

Chapter 1270: Finished

“Yaochi has taken on a role inside. Help to take care of her manager.”

Chu Yi’s grip on the steering wheel tightened and the car swayed slightly.

Was there something wrong with this person’s brain?

Wasn’t she supposed to look after her artiste?

Why did her manager become her primary protector?

“Yaochi has the support of the Pei family. I think because of Liang Xuer, the industry has been biased towards Ye Qingqiu. I can’t guarantee that someone will embarrass her. Don’t stand by and do nothing if necessary.”

Chu Yi snorted coldly. “Who would dare to embarrass Pei Yaochi’s manager?”

Shen Fanxing pursed her lips and said, “I’m afraid it’s because of her identity that someone doesn’t want her to have a good life.”

Therefore, if everything went smoothly, there would be more enemies lurking around.

After that, neither of them said anything else.

When the two of them were together, they were most afraid of the sudden silence.

Even though Chu Yi wasn’t the one who took the initiative to speak, he was a man and he wouldn’t allow such an awkward situation to happen.

“You...”

Just as he turned his head to speak to Shen Fanxing, he realized that the woman in the passenger seat was nodding her chin again.

Frowning, he felt that she had been acting too abnormally these few days.

When the car stopped at Stars International, Shen Fanxing opened her eyes.

“We’re here,” Chu Yi said coldly with a dark expression.

“Okay.” Shen Fanxing unbuckled her seatbelt and was about to push the door open when a group of reporters rushed in.

She paused and frowned slightly.

“Did something happen at the company?”

Chu Yi’s lips twitched. “You’re the boss, why are you asking me?”

As he spoke, he pulled out the car key and got out.

In the hospital, Bo Jinhang handed a plate of fruits to Bo Jinchuan.

“Brother, it’s been four days since the engagement party. I miss Sister-in-law...”

Bo Jinchuan gave him a sidelong glance, his cold gaze causing Bo Jinhang's hand to tremble.

"It's just my longing for Sister-in-law. Actually, it's not just me. Mom has been missing Sister-in-law these few days. She's at home and she goes to your room every day to hug Sister-in-law's photo and cry!"

Bo Jinchuan's hand trembled as he held the toothpick.

Crying while holding a photo of Fanxing?

She wasn't dead. Why was she hugging the photo and crying?

He couldn't bear to look at that scene.

God knew how much she missed that woman.

After being used to her company for so long, even though it was sometimes silent, he felt fulfilled.

As long as he could see and touch her.

But now, it had been four days. Who knew how he had survived the past four days?

She had touched a sore spot.

She threw the toothpick in her hand into the fruit bowl. What was the point of eating fruits when the woman wasn't around?

"Brother, these fruits have high VC. They can help to heal wounds."

Bo Jinhang reminded her in a low voice. Just as he was about to take back the fruit platter, Bo Jinchuan reached out and handed it to him.

Bo Jinchuan turned on the television as he ate.

"How is Grandpa now?"

Bo Jinhang frowned and the expression on his face gradually changed.

"Mom, Dad, and Grandma are at Grand View Manor now. Grandpa is at the Bo residence and Second Uncle is with them all day."

Bo Jinchuan's expression was indifferent, as though everything was within his expectations.

"Brother, aren't you worried about Grandpa..."

Before Bo Jinhang could finish speaking, Bo Jinchuan's expressionless face darkened.

His expression was like a frozen ice sculpture, instantly frozen and cold.

His dark and cold eyes stared at the LCD television in front of him as he narrowed his eyes.

He turned his head abruptly and his gaze landed on the LCD television.

Her neck hurt...

On the screen, the Best Actor got out of the car and walked to the passenger seat. He opened the door gentlemanly.

The high-definition camera captured a person walking out of the car.

She had a tall and slender figure, a refreshing and capable caramel-colored windbreaker, and a beautiful and cold face.

This was Shen Fanxing's first time appearing in public after the engagement party.

"Sister-in-law, it's Sister-in-law!"

Bo Jinghang turned around and pointed at the television screen excitedly before taking out his phone.

"Hey, Mom, watch TV. My sister-in-law is on TV! Don't worry, I'll persuade Brother!"

"..."

"CEO Shen, how did you meet and fall in love with the CEO of the Bo Consortium?"

"CEO Shen, is your engagement with CEO Bo successful?"

Shen Fanxing was surrounded by security guards from Stars International.

"Please pay more attention to Stars International's career. However, I'm asking too much about private matters. Thank you for your cooperation."

Along the way, Chu Yi smiled and opened his arms slightly, as though he was protecting Shen Fanxing.

This action was enough to make Bo Jinchuan remove Chu Yi's arm.

Shen Fanxing was only liberated when she reached Stars International.

The security guards in front of her had completely isolated the reporters a few steps away. She suppressed the inexplicable nausea that had risen in the crowd and slowly said,

"Thank you for your attention. But now, I hope that everyone will focus on Stars International."

"What's Best Actor Chu's next work arrangement? According to what I know, Best Actor Chu's manager should be you, President Shen, right?"

Shen Fanxing nodded and said, "I'm joining the production team next month. It's the first drama he's accepted after returning to China. It's a large-scale Xianxia drama."

"I heard that Inherent, who crushed a series of famous clothes at the fashion week, has started to be listed all over the country! First of all, congratulations to CEO Shen for creating a new brand. However, at the fashion week, the makeup artist who can make Inherent the icing on the cake is said to be your new makeup artist. Will he participate in this International Beauty Expo?"

After all, this makeup competition was the most important award for professional makeup.

Shen Fanxing replied without hesitation, "Thank you for your congratulations. I will participate in the competition."

“From the looks of it, you’re very confident in your makeup artist. What are your expectations for him?”

Shen Fanxing smirked and said, “The champion, of course.”

There was a small commotion among the reporters. “Including this year, Teacher Liang Chenyi from Lehua has the intention to win three consecutive championships.”

“Wow! Lehua and Stars International are at odds again.”

“A natural opponent.”

“CEO Shen, can I do an interview with your mother? Too many people are curious about her.”

“Sorry, that might not be possible,” rejected Shen Fanxing before continuing, “If everyone has nothing to ask, then...”

“May I ask why CEO Shen or Best Actor Chu are here today?”

Chapter 1271: Living in the Same Place

“May I ask why CEO Shen or Best Actor Chu are here today?”

Just as Shen Fanxing was about to end the sudden visit, a voice sounded.

Shen Fanxing paused and said, “Well...”

A rare smile appeared on Chu Yi’s handsome face, but his voice remained cold.

“It’s on the way.”

The reporters looked at each other.

“It’s on the way?”

“It’s on the way...”

“What do you mean by that?”

Shen Fanxing seemed to have realized something as she turned to look at Chu Yi, her eyes full of warning.

The smile on Chu Yi’s face widened and it was obvious that he was taking revenge.

“We live in the same place. It’s normal for it to be on the way.”

“...”

“...”

“Living... in the same place means...”

Chu Yi frowned and turned to look at Shen Fanxing. The love and gentleness in his eyes could melt one’s bones.

He didn’t say anything, but silence was better than sound.

Facing the camera, Shen Fanxing could only smile calmly.

However, her smile was still a little stiff.

After all, it was better than her admitting that they lived together.

Shen Fanxing thanked the media ambiguously before entering the office.

Shen Fanxing couldn't help but kick Chu Yi in the living room.

"What nonsense are you spouting!"

"Hiss..." Chu Yi gasped in pain. "... It's on the way to work in the afternoon. Who would believe that we don't live together?"

"..."

Shen Fanxing understood that he was taking revenge on her.

Perhaps knowing that Shen Fanxing had reacted, Chu Yi strode forward and landed more than a meter behind her.

In the hospital ward, the air was almost frozen.

Initially, the fact that the two of them lived in the same place was enough to make one's imagination run wild. However, when the camera retracted, it even captured Sister-in-law kicking that Best Actor.

This kick...

This kick was good. It was the typical "flirting" between young people!

