

Chapter 1451: What a Vengeful Man

“What is this?” asked Shen Fanxing.

“Yuan Muchun asked me to pass it to you.”

Shen Fanxing was about to open the document when she paused. She lowered her gaze to the document, her eyes dark.

A few seconds later, she wound the rope back.

“Aren’t you going to open it?”

Shen Fanxing shook her head and said, “Forget it, I know what’s inside.”

Sighing, Shen Fanxing turned around and inched closer to Bo Jinchuan’s broad chest.

“Sometimes, I’m very grateful for everything I’ve experienced in the past. At the very least, I know how to protect myself now and I have the ability to protect myself.

In the past, I was the same as Xiaochun. I lived in a world that I thought was fair. I thought that if she asked for less, I wouldn’t be too sad... But back then, we ignored the greed of others. We were content with the current situation, but there were always others who were uneasy...

“If I can, I don’t want to turn myself into a hedgehog and hurt anyone.”

“I’ve been thinking about this since the beginning. Why are there so many thorns in my life? Why do I always have so many problems that I can’t solve?

I only understood later that I had too much. ”

Shen Qianrou had always gone against her because she had enjoyed the life of the eldest daughter of the Shen family. She had a good living environment and a fiancé with a good family background.

At that time, she had a life that she envied.

Later on, Yuan Sichun made things difficult for her because she had the best man in the world and was the only candidate to be the young mistress of the Bo family.

Now that she was the princess of Country Y’s royal family, she could guess that there would be more things waiting for her in the future.

She couldn’t escape unscathed just because she wanted to.

Bo Jinchuan patted her shoulder gently and kissed her forehead.

At this time, all verbal promises seemed too weak.

“But I’m confident in everything I have now,” said Shen Fanxing suddenly.

“For example, no one dares to have designs on you in front of me.”

Bo Jinchuan chuckled and said, “Yes, I’m your best trophy.”

“Yeah.”

Shen Fanxing replied briskly, "Let's go back. I think it's time to wrap up the Yuan Corporation. What about the Bo Corporation? You still have a tough battle to fight."

"Let's talk after I deal with the one from the hospital."

Shen Fanxing grinned and said, "There's nothing to clean up. She was beaten up badly. I taught you to come over to support me. Who knew that I would really become the queen's granddaughter..."

Bo Jinchuan raised an eyebrow and asked, "So I don't have a chance to perform this time?"

"Your appearance here is the best performance."

"Then go and greet the Queen before returning."

There were indeed too many things to deal with in the country.

—

In the country, the news had been ongoing for the past few days.

The Yuan Corporation and the Bo Corporation were both in the limelight.

"Why do I want to laugh so badly? What's going on? CEO Shen has flipped over."

"How satisfying! I was almost suffocated to death a few days ago! I watched the eldest daughter of the Yuan family brag about her relationship with Princess Ava every day. I feel that her relationship with Princess Ava is better than her relationship with her biological mother!"

"She can't compare to CEO Shen in terms of brains and methods. She's either the eldest daughter of the Yuan family or using Princess Ava as a backing to show off. Now, she's only being supported by an adopted daughter who has nothing to do with her. CEO Shen is now the Queen's biological granddaughter."

"Look at how crazy she was at the banquet. She deserves it! It's so satisfying!"

"And that Old Master of the Bo family is really muddle-headed. I don't know what went wrong, but he insisted on forcing the CEO to marry that lunatic and even threatened him with the Bo family's inheritance rights. This time, he didn't even want to be the CEO!"

"He threatened her with something that he thought was important. Who knew that the entire Bo Consortium couldn't compare to our CEO Shen!"

"Ahhh, our CEO Shen is amazing. The CEO actually abandoned the company for her. How romantic!"

"Please give me a dozen of such men."

"Dream on. This man should only exist in the heavens..."

"F*ck! The Yuan family is really an unkillable cockroach! Their stocks fall every day. Why did they suddenly announce that they are working with the Y Country's Ye Corporation?"

"What?!"

"Damn it, the stock market is also rising..."

Amidst the satisfying comments, the news of the Yuan Corporation suddenly announcing that they had reached an agreement with the Ye Corporation and had received a large sum of cooperation funds spread online.

Shen Fanxing was on a plane. When she saw the news, she couldn't help but rub her forehead.

"He's really tenacious."

Bo Jinchuan glanced at the news on her phone and smiled.

"Do you want to go to Las Vegas?"

Shen Fanxing frowned and said, "I'm not in the mood to play now..."

Her voice trailed off and her gaze landed on Bo Jinchuan's face. She raised an eyebrow.

"Yes?"

Bo Jinchuan smiled and nodded. "Yes."

"Okay."

Hence, the plane stopped at the nearest airport to replenish its supplies before heading straight to Las Vegas.

Along the way, they ate and rested as usual. The flight attendants served them well and the treatment was top-notch.

When they reached Las Vegas and got off the plane, Shen Fanxing was unprecedentedly energetic.

Her eyes were especially bright, as if they were filled with stars.

Seeing her excitement, Bo Jinchuan raised an eyebrow.

"Are you that happy?"

Shen Fanxing turned to look at him and shook her head. "No, it just... feels so good to step on the ground."

Bo Jinchuan looked at her in disbelief.

Shen Fanxing turned her head away from him.

"Where is Leith now? Are we going there now?"

Bo Jinchuan pulled her into his embrace and carried her to the car that was waiting to pick them up.

"It's morning now. Let's go after breakfast."

"Yes, let's have breakfast." Shen Fanxing had no objections.

Looking at how happy she was, it seemed like she wouldn't reject anything...

Especially since they decided to come to Las Vegas, the look in her eyes had never dimmed.

This little woman...

“Mrs. Bo, you’re so excited to be in Las Vegas. Are you hiding something from me?”

Shen Fanxing shook her head and said, “No...”

Bo Jinchuan inched closer to her and looked into her eyes.

“Could it be that my Mrs Bo used to be a gambler?”

“Definitely not!” Shen Fanxing crossed her arms and said firmly.

Bo Jinchuan stared at her for a long time before he sat up straight.

“Have you thought of what to say when you see Leith?”

Shen Fanxing shook her head. “Why should I say anything to him?”

Bo Jinchuan looked at her and asked, “Then why are you here in Las Vegas?”

Shen Fanxing blinked and asked, “Didn’t you say you wanted to come?”

“I was asking you.”

“You look like you want to come. Then why did you suddenly think of coming to Las Vegas to look for him?”

Bo Jinchuan suddenly sneered. The sinister smile on his face sent a chill down Shen Fanxing’s spine. At the same time, she heard him say coldly,

“Go take a look at his size and cripple him.”

Shen Fanxing was speechless.

What a vengeful man!

Chapter 1452: Attracting Attention

Shen Fanxing moved to the side silently and stared at the morning sky outside the window.

“Forget about the comparison...”

Bo Jinchuan sneered and said, “You don’t understand the competition between men.”

Shen Fanxing was speechless.

I don’t want to understand the competition between men!

How... childish!

When they reached the hotel, the chef borrowed a stove and prepared a delicious Chinese breakfast for Shen Fanxing. Then, they started preparing lunch.

Shen Fanxing had a good rest on the plane. After breakfast, Bo Jinchuan brought her out to play.

Las Vegas was a city famous for its huge tourism, shopping, and vacation industries centered on the gambling industry. It was one of the world-renowned vacation mecca.

As a woman, and a rich one at that, the first thing to be bought was naturally bought.

When they entered the mall, there were all kinds of luxury brands.

Bo Jinchuan stayed by her side, fully displaying his role as her husband.

