

Chapter 1225 – 1230 of Punished by His Love Novel

Chapter 1225

“Although I grew up in Nancheng before I was a teenager, and although it is Fu Zhengxiong’s son, who has given me fair treatment?”

“No one cares about me when I was in exile after I was a teenager. Apart from my mother, Suzi was the only woman in this world who gave up and saved my life, even though she was not willing at the time.”

“And later, she took care of my mother, that true love is not something anyone can do.”

“Later I took charge of the Fu Group, and the sky changed overnight. How many women in Nancheng wanted to climb into my bed?”

“Lanita is the most typical example. She framed Suzi at all costs in order to marry me, time and time again.”

“Until now, in this world, apart from my mother, the only woman who treats me well is Suzi. Not to mention that I spent six years looking for her, even if it took a lifetime, shouldn’t it? ?”

Arron is a man who rarely talks a lot.

He has always done less and talked more. But at this moment, he was telling Kraig about these past events.

Kraig sighed with emotion: "Yes, Suzi is the best woman to you."

After a pause, he smiled sadly: "Dalia is also the best woman in the world to me. I only recently understood a truth. The so-called woman I once loved, she has never loved me, she loves It's her, she has been consuming my love for her."

Arron sneered: "You finally understand."

Kraig raised his eyelids: "You have seen it a long time ago?"

Arron: "I've never seen the woman Elma at all!"

"So disgusting her?"

"Very disgusting! If she puffed up in front of her a third time, she would see the blood spurting out of her with her own eyes!"

When Arron said this, he was very calm.

He didn't mean to scare Elma, let alone Elma was not here.

"I am a man, no matter what gender, I have never had the heart to pity Xiangyuyu, I am not pleasing to my eyes, she dangles in front of me, it is better to disappear and simply." Arron's tone was light.

This made Kraig smile: "I hope you can kill her soon! It is estimated that my old man urges me to return to Kyoto every day because of this woman!"

Speaking of Elma, Kraig felt that how much he liked this woman before, and how disgusting this woman he is now.

Perhaps before Arron did anything to Elma, Kraig might have killed Elma.

Only because Elma beat Dalia twice.

Thinking of this, Kraig felt very distressed.

Will his woman come back?

He has to be confident.

Arron has looked for Suzi for two years, then Kraig will be able to look for Dalia for the rest of his life.

“Get together in the club at night, are you going?” Kraig asked Arron suddenly.

Arron asked: “Are you in the mood to go?”

“Lao Zhong and Lao Jiang are both here to comfort me. I have to cheer up. Looking for my woman is a protracted battle. I can’t be decadent.” Kraig said.

“That’s right!” Arron smiled suddenly.

This afternoon, Arron did not pick up Suzi and Shen Only.

He and Kraig went directly to the clubhouse.

At this time, Zhong Muzhan and Jiang Chenhe were already waiting for them both in the home.

When they saw Kraig, the two did not first appease Kraig. Instead, Zhong Muzhan said to Arron with a solemn expression: “Arron, I have something to tell you.”

Arron was startled: “What’s the matter?”

Chapter 1226

Zhong Muzhan said: "I'm at the border, so I may know the news earlier than you. Recently, a very crazy lunatic appeared in several countries in Eastern Europe."

Arron was taken aback: "What do you mean?"

"The countries where the fanatics appeared are our gathering places abroad. We must know that one-third of the lives of these people are in that zone. But this time, that zone has appeared. Such a desperate guy." Zhong Muzhan's tone revealed his worries.

Arron said nothing.

He waited for Zhong Muzhan to continue speaking, Zhong Muzhan sighed: "This fanatic said that he is not young anymore. People who have heard him say that he is also in his thirties. He stretched out his hand. He He doesn't burn or kill the local poor, but he just snatches it!"

"Snatch blatantly, you will see his kind of robbing, you will feel that he doesn't take his own life at all."

"There is also important news. He specializes in grabbing rich people from Arron's business site."

