

Chapter 1471: Every Man for Hisself

Kindness couldn't save her mother's life, and kindness couldn't stop the mother and daughter's ambition and persecution.

Taking a deep breath, she couldn't help but hug herself tighter. Through the French windows, she saw Yuan Sichun approaching her.

Tears welled up in her eyes as she bit her lips.

"This day will come sooner or later. I thought that with your aura this afternoon, you had already accepted reality."

So, what was there to cry about? There was nothing wrong with being a fool. Perhaps after interacting with each other for a long time, he would do whatever you said. Perhaps the entire Qin family would be yours in the future...

Yuan Muchun turned around and lowered her head to look at Yuan Sichun. Tears welled up in her eyes.

She looked at Yuan Sichun and snorted coldly. "All these years, we've gotten along well. In the end, you're treating me like this? Yuan Sichun, do you think others have wronged you by saying that you're evil and can't be put on the table?"

Yuan Sichun was neither angry nor angry. "Let's not talk about injustice. It's just that none of them have the right to judge me. Survival of the fittest. I only want to get what I want. Look at everyone present. Who doesn't want to live a wonderful life?"

Yuan Muchun looked in the direction of Yuan Sichun's gaze. The entire banquet hall was filled with people. The man was dressed in a suit and leather shoes, and he looked elegant. The woman's figure swayed and she looked resplendent.

Yes, they were all thinking about how to make themselves more eye-catching and superior.

If one did not look out for themselves, they would be doomed.

So that was how everyone was.

She suddenly smiled and everything became clear to her. She finally understood what Shen Fanxing had told her.

They were both selfish. Everything Yuan Sichun did stopped at satisfying her own desires.

Shen Fanxing's selfishness only gave her the right to do so.

Including the right to be kind, the right to love, hate, and be happy...

"You're right."

She nodded. People were indeed selfish.

Yuan Sichun smiled and shouted at the waiter standing not far away.

"Give us two glasses of red wine."

The waiter glanced at her and turned around.

Yuan Muchun walked to Yuan Sichun.

Yuan Sichun sat in the wheelchair, her entire body hidden in the shadows.

Yuan Muchun stared straight into the waiter's eyes. Two to three seconds later, the waiter lowered his gaze and watched as Yuan Muchun took the glass from him.

Then, she retreated and watched as Yuan Sichun stared at the glass of wine on the waiter's tray for a while before picking it up.

Yuan Sichun looked at the obvious fingerprint on the cup and smiled.

"Today is probably the most honest day of our lives. Let's celebrate and cheers."

Yuan Muchun smiled and clinked glasses with Yuan Sichun.

Then, the two of them looked up...

Yuan Muchun pressed her lips against the edge of the glass and watched coldly as Yuan Sichun finished the red wine in her hand.

She slowly raised her glass and poured the bright red wine onto her shirt.

When Yuan Sichun finished half of her glass of wine and looked at Yuan Muchun, she couldn't help but frown when she saw the wine stains on her.

"What's going on?"

Yuan Muchun smiled and said, "It's all on me..."

Yuan Sichun's face turned cold, but in the next second, she continued,

"Then you might need to change your clothes. I'll accompany you."

Yuan Muchun pursed her lips. "I'd better go to the washroom to clean up..."

Yuan Sichun hurriedly said, "It's easy to get into trouble if there are too many people. I'll go with you."

"Yeah."

After spending some time in the washroom, her clothes were already wet.

Yuan Sichun said, "Go to your room and find a hairdryer to dry it first."

Yuan Muchun nodded. "Okay."

Yuan Sichun naturally brought Yuan Muchun to Qin Zhixuan's room.

When she opened the door and saw the fool in the room, Yuan Muchun sneered.

Yuan Sichun smiled and said, "Looks like there's already someone here. But the two of you will be the closest people in the future, so I won't disturb you."

When Qin Zhixuan saw Yuan Muchun, he immediately ran towards her.

“Honey...”

Yuan Muchun took two steps back and blocked Yuan Sichun’s way.

She watched sarcastically as Qin Zhixuan approached and sneered.

“You’re mistaken. I’m not your wife!”

After saying that, she grabbed the wheelchair behind Yuan Sichun and pushed her to Qin Zhixuan. Then, she pointed at Yuan Sichun and said to Qin Zhixuan,

“She’s the one!”

Yuan Sichun’s expression changed drastically. “Yuan Muchun!”

“There’s nothing wrong with being a fool. Perhaps after interacting with each other for a long time, he will do whatever you say. Perhaps the entire Qin family will be yours in the future...”

Yuan Muchun sneered and repeated everything Yuan Sichun had said to her.

“You’re right. Everyone has to be selfish. So compared to getting the Qin family, I think it’s best to snatch the Yuan family from you.”

She looked at Yuan Sichun with a cold smile. In the end, she turned around abruptly and ran out of the room, closing the door forcefully.

Yuan Sichun’s pupils constricted. She sat in an electric wheelchair and came to the door, but her crippled hands couldn’t open the door.

Yuan Muchun held the door handle tightly, not giving them any chance to escape.

She still remembered the guilt and uneasiness in the waiter’s eyes.

If she didn’t do that, the person in the room would be her!

She had just poured some wine into another glass.

Hence, the wine that Yuan Sichun drank was laced with medicine.

She knew that the amount was small and the effect was slow, so she deliberately went to the washroom to delay some time. Now, she was just waiting for the medicine to take effect.

She had to protect herself, so she didn’t want to be a good person.

They wanted to destroy her, so she had to give them a taste of their own medicine!

As time passed, Yuan Muchun finally let go of the doorknob and staggered towards the washroom.

Yuan Zhengchong was chatting happily with a few CEOs.

“CEO Yuan, congratulations on surviving this crisis. I hope you can be promoted more in the future!”

Everyone agreed. If the Yuan family survived this time, they would definitely be an unreachable existence in the future.

It was rare for them to meet Yuan Zhengchong. If they could build a good relationship with him, it would definitely be beneficial to them in the future.

Faced with everyone's agreement, Yuan Zhengchong only smiled.

"One will be blessed after surviving a disaster. Thank you for your concern for the Yuan family..."

"That's right. Every company has to go through a storm to be more stable. This is just a hurdle. I believe that the Yuan Corporation will get better in the future."

Although his words were full of flattery, Yuan Zhengchong was in a good mood.

Chapter 1472: Come Out

Although his words were full of flattery, Yuan Zhengchong was in a good mood.

Hearing this, she felt that it was exceptionally pleasing to the ears.

"Should we congratulate CEO Yuan for having a son-in-law like the eldest son-in-law of the Qin family?"

Yuan Zhengchong's face stiffened slightly.

She couldn't hide her expression.

Ye Zhiqing and Old Lady Qin looked at each other and smiled.

Old Lady Qin added, "Zhixuan is lucky. The second daughter of the Yuan family is smart. Even if Zhixuan leaves me in the future, I can leave the company to him."

