

# I' m Sorry My Love Novel Chapter 1376 - 1377

## Chapter 1376

Hearing Suzi's refusal so simply, Arron was not angry.

He has a more stern tone than Suzi: "You don't need to go!"

Suzi: "....."

"Then don't blame me for being merciless to the only one and your mother!" Arron's tone was extremely flat.

"You!" Suzi suddenly sat up: "Arron, you are not a human! You ba5tard! Cold-blooded animal!"

Suzi was so excited that when she suddenly sat up, she forgot that she didn't wear anything. When she sat up suddenly like this, the natural silk quilt suddenly fell off.

Her dark messy hair covered her small face, half smaller than a slap.

With her big watery eyes, there were two crystal clear teardrops at this moment, which made her look pitiful.

Especially the skin on which the quilt slipped.

It was even more delicate, which made Arron who had just entered stunned for a moment.

The reason he was stunned was that he saw the traces of his automatic hand.

Those bruises aggravated Suzi's pity.

The man immediately took a step forward, holding Suzi around his shoulder.

Suzi really shuddered: "Let go of me!"

“Does it hurt?” he asked gently.

“Go away!”

The man smiled: “Still so angry?”

Suzi looked at Arron with anger.

Arron smiled: “Think about your daughter and your mother.”

Suzi’s tears shed suddenly.

After two or three minutes, her tone softened, and her business was extremely humiliating: “Okay, you tell me to do what I do. Anyway, I am a female prisoner without human rights. .”

“Don’t say you let me go to the old house, even if it’s Siye Fu, you let me go with a man, don’t I have to be obedient?”

Arron: “...”

An anger or immediately jumped up from the chest.

This D\*mn woman!

She is more capable of angering him than any woman in this world, and she can often strangle her with his anger.

His hand had touched her neck, and seeing her not only did not resist, she also smiled contemptuously, and the man stopped again.

He turned to lift the entire quilt.

“What are you doing!” The woman was extremely shy.

The man did not speak, but checked her from front to back, top to bottom.

The examination was too late, and the man scolded himself: “Arron, you D\*mn it!”

Suzi suddenly sneered.

The man was not angry, and pushed her to him with just one swipe, then took his own belt and tied her hand.

The scared Suzi's face changed.

She roared: "Arron! You...you are not going to tie me up, throw me out without even wearing clothes, right?"

"Arron! You let me die! You let me die now!"

The man raised his hand and took a clean veil, which blocked her mouth.

Immediately afterwards, he went into the glove box and took out the medicine box, and treated her with some thin skin injuries patiently.

The time is very short.

Just five or six minutes.

She yelled in reality, and then she was stunned.

After he finished his work, he took out an extremely loose dress from the cloakroom and dressed her himself.

From the inside out.

She realized for the first time today that he was so knowledgeable in dressing her.

Even the innermost layer, he can wear her very well.

Suzi was stunned.

What she was stunned was not how he helped herself dress.

Instead, he saw his unbuttoned chest.

Those scars.

The blood troughs looked more than two or three millimeters long.

And on his neck, it seemed to be scratched by the claws of several cockfighters.

He

His neck and chest hurt so deeply?

This...

Is it all caused by her hands?

## Chapter 1377

Does he hurt?

He said nothing.

Still helping her deal with the thin wounds, and now helping her dress again.

His current behavior is as if he is her lover, her licking dog, and she has regained her image as a good husband and a man.

Who is he?

Which one is the real him?

At this moment, Suzi was very confused.

In her confusion, Arron had helped her get dressed.

After he took her out of bed, he said to her in a deep and mellow voice: "I know you may be rubbing and painful when you walk, so don't wear high heels anymore today.

Just wear flat heels. "

Suzi answered mechanically: "Yeah."

Yubi, she mechanically went to the bathroom to wash up again, and when she came out, her little face was smooth and clean without any powder. And the hair is tied to it. Tied into a ball.

However, her pale face is really terrible.

Arron couldn't help but glance at her more.

She immediately said: "Do you have any requests? Do you need me to put on makeup?"

The man sighed heavily: "Come out to eat!"

Sao Li has already prepared the breakfast for the two of them.

Woman

There are several red dates in his bowl.

"The wild red dates in the sky, I saw one kilogram of them all the year last year, and they were all bought back by the husband, but madam, these dates can only be eaten five or six a week because they are a big supplement. "Sao Li said to Suzi gently.

She had just made breakfast. As for what happened in the host's bedroom, Li did not know.

At this moment, seeing Suzi's lonely and uninterested expression, Sister Li stopped talking in an instant.

She is a very colorful person.

She glanced at Arron.

Arron immediately said: "Sister Li, you don't need to take care of you here. Go shopping for groceries."

"Well, good sir." Aunt Li carried the vegetable basket and went out quickly.

"Drink the red date soup!" the man ordered.

"Oh..." Suzi replied mechanically.

The man watched her drink ten thousand jujube soup.

After a while, the man saw that the woman's face finally recovered some rosy, and his heart was a little satisfied.

"My mother..." the woman finally took the initiative to speak.

She worried about her mother and the only one.

Last night, the only one didn't come back, and I don't know how the only one is crying now.

"If you want your mother and your daughter to worry about you, you can always look so lonely."

"If..."

"I know!" Suzi interrupted the man immediately.

She sneered unknowingly.

Whether it is pretending to be happy in front of the mother and the only one.

Or she was spurned by thousands of people in the Fu's old house, Suzi could bear it.

Isn't it just being pinched as a soft persimmon?

Pretending to be a grandson, she knows best.

After dinner, Suzi and Arron came down together, and as soon as they arrived at Christopher's car, Christopher could see that something was wrong with his wife today.

Christopher did not dare to ask.

However, he found out that the only one was absent, and he immediately asked: "Where is the little princess?"

"At grandma's house, Christopher, go to grandma's place first." Arron said.

An hour later, Christopher's car came to Alyce, and Suzi was really good at acting.

She didn't let her mother see that there was a bit of displeasure on her face.

But Alyce was very worried about Suzi's tone: "Xiangxiang, are you... okay?"

"It's okay mom, it was a misunderstanding with Arron yesterday. Now they are all solved." Suzi said to his mother relaxedly.

Yubi, she said again: "Mom, we will go to the old house for dinner today, and come back to accompany you here again."

"Okay." Alyce looked at Suzi with satisfaction, and then looked at Arron with a smile.

At this moment, Alyce's cell phone rang.

She thought that her nephew Darius was calling, so she picked it up and connected: "Darius..."

"I'm not your nephew, I'm Gu Jianing." On that end, Gu Jianing's tone was quite triumphant.