Shen Fanxing asked, "Are these earrings beautiful?"

Bo Jinchuan replied, "Yes."

Shen Fanxing asked, "What gem is on this bracelet?"

Bo Jinchuan replied, "Yes."

...

Shen Fanxing said, "This pair of cufflinks is so beautiful."

Bo Jinchuan replied, "Yes."

Shen Fanxing said, "This pair is pretty too. And this, this, that... That tie and that one suit you..."

Bo Jinchuan said, "Buy, buy, buy..."

Before they even finished shopping on the first floor, the two of them had already bought a lot of things.

When she reached the second floor, Shen Fanxing was still lingering around the men's section, unwilling to leave.

She devoted herself to every piece of clothing in every shop.

Occasionally, she would stop, nod, and shake her head...

She looked especially serious when choosing her clothes.

Most of Bo Jinchuan's clothes were custom-made. Every piece was exquisitely crafted.

However, Shen Fanxing still chose clothes for Bo Jinchuan personally.

Every time she saw the man wearing the clothes she had carefully chosen, she was filled with pride.

Bo Jinchuan had always satisfied her preferences.

Besides, she had always had good taste.

In the end, Shen Fanxing chose a dark blue suit for him.

She pushed Bo Jinchuan into the fitting room.

The salespeople in the store stared at Bo Jinchuan with shining eyes. They seemed to be looking forward to seeing Bo Jinchuan in his new outfit even more than Shen Fanxing.

She looked absolutely stunning.

Western women had always been open-minded.

She tried her best to get closer to Bo Jinchuan.

She couldn't wait to seduce him.

Seeing how close Shen Fanxing and Bo Jinchuan were, she raised her chin provocatively.

Shen Fanxing's brain raced.

The man was too handsome. He was simply a disaster.

He could attract some love rivals for her wherever he went.

She picked a camel-colored gown and asked the salesperson to find a size for her before entering the fitting room.

Bo Jinchuan walked out in a navy blue suit and exclamations sounded in the shop.

"I've always thought that men look handsome in suits, but I've never seen someone as elegant as him."

"That's great."

"Sir, there's a tie here. I'll help you put it on..."

The salesperson tried to find a reason to get close to Bo Jinchuan, but she stopped in her tracks under his cold gaze.

He reached for the tie beside him and pulled it around his neck. All the women present watched eagerly as he stood in front of the mirror to put on the tie.

Halfway through his tie, Bo Jinchuan paused and loosened it again.

At this moment, someone stepped forward and said,

"Sir, how about I help you?"

Bo Jinchuan glanced at her coldly and said, "I have my own hands."

After being rejected, the woman looked a little embarrassed, but the expression on her face was obviously more determined.

She looked as though no matter what happened to Bo Jinchuan, he was her cup of tea. If Bo Jinchuan rejected her harshly, she would pounce on him and do him on the spot.

"Sir, please don't misunderstand. We are only providing you with supreme service..."

The woman leaned towards Bo Jinchuan.

At this moment, the door of another fitting room opened. Shen Fanxing looked up and saw the blonde woman leaning against Bo Jinchuan.

She raised an eyebrow and walked slowly to the woman. Her dark eyes sized her up.

The woman straightened her back, her figure hot.

She could clearly see the disdain and disdain in the woman's eyes after sizing her up.

Shen Fanxing wasn't annoyed. Her gaze landed on her chest for a while before she smiled and said in fluent English,

"Miss, your figure is out of shape."

"..."

"..."

After a moment of silence, a low chuckle sounded.

The woman's face turned red as she turned to look at the tall and handsome man beside Shen Fanxing.

This woman had such a sharp tongue!

Seeing the woman's pale face, Shen Fanxing smiled and turned to look at Bo Jinchuan, who had changed into a blue suit.

The clothes were tailored extremely well, and the high-end material made the suit look slim and straight. It complemented his tall and slender figure and the noble aura he exuded...

He was simply a handsome god in everything.

Bo Jinchuan sized up Shen Fanxing as well. Her caramel-colored dress accentuated her fair skin. Her figure was slender and elegant.

The colors of their clothes were the most compatible. At the very least, the women who were eager to see Bo Jinchuan became obedient after seeing Shen Fanxing.

Bo Jinchuan wrapped his arm around Shen Fanxing's slender waist and chest. His other hand pointed at the tie around his neck.

"I can't."

Everyone was speechless.

Was this the same person as before?

After tying the tie, Shen Fanxing took out a pair of cufflinks from the shopping bag and pinned them on his sleeves.

Looking at the mirror again, it was perfect.

She smiled happily and said, "Alright, change your clothes. Let's go and take a look at the rest... Sigh..."

Chapter 1453: A Fool?

She smiled happily and said, "Alright, change your clothes. Let's go and take a look at the rest... Sigh..."

Before she could take two steps, Bo Jinchuan pulled her into his embrace.

Everyone exclaimed.

“What are you doing?” asked Shen Fanxing in surprise.

Bo Jinchuan glanced at her and said, “You’ve walked too much today. Let’s go back for lunch.”

With that, she carried Shen Fanxing and strode out of the mall.

—

Bo Jinchuan treated Shen Fanxing like a princess. He ate, slept and entertained her regularly.

In the eyes of others, it was tiring to travel around on a plane.

Shen Fanxing had no idea what it felt like to work hard.

—

At seven o’clock in the evening, neon lights flashed on Binhai Avenue. The cold wind carried the sound of the waves.

It was winter and although the scenery outside was beautiful, Shen Fanxing preferred to stay in the car with the air conditioner on.

Caesar’s Entertainment City. Its splendor could be understood outside.

In the dark night, the castle-like building was brightly lit. In so many casinos, it was still unique.

The ten-meter red carpet led straight to the entrance of the casino. There were numerous luxury cars parked on both sides of the entrance.

“Madam Bo, don’t run around inside, okay?”

Before getting out of the car, Bo Jinchuan reminded her repeatedly.

His wife was so beautiful and had been taken advantage of. Even if he crippled that man, he would not be able to vent the hatred in his heart.

Shen Fanxing nodded and said, “I know, I know. You’ve said it more than ten times. Do I look like someone who doesn’t know my limits?”

Bo Jinchuan gave her a meaningful look and said, “Yes, I’ve never seen you so interested in anything.”

“Why haven’t I seen you before? Aren’t I very interested in you?”

Shen Fanxing was probably in a good mood today as she spoke in a pleasant tone.

Bo Jinchuan raised an eyebrow and said, “Not bad. Now that you’re pregnant and I can’t touch you, you’ve actually learned how to seduce me?”

Shen Fanxing grinned and said, “I’m telling the truth.”

With that, she planted a kiss on Bo Jinchuan’s face and got out of the car quickly. She didn’t give Bo Jinchuan any chance to retaliate.

Bo Jinchuan looked helpless.

This little woman was getting naughtier and naughtier.

He alighted and chased after Shen Fanxing, pulling her into his embrace.

Walking into the casino was like stepping into two completely different worlds.

Outside, the sea breeze was blowing and the scenery was pleasant. It was filled with a unique and exotic cultural environment.

When they reached the casino, all they could see was the hustle and bustle of life.

There were all kinds of people with different skin types. Most of the men were accompanied by seductive gamblers. They smiled sweetly and seductively.

The casino was bustling with noise. Some of the gamblers were beaming, while others were frowning. Their faces were gray with anger, anxiety, helplessness, happiness, excitement, and various expressions...

The moment the two of them entered, the people at the tables near the door looked at them.

The two of them could be considered peerless beauties based on their appearances. However, the few of them only took a glance at them before retracting their gazes and paying attention to their bet.