These words were obviously a showdown. If Yuan Muchun was willing to marry her, the entire Qin family would be hers.

Yuan Zhengchong's stiff face finally looked better.

That way, he would be able to face his second daughter.

Ye Zhiqing felt upset and thought to herself that she had benefited from that b*tch.

But when she thought of Yuan Muchun's surname.

In the future, the Qin family would belong to the Yuan family.

At the thought of this, the smile on her face deepened. "Yuchun is so lucky. Compared to our Sichun, her life is much better. For her to have such a good ending, I can be considered to have given my poor sister an explanation."

Anyone could tell that she was referring to Yuan Muchun's deceased mother.

Everyone responded with a smile, but there was a tacit understanding.

Everyone knew how Madam Yuan had died during the engagement ceremony between CEO Shen and the CEO.

Who would bring up something that happened so many years ago if there wasn't something fishy?

In the hearts of everyone present, she wanted to clear her name.

But it was even more ridiculous.

Letting a good daughter marry a fool was considered an explanation for her mother.

Her explanation was really good. Was there a need for him to mention it?

Old Lady Qin brushed her hair and lowered her eyes, not commenting on Ye Zhiqing's words.

"Miss Yuan has always had a unique taste. She will definitely have a good husband."

"Yes, after all... she's the eldest daughter of the Yuan family. Her future husband will definitely be extraordinary."

The few of them racked their brains to compliment her. Ye Zhiqing's expression became happier.

In the end, she calculated the time and felt that it was about time. She straightened her back and looked around.

After looking around, she asked doubtfully,

"Where did that girl go? She threw a tantrum just now. Could she have left?"

Yuan Zhengchong looked around and indeed, he didn't see Yuan Muchun. His face turned cold.

"This girl is getting more and more outrageous!"

Ye Zhiqing patted his arm gently and comforted him.

"I told her to get along well with Young Master Qin. She shouldn't have left without a word. I'll go look for her..."

She turned around and looked at Old Lady Qin.

"Chairman Qin, can you ask where your grandson is?"

Old Lady Qin scanned her surroundings. "She was changing just now. She should still be in the room."

Joy flashed across Ye Zhiqing's eyes. "Really? These two children might be interacting with each other now."

One of them was puzzled. "That can't be. I saw the two sisters of the Yuan family together not long ago..."

Ye Zhiqing frowned and glared at the woman with a long tongue.

She already had a guilty conscience. Now that her daughter was suddenly mentioned, it would inevitably attract attention.

"Why don't we go to the room to take a look?"

Ye Zhiqing didn't care that Yuan Sichun had disappeared. She greeted Old Lady Qin and after receiving a response, she followed behind her.

Arriving at Qin Zhixuan's room, Old Lady Qin knocked on the door.

She was on the first floor and there were many people. She had to lock the door from the inside.

However, there was no response. Ye Zhiqing grabbed the door handle and opened it easily.

Old Lady Qin narrowed her eyes and gave Ye Zhiqing a meaningful look. Before she could say anything, Ye Zhiqing opened the door happily.

The high-end wooden door was wide open and there were too many people gathered at the entrance.

The moment the door opened, Ye Zhiqing screamed.

Everyone hurriedly looked over. The room was a mess.

However, the most attractive thing were the two bodies on the ground.

"Oh my god!"

"Damn, what an eyesore."

Everyone covered their eyes and complained awkwardly.

The door closed immediately, seemingly cleverly blocking everyone's vision.

Ye Zhiqing glanced at them hurriedly and didn't notice who the two of them were.

She didn't close the door until everyone exclaimed.

Then, she looked at Old Lady Qin awkwardly.

"This... really... I didn't expect young people to develop their relationship so quickly... But this is understandable. After all, the two of them have to be together in the end..."

Old Lady Qin had a faint smile on her face. She didn't mind. After all, her grandson knew how to deal with women. She wouldn't have to worry about the future children of the Qin family.

After all, the boy was not the victim.

However, Ye Zhiqing's words made everyone unhappy and confused.

"Judging from Second Miss Yuan's attitude towards Young Master Qin, it doesn't seem like their relationship has developed so quickly..."

"Hmm... This development is too fast..."

"The banquet hasn't ended yet and you're already so impatient. It's really..."

He didn't finish his sentence, but Yuan Zhengchong could hear the sarcasm in his voice.

Furious, he went forward and knocked on the door.

“Yuan Muchun, get out here!”

Ye Zhiqing went forward to pull Yuan Zhengchong’s arm. “Zhengchong, calm down. Isn’t it normal for young people to be together? There’s nothing wrong with that. Besides, the two of them have a good relationship now and their married life is much smoother...”

The veins on Yuan Zhengchong’s forehead bulged. “She has embarrassed me! No matter how good their relationship is, does she have to choose this time?! Does she have no shame?”

Ye Zhiqing continued to persuade her, “It’s enough as long as the children have a good relationship! What’s there to be embarrassed about?”

With that, her expression turned serious and she said to Old Lady Qin,

“Old Lady Qin, since things have developed to this stage, why don’t we discuss the marriage of the two children now...”

Old Lady Qin nodded. “Of course.”

However, Yuan Zhengchong still couldn’t take this lying down. Being seen by so many people as his daughter made him lose face.

Ignoring Ye Zhiqing’s obstruction, he knocked on the door again.

“Yuan Muchun, get out here!”

“What do you mean? Where does Father want me to go?”

Chapter 1473: Didn’t See Clearly

“What do you mean? Where does Father want me to go?”

At this moment, everyone felt that this voice was extremely familiar.

Everyone looked over and saw Yuan Muchun walking over from the other side of the corridor. She stopped in front of them and smiled coldly.

“You...”

“Why are you...”

“...”

Yuan Zhengchong was stunned.

Ye Zhiqing was stunned.

Everyone was even more confused.

Yuan Muchun?

The second daughter of the Yuan family?

Why was she here?

Everyone had the same doubt, and someone couldn't help but ask.

"Since Second Miss Yuan is here, who is the woman in the room?"

Everyone's gaze landed on Ye Zhiqing.

Someone who reacted faster said,

"Actually, it was quite fast. I only knew that there were two people in the room, but I didn't see who it was."

"Me too. It was too fast. I didn't see clearly..."

"I was standing at the front. I looked over the moment the door opened, but I didn't see the woman's face."

"I wonder how good Mrs Yuan's eyesight is. She could tell at a glance that that woman is the second daughter of the Yuan family?!"

"At first, I thought that after living together for so many years, it was natural for her to recognize me at a glance. But now that I think about it..."

That person didn't continue. After all, he had offended someone.

However, everyone who should understand understood.

"You didn't see anything clearly, but you insist that it's me? What good thing is it that you're pushing the blame on me?"

His words were full of sarcasm.

How could there be such a good thing?

