

I' m Sorry My Love Novel Chapter 1370 - 1371

Chapter 1370

There is a kind of heart-wrenching despair in Suzi's heart, accompanied by unforgettable pain.

But at this moment, she lost.

Psychologically, she lost.

Physically, she still lost.

She did mental construction for the whole afternoon, but it still fell apart.

At this moment, she still loses without half dignity.

Suzi, you are not as good as you were six years ago.

Six years ago you could still run around pregnant with a ball.

Now, your mother and daughter are in his hands, where are you fleeing?

Not only that, I'm afraid you don't want to escape, do you?

You even... In fact, you are willing to be wronged for help, you are willing to hide your ears, and you are actually unwilling to leave him.

Isn't it?

You are too depraved.

Suzi!

You are cheap!

Suzi looked at Arron with tears: "I know, Fourth Master Fu, I am a female prisoner you came back from a long distance away, just one of

your playthings. When you are happy, when you dote on me, I will mistake me for me. It's your wife, your lifelong favorite."

"When you are upset, you will let me know clearly that I am your prisoner."

"Not only that, only you can treat me like a rag, but I can't leave you."

"I already understand, Fourth Master Fu."

"I will stay by your side and be a dog."

"I must be an obedient dog from now on, so please don't do anything to my daughter and my mother, okay?"

The woman's words seemed to be digging Arron's heart.

He hugged her in his arms: "Don't talk! Don't call yourself a dog! Don't!"

"Okay, I see, I listened to Fourth Master Fu, and I won't say it anymore."

"Sleep!"

"Don't think about anything. What you have to do now is to sleep obediently. If you think about it again, I will be rude to you, okay?"

"Well, I got it."

"Come here, put my arm on my back, and sleep well!" the man forced.

"Yeah." She nestled in his arms like a kitten and closed her eyes obediently.

Her tears kept streaming.

"Sleep!" he ordered again.

She closed her eyes heavily.

In fact, she is really tired.

After a whole day, I was calculated by Gu Jianing and Gu Xiaoqing's mother and daughter in the morning. When I saw Arron and Gu Xiaoqing together at noon, her whole body would collapse in the afternoon.

But she still has to be strong.

She has to deal with many things and think about many things.

The mind is always strained, so in fact, by night, she is already very tired.

Arron was tossed for another hour or two.

At this moment, Arron asked her to think about nothing. When she only asked her to sleep, she actually fell asleep very quickly.

After all, I sleep with him every day.

He sleeps with his arms folded every day.

It is so familiar, it has become a kind of inertia.

Within half an hour, Suzi fell asleep.

The man could not sleep for a long time.

Seeing her as deep as a child, unreasonable, domineering, but so aggrieved, the man smiled involuntarily.

Laughing helplessly!

Little lady!

I have never seen her angry like this.

Really like a mad dog, this night, she was really bruised and bruised by biting her without asking her indiscriminately.

The man looked at his chest when he thought of his bruises all over his body.

The entire front chest was not scratched by her.

Now when I remembered it all of a sudden, I immediately felt a scorching pain.

The man couldn't help but snorted: "Little woman! I don't know who is more cruel! You can scratch the man who is scratching himself!"

"If you are jealous, you are my enemy!"

"You don't even think about it, is it fair! Is this fair!"

"How many men around you surround you! How many! Did you count them?"

"Not only can I not eat your jealousy! I have to..."

Chapter 1371

When he thinks of this, the man feels wronged, and he wants to straighten her head, wake her up, and reason with her!

See who accounts for it!

However,

He couldn't bear to think of her crying and roaring so tired that she finally fell asleep.

Just look at her sideways.

There were still tears in her eyes.

Her brows frowned.

Her expression is still so decisive.

Resolute enough to die, you must keep your dignity.

She scolded him and let him go.

Ha!

The man laughed again suddenly.

Think about it, in this entire Nancheng, can you find a second person who dares to scold him like this?

Can you find a second person to get angry at him like this?

Not to mention women, even men, the veterans of the Fu Group include Fu Zhengxiong and Fu Hengsheng. Which one dares to treat him like this to Arron?

She alone!

Suzi!

She went crazy, kicking and beating him, cursing and biting, and divorcing him!

Jeonnam City can no longer find a second person.

She is also wronged like something!

It was too late to be wronged, tired from beating, tired from scolding, tired from crying, and she fell asleep.

He wants to guard her here!

What is this called!

In the middle of the night, watching her fall asleep deeply, and the corners of her lips began to drool, he was willing to slowly pull out his arm from under his head and quietly walked out of the bedroom to the living room.

Taking out his cell phone, Arron called Alyce.

At the other end, Alyce only rang the bell, and then it was connected.

“Hello?” Alyce said in an extremely worried tone on the other end of the phone.

“Mom, it’s me, Arron.” Arron said.

Alyce paused for a long time before asking, “Arron, if you and Xiangxiang are married...”

“Nothing, Mom.” Arron interrupted Alyce.

Alyce: “...”

“You put one hundred and twenty hearts, my marriage with Suzi will definitely grow old together. There will be no marital turmoil in this life. I call you to tell you that the only thing I will sleep with you tonight. Please take care of the only night.”

Alyce: “Um...good, good.”

“Mom, you should rest early and don’t think about anything.” Arron comforted.

“Good Arron.”

After the thread was closed, Arron returned to the bedroom and lay on the bed, continuing to hug Suzi.

That night, she slept very deep and fragrant.

His arms were numb on the pillow, and all night, in order to make her sleep better, he didn’t even dare to turn over.

What else did she say?

Are you so cruel?

Have you ever seen such a cruel woman!

While scratching his man’s chest, he dared not wear a close-fitting shirt the next morning! Can you still numb your own man’s arms?

It’s so annoying!

Arron woke up the next morning with an angry stomach and a cold face.

As soon as he got up, the woman woke up.

She regained her calmness yesterday.

Get up and see him, turning a blind eye.

She picked up her own clothes without wearing them, and walked out.

The man put his arms around her waist, half to death: “Why are you going? Why are you going without clothes?”

The woman’s voice was as cold as ice: “Sorry Fourth Master Fu, I know who I am. I shouldn’t spend the night in your bed. Now that I wake up, I shouldn’t be in your bedroom anymore.”

“Because I know that in a few days you won’t be the only one in this bedroom.”

“I have a name for myself, so it’s time for me to get out of here!”

Man: “You...”

I really want to sew her mouth!

At this time, the man’s cell phone rang, he picked it up and glanced at it and immediately connected it.

The tone was very impatient: “What’s the matter!”