And the way that man looked at Sister-in-law in front of the media. What was he trying to do?

Bo Jinghang felt like he was suffocating.

Best Actor, figure, and looks were all top-notch.

It had only been a few days since they last met. Why did such a threatening "love rival" appear beside Sister-in-law?

"... Brother... Brother..."

Bo Jinghang's eyes darted to Bo Jinchuan's face, not daring to look at his face.

Bo Jinchuan suddenly pointed at the television screen. On his chiseled face, his dark eyes were like bottomless abysses. His gaze could pierce through the screen.

"Who is that man?"

Bo Jinghang immediately said, "Chu Yi is the youngest Chinese Best Actor in the past decade. His contract is with Stars International and Sister-in-law used to be his manager..."

Bo Jinchuan fell silent. He had seen him on television before.

She seemed to be an artist from Stars International.

The ward fell silent. After a long while, Bo Jinchuan suddenly turned to look at Bo Jinhang.

“What else?”

“No... no more.”

“His family background, personal information, address, car plate number...”

“...” Was there a need for the car plate number?

Are you trying to create a car accident to silence me?

“I haven’t found out yet.”

“Check.”

“That will take time.”

“...”

Bo Jinchuan fell silent and lowered his gaze.

Less than a minute later, Bo Jinhang’s phone rang.

The moment she picked up the call, Lou Ruoyi’s heartbroken voice sounded from the phone.

“My daughter-in-law has been kidnapped by a wild man. My daughter-in-law, my biological grandson... Ah!! Where’s your disappointing brother? His wife has already run away. Isn’t he anxious?! My daughter-in-law... My daughter-in-law has gotten together with another man!”

Lou Ruoyi emphasized the words ‘good’, ‘good’. It was especially vivid.

Bo Jinchuan’s eyebrows twitched and veins popped on his forehead.

Bo Jinhang sensed that something was amiss and hurriedly said,

“Mom, this matter hasn’t been decided yet. Sister-in-law is so loving. How can my brother be good with another man...”

She emphasized her words and Bo Jinchuan’s expression improved visibly.

Bo Jinhang had just heaved a sigh of relief when Lou Ruoyi cried on the phone.

“What do you know?! A good woman is afraid of being pestered by a man, do you know that?! If it wasn’t for your father’s conscience back then, I would have run away with someone else! Where would the two of you be? Women are soft-hearted. As long as a man is by her side, she will be considerate and sweet to him. Then, she will be charmed by him. As long as the offense is fierce, women will fall for him in seconds, okay?! I think that Best Actor has a good figure and is handsome. His gaze towards Fanxing is so gentle. More importantly, the two of them are living together now! My daughter-in-law is about to be abducted by a wild man...”

Lou Ruoyi’s voice was as loud as it could be. Bo Jinchuan could hear her clearly.

At the same time, his expression darkened.

A good woman was afraid of trouble...

Bo Jinghang blinked and his face turned serious.

“A good woman... is afraid of men?”

There was no response from the other end. Bo Jinhang looked at his phone and realized that the call had been hung up.

In Grand View Manor, Lou Ruoyi’s phone was taken away by Bo Sichen. After hanging up, she was trapped on the wall.

Lou Ruoyi blinked. “Why did you suddenly push me against the wall? I’m very sad now...”

There was a dangerous glint in Bo Sichen’s dark eyes. “A good woman is afraid of being pestered. Huh? So you were almost chased away by someone back then?”

“Uh...”

—

At Stars International, Shen Fanxing arrived at her office. A few secretaries and assistants greeted her respectfully.

Her assistant, Ye Ming, followed Shen Fanxing into the office.

Shen Fanxing took off her coat and hung it on the rack. Then, she walked to her desk and sat down.

Ye Ming held a notepad and said, “CEO Shen, Lehua seems to be competing with us again recently.”

Shen Fanxing raised an eyebrow, unsurprised by the news.

If Le Hua didn’t do anything, she would find it strange.

“The public service short film shot by Zhao Zimo before the fashion week was broadcasted on various television platforms and websites yesterday. The effect was good. Moreover, it was an embroidery public service sponsored by Lehua Entertainment. Not only did it promote the inheritance of non-cultural heritage, but it also did a meaningful public service event. It has a huge impact and is well-received. As the female lead, Zhao Zimo’s reputation is also rising. In the international makeup competition a few days later, she is Liang Chenyi’s model. The fashion industry is looking forward to this couple’s performance.”

Chapter 1272: Let Them Snatch

Shen Fanxing nodded. She knew that. She had been watching television at home these few days.

The embroidery charity event was the only thing she acknowledged about Yuan Sichun.

Although her goal back then was to please Mother Bo, she had done a good job. Until now, she had done well.

“Also, recently, many celebrities have expressed their intention to sign a contract with Stars International in private. Among them, there are many celebrities who are below average. The information has been sent to your email.”

“However, CEO Shen, we don’t have many resources on hand at the moment. Lehua has also been working hard to develop their artistes recently. Many of the artistes in the company have been snatched away by them. Usually, it’s the few endorsements of artistes who aren’t very famous in our company. Since the other party is using the identity of a second or third-tier artiste to fight for it, the brand will naturally consider using a famous second or third-tier artiste.”

“There are other activities. Lehua Entertainment is actively fighting for them. It seems like they won’t even give us a chance.”

Shen Fanxing smirked and said, “Let them snatch it.”

Ye Ming didn’t understand. “Huh?”

She was looking forward to CEO Shen’s brilliant idea of beating the other party up, but... he didn’t do anything?

Shen Fanxing glanced at Ye Ming before turning to the French windows.

She placed her elbows on both sides of the chair and looked calm.

“What’s outside?”

Ye Ming didn’t understand what Shen Fanxing meant, but she still walked towards the French windows with her laptop. After looking at it for a long time, she frowned. She had no idea what Shen Fanxing meant, but she still said,

“Tall buildings?”

Shen Fanxing smiled and said, “The ranks are different. The strong survive and the strong are respected.”

As if she had thought of something, Shen Fanxing smiled with interest and said, “Inform all the artistes’ managers and assistants to discuss a few more jobs or endorsements. I only have one request. It must be a job that suits the style of the artistes under me.”

Ye Ming nodded, but her brows did not relax. “But the more we talk, the more Lehua will snatch it from us.”

“Let’s just do our own thing. If they want to snatch it, that’s their business.”

“Okay.”

When Ye Ming went out, Ou Ximing was about to knock on the door. The two of them greeted each other before Ou Ximing entered the office.

Shen Fanxing leaned back in her chair and looked at him with a faint smile.

“Have you chosen the model for the competition?”

Ou Ximing didn't expect Shen Fanxing to be so straightforward. He hesitated and said,

"Please, Xianxian..."

Shen Fanxing looked up at her and asked, "She agreed?"

Ou Ximing hummed in acknowledgment.

Shen Fanxing pondered for a while and said, "She has sacrificed a lot for you. If it was in the past, she would have gone into hiding... But is that really good? Let her expose the birthmark that she has always wanted to hide in front of everyone. Rumors are scary. Have you thought about what she will face?"

Ou Ximing stood at the side. This was what he had been worried about.

Seeing his hesitation, Shen Fanxing lowered her gaze.

"Actually, there's no need to insist on Lan Xianxian. With your ability, since Lan Xianxian can do it, others can too..."

"CEO Shen!"

Ou Ximing, who had been silent all this while, suddenly shouted. Shen Fanxing looked up at him and asked, "What's wrong?"

"Xianxian is not inferior to anyone!"

Shen Fanxing smirked and asked, "Really?"

Ou Ximing said firmly, "Yes!"

Shen Fanxing snorted coldly and said, "That's what you think. Are you trying to impose your sense of autonomy on others?"

He felt that Lan Xianxian was the best, so he wanted others to think that she was the best?

How was this different from Yuan Sichun's long-standing self-righteousness?

"That's why I'll prove to everyone that Lan Xianxian is the best."

"It's good that you know your limits." Without another word, Shen Fanxing picked up the document on the table and flipped through it.