It was clearly a basin of dirty water and even a feces basin.

A young and beautiful young lady had slept with a man before she was even married. No matter how one listened to it, it didn't seem appropriate.

Not to mention that this man was a fool.

Yuan Zhengchong stood rooted to the ground. His eyes flickered before darkening again.

Ye Zhiqing stood rooted to the ground with a pale face. Cold sweat covered her entire body and her heart trembled.

Why wasn't this b*tch in the room?

But there was a man and a woman in the room...

Who was that woman?

Could it be...

No, it can't be...

Yuan Muchun stood at the side, her eyes cold as she sized up Ye Zhiqing's expression.

"Oh right, there are so many people here. Where's my sister? Has she left?"

Her words were like a bomb that blew everyone up.

"That's right. It's impossible for her to leave alone. Where is she now?"

"That's right. She's in a wheelchair. She shouldn't be upstairs. She wasn't in the banquet hall just now..."

Everyone's attention was on the closed door.

"Could it be the woman in the room..."

"What nonsense are you spouting?! How could our Sichun do such a thing?!"

Ye Zhiqing's face turned pale. She would never believe that the woman in the room with that fool was her daughter!

Everyone sneered. "If Si Chun can't do such a thing, can the second daughter? Mrs Yuan, although the second daughter isn't your biological daughter, isn't the difference in treatment too obvious?"

Yuan Zhengchong naturally didn't believe it either, but he was furious at these people's speculation about Yuan Sichun!

"My daughter is definitely not such a loose woman. I won't allow you to slander my daughter like this. I want to see which indecent woman is making Sichun take the blame for her!"

Yuan Zhengchong was furious. He pushed Ye Zhiqing away and opened the door.

The room was filled with an unconcealable smell. Everyone frowned and placed their hands in front of their noses before rushing into the room.

The two people in the room fell to the floor in the same position as before.

Ye Zhiqing looked at the scene in front of her in disbelief. She was stunned for a few seconds before she suddenly screamed and pushed Qin Zhixuan aside!

"Beast! This beast!"

Qin Zhixuan was pushed to the side and hit the wall behind him.

Old Lady Qin's face darkened.

Without Qin Zhixuan's protection, Yuan Sichun's body was visible to everyone.

There were plenty of people who gloated and shook their heads helplessly.

"Ah, I thought it was something good. So it's something like this."

Ye Zhiqing wrapped Yuan Sichun's torn clothes around her.

When she heard Yuan Muchun's words, she looked up with hatred in her eyes.

Yuan Muchun continued to smile.

“Congratulations, Mother and Sister. Previously, I was envious of my good fortune with Young Master Qin. In the blink of an eye, this good fortune has landed on Sister. It’s really worth celebrating.”

Ye Zhiqing’s face was ferocious and terrifying as she glared at Yuan Muchun’s face. Her entire body was trembling visibly.

“Yuan Muchun, this is all your fault, right?!”

Yuan Muchun chuckled, her eyes cold.

“Mother, what do you mean?”

Yuan Muchun didn’t intend to hide her expression at all. However, the more she saw her calm expression, the angrier Ye Zhiqing became. Her rationality was completely engulfed.

“It must be you. You little b*tch must have harmed Sichun to this extent! It should have been you...”

“Oh? What do you mean by ‘it should be me’?”

Ye Zhiqing’s expression froze.

Yuan Muchun accurately grasped her flaw and continued, “Isn’t this a consensual matter? What can I do? If Sister isn’t willing, she can resist. Why did it look like... It should have been me...”

After a pause, she pretended to be deep in thought and repeated Ye Zhiqing’s words. Suddenly, she came to a realization. She looked up at Ye Zhiqing and suddenly smiled.

“... The person you planned to have sex with today was me, right?”

Everyone shifted their gaze to Ye Zhiqing.

Chapter 1474: No Need to Talk

“I was wondering why Sister insisted on drinking with me back then. Now it seems like there was indeed something added to that glass of wine!”

Yuan Zhengchong frowned. “What nonsense are you spouting!”

Yuan Muchun didn’t even look at him and continued to look at Ye Zhiqing.

“I accidentally poured half of the wine that the waiter gave me. The remaining half was spilled on my dress. I didn’t drink a single drop...”

Ye Zhiqing widened her eyes angrily. “...What wine? I don’t know what you’re talking about!”

Yuan Muchun nodded. “I see. Then I’m thinking too much. In that case, Sister should be willing to be with Young Master Qin?”

Ye Zhiqing was filled with regret. She never expected that her daughter, who had been proud for so many years and had high standards, would end up like this.

She had suffered enough in the past. She had always been her pride and her darling. How did she end up like this...

Willingly...

If she didn't admit it willingly, it was equivalent to admitting that they had drugged her wine!

If news of this got out, it would definitely have a huge negative impact on the Yuan family...

So, were they going to accept their fate?

However, no matter how she tried to escape, everyone knew what was going on.

Yuan Zhengchong's body swayed and he felt dizzy.

Although Yuan Sichun had always embarrassed him, he had placed most of his energy and focus on her all these years. He had favored her since she was young. Even if something happened to her, Yuan Sichun was still his most beloved daughter.

He was the future head of the Yuan family, but...

Sighing heavily, he turned to Old Lady Qin and said,

"Since it has already happened, let's discuss the marriage of the two children..."

Old Lady Qin's gaze lingered on Yuan Sichun for a while before she shook her head with a cold smile.

"There's no need. Since it's not the second daughter of the Yuan family, there's no need to discuss this marriage."

Yuan Zhengchong didn't expect Old Lady Qin to say that and his face darkened.

"Old Lady Qin, what do you mean?"

Old Lady Qin smiled and replied, "It's really unfair to let your precious daughter marry a beast!"

Yuan Zhengchong looked embarrassed. "Old Madam Qin, she was too impulsive just now..."

Old Lady Qin nodded and said, "I accept the excuse of being impulsive. However, there's no need to talk about marriage."

The Qin family only had one grandson. In the future, the company could only rely on his wife.

I don't like Miss Yuan's business acumen. Moreover, no matter how bad my grandson is, he won't marry a crippled and vicious woman!"

Her merciless words made Yuan Zhengchong furious!

"You..."

"CEO Yuan, let me remind you. What you treasure is actually trash in the eyes of others!"

"Unfortunately, we can't cross the threshold of your Yuan family. Our relationship ends here. Forgive me for not sending you off."

She chased him out mercilessly.

Ye Zhiqing was stunned by Old Lady Qin's words.

“Old Lady Qin, don’t you know how capable your Qin family is? How dare you provoke the Yuan family like this? Do you know that if the Yuan family makes a move, your Qin family will definitely return to the past overnight!”

Old Lady Qin sneered. “That’s better than marrying Miss Yuan.”

“Pfft, she would rather ruin the Qin family than marry the eldest daughter of the Yuan family. This eldest daughter of the Yuan family is even worse than a good-for-nothing!”