Here, nothing was more important than the deck of cards in his hand.

No matter how handsome the two of them were, it had nothing to do with them.

“Hello, Sister-in-law!”

In this foreign country, the familiar accent and voice surprised Shen Fanxing.

She turned around and saw Bo Jinhang, Yin Ruijue, and Shang Qingmo walking over.

“You guys...”

“I’ve been waiting for you for a long time! How can we miss such a fun place?”

Bo Jinhang was wearing a casual suit. He was relaxed and casual, but he exuded an air of nobility. He was also a man who made women flock to him.

That was true. Without charm, how could Sang Yu fall into his hands?

Bo Jinchuan glanced at them before lowering his head to look at Shen Fanxing.

“What do you want to play?”

Shen Fanxing scanned her surroundings with sparkling eyes. When she looked up, she noticed Bo Jinchuan squinting at her.

Her eyes darted around and she reached out to brush her hair. She coughed lightly and said,

“I don’t know what these are. I’ll play whatever you want.”

Bo Jinchuan stared at Shen Fanxing for a long time before a faint smile flashed across his eyes.

“Yes, it’s my first time here too. I’ll take a look first.”

Shen Fanxing nodded and said, “Okay, I’ll listen to you.”

The waiter quickly asked with a smile, “Then how much chips do you need to buy?”

Bo Jinchuan pondered for a while before saying, “If you’re new... let’s start with five million yuan.”

As soon as she finished speaking, most of the gamblers fell silent. Everyone looked up at Bo Jinchuan and Shen Fanxing.

Their eyes were filled with curiosity and gloating. Some were even eager to give it a try.

It was rare to meet a rich newbie. Wasn’t this equivalent to sending money here?

The few of them looked at each other and made a comparison.

The waiter was observant and quickly brought them to buy chips and a stack of game coins.

In less than half an hour, she had lost nearly 100,000 yuan.

However, Shen Fanxing seemed to be addicted to the game. She threw in the remaining coins and urged Bo Jinchuan to buy more.

Bo Jinghang watched as Shen Fanxing lost every time. He couldn’t help but say,

“Sister-in-law, you have to play a few more rounds before you can master this. Moreover, playing this doesn’t only rely on skills, but also luck... Unless your brain can really catch up with the flashing frequency of the machine. That way, it will be easy to play a leopard. However, that’s just a legend, hahaha...”

“Is that so?”

Shen Fanxing nodded thoughtfully, her eyes full of confusion.

“Yes, come, Sister-in-law, let me teach you...”

“Hua la la la...”

Before Yin Ruijue could finish speaking, the machine in front of Shen Fanxing suddenly started singing. The colorful lights at the edge of the machine flashed as they cheered for the players.

Bo Jinghang and Yin Ruijue were dumbfounded. They stared at the screen for a long time, dumbfounded.

“F*ck!”

“A real leopard... a leopard...”

Shen Fanxing smiled and turned to look at the two of them in confusion. “Is this a leopard?”

The two of them nodded with their mouths agape.

“Does that mean I’ve won?”

Yin Ruijue nodded. "Yes, 100 times. How many coins did you... put in just now?"

Shen Fanxing thought for a while and asked, "About 20,000 yuan?"

"..."

More than... two million?

Was this woman so lucky?

Shen Fanxing clapped her hands happily. Her gaze landed on Bo Jinchuan and she smiled.

"I won."

Bo Jinchuan grinned and said, "Very impressive. Do you want to continue?"

Shen Fanxing shook her head and said, "I want to play something else."

After that, the few of them brought Bo Jinchuan and Shen Fanxing around the casino. They tried every project a few times and lost everything they had just won. They even invested a few million yuan.

Shen Fanxing played the entire round while Bo Jinchuan accompanied her indulgently.

She didn't even blink when she lost.

In an instant, Shen Fanxing became the fool in everyone's eyes...

Chapter 1454: Want to Win

In an instant, Shen Fanxing became the scapegoat in everyone's eyes.

Bo Jinghang wiped his sweat and said to Bo Jinchuan,

"Brother, although we don't lack money, we can't tolerate Sister-in-law's spending. If this goes on, we probably won't be able to last the night without tens of millions!"

Bo Jinchuan said expressionlessly, "As long as she's happy."

Bo Jinghang's lips twitched and he gave Bo Jinchuan a thumbs up.

"You're awesome!"

That's right. Even the company didn't want it, let alone tens of millions.

"But Brother, you're different from before. Without the Bo Consortium, you can only earn money... Be careful that you won't be able to support your wife and children in the future..."

Bo Jinchuan's eyebrows twitched. Even though he didn't want to waste his breath on Bo Jinghang, he couldn't help but care about his wife and children.

She glanced at Bo Jinghang and said, "If you can't afford it, I'll sell you."

Bo Jinghang crossed his arms and looked like he was determined to protect his chastity.

"What are you talking about? I won't agree! No one can get my body."

Shen Fanxing's lips twitched. When would Bo Jinghang be able to be serious?

Yin Ruijue couldn't help but laugh.

"Damn it, Bo Jinghang, are you trying to tease me to death?!"

Bo Jinghang glared at him. "Why don't I sell you?"

Yin Ruijue couldn't smile anymore.

"My body belongs only to the woman I love."

With the two of them together, the journey should not be boring.

Shen Fanxing shook her head and found a high chair to sit on.

Seeing that she wasn't in the mood, they surrounded her.

Bo Jinghang walked to her and sat down. "Sister-in-law, what's wrong? Are you not playing anymore?"

Yin Ruijue said, "There are still many things that I haven't played before. Why don't we look at something else? It's not easy for us to come out. Don't return disappointed."

Bo Jinchuan stood beside Bo Jinghang coldly without a word. His deep and cold eyes were fixated on Bo Jinghang.

Goosebumps appeared all over Bo Jinghang's body for no reason. He turned his head and exchanged glances with his brother. Then, he lowered his head and looked to the side. In the end, he seemed to have realized something. He hurriedly stood up and gave his seat to Bo Jinchuan.

Bo Jinchuan took his seat openly.

Bo Jinghang rolled his eyes and thought to himself that his brother was simply too childish.

Shen Fanxing didn't seem to notice the rivalry between the two brothers. With one hand on her chin and the other on the table, her slender fingers tapped on the table in boredom.

As the top spendthrift in the casino, he was naturally the center of attention. Seeing that this spendthrift was not interested, the others could not help but feel anxious.

It wasn't easy for them to meet someone who didn't treat money as money. How could they let her go so easily?

Unable to take it anymore, they inched towards Shen Fanxing.

"Miss, do you want to play a few rounds?"

Shen Fanxing looked up and swept her gaze across the few of them with a cheeky smile. The greed in her eyes was obvious.

Her fingers that were tapping on the table paused as she looked at them. She straightened her back and smiled at them.

"Do you have money on you?"

The few of them laughed. "Of course, there are rules in this casino. It's forbidden to gain something without risking anything."

Shen Fanxing rested her chin on her hand and asked, "How much money do you have?"

"Don't worry, although I lost a little just now, it's still at least a few hundred thousand yuan..."

She was a spendthrift who knew nothing about casinos. She was rich, but when she met Shen Fanxing, she was like an empty glove.

Unexpectedly, Shen Fanxing shook her head and said, "That won't do. You have too little money."

"..."

"..."

Was he being despised by a pure and innocent girl?

The few of them couldn't help but feel embarrassed. However, in order not to anger the spendthrift, they suppressed their temper and said,

"Miss, how big are you planning to play?"

"I'm not sure. I just lost about six million yuan. I want to win the money back as soon as possible."

