

Chapter 1231: We All Know Each Other

Everyone turned around to see that it was Ling Xiao who had arrived.

Ling Xiao was accompanied by a beautiful middle-aged woman. After she saw what was going on here, she immediately rushed to Xia Xibei's side.

"Beibei, why did you come here?"

Liu Yiqin was in a hurry.

She returned to the room just now, but she didn't see Xia Xibei.

She was so frightened that she hurriedly asked Ling Xiao to help her look for Xia Xibei.

Luckily, she found her here, but what was happening now?

"A snake chased me and drove me here."

Xia Xibei's answer surprised Ling Xiao.

"A snake chased you? No way!"

“It must be a lie! There are no snakes here!” Qi Xin coldly snorted. “There is only a grandpa snake here, so how could it chase her?”

...

That spirit snake was not too old, but it had seniority because it was the patriarch’s spirit animal.

Therefore, everyone called it Grandpa Snake.

“That’s right! How can there be snakes here?!”

“Besides, even if it’s a snake, why would it chase her here?! It’s obvious that she has bad intentions!”

Everyone followed and echoed.

“I’m not lying,” Xia Xibei shook her head and said seriously. “Besides, I didn’t destroy a single blade of grass or leaf here.”

“Then how do you explain these?”

Everyone pointed at the spiritual plants, whose branches were about to break, and questioned her.

Xia Xibei looked at the branches and raised her eyes, “I didn’t do it. I don’t need to do such a thing.”

“I also believe that it couldn’t have been done by her,” Qi Zhi’an agreed.

“Dad!” Qi Xin was furious. “At this point in time, you’re still on her side?”

Qi Zhi’an was a bit baffled, as his daughter’s reaction was a bit strange.

“With her strength, there’s no way she can hurt these spirit plants!”

Her father’s defense of Xia Xibei caused the fire in Qi Xin’s heart to burn even higher.

“What’s wrong?”

Ling Xiao looked at the father and daughter, who were at odds, with a puzzled face.

“She is my guest, there must be some misunderstanding here!”

Ling Xiao’s words made Qi Xin even more distressed.

Looking at her mother being deceived and still bent on excusing Xia Xibei, Qi Xin almost exploded with rage.

“Your guest?” she sneered. “Are you sure, Mom?”

“You child!” Ling Xiao gave her a scornful look. “She’s mom’s lifesaver! Haven’t you met her before?”

A life-saver?

Everyone was immediately shocked.

This little starlet was their future matriarch’s savior? That was a big jump in status!

“Of course I have!” Qi Xin gritted her teeth. “But you don’t know her-”

“She is your life-saver?” Qi Zhi’an interrupted their conversation in shock and looked at Ling Xiao in surprise. “Why didn’t you say so earlier? She is the Little Xia I told you about before!”

“Huh? I didn’t know that either!” Ling Xiao had a regretful expression. “You know, I don’t watch TV at all, and I don’t know much about the entertainment industry, so naturally I didn’t see her! On the other hand, you didn’t tell me clearly before!”

Before, Qi Zhi’an had mentioned the existence of Xia Xibei to her, but at that time, there was no photo, and she also didn’t look up Xia Xibei’s situation because she was busy, so she had missed the connection.

When she thought about it, she felt so sorry. How much time they had wasted!

"I- I didn't know you knew her either," Qi Zhi'an said speechlessly.

Looking at her parents' reaction, Qi Xin felt even more furious.

As far as she was concerned, her father was still deceiving her mother!

It was outrageous!

Thinking of this, she couldn't help but pull her mother aside and gritted her teeth.

"Do you know who this girl is?"

Chapter 1232: Not That Kind of Relationship

Qi Xin's words caused Ling Xiao to freeze, "Of course I know that! Haven't you met her before?"

"I have met her," Qi Xin gritted her teeth, "But you don't know her!"

"What are you trying to say?" Ling Xiao looked at her in disbelief.

Her daughter's weird expression confused Ling Xiao.

"What's going on?"

"You know that she and dad know each other?"

"I know!"

Ling Xiao felt this was very coincidental. Both she and her husband had crossed paths with Xia Xibei, but they didn't know this before and had wasted so much time.

"You don't even know!"