“Hahaha, if it were you, would you dare to marry her?”

“Am I crazy?”

A strong sense of humiliation overwhelmed Yuan Zhengchong. At the same time, he suddenly understood that the elder daughter he had always valued had long been ruined.

Now, others would rather go bankrupt than marry her!

Even a fool wouldn’t want her!

Ye Zhiqing hugged Yuan Sichun’s body and was furious!

“Good! Good! Just you wait! The Yuan Corporation will not let you off for treating us like this! Qin Corporation, you must be the first to go bankrupt!!!”

No one wanted to stay any longer, nor did they want to make their presence known in front of Madam Yuan. They turned around and left.

“Let’s go!”

“The banquet should end soon!”

“Oh my, it’s almost ten o’clock... Huh?... Wait a minute, it’s news from Stars International...”

CEO Shen...

Wasn’t that Shen Fanxing?

News about Shen Fanxing had become the hottest topic in Ping Cheng City.

Upon hearing this, everyone stopped in their tracks.

“What’s wrong, what news does CEO Shen have?”

“Is she back in the country or something?”

“No, the news said she was in Las Vegas.”

“There’s news about her in Las Vegas? Indeed, CEO Shen is everywhere.”

“What did he say?”

“Oh my god... CEO Shen gambled in Las Vegas and won an astronomical figure overnight. Now that he has 20 billion yuan in his hand, he announced to the media that he has a sugar daddy!”

“20 billion?! Oh my god, I’ve never heard of it!”

“Yes, I was blocked by the manager of the casino today.”

“He’s amazing! He can even win gambling! What kind of luck is this?!”

“Hehe, he got 20 billion overnight. We really can’t compare...”

When Yuan Muchun heard this news, his cold eyes sank for a while before he suddenly laughed softly.

Ye Zhiqing was so angry that her liver hurt. She had harmed her daughter so badly. How could she still smile?

“Damn b*tch! If you laugh again, I’ll tear your face apart!”

The smile on Yuan Muchun’s face remained, but there was a layer of coldness.

She turned to look at Yuan Zhengchong and said,

“With her current state, are you sure you want her to continue being the family head?”

Yuan Zhengchong narrowed his eyes at her. “What do you mean?”

“Of course I want the right to inherit the Yuan family!”

Yuan Muchun didn’t hide anything. “Her limbs are crippled and even a fool doesn’t want her. What do you expect from her?”

Yuan Zhengchong’s face darkened.

Seeing this, Ye Zhiqing panicked. “B*tch, you caused your sister to become like this. It turns out that you want to snatch the Yuan family away from her! Zhengchong, look at how vicious she is at such a young age. I’ve really fed her to the dogs out of kindness. I’ve given my all for so many years, but I didn’t expect to raise such an ingrate!”

“Shut up!”

Yuan Muchun finally couldn’t take it anymore and shouted in a low voice.

Her bloodshot eyes glared at Ye Zhiqing. “You’re sincere? Ye Zhiqing, what right do you have to say that?! The Yuan family has never belonged to you. How can I snatch it away?”

Chapter 1475: She’s Right

Her bloodshot eyes glared at Ye Zhiqing. “You’re sincere? Ye Zhiqing, what right do you have to say that?! The Yuan family has never belonged to you. How can I snatch it away?”

“You caused the death of my mother, became the first wife, and became the wife of the Yuan family. That means that the entire Yuan family has become yours, right?”

I won’t let my mother’s death go! It’s time for you to pay for what you’ve done back then!

With Yuan Sichun's current state, who would want to marry her if she refused to accept a fool? As a member of the Yuan family, she couldn't even play the most basic role. How could she manage the Yuan family?

She was precious and popular, but in the eyes of others, she was worse than trash!

Hand the Yuan family over to her? Ha, you might as well sell your shares to Stars International. That way, you won't have to live on the streets!"

Yuan Zhengchong was livid with anger, but he couldn't refute Yuan Muchun's words.

Si Chun's limbs had already been crippled by Bo Jinchuan. Now, her body had been tainted by a fool and she had been rejected on the spot. Her reputation was already terrible. Now that even a fool didn't want her, who would dare to marry her in the future?

Although Yuan Muchun's words were not pleasing to the ears, they were the truth.

At this moment, someone in the crowd mentioned Shen Fanxing's news. The casino had won 20 billion yuan overnight.

Twenty billion was a coincidence.

She had won 20 billion yuan overnight, and his 20 billion yuan was given away.

Thinking about it, it was really ironic.

20 billion...

Coupled with Shen Fanxing's company, she had a lot of capital to suppress the Yuan Corporation...

She couldn't help but feel wary of Shen Fanxing.

But how did the Yuan Consortium end up in such a precarious situation?

He didn't dare to drink water with Shen Fanxing, so why...

Turning to look at Yuan Sichun, who was being hugged by Ye Zhiqing, anger suddenly rose in his heart.

Yes!

Everything was caused by this eldest daughter whom he had high hopes for!

If she hadn't provoked Shen Fanxing, the Yuan family wouldn't have become like this!

"Zhengchong, you have to think carefully. No matter how useless Sichun is, she's still a member of the Ye family. Everyone knows that Princess Ava is her aunt! At the very least, she has my cousin to rely on in the future. That little b*tch is alone. What can she do?!"

Yuan Zhengchong's eyes flashed. Yes!

That was the crux of the matter.

With her relationship with Princess Ava of Country Y, it was much more reliable to hand the Yuan family to Si Chun than to Mu Chun.

Yuan Muchun probably saw through Yuan Zhengchong's decision and snorted coldly.

"Since you insist, I naturally won't force you. But believe me, handing the Yuan family to this mother and daughter will only destroy it faster! If you don't believe me, just wait and see how the Yuan family is destroyed!"

After Yuan Muchun finished speaking, she glanced at the three of them sarcastically before lifting her skirt and leaving.

She had expected Yuan Zhengchong's final decision.

Therefore, she didn't feel hurt.

On the contrary, she was happy tonight.

Very happy.

Because she was no longer weak, because she had finally destroyed Yuan Sichun tonight.

Yes, he had completely destroyed her!

She wouldn't feel guilty for destroying someone who was her biological sister.

Because it wasn't worth it.

Because tonight, she wouldn't be the one locked in the room and pinned to the ground by that fool...

Sister-in-law was right. There was no need for them to be kind to these provocative people.

If she protected herself well, she should have the right to be kind.

Sister-in-law was right, she was right...

"Hehe... hehehe..."

Yuan Muchun chuckled as tears streamed down her face. She quickened her pace until she started running!

On a winter night, the cold air blew on her face, and the places where her tears fell were even colder.

She had tolerated it for so many years and always thought that everything would be fine if she didn't fight for it.

In the end, they refused to let her off.

She used to be weak.

Because she had no mother since she was young, her grandparents doted on her. However, ever since the two elders passed away a few years ago, there was no place for her anymore.