The corners of their lips twitched and they couldn't help but laugh.

"You won six million yuan in the shortest time possible. Miss, are you serious?"

Shen Fanxing glanced at them and frowned.

"Of course I'm serious. I can lose, but can't I win?"

"No, no, no. That's not what we meant. It's just that your luck... It's normal to lose. If you win, that would be abnormal."

Shen Fanxing raised an eyebrow and said coldly, "Why is it not normal for me to win? Who said that I can't win after I lose?"

His words were as innocent as could be.

Bo Jinghang felt that something was amiss.

She inched closer to Bo Jinchuan and asked in a low voice,

"Why do I feel that Sister-in-law is speaking strangely today? Isn't it a little abnormal for her to say such idiotic words?"

Bo Jinchuan felt that Shen Fanxing had gone overboard with her act.

Anyone who knew her well would realize that her tone and behavior were completely different from before.

Bo Jinghang shook his head at Shen Fanxing, his eyes full of disapproval.

Even if they didn't know much about casinos, they should know the basics.

The more she lost, the deeper she fell.

This kind of thing was fun to play with. It hurt one's mind and caused one to lose money.

He didn't believe that his smart sister-in-law wouldn't know this.

Why did he look like a fool who could be fooled anytime today?

"Haha, Miss, you should take it easy. If you still want to win back what you lost, I advise you to leave this place as soon as possible. Just treat it as buying today's first experience with a few million yuan."

If this continues, no amount of money will be enough for you to lose tonight."

Someone couldn't stand Shen Fanxing's stupidity and stepped forward to remind her.

Shen Fanxing frowned slowly, her expression unusually serious.

"But I want to win."

When the surrounding people heard that, they were slightly stunned.

Within seconds, she burst into laughter.

"Gambling isn't something that you can win just because you want to. If that's the case, there won't be anyone who will lose everything in this world."

"Do you think you can win just because you want to?"

Shen Fanxing raised an eyebrow and remained silent.

Bo Jinghang's eyes lit up.

"Alanbell, has this person appeared before?"

Chapter 1455: The Use of Money

"Alanbell, has this person appeared before?"

The few of them shook their heads. "We haven't seen him in the past few years. Back then, he only appeared in Monte Carlo once and closed the casino for six months! In six months, the casino had so much violence in one night. What kind of concept is that?!"

Speaking of Alan Bell, she was a god-like existence in the gambling industry.

Actually, no one knew what his real name was. They only knew that he had claimed that he wanted to win, and then he really won. It was simply the blessing of the God of Luck. That was why everyone gave him the name "Alanbell".

Bo Jinghang was a little disappointed. He opened his mouth and sucked on the straw of the beer bottle that he had gotten at some point. He sighed and muttered unhappily,

"What Alan Bell? I wonder if it's true."

Shen Fanxing, who had been silent all this while, suddenly smiled and said slowly,

“20 million chips. Who wants to bet with me?”

“Pfft...” Bo Jinghang, who was drinking beer with a straw in his mouth, spat it out.

Not daring to look at Shen Fanxing, she blinked her eyes and double-checked if those words had come from his “innocent, kind, intelligent” sister-in-law.

“Sister-in-law, you...”

Everyone gasped in shock.

This woman was probably going crazy.

“To win six million yuan and lose another twenty million yuan... This... This is too...”

That was stupid.

“I want to play.”

This time, Shen Fanxing looked at Bo Jinchuan.

His face said, “I really want to.”

How could Bo Jinchuan reject her? He nodded and said, “Let’s play then.”

Everyone shook their heads. “Master, you shouldn’t pamper a woman like that. That’s too wasteful.”

Bo Jinchuan glanced at the man and said, “Why else would I earn money?”

Everyone was speechless.

“Of course you have to lose money for a woman.”

Everyone was at a loss for words.

Bo Jinghang and Yin Ruijue were speechless.

So this was the purpose of earning money!

Damn it!

I’ve learned something!

At this moment, Bo Jinchuan’s phone rang. He glanced at Bo Jinghang, Yin Ruijue, and the rest. After receiving their “I promise to complete the mission” gazes, he lowered his gaze to the scheming woman beside him.

He was overseas now. If it wasn’t something important, no one would call him.

Shen Fanxing gave him an obedient look before Bo Jinchuan left with his phone.

On the second floor, a certain someone noticed the bustling scene downstairs. He looked down through the railing and saw a dense crowd.

The few people in the center had their backs facing him, so he couldn't see their faces clearly.

"What happened?" He frowned and asked the manager.

"Master, the fat sheep is here! There's an Asian woman, Xiao Bai. She lost a few million yuan and now she wants to win it back! She wants to bet 20 million yuan."

Leisi raised an eyebrow. "Xiaobai? You're quite bold."

"Yes, she doesn't know anything about the things in the casino. I wonder why she suddenly came here."

"Let's go over and take a look. I've been unlucky these few days. I can use her to practice my luck."

Reiss was a well-known figure here. When he saw him coming down the stairs, his words were already being shouted at by the lackeys around him.

"Make way, make way, make way for Master Lei!"

Upon hearing this, a faint smile appeared on Shen Fanxing's face.

Her lips curled into a smile.

Bo Jinchuan noticed her subtle expression and smiled.

This little fox didn't say anything wrong.

When everyone heard that Leisi was here, they knew that he was not someone to be trifled with. They all made way.

When he saw Shen Fanxing, his legs went weak.

If he had not supported himself on the edge of the stage in time, he would have fallen to the ground.

He didn't know if it was his imagination, but the moment he saw Shen Fanxing, he felt a burning pain on his body.

"You... Why are you here?"

Shen Fanxing looked at him in surprise and said, "Viscount Leisi, what a coincidence to meet you here. I have nothing to do, so I came out to relax."

She rested her chin on her hands and smiled at him. "Long time no see. How are you?"

"Viscount Leisi, I heard that you approved a large sum of money for the Yuan Corporation, right?"

Leisi suddenly shivered. He had been in a daze in the casino for the past few days and had no idea what was happening outside.

She knew nothing about what happened at the state banquet.

When he received a call from his aunt yesterday, she informed him that she wanted to acquire the shares of the Yuan Corporation and asked him to release a batch of funds.

It was all thanks to Aunt that the Ye family could achieve what they had today.

Even if he didn't trust his parents, he had to trust Ye Jingyun unconditionally.

Hence, she agreed without asking further.

She had just stamped her document and was about to go through the process of approval.

He looked at Shen Fanxing warily and said coldly,

"How did you know?"

Shen Fanxing raised an eyebrow and propped herself up.

"I'm just asking casually. These are not important. I heard you say that you want to bet with me just now, right? Why don't we start now?"

Raith had an inexplicable feeling towards Shen Fanxing.

Shen Fanxing's personality was undoubtedly what he liked.

However, she was rejected and even whipped by her personally. Moreover, she was in front of the media.

She was angry and indignant!

Coupled with the fact that she was Bo Jinchuan's woman, the desire to get her intensified.

A gamble worth 20 million yuan was a huge gamble.

People kept gathering around.

Shen Fanxing was calm and composed, as though she didn't know what was good for her.

"Miss, you should stop early. If you lose six million yuan, so be it. It's better than losing more in the future."

"Master Lei is famous for his superb skills in the industry. You will definitely lose everything."

"Stop playing."

If he wanted to get this woman, this was a perfect opportunity.

Raith smirked and said,

"To be honest, I don't lack money and I don't want you to lose too much. How about this, I agree to bet with you. I want to lose money and you want to lose. How about losing to someone?"

Anyway, Shen Fanxing was a newbie who didn't know how to play with anything. The woman he had wanted for a long time would definitely be his.