Looking at her mother's calm expression, Qi Xin gritted her teeth.

"What do you mean I don't know?" Ling Xiao frowned. "What exactly are you trying to say?"

...

"Do you know what kind of relationship she has with dad?"

"A friendly relationship!"

Qi Xin was furious, “No!”

“Huh?”

“They- They-” Qi Xin took a few deep breaths to suppress her anger. “She and dad have an unusual relationship!”

She still couldn’t say anything more unpleasant.

“What?!” Ling Xiao was really shocked. “What do you mean an unusual relationship?”

It took her a while to react, and her face suddenly changed, “You’re crazy! Where did you get these dirty ideas?!”

If it weren’t for the people next to her, she might have been unable to resist slapping her.

Qi Xin was not affected by her mother’s grim expression and still looked serious, “Someone saw the two of them eating together, and they looked intimate!”

“Eating together? Looking intimate?”

Ling Xiao was stunned and drew a breath.

“Yes!” Qi Xin still found it difficult to say, but she didn’t want to keep her mom in the dark, so she continued, “Moreover, Dad also... Did a lot of things for her!”

“What?” Ling Xiao felt dumbfounded. “What the hell are you talking about?”

“I’m not lying!” Qi Xin gritted her teeth. “You know about the Huo family’s patriarch, right? His dementia was cured by dad because Xia Xibei and the young master of the Huo family have an unusual relationship!”

Ling Xiao was originally very angry. After all, her husband was having an affair with another woman, so what wife wouldn’t be angry?

However, after hearing this matter, the anger in her heart immediately subsided and she looked at Qi Xin with a strange expression.

“Patriarch Huo was cured by your father?”

“Yes!” Qi Xin nodded. “Who else has this kind of ability besides dad!”

Ling Xiao blinked, “Where did they have dinner?”

“G City!”

Ling Xiao didn’t know how to react. Qi Xin had misunderstood!

Patriarch Huo was treated by Xia Xibei, a matter that Qi Zhi'an had lamented to her before!

The most important thing was that Xia Xibei had instructed Qi Zhi'an before!

With Xia Xibei's power, it would be ridiculous if she had any kind of close relationship with Qi Zhi'an!

As for the dinner, Qi Zhi'an had also told her about it, and was happy to say that Xia Xibei had given him a lot of pointers once again.

She didn't expect that this would be seen and then develop into such a misunderstanding!

"You got it wrong," Ling Xiao shook her head. "Your father and her don't have that kind of relationship."

"Mom!"

Qi Xin was stunned! At this point in time, her mother was still speaking for them!

She was too brainwashed!

Qi Zhiqiang got impatient and couldn't help but shout, "What the hell are you talking about?"

“Nothing,” Ling Xiao shook her head and led Qi Xin back to where they were. “I believe that Little Xia would not do such a thing.”

Once these words came out, Qi Xin and the people who “knew” were stunned.

Chapter 1233: Arriving One After Another

Qi Xin almost jumped up in anger.

She had already told her mom about Xia Xibei, so why did her mom still believe Xia Xibei?

“You believe her?” Qi Zhiqiang coldly snorted. “Even if you believe her, it is useless! We have evidence! Moreover, they are spirit plants, not ordinary plants!”

If it was an ordinary flower or plant, people wouldn’t care at all, but these were spirit plants! Very rare spirit plants!

“That’s right!” Other people also stood up and supported Qi Zhiqiang. “They’re spirit plants, and they were about to bloom!”

Listening to everyone’s outburst, Qi Zhi’an stood up, “There must be a misunderstanding here. I believe Little Xia would never do such a thing!”

Xia Xibei was so loved by the spirit plants, so how could she possibly harm them?

Without saying more, he knew there must be a misunderstanding here.

Looking at the couple speaking up for Xia Xibei, everyone was surprised.

Who was this little starlet that could make them speak up for her like this? She was too powerful!

Qi Xuanran pulled Qi Xin's hand and the two of them exchanged a look.

...

Qi Xin shook her head, not wanting to make too much of a scene here.

In their original plan, it was to make Xia Xibei lose face.

Xia Xibei definitely wouldn't be able to control herself after being drugged.