However, Ou Ximing did not leave.

"Anything else?"

Ou Ximing was silent for a moment before saying,

"Will you be there on the day of the finals?"

"Can you win the championship?"

"..."

“Leihua Entertainment’s Liang Chenyi has won three consecutive championships this year. Everyone knows that you’re now Stars International’s makeup artist. Lehua Entertainment and Stars International are not on good terms now, and Yuan Sichun and Shen Fanxing are more or less enemies. If you can’t win the championship, wouldn’t I be sending myself to be humiliated by Yuan Sichun?”

“I won’t lose.”

“Okay, I’ll go!”

Before Ou Ximing could finish his sentence, Shen Fanxing agreed.

“Damn. So it’s all up to you whether I want to be humiliated by Yuan Sichun and be compared to her by the media.”

“...”

Ou Ximing felt that he had come to look for her to cause trouble for himself.

In the hospital, Bo Jinhang reported to Bo Jinchuan with a defeated expression.

“Brother, those Chu family grandsons are too difficult to deal with. They won’t even let us in...”

“Sister-in-law and Mother said that no one in the Bo family is allowed to approach Sister-in-law. They are determined not to...”

“Also, that Best Actor and Sister-in-law really live together...”

“I’ve tried everything, but I couldn’t convince Sister-in-law and Mother to get a pass...”

Bo Jinchuan frowned and remained silent for a long time before saying, “I want to be discharged.”

Bo Jinhang shook his head and said, “No, your wounds haven’t fully recovered yet. Everyone in the family doesn’t agree. Besides, if you go personally, it’s even more impossible for you to see Sister-in-law. Moreover, I heard that Sister-in-law and that Best Actor are childhood sweethearts! Just like you and Yuan Sichun, and their relationship is very good... I think Sister-in-law’s mother probably wants to matchmake the two of them. After all, that Best Actor grew up under her nose and she knows everything about him... OMG, in that case, your fate is the same as Sister-in-law’s. Could Sister-in-law’s mother be her second grandfather...”

Grandpa wanted to matchmake his brother and Yuan Sichun.

Sister-in-law’s mother wanted to matchmake her childhood sweetheart, the Best Actor and Sister-in-law.

“Childhood sweethearts are really not good people...”

The temperature in the ward plummeted. Fortunately, Bo Jinhang was used to it.

This was the truth. She had to accept her fate.

“I want to see Xu Qingzhi. Call her here,” said Bo Jinchuan coldly.

Bo Jinhang was stunned. “Why did you call her here?”

A sharp gaze swept over and Bo Jinhang immediately stood up.

“I’ll go find her now!”

Before she could finish her sentence, Bo Jinhang had already left the ward.

Chapter 1273: Prepared For You

Shen Fanxing felt hungry again at four or five in the afternoon. When she went to the washroom, she bumped into two secretaries gossiping while washing something.

“I never expected CEO Shen’s fiancé to be the CEO of the Bo Consortium...”

“That’s right. She didn’t think in that direction at all. Thinking about Young Master Su from before, why does it feel good to compare him to her?”

“It’s a pity that the threshold of the Bo family is too high. It’s another matter if CEO Shen and the executive can’t grow up... Uh, CEO Shen.”

One of the secretaries noticed Shen Fanxing and the two of them tensed up.

Although she didn’t say much bad things, she still mentioned something sad.

Shen Fanxing nodded and walked to the sink. Her gaze was fixed on the two boxes of fruits.

The secretary immediately handed two boxes of fruits to Shen Fanxing and asked politely, “CEO Shen, do you... want some?”

Shen Fanxing studied it for a while before accepting one of the boxes.

“Thank you.”

“...”

“...”

They were just trying to be polite. After all, she was the dignified CEO Shen. With her status, she would definitely be too embarrassed to eat their food. Moreover, how could she take a fancy to commoners like them? If anything happened, they might be reprimanded again.

Even if his superior gave him face, taking one or two was already the limit.

In the end, she took the entire box away.

Shen Fanxing returned to the office and started eating the box of fruits.

The first time she took a bite, she felt that this was probably one of the most delicious things in the world.

As she dealt with her work, she ate. Unknowingly, she had finished the box of cherry tomatoes. It was about time to get off work.

When she returned, she took Chu Yi’s car.

As she had eaten a box of cherry tomatoes in the afternoon, it might have whetted her appetite. Recently, there were a few more dishes with strong flavors on the table. Shen Fanxing ate another two bowls of rice.

Ji Fengmian couldn't stand it anymore and turned to look at her. "Have you been possessed by Zhu Shen recently? Can you eat and sleep?"

Shen Fanxing paused and said, "I... am Auntie Sun's cook."

"Are you a good sleeper or is the bed here soft and comfortable?"

"Not bad."

"..."

—

At 10pm, Shen Fanxing came out of the shower to sleep.

In the end, Xu Qingzhi called. "Shen Fanxing, you heartless little bastard. You left me alone in the Bo family!"

Shen Fanxing replied, "Are you alright?"

"You've indeed forgotten about me!" Xu Qingzhi's angry voice rang in Shen Fanxing's ears.

"I don't care. I'll be there soon. Remember to open the door to welcome me later."

Shen Fanxing was shocked. "You're coming? Now?"

"Yes, immediately."

"Then I'll call the guard. Have you eaten?"

"I haven't had supper yet!" Xu Qingzhi snapped.

Shen Fanxing was speechless. "Do you want some hot and sour noodles?"

"Eat!"

"I'll go to the kitchen to prepare."

After hanging up, she called the guard to inform him. She put on a jacket and left the room.

—

In the kitchen, Shen Fanxing had found a recipe online and was making hot and sour noodles. Not long after, Xu Qingzhi appeared in the kitchen with her nose covered.

Shen Fanxing was choking on chili.

"Wow, I'm choking to death. Are you done?"

"Wait a minute, I'll be done soon." Shen Fanxing covered her nose and turned to look at Xu Qingzhi.

“Okay... Cough, cough... Do you want to consider wearing a gas mask?”

“Yes... I’ll buy one next time.”

“...” Some people couldn’t understand the world of foodies!

Ten minutes later, two bowls of hot and sour noodles were ready.

The two women sat in the dining room in the middle of the night, chatting and eating.

“You’ve been so heartless these few days. You said you wouldn’t meet me and you won’t. I didn’t expect you to be a mother who doesn’t have her own opinions.”

Shen Fanxing took a bite of the noodles and said nonchalantly, “Listen to Mommy.”

“You’re really heartless!”

Shen Fanxing remained silent and buried her head in her food.

“Qingzhi.”

“Yes?”

Xu Qingzhi looked up and saw Shen Fanxing staring at her with a serious expression.

“Why are you suddenly so serious? What’s wrong?”

Shen Fanxing fiddled with the noodles with her chopsticks and stared at Xu Qingzhi.

“I think I’m pregnant.”

Xu Qingzhi understood immediately!

“You went to check?!”

Shen Fanxing shook her head and said, “I’m being watched by the media now. How can I go for a checkup? But I can sleep and eat now. My taste is obviously much better than before. Look at this. I rarely ate this in the past. I ate the oranges you gave me. Today, I went to the washroom and stole a box of cherry tomatoes from my secretary... Qingzhi, this... is abnormal...”

Xu Qingzhi picked up the bowl and drank two mouthfuls of soup without caring about her image. Then, she placed the bowl on the dining table before standing up and pulling Shen Fanxing away.

“Qingzhi, what are you doing?”

—

In the washroom on the first floor.

“You... actually brought such a thing with you. You...”

Shen Fanxing glanced at Xu Qingzhi’s stomach before looking at the pregnancy test kit in her hand. Her expression was indescribable.

“What nonsense are you thinking? This is specially prepared for you.”

“...”

“I could tell that you’ve been acting strangely recently. I specially prepared this for you before I came today, just in case!”

Shen Fanxing lowered her head to read the instructions. Upon hearing Xu Qingzhi’s words, she picked out the keywords accurately.