Actually, when it came to women, she wasn't the only one. It was rare for him to take a fancy to her, but he couldn't get her. He couldn't calm down.

There was a long way to go before he could dump her.

Chapter 1456: Mama

There was a long way to go before he could dump her.

“F*ck! Kid, do you want to die? How dare you have designs on my sister-in-law?”

Bo Jinghang had a heavy responsibility now. His brother had entrusted his sister-in-law to him not to let this grandson act like a hooligan in front of him.

Yin Ruijue rolled up his sleeves and prepared to beat her up.

Reis hurriedly waved his hand and took a step back. Bo Jinghang looked tall and his figure made men envious. The woman was strong and muscular.

Coupled with the coldness on his handsome face, his aura could instantly suppress others.

As a Westerner, Leisi was not small. However, he had been pampered since he was young and could not even put on airs. He knew his own worth.

“I didn’t take the initiative to bet. I only made a condition. Whether she agrees or not depends on herself. I didn’t force her to bet with me, right?”

Yin Ruijue cursed in fluent English,

After Fu-ck-yor-Mama, she waved her fists and walked up.

Shen Fanxing almost burst out laughing. Why did she bump into the two of them?

What the hell was this!

“Hey, can you be more reasonable? If she doesn’t agree, I won’t gamble. Is there a need for that?”

“As for killing you!”

Bo Jinghang’s expression was solemn.

She was obviously not as sloppy as before.

How dare he covet the woman of the Bo family? He must be tired of living.

Seeing that Yin Ruijue and Bo Jinghang were about to get serious, Shen Fanxing reached out to stop them.

Then, he looked at the clearly frightened Reis and said slowly,

“Sure. I’m bored and it’s rare for us to meet. Why don’t we play a few more games to pass the time? It’s nine o’clock now. How about we play for two hours and calculate the time at eleven?”

Raith frowned and looked at Shen Fanxing warily.

Shen Fanxing smiled and continued,

“If I lose in the end, I’ll leave with you and be at your disposal. How about that?”

These words made Raith dizzy and he hesitated no more.

“Okay! As you wish!”

Bo Jinghang and Yin Ruijue were completely dumbfounded.

“F*ck, Sister-in-law, don’t be rash. If my brother finds out about this, we won’t have a good time!”

“Sister-in-law, you’re a married woman now. How can you agree to such a bet?”

“Sister-in-law, you have to reconsider! Gambling is not a joke. There’s no stability at all. You can’t control the outcome.”

“Yes, Sister-in-law, don’t mess around!”

Shen Fanxing pretended not to hear him and looked at him.

“Let’s begin.”

An overwhelming coldness suddenly came from somewhere.

A chill ran down Bo Jinghang’s spine.

Her body stiffened and she turned around slowly. She saw her brother standing there coldly with his phone in his hand. His handsome face was filled with gloom and dark clouds, as if a storm would break out soon.

Bo Jinghang and Yin Ruijue exchanged glances, their eyes revealing the same message.

Oh no.

Bo Jinchuan’s aura was too obvious. Even if Shen Fanxing wasn’t sure, she knew that it was coming from him.

She turned to smile at Bo Jinchuan.

Seeing that bright smile, Bo Jinchuan’s expression didn’t improve at all.

Bo Jinghang and Yin Ruijue hid at the back to avoid being implicated by Bo Jinchuan.

Because they understood too well.

No matter how angry Bo Jinchuan was, he couldn’t bear to touch his sister-in-law.

But on the contrary, he was the most willing to touch them.

Wasn’t it normal to vent her anger on them?

Whenever he brought his sister-in-law along, they would be taught a lesson.

In that case, Sister-in-law really had the ability to make Brother Bo angry again and again.

In the past, it was rare to see Bo Jinchuan giving them attitude.

Haha, how fortunate.

(Two masochists appeared.)

However, Brother Bo was silent when he was angry. It was too terrifying.

“Should I... bet or not?”

Seeing Bo Jinchuan, Leisi couldn't help but want to retreat.

Although she would feel a sense of accomplishment after getting Bo Jinchuan's woman, this feeling was too shocking.

However, he had nothing to be afraid of.

In Country Y, the Ye family was considered one of the top families.

Her aunt was the beloved Princess Ava, and the Ye family's finances had provided the royal family with a lot of convenience.

At most, Bo Jinchuan owned the Bo Consortium and monopolized several important industrial and economic chains in Country Y.

However, they were all mutually beneficial businesses. It was impossible for him to destroy these important industries in Country Y for a woman.

Besides, it wasn't his fault.

He wasn't the one who insisted on betting.

Shen Fanxing changed her position and rested her slender arms on the edge of the table. She smiled and said,

“Of course I want to bet.”

Bo Jinchuan pursed his lips and walked towards Shen Fanxing. His cold aura could freeze everyone in the casino.

Yin Ruijue looked at the situation worriedly, his palms covered in cold sweat.

“Can you do it? Looking at Brother Bo's current state, something is wrong. I feel like he will crush Sister-in-law the next second!”

Bo Jinghang snorted coldly and said, “Don't worry about that. Even if he crushed you ten thousand times, he wouldn't bear to touch my sister-in-law.”

Yin Ruijue waved his hand and said, “Of course I know that, but isn't Sister-in-law the closest to him now? I think his hands are getting restless.”

Bo Jinghang sympathized with Yin Ruijue who was used to being abused. It was natural for him to accept being crushed ten thousand times.

However, when she heard his words and turned to look at her brother's hand, she couldn't help but gulp.

If anyone was by his side, they would have been torn into pieces.

From the looks of it, there was no guarantee that he would make a move on her.

As the 'culprit', Shen Fanxing couldn't sense any danger at all. She turned to smile at Bo Jinchuan.

Bo Jinchuan's expression didn't improve, but his lips tightened.

She stuffed her hands into her pockets and suppressed the anger in her heart.

However, looking at his forbearance, Bo Jinghang and Yin Ruijue were about to cry.

"Second Brother, I don't think the two of us will have a good time."

Bo Jinghang wiped the "tears" from the corners of his eyes and choked.

"I think I urgently need a set of Iron Man's skin."

Yin Ruijue said, "Buy me a set too."

Chapter 1457: Know When to Stop?

"I think I urgently need a set of Iron Man's skin."

Yin Ruijue said, "Buy me a set too."

How were they going to spend the rest of their days?

Shen Fanxing didn't know whether to laugh or cry when she heard their cries.

These two people were practically partners in every aspect.

There was no need for chemistry.

Leisi glanced at Bo Jinchuan. Seeing that he didn't object, he took two steps forward.

"Alright, what do you want to bet?"

Shen Fanxing smiled and looked down at the dice table.

"Let's play this."

Chaos broke out in the crowd.

The game platform was called Dice Treasure. In fact, it was the simplest way to determine the size of the dice.

"Miss, this kind of thing is just a wild guess! Winning or losing is a fluke. Be careful."

Shen Fanxing pursed her lips and said, "Which project here isn't made up? It's alright, this way, we can win money faster!"

Everyone asked, "...Where did your confidence come from?"

Shen Fanxing smiled.

"Because I want to win."

Everyone was completely speechless!

Fine!

He couldn't continue talking to this idiot woman.

Shen Fanxing lifted a black cover to reveal three dice.

"Is this the bet?"

Race replied, "Yes."

Yin Ruijue and Bo Jinhang supported each other to prevent them from collapsing to the ground.

Even the scale of the game had to be asked on the spot. She...

How should they complain...

Not to mention Bo Jinchuan's expression, the two of them didn't even dare to look at the back of his head.

