and went upstairs. The travel time is still long. Now he sleeps in this room. Who knows if he will sleep in his quilt tomorrow.

He did not believe that Jin Zhengting would not make any moves at such a good time.

"Thank you, secretary general." Tang Xiaoi was pushed to push, and finally only followed Ye Rui.

"Yuanyuan, is it not good for us to live in this way? In fact, it's not impossible to live in a suite for three

people." Zhao Tongxin saw Qian Yuanyuan trying to wink at her and tell her not to speak, but she didn't say it.

"It's not that there is no room. Why do you have to sleep with three people, you or me? Can you get used to it? I can't Zhao Tong doesn't dare to let Tang Xiao'ai live with them. If he accidentally sees a picture he shouldn't see.

Is she doing it or not? Looking at no one around, she added angrily, "in case Mr. Jin comes to see you and she's here, do you think it's convenient?"

Zhao Tongxin's face turned red, and he could not deny the fact that there was a lot of money. If Jin Zhengting came, Tang Xiaoi would be inconvenient. It's not that what would happen to her and Jin Zhengting. After all, she would be confused.

It's not nice for the company president to break into the staff room at night.

No, she's so far away.

"What's more, it's good to stay in the same hotel, how far away from each other, go back to their rooms in the evening and play together in the daytime." Seeing Zhao Tongxin's approval, Qian Yuanyuan dragged his suitcase and said, "let's go upstairs and put things down first. There are still collective activities."

"Yes." On the other hand, Zhao Tongxin thinks that Tang Xiaoi's mood seems to be wrong. Yuanyuan says that, Xiaoi's heart must be uncomfortable. He just hopes that Xiaoi won't think about it.

In the hotel, Tang Xiaoi politely greets Ye Rui and goes back to his room. His smile immediately sinks and his palm clenches tightly, as if trying to control his mood.

She was like an irrelevant person, who was pushed by the two of them. The shame felt like a slap on her face, which made her embarrassed and angry.

The suite is so big that it won't be crowded if three people live in it. Even if Qian Yuanyuan says so, Tong Xin, who has always been very soft hearted, doesn't say a word.

Let her lose face in front of Lu Moyan, she wanted to have a pit to jump in at that time.

As expected, people are selfish and hypocritical. In vain, she thinks Tong Xin is a good person. Unexpectedly, she is also a kind of selfish woman. She clearly sees her mind and is still watching.

As expected, there is no pure friendship between women. Tang Xiaoi's mind begins to become distorted, but he is the woman who wants to get involved in other people's feelings.

On the schedule, an hour's rest time was arranged. At two o'clock in the afternoon, ye Rui was watching

them waiting downstairs in the living room. Another group of people were looking at the employees of Jingtai.

I just don't know what Mr. Jin meant.

With a smile on her face, she said to Li Mingzhu, the Secretary-General of Jingtai, "Secretary Li, I haven't seen you for a long time. I didn't expect to have the chance to travel together this time. It's really fate."

"It's also my honor to travel with such an excellent secretary Ye." Secretary Li is also a smile, two people look at each other a smile, hand Dragonfly general grip, and let go. Secretary ye said to his subordinates, "I believe everyone has a schedule. There will be a masquerade party in the evening, a water activity tomorrow, and a lucky draw the night after tomorrow. You can have free activities or organize activities at other times."

"And you can swipe your room card in any hotel or any entertainment facility, and the company will pay for it if it doesn't exceed the advance bill, and the excess part will be borne by yourself."

"All right, secretary general."

"We see, secretary general." When other people listen to such a good thing, their smile can't be enlarged any more. Whether they win or not, it's worth the trip. Maple Leaf Hotel has more than 30 floors, not including food, accommodation and transportation. There's also an underground bar, billiards entertainment, swimming and fitness, which can be said to have everything.

Next to the Jingtai staff, all envious looking at their direction, looking forward to their own secretary, Li Mingzhu.

Li Mingzhu said with a smile: "you don't have to envy. Secretary General Ye has explained all the processes and things clearly, so I won't repeat it."

Jingtai's employees also cheered excitedly when they heard Li Mingzhu's words.

Lu Moyan's tall figure came down lazily and saw Li Mingzhu picking her eyebrows slightly. "I said, little pearl, why are you here?"

When Li Mingzhu saw Lu Moyan, her bright and moving cheek flashed a little shy, and her words were somewhat unnatural, "second, second young master."

Lu Mo Yan familiar tone asked: "you see, every time I see stuttering, I do not know that I bully you, Aunt Li recent health?"

Li Mingzhu said with a smile: "well, my mother is in good health, but she often tells me that the second young master didn't go to see her."