When her entanglement with Qi Xiangyuan was discovered, Qi Zhi'an would definitely dislike her.

Qi Xin did not want to make Qi Zhi'an lose face, she only wanted to use this method to take care of the shameless mistress.

Somehow, the development of everything went out of their control.

"Is there no surveillance here?" Xia Xibei asked with a sullen face.

“No,” Qi Zhi’an shook his head.

There was surveillance outside, but there was no surveillance here.

After all, these monitors could easily reveal the secrets of the Qi family.

Xia Xibei was not surprised, as this was to make her unable to argue.

“Second brother,” Qi Zhiqiang looked at Qi Zhi’an with cold eyes. “Although this young lady has a great relationship with you, you can’t protect her at a time like this.”

Qi Zhi’an’s face was slightly sunken. What did he mean by a great relationship?

However, he also knew that at this time, if Xia Xibei did not explain herself clearly, she would not be able to leave this place.

He looked at Xia Xibei and asked with his eyes if she wanted to explain her situation.

Qi Xin became even more upset looking at Qi Zhi’an and Xia Xibei’s “eye-to-eye.”

How dare they be so blatant in front of so many people?!

What was even more hateful was that her mom didn't believe that they had a problem!

"So many people here. What is happening?"

With the scene at a standstill, a somewhat ancient voice rang out.

Everyone stiffened and hurriedly looked over as a tall figure walked over.

Everyone immediately bowed their heads and greeted respectfully, "Good day, patriarch."

When the visitor came closer, Xia Xibei also got a good look at his appearance.

His hair was white, but his face looked quite young, only 40 or 50 years old.

He looked a bit similar to the brothers, Qi Zhi'an and Qi Zhiqiang.

His eyes were deep, resembling an ancient well, which made people not dare to look directly at him.

What was even more alarming was that there was a touch of green on his shoulder, and it moved!

It was an emerald green snake about a meter long. It was not a thick snake, but still chilled people's hearts.

It was a snake!

"Grandpa! Grandpa Snake!"

Qi Xin cheered and ran to the old man's side. She took his hand and told him what happened.

"She said she was chased here by the snake and then the spirit plants were damaged, and she refused to admit it."

She explained the matter clearly in a few words, but on closer examination, she was already convicting Xia Xibei.

Chapter 1234: I Have Proof

After the old man heard Qi Xin's words, he instantly looked at Xia Xibei.

After seeing Xia Xibei, he also froze for a moment.

This girl was quite beautiful.

However, he only shook his head for a moment, then put his mind on the spiritual plant.

“You said you were chased by a snake?” the old man asked in a deep voice, and his aura was suddenly unusual.

The others saw the patriarch coming and couldn’t help but take a few steps back.

The old master was not someone they could approach.

Of course, everyone was more afraid of the snake on his shoulder.

This snake looked beautiful, like a green crystal, but it was poisonous!

Although it rarely bit people, the threat of the invertebrate creature, plus its toxin, was enough to scare people.

“Yes,” Xia Xibei nodded and pointed at the snake. “It was the one that chased me.”

“Oh?” the old man raised his eyebrows. “Are you sure?”

“Yes.”

Seeing Xia Xibei so sure, the others couldn’t help but whisper and begin to mock her.

What a laughable thing to say!

How could Grandpa Snake chase her?! Wasn't that ridiculous?

They knew that Grandpa Snake never played outside.

They usually didn't dare to get close to the snake.

Was Xia Xibei sticking to her previous lie?

"But it has always been by my side. It never left me."

When the old master's words came out, everyone immediately perked up.

If it weren't for the presence of the old man, everyone might have been unable to resist condemning Xia Xibei.

How shameless!

At this point in time, how dare she continue to lie?!

Qi Xin bowed her head and hid the smile on her lips.

“Are you sure?”

To people’s surprise, Xia Xibei also asked a question and was not nervous at all.

Qi Zhiqiang immediately stepped out, “What kind of attitude is that?! Do you know who you are talking to?!”

“Come on, don’t be anxious.” The old man reached out to stop him and looked at Xia Xibei again. “Of course I’m sure.”

He was curious.

This girl did not look old, but she had a calmness and composure that others did not have.

Even in the presence of so many people, she didn’t look the least bit nervous, but rather like she was sure of her victory.