"That temperament, that stretched hand, that fierce energy is no less weaker than Arron."

"Arron at least thinks carefully before killing someone. Arron never takes human life. But that guy is different! He played the cards according to common sense. I see his posture. He is deliberately killing himself."

“Recently, he robbed a lot of things. The speed is so fast that our brother in Eastern Europe didn’t react at all and he ran away. I guess he had hundreds of millions of assets with him, but this guy suddenly disappeared. .”

At this time, Kraig interrupted: “Disappeared? Do you think that guy has disappeared? Are you afraid of him...”

Zhong Muzhan focused his gaze on Arron: “I’m afraid he’s coming for Arron. I’m afraid this guy has already arrived in Nancheng. This thing is a desperate thing!”

Kraig: “...”

After a pause, he said, “Arron, could it be him?”

Arron: “...”

He remembered the phone call that Suzi had received more than a week ago. The person asked Suzi on the phone how he had been doing recently. Although the voice did not resemble Pan Haoyang, Arron clearly heard a kind of voice in that tone. The feeling of love and hatred.

If Kraig didn’t guess wrong, that person should be Pan Haoyang.

Otherwise, he would not specifically choose Arron’s business venues in Eastern Europe to provoke him.

“Just leave it alone, I’ll take care of it.” Arron said lightly.

Zhong Muzhan: “Arron, this guy has to get rid of as soon as possible!”

Kraig: “Old Zhong! Don’t say a few words!”

Zhong Muzhan: “What? It’s such a rampage! The fatal two hundred and five have been burned, killed, and looted, and you still have him left?”

Kraig said calmly: “Arron brought back a secret from Gasing Island last time, you still don’t know it.”

Both Zhong Muzhan + Jiang Shenhe looked at Arron together.

Arron did not speak, but Kraig continued: “Arron has a twin brother.”

As soon as Kraig’s words fell, he saw Zhong Muzhan and Jiang Chenhe both open their mouths and their eyes rounded at the same time.

After a long while, Jiang Shenhe asked: “Is... Fu, the old president Fu Zhengxiong’s...son?”

“Nonsense!” Kraig said: “Twin brothers, what are you talking about!”

Jiang Shenhe + Bell Screen Exhibition: “...”

After a long while, Zhong Muzhan asked, “Arron, what’s the matter?”

Arron’s tone was very sad: “My mother was considered to be the indigenous princess of Gasing Island. In order to make money everywhere in Gasing Island, my father and aunt negotiated with my father to invest in my mother’s affection. That is, husband and wife. Unite and play with my mother.”

Having said that, Arron’s tone was extremely sad.

Chapter 1227

A man with a fierce nature, never talked about feelings.

He rarely talked about his mother's past with his brothers of the opposite sex, but at this moment Arron said it very sadly.

"And my mother had just graduated from college and lost her parents. When she was in need of emotion and care in this world, my father showed up, and easily my mother fell in love with my father. This love lasts a lifetime, never again. Changed."

Arron's words silenced the three men present.

Arron continued: "But my father never thought of marrying my mother. He and my mother had this kind of relationship, and it was all for the Fu family's gold-fishing plan on Gasing Island. This plan, I think the aunt is also involved."

"So, although my aunt planned to let my father invest in my mother's affection, my aunt firmly disagrees with my mother giving birth to her father's child."

"That's me, and my twin brother."

"Later, my mother was able to give birth safely because of Father Shu's intervention. In order to save the life of one of our two brothers, my mother left the younger brother who was thinner at the time of birth on Gasing Island."

"That is to say, I stayed in the hands of the later island owners and couples of Gasing Island, so my brother's name is Pan."

"He doesn't know his own life experience just like me."

"I was told by Elder Shu, and he, I think his elder brother told him."

Zhong Muzhan: "So that's the case, no wonder this stinky boy is so crazy, he is almost burnt, killed, and looted. It turns out that this is determined to attract the attention of you and the old president Fu Zhengxiong?"