Lu Moyan squeezed his eyes at Li Mingzhu, "well, that's good. You go back and tell Aunt Li that I will definitely go to see her after a while. I haven't forgotten that Aunt Li loved me most before."

"Well, I see, second young master." Li Mingzhu wants to see Mo Yan, but some dare not. Her beautiful face is full of amorous feelings.

Several employees of Jingtai were so surprised that they almost didn't drop their eyes on the ground. Their secretary-general, in the company, was all straight and straight with a smile.

"I didn't expect that the secretary general, who is usually serious, would smile so well."

"Yes, yes, it's so feminine. I'm almost enchanted."

"Just in front of the second young master, the Secretary-General looks like a woman. Who can make him the second young master? He can't be compared. He can't be compared."

These words are not loud, but not far away from them, Zhao Tongxin and Qian Yuanyuan are listening to each other word.

Zhao Tong Xin takes a worried look at Qian Yuanyuan. He doesn't expect that Lu Mo Yan is not a good thing either. The women in the company are ambiguous, and they don't care about the intimacy at all.

Zhao Tong's eyes flashed, and he gathered his thoughts in his eyes. He had a round little face and kept smiling all the time. He liked this kind of thing, which was as cheap as the rotten cabbage in the vegetable market.

It's like being eaten by a pig at noon.

Tang Xiaoi is a little envious of Li Mingzhu's familiarity with Lu Moyan. He also thinks that Qian Yuanyuan can't be proud now.

Lu Mo Yan seems to feel something. Looking in the direction of Qian Yuan Yuan, he sees that Qian Yuan Yuan has no expression and looks at them with an indifferent smile.

I'm not angry in my heart. Well, he's just childish and wants to make Tang Xiaoi angry, but what does that woman mean by her expression? Don't care at all, or don't like him.

He was so angry that his face was more gentle towards Li Mingzhu. "Mingzhu, let's have dinner together in the evening. We haven't seen each other for a long time."

"Good." Li Mingzhu answered lightly. Thinking of the young master's advice, she couldn't help looking at Qian Yuanyuan. Is that the woman? She's pretty long, but her figure is really miserable.

She has always known Lu Moyan's taste. She likes women who are thinner and have a better figure, so

she has been trying her best to keep fit and improve her ability. Now it is the result of her acceptance.

The sound of "dada" shoes rings from the door. Jin Zhengting's tall figure walks in front of him. His indifferent expression contains the domineering spirit of being not angry and powerful. He comes over calmly and calmly, and takes a step behind him. Behind him is Lu zhanyan, a gentle and handsome man.

After that, Qin San and Rong Lei, as well as Lu zhanyan's assistant, Jin Zhengting, the general manager of the party, were the most prominent, attracting the attention of all the people in the lobby.

Secretary ye took the lead in responding and called respectfully, "president Jin."

Others, like disillusionment, followed with a cry.

"Young master, Mr. Jin." Li Mingzhu's expression was positive, and she did not dare to neglect half a point when facing Jin Zhengting.

Jin Zhengting nodded slightly, which was an answer. Even if he didn't open his mouth, everyone could not help holding his breath.

"It's all over."

Ye Rui knew that Jin Zhengting was asking her questions and immediately replied, "yes, Mr. Jin."

"Yes." Jin Zhengting's tone of indifference remained unchanged. He said faintly, "this time I've worked hard for you all. Don't be constrained. I'm free to play. Everything is in the company's account." "Mr. Jin, this is what we should do. It's not hard, it's not hard."

"Yes, yes, it's our duty to do it."

"We will work harder to do well in the future."

Heyday employees listen to Jin Zhengting's rare "condolence and praise". Some of the imperial city are scared. It's better to be cold to them. They are still calm.

Zhao Tongxin looks at other people's performance in a funny way. He doesn't expect that Jin Zhengting's cold image has been deeply rooted in people's hearts. It seems that other people are scared to death except that she is used to Jin Zhengting's character.

Even if they are not employees of Jingtai, they look at the legendary figures in Jiangbin city with lingering fear. They agree with the comments of Jin Zhengting.

As long as that man comes out, it's absolutely terrifying.

## **Chapter 128**

Lu zhanyan stood smiling and looked at the embarrassed group of people in the lobby. It was funny. The coldness of the main court was really deep in the bones. As soon as he appeared, other people would automatically silence.

It's better than anything, but they're traveling, not holding a critical meeting. In order to ease the atmosphere, he said: "this time we can travel with heyday, we should live together peacefully. Just as president Jin said, he will pay for all expenses, so we don't have to be constrained and just enjoy ourselves."

