## Chapter 1448

Man: "..."

Is this a sudden change of style?

The man's heart suddenly heated up.

This is the first time to be so proactive about him.

The woman can see that the man is bursting with blood.

The woman smiled unkindly, raised her tender lotus root arm and hooked the man's neck: "Come on!"

Man: "..."

He knew that the woman was using her own way to apologize to him and show him good.

The man smiled wickedly, and then one bent over and picked up the woman and threw it on the big bed.

Everything is so logical and beautiful.

Even the fatigue and grievances of the past few days have been swept away.

When I woke up the next day, the man was full of energy, and the woman was refreshed, with a lot of tender skin.

It was Tuesday, although it was better than Monday, but it was also very busy.

What's more, Suzi had left a lot of work a while ago, so he got up early in the morning to pack up and eat breakfast, and the family of three set off.

As usual, Suzi first sent Shen Weizhi to kindergarten.

When I arrived at the kindergarten, Suzi inevitably met several mothers because of the early arrival.

“The only mother, I heard that Gu Xiangyi’s mother, she came for you?” Susan’s mother asked very concerned.

Several other mothers also showed sincere and caring attitudes.

Suzi nodded and smiled: “Thank you, if it weren’t for your warning, I would really treat Gu Xiaoqing as a cold flower. Who would have thought that she had hidden such a good mental and physical plan, but calculated it. Came up with my daughter’s head.”

Susan’s mother said worriedly: “Nowadays, there are many single women who are terrible. They always want to get something for nothing, and always want to dig into people’s corners. In the future, we must pay attention to this. Such women are really pervasive and can even play roles. “

“Yes.”

As she said, she laughed again: “However, the role is to act after all, and she will show clues, just like Gu Xiaoqing. Although she behaves very coldly, she still shows her feet in front of us. “

After a pause, Suzi said again: “I think, in fact, those women outside who want to dig a wall are really hard to guard against.”

“Since we can’t prevent it, we can’t prevent it. What we have to do is to keep a close eye on our husband, so that those women can drill seamlessly.”

“The only mother is right!”

Suzi smiled again: “But it’s not like grabbing your husband like holding sand, holding a man tightly, just to give men space, then enrich yourself, make yourself beautiful, generous, and change. His independence has become rare to recruit men.”

“In this way, it is not that we are nervous about men, but men are nervous about us, haha!” Although Suzi is a joke, it is the truth.

Instead of being nervous about men, fear that your man will be hooked away by a fox.

It's better to make men nervous.

In this way, it is the best way to catch a man.

Of course, the method is like this. When applied to each woman, different women still have to change something, which requires everyone to realize it by themselves.

But these mothers are also very useful.

Later, Suzi was in a very good mood and said goodbye to the mothers, and then went to the company.

## Chapter 1449

It was the beginning of another busy day. All morning, Suzi was so busy that he didn't even drink his saliva. When he was eating at noon, Suzi suddenly had a bottle of Fusi water in front of him.

Looking up, Galia stood in front of her.

"Suzi, you have become a working machine in these two days!"

Suzi sighed: "No way, my aunt, I don't raise a child with you, I want to raise a child. And my job is design. The quality of my design is directly related to how many orders your husband takes, grandma! You are Madam, I'm not, I'm just a part-time worker!"

"Puff..." Galia smiled.

Suzi glared Galia: "What are you laughing at!"

"Are you working as a working girl like this?" Galia asked.

"What's the matter?"

Galia said angrily: "The lady boss on your left, it was your little girl who brought the Fusi water to you! On your right, the lady boss, who is burying her head like a workaholic, will help you organize you. Eh, did you see the queen?"

Suzi turned his head to look to the right. Rayna didn't drink any water all morning. Rayna didn't even lift his head, and was helping Suzi proofread one by one.

Hearing Galia's words, Rayna immediately raised his head and asked stupidly, "You guys...what are you talking about?"

Looking down at her front, she said stupidly, "God, why did a bottle of Fusi water run up to me?"

Galia: "..."

Suzi: "Puff....."

Galia picked up Fusi Shui and said angrily: "Rayna, keep your eyes open. Fusi Shui has no long legs! Your Lenny didn't bring it to you either! It's me! Me! Yours. Sisters give it to you, okay!"

Rayna smiled and coaxed Galia: "Good sister, don't be angry. I will have a treat at noon today. Let's have steak together for the three of us."

Galia said angrily: "It's pretty much the same."

Only when the three of them were eating steak together did they talk about Sunday.

It was Rayna who brought it up: "I heard that the woman named Gu that we met in the mall a few weeks ago is really looking at you. Is she making a lot of noise this week?"

Galia was so angry that Rayna glanced at Rayna: "Are you listening to me!"

Rayna nodded: "Well, Galia said, not Suzi, what the hell is going on, such a big thing happened in just one weekend, you don't want to tell your sisters, you don't mean enough!"

Galia also stared at Suzi: "That's not enough! If you tell us both, just our shrewd outfits, you must take off the pants named Gu! Let her show her ugliness directly on the street. Look at her The man who still misses you!"

Suzi smiled indifferently: "I told you that I made you worry about me, and those who were worried about not making it through the weekend? Actually, thinking about it now, part of it is my fault, because I don't believe in Arron enough, maybe it's because I am inferior. Right."

"If I have enough confidence to believe in Arron, Gu Xiaoqing will die. Don't be more ugly now."

"But through this incident, it also made me understand a man. In fact, there are many men in this world who just talk and do nothing. There are also some men who talk more than they do. But I was very lucky. I met a man who said nothing. Very few, but a lot of men for me."

"For me, she even arranged the rivals he thought was so proper. Why don't I trust him for such a man?" Suzi's expression was very happy.

Through this incident, she understood Arron's love for her even more.

Therefore, Suzi is also willing to tolerate everything around Arron.

Before leaving get off work, when Fu Zhengxiong called Suzi to let the family of three go to the old house, Suzi agreed without hesitation.

After all, it was to burn your father.

After get off work, Suzi moved Arron, and the family of three went to the old house.

However, what surprised them when they arrived at the old house was that they saw a person.

Suzi first questioned: "Why are you in my house!"
