

I' m Sorry My Love Novel Chapter 1426 - 1427

Chapter 1426

The butler replied sadly: "Mrs. Hui, you have been dealing with your own affairs from yesterday to today, so Madam did not dare to tell us."

Seeing the butler like this, Suzi and Arron asked at the same time: "What happened?"

The housekeeper sighed: "Madam, her chest was bruised by the protégé. In her chest, the wife is getting older, and it may not be eradicated until the operation is performed. The wife and the old president heard that there is in Kyoto. The military hospital in China is a top-level thoracic surgery hospital. So I hurried over."

Suzi + Arron: "....."

Unexpectedly, it would end like this.

Arron: "I see."

Then went into the old house with Suzi.

Sure enough, Fu Zhengxiong and Qin Wenyu were not in the old house.

In the main living room of the huge old house, only the old man Fu Hengsheng and the old lady sat.

Fu Hengsheng was one hundred years old.

He is old and his ears are deaf. In the past year, Fu Hengsheng has not cared about anything.

I only know that I have eaten, walked, warmed up, weighed, and slept.

It just stopped.

However, the old lady talks a lot recently.

It was also because the old lady fell in love with Suzi, she was regarded as the best old lady to Suzi in the whole old house.

So at this time, Suzi was willing to listen to the old lady's speech.

"Qin'er, Xiangxiang, grandma knows that the aunt is not kissing you, but the aunt has lived in the old house for a lifetime. The pair of yellow wax stone bracelets of the grandma were originally to be passed on to your aunt in the order of inheritance, but I know your mother was so wronged. So I passed the yellow wax stone bracelet to Xiangxiang."

Yubi, the old lady looked at Suzi, "Is that right, my grandson-in-law?"

Suzi nodded sincerely: "Yes, grandma."

"Grandma wanted to protect and establish your position in the Fu family, so grandma passed your aunt and passed the bracelet to you directly."

"But now your aunt is in trouble, and I must come out to protect her."

"Auntie has been married to Fu's family for more than forty years."

"She had no credit and hard work in the Fu family, not to mention the death of her aunt's sons one after another."

"The bitterness in my mother's heart is not something you can experience."

"So grandma gave up an old face here in a few days to tell you that your aunt did go to Kyoto to see a doctor. I agreed with them to go there. If the aunt is in Kyoto for a while, you don't want to visit her, you Don't bother each other, can you?" The old lady looked at Suzi.

At this moment, Suzi knew that this old lady who had lived in Fu's old house for seven or eighty years was not simple.

However, Suzi also admired such an old lady.

Knowing that she is a water cut master, what can Suzi do?

As the patriarch of a big family, she must have water.

Otherwise, this home will really fall apart.

Even if Suzi and Arron didn't deal with Qin Wenyu, Suzi respected his grandma's words.

She looked at Arron: "Arron, grandma is right, we... let's not disturb the aunt. I think the aunt doesn't want to see us during the treatment."

Arron: "..."

Men are not as soft-hearted as Suzi.

He knew that there must be something important for the aunt and father to go to Kyoto in such a hurry.

However, at this time, in front of grandma, he was not good to say anything.

He can only go home and make other plans.

Chapter 1427

After bidding farewell to grandma and grandpa in a hurry, Arron and Suzi left the Fu family home.

It was still getting dark when I got home.

Arron is located in the big flat in the urban area, and Sanford is having a great time playing with the only two of Shen.

"Uncle, will you live with my parents in the future?" Lilly asked Sanford, tilting his head.

It has been more than an hour since my uncle and nephew came back, but Lilly has been sitting in his uncle's arms all the time.

In the heart of the little girl, the uncle is the closest relative besides her father, even the uncle is even closer than the grandmother.

After all, he lived with his uncle since he was born, and he hasn't seen his uncle for another year, and Shen Zizhi is an extraordinarily close relative to Sanford.

Sanford smiled and asked the only one: “Then, the only one wants to let uncle live here?”

Lilly answered without hesitation: “Of course I do!”

Yubi, she got off her uncle and dragged her uncle to look around the room.

“Uncle, look, how many rooms are in our house? Except mine, and my parents’ rooms, you can choose whichever room you want for the remaining rooms.” Lilly said to his uncle very generously.

Sanford’s heart was extremely warm: “Thank you for the only one, but uncle can’t live here.”

Lilly immediately pouted: “Why, uncle?”

“Um...” Sanford thought for a while: “Because this is the only home, the only home with mom and dad. In your home, your uncle is an outsider, a guest, and the guest can only come as a guest. It’s not appropriate to live here all the time.”

Speaking of this, I was afraid that Lilly would be sad, so Sanford explained: “However, if the only one wants to uncle, uncle will come often.”

“That’s all right.” Lilly immediately became happy.

She took her uncle again and sat in the living room to play with toys with her uncle.

In the huge living room, from time to time there was laughter from children.

Sister Li and Sister Tian, who were busy in the restaurant, both laughed.

Especially Sister Tian, who has been working here for nearly ten years.

Sister Tian has a better understanding of Arron’s temperament.

Sister Tian quietly said to Sister Li: "Sister Li, don't you know how indifferent the young master was before, let alone a man who was let in at home, it is a woman. I have never seen him in the past six or seven years. Pass one."

Sister Li smiled gently: "But now, there is a man sitting in our living room."

Sister Tian smiled with a smile: "No."

Yubi, she stuck to Li's ear: "Moreover, this man must be regarded as the young master's rival in love."

Sister Li sighed: "Yes. Master has changed a lot in recent years..."

"Where is the number of years, from last year to this year." Sister Tian glanced at Shen only one more time: "That is, after the wife and the little princess came back, the young master's whole person has changed."

"The young master not only tolerated too much of his wife, but he also tolerated the men next to his wife. It's really not easy."

Sister Li raised her eyebrows: "I admire Madam. Madam is not arrogant at all, she is not arrogant at all. She is approachable, but Madam has conquered the young master in a daze."

"In this matter, if you change to any woman, how can the young master be so obedient to her?"

"Who said no, Li's wife, when you said that, I now admire our wife more and more." Sister Tian said with a yearning expression.

The two domestic helpers were talking, and Arron and Suzi were back.

The door opened, and when the couple changed their shoes and were about to go to the living room, Arron thought about his cell phone again. When there was no electricity, Arron thought that his father had called him.

But after reading the mobile phone number, Arron knew that it was not his father's call, but it was also somewhat related to his father.

Is this number from Kyoto?

Arron immediately connected: "Hello? Are you..."