Sister-in-law, we all know!

This is a grave! Please curry favor with your man!

Everyone was speechless. They completely treated this as a ridiculous farce.

Although there was nothing to see.

However... the bet was too big. It would be a pity not to watch.

Shen Fanxing nodded and said, "If we bet on chips, there should be no upper limit, right? Why don't we use 20 million as the starting price?"

"..."

It seemed like he really thought he was going to win!

He had lost.

If she won, the more money she had, the better.

That would make her seem smart.

When Reis heard this, he smiled and said, "Miss Shen, your intentions are obvious, right?"

Shen Fanxing raised an eyebrow and said, "You know a lot."

Raith laughed, looking like a gentleman in his neat suit.

"But it doesn't matter. Whether it's twenty million or two hundred million, it's the same to me."

Wasn't it the same?

Wasn't a rookie here to give money away?

Although the dice depended on luck, there was something wrong with it.

How could she, a complete idiot, win him?

To be honest, every gambler felt that they would be the winner before they went to the gambling table.

Shen Fanxing was, and so was Reiss.

“Alright, let’s begin.”

Reiss sat on a chair, leaned back, crossed his legs, and called the dealer beside him. He walked to the table and shook the dice for them.

Everyone watched intently as the dealer finished shaking the dice and placed them in the middle of the table.

“Please place your bets freely. The starting bid is 20 million.”

Shen Fanxing looked up at Reiss in confusion.

Les suddenly felt a little guilty. Wasn’t it a little unfair to gamble with a woman who knew nothing?

Seeing that Shen Fanxing didn’t seem to know how to bet, he kindly placed 20 million yuan on ‘big’.

“Twenty million, big.”

Shen Fanxing blinked and placed 20 million yuan on ‘small’.

In the end, the cover was opened.

Raith won.

“Pfft, I knew it.”

“Great, we didn’t get the six million yuan back, but we lost another twenty million yuan.”

“I have money to burn.”

Shen Fanxing frowned and her face darkened.

Another round.

Shen Fanxing bet small while Reiss bet big.

Raith was left again.

His face grew grave.

In the next round, she picked up 50 million yuan worth of chips and threw them at “small”. Reiss bet 60 million yuan on big, and he won again.

She lost three rounds in a row. From the last 50 million yuan, it was obvious that Shen Fanxing had committed a taboo among gamblers.

The more she lost, the more impatient she became.

In the fourth round, Shen Fanxing bet 50 million on small while Reiss bet 70 million on big.

This time, Shen Fanxing won.

In the fifth round, Shen Fanxing bet 70 million on Small and 90 million on Big.

Raith won!

Because there were only two people playing on the dice table, every round went quickly.

Seeing that Leisi had won three rounds and lost one, everyone shook their heads and sighed.

The result they had expected.

Looking at Shen Fanxing, her cold face sent chills down one's spine.

Raith, on the other hand, beamed with uncontrollable happiness.

After all, it had been a long time since she had won so easily.

"Fanxing, are you unlucky today? I think I can only go against you tonight. I'll definitely win in the end."

Shen Fanxing frowned and looked at him.

"Continue."

Leisi raised an eyebrow and said, "Miss Shen, it's a taboo to have emotions when gambling. Relax a little. Anyway, this money will definitely be yours in the end..."

Shen Fanxing pursed her lips and glanced at the dealer, gesturing for him to continue.

The dealer nodded and placed the dice into the cover before shaking it skillfully.

Shen Fanxing sat at the side with her head lowered. She fiddled with the chips silently.

Bo Jinghang and Yin Ruijue couldn't help but move closer.

With a thud, the bucket in the dealer's hand fell to the ground. Shen Fanxing raised her head slowly and looked at Reisi.

Raith spread his hands gentlemanly, indicating that she should choose first.

Shen Fanxing raised an eyebrow and pressed a plastic chip in her hand. Then, she pushed a few chips out.

"I'll bet small."

With a thud, Yin Ruijue fell to the ground.

With such bad luck, was it appropriate to choose this time to show off?

Les was also stunned by Shen Fanxing's move.

Shen Fanxing looked at him with a faint smile on her face. "Didn't you say that you would go against me today? How much do you want to bet on Big?"

Leisi smiled. "As expected of the woman I have my eyes on. How bold. In that case, I'll give you 200 million."

“Open!”

Without giving everyone a chance to be surprised, Leisi shouted confidently,

The dealer lifted the cover. “One, three, four, small.”

Shen Fanxing won.

It was a rare win, and the entire casino was surprised.

Someone even applauded for Shen Fanxing.

Ray paused before clapping as well.

“That’s right, the tables have turned. I can’t always be the winner! It’s just a game, just for fun.”

Shen Fanxing smiled good-naturedly.

“Yes, it’s just for fun, especially with you.”

Chapter 1458: Where Did This Madman Come From?

“Yes, it’s just for fun, especially with you.”

Reiss chuckled, but he felt uncomfortable hearing Shen Fanxing’s words.

Seeing that Shen Fanxing had won 200 million yuan in one go, Bo Jinghang and Yin Ruijue rushed forward to grab the chips in front of her.

“You can’t bet anymore. You’ve won. You won’t lose anymore. We should stop.”

Raith was unhappy. “Didn’t you say it would be until eleven? Only half an hour has passed. Are you going back on your word?”

Bo Jinghang immediately said, “What’s wrong with going back on your words? Who said that we can’t go back on our words?!”

“You...”

Shen Fanxing pushed Bo Jinhang aside and smiled at Leisi.

“Come on, even though I’m a woman, I’ll keep my word. There’s ninety minutes left. Let’s continue.”

Only then did Leisi’s expression improve. “Fanxing is indeed unique and different from ordinary women. She’s not inferior to any man! Come, continue!”

Someone started to mock her. “I think this lady has ulterior motives, right? Did she take a fancy to Viscount Leisi’s status long ago and deliberately lost to him in the end?”

“I think so too. She’s taking another man’s money and planning to throw herself into another man’s arms. How...”

Leisi laughed out loud. “Fanxing, so you regret rejecting my pursuit previously? Now you want to return to my embrace? You just have to say it. Why do you have to go through so much trouble?”

A dark cloud loomed over Shen Fanxing's forehead.

However, her cold face was still smiling.

However, that smile looked extremely cold.

"Viscount Leisi, don't make me angry by saying such nonsense. Otherwise, I'll make you lose everything today. Do you believe me?"

Raith froze for a few seconds before bursting into laughter.

"As expected of the woman I admire. She's bold and daring. She dares to say anything. She wants me to lose my assets. Haha, come, let me see how capable Miss Shen is to make me lose everything."

The onlookers also burst into laughter.

"That's true. Let us broaden our horizons and witness your ability to make Master Lei bankrupt."

"That's right. If you really win against Master Lei tonight, the second Alan Bell in the world will definitely be you!"

Shen Fanxing pursed her lips coldly and said, "I hope you won't run away."

"Of course. We agreed that it would be until 11:00 p.m., and I'm a man of my word."

Shen Fanxing smiled and said, "Come on then."

The dealer continued to shake the dice cup, but Shen Fanxing continued to "Show Time". She pushed out all her chips, about 300 million yuan.

Everyone gasped in shock.

He had gone too far!

This woman was crazy!

Leisi's expression didn't change. With a calm expression, he summoned the waiter and gestured for him to follow with 300 million.

Shen Fanxing bet small while Reis bet big.

The bra opened, dotting.

Shen Fanxing won.

Leisi's expression changed slightly as he watched the dealer place 600 million yuan worth of chips in front of Shen Fanxing.