Other than the Yuan family, she had no one to rely on.

Just like now, after leaving the Yuan family, she didn't even know where to go.

In the end, Yuan Muchun arrived at the old residence left behind by her grandparents.

She had not been to this house for a long time. Back then, when her grandparents bought it in Ping Cheng City, they liked the quietness here. The appearance and decoration of the villa were very classic.

When the two elders were young, they were both in the education industry. It was said that they met and fell in love on campus. Both families were scholarly and had countless outstanding juniors. Their reputations were still respected.

It was a pity that her daughter had married into a wealthy and powerful family.

Back then, she didn't understand what others meant by "what a pity".

Now, she completely understood.

It was money and power that had ended her mother's life.

Her only gratitude to the Yuan family was that no matter what, they had allowed her to survive, even though they had treated her as a tool.

However, she was glad that the Yuan family did not lack money and allowed her to continue studying.

She thought that this was probably the only thing that made her grandparents happy.

No one stayed in the villa all year round, so they rushed here late at night. The entire villa was hidden in the dark night, and the huge outline of the villa could be vaguely seen.

She lifted the hem of her dress and limped over. She fumbled for a long time through the mouth of the stone lion at the entrance. Finally, she walked to the door and fumbled again. Finally, the door opened.

She exhaled lightly and walked in with the hem of her dress. The warmth in the room instantly enveloped her. She reached out to turn on the light, but it didn't light up.

She repeated it a few times, but it didn't light up.

If no one stayed here for a long time, the electricity would have been cut off.

She took a deep breath and walked to the living room in the moonlight. She found the sofa and snuggled into it.

This room was really warm...

What happened tonight was the craziest thing she had done so far.

She had almost exhausted all her energy.

In a daze, she gradually fell asleep.

At this moment, in a luxury car driving in the dark night, there was a conversation.

"CEO Wen, the villa you instructed us to clean has been cleaned today. The heating has also been settled. There shouldn't be any other problems. Would you like to go to the hotel for the night or return to the villa directly?"

"Let's go back to the villa," he replied simply.

Chapter 1476: Possession

“Let’s go back to the villa,” he replied simply.

The headlights on both sides of the road occasionally flashed past the car, illuminating the face of the man sitting behind the car.

He had sharp eyebrows and dark eyes. His thin lips were slightly pursed and he looked as noble as jade. He was expressionless and his body exuded an indifferent aura.

It wasn’t sharp or harsh, but it gave off a distant feeling.

The car finally stopped outside a classic-looking villa. The headlights flashed past, illuminating the villa that was hidden in the darkness.

The assistant got out of the car and opened the door respectfully. A tall and slender figure got out of the car and glanced at the villa.

The assistant looked at the dark villa and shuddered.

“I reckon... the housekeeping staff didn’t pay much for the electricity...”

“Yes. Help me hand it in later. Bring all the luggage over tomorrow morning.”

“Okay!”

The assistant hurriedly replied as the man walked into the villa.

With the help of the headlights, the man successfully opened the door and walked in. Only then did the assistant get into the car, turned the car around, and drove away.

On the way, she asked the power station for the villa’s electricity meter account and paid the electricity bill online.

Wen Xuchen took out his phone and turned on the flashlight. After entering, he scanned the entrance and found the stairs on the second floor. He then went upstairs.

Ten minutes later, the lights in the villa lit up after the assistant successfully paid the electricity bill.

The entire villa was instantly lit up.

The strong light made Yuan Muchun frown. She opened her eyes in a daze. Her eyes were swollen from crying. Seeing the bright light, she paused and stood up. She rubbed her eyes and went upstairs.

Wen Xuchen came out of the bathroom and walked to the bed to rest. However, he realized that the place where he should be sleeping had long been occupied by a woman.

“...”

Frowning, he stood by the bed and looked down at the sleeping woman.

Her face was pure and clean, and her sleeping expression was calm.

Her sleeping face was still acceptable.

Although her eyes were closed, one could tell at a glance that they were swollen.

She had obviously been crying.

She had appeared in his villa for no reason and occupied his place to sleep. What was there to cry about?

After staring at her sleeping face for a long time, he narrowed his eyes and bent down to take a closer look at her.

He raised his index finger and tapped her chin. He shook her head slightly and his eyes paused.

Then, she retracted her hand and straightened her body. She stared at the woman's sleeping face for a long time.

His dark and deep eyes were deep in thought. His index finger and thumb rubbed gently, and the delicate touch imprinted on it was unusually clear.

After a long while, he turned around silently and walked to the other side of the bed. He lifted the blanket and lay down.

She turned off the lights and went to sleep.

The two of them occupied both sides of the bed. It was as if there was an invisible barrier between them.

The next day, Yuan Muchun woke up. His swollen eyes were so heavy that it was difficult for him to even open them.

She rubbed her hands and paused when she saw the white ceiling. Then, she remembered that she had come to her grandparents' villa alone last night.

She rolled over and relaxed, but her breath got stuck in her throat.

She stared at the sleeping face of the strange man beside the bed. Her eyes widened slowly and fear filled them.

She slowly grabbed the edge of the blanket and lifted it slightly. When she lowered her eyes and saw that she was still wearing her clothes, she finally exhaled.

But...

Who was this man?

Why was he in his grandparents' room?

Could it be that she was a thief or an outlaw? She had nowhere to stay and had taken a fancy to her grandparents' villa, which was uninhabited all year round, so she treated it as her refuge!

She didn't know anything, yet she came here alone and slept on the same bed as him?!

Her heart suddenly pounded. She gritted her teeth and got out of bed as softly as possible. She tiptoed out of the room.

She ran all the way downstairs and found the landline. Without thinking, she grabbed the microphone and pressed 110...

Not long after Wen Xuchen woke up, he was brought to the police station by two uniformed men who had barged into his bedroom...

—

What happened at Young Master Qin's birthday party became a hot topic the next day.

The incident between Yuan Sichun and Young Master Qin was exposed. Old Lady Qin even rejected Yuan Sichun's proposal to marry into the Qin family on the spot. Ye Zhiqing also used the Yuan family's name to reprimand the guests and Old Lady Qin.

This was undoubtedly another day for netizens to complain.

"What a family. Indeed, we're all family!"

"No wonder our daughter bullies others. It's because she has a snobbish mother."

"I pity Second Miss Yuan for being arranged to marry a fool. But Old Lady Qin is indeed stubborn. Her words are too refreshing."

"Haha, she should have seen herself clearly this time. She's a woman that even a fool wouldn't want. She even thinks that she's superior to others and wants to marry the CEO of the Bo Consortium. Tsk tsk..."

"I heard that the new chairman of the Bo Consortium is going to invest in the Yuan Corporation's new project! With the Yuan family's current situation, they might lose everything!"

"What's there to be afraid of? The Bo Consortium is rich and powerful. Why would they care about this money?"

