### Chapter 1410

Suzi: "But...but I...I have already apologized to you."

She stammered, her heart beating.

She had nowhere to put her hands. She wanted to put her hands on the man's chest and grab his buttons, but when she saw the scratches on the side of his chest, she didn't dare anymore, so she had nowhere to put her hands.

A small face is even more at a loss.

This look, in Arron's eyes, could almost kill Arron.

Arron's deep eyes stared at the bewildered woman in his arms unblinkingly, as if using a pair of eyes to eat her thoroughly.

Thinking of her reaction yesterday, he really wanted to swallow her.

From the first time he met her in the dark night, to the first time he received her in prison, it has been seven and a half years until now.

For seven and a half years, most of what she showed him was calm.

Either I carefully wrap myself up and be sensitive like a hedgehog, or I just smile sweetly at my Cavan looking for warmth.

Even if the warmth is gone, she will still retract into her shell.

It was the first time he had experienced her reaction last night.

It was called a squally shower.

That unyielding, that sharp, that crazy, just like a little she-wolf.

If he were a prey, she would have killed him.

At the thought of when she was the craziest and most angry yesterday, the swear words were all scolded.

Drive him one by one and let him go.

Ha!

How can the whole Nancheng be able to find a second woman who would be so strong against him?

If cutting his tie at the company that day was her feat, what about yesterday?

Now compare it, cutting his tie in the company, it really saves him face.

Look at what she was jealous of yesterday.

Can knock over the vinegar jar of the entire Nancheng, if his community is not concealed, and his floor is not soundproofed, her behavior yesterday can be called the number one shrew in Nancheng.

If you can scratch Arron's chest, there are bloodstains everywhere, let alone Nancheng, can you find a second one in the world?

She even apologized lightly and wanted to finish it?

"Where was the strength of yesterday?" the man asked in a low and calm voice.

Suzi: "Wh...what?"

"Yesterday you drove me away, scolded me, beat me, made trouble, kicked me, if you give you a knife, you can kill your man with a knife?" The man asked with a cold expression on his face. Her.

Suzi: "....."

Don't blame him for being so angry.

Suzi Suzi himself was really crazy last night.

What did she scold him to say?

It seems that all kinds of swear words can't help but blurt out, right?

She was crazy yesterday.

She really has nothing to say now.

Seeing that he didn't speak, the man threw her onto the bed, and then the whole person rushed over like a gust of wind and rain.

How has Suzi seen this battle?

She burst into tears instantly.

"Woo...oooo...I...I was wrong, my husband, I was wrong..." This cry can really help a man. The heart is softened.

The man's movements eased instantly.

However, his eyes are deeper.

He held her arm slightly lighter, and she cried and asked him: "You, does the place I scratched still hurt?"

Man: "What do you mean?!"

Suzi: "What should I do? Will you take a break tonight? Just treat it as a cure?"

The man sneered: "At this point, does it matter? You can scratch my back a bit more. However, I won't spare you the punishment I deserve!"

As soon as he spoke, his head quickly fell.

Suzi: "....."

She really can't figure out why a man has such good energy and good physical strength.

Later, Suzi didn't know how he fell asleep.

In short, she didn't want to lift her tired head.

However, she vaguely yelled and remembered, and the man asked her over and over again: "Dare you still divorce me!"

She cried and begged for mercy: "Don't dare, oooooo..."

## Chapter 1411

But now I think about it, I was really crazy yesterday, I didn't figure out anything, and I just went home like that with him.

She shyly nestled in his squeaky nest, pretending to be dead.

No matter how he called her, no matter how he made her noise, she would pretend to be dead.

Anyway, he wouldn't be like her, taking it very hard and scratching her.

At first, I pretended to be asleep, but later I really fell asleep.

After all, she didn't sleep all night yesterday, and she was indeed exhausted.

On this page, she slept very soundly and sweetly.

So sweet, she didn't know when he got up early in the morning, and when he left home with Lilly.

I slept very well.

No one came to beat her for breakfast.

In the morning when Arron took Lilly to go out, he told Sister Li: "Let Suzi go to bed. She didn't sleep well last night and lacked sleep. When she wakes up naturally, it will not be too late to eat."

Therefore, Sister Li never called Suzi.

Suzi was woken up by a phone call.

He picked it up and glanced at it. It was her own man who called her. The nose of her diarrhea was connected with a lazy nasal sound: "Arron..."

“I haven’t gotten up yet!” the man called.

“What time is it?” she asked.

“In the afternoon, half past one!” the man said.

Suzi: “.....”

She was confused for several minutes, then quickly threw away the phone, got up to put on clothes, brushed her teeth and rinsed.

Slowly my mind cleared up.

She immediately called the man again: “Arron, you... are you at home?”

“Huh!” The man sneered.

“Where are you?” she asked again.

“With your daughter, in her uncle’s company!” Arron said angrily.

Uncle’s company?

Suzi thought for a long time, then suddenly thought of Sanford.

Sanford’s company?

Suzi immediately smiled and said, “You are waiting for me there, I will drive over in a while.”

After closing the line and having a meal, Suzi drove all the way to the Xu Group.

Today is the weekend, and most of the employees of the group company are absent.

A dozen senior executives sat in the huge conference room, all of them under the supervision of Arron, reporting to Sanford respectfully.

When Suzi arrived, they were still in a meeting.

Through the transparent glass, he glanced in, and Shen's only little friend was also there.

She was sitting next to her uncle, and she was sitting in such a precarious manner.

Haha 1

Suzi laughed.

She did not interrupt them in the meeting, but went down to Sanford's office under the leadership of the secretary.

This used to be Xu Zetong's office, and it has changed hands overnight.

However, there is nothing to be a pity.

Because as early as six years ago, Xu Zetong also used improper methods to seize the property of Sanford's parents.

Sitting in Sanford's office, Suzi was suddenly deeply moved.

Yesterday, night after day, she seemed to have a dream.

Now that the dream woke up, she was back to reality, and she and Arron were still so affectionate.

Also, my brother, who had been apart for more than a year, is back again.

Moreover, the legs are better.

He returned to his own family business.

That's great.

When Suzi sat on the leather sofa and closed his eyes thinking about this, he couldn't help but smile slightly.

Because she thought of the madness that she had made to her husband the night before and yesterday, she was a shrew.

Even one sitting here is embarrassing enough.

While blushing and shy, she was startled by a voice.

“Suzi is there! I have to tear her up today!” said a sharp and angry female voice.