Lu zhanyan automatically pulls his company's consumption bill to Jin Zhengting. Anyway, Jin Zhengting is also because of some stupid woman. Why should he save money for him.

"Well, let's break up now."

"Yes, Mr. Lu." Everyone looked at Lu zhanyan gratefully. If they stayed one more minute, they would suffocate and oppress and die.

This is to travel, it is to test their ability to bear.

As soon as they were pardoned, they retreated like the tide, fearing that they would be frostbitten by the cold air later.

Zhao Tongxin watched the others go out. If she stayed, she would be very abrupt. She hesitated for a moment, but she went out of the hotel with the others.

Lu zhanyan looked at the hall. In a few seconds, there were only a few of them left. He jokingly said, "Zhengting, you said how frightening you are. I just said disbanding, they ran away."

Jin Zhengting didn't like it. His deep vision disappeared with the delicate figure and slowly came back. He replied indifferently: "so what."

"Come on, it's nonsense to tell you this. Now that people are gone, do you have a magic horse show?" Naturally, Lu zhanyan also saw Qian Yuanyuan's figure and Lu Moyan's defensive expression. The expression on his face was unpredictable.

"If you know it's bullshit, don't say it next time." Jin Zhengting then turned and went out.

Lu zhanyan was speechless for a while, but he raised his foot to follow him. Since he had spent so much effort, it would be a waste if he didn't go.

At the rest point on the hillside, Qian Yuanyuan sat down on the swing and said irritably, "I hate it so much. It's hard to come out and play. It's all these annoying people who follow me."

"Yuanyuan, do you know Secretary Li?" Zhao Tongxin is also sitting on the swing frame. He shakes the swing with his little feet. He looks at groups of people, carries his travel bag and takes pictures with his camera.

She didn't even have a picture with Jin Zhengting, and didn't put a portrait at home. It seemed that the man didn't like taking photos. Even when he was facing the camera or interviewing, he was cold and had no extra expression.

I don't know when she can take a picture with him alone.

"Yuanyuan, Tong Xin, I can't understand what you are saying." Tang Xiaoai listened to their two words, like saying something in secret. She felt a little uncomfortable. She couldn't tell her anything important.

They just didn't treat her as a friend.

"I didn't say anything, but I felt that some flies were very annoying." When Qian Yuanyuan saw that Lu zhanyan was also there, he felt that the trip would not be too comfortable.

Zhao Tong Xin looked at Tang Xiaoai's prying eyes. His eyes flashed slightly and said with a smile: "Xiaoai, we didn't say anything. We just wanted to wait and see where to go."

Tang Xiaoai as don't know they deliberately diverge from the topic, big eyes lovely blink, said: "ha ha, well, you two won't plan to sit here for an afternoon, they all went climbing, we want to go, heard that the peak of the maple leaf is particularly beautiful."

"Well, let's go and have a look." Zhao Tongxin also thinks that when she comes, she can't go around Jin Zhengting. Maybe the man has business. She should play her own.

"Go." Qian Yuanyuan even stood up. Why should he make trouble for Lu Moyan? All the men give them away. It's an eyesore.

The three people set out towards the top of the mountain. All the way, the leaves fell and the wind blew. They were so beautiful that the sound of laughter around them also infected them. When they saw the beautiful place, they couldn't help taking pictures.

Qian Yuanyuan and Tang Xiaoai took no less than a few hundred photos, but Zhao Tongxin didn't start any of them.

Curiously asked: "Tong Xin, so many scenery, you did not see a bit?"

"Yes, Tong Xin, it's the best season to watch maple leaves."

"No, I forgot my camera." Zhao Tongxin was embarrassed to say that she didn't know if there was a camera at home, so she didn't want to take it. Anyway, there were group photos, so it would be the

same to leave a few at that time.

"You said earlier, don't we have cameras? I'll take pictures for you when you like there. I'll wash them later and send them to you." Qian Yuanyuan thought it was a big deal. He didn't bring his cell phone.

Zhao Tong Xin said with a smile: "en, thank you, Yuanyuan."

"Now there are still people who don't have a camera. It's funny. I don't know how she got in."

"Ha ha, Lulu, maybe people come in through the mountains. Don't laugh at others like this." Two domineering female voice, disdain of spread to come over, put clear to go toward Zhao Tong heart.

As soon as Qian Yuanyuan heard this, her face immediately sank. She tried to find a way to argue with them. Zhao Tongxin held her hand. She shook her head to Qian Yuanyuan, indicating that she didn't need to destroy her mood because of this little thing.

Tang Xiaoi is also very angry. Seeing that the two women are dressed in fashion and expensive, they are probably the daughters of rich families. Suddenly, she feels a little scared.