This made the old man couldn’t help but be curious as to who she really was.

“However, it indeed chased me,” Xia Xibei curled the corner of her mouth.

“Do you have proof?”

The old man wasn't angry.

“We've watched the video, and there was only her in it! There was no Grandpa Snake at all!” Qi Xuanran immediately shouted.

After saying that, she couldn't help but cover her heart and take a few steps back.

It was too scary. She was so afraid of the old man's eyes.

“Is that so?”

“Yes!” Qi Xin nodded. “We just watched the video, and there was no Grandpa Snake in it.”

The old man looked at Xia Xibei, “Then how do you explain it?”

“Of course I can explain.”

She suddenly bent down.

This action startled everyone and they immediately backed away to the side.

When she straightened up, everyone saw that there was something in her hand.

The thing was shiny and looked like some kind of... Fish scale.

“This is...”

The old man was also shocked.

“This is the scale of some kind of fish, you should recognize it.” Xia Xibei held up the scale. “As to what this thing is for, you guys should know.”

Many people’s faces changed slightly, because they did recognize it.

It was the scale of the koi they kept in their pond!

These koi were different from the koi that were raised outside the compound. They absorbed a lot of spiritual energy, so their flesh was very tasty, and even their scales were very delicious.

Grandpa Snake liked the scales of this kind of fish the most.

Chapter 1235: Friendship Between Generations

Xia Xibei was curious before.

Why would this snake chase her? Was there something on her?

Just now, while everyone was busy condemning her, she finally noticed that something was wrong.

At the back of her skirt, there were several pieces of fish scales.

When she noticed these fish scales, she figured out the whole thing.

The fish scales were placed on the couch, and after she sat down, her skirt inevitably got covered with fish scales.

After that, the snake appeared and chased her frantically because of its attraction to these fish scales.

As for why it stopped chasing her after the garden...

There were quite a few things here, including a smell that snakes hated.

So, after she entered the garden, the snake retreated.

Moreover, this snake was also spiritually intelligent and knew that this place was not to be entered at will, much less destroyed.

So, it left.

This trap after trap was really admirable!

The old man looked at the fish scales in Xia Xibei's hand and his face twitched.

"What do you mean?"

"The snake liked these fish scales and I was covered with them, which naturally attracted it to come after me."

Xia Xibei's explanation made everyone look at each other.

It sounded right!

However...

"How do you know that? You're talking nonsense!"

How would an ordinary person know these things?!

“That’s right! Don’t just make up something to fool us!”

These words made the faces of some insiders turn unpleasant.

They were Qi family members, but they didn’t even know what Grandpa Snake liked to eat?!

If Xia Xibei wasn’t still here, they would give these junior family members a lecture!

Facing everyone’s uproar, Xia Xibei’s face remained unchanged. She looked straight at the old man.

“Am I right?”

“That is correct...”

“Grandpa!”

Qi Xin was also stunned.

She didn’t expect that Xia Xibei really knew what she was talking about here!

An inexplicable sense of foreboding welled up. She had a feeling that something was wrong.

“But there’s no sign of Grandpa Snake in the surveillance!” someone shouted.

“The surveillance is your family’s, so of course you know what to do with it,” Xia Xibei laughed, and the mockery in her smile made several people’s faces turn red.

“What do you mean by that? That we fixed the footage?” Qi Xiangyuan stood out with a righteous expression. “Hah! Even if what you say is right, aren’t you the one who destroyed the spirit plants here?”

“You must have felt angry, so you took it out on these plants!”

“Right! That must be it!”

Looking at everyone’s incessant condemnation of Xia Xibei, Qi Zhi’an stood out and said in a cold voice, “Enough!”

“Second Brother!” Qi Zhiqiang snorted coldly. “Are you trying to excuse her? She wouldn’t really have anything to do with you, would she?”

“Big brother!” Qi Zhi’an’s face instantly sank. “She’s just a friend of mine!”

“A friend? What kind of friend is that?” a man whispered and laughed next to him.

The next moment, however, he suddenly screamed, covering his face and crying out in pain.

Everyone was stunned by this scene.

Just now, before they could react, they saw a blur before their eyes. Then, Xia Xibei rushed to the man and gave him a slap.

