

I' m Sorry My Love Novel Chapter 1462 - 1463

Chapter 1462

The driver carrying Elma was the best investigator Elma had selected from Jun Chengyin.

As a result, after following the car along the way, he was not even found.

However, the car did not follow for too long along the way, Elma found that Kraig and his team had gradually separated.

Some drove into the deep cold.

Some drove to forks in other counties.

Wei Kraig still drove to the northeast of the national highway.

The driver asked Elma incomprehensibly: "Miss, Mr. Jun, this is..."

Elma didn't understand what Kraig was doing?

She only ordered the driver: "Keep on! Wherever Kraig goes, you go wherever you go!"

The driver responded: "Yes, miss!"

Kraig in front really didn't find anyone following him behind him.

Mainly, his whole heart fell on Dalia. He was looking for his wife, not on the battlefield, so he didn't expect Elma to follow him at all.

Secondly, today's driver is not the smart driver who usually protects Kraig.

It's a different person.

Kraig continued to remotely command along the way to the northeast.

“We split our way to find, remember to make unannounced visits, don’t alarm the local people, let alone make her feel scared.”

“Xiao Tan, don’t be my driver. You see your wife the most times, and you are most familiar with your wife. You and I are looking for your wife separately.”

“Major Zhu, you are also someone who is a little familiar with your wife. The three of us must look for them separately. Remember to visit privately, and you must not make any noise. If you don’t scare the local people, you should report to me immediately if you find anything.”

All the subordinates responded.

Xiao Song, the new driver of Kraig, also took Kraig to the most remote county in the Northeast.

From now on, Kraig will remotely direct the important tasks in Kyoto, while sinking his heart to find his wife.

Wife.

Having been with Dalia for so many years, Kraig didn’t think that the person next to his pillow was his wife.

He always believed that Elma was.

However, Kraig didn’t realize the importance of Dalia until Dalia was really not by his side.

In this life, he must find Dalia.

To see people in life, to see corpses in death.

After half a month.

Kraig has been living in the most fringe town in the Northeast for the next week.

It’s really cold here.

Kyoto is still wearing a thin coat at this time, but thick windbreakers are already being worn here.

Every day, he let the driver drive and shuttle through the streets and alleys of the small town. Sometimes Kraig would stand alone at a certain bus stop sign and watch people come and go.

He thought, would Dalia be among this endless stream of people?

Maybe it is.

Because Kraig dared to conclude that Dalia was in the Northeast generation.

He will focus his attention on women who are about the same age as Dalia, have similar skin, and wear similar clothes. However, whenever he saw such a person walk in, he was not disappointed.

It was probably more than a week after this disappointing day. Kraig really found hope at a bus spot.

The woman was wearing a light pink woolen trench coat. She was tall and thin, with her hair pulled up and looked noble and gentle. The woman got off from a private car near the bus stop.

Chapter 1463

She was pregnant for about four or five months.

He walked forward a little angrily.

Immediately afterwards, a five-and-three-thin three person came down in the car. The man walked a few steps to follow the woman in the pink windbreaker, and grabbed her by the arm.

Without saying anything, the five-and-three rough man raised his hand and slapped the woman: "You can't be cured, just follow me back!"

The woman was beaten and staggered suddenly to see if she fell to the ground.

But she did not fall.

The woman fell into Kraig's arms, and Kraig hugged the woman's shoulders with great excitement: "I can find you, Ah Shan, you made me find it so hard, Ah Shan!"

"You...your belly is so big, right?"

"You...you taught your boyfriend again, why do you always meet people badly, this man beats you?"

Say yes, before Kraig waited for any reaction from the woman in his arms, he released the woman and let her sit on the chair on the bus stop sign. As soon as he turned around, he looked at the man who had just beaten.

"You...who are you? Why are you holding my wife, you want to die in broad daylight, you..." Kraig suffered a fist.

He made a very powerful move, hitting the man on his back in a lap.

Kraig's nose was beaten and bleeding.

After the fight, he also commanded: "Xiao Tan! Unload this choppy to me and throw it into the sewer!"

Xiao Tan: "..."

The woman behind her suddenly frightened and cried: "Ah, we have beaten someone. Someone killed someone in the street. You...you murderer, who are you, just fine, why are you beating my husband? Who are you? , The murderer..."

The woman behind him is also a lover of her husband. Don't look at her husband slapped her just now, but at this time, she desperately saved her husband. She grabbed Kraig's hand and bit her.

Fortunately, Xiao Tan's actions were agile, he stopped the woman in time and cut the woman's hands backwards.

Only then did Kraig see the woman's appearance.

She is not Dalia.

She just looks like Dalia from the back, she is also a woman who is four or five months pregnant.

Kraig: "..."

After a long while, Kraig said decadently: "Xiao Song, let her go."

Xiao Song: "Master..."

"She is pregnant!"

Xiao Tan immediately let go of the woman. The woman also knew that Xiao Song was great, so she didn't dare to fight Kraig again. She only rushed to support her man: "Husband, are you okay?"

The man hugged the woman: "My wife, I'm sorry, I was in a hurry to beat you just now, who told me to tell me that the child in your stomach was not me, you became angry with me! Now I know, you love me Yes! You love me so much, and I care who owns the child in your stomach. Anyway, I will be called father when I was born!"

The woman was angry and laughed: "Look at your virtue! The child in my stomach is not yours, not yours! There is a kind of you to do DNA!"

The man laughed and hugged his wife.

Kraig watching all this: "..."

Don't mention how uncomfortable he is.

Seeing the husband and wife supporting each other, Kraig grabbed the man, and the woman immediately scolded: "What are you doing, I will call the police now!"

But Kraig said word by word: "Your wife is pregnant, treat her better! If I see you hit her again, I will let you die!"

Woman: "You...who are you, I don't know you!"

Kraig's tone suddenly dimmed: "My wife is also pregnant, the month is about the same as you, but she was lost..."

Woman: "Yes...I'm sorry, you...you will definitely find your wife."

At this moment, Kraig's cell phone rang. He picked it up and saw that Elden was calling, and he immediately connected: "Hello?"

At that end, Elden said excitedly: "Lord, I...I saw Madam."