“What do you mean, just in case?”

“Uh...”

The smile on Xu Qingzhi’s face froze. “Anyway, hurry up and go in to check.”

Shen Fanxing was pushed into the bathroom.

Five minutes later, Shen Fanxing walked out with a pregnancy test kit.

Xu Qingzhi hurried over and asked, “How is it? How is it?”

Shen Fanxing showed the results to Xu Qingzhi.

“Two... two?!” Xu Qingzhi’s eyes widened and she almost screamed in excitement!

“Shh...” Shen Fanxing hushed him.

Then, she slowly placed her hand on her chest and watched as Xu Qingzhi almost cried.

“Qingzhi, I’m really pregnant!”

Her and Ah Chuan’s child...

“Yes! Congratulations! Congratulations!”

Xu Qingzhi looked at Shen Fanxing excitedly. She was happier than when she found out that she was pregnant.

That was true. When she found out that she was pregnant, her feelings were indescribable.

Happy, sad, excited, timid, lost, escaping...

But Fanxing was different. After going through so much, she had finally met the right person. She was genuinely happy for her.

The two of them hugged each other excitedly in the washroom. No matter how much they tried to suppress their voices, there was still a huge commotion.

Knock knock. Ji Fengmian’s cold voice sounded. “What are you doing in the washroom in the middle of the night?”

Chapter 1274: Don’t

Knock knock. Ji Fengmian’s cold voice sounded. “What are you doing in the washroom in the middle of the night?”

The smiles on their faces disappeared and Shen Fanxing gestured for Xu Qingzhi to keep quiet. Xu Qingzhi nodded before opening the door.

Xu Qingzhi hurriedly hugged Ji Fengmian. "Aunt Mian ~"

Ji Fengmian recognized Xu Qingzhi the moment he opened the door and allowed her to carry him.

"When did you arrive?"

Xu Qingzhi smiled and said, "I just arrived not long ago. I was supposed to attend Fanxing's engagement party, but Fanxing left me at the party. I'm a pregnant woman and her best friend, yet she treated me like this..."

Ji Fengmian pushed her away and looked down at her stomach. "Since you're pregnant, don't be so noisy! Since you're here, stay! Pregnant women are not allowed to stay up late. Go wash up and sleep!"

"Okay!"

Seeing Ji Fengmian leave, Xu Qingzhi winked at Shen Fanxing and said, "Pregnant women are not allowed to stay up late! Hurry up and find me a guest room! I want to recuperate."

Shen Fanxing glanced at her and asked, "Why didn't you pester me to sleep with you today?"

Xu Qingzhi blinked. "Of course... it's inconvenient," she said as she touched her stomach.

Shen Fanxing smiled and found a guest room for her on the second floor. After saying goodnight, she returned to her bedroom.

With every step, no, every heartbeat, every second, Shen Fanxing felt as though she was stepping on cotton candy. It was sweet and blissful, as though she was living in an illusory dream.

Her hand had been pressed on her heart, and the frequency of her heartbeat was almost jumping out of her chest.

When she reached out to open the door, she was wondering how she should tell Bo Jinchuan the news and how he would react.

She couldn't imagine if he was happy or regretful.

He was happy that they finally had a baby. It was a pity that he had to live an abstinent life for a long time.

Shen Fanxing couldn't help but smile at the thought of his face turning pale from the lack of benefits.

When the door opened, the smile on her face froze. She sensed that something was amiss in the room. Before she could react, a tall and dark night pressed down on her.

Almost instantly, she was wrapped in someone's embrace.

The first thing she did was to grab the collar of the man's shirt tightly. A refreshing scent entered her nose. However, she was still shocked by the sudden appearance of this "foreign object". She raised her head and stared at the man who was much taller than her.

His handsome face had an oppressive heroic spirit, but it was the face she was most familiar with. She did not let go of his shirt. Her nervous expression finally relaxed before it was replaced by surprise.

“How did you...”

She was puzzled, but she paused halfway.

As smart as she was, she could still figure out such an obvious thing.

No wonder Qingzhi didn't come early in the morning but came to look for her in the middle of the night.

So she wanted to smuggle him in.

She didn't know if Qingzhi was threatened or if she had received some benefits.

Her gaze subconsciously landed on his injured shoulder. She pursed her lips and her eyes welled up. She was still touched by the man's efforts.

But he had only been in the hospital for three days and he had already recovered...

“You... Mmm...”

She couldn't help but want to ask how his wound was, but the moment she spoke, her lips were sealed by the man's slightly cold lips.

He swallowed her voice and her grip on his shirt tightened.

Bo Jinchuan slowed down his movements and strength as he kissed her lips gently.

“Did you miss me?”

Bo Jinchuan's low and hoarse voice sounded between their breaths. Shen Fanxing's eyelashes fluttered as she recalled how he had let her go so easily at the engagement party. He had even hidden the fact that he was injured from her. Her feelings were complicated.

Her rationality told her that he was doing this for her own good. She should be content. Otherwise, she would be unreasonable.

However, she was still a little sad. She didn't know that he was injured. She had clearly sensed that something was amiss, but she had to find another way to find out what was wrong with him.

She didn't like the feeling of being kept in the dark.

A white lie was also a lie. She didn't like this feeling. She was terrified. She wanted to know everything about him because once she missed something, she felt that there was a gap between them. It was incomplete. She even had the illusion that she couldn't grasp him at all.

That was why she was sad and unhappy.

“I didn't,” replied Shen Fanxing indignantly.

“Ah...”

Just as she finished speaking, the man bit her lips forcefully.

“Have you thought about it?”

Shen Fanxing raised her hand to touch her lips, but Bo Jinchuan pressed his lips against hers as if to ease the pain.

Shen Fanxing blushed even more and placed her hand on his neck.

“... You’re the one who forced me to confess.”

Bo Jinchuan chuckled softly and said, “It’s good that you confessed.”

“... What’s there to be happy about?”

“Why did I hit you?”

“You...” Shen Fanxing’s face turned red again.

She had fallen into his trap!

“Since this is a confession, you can continue to be stubborn. I’ll hit you a few more times...”

Chapter 1275: Hiding “Jiao” in a Gold House?

Bo Jinchuan lowered his head and gazed at her. He moved closer to her and pulled her into his embrace. He pressed his forehead against hers and caressed her waist with his large palm. He slowly reached into the hem of her pajamas.

Shen Fanxing bit her lips tightly.

Leaning close to her ear, Bo Jinchuan kissed her reddened earlobe and whispered,

“Fanxing... I miss you...”

His warm breath landed on her face, and his low and magnetic voice carried obvious desire.

Shen Fanxing almost couldn’t help but obey him.

But she couldn’t.

She reached out to grab his hand on her chest and looked up at him. Her gaze softened Bo Jinchuan’s heart.

“Ah Chuan, we can’t do this again...”

Bo Jinchuan’s face froze instantly.

“I can’t... do it again...”

Shen Fanxing nodded awkwardly, unable to bear to look at his expression.

Including her pregnancy. Firstly, she felt that she should find time to go to the hospital to confirm it before telling him. Secondly, she felt that if she told him now, she could really predict his expression.

Most importantly, he was still injured.

In the end, Shen Fanxing hardened her heart and nodded vigorously.

“Yes, we can’t do such things again.”

Bo Jinchuan gripped her waist tightly and said, “But I want you now.”

His tone was no different from a rogue.

No one could imagine the superior and refined CEO looking like this.

Even Shen Fanxing found it unbelievable.

After interacting with him for a long time, this man’s every move was indeed subversive.

But she was really cute.

Cute...

She didn’t expect Bo Jinchuan to be so adorable.

The adorable Bo Jinchuan, the adorable CEO!

“Pfft...”

Shen Fanxing couldn’t help but laugh.

Bo Jinchuan’s face fell and he pulled Shen Fanxing into his embrace. He bent down to hug her.

Seeing his actions, Shen Fanxing instantly understood her intentions. Her face darkened and she hid.

