

I' m Sorry My Love Novel Chapter 1446 - 1447

Chapter 1446

Seeing Kraig look like this, Suzi suddenly became angry: "Kraig, you ba5tard! You are not a human!"

The six-year-old boy, Lilly, also cried out and looked at Kraig with tears: "Uncle Jun, you heard what Aunt Shanshan said just now. She doesn't want to be with you anymore, and she doesn't owe you anything. She was right at the time. You are so good, why don't you let her go?"

"You are a badass!"

Kraig: "..."

He looked up at his life and death brother: "Arron..."

Arron said coldly: "Kraig, don't look for it, because she was so good to you, is it not good for her to live her life safely? Although she is poor now, she is happy."

Kraig: "..."

No one knows how bloody his heart is at this moment, no one knows!

He suddenly smiled decadently: "Ha! Who is Kraig! How could I waste my time because of a woman? Isn't it a woman? When I was here, I was also a domestic helper and a migrant girl. It's just a companion."

"Since she is not coming back now, then she will not come back!"

"I don't bother to look for her again."

Suzi is unbelievable: "Mr. Jun, what are you telling... the truth?"

"Nonsense!" Kraig suddenly reprimanded: "I, Kraig, have never said anything!"

Yubi, he suddenly opened the quilt on the hospital bed and got out of bed.

Arron: "Kraig, you..."

Kraig said coldly: "Arron, thank you for helping me with my official duties this time. Although I was drunk for a week, I know that if you don't help me, my stall in Kyoto, It has caught fire a long time ago."

Arron: "Kraig, you used to help me like that. Brother brother, don't talk about it."

"Next, I can't be decadent anymore. I will meet in Kyoto right away and deal with all the things that have fallen." Kraig said.

"Your illness..."

Kraig laughed again: "It's just that I drank some wine, washed my stomach, and now my fever is gone, this little illness is nothing to me."

"Go!" Kraig went straight out.

Arron's family behind him: "..."

On the partition, Suzi looked back at Arron: "He... didn't you find that he was abnormal?"

Arron: "..."

What he thinks now is that six years ago, he also looked for Suzi again and never gave up.

Whether it was life or death, he ordered his subordinates to see people in life and corpses in death.

If a man's tendons are caught, he won't be able to pull it back for a lifetime.

However, at this moment, Arron did not tell Suzi.

Because it can't be stopped.

After all, this is the grievance between the two of them. Let them solve it. One day, they will meet each other and talk about it. Maybe they will be able to untie the knot.

Arron smiled and looked at his wife: "Let's go, we should also go home. We didn't have much rest this Sunday. Go home and have a good rest."

Suzi nodded: "Okay."

After the family of three settled for Kraig and was discharged from the hospital, they went home.

This evening, the family of three had a warm and sweet dinner at home.

I have been busy for a few days. In the past few days, I was sitting here suddenly like it was rolling in a pot, eating scary broccoli, eating the fatty and non-greasy braised pork cooked by Tian Jie, and drinking thick green vegetable and egg soup.

It's also a kind of enjoyment.

After dinner, Shen Only called grandma.

On that end, Alyce quickly connected: "The only one, tell grandma, have you eaten mom?"

Lilly smiled: "Grandma, the only thing I want to stay with you for one night, the only thing I want to hear is that my grandma tells me stories, in fact, my father also tells me stories, and my mother tells me stories, but I don't sound like a grandma. Smell."

On that end, Alyce suddenly smiled: "Hey you little thing, you have learned how to fart grandma with rainbows."

"I don't have one, grandma." Lilly said.

"Okay, no, our only one will come whenever he wants to come, come and stay here with grandma, and give grandma as a companion."

“Well, good grandma.” The little girl said cheerfully.

“Only, where is your mother?” Alyce asked.

“It’s right next to me.” Shen Only handed the phone to Suzi immediately.

Suzi shouted, “Mom, I wanted to visit you, but I couldn’t see you when I came out of Fu’s old house on Saturday. Later, one of Arron’s friends fell ill and was hospitalized. We took care of them in the hospital. He didn’t go, Mom, how are you?”

On the other side, Alyce said, “As long as my daughter and my granddaughter are good, I will be good everywhere.”

After a pause, Alyce said in a loud voice: “Xiangxiang, don’t worry, your mother will always be your backing. No matter where you are wronged, you can come back to your mother.”

“But mother has one thing to tell you.”

Suzi was startled: “What’s the matter, mother?”

“In the future, between you and Arron, you must communicate more, know your child?” the mother said earnestly.

Suzi: “.....”

Her throat suddenly choked.

After a pause, he said, “I see, Mom.”

“Mom can see that Arron treats you very well. He can find you without showing up for six years, which shows this. You must cherish your relationship with her in the future, you know?”

“Mom, I see, thank you mom.”

“Mom won’t bother you, take a rest.”

“Yeah.”

After closing the line, Suzi looked back at Arron: “Husband, you said you took my brother’s company back to him. Why don’t you tell me in advance?”

Without waiting for the man to speak, the only child Shen, who was sitting next to his father, screamed: “How can such a big thing be leaked? If the wind is leaked, let the uncle’s cousin know the news and transfer it. What should I do if preventive measures have been taken for property and the like?”

Suzi: “.....”

“Little things!”

Suzi poked Shen’s only finger: “You are a horror, do you now know that you are kissing your father? Don’t forget, when you were at your grandfather’s house, you were very determined to be separated from your father at the time. Huh!”

Lilly instantly climbed onto his father and put his arms around his father’s neck and said, “Then what do you want me to do? With each of my companions, I am either towards my mother or towards my father.”

Suzi: “.....”

Does it matter if you are accompanied or not?

“You think.” Lilly continued: “If you give birth to me a few younger siblings, I will be the boss of my younger siblings every day and get used to them. I don’t care if my parents are quarreling or not. At that time , Me! Who! Also! No! To!”

Suzi looked at Arron ha ha ha.

Arron said flatly: “Lilly’s statement makes sense.”

Suzi smiled: “Then what are you waiting for?”

Arron: “?”

“Go ahead and be with you now, your daughter coaxes you to sleep!” Suzi ordered.

Arron got up and took Lilly's little friend to her bedroom.

Men are not easy to coax their babies, as long as they coax their babies with their heart, they are better than women.

In only a quarter of an hour, Arron coaxed his six-and-a-half-year-old daughter into a dream.

He turned off the light in the children's room, closed the door, and then opened the door of the large bedroom, and he saw a woman who was dressed extremely economically and enchanting holding on to the door frame.

The woman blew a scent on the man's face: "Tonight, you have to behave well."