Qian Yuanyuan had no choice but to give up. Just as he wanted to sit in the seat, the two women came over and arrogantly said to them, "how, don't you want to come over? Why don't you dare?"

"Lulu, you know they don't dare. They should save some face for others."

The woman named Lulu, wearing an exaggerated toad mirror, crossed her hands in front of her chest, with a disdainful expression, said: "Xiaomeng, a fat one is like a pig, a thin one is like a monkey, and an ugly one is like a mouse. What face do you want?"

Xiaomeng covered her mouth and chuckled, "Lulu, you really hate it. Why do you want to describe it so well?"

Qian Yuanyuan was not polite to Lu Moyan, not to mention the two women. He immediately replied, "shit, where are you two women talking to themselves for no reason? Why don't you go to a mental hospital to have an examination?"

Lulu pointed to Qian Yuanyuan's face and scolded: "fat man, you say who is sick, you say it again."

"I'm talking about you. You look like a toad, and you wear a toad mirror. Who can you show it to?" Qian Yuan Yuan disdained to smile for a while, critical eyes up and down swept Lulu's figure, "as you look like, dry flat beans, face makeup is not able to play a Jin powder."

Zhao Tongxin didn't stop Qian Yuanyuan. The two women clearly aimed at them, but they didn't know what their purpose was.

Lulu immediately took off her glasses when she heard Qian Yuanyuan's words. She glared at Qian Yuanyuan angrily and cried, "you, you dead woman, dare you say I'm a toad."

"Oh, no, I'm wrong." Qian Yuanyuan showed a very sorry expression, innocently said: "eyes small with mung bean, should be a bastard."

Zhao Tong Xin couldn't help laughing. Yuanyuan was so talented. She suddenly understood why the woman had to wear glasses. She looked pretty with glasses. She took off her glasses and showed a pair of small eyes. It was really funny.

Lulu heard Zhao Tongxin's laughter, her whole face twisted, and she screamed, "you, what are you laughing at, bitch? Don't laugh."

Zhao Tong Xin asked with a smile, "who do you call a bitch?"

Lulu did not hesitate to reply, "bitch scolds you."

"Oh." Zhao Tong's heart nodded seriously, "bitch scolds me, I understand."

Xiaomeng feels wrong when she listens, and suddenly responds to Zhao Tongxin's meaning, "Lulu, she scolds you for being a bitch."

Lulu is used to being spoiled by others, where she can bear to be said like this, and she is the kind of poor person she despises. "I'm so angry. A group of bitches, poor cameras can't afford to buy, and money to play in maple leaf mountain. It must be Xiaosan outside, shameless, fox spirit, broken shoes."

Zhao Tong heart Huoran face a cold, tone deep mouth, "you say once."

"I said that you are a bitch and a broken shoe. How can you bite me?" Seeing Zhao Tongxin's angry expression, Lulu felt a little relieved and said: "I hate women like you most. They are just scum of women with an innocent face"

Tang Xiaoai has been standing behind Qian Yuanyuan and Zhao Tongxin. She doesn't help or step forward. Listening to Lulu's words, she nods her head with approval. However, looking at Lulu's appearance, it seems that it's not easy to provoke, in order not to involve herself.

She advised Zhao Tongxin not to continue to argue with that woman, "Tongxin, we're not so bad. Don't give her the same opinion. Let's go."

"Little love, what are you talking about? People are shitting on you. Can you be indifferent?" Qian Yuanyuan can't look at Tang Xiaoai thoughtfully. People scold them like this. She can't speak.

Even if you don't open your mouth, you still persuade them to let them go.

"Yuanyuan, it's not easy to make trouble with them. If something goes wrong, how can we explain to the company? Let's take a step back Tang Xiaoai frowned unhappily. She did it for the three of them.

They two can't save face. She didn't give them a step down. If you don't appreciate her, what's the matter with this tone.

"I'll go. I don't know what to say about you." Qian Yuanyuan wanted to make things known to everyone. He attracted the boss and killed the two hopping grasshoppers every minute. Tang Xiaoai didn't have the backbone at all. If she stepped back like this, it was not the same as admitting that she was one of those two people.

Zhao Tong doesn't make trouble, but it doesn't mean she's afraid. People say that to them, but everyone will be angry. Although she doesn't agree with her, she doesn't say it so directly. She says euphemistically, "Xiao Ai, some things you've stepped back, others will only advance. If you're afraid, go back to the hotel first."

## **Chapter 129**

Tang Xiaoai is aware of Zhao Tong's heart and feels guilty. She is afraid of being implicated by them. But if she leaves now, what will they think of her in the future.