Arron sighed, "I don't know if it's him yet."

Zhong Muzhan: "When you say this, I think it should be him 80%."

"What does he mean?" Zhong Muzhan looked at Arron.

Arron was silent.

"You were not Arron who caused his fate. Besides, the auntie kept him on Gasing Island for his own good. He has never been wronged since he was a child and grew up in the home of the Islander of Gasing Island. He is known as the fourth son of Pan. , His fate is much better than Arron's yours."

"Think of you, you were exiled abroad when you were a teenager. From time to time, you still have to avoid your brothers chasing you down. You are much harder than his life. He knows his identity now, so he won't hurry up. Come to meet your brother, and fight against you?" Zhong Muzhan said in a grunting tone.

After that, he added: "I care if he is Arron's brother, if he dares to touch your hair, I will kill him alive!"

Arron: "..."

What does Pan Haoyang really want to do? Arron could not guess exactly, but he was not totally ignorant.

Arron knew that Pan Haoyang had a crux in his heart, and that was Suzi.

At this moment, Arron could imagine that Pan Haoyang was burning and looting desperately all the way from Europe to Nancheng. Obviously, he was attracting the attention of him and Suzi.

To be precise, it was attracting Suzi's attention.

Thinking about it this way, Arron couldn't help but smile helplessly in his heart.

Suzi, his little wife of Arron.

Even though she didn't finish college, she had been digging soil in the farmland since she was a child, and she had served a sentence in jail, but she was very attractive to men.

At this moment, there was a sudden commotion outside the box.

The waitress's anxious voice came from outside: "You...you can't go in. Inside are our distinguished guests, you..."

The door of the box was banged open.

Seeing the people coming, everyone in the venue was stunned.

Chapter 1228

Among the few brothers, Kraig came to Nancheng the most, and he often went to Arron's group company. Therefore, at this moment, Kraig was the first to react.

He immediately shouted: "Fu, Uncle Fu, you... why are you here?"

Seeing Kraig say this, the other two people immediately came back to their senses.

Zhong Muzhan and Jiang Chenhe shouted in unison: "Uncle Fu, hello! How good is your old health?"

Even if Arron didn't wait to see his own father, it was Arron's father after all.

Therefore, every time the three good brothers of the opposite sex saw Fu Zhengxiong, they were respectful and polite.

Fu Zhengxiong's face was ugly, and his tone was also angrily that could not be concealed: "Arron! I know you are busy these days! You are busy taking care of your new mother-in-law! Busy taking care of your mother-in-law's emotions, busy Take care of Suzi's emotions! But don't forget, you still have an old man, and you still have an aunt!"

"No matter how bad your aunt and dad treat you, they have raised you!"

Arron sneered: "How did you find this place?"

Seeing his son sneer, Fu Zhengxiong became even more angry: "It's been a month! It's been a full month, Arron! A month ago, I vomited blood at your house and went directly to the hospital. When I was discharged, how about my son?"

"My son didn't come to pick me up from the hospital!"

"I'm just a son like you, Arron!"

"Okay, if you don't pick me up and leave the hospital, I will admit it. My aunt and I helped each other to leave the hospital. I have been waiting for you at home since I was discharged.

"Your grandpa is a hundred years old, do you know whether he is alive or dead?"

"The only thing your grandma thinks is that she cried and went blind, you know?"

Hearing what Fu Zhengxiong said, there was no expression on Arron's face.

Grandma wants to be the only one, he can understand this.

But, it's just that grandma wants to be the only one, it's not enough for Arron to take the one back to the old house.

Because he really has no feelings for the old house.

Since he was a child

Never lived in an old house.

There are only his most unhappy memories, and the deepest pain of his mother.

Where he didn't want to go back, naturally he would not take his biological daughter back.

However, the old man's thoughts about his great-granddaughter were also true, so Arron didn't say anything about Fu Zhengxiong's complaints.