"But you can't do that. Didn't the previous CEO want to annihilate the Bo Consortium?"

"The company is gone. What can he do?"

"Are you stupid? Didn't you see the news last night? CEO Shen won 20 billion yuan in Las Vegas. In front of the media, he used this 20 billion yuan to bribe the CEO! 20 billion yuan!"

"That can't be compared to the Bo Consortium..."

"Tsk, it's not easy to destroy the Bo Consortium..."

Yuan Sichun had not been in a good state since the incident yesterday. She lay on the bed with her eyes wide open.

She was as lifeless as a corpse.

However, early in the morning, her screams could be heard from her room.

Everyone was scared out of their wits and rushed into her bedroom. They found her sitting on the bed, her eyes red and her face hideous as she screamed.

“Why, why is it always me! B*tch! It’s all because of me! Yuan Muchun, I want to kill her. I want to kill that damn b*tch!”

The news was abuzz. The servants knew almost everything that happened last night.

The eldest daughter of the Yuan family, who had always been pampered and arrogant, had slept with a fool. In the end, the other party didn’t want her. They didn’t know how to face her.

Chapter 1477: Entering the Company

Now that she was hysterical like a lunatic and full of slurs, he would kill her!

He hated her even more.

Ye Zhiqing rushed into the room and was shocked to see Yuan Sichun’s crazy expression.

“Sichun, calm down...”

Yuan Sichun looked at Ye Zhiqing with her bloodshot eyes. “Calm down?! Mom, I want to kill them! It’s Yuan Muchun and Shen Fanxing who harmed me. I want to kill them!”

After shouting, she held her head and kept shaking her head.

“What should I do?! I was actually tricked by a fool... How should I face Brother Bo? How should I explain to him... It’s even more impossible for Brother Bo to love me. What should I do?! Mom, it’s Yuan Muchun, no, Shen Fanxing. Shen Fanxing taught Yuan Muchun to harm me...”

Ye Zhiqing looked troubled and her heart ached.

Back then, she had schemed and succeeded in becoming Mrs Yuan, supporting Yuan Sichun to become Yuan Zhengchong’s most valued daughter.

But why did things turn out like this?

Yuan Muchun, Shen Fanxing...

“Where’s my phone? Isn’t Shen Fanxing on the news? Let me see what’s wrong with her...”

She vaguely heard someone mention that Shen Fanxing was on the news again yesterday. She wanted to see what that b*tch could do.

“Sichun...”

“Give me the phone!!!”

Ye Zhiqing wanted to stop her, but Yuan Sichun’s roar made her heart tremble.

Someone immediately handed her the phone, only to find that most of the news online was about her and the Yuan family.

There were even photos of her and that fool from the Qin family.

Old Lady Qin despised her for rejecting her and Ye Zhiqing’s threatening words...

The people on the Internet mocked and ridiculed.

Yuan Sichun's face turned purple and her hand that was holding the phone trembled violently. She wished that the phone would be crushed in her hand the next second.

However, she still managed to read about Shen Fanxing.

Las Vegas won 20 billion yuan overnight and gave it all to Bo Jinchuan.

There was even a video of Bo Jinchuan admitting that Shen Fanxing was his wife. He accepted the 20 billion yuan maintenance fee happily.

Sugar daddy...

Brother Bo could actually accept being a mistress?

Ha...

Twenty billion yuan and he was already a kept man...

He knew that he was much more important to her than 200 billion yuan.

How could he accept Shen Fanxing's insult?

How much did he indulge Shen Fanxing?

Twenty billion yuan overnight...

And she needed to cut off 20% of her shares in order to invest 20 billion yuan...

This comparison made the hatred in her heart grow even more!

Why? Why could she get everything she wanted so easily?

Nothing could happen to the Yuan Corporation. She had to use the Yuan Corporation to crush Shen Fanxing!

"Where's my dad?!"

"I'm busy at the company. Sichun, calm down..."

Ye Zhiqing was really afraid of Yuan Sichun now. She felt that she had been mentally unstable recently.

He had a bad temper and a ferocious expression. Every time she saw him, she would have nightmares uncontrollably.

"Wash up! The company must be busy now. I want to help Daddy!"

No one could take away the Yuan Corporation. The Yuan Corporation was hers!

Ye Zhiqing knew that she couldn't persuade her. She instructed the servants to help her wash up before bringing her to the company.

The moment she entered the company, all the employees had strange expressions when they saw her.

Ye Zhiqing endured the pressure and pushed Yuan Sichun towards Yuan Zhengchong's office.

“She’s really shameless. After what happened last night, she came out today. What is she thinking?”

“If I were her, I would commit suicide. How dare she come out!”

“She’s simply a jinx. She doesn’t have the ability to fight with others. The entertainment company was destroyed by her in a few days, and the huge Yuan Corporation will suffer with her! I thought that after entering the Yuan Corporation, I would be able to live a carefree life, but in the end... she’s a jinx!”

“Forget it, forget it. Anyway, isn’t the funds about to arrive? It’s fine as long as I survive this...”

“So is she out to show off?”

...

In Yuan Zhengchong’s office, the higher-ups of the various departments were discussing the details of the project.

When they saw Yuan Sichun, their expressions darkened.

Yuan Zhengchong frowned at her. “Why are you here?!”

Yuan Sichun glanced at the higher-ups and said to Yuan Zhengchong without greeting them,

“I know the company is very busy these few days, so I came to see if there’s anything I can help with.”

Yuan Zhengchong glanced at her and said, “I don’t need you here. Go back and recuperate first.”

Yuan Sichun sneered. Recuperate?

So what if she did? Could she recover?

“After all, I’ll be taking over the company in the future. I want to learn management from Father now...”

The moment he said that, the expressions of the higher-ups in the company changed.

What was her reputation like now? She still wanted to take over the company?

The thought of being controlled by such a woman in the future disgusted them!

Yuan Zhengchong naturally noticed the obvious thoughts of the higher-ups and couldn’t help but feel troubled.

Was he really going to hand the Yuan Corporation to Sichun?

Other than the fact that she had an aunt who was a princess, she was neither capable nor reputable. Her reputation was even worse...

If the handover really happened, the entire company’s employees would probably go on strike to protest...

“Dad, what are you discussing? Is there anything I can help you with?”

“Let’s discuss the details of the development. You don’t have to participate in this...”

“This should be the most important project of the Yuan Corporation in recent years. I think I need to know this...”

Yuan Sichun was determined to participate, and the higher-ups had tense expressions.

“We’re discussing the time for the real-time development of various small projects. We also have to choose the first stop around the world. Miss Yuan, you shouldn’t be very clear about the economic situation around the world, right? How are you going to participate?”

The higher-ups were obviously repulsed by Yuan Sichun. They threw out two simple questions and couldn’t hide their disgust.