Bo Jinchuan missed and reached out to grab Shen Fanxing.

Shen Fanxing was pulled back into his embrace and she didn’t dare to struggle. However, Bo Jinchuan was holding her tightly. In a fit of anger, she suddenly patted his shoulder.

Bo Jinchuan stiffened.

The expression on his face stiffened.

Shen Fanxing said angrily,

“Why aren’t you hugging me anymore?”

Bo Jinchuan turned and stared at her intently for a long time.

“... When did you find out?”

Shen Fanxing pushed him away forcefully and walked to the bed with a cold face.

“Don’t think that I’ll be touched just because you want to hide it from me.”

Hearing Shen Fanxing’s tone, Bo Jinchuan felt that something was amiss.

He walked to her side and stared at her. His voice was no longer as tough as before. Instead, it sounded like he was trying to please her.

“I’ve kept it from you. I didn’t want you to be touched.”

Shen Fanxing pursed her lips and ignored him.

Bo Jinchuan reached out to pull her into his embrace. He hooked her chin and planted a kiss on her lips.

“I’m sorry, Fanxing.”

Shen Fanxing blinked and looked at him with reddened eyes.

“Do you know that if I didn’t know that you were injured, I would have blamed you for letting me go so easily back then? You didn’t even look for me for a few days. What would I have thought? Bo Jinchuan, don’t lie to me.”

Tears welled up in her eyes as she spoke.

Bo Jinchuan suddenly felt helpless. He realized that he had been making this strong woman cry recently.

“Sorry, it won’t happen again. It’s my fault...”

Bo Jinchuan hugged her tightly as tears streamed down Shen Fanxing’s face.

Even Shen Fanxing was surprised when tears streamed down her face.

In the end, Bo Jinchuan didn’t bully her. In the past, it would have been fine if they had talked things out.

Why did she become so unforgiving today?

Thinking about it carefully, her emotions had indeed changed recently...

But it didn’t matter. Everything was the baby’s fault...

At the thought of the child, Shen Fanxing’s mood improved again.

Bo Jinchuan was thinking about how to comfort the woman in his arms when she suddenly chuckled.

Bo Jinchuan was speechless.

Had his little woman... gone stupid?

“... Fanxing, what’s wrong?”

Shen Fanxing couldn’t suppress the joy in her heart and reached out to hug Bo Jinchuan’s waist.

“I’m not telling you.”

“Huh?” Bo Jinchuan raised an eyebrow. “You’re hiding it from me after scolding me just now?”

“Once for you and once for me. That’s only fair.”

Bo Jinchuan was at a loss for words.

He was speechless.

—

Bo Jing was hugging her on the bed.

Shen Fanxing asked worriedly, "You're not leaving tonight?"

Bo Jinchuan hugged her tightly and said, "I'm not leaving."

"When are you leaving?"

"I'm not leaving."

Shen Fanxing paused and looked up at him. "No, it's bad if my mother sees us."

Bo Jinchuan ignored her and said, "Go to sleep first. I know my limits."

—

All he knew was to dress up and leave the room the next day.

But Shen Fanxing pulled her back. "What are you doing?"

"Go downstairs. We're husband and wife."

You sneaked in with Xu Qingzhi in the middle of the night?!

"No, if I knew that you sneaked in last night, it would be even harder for you to come in here in the future. Stay in the room, I'll go downstairs and bring breakfast up."

Just as she finished speaking, there was a knock on the door.

Shen Fanxing panicked and pushed Bo Jinchuan into the washroom.

"Go in first!"

After being forced into the toilet, Bo Jinchuan massaged his temples.

Why did she feel as though she was being sheltered?

Shen Fanxing opened the door to see Xu Qingzhi standing there with a smirk.

"How was it? Did you hold your ground last night?"

Shen Fanxing understood what she meant and blushed.

At this moment, Xu Qingzhi suddenly leaned closer to her and whispered, "It's easy to lose the baby if you do that during the first three months of pregnancy. You have to be careful."

Only then did Shen Fanxing realize what she meant by "preparing for her" last night.

The first three months...

Then, the previous few times...

Her face paled. Seeing this, Xu Qingzhi raised an eyebrow and said, "If you don't feel anything strange, there shouldn't be a problem. Why don't I accompany you to the hospital today? I'm pregnant. Even if the media follows me, they won't find out easily."

Shen Fanxing nodded and said, "Okay."

Xu Qingzhi smiled and handed the breakfast tray to Shen Fanxing. There were two sets of breakfast on it.

"Here, it's for you. Auntie Ji will definitely suspect you if you go down."

Shen Fanxing was touched.

"Thank you..."

"You're welcome. Executive Director is starving. Who's going to handle the relocation of the company?"

"..." Indeed, she was touched by his kindness.

—

In the hospital, Lou Ruoyi suddenly opened the door and shouted anxiously,

"Someone, bad news! My son is missing!"

Chapter 1276: Forget It, Just Die

In the hospital, Lou Ruoyi suddenly opened the door and shouted anxiously,

"Someone, bad news! My son is missing!"

The entire floor was filled with Lou Ruoyi's voice.

The doctors and nurses rushed over. When they saw the empty ward, they looked at each other.

Lou Ruoyi grabbed the doctor and shook him hard. "Where's my son?!"

The doctor's lips twitched. "Madam, I... This... I'm not sure..."

Lou Ruoyi glared at him and said, "We lost her at your hospital. What do you think we should do?"

"Madam, how could Mr Bo be lost? He must have gone somewhere... Anyway, let's go to the surveillance room first."

The results showed that Bo Jinchuan had left the hospital and never returned.

Lou Ruoyi's face darkened. She called Bo Jinchuan again, but his phone was switched off.

"This troublemaker! Where did she go?!"

"..."

When Lou Ruoyi returned to the ward, she saw Bo Jinhang tiptoeing out of Bo Jinchuan's ward, intending to leave.

Lou Ruoyi narrowed her eyes. "Bo Jinhang, stop right there!"

His words froze Bo Jinhang on the spot.

He turned around slowly and greeted her with a smile.

“Mom, why are you here?”

Lou Ruoyi looked at him with disdain. “Don’t be so sneaky. Where did your brother go?”

Bo Jinghang looked innocent and confused. “My brother is missing? I said I didn’t see him in the ward. I thought he went out for a walk!”

Lou Ruoyi narrowed her eyes and looked at him. “Rascal, are you itching for a beating? You were in the hospital last night! Now that you’ve lost her, you’re playing dumb with me?”

“I... I fell asleep last night. I didn’t see my brother early in the morning...”

Lou Ruoyi’s eyelids twitched as she slapped Bo Jinghang.

“You’re an adult and you can’t even take care of a person! Why would I give birth to you? What’s the use of giving birth to you?!”

Bo Jinghang’s tall body was slightly bent as his long arms protected his head. He was screaming from the slap.

“It hurts, Mom! Stop hitting me...”

Was he born to look after his brother?

“My brother is an adult. What can happen to him?”

“Your brother... he’s injured! What if he accidentally gets injured?! All of you are so worrisome...”

The more Lou Ruoyi spoke, the angrier she became. She kept slapping Bo Jinghang.

Bo Jinghang had his back turned as he endured his mother’s beating.

“Ouch, ouch, ouch...”

Although she had hit Bo Jinghang, she knew her limits. Although she didn’t let Bo Jinghang off, she knew her son’s capabilities. If he hadn’t indulged her, how could she have hit him?

Therefore, even though Old Master could anger her to death sometimes, she could still endure it.

That was because the other three men in the family still doted on her and sided with her.

So she was happy.

Although there were times when she couldn’t take it anymore and quarreled with the Old Master, she knew that it was wrong of her to treat her elders like this, but...

She could tolerate anything but her own happiness and her son’s happiness.

Whether she was selfish or unfilial!

No one could stop them from being happy!

Lou Ruoyi finally let Bo Jinghang off when she was tired.

“Tell me! Where did your brother go?”

Bo Jinghang hugged his injured arm and said aggrievedly, "I really don't know..."