For Lu Moyan, she clenched her teeth and said, "I'm not afraid."

"None of you want to leave. Anyone who dares to provoke me will come to a bad end." Lulu said to them, "Xiaomeng, go and call my cousin and their friends over."

"Yes." Xiaomeng shows a face to them that you are finished. She takes out her mobile phone and dials. She says, "brother Haoyu, come here quickly. Lulu and I are in trouble. Yes, it's not far behind you."

"OK, I'll wait for you."

Xiaomeng hung up and said to them arrogantly, "now kneel down and beg for mercy. Maybe we'll let you go, or you'll die."

When Zhao Tongxin heard that they still had friends, and there were many people, she looked at Qian Yuanyuan anxiously. The purpose of the two women should be her. She thought for a moment and said coldly, "I don't care what your purpose is. Let my friends go. It has nothing to do with them."

"Tong Xin, I won't leave. Don't be afraid of them. I'll call them now." Qian Yuanyuan wants to touch her mobile phone from her pocket. She suddenly remembers that in order to avoid the two brothers, her mobile phone is still in the hotel. She says to Zhao Tongxin, "Tongxin, give me your mobile phone. I don't have my mobile phone with me."

"It's too late. It's too far to go near the fire." Zhao Tongxin looks at a group of people coming down from

the mountain not far away. Each one of them has a fierce look on his face. He pushes away the people who are standing in the way beside him impolitely. If they fall into their hands, they will not get away so easily.

Lulu's eyes flashed and said with disdain, "hum, who do you think you are? We just look at you."

Tang Xiaoai's palms are sweating with fear. What should she do? Is she sneaking away or pleading? She sees a group of men dressed in fancy clothes coming down less than 10 meters away from them.

Qian Yuanyuan pulls Zhao Tong's heart to the side and protects it. His expression of Su Sha can be seen at a glance. "If you dare to touch her hair, I promise you will definitely die. It's very ugly."

Lulu was stunned by Qian Yuanyuan's terrible eyes. She didn't expect that her innocent expression would make people scared. She scolded angrily: "if you dare to look at me with such eyes, I'll dig your eyes."

Qian Yuanyuan is not a good-natured person. In addition to his hidden identity, his coldness is also released at this moment. "You'd better think clearly whether the people behind him tell you the situation clearly, and don't know how he died at that time."

Zhao Tongxin looks at Qian Yuanyuan, who is usually careless. She doesn't expect to have such a fierce look. She is like a dangerous wolf, ready to attack at any time. She is stunned by her own thoughts. Is Yuanyuan's original character? Is she usually heartless and feigned?

"Cousin, what's the matter with Xiaomeng?"

Lulu was almost frightened by Qian Yuanyuan's eyes and tone. When she heard her cousin's figure, she immediately recovered and said wrongly, "cousin, these three women scold me."

Xiaomeng leans on the man named Haoyu and adds fuel to the story: "yes, brother Haoyu, they also say that you are a jerk and are not afraid of you."

When Tang Xiaoai heard that Xiaomeng was lying, she couldn't help saying, "we didn't say that at all."

Lulu slapped Tang Xiaoai in the face and said viciously, "do you have your share here?"

"Ah - it hurts." Tang Xiaoai's face pricked with pain, covered her hot cheek, and tears came down.

Zhao Tong heart to see Tang Xiaoai was hit, Tang Xiaoai pulled to the side of concern, said: "Xiaoai, are you ok?" After all, Tang Xiaoai just graduated from school, age and experience is small, she did not just Tang Xiaoai's behavior in mind.

"Tong Xin, I'm in pain." Tang Xiaoai thinks that what Zhao Tong asks is nonsense. If she is slapped, try whether it hurts or not.

Someone looked at Zhao Tong's heart and said, "boss, these two girls look good."

"Yes, boss, looking at the water, like a peach."

"Are you bullying my cousin?" After listening to his subordinates, Haoyu turned his triangle eyes and saw Zhao Tongxin's facial features. He was a little stunned. He liked a woman like Zhao Tongxin, the face of an angel, the figure of a devil, and the pure voice and color.

Play up, sure enough cool, the arms of Xiaomeng also don't want, no pity of a push away, straight eyes have been staring at Zhao Tong heart, the tone of speech is not just so fierce, "beauty, how did you provoke my fierce cousin."

Xiaomeng was pushed aside and stamped angrily, "brother Haoyu..."

"No more nonsense, get out of here." Haoyu now has a new goal, where to pay attention to Xiaomeng's feelings.

Xiao Meng was assailed and didn't dare to speak.