Bo Jinghang and Yin Ruijue widened their eyes in surprise.

F*ck!

It was really possible!

“Sister-in-law, I think we’re going to make a killing tonight. Why don’t we convert 500 million yuan worth of chips into money first? You can keep 100 million yuan and play with him slowly. Then, we won’t lose!”

As Bo Jinghang spoke, he pulled a portion of the chips into his arms.

Bo Jinchuan’s expression softened slightly. Although this method sounded a little mean, it was better than letting Shen Fanxing lose.

Reiss was a little anxious. What was the difference between this and announcing his loss tonight?

“Miss Shen, are you sure you want to play like this?”

Shen Fanxing smiled and reached out to stop Bo Jinghang. “Of course not. I still have to win until you go bankrupt. These hundreds of millions are nothing to Viscount Leith, right?”

Reiss relaxed. “Of course.”

“Continue then.”

The next few rounds were silent.

Since the start of the game, there had been a few consecutive rounds. Shen Fanxing had been showing off in every round, and she had to use all her chips in every round. Leisi had no choice but to follow up.

However, the outcome was unbelievable. Shen Fanxing won every round.

So far, Reiss had lost nearly three billion yuan.

“F*ck, f*ck, f*ck!”

“F*ck, f*ck, f*ck!”

“Impressive, impressive, impressive!”

“Awesome, awesome, awesome!”

Bo Jinghang and Yin Ruijue were working as Shen Fanxing’s cheerleaders. Every time they won a round, the two of them would clap loudly.

Shen Fanxing sat in her seat and spun her chair leisurely. She placed her arm on the table and smiled at Leith, whose face was covered in cold sweat.

“Continue, Viscount Raith.”

Raith looked up at her with an ugly expression. He raised his hand to wipe the sweat on his forehead, and his fingertips trembled slightly.

If they continued, everyone present would lose their balance and their hearts would jump out of their chests.

The more they played, the more they felt that Shen Fanxing was the world’s number one lunatic.

No matter how many chips she had, she would push them all out.

Until now, she already had more than five billion yuan in chips.

She pushed it out without blinking.

She smiled at Leisi and said, "I'll bet everything this time."

Bo Jinghang and Yin Ruijue felt their legs go weak and their palms were covered in cold sweat.

Leisi's heart began to tremble. He didn't dare to place a bet, but he was unwilling to accept his consecutive losses.

Moreover, he didn't believe that Shen Fanxing would win every time.

If he won a round, he could win back everything he had lost in the past.

His typical gambler's mentality made him grit his teeth and bet eight billion yuan on Big.

As for why he put in so much money, it was because there was a banker's compensation ratio.

According to the dice, the winner would be compensated by the dealer.

The ratio was 1:1.

Everyone lost their composure.

Having been in the casino for so many years, no one had ever seen such a huge gamble.

Moreover, it was a woman who had just entered the casino and a man who could be considered a veteran.

Everyone held their breaths and stared intently at the dealer's hand.

This time, even the dealer's hand was trembling.

In all his years of work, he had never opened such a huge dice cup.

Chapter 1459: Master Bo is a punching bag

Raith's heart almost stopped beating.

Without blinking, she watched as the dealer lifted the lid bit by bit.

On the other hand, Shen Fanxing remained calm and composed. There was a faint smile on her lips as she drank the mineral water that Yin Ruijue had "favored".

Gulp

Gulp

Yin Ruijue and Bo Jinghang stared at the dice cup eagerly.

She was hundreds of times more nervous than Shen Fanxing.

"Five... Five... Six... F*ck, f*ck! It's really big!"

Bo Jinghang was the first to shout.

There was an uproar.

“Continuous win! Amazing!”

“Eight billion yuan and the compensation she placed. Oh my god!”

Sweat trickled down Raith’s cheeks.

Sitting in the chair, the muscles on his face twitched uncontrollably.

Shen Fanxing smiled and patted the pile of chips in front of her. She propped her chin and looked at Leisi again.

“Prepare the chips, Viscount Reis. I’ll bet everything in the next round. Hmm... these are about 15 billion yuan. If you don’t prepare 20 billion yuan in the next round, I’m afraid...”

More than 15 billion yuan per round?!

At this moment, there was only one word in everyone’s hearts—

Lunatic!

Leisi didn’t say anything and Shen Fanxing smiled innocently.

“There’s no hurry. There’s still 40 minutes left. The bigger the bet, the higher your chances of winning, right?”

But that did make sense!

Leisi gritted his teeth and called for a waiter to arrange twenty billion yuan worth of chips.

No one could describe their feelings now.

Such a huge bet was unprecedented.

Even Alan Bell had spent three days and three nights to close the casino for six months.

Now, they were playing a game worth tens of billions...

Everyone’s attention was on Bo Jinchuan, who was standing beside Shen Fanxing.

Who was this person who brought a woman to the casino and allowed her to do whatever she wanted?

Tens of billions without even blinking?

However, judging from her expression, she seemed to be really unhappy.

Even a man wouldn’t dare to do that!

The waiter quickly brought over 20 billion yuan worth of chips.

“Did she use some method to cheat? Otherwise, how could she win?”

“Cheating? Don’t you know how lousy she was in the beginning? How could she think of cheating? How did she cheat?”

“I’m not sure, but she always bets first. It seems like she knows beforehand...”

Everyone fell silent and stared at Shen Fanxing.

The bet started again.

The dealer’s palms were sweaty as he shook the dice cup. The dice cup landed on the table with a thud.

The dice stopped rolling. Shen Fanxing’s exquisite eyebrows twitched and her lips curled into a meaningful smile.

She raised her head slowly and everyone’s gaze landed on her confident face.

They gulped again. After all, that god had given her confidence. She was so nervous that she was about to die, but she could still smile.

She spread her hands and said politely,

“You first?”

Raith glanced at her, his gaze drifting back and forth between the “big” and “small” areas.

He had lost more than ten rounds in a row. This round was worth 20 billion yuan. To him, 2 billion yuan was a huge sum.

If she really lost, she would be bankrupt.

Upon hearing Shen Fanxing’s words, the onlookers who had accused her of cheating fell silent.

Since the choice had been given to someone else, it wouldn’t be nice if they cheated.

This time, everyone’s attention was on Reis. The outcome was now in his hands.

If she lost this time, it might really be fate.

Sweat trickled down Raith’s face, and his dark blue eyes were filled with uncertainty and nervousness.

Shen Fanxing wasn’t in a hurry. She lowered her head and played with the chips in front of her.

In the entire gambling hall, she was probably the most relaxed person.

If the man sitting beside her with a dark face and a cold aura could be considered nervous...

In the eyes of others, Bo Jinchuan was like an iceberg that couldn’t be ignored.

However, in Bo Jinhang and Yin Ruijue’s eyes, she looked like a punching bag.

He was even bullied and neglected by his wife. He could only indulge and dote on her, but he didn’t dare to say anything.

Les hesitated for a long time before looking up at Shen Fanxing. In the end, he placed all his chips on ‘big’.

“I’ll bet on Big!”

Shen Fanxing's hand that was playing with the chips paused. She slammed the chips down and glanced at the chips on the table.

A moment later, she smiled. Instead of placing a bet, she said to Raith,

"I heard that you own 10% of this casino?"

Raith frowned. "What do you want?"

Shen Fanxing raised an eyebrow and said, "Nothing, I'm just asking."

However, Leisi looked at her warily. "You even know how many shares I own. Are you just asking casually?"

Shen Fanxing nodded and said, "Yes, I'm just asking."

Raith couldn't be bothered to talk to her.

He didn't expect this woman to be so bold as to challenge him!