Lou Ruoyi glared at him and snapped,

"Where does your sister-in-law live now?"

Bo Jinghang choked. "Why... are you asking this? How would I know?"

Lou Ruoyi raised her hand again and Bo Jinhang immediately jumped to the side warily.

In the end, Lou Ruoyi blinked and her eyes darted around. She seemed to be thinking of something before she lowered her hand.

"Forget it."

Sometimes, Bo Jinghang really couldn't understand his biological mother.

"Forget what?"

Lou Ruoyi snorted. "I don't care anymore. She deserves to die!"

Bo Jinghang was speechless.

He really couldn't understand what his biological mother was thinking!

Lou Ruoyi walked into the ward and came out with her bag.

"There's breakfast in the room. Eat it all!"

"... Oh."

—

After breakfast, Shen Fanxing and Xu Qingzhi went out together.

"Pregnant women shouldn't shop too much!" Before she left, Ji Fengmian reminded her.

"I'm not shopping. I had diarrhea yesterday. Let Fanxing accompany me to the hospital."

Hearing this, Ji Fengmian frowned. "What happened? Why didn't you say so earlier? I'll go with you!"

Her tone was stiff, but she was worried.

Xu Qingzhi hurriedly waved her hand and said, "Fanxing, you can accompany me! If it's not convenient for you, don't trouble yourself!"

Ji Fengmian's expression was solemn. "Then hurry up and go! Let me know the moment the results are out."

"Okay~~"

Xu Qingzhi smiled and waved at Ji Fengmian before pulling Shen Fanxing out.

As expected, when the two of them went out, the bodyguards behind them followed two cars from afar.

Shen Fanxing wasn't against this.

She couldn't forget what happened in the western suburbs. Someone really wanted her life. She couldn't let her guard down.

Although the bodyguards behind him looked very conspicuous, it was better than putting himself in danger!

"Was it Auntie's idea or Bo Jinchuan's?"

"Both." Shen Fanxing looked ahead. Her voice was calm and her expression was calm, but Xu Qingzhi could tell what she was thinking.

"I've heard about the western suburbs from Auntie Lou, but I don't think you'll tell your mother about this, right? I can understand why Bo Jinchuan arranged someone for you, but why did Auntie arrange someone for you?"

Xu Qingzhi had always believed in Ji Fengmian's abilities. If she wanted to know something, there was nothing she didn't know.

However, this was definitely not a small matter. It was obvious that the mother and daughter had never talked about this.

Shen Fanxing pursed her lips in response to Xu Qingzhi's question. She didn't say anything, but her eyes darkened.

Xu Qingzhi looked at Shen Fanxing and saw the thoughtful expression on her face. She felt relieved.

Her good friend was very smart.

It didn't make sense that she wouldn't understand what she could see.

She exhaled and leaned back in her chair, her tone relaxed.

"Look at our fate. We're born to be best friends. We're even pregnant! The only hope now is that you won't be pregnant with a son like me. Otherwise, our engagement will be ruined!"

Chapter 1277: Hello, Son

"Look at our fate. We're born to be best friends. We're even pregnant! The only hope now is that you won't be pregnant with a son like me. Otherwise, our engagement will be ruined!"

Thinking that there might be a baby in her stomach, Shen Fanxing's gloomy mood instantly brightened.

Her red lips curled up slightly. "But I want a son first."

There was a small smile on her lips, and even her voice sounded sweet.

Xu Qingzhi felt that the entire car was filled with happiness.

That was enough!

"No! It's an arranged marriage! The child in your stomach can't be my daughter-in-law!"

Shen Fanxing chuckled and said, "I'm just saying. It's not up to us to decide the gender."

Xu Qingzhi was a little reluctant. "Why do you want a son? Your daughter must be as beautiful and smart as you. Most importantly, she must have been very cute when she was young!"

"If it's a son, he must be more like Ah Chuan. He must be handsome, smart and cute."

With that, the few photos of Bo Jinchuan when he was young flashed across Shen Fanxing's mind.

That serious and cold face, as well as the chubby look she had when she was young...

If she gave birth to a son who was as cute as in the photo, she would have raised Little Chuan.

At the thought of this, Shen Fanxing couldn't help but smile.

What kind of weird thought was that?

Could she be a pedophile?

However...

She was really super cute...

"That's enough! How much do you like him? You even want to give birth to a child like him!"

As expected of her best friend, she even knew what she was thinking.

Before Shen Fanxing could say anything, Xu Qingzhi sighed wistfully.

"Although our son is indeed not bad, if you really give birth to a son, do you really want us two sons to be gay?"

Shen Fanxing couldn't help but twitch her lips. "True love... Uh, regardless of gender. If the two of them really... have no choice."

"Why don't you have another daughter next time? Let my son marry your daughter. He's a few years older than her and knows how to dote on her."

Xu Qingzhi pursed her lips and turned her head to the window.

"I left my son here for nothing. Daughter..."

The atmosphere in the car suddenly darkened. Shen Fanxing didn't expect the lively atmosphere to change.

"If you can't hold on... maybe the person you're waiting for isn't Limo. It's just that you can't resist your own persistence.

Perhaps it had always been her habit to think that she loved him, so she had always thought that she loved him. Then, she would give her all to him, just like... how she treated Su Heng.

But Qingzhi, don't give him a chance to hurt you... No, don't let him hurt you again and again... Habit is really a scary thing.

Although it was an illusion to be used to love, the sincerity was real. Any move or choice he made was equivalent to stabbing a knife into your heart... I don't want to see you covered in wounds when I see you again...

Xu Qingzhi felt a lump in her throat and tears welled up in her eyes. She gritted her teeth and tried her best not to cry.

"I... I don't know how." She kept her head turned to look out of the window. The moment she spoke, tears almost fell from her eyes.

She looked up and forced back her tears.

Shen Fanxing drove silently, her lips pressed tightly together. Her grip on the steering wheel tightened unconsciously.

She didn't speak again because she knew Qingzhi's strength and dignity.

Even though she was her best friend, she had her own dignity to protect.

It was precisely because they were friends that she had to be considerate and protect her dignity. She didn't want to push down the wall that she had built with her own hands.

She said she wouldn't.

She would believe him for now.

He believed that she wouldn't help him.

"It's good that you don't. I'm sure your focus will be on Baby in the future and you won't be in the mood to care about him! That's all. The only thing you're grateful for now is giving you a child."

Xu Qingzhi took a deep breath and a relaxed smile appeared on her face. "Yes, all my thoughts are on Baby now. Men are nothing!"

Shen Fanxing corrected, "Only Limo."

"..."

"Plus Su Heng."

Xu Qingzhi laughed and said, "Why don't you just say that other than your Mr. Bo, everyone else is a fart?"

Shen Fanxing didn't comment.

The atmosphere gradually relaxed and they reached the hospital unknowingly.

Xu Qingzhi had already found a doctor. After ensuring that her privacy wasn't leaked, she revealed the news of Shen Fanxing's checkup to the doctor.

The doctor was not young and looked experienced. However, when he heard that Shen Fanxing wanted to check if she was pregnant, the pen in his hand slipped in surprise.

Then, she looked up at Shen Fanxing in shock before looking at her stomach.

Shen Fanxing was already very famous in Ping Cheng City. At the engagement party not long ago, everyone had guessed that the mysterious fiancé was neither a company leader who was in the midst of development nor a nouveau riche with a big belly. Of course, there were many guesses, but no matter how hard they tried, they didn't expect him to be the CEO of the Bo Consortium.

How unimaginable was that possibility?

However, the man that everyone had never thought of became CEO Shen's fiancé.

However, the engagement party back then was now a hot topic. Although it was held in the engagement shop, Ji Fengmian, who had "revived" from the dead, suddenly appeared and called off the engagement on the spot, taking CEO Shen away from the engagement party.

So, hadn't the marriage ended?

All of a sudden... she was pregnant...

Therefore, if she was really pregnant... she would be from the Bo Consortium...