“If you can’t talk properly, can you shut up?”

Xia Xibei looked at him coldly, and the chill in her eyes made the man not even dare to speak.

Oh my God, she looked so scary!

She was too strong!

He felt like his teeth were about to be knocked out!

Chapter 1236: Liu Yiqin’s Support

The sudden slap stunned everyone.

After reacting, they were instantly outraged.

“How dare you hit people?!”

“Why shouldn’t I dare?”

Xia Xibei’s cold eyes swept over the crowd, instantly shutting up a few screaming youngsters and making them shrink back.

“Is this your Qi family’s upbringing? This is your breeding?” she sneered. “I remember, Uncle An seems to be the elder of your family, right? Is this how you guys talk to him?”

These words made everyone cower.

Qi Zhi’an’s original anger also faded slightly. He didn’t expect that Xia Xibei would suddenly make a move.

Of course, if she didn’t make a move, he would have taken the initiative to do so.

Thinking of this, he faintly looked at the youth who had received a slap.

The youth was so shocked that he almost cried out.

He wanted to slap himself! It was all his fault for not controlling his mouth!

This was Qi Zhi’an! He was the next family leader!

He was so blinded by stupidity that he talked like that!

The young man retreated, but someone else stood up.

.....

“Even if he said the wrong thing, you can’t just hit someone!” Qi Xin said in a cold voice.

“You’re Uncle An’s daughter, right?” Xia Xibei suddenly asked.

“Of course I am!” Qi Xin immediately nodded, then questioned, “What are you trying to say?”

“I really suspect your relationship! He insulted me and your father, and you’re still speaking up for him? Oh, should I give you a round of applause?”

As she said that, Xia Xibei actually clapped her hands.

The sound of the clap made Qi Xin’s face blush with shame.

Only now did she realize that the guy had indeed insulted her father.

Her reaction was indeed inappropriate.

After meeting Qi Zhi'an and Ling Xiao's eyes, she was in a great panic.

Her parents were disappointed with her!

"All right!" Qi Xiangyuan stepped forward and spoke grimly. "Stop talking about this nonsense. Let's finish our business first!"

He pointed at the fallen spirit plants with an angry face, "This is our Qi family's treasure. If you don't explain yourself, you won't leave here today!"

He was a young man and quite vigorous, and he had no problem saying these threatening words.

Liu Yiqin listened for a while and finally understood the situation, walking forward with worry, "What do you mean? Beibei did not do these things!"

She regretted bringing Xia Xibei here.

If they hadn't come here, Xia Xibei wouldn't have been subjected to such things and been interrogated like a prisoner.

It was Liu Yiqin's first time encountering this kind of thing. Even though she was already in her fifties, her heart was beating wildly and her face was pale when she encountered this kind of thing, and she couldn't come back to her senses for a while.

Looking at Liu Yiqin speaking up for her, the corners of Xia Xibei's mouth revealed a warm smile.

She did not expect that Liu Yiqin would support her at this time.

However, there was no need to involve her in this matter.

“Aunt Qin, don’t worry. I can handle it myself.”

“Beibei.” Liu Yiqin took her hand and said nervously, “It’s okay, Aunt is here!”

Feeling her cold hand, Xia Xibei’s eyes warmed slightly.

Support at such times was very sincere and valuable.

“It’s okay, you really don’t have to worry.”

“I said-”

Qi Xiangyuan’s words were interrupted by Xia Xibei’s eyes.

What a scary look!

It felt as if he’d be dead the next moment if he kept talking!

Xia Xibei patted Liu Yiqin before looking at them, "Okay. Since you want proof, I'll give you the proof."

Chapter 1237: A Lotus Flower

These words made many people laugh in their hearts.

What evidence could be found?

In order to frame Xia Xibei, they were ruthless enough to damage these spirit plants.

If the elders knew about it, they would definitely have to pay a steep price!

It was even possible for them to be kicked out of the family.

Therefore, they did it in a particularly stealthy manner, and it absolutely would not be discovered.

In this case, Xia Xibei would be hard-pressed to justify herself.

They wondered what explanation she would have when the disaster unfolded later.

Even the old man was curious. What could this girl show?