Yuan Sichun frowned and said,

“Why do we have to choose the location of the first development? We should have discussed which country and area to launch each project, right? Why don’t we do it at the same time? With such continuous construction and development, how many years will it take for this project to be completed?”

Chapter 1478: It’s Mine Sooner or Later

Now that it was such a big project, they had to be extremely cautious! They had to choose the best place to carry out the trial project together. Whether the implementation of the project was high or low, and which areas needed to be improved, there was also the problem of the funds being reinstated. It was more convenient to carry out a development project... How many things did this involve?

If Eldest Miss Yuan doesn’t understand, I advise you not to participate. Be the Eldest Miss of the Yuan family and be capable. Isn’t that good?”

Yuan Sichun suppressed her anger from the contempt and disdain from the higher-ups and said coldly,

“First of all, the success rate of this project must be very high. If there are risks, why waste so much effort on this project? Since we decided to develop it back then, isn’t there a need for it to be developed?”

Of course, the funds will be reinstated! Why worry about these problems? The initial reserve funds are 20 billion yuan. Can’t the projects be carried out at the same time?”

“Investment is risky. The biggest taboo in business is to be too optimistic and not consider any accidents or risks!

Miss Yuan had fought with CEO Shen of Stars International for so long. Had she not learned her lesson?

She always thought that she could defeat the other party and had never considered the possibility of failure. Therefore, she failed every time. Furthermore, she had no countermeasures every time she failed...

As the saying goes, once bitten, twice shy. Once bitten, twice shy. I think Miss Yuan has no awareness at all!”

Yuan Sichun’s face was livid and her face twitched, making her look ferocious.

“No matter what, you’ve been in the business world for many years. Why don’t you have the courage to strategize?”

“You...”

Yuan Sichun’s words were obviously filled with sarcasm and mockery. She had no intention of saving face for the company’s higher-ups.

Yuan Zhengchong’s face had already turned green.

“Dad, since there’s no problem with the 20 billion yuan, I think the most important thing is to complete the project as soon as possible. You have to know that the Chu Corporation is also working on the same project. If we continue to delay, I’m afraid they will have already stabilized...”

“Old Yuan! This project isn’t for people to act on impulse! If the quality isn’t good enough and an accident happens in the middle...”

“Do you think I want to develop a project worth 20 billion yuan?”

Being interrupted by Yuan Sichun, the higher-ups couldn’t take it anymore and suddenly slammed the table.

“You don’t know anything, so don’t get involved here! It’s precisely because it’s a 20 billion investment that we have to be careful again and again!”

Old Yuan! I heard that you still intend to hand the Yuan Corporation to your eldest daughter? With her current state, the Yuan Corporation will be finished sooner or later!

I’ll say this now. If you really hand the Yuan Corporation to her, don’t blame me for abandoning you!”

Yuan Sichun gritted her teeth and trembled in anger. Before Yuan Zhengchong could comfort her, she said,

“Don’t worry, it won’t happen again!” She paused and sneered. “Because I’ll get you out of the Yuan Corporation before you quit!”

Slap! Yuan Zhengchong suddenly slammed the table heavily. “Yuan Sichun! Shut up!”

It was impossible for a company to exist and develop on its own.

Moreover, these higher-ups had invested their entire lives into the Yuan Consortium.

Regardless of how selfish she was, it was harmless.

He was already worried that if he really handed the company to Yuan Sichun, she wouldn’t be able to handle such a huge company. He even wanted to lower his pride and ask them to take care of it in the future.

Yet, she had offended all of them the moment she arrived.

However, Yuan Sichun wasn’t affected by Yuan Zhengchong’s anger at all.

“Dad, the Yuan Corporation will be mine sooner or later. Now that they’re ostracizing me, I can’t guarantee that they’ll secretly make things difficult for me after I take over. If that’s the case, why don’t I eliminate the dissidents first...”

The higher-ups in the room stood up when they heard that.

“Hehe, Old Yuan, I’ve finally witnessed the capabilities of your eldest daughter today! What an eye-opener!”

“In that case, let’s take this opportunity to confirm if you really want to hand the Yuan Corporation to her. If that’s the case, I’ll officially announce my withdrawal from the Yuan Corporation today so that I won’t be chased out by the future chairman. I’ve worked hard in the Yuan Corporation for most of my life. I don’t want to leave in disgrace!”

Yuan Zhengchong’s face darkened. “Old Gao...”

Yuan Sichun said again, “Dad, just because he can threaten you now doesn’t mean that he won’t threaten me in the future. Since he mentioned it now, why don’t you agree to him? It’s not like the Yuan Corporation can’t move without him.”

The muscles on Yuan Zhengchong’s face twitched violently. “Yuan Sichun...”

Bang! The office door was suddenly opened.

Everyone turned their heads and saw the secretary standing at the door in a panic.

She paused when she saw the room full of people.

Ye Zhiqing, who had been holding Yuan Sichun’s wheelchair, trembled in fear.

Seeing that it was his secretary, he clutched his chest and gritted his teeth.

“Do you have any rules?! Did you knock on the door of the chairman’s office?! Are you stupid? Don’t you know that there are other people in the office?!”

The secretary bit her lips and stood at the door to look at Yuan Zhengchong. After hesitating for a while, she said nervously, “Chairman Yuan...”

Yuan Zhengchong knew how capable his secretary was. Seeing her like this, he suppressed the anger in his heart and asked in a low voice,

“What is it?”

The secretary gulped and said,

“There’s a problem with the funds invested by the Ye Corporation.”

Yuan Zhengchong frowned. “What happened?”

“The news is on the television now. Viscount Raith has called for an impromptu press conference. And...”

She didn’t continue and looked at Yuan Sichun.

His expression was complicated.

Yuan Zhengchong did not continue listening. He hurriedly found the remote control and turned on the multimedia in the office.

Every financial channel was reporting the same thing.

The news clip showed Leith holding a press conference.

It clearly expressed that the Ye Corporation had withdrawn their investment in the Yuan Corporation.

Under the media's questioning, he only explained that there was a problem with the Ye Corporation's funds and they wouldn't be investing for the time being.

No matter how many questions the reporters asked, he avoided them.

This piece of news caused the entire office to fall silent.

Only the reporters' voices were particularly ear-piercing.

The remote control in Yuan Zhengchong's hand fell to the ground.

She collapsed into a chair.

Chapter 1479: Sin

Ye Zhiqing was also stunned. "How did this happen? What happened?"

Yuan Sichun's face was pale and her expression was indescribably ugly.

"Impossible... Impossible! Dad, quickly call Aunt and ask her what happened. She has already agreed to it. How can she go back on her word..."

Before Yuan Zhengchong could react, another piece of news appeared on the television.

It turned out that after the reporters failed to find out the exact reason, they went to investigate personally. In the end, they easily discovered the reason why Leisi had withdrawn his funds.

"According to our investigation, there was a huge gamble last night in a large casino in Las Vegas.