Shen Fanxing seemed to have expected this reaction from the doctor. She said calmly, "Sorry to trouble you."

The doctor snapped out of his shock and stood up hurriedly.

Even now, she was still muttering the words "heir".

"You... follow me."

The doctor suppressed his emotions and walked towards the door.

The two of them followed behind the doctor. Xu Qingzhi couldn't help but hold Shen Fanxing's hand nervously and whispered to her,

"I hope it's a daughter. Hehe..."

Shen Fanxing said helplessly, "I wonder if I can tell now..."

The two of them spoke in low voices. The doctor walking in front suddenly stopped in his tracks and turned to look at them with a serious expression!

"Let nature take its course. Don't think too much about him. Before you do the checkup, let me make it clear. You have to be prepared that you're not pregnant..."

Chapter 1278: A roller coaster

"Let nature take its course. Don't think too much about him. Before you do the checkup, let me make it clear. You have to be prepared that you're not pregnant..."

Shen Fanxing's heart skipped a beat.

"Why..." Xu Qingzhi didn't understand either.

"Have you heard of fake pregnancy?"

“...”

Shen Fanxing's face paled.

Xu Qingzhi's face fell instantly.

“Fake pregnancy mainly refers to women showing symptoms similar to pregnancy, such as stopping menstruation, nausea, vomiting, and even self-conscious fetal movement and bloating of the abdomen. However, the truth is that it's not a real pregnancy, and there's no sign of any pregnancy inside or outside the uterus under the ultrasonic waves. This situation mostly depends on the psychological factors of the woman, symptoms caused by a strong desire for pregnancy, or some disease...”

“What about the pregnancy test...”

“If the pregnancy test is 100% accurate, why would people come to the hospital for a checkup?”

“...”

Shen Fanxing and Xu Qingzhi's faces tensed up.

The doctor glanced at the two of them and sighed. “Don't worry, the child will definitely be born. There's no hurry... You should follow me first!”

The two of them followed the doctor out of the room in silence.

For every examination, Shen Fanxing's face was tense and her heart hung in the air.

She was nervous and uneasy.

She was afraid that all her expectations and excitement would turn into bubbles.

After a series of checks, the results were even more torturous.

Her mind began to wander.

She was glad that she had restrained herself from telling Ah Chuan about her pregnancy last night. Otherwise, if she really wasn't pregnant...

She should be even more disappointed.

But she would rather be disappointed alone than be disappointed with Bo Jinchuan...

She couldn't bear to see any expression of disappointment on his face.

Seeing how nervous she was, Xu Qingzhi couldn't help but wrap her arm around Shen Fanxing's shoulders.

“Don't mind it too much. There will definitely be time.”

Shen Fanxing buried her face in Xu Qingzhi's embrace, her voice muffled.

“I understand now why Ah Chuan hid his injury from me.”

Because he didn't want her to worry or be unhappy. He didn't want to see the guilt, heartache, and helplessness on her face.

Just like how she didn't want to see him disappointed now.

Xu Qingzhi patted her shoulder gently and said, "The two of you are a classic example of reporting good news but not bad news! The two of you are really in love. I think only those who love you the most would want to bring you happiness and happiness. They can't bear to see each other sad, disappointed, and uneasy..."

Shen Fanxing nodded in agreement.

She had blamed Bo Jinchuan for lying to her last night, but now, she was glad that she had hidden it from him.

—

The door finally opened. Shen Fanxing and Xu Qingzhi looked up at the doctor.

Having seen this reaction many times, the doctor smiled faintly and said,

"Sit for a while more. I'll do a color ultrasound later."

Just a little longer...

Shen Fanxing, who was so nervous that her mind had gone blank, had no idea what the doctor meant.

She turned to look at Xu Qingzhi and saw a look of surprise on her face. She hugged her tightly and shouted excitedly!

"Fanxing!"

Shen Fanxing's heart skipped a beat.

"How..."

"You're pregnant, you're really pregnant!"

Shen Fanxing's head exploded and she was in a daze. However, her eyes reddened.

"What did you say?"

"You're pregnant, you're really pregnant!"

She was pregnant?

However, the doctor didn't say...

Shen Fanxing's mind was in a mess. She had suffered a huge blow just now, so she didn't know if she should "blindly" believe her.

At the very least, she didn't hear any news of her pregnancy from the doctor.

Xu Qingzhi let go of her and excitedly went to the water dispenser to get her a glass of water.

"Drink it quickly, drink as much as you can and squeeze out the urine! So that you can do a ultrasound!"

Xu Qingzhi forced the disposable paper cup to Shen Fanxing's lips.

She had to hold her pee...

“You need to go to the ultrasound if you’re pregnant! Go and see the baby!”

“...”

Shen Fanxing’s eyes quivered and she almost cried.

She was really... pregnant...

Shen Fanxing looked at the doctor excitedly and asked, “Really? I’m... really pregnant?”

The doctor smiled and nodded. “Yes, congratulations,” the doctor said and pointed at the glass of water in front of her. “Let’s do the ultrasound later and see how the baby is developing.”

Shen Fanxing suddenly laughed and turned to look at Xu Qingzhi. “Qingzhi...”

Xu Qingzhi nodded vigorously. “Remember, you must have a daughter!”

Shen Fanxing smiled and caressed her flat stomach. She suddenly had the urge to cry.

Her heart was like a roller coaster today. Now that she had finally found a stronghold, it had completely settled down.

She drank a few cups of water in one go and finally lay down in the ultrasound room 15 minutes later.

When the cold liquid landed on her abdomen, Shen Fanxing blinked.

Children...

She took a deep breath and felt the doctor’s touch pressing on her stomach. She slowly closed her eyes.

After a long while, the doctor’s laughter sounded.

“Two pregnancy sacs, two fetal buds, and both fetal heart tubes are beating. Miss Shen, congratulations, they’re twins.”

Shen Fanxing opened her eyes and stared at the doctor in disbelief.

“Twin... twins...”

The doctor nodded and pointed at the screen.

“Yes, it’s been nine weeks. Look here and here. These two little things are already formed. Their brains, eyes, mouths, hands, and feet are all developing! Their weight is about the same as two grapes. They’re very healthy!”

Shen Fanxing’s eyes followed the doctor’s instructions, shining with excitement and gentleness.

She could see the outline of their faces.

Just a little...

The last time was when she was looking at the baby in Qingzhi’s stomach. This time, it was her...

And there were... two of them...

Shen Fanxing thought that there was no word in this world that could describe her current mood!

She was really nervous. Surprise after surprise made her head spin.

“Oh my god...” Xu Qingzhi covered her mouth excitedly as she stared at the screen in disbelief.

“There are actually two... Fanxing, your Mr Bo is really strong!”

Chapter 1279: An aggrieved man

“There are actually two... Fanxing, your Mr Bo is really strong!”

Xu Qingzhi’s sudden words made the doctor chuckle.

Shen Fanxing blushed instantly as well.

She didn’t know...

She didn’t know what other men would do, but Bo Jinchuan was definitely not as gentlemanly and elegant as he looked.

She wasn’t sure if it was really related to his strength.

The doctor handed her a piece of tissue. Shen Fanxing took it and wiped the mixture off her stomach. Then, she sat up slowly and tidied her clothes.

Xu Qingzhi walked to the doctor and asked,

“Doctor, can you tell if it’s a man or a woman?”

Shen Fanxing was amused and helpless. It seemed like Qingzhi was really obsessed with prenatal betrothal.

The doctor shook his head. “I can’t tell yet. We’ll have to wait three months.”

Xu Qingzhi nodded in disappointment and said, “Alright, we’ll talk about it when the time comes. But it’s alright. With twins, there’s a higher chance of having a daughter. Alright, very good!”

The doctor passed the test results to Shen Fanxing and instructed her before letting them leave.

Shen Fanxing read the test report again and again.

This list was proof of joy.

Walking out of the hospital, Shen Fanxing heaved a long sigh of relief. Finally, it was confirmed.

She wondered how Ah Chuan would react when he found out.