However, Fu Zhengxiong immediately said: "And Suzi! She has suffered a lot of grievances, I know! Her biological grandfather was very unfair to her, but isn't the truth now revealed?"

"Suzi should be Shu's granddaughter, right?"

"It doesn't matter if she was born in the market before. Looking back at the roots, she is also regarded as the granddaughter of a prestigious family. Should she pay attention to personal influence! Anyway, she is also the young grandmother of the Fu Group. "

Arron looked at his father coldly: "What do you want to say?"

"She's unscrupulous!" Fu Zhengxiong said.

Arron: "You say it again?"

Seeing his son threatening him blatantly, Fu Zhengxiong was taken aback.

Just startled, Fu Zhengxiong said angrily: “Your aunt and I have been harassed twice! Two times!”

Arron: “...”

Fu Zhengxiong became more and more angry as he said: “It was the same man twice! He explicitly threatened me and your aunt, let us be polite to Suzi! Hey! Our Fu family is really unfortunate! The family is unfortunate! Why did we marry? Such a daughter-in-law?”

“She is married to you. Your daughter is only five or six years old. There is such a man out there. And it can directly threaten your aunt and me!”

“Do you think Suzi is doing too much!”

“She has been married, has children, and is the young wife of a large group company. She doesn’t know how to check it!”

“Our Fu family, when have we ever found such a woman who doesn’t obey women’s ways to come in!”

Chapter 1229

In the end, Fu Zhengxiong pointed out directly that the reason why he was threatened by the same man twice was entirely because Suzi made a mistake.

Fu Zhengxiong looked at his son confidently.

As cold and quiet as Arron, he almost laughed at his own father at this moment!

“Dad!” The words he shouted were very heavy, very heavy: “When you are talking about Suzi, first think about your own behavior in your life!”

“I can do anything. You, the son, arranged for me as the father?” Fu Zhengxiong was indeed annoyed.

He was ill during this month,

The son took him to the hospital and left, and has never seen him since.

In this month, he and his wife Qin Wenyu have been attacked by the same man twice, and the man bluntly refused to let them harass Suzi.

And it was strange that the man seemed to be very familiar with their husband and wife. He chose to threaten the two elderly men in sixties when the bodyguard and domestic helper were not around.

How did this make Fu Zhengxiong angry?

Angry and scared.

In this case, if he doesn't find his son to support him, who will she find?

What's more, I heard that my daughter-in-law doesn't recognize Father Shu until now.

Elder Shu is more than 80 or almost 90, so what can't be forgivable because he is his biological grandfather?

In view of all these, Fu Zhengxiong became more and more irritating.

So he went to the Fu Group Company to find Arron this afternoon.

As a result, he went out again.

Fu Zhengxiong asked the company

At the front desk and Arron's large group of secretaries, where did his son go?

The front desk and the group of secretaries said they didn't know.

However, several people responded to his old president: "Several brothers of the opposite sex of the president are here."

Fu Zhengxiong immediately asked: "Three, are there three here?"

The front desk replied: "That's right, it's three, plus the president, and four people went out together."

Fu Zhengxiong knew it immediately.

He turned around and left, then came here.

After all, he was his father, and he knew something about his own son. He knew that as long as his son's three brothers of the opposite sex came together, they would definitely be here.

Today, he is going to have a clear theory with his son in front of Arron's brothers of the opposite sex.

He also wants those brothers of the opposite sex to judge!

However, at this moment, Fu Zhengxiong never expected that his own son would bite his own father back.

Fu Zhengxiong's old face flushed red, and his tone was extremely excited: "No matter what I do, I will only have two women, your aunt and your mother! No matter how I do it, I don't have any..."

He wanted to say that he was not as licentious as Suzi.

However, Fu Zhengxiong didn't finish what he said, so he was sent back by Arron: "Don't you always want to ask me, what great secret I brought back from Jiaxing Island?"

"About you, how you are unscrupulous, do you want to know?" Arron looked at his biological father in an extremely cold tone.