"Cousin, I'm being bullied now. What do you mean?" Lulu looked at the obsessed expression on Haoyu's face. She was annoyed that she was more beautiful. She didn't paint her face. Zhao Tong looked at Haoyu in disgust. The man in front of him not only has a pair of triangular eyes, rosacea, but also a mouth of buckteeth. Because of smoking for a long time, he turns yellow and black. I really don't know how that woman can bear it.

"What do you want?"

"Of course I want you to spend the night with me." Haoyu reached out to touch Zhao Tongxin's chin, and was caught by Qian Yuanyuan, who was beside him. He broke it at night.

Haoyu's howl, which was like killing a pig, rang through the whole forest, "ah - it hurts me so much. My hand is going to break, it's going to break."

"Ma Dan, I don't know if you are sick. I have to wash with disinfectant when I go back." Qian Yuanyuan was like a person who had nothing to do. He wiped his little white hand on his body several times.

Qian Yuanyuan's hidden skill makes Zhao Tongxin a little silly. Sometimes she feels that Yuanyuan's action and speed are not like ordinary people. Now she can be sure that Yuanyuan is definitely not so simple. This skill and speed are by no means comparable to ordinary people.

Haoyu from the pain of reaction, looking at a bunch of hands of pigs, howling said: "still Leng why, give me up."

"It's the boss." This group of people also reacted from shock. Seeing that they were only three women, they were no longer afraid. Several people rushed in one after another.

"Don't hit me." Tang Xiaoai screamed, then left Zhao Tongxin and Qian Yuanyuan and ran away.

Qian Yuanyuan only had time to scold, "damn." Facing the man who rushes over is a foot, still don't forget to pull Zhao Tong Xin to the side, "Tong Xin, you squat down, wait for me to solve these bastards, we are walking."

Zhao Tongxin knows that she can't help, but if she squats down, all the attacks will be directed at Qian Yuanyuan. She can't do this. She sees a man reach out his hand, grab her collar and throw it behind her.

Qian Yuanyuan just kicked down a man and saw that Zhao Tongxin's body was thrown out. No matter how fast she was, there was no time to save Zhao Tongxin. All her heart was raised to her throat and she cried out nervously, "Tong Xin, hold your head and curl your feet."

Zhao Tong Xin didn't even have time to scream. He lost his balance and fell back. When they went up the mountain, they were surrounded by gravel and weeds. If they fell like this, they would be seriously injured even if they didn't die.

The fear in the heart spreads to her every nerve, how to do, now really want to explain here? But before I could tell Jin Zhengting that she fell in love with him.

Just a few seconds before his body fell, a tall figure appeared like lightning. He caught Zhao Tongxin's body steadily. Because of inertia, his broad back also ran into the thick tree trunk. Jin Zhengting snorted and didn't let go.

Jin Zhengting happens to bring someone to find Zhao Tongxin. On the way, he meets Tang Xiaoai, who has been following Zhao Tongxin all the time. He looks nervous and scared, and his heart sinks. He knows from Tang Xiaoai that something has happened to Zhao Tongxin.

No matter what Lu zhanyan was shouting behind him, he walked up the mountain with a big stride. Before he came near, he heard Qian Yuanyuan's nervous cry. As soon as he raised his eyes, he saw Zhao Tong's heart was thrown out like a parabola.

At that moment, Jin Zhengting's indifferent face was scared for the first time. His tall body was as fast as lightning. He flew to catch Zhao Tongxin without hesitation. For the first time, he was glad that he had experienced inhuman training, otherwise he would not have time to catch her.

He couldn't believe what would happen if Zhao Tongxin fell on the rocks. As long as he thought of that situation, his heart was like being strangled, so painful that he couldn't breathe.

Jin Zhengting looked at Zhao Tongxin, who was still in shock. His low tone was a little nervous: "are you ok? Are you hurt anywhere?"

"Jin, Jin Zhengting?" Zhao Tongxin was too frightened and stuttered. At that moment, she felt that she could not be saved. How could Jin Zhengting be here? It was as inconceivable as appearing out of thin air.

The people around them were also frightened by Jin Zhengting's lightning fast skill, and all stopped. They only saw a black shadow flash by, and then they saw that the woman who was thrown out was steadily caught. Isn't that man a ghost? How can a normal person's speed reach that level.

And the inertia impact force is so big, even if the man catches it, he will dislocate his arm. However, looking at his innocent expression, other people find it unbelievable.

Some people have the heart to say: "my mother, that man is not human."

"The speed, the skill, it's like making a movie."

