

I' m Sorry My Love Novel Chapter 1408 - 1409

Chapter 1408

Man: "Um! Sorry from your mouth, it's worth a million dollars!"

"Puff..." The driver who drove in front couldn't hold back, and instantly laughed out a pig cry.

Christopher could have heard it. How much sadness, helplessness, and grievances did he bring in these words?

Even the only little girl Shen, who sits between her parents, can't help but feel sorry for her father for a long time.

"Dad..." Lilly looked up at his father.

"Yeah!" the man replied.

"I shouldn't call you badass dad." Lilly apologized sincerely.

The man sneered: "You are quite honest."

He could see it. This little thing looked like he was very close to his father. He couldn't leave his father for a day. When he went to grandma's house for one night, he had to think of his father in his sleep. However, once the critical moment came, she would still be with her mother Dear.

She is simply her mother's god assist!

It's really a god assist!

Lilly: "Hehe."

When she turned around, she looked at Suzi: "Mom, you have to be sincere."

Suzi lowered his head and glanced at Arron with embarrassment.

Arron didn't look at him, only looking forward.

Suzi followed Arron's eyes and looked forward. Only then did he remember that Christopher drove in front.

Although Christopher was very good to Suzi, at this moment, Suzi was also on the same line with his husband. He went home and said something, and he said it in the car.

Christopher of the province looked at the joke.

Suzi shut up immediately.

She also imitated Arron's appearance, with no expression on her face.

It was the little dumpling sitting in the middle, looking at his father for a while, and then looking at his mother for a while.

Seeing that Mom and Dad didn't speak, and the little dumpling was also very clever, she immediately fell silent.

Christopher driving ahead: "..."

I want to see a good show.

What a pity!

No way, she can only focus on driving.

The car drove very steadily, and it was a 40-minute drive to get home. When I walked in, Mrs. Li just made dinner and put it on the table.

"Hey, sir, madam, you can count as coming back. After playing outside for a day, are you tired? The only thing is hurry up, drink some rock sugar lemonade, don't get caught up in the fire." Li Sao held up the water glass and handed it to Shen. Unique.

Then she was busy arranging dishes in the dining room.

Sister Li, who has been busy, did not see any conflicts among the three members of the family today.

As usual, she helped the only one serve soup, helped Xia prepare rice, and helped Sheng Yicheng pick up vegetables.

After the family of three had eaten, Mrs. Li cleaned up the dishes, cleaned up the living room, and went back to her residence to rest.

Only Suzi and Arron were left in the huge flat floor.

Lilly poked Suzi with his little finger: "Mom, do you want me to apologize for you and Dad?"

Suzi rolled his eyes with a blank eye and sank the only one: "Little thing! Go to sleep!"

Lilly: "I know, mom."

Little things are very good at watching and watching. This night, she was very good, and fell asleep without letting her mother coax her. After coming out of Shen's only children's room, Suzi cautiously walked into the big bedroom.

But I saw my room was empty.

Arron is not here.

Suzi even went to the bathroom and took a look.

She thought to herself, if he was in the bathroom, she would go in and wash him personally and rub his back.

Even washing his feet is fine.

He used to wash her feet anyway, and she had never washed his feet before.

However, Suzi came to the bathroom and found that there was no one in the bathroom.

Where is he?

Wouldn't it be because they were still angry with her and ran away from home together?

Thinking about this, Suzi heard the whispers of a man at home.

Actually it is not a whisper.

Chapter 1409

It was the man's voice that separated the door, so it felt high and low.

Suzi searched for his voice and came to the man's study, only then did he hear more and more clearly.

It turned out that the man was calling in his study.

Suzi didn't know who Arron was calling, she just heard it intermittently.

"Yeah, I see."

"If the share is not enough, we are discussing on Monday."

"Huh?"

"You bought it for her?"

"She has no shortage of gifts."

"Okay, then you come over tomorrow."

"By the way, you have to be careful about your cousin's affairs. He can't just let it go, but you don't have to be afraid of him. Anyway, the Fu Group will explain it. You can do your job well, after all. It's your cousin..."

"Okay, if you think it's appropriate for you to take your parents over, you can take them over."

"If there is nothing to do, hang up first."

The man's tone didn't seem to have any temperature. But in fact, this is already his greatest tolerance.

Although Suzi only heard Arron's reply, Suzi couldn't hear who was on the specific end of the phone.

However, Suzi could conclude that Arron's call was made to Sanford.

Or perhaps it was Sanford who called Arron.

No matter who they call whom.

Suzi thought that this was a matter of two men, both of whom were relatives of her closest relatives, so she would not be able to participate in official affairs between the two men.

She has been sitting outside.

It was not until Suzi confirmed that Arron and Sanford on the other end of the phone call had ended, she broke a glass of lemonade and walked in slowly.

She put the lemonade in front of Arron.

With his eyes down, hands clasped before him, standing on the opposite side of Arron like a kid who has done something wrong.

"I'm sorry, Arron, it's me...I blamed you, you..." Suzi is thinking about Wen Arron, can you forgive me?

She accidentally saw the man who had taken off his suit and only wore the shirt underneath. The entire chest of the shirt was stained with blood.

"Arron, you...what's wrong with your clothes? Why are there blood stains?" Suzi asked immediately in surprise.

The man gave Suzi angrily, "Own masterpiece! Have you forgotten it?"

Suzi: "....."

Her masterpiece, what is her masterpiece?

She really doesn't know?

“You... why do you have so much blood on your clothes? You... what’s the matter?”

If the words are necessary, she will tear at Arron’s injury.

It doesn’t matter if it is not torn, Arron’s neck was torn off with a sudden blow.

Only then did the woman see the man’s chest, half-scabbed blood troughs everywhere.

In some deep places, the blood trough is still bleeding, and some shallow places are already crusted.

The entire chest is, Suzi is very shocking to see.

“Arron, you...what’s wrong with you? There are so many scratches on your chest, so...how could this happen?” Suzi suddenly cried in pain.

She raised her hands, trying to touch his skin wounds, but she didn’t dare.

Because I was afraid of touching him.

But she wanted to touch it again, and wanted to comfort him.

In fact, she knew in her heart what the wounds on his chest were all about.

She covered her mouth and never said anything.

The man looked at her angrily: “What’s the matter? I’m from a cat’s claw! An unreasonable wild cat!”

Suzi cried and looked at Arron: “Yes... I’m sorry.”

She wanted to hold the man’s face with her hands in order to apologize.

The man stood up, picked her up lazily, and walked straight to the bedroom.

“What...what are you doing?” the woman asked in shock.

The man sneered: "Don't you deserve to be punished?"