It was more than 20 billion yuan.

It was enough for him to change a woman every day.

If he had known that this woman was crazy and unpredictable, he wouldn't have agreed to the bet.

Was he crazy?!

But now, he couldn't back down.

"What does that have to do with you?" asked Raith with an ugly expression.

"Calculate your assets." Shen Fanxing smiled and stood up from her chair.

Everyone's gazes followed her.

Shen Fanxing walked to one side and pushed the chips to the other.

When the onlookers saw her actions, they instantly erupted.

"This is..."

"What is she doing?! She's too bold!"

"Crazy, crazy! He's a lunatic!"

...

"Sister... Sister-in-law, you have to think carefully! How can you bet on such a small probability?"

Shen Fanxing pushed out another stack of chips and said, "But after playing for so long, there hasn't been any 'full dice'. I think it's about time."

All three dice had the same number.

Yin Ruijue and Bo Jinhang convulsed. How was that a reason?

This time, even Bo Jinchuan, who had been silent, glanced over.

There were many options on the table, including “double dice”, “round dice”, “full dice” ...

The probability of this happening was extremely low.

Therefore, most people bet “big” and “small”.

However, there were only two options.

As for the “full dice”, the compensation was 1:150.

If Shen Fanxing won, Reis would give her 150 times the amount.

150 times 20 billion...

Not only would she go bankrupt, but she would also be in debt.

Shen Fanxing excitedly pushed her chips to the “full dice” section.

Everyone was scared to death by her.

Ever since she appeared, their hearts had never stopped beating.

Now, she didn't even dare to breathe.

After Shen Fanxing pushed out all the chips, she turned to the dealer and said,

“Open the lid.”

Chapter 1460: Uncover

“Open the lid.”

The dealer seemed to be frightened by Shen Fanxing's words. His body trembled and his hand, which was about to open the lid, trembled violently.

He would probably never encounter such a huge bet again in his life.

Where did this woman come from?

How audacious.

It was “Show-time” every time, and each round was bigger than the last.

For the 20 billion yuan, she was a counterfeit, right?

She didn't treat money as money?

Everyone wanted to persuade Shen Fanxing, but how could they say anything now?

She was so nervous.

Raith's Adam's apple bobbed, and his throat felt dry and sore.

Just as the dealer was about to touch the dice cup, Shen Fanxing suddenly spoke.

“Wait a minute.”

His voice was flat and calm.

Everyone almost fell to the ground in fear.

The dealer retracted his hand and turned to look at her.

“What... what’s wrong?”

Shen Fanxing glanced at him and said, “Be careful. You should know what the three dice in the dice cup mean. You’re a professional dealer. Be careful not to touch the dice inside.”

The dealer swallowed nervously and nodded. He clasped his hands and squeezed them.

If this woman hadn’t suddenly stopped him, he wasn’t sure if his trembling hand would have touched the dice.

This time, it was not as simple as comparing sizes.

This woman had bet on “all dice”. If she made a mistake...

This bet was a situation where either one of them would die.

Perhaps it was because of the pause between the croupiers that Reiss regained some rationality.

“Fanxing, is there a need to go so far? I think since you’ve chosen her, you should know the concept of ‘full dice’. Not to mention the probability of it appearing, even if it does, you can’t really bet on it when it appears, right?”

“I’ll give you a chance now. Just compete in size. Even if you lose, the odds are only 1:1...”

Shen Fanxing shook her head and said, “Since I’ve decided, there’s no reason for me to go back on my word. I’m willing to admit defeat. Even if I lose, I’m willing.”

The dealer exhaled softly, as if he was ready again.

“Prepare to open the lid now.”

Shen Fanxing raised an eyebrow and shrugged casually.

Raith couldn’t help but clench his teeth. Then, the dealer grabbed the lid of the dice cup with his obviously better hand. In front of everyone, he took a deep breath and lifted the lid.

Some people even covered their eyes with their hands, not daring to look at the results.

“...”

“...”

“...”

The entire gambling hall fell silent.

Ten seconds, twenty seconds, thirty seconds...

“F*ck, f*ck, f*ck!!!”

“F*ck, f*ck, f*ck!”

Bo Jinghang and Yin Ruijue stared at the three dice in the dice cup, their eyeballs almost popping out of their sockets.

Bo Jinchuan glanced at the dice on the table and was slightly taken aback.

“How is that possible?!” Raith stared at the three dice in disbelief.

“Oh my god, three sixes!”

“All dice, it’s really all dice!”

“666! It’s really 666!”

“This woman is simply amazing!”

As the crowd erupted, the dealer’s legs went weak and he almost fell to the ground.

Fortunately, she managed to hold on to the edge of the stage. It was really... really full dice.

This woman had made the right bet.

150 times 20 billion was an astronomical figure. Master Lei...

Raith’s expression was blank as he shook his head in disbelief.

“Impossible, this is impossible!”

How could a rookie like her bet be so accurate?

This was impossible!

While everyone was in an uproar, someone raised a question.

“She won so many rounds in a row. Did she cheat?”

“That’s right. I was wondering why she gave the opportunity to Master Lei this time. She must have known that the dice cup was full, so she let Master Lei choose first to prove that she didn’t cheat!”

“In fact, this is called exposing oneself.”

Everyone’s doubts enlightened Reis and he glared at Shen Fanxing.

“Yes! You must be cheating!”

Shen Fanxing raised an eyebrow and rested her chin on her hand as she sneered at him.

“Cheating? As one of the shareholders of this casino, why don’t you tell me how to cheat in this game?”

Race was speechless.

As a shareholder of the casino, even if he knew how to cheat, he couldn’t say it out loud!

Moreover, this casino was one of the top casinos in Las Vegas. As one of the bosses, how could he give all the gamblers a chance to cheat?

Was that why he believed that Shen Fanxing had won against him?

How was that possible?

“I don’t believe you. If you didn’t cheat, how could you have guessed correctly every time?”

Shen Fanxing chuckled and said, “Maybe I’m lucky.”

Reis waved his hand. “I don’t believe it!”

Shen Fanxing’s eyes narrowed gradually.

“Why? Are you going back on your word?”

“I...”

“Viscount Raith, if you’re willing to bet, you have to admit defeat. If you want to accuse me of cheating, either show me the evidence or give me 20 billion*150 times the amount.”

Raith still couldn’t believe it. How was that possible?

That was impossible!

“If you didn’t cheat, how could you keep winning? In the past, it was just a competition of size, but this time, you actually won all the dice. If you didn’t know something in advance, how could you have bet so accurately? Even if Alan Bell was here back then, he couldn’t have been so accurate...”

Shen Fanxing smirked and said, “Why not?”

Bo Jinchuan glanced sideways at Shen Fanxing, his eyes dark.

“You’re the one who opened the gambling hall. You know better than anyone what methods I used to cheat. Can’t you tell if I cheated or not?”

Raith was once again at a loss for words. When Dice Bao cheated, he had to install all kinds of hidden mechanisms on the entire Dice Bao stage to know the number of points in the dice cup accurately.

Only the boss, as a banker, would do such a thing.

Giving it to a guest was impossible.

Moreover, Shen Fanxing was a newcomer in the casino and it was her first time here. She didn’t have the chance or the intention to cheat.

But why did she bet so accurately?

~

Everyone’s gaze was on Leith.

They were all looking forward to seeing how Leisi could produce such an astronomical figure.

Raith's face was drawn, sweat trickling down his face. His whole body was shaking.

20 billion yuan was not a small sum, but now, it had suddenly increased by 150 times.

No matter how rich he was, he couldn't come up with such a number!