They don't know that the things they will face will be so terrible, but Qian Yuanyuan knows that she knows these people will never be better, including her

## **Chapter 130**

When Lu zhanyan arrives with others, he first sees Qian Yuanyuan's face as if he is finished. When he sees Zhao Tongxin in Jin Zhengting's arms, he knows that something must have happened.

Three or two steps to Qian Yuanyuan and asked, "Yuanyuan, are you ok?"

"I'm all right now, but I don't know if it's all right after a while." Qian Yuanyuan doesn't have the heart to annoy Lu zhanyan now. She is thinking about whether to die horizontally or vertically.

Lu zhanyan couldn't laugh or cry when he listened to Qian Yuanyuan's words. What did his good friend do to his woman? She didn't want to protect Zhao Tongxin. Zhao Tongxin seemed to be a little frightened. As for her exaggeration.

But hearing Jin Zhengting's tone, he couldn't laugh.

"Rong Lei." Jin Zhengting opened his mouth, his cold tone mixed with frightening anger, "all solved, no one left."

Lu zhanyan understood Qian Yuanyuan's fear. Jin Zhengting, who was always calm and calm, didn't even want to be interrogated. He gave death orders directly. These people must have done something and violated Jin Zhengting's bottom line. At this moment, he believed that no one could stop Jin Zhengting.

Rong Lei's eyes follow a deep, tone Su Sha's reply, "yes, boss."

In the last second, those vicious people still had a great advantage. In the next second, they were surrounded by a group of people. Everyone's expression was cold and quiet, like sculptures, which made people afraid from the bottom of their hearts.

Haoyu knew that these people's identities must be unusual. Suddenly, he regretted why he had to be so impulsive. He pulled the same fool Lulu, yelled: "Meng Lulu, what the hell are you doing? This is the woman you said has no background?"

"You're trying to kill me. Don't forget that I'm the only child in my family. If I have something to do, you can't stay out of it. Neither aunt nor grandfather will let you go."

"Cousin, I, I don't know what's going on." Meng Lulu woke up from the shock. She didn't expect that the man behind the woman was not so simple. Just a look in her eyes made her cold all over. She was like being in an ice cave. The man told her that she was just an ordinary woman.

"You don't know, I let you not know." Haoyu looked at Meng Lulu, waving his hand and slapped him, "Damn, I'm going to let you kill me."

"Cousin, you hit me." Meng Lulu was a little silly when she was slapped.

But Jin Zhengting's people won't give them the chance to continue to confront each other. They approach them without expression.

all of Haoyu's men tremble nervously. With the approaching people, they step back and ask, "boss, what should we do now?"

"How the hell do I know." Haoyu's forehead was covered with sweat. Looking at the terrible man's expression, it seemed useless to beg for mercy, but they couldn't beat him.

What to do? It's all Meng Lulu's business. Why should he take the blame? He can't do anything.

Haoyu pulled Meng Lulu and pushed him to Rong Lei's direction. He said timidly, "these things are all done by this woman. It's none of our business. If you have anything, you can go to her directly."

Meng Lulu felt her body tilted, so she was pushed. She even sat down beside a man and didn't call cousin Liu Haoyu. She even screamed, "ah - Liu Haoyu, you bastard."

There were bruises all over her knees, arms, and hands, and she kept wailing in pain.

Rong Lei took a look at the woman on the ground and put his eyes on Haoyu. "Although this woman is very annoying, you even lose our man's face. Why do you stop and grab them all back?" The second half of the sentence in the bottom of my heart said, grasp back to deal with.

"No, I gave you that woman." Haoyu thinks Rong Lei doesn't think it's enough. He reaches out and grabs

Xiaomeng, who is crying.

Xiaomeng sees that Haoyu looks at her. She's surprised. She just sees that Lulu's body is all injured. She quickly dodges, "it's none of my business. It's really none of my business. It's all the woman's request."

"Lulu and I just listen to her."

"Xiao Meng, don't say it." Even if the fall of the whole body pain, Meng Lulu or bite his teeth toward Xiaomeng roar, "if you say, you think about your own family."

Hearing Meng Lulu's roar, Xiao Meng is stunned and shakes with fear, but she doesn't speak.

Zhao Tong's heart leans against Jin Zhengting's arms and suppresses her shock. She happens to hear Xiaomeng's last sentence. She guesses that Meng Lulu must have a purpose to get close to her, otherwise she won't deliberately come to find fault with her, as if she was deliberately provoking her.

As a result, the conversation between them also confirmed her idea.

People who have been with Jin Zhengting know that Jin Zhengting always says what he says. Even if there is a big conspiracy in it, Jin Zhengting says to solve it, and no one dares to say a word of love for them, but Zhao Tongxin is not included.