Qi Zhi'an and Ling Xiao looked at each other with worry in their eyes.

Ling Xiao felt even more apologetic.

If she hadn't invited Xia Xibei over, she wouldn't be in this kind of trouble right now!

After all, this was the Qi family's spirit plant, which meant a lot.

There was no telling what they would use to fix the crisis.

However, Qi Zhi'an was also vaguely excited.

Xia Xibei wouldn't want to do it, would she?

As he watched Xia Xibei walk towards the two damaged spirit plants, his expression grew more and more excited.

He couldn't wait to rush up to Xia Xibei and see her up close!

Qi Zhiqiang snorted coldly and whispered, "Foolishness!"

What evidence could this girl find?

The next second, everyone saw her place her hand on one of the spirit plants.

Then, she closed her eyes.

Hmmm? What was she trying to do? Sleep?

As soon as this thought occurred, everyone drew in a breath.

This was because in the center of Xia Xibei's forehead, a lotus flower suddenly appeared.

It was a lotus flower in full bloom, right in the middle of her forehead, which brought a touch of holiness to her already beautiful face.

Everyone had seen a lotus flower.

People were familiar with the lotus flower. Some people had lotus flower patterns on their bodies.

So, there was no need to make a fuss.

But- Why did this lotus flower appear on Xia Xibei's head?

At this moment, it was as if a pause button was pressed, and the place was silent and dumbfounded.

While everyone was in shock, the lotus flower on Xia Xibei's head quickly disappeared and her forehead was bare, as if there was nothing there.

She didn't care about the people's dumbfoundedness and looked over towards two of them with certainty, striding over and then reaching for their pockets.

Due to so much shock, these two people did not react in time and she took away their things.

Looking at the small hammer in her hand, Xia Xibei sneered, "This is the evidence."

This small hammer was used to hit the spirit plants in order to cause serious damage to them.

She had just communicated with the badly injured spirit plants and found the persons who did it from their cries.

So, she found the perpetrators straight away.

"There is still residue of plant sap on this, you can take it for testing." Xia Xibei grunted, "So, do you have any more questions?"

However, no one answered her question. Everyone just looked at her with stunned eyes.

She couldn't help but frown. What was going on?

“Bei- Beibei... The flower on your head... Head...”

Liu Yiqin reacted first, but she could not say the words clearly.

The flower on her head?

Xia Xibei reacted and was startled.

Damn! She actually forgot!

Since this lotus flower rarely appeared and was not painful, she did not remember it all the time.

Did... This lotus flower scare them?

In the next second, Qi Zhi'an rushed up to her.

Chapter 1238: I'll Just Touch It

Qi Zhi'an moved so fast that he scared Xia Xibei, and she almost retreated backwards.

“Don’t move!” Qi Zhi’an shouted. “What’s with your lotus flower?”

Qi Zhi’an’s movement also woke everyone up from their stupor. Everyone looked at Xia Xibei with shocked and horrified expressions.

Why did she have a lotus flower?!

The lotus flower was the unique symbol of their Qi family!

Moreover, this lotus flower actually appeared on her forehead!

If it was someone from their Qi family, the meaning represented by this position...

Everyone couldn’t help but draw in a breath.

How was it possible?!

Xia Xibei must have heard about their Qi family’s secrets from somewhere and used this trick on them!

Yes! That must be how it was!

That was what they were thinking, but they couldn't move their feet.

Xia Xibei, no matter how good she was, would not dare to use such tricks to deceive them!

Moreover, this kind of thing could be easily exposed.

So, there was no need for her to do this kind of thing.

Somehow, no one cared about the attackers who hurt the spirit plants anymore, just staring at Xia Xibei.

This was simply horrible!

What exactly was her identity?

"Lotus flower?"

Xia Xibei looked around warily and was secretly annoyed.

Since this lotus flower was painless, she didn't keep an eye on its presence all the time.

Moreover, today she had followed Liu Yiqin to get dressed for the party. Even her makeup was applied there, so she didn't have time to camouflage it at all.

That was why she had exposed her lotus flower.

This made her nervous inside. It wouldn't be a problem, right?

“Yes! Lotus flower!” Qi Zhi'an was anxious. “Try again!”