Thinking about his expression, she felt happy no matter what...

“Let’s go home...”

Xu Qingzhi shrugged. “Are you going to report the good news to your Mr. Bo immediately?”

Shen Fanxing smiled shyly and shyly.

“He’s the children’s father. Of course he has the right to know immediately.”

Xu Qingzhi raised an eyebrow and asked, “As the children’s prospective grandmother, how do you plan to tell your mother about this?”

Shen Fanxing was silent for two seconds before saying,

“Anyway, it’s impossible for me to give up on them. I’ll hide it if I can. At most, I’ll lay my cards on the table. She can’t possibly beat me to death.”

“I didn’t expect you to be so shameless.”

Shen Fanxing remained silent. What else could she do?

If her mother knew, she would definitely find out. It was just a matter of time.

Anyway, she had to keep the two children. Besides, her mother was not the kind of person who would force her to give up the children, let alone two of them.

No matter what, he was her grandson.

The two of them didn’t go home directly. When the car was still in the city, it was almost noon. The two pregnant women felt hungry and decided to shop outside. They wanted to eat and wanted to eat. They handed the bags to the bodyguards who had been following them.

When she reached home, it was already past two in the afternoon. There was no one in the room. Her mother must have taken her afternoon nap.

Thinking that Bo Jinchuan might still be hungry, Shen Fanxing returned to the bedroom immediately.

Bo Jinchuan was standing by the window when he heard the commotion. He turned to look at her with a phone in his hand. His handsome face was gloomy and his brows were furrowed. It was obvious how bad his mood was.

Shen Fanxing had been worried that he wouldn’t be able to control himself and would expose himself.

However, she did not expect him to stay in her bedroom obediently for the entire morning.

Although her expression was extremely ugly,

When Bo Jinchuan’s dark gaze landed on her, Shen Fanxing suddenly smiled. She closed the door and strode towards him. When she neared him, she suddenly ran a few steps and threw herself into his arms.

Bo Jinchuan had already spread his arms before she pounced on him. Even though he was unhappy and angry, he was still worried that she would fall.

Bo Jinchuan’s expression froze when the woman hugged him. When he regained his senses, he wanted to reprimand her. However, the woman wrapped her arms around his neck and tiptoed as she looked at him happily.

Bo Jinchuan couldn't let go of his stiff expression just like that. His arms wrapped around her slender waist and his expression was solemn. His tone was harsh.

"You're happy to lock me in my bedroom for the entire morning?"

Her tone was filled with dissatisfaction and anger.

The smile on Shen Fanxing's face widened. She tapped her toes again and moved closer to him...

Bo Jinchuan was taken aback, but the woman in his arms didn't leave after kissing him. Instead, she bit and nibbled at him.

He was so passionate and unrestrained that it was unlike her.

While Bo Jinchuan was in a daze, Shen Fanxing had already gritted her teeth several times.

Bo Jinchuan's eyes darkened as he tightened his grip on her and bent to kiss her.

...

Chapter 1280: There's Something Wrong With Master Bo

God knew how much he had endured for nearly a week.

He missed her and wanted to see her.

Every time he felt warm, the thought of her hugging his shoulders tightly, biting her lips in his embrace, and moaning uncontrollably made his heart itch.

He craved every inch of her skin, every expression, every sound.

He had never wanted to suppress her because he couldn't.

Now, she was right in front of him. If she didn't seduce him, he wouldn't be able to stand by and watch. Moreover, she was so passionate now.

Bo Jinchuan's hand started to waver and she reached out to hold his hand.

"No way..."

Bo Jinchuan's face darkened again. "Shen Fanxing, this injury won't kill me!"

Disregarding her widened eyes, he bent down to carry her horizontally and placed her under the blanket. Then, his tall body covered her.

He stared at her with his dark eyes and said fiercely, "But if I don't do you today, I'll... die immediately!"

Bo Jinchuan stumbled over his last sentence, probably because he felt that it was indeed... embarrassing and childish.

Stunned, Shen Fanxing stared at him for a few seconds before she blinked and smiled.

Bo Jinchuan's handsome face flushed slightly.

"What are you laughing at?"

“No...” Shen Fanxing shook her head, unable to stop herself from laughing.

Bo Jinchuan’s face tensed and his voice was dark.

“Shen Fanxing!”

“I’m here!” She looked at him in amusement, thinking that the man in front of her was too cute.

Why would she say such things just to do such a thing?

Seeing how embarrassed Bo Jinchuan was, she felt even more amused.

“Don’t laugh!”

His voice was laced with anger as his lips pressed down on hers.

“No way!”

Shen Fanxing covered his mouth and smiled at him.

“Shen Fanxing!”

Shen Fanxing got up and planted a kiss on his lips before looking up at him.

“Ah Chuan...”

Shen Fanxing hugged his shoulders and the smile on her face faded.

Bo Jinchuan observed her expression and his restless heart gradually calmed down. He stared at her quietly.

Their eyes met and the room fell silent.

Shen Fanxing’s eyes flickered, reflecting the light from the window.

“... I’m pregnant.”

Shen Fanxing tried her best to remain calm, but her voice trembled uncontrollably.

Bo Jinchuan shuddered violently as he stared at her with narrowed eyes.

“... What is it?”

Her grip on his shoulders tightened as she stared at Bo Jinchuan, her eyes turning red.

“I’m pregnant,” said Shen Fanxing softly again. “It’s two... two babies...”

Bo Jinchuan’s eyes froze. After a long while, he left Shen Fanxing slowly.

Shen Fanxing looked at him in confusion and sat up slowly. She didn’t know what he was doing.

Bo Jinchuan said nothing and left silently.

Shen Fanxing opened her mouth but didn’t say anything. Her gaze followed him and then...

She had witnessed him entering the washroom.

The bathroom door closed and the lock clicked.

Shen Fanxing sat on the bed and blinked. She had no idea what he meant.

In the washroom, Bo Jinchuan stood in front of the sink, pursing his lips as he recalled Shen Fanxing's words.

"I'm pregnant."

"It's two... two babies..."

He raised his hand to his forehead and looked at himself in the mirror.

"Fanxing... is pregnant..."

He looked at himself in the mirror and said. He looked exceptionally calm, as if he was discussing an extremely normal matter with a second person.

However, her heart was filled with an unfamiliar excitement.

He had always been used to not showing his emotions. He had never encountered anything that would cause his emotions to fluctuate too much.

The only emotion she had was after meeting Fanxing.

Every time he saw her, he couldn't help but feel happy. No matter how calm his heart was, it would fluctuate because of her every move.

This was the first time they met. The moment she bumped into his arms, he understood and decided not to let her go easily!

Hence, he pressed on her and she agreed to be with him. Now, she was pregnant with his child.

This process gave him an unprecedented sense of accomplishment.

This feeling was more shocking than any business deal he had ever negotiated.

"Two..."

As soon as he finished speaking, his thin lips twitched uncontrollably, but the smile on his face widened.

Then, she suddenly chuckled.

He paced back and forth in the washroom, at a loss for words.

Fanxing was pregnant with his child... the twins...

He was going to be a father.

Father...

This word was unfamiliar and new to him.

"Two... ha..."

Bo Jinchuan's deep voice sounded in the bathroom again, sounding happy and excited.

Looking at himself in the mirror, Bo Jinchuan gave her a thumbs up.

"You're outstanding."

Fancy it, pester her, and get her.

"Good taste! Good ability! Good physique!"

In the small washroom, Bo Jinchuan praised himself openly in the mirror.

So far, the thing he was most proud of was obtaining Fanxing!

There was a sudden knock on the bathroom door.

Bo Jinchuan retracted his hand immediately.

Shen Fanxing's voice sounded from outside.

"Ah Chuan..."

The bathroom door opened abruptly and Bo Jinchuan stood at the door.

Shen Fanxing felt uneasy. "What are you doing in the washroom?"

Recalling how he looked in the washroom, Bo Jinchuan coughed awkwardly and touched his nose.

"Nothing."