"Jin Zhengting, let them stop first, let the two of them make it clear first." Jin Zhengting lowered his eyes and looked at the worried look on Zhao Tongxin's face. He said coldly: "no, if you dare to do this, you should know the price."

Zhao Tongxin knows that Jin Zhengting doesn't need it. Even if they don't say it, he will find it out. But isn't it troublesome? Since people are controlled by them, direct interrogation is not faster. "It's a waste of time and energy for you to check again. It's better to come here quickly."

Jin Zhengting didn't hear anyone contradict him for a long time. His cold expression sank down and he wanted to say something to her. Looking at her nervous and weak expression, her throat moved and she didn't say it.

After a few seconds light said: "good."

Seeing Jin Zhengting's gloomy face, Zhao Tongxin feels that he seems to be challenging his majesty. He thinks he will be unhappy, but he doesn't think he will agree. He is stunned for a moment, and his mouth bends involuntarily, "en."

I don't know who took a cold breath and attracted people's attention. They took a look at the man and calmly moved away. They really wanted to roar in their heart. They didn't ask the boss to punish Zhao Tong in the same way as they did in the black prison, but they agreed not to do so lightly.

How can they look directly at the cruel boss in their heart and treat them differently? They also know that their attitude towards Zhao Tongxin must not be too casual.

If anyone doesn't pay attention, the end will be very pitiful.

Rong Lei is a little better. He has seen the boss compromise Zhao Tongxin, so he is not surprised. His face is full of pride. Learn to be a little bit. This is what he calls Taishan collapse.

"Not yet."

"Yes." Two of them went to catch Meng Lulu, and the rest of them subdued Haoyu and others with ease. Because they were really excited, their strength increased, and they were a little fierce.

Haoyu's inverted triangle eyes were beaten into goldfish eyes and swollen. His buckteeth almost bit off his tongue. He cried out in pain, "please let me go. It's all Meng Lulu's fault. I was used by her. It's none of my business."

When the others heard that the boss had surrendered, they were even more afraid to pray, "spare me, we all know that we are wrong."

"Yes, yes, we all listen to the boss. We really don't know anything."

As soon as Rong Lei saw that Jin Zhengting's face was not good, he immediately yelled at them: "shut up, I'll cut his tongue if anyone is saying something."

Other people look at Rong Lei not like joking eyes, sullen shut his mouth, dare not speak.

Lu zhanyan looks at Qian Yuanyuan's injury and feels distressed. There's nothing wrong with him here. Zhengting will handle everything. He'd better take his woman to deal with the wound first. "Zhen gting, I'll take her first."

"I'm not going. If you want to go, you go." Qian Yuanyuan didn't dare to leave now because she was confident in her skills. If she had been more careful just now, Tong Xin would never have been thrown out. If she had fallen into a pile of rocks or rolled down the mountain, she would not have forgiven herself without Jin Zhengting punishing her.

Zhao Tong was stunned for a long time and took care of Meng Lulu's affairs. She didn't notice until Qian Yuanyuan opened her mouth. Looking at the blue and purple marks on Qian Yuanyuan's face, some of them still have some blood on them, she anxiously said, "Yuanyuan, how are you hurt? Are you ok? Go and deal with the wound first."

"Otherwise the infection will be inflamed and it will be troublesome."

"I'm ok. I hurt you, Tong Xin. Fortunately, you're OK. If you have something, I'll just follow you." Qian

Yuanyuan wanted to smile to show that she was ok, but she didn't want to pull the wound. She showed her teeth in pain.

Lu zhanyan's gentle and handsome expression showed a trace of anger. He was still in charge of other people. "You can still show off your ability, follow me."

"If I don't leave, you let me go. It's just a little hurt." Qian Yuanyuan tries to shake off Lu zhanyan's grip, but she doesn't expect that Lu zhanyan looks very thin, but her strength is surprisingly big. No matter how she shakes him, she doesn't shake him off.

"Yuanyuan, it's not your fault. What do you say? I'm sorry. Go and deal with the wound quickly. Let's get rid of it first." Zhao Tong's heart was moved. Seeing that Qian Yuanyuan was injured, he was still worried about her. He wanted to get rid of Jin Zhengting's arms and go to Qian Yuanyuan's direction.

As soon as Jin Zhengting's arm was closed, Zhao Tongxin was not allowed to break away. His resolute handsome face was cold, and he said in a gloomy tone: "go with him."

Qian Yuanyuan's neck shrunk and he didn't dare to struggle. He said honestly, "yes."

Zhao Tong

Lu zhanyan

It's useless for both of them to say that. With Jin Zhengting's words, she'll be honest. Is this a kind of bullying the good and fearing the evil.