The patriarch also walked over quickly, with a face no less eager than Qi Zhi'an's.

“Yes, try again! Show us the lotus flower.”

They were so eager that it made Xia Xibei wary.

“What do you want?”

“Nothing.” Ling Xiao walked over and took Xia Xibei's hand, reassuring her. “Don't worry, we just want to confirm something.”

By this time, Xia Xibei was also sure that this lotus flower and the Qi family had something to do with each other.

However, what was this all about?

“Okay.”

Although she did not understand it, she knew that if she did not let them see the lotus flower clearly, there was no way for her to leave this place.

So, she once again used her spiritual power.

The next second, a clear lotus flower appeared on her forehead.

At such a close distance, they finally got a clear look at the lotus flower on her head.

It was really their family’s lotus flower!

The patriarch felt even more shocked.

Such a clear and special lotus flower...

He had lived for so many years but had never seen something like this!

What a terrifying talent this must be!

Thinking back to Xia Xibei's reaction just now, it was clear that this was not an undeveloped talent. She had developed it, and it was very strong!

Otherwise, it would be impossible for her to communicate with a spirit plant, and a badly injured one at that, to find out its attackers.

Although he was angry at the two people for damaging the spirit plants, this matter could be put on the back burner.

The most important thing now was to clear up the Xia Xibei matter first.

The patriarch couldn't resist reaching out to touch the girl's forehead.

Noticing an unfamiliar scent approaching, Xia Xibei immediately stepped back and avoided his touch.

The patriarch was a little sheepish, "I- I just wanted to see if it was real."

Ling Xiao pulled on Xia Xibei, "Can I touch it?"

Ling Xiao's tone was gentle, making Xia Xibei slightly relieved.

"Fine, you can touch it."

How could she refuse to be touched now?

Chapter 1239: You're a Member of the Qi Family

Ling Xiao cautiously reached out to touch Xia Xibei's forehead, which was smooth and without any semblance of a foreign substance.

She sucked in a breath,, "It's real!"

The moment these words came out, the faces of the surrounding people changed.

Surprisingly, it was true! She was a Qi family member!

Everyone's reaction confused Liu Yiqin.

"What's going on..."

Why was everyone so curious about the lotus flower on Xia Xibei's forehead?

Wasn't it made with some camouflage potion?

However, no one had the time to answer her questions.

Everyone just looked at Xia Xibei, dumbfounded, their jaws about to fall to the ground.

“Whose child are you?” the old man asked in a deep voice, very serious.

“My last name is Xia,” Xia Xibei frowned and said. “Why are you asking?”

“Xia?” The old man shook his head, “Impossible! You must be our family’s child!”

When these words came out, Xia Xibei was also shocked.

“I am your family’s child?!”

How could that be?!

She was clearly the child of Xia Jun and Chang Qianzi!

Although she hated Xia Jun and broke off her relationship with him, it was undeniable that he was her real father.

Huh? That was not right!

Her heart suddenly jumped.

When her identity was first revealed, she didn't take a paternity test with Xia Jun and Chang Qianzi!

It was Bai Meixue who said that she and Xia Qinghan had switched identities.

Since the person who committed the crime had spoken, what was there to doubt?

After that, Chang Qianzi always expressed her guilt to her and treated her well, trying to make up for everything before.

So, they simply did not get a paternity test.

Without a paternity test, who could be completely sure of their paternity?

Xia Xibei's thoughts were overwhelming. What was going on here?

How did she become a member of the Qi family?

"Come on, don't stand here. Let's go in and talk about it!"

The old man looked at Xia Xibei's bewildered expression and immediately made a decision.

Thus, the group moved and returned to the spacious hall.

The guests who remained in the hall looked at the group in surprise and couldn't help but be curious.

What was going on here?

It was already nine o'clock, and the banquet had started some time ago, but none of the main characters had appeared. Even the elders of the Qi family did not appear.

Everyone was anxiously waiting. Could something have happened?

However, no one dared to rush.

Unexpectedly, just after thinking about this problem, these people appeared.

However, by looking at their expressions...

It was as if something major had happened!

Without waiting for everyone to ask questions, they saw the old man take a few people into the room next to him.