He hasn't had the time to settle accounts with his biological father.

As a result, the father came to Xingshi first to inquire about the crime.

Fu Zhengxiong was taken aback for a moment: "Wh...what does it have to do with me?"

As soon as his words fell, the manager downstairs suddenly came up: "Four Lord, Lord, there is a desperado downstairs who is making trouble, and has injured several people."

Chapter 1230

Arron was taken aback, and he subconsciously asked, "What do you look like?"

"Skinny tall, wearing sunglasses..." the manager described in a panic.

A few people look at me, I look at you, and then they all go downstairs and see a corner of the hall. Two or three people who have been beaten are all lying on the ground, some of their lips are bleeding, and some of their eyes are swollen.

Another person had a piece of skin wiped off his hands.

"Where is the person who made the trouble?" the manager asked one of the waiters.

The waiter said weakly: “Run... ran away.”

Manager: “...”

The man shot too fast, the waiters couldn't see clearly, and the man didn't get muddled. He beat him three times, then turned around and ran away.

Arron asked in a calm voice: “That person...why hit you?”

One of the waiters said: “He is going to rush up. We told him that today this place was booked by several masters. He can't go in. That person had to say that the old man came up just now. Come up...”

“It's him! It's him again! Do evil! Arron...” Fu Zhengxiong complained excitedly.

Arron: “...”

He didn't even look at his father, but turned his head to look at the manager: “Check and monitor!”

The manager immediately went to the security room. As a result, the monitoring found was a full five minutes in the time period just now, and the monitoring was garbled.

Manager: “...”

Arron looked at the Zhong Muzhan in a calm voice: “Look, he is not a desperado, he has a plan, and he will use black technology to interfere with surveillance video in advance.”

Jiang Chenhe and Zhong Muzhan both asked in unison: “Will...will it be him?”

Arron shook his head: “Not sure.”

Even though he was 90% sure that it was Pan Haoyang in his heart now, he couldn't be sure.

What if not?

Fu Zhengxiong asked: "Who is it? Do you all know this person? Who is he? Is it because Suzi is a good friend outside, Arron, I told you that Suzi is not obedient to women, you have always... .."

Fu Zhengxiong wanted to say that all of you were covering Suzi, but his words were interrupted by Zhong Muzhan.

"Uncle Fu!" Zhong Muzhan was finally impatient: "Just say a few words! You still dislike your daughter-in-law, where are you still qualified to speak of your daughter-in-law."

Fu Zhengxiong: "..."

Before he could say anything, he was pushed out by Zhong Muzhan.

"Father, you go home first!" He said that Zhong Muzhan forced his driver to send Fu Zhengxiong back.

Fu Zhengxiong was still cursing while sitting in the car: "What's this! Arron just protected the woman because she suffered a lot from Mr. Shu and was wronged. Now he is really Mr. Shu's granddaughter. , Just lift the tail to the sky?"

Driver: "..."

He is the driver of the Zhongmuzhan. He needs navigation to send the old man home, and he is not familiar with the old man's temperament and situation, so the driver is silent all the way.

Take the old man home, and watch the old man enter the gate before the driver returned to the clubhouse to return to life like Zhongmuzhan.

At this time, the clubhouse has returned to normal.

The waiters who were beaten all went to the hospital to get bandaged. Arron and three brothers of the opposite sex were also sitting in the box, as if nothing had happened before.

The three brothers were all persuading Arron.

“Arron, Uncle Fu is your father after all.” Jiang Shenhe said.

“Things have passed for so many years, and it won’t help if you blame him. You can’t know anything about him anymore. After all, it’s more than seventy.” Zhong Muzhan also followed.

Yubi, he also looked at Kraig: “Lao Jun! You are saying something to persuade Arron! Usually you talk the most, what happened to you today!”

Kraig snorted weakly, “Huh! After such a big party, I thought you were comforting me at first. It turns out that A Zhan, you mainly came to tell Arron about his twin brother. What’s the matter?”
