

I' m Sorry My Love Novel Chapter 1366 - 1367

Chapter 1366

Arron looked at the wife he had spent six years looking for without saying a word.

In addition to being ruthless, her eyes were calm.

She is so willing to hesitate.

It's as if she dragged a big snakeskin bag seven years ago, and desperately ran to him and Lanita's wedding scene to prevent him and Lanita from marrying.

At that time, she put life and death aside and was very decisive.

At this time, she still put her life and death aside, very decisive.

However, the purpose of the two is two extreme directions.

She was going to marry him last time.

But this time, she resolutely divorced him.

She did not cry, did not flinch.

Some are just firm and ruthless.

This made Arron realize that she was no longer the same she was six years ago.

Although she was so calm-headed six years ago and six years later.

However, it is different.

She was a very young and tender one six years ago.

Even if she was calm, she was so pitiful and helpless, because poor and helpless, because she couldn't find warmth in this world, she had

to calm down because she didn't have the ability to resist. At that time, she only needed to give her a little warmth, a little bit, that's enough. Disintegrate her.

Now it's different.

She is already invulnerable now, and she doesn't need anyone's mercy at all.

Because she is strong enough.

She is already strong enough to be very calm and tell you: If you dare to take away my only one, I will give you a white knife and a red knife out.

The man smiled calmly: "Follow me with a white knife and a red knife. Have you become more skilled?"

Suzi also smiled faintly: "This is not called ability, this is called instinct."

The man raised his eyebrows and looked at her with interest: "Huh?"

"The new love you make can also give birth to you, give birth to a bunch."

"But I am different, I am the only one in this life."

"And, if the only one is in front of you, don't you think it's as an eyesore as seeing the old man? So the only one can't follow you, only follow me."

"Besides, the only time I spent with you was only more than a year, and the feelings would not be so deep."

What she said is justified and well-founded.

"So, not only do you have the only one, but you also have the only share?" Arron asked with interest.

"Of course!" Suzi looked at Arron calmly.

“I don’t need mine! But the only thing is necessary! You are her father, of course your Fu Group must have a part of her. You can tie a new love, and you can still live brilliantly in the future. But the only thing is innocence. Of.”

“The only way to choose her parents.”

“There is no way to choose whether her parents are divorced.”

“If I can’t even fight for her for her property, wouldn’t I, a mother, have to repeat the same mistakes as my mother and my grandmother?”

When talking about this, Suzi’s tone was suddenly sad.

She sighed.

Then he looked at Arron bravely: “Arron, listen carefully.”

“Well, I’m listening.” Arron said.

“I will never be like my grandma, who knows that my grandpa doesn’t want her or loves her, but still lives with my grandpa’s father, hoping that one day my grandpa will be softhearted and can take a look at my mother. Can give my mother a little love.”

“The result?”

“My grandfather is really unwilling.”

“The love of my grandfather’s life is only given to his wife.”

“From the perspective of my grandfather’s wife, my grandfather is right and loyal.”

“But what about me?”

Suzi smiled sadly: “Although I am not fortunate than my grandmother to be your wife of the knot, but you can’t be loyal to your wife of the knot for a lifetime.”

Chapter 1367

“So, the fate of me and my grandmother and my mother are actually not much different.”

“Since there is no difference, I have to avoid my children, like my mother and my childhood.”

“Obviously there is a father, but he enjoys any benefits from his father.”

“Arron, since you can't give my daughter fatherly love, but you must also do your duty to my daughter.”

“You have trillions of dollars!”

“Every day's income must be calculated in tens of millions.”

“Therefore, one-tenth of the daily income must be given to the only one.”

“This is just a part of it, and there is the only share! You have to give her too!”

After saying this, Suzi took a sip of water and then looked at Arron calmly.

There was no nostalgia for him in her eyes.

It was as if sitting in front of her was not the King of Nancheng, not your president of the Fu Group, but a man who picked up tatters.

Arron suddenly became amused.

Think about him in Nancheng, whether it was six years ago or now, how many women flock to him?

Can you count it?

How many women tried every means behind their backs, shrunk their heads, hoping to climb onto Arron's bed?

For this, they don't hesitate to do anything.

Just like Gu Xiaoqing.

In order to be able to get close to him, even the method of adopting a child abroad was used. At the same time as the setting up, the Fu Group was so embarrassed that the ditch was exposed to the public.

But Gu Xiaoqing still doesn't feel ugly.

Still have to make persistent efforts.

But how about this woman in front of you?

He is her husband.

She is the only one who is legally beside him, sleeping with him, occupying his home, and ran to his company carrying other women's hair and beaten up. After the beaten up, she can give him all his tie. .

She didn't know him so much.

She didn't even have a sad expression.

Arron is really angry!

"What if I don't give it?" He said without any waves on his face.

Suzi smiled sadly: "Arron, a cold and ruthless man like you, to be honest, I really didn't expect you to give it, I really didn't guess you wrong, you really are ruthless enough."

Suzi raised his brow vigorously.

In fact, she is trying hard to suppress the tears she wants to leave.

"If you don't give it, don't give it! I can only say, the only bad luck! She has continued the fate of her mother, her grandmother, and her grandmother."

"Okay!" Suzi got up to leave.

"What I said is, I won't let you take away the only one." As soon as the man's legs were pulled in, Suzi couldn't move between his legs.

She: "You..."

Arron continued: "I am so domineering, how can I let my flesh and blood fall out?"

"Follow me with the white knife and the red knife out?"

The man smirked: "Where's your knife? Take it out and let me have a look?"

Suzi was instantly furious: "Arron! You rogue!"

The man smiled: "Don't forget, you are the woman I came back from Quxian! Give you this year of tenderness, you have forgotten your identity?"

"Whether it is the only one or you, since I have captured you back, how can I let you go? Woman, are you too whimsical?"

Suzi: "....."

"After a pause, she asked: "What are you going to do? "

The man chuckled his lips and sneered: "I was doing what I should do at night."

Yubi, one bent over and picked her up, and walked straight to the bedroom.