Forget about these unimportant people in the living room, even those who had just witnessed the development were confused.

How did a Qi family member suddenly appear?

The most frightening thing was that her lotus flower was very clear!

Everyone couldn't help but look at Qi Xin.

Qi Xin's lotus flower was by far the clearest, and her talent was also the strongest.

Therefore, she was also the main character tonight.

Now, this sudden appearance by Xia Xibei stole her limelight.

Everyone's eyes couldn't help but take on a hint of pity. Qi Xin did not care about these people's sympathy, as she was also full of confusion.

It was clear that Xia Xibei was Qi Zhi'an's mistress, so why did the lotus flower suddenly appear on her?

What the hell was going on here?

She wanted to say that it was all fake, but the voice deep in her heart told her that it couldn't be fake!

For a while, Qi Xin felt as if her brain was splitting apart.

Chapter 1240: Who Are the Biological Parents

Xia Xibei took Liu Yiqin and followed these important people from the Qi family into the room.

Liu Yiqin took Xia Xibei's hand with a helpless, bewildered look.

Everything that happened tonight was completely beyond her imagination.

Xia Xibei was suddenly accused of destroying very important plants.

Then, in a big reversal, she turned out to be a child of the Qi family!

But...

Xia Xibei was obviously the daughter of Xia Jun and Chang Qianzi! How did she get involved with the Qi family?

She looked at Xia Xibei and Ling Xiao's somewhat similar faces, curiosity about to burst out of her.

At this moment, she realized that the Qi family was much more complicated than she had imagined!

Even so, she stayed close to Xia Xibei's side.

No matter whose daughter Xia Xibei was, what was certain was that she was Qiao Yanjue's girlfriend.

It didn't matter if the two of them would be together in the future, because at this moment, they were in love with each other.

As a mother, Liu Yiqin felt that she had to bring Xia Xibei back in one piece.

Otherwise, her son would blame her for the rest of his life! After all, she was the one who suggested bringing Xia Xibei here.

If she hadn't come here, she wouldn't have encountered all these troubles.

Liu Yiqin's mind was full of so many thoughts, and she held Xia Xibei's hand tightly.

Xia Xibei smiled and returned her grip, giving her a reassuring smile.

No matter what, they would leave safely.

Soon, everyone entered the banquet room.

The inside space was large and lavishly decorated, but no one cared or noticed the decorations.

The patriarch stared at Xia Xibei as if staring at some big treasure.

“Anyway... Who are your real parents?”

Xia Xibei’s face was expressionless as she replied, “My real parents are Xia Jun and Chang Qianzi, no relation to the Qi family.”

“Impossible!” The patriarch immediately shook his head and said very firmly, “Only our Qi family’s children have the lotus pattern!”

“I don’t know about that,” Xia Xibei shook her head. “I only know that my surname is Xia.”

She was also a bit confused.

One thing after another had made her very tired.

If she was not Chang Qianzi’s daughter, then who was?

Xia Qinghan couldn’t be Chang Qianzi’s daughter, so...

Where did her real daughter go?!

The patriarch saw Xia Xibei's resistance and didn't get angry, saying in a warm voice, "You are indeed our Qi family's child."

Qi Zhi'an followed suit and added, "Yes, you are our Qi family's child!"

Qi Zhi'an was also a little excited.

He had always wondered whose child Xia Xibei was. After all, such a smart and extremely gifted child was a real eye-catcher.

Now, she was the child of the Qi family!

This was a gift from heaven!

Even if she was not his daughter, the Qi family was still very happy to get some fresh blood.

As the future head of the family, Qi Zhi'an had such tolerance and temperament.

"No way." Xia Xibei shook her head and didn't wait for them to speak before raising her own question, "If I am your family's daughter, then whose child am I really?"

At these words, there was silence.

Yes! If she was the Qi family's child, who were her parents?

As far as they knew, the Qi family didn't have any stray children.

Besides, Xia Xibei was eighteen years old.

Qi Zhi'an and Ling Xiao looked at each other.

Ling Xiao questioned a little hesitantly, "Shouldn't we... Should we ask the elder brother?"

The patriarch's eyes lit up and he immediately nodded, "Yes, get Zhiqiang in here!"