The two people who had gambled were Viscount Leith, who had just announced that he would withdraw his investment in the Yuan Corporation. As for the other person, everyone had already guessed—

She was the biological granddaughter of Queen Yulia of Country Y, the internationally renowned chief perfumer, and the president of Stars International, Miss Shen Fanxing.

"I heard that in this gamble, Viscount Leisi successfully lost the 20 billion yuan that he should have invested in the Yuan Corporation to President Shen..."

"..."

"..."

"..."

Next, Shen Fanxing used 20 billion yuan to support Bo Jinchuan in front of the media.

Everyone in the office couldn't take their eyes off the video.

Even Yuan Zhengchong's mind was blank.

This was probably the most helpless and anxious moment of his life.

Even though his business had been snatched away by the Chu Company and the company's shares had plummeted, he had never been as terrified as he was now.

After all, he knew that he still had a trump card.

Princess Ava of Country Y.

What was the situation now?

He was the one who exposed Princess Ava. What should have happened naturally was now completely overturned.

Now, he had nowhere to retreat.

There was no strategy at all.

He was completely exhausted.

"Ha..."

After a while, the higher-ups in the office laughed softly.

"This is great. There's no need to confront each other because of the order of the project. You even want 20 billion yuan to be invested in the development of the project at the same time. Hehe... I want to see how you can think of developing it at the same time this time!"

The words of the senior executive whom Yuan Sichun had threatened to get rid of seemed to be filled with the most malicious mockery in the world.

Yuan Sichun's face was pale and her hands were trembling visibly. She didn't even have the strength to clench them.

20 billion...

It turned out that Shen Fanxing had won the 20 billion yuan from Leisi...

"She did it on purpose! That b*tch did it on purpose!" she muttered in reality. Then, her voice became louder and she looked up abruptly with a ferocious expression.

"That b*tch did it on purpose! Why did she suddenly go to Las Vegas in Country Y? She went there for Leisi! She stole the 20 billion yuan that Leisi should have given us!"

She spoke urgently, as if to prove something.

"So what are you trying to say?"

The higher-ups said sarcastically, "So what if she did it on purpose? It's an undeniable fact that Leisi lost 20 billion yuan. No matter how much you say, 20 billion yuan can't be given to you. It can only prove that you're far inferior to CEO Shen of Stars International. Perhaps there's nothing to compare!"

"Now that things have come to this, I think the Yuan Corporation's shares have probably collapsed. Old Yuan, look, your eldest daughter is really capable. She really has the ability to destroy the huge Yuan family and the Yuan Corporation!"

There's no need for her to chase me away. I'm afraid I can't stay in this company anymore. Let's leave it at that!"

After saying that, the higher-ups left. The few higher-ups behind shook their heads and sighed. They stood up and left as well.

"What a sin. What a sin."

"She's simply a jinx."

"What are you waiting for? How can she have the chance to take over?"

"That's good too. It saves us the effort."

The voices of regret and relief faded away.

Only the family of three was left in the office. It was dead silent.

—

These headlines instantly raised the atmosphere in Ping Cheng City to a new high.

Of course, more people were delighted and applauded.

The stock price of the Yuan Corporation plummeted. Within an hour after the news was released, it hit its limit down.

This incident caused the Yuan Corporation's funds to evaporate.

What had disappeared in the past could not be salvaged. Now that it had disappeared again, the Yuan Corporation was experiencing a tragedy that no company had ever experienced.

Faced with such a situation, Yuan Zhengchong couldn't come up with a convincing explanation.

Immediately after, Lehua Entertainment's fraudulent contract and forced artists to use sexual bribery were implemented.

The relevant departments, who had been dragging the matter of not managing Lehua Entertainment, had been secretly observing the Yuan Corporation. Previously, when they saw that the Yuan Corporation's situation had improved, they decided not to offend them and had delayed it until now.

Seeing that the Yuan Corporation was really helpless this time, she immediately expressed her stance.

For such a huge company to actually commit contract fraud and force an artist to engage in dirty dealings for profit was something inhumane and intolerable.

In the past, they had already determined that this matter was the truth. Now that the department had confirmed it personally, it had aroused public anger.

“Although some departments are taking advantage of the situation and adding insult to injury, I feel very good. There’s nothing better than adding insult to the Yuan Corporation.”

“Serves you right! A black-hearted company should go bankrupt!”

“Yesterday, a certain mother and daughter threatened to teach us a lesson. Now that we’ve failed, it’s even more exciting!”

“CEO Shen is amazing. She actually managed to snatch 20 billion yuan. Goddess is indeed different!”

“20 billion yuan! I still can’t believe it. How did she convince Leith to bet with her?”

“Is that the main point? The main point is that she really won! Is she the reincarnation of a god? She took a fancy to the 20 billion yuan and got it!”

“She’s really an immortal! She’s too powerful! Let’s see how the Yuan Corporation can survive this!”

“Hurry up. I feel disgusted when I see the faces of the Yuan family!”

“I miss CEO Shen! I wonder when my goddess will return!”

—

Shen Fanxing had already boarded the plane.

With the promissory note and the 20 billion yuan, all the casinos in Las Vegas acted as if they had seen the plague. They were rejected for all sorts of reasons.

The few of them had nowhere to go. After some thought, they decided to return to the country and get down to business.

Chapter 1480: Spoiling Her Willfully

On the plane, Shen Fanxing was reading the news on her phone.

When she saw what happened to Yuan Sichun at the Qin family’s young master’s birthday party, she didn’t know what to think.

As a woman, she shouldn’t have clapped and cheered for her.

However, as an enemy who had been pestered time and time again, she did not sympathize with such an encounter.

Moreover, she might be able to guess something from the video.

The Yuan family had nothing to do with the Qin family, but why did she suddenly attend the Qin family’s young master’s birthday party? It was because Bo Anxi had mentioned to her that the Yuan family wanted to marry Yuan Muchun to a fool.

In order to let Xiaochun marry him successfully, she didn’t believe that Yuan Sichun and Ye Zhiqing wouldn’t use any unconventional methods.

In the end, Mu Chun was fine, but Yuan Sichun was the one who got into trouble. It could only be said that Yuan Sichun had shot herself in the foot and harmed herself and others.

She wondered why it was her in the end. Compared to her understanding of Yuan Sichun, Yuan Muchun, who spent time with her, understood her sister better.

It was easy to see through her tricks.

However, Yuan Sichun had never thought that her sister, who had always been tolerant and had no presence, would suddenly retaliate.

"Tsk tsk tsk, she was even rejected in the end. How pitiful." Bo Jinghang slumped on the chair and shook his head as he read the same news.

"I really don't know how that beautiful young lady became like this when she grew up," said Yin Ruijue.

"She must have been pampered since she was young and had everything she wanted. She's used to being idolized and her values have changed!"

"That's why you have to be careful when doting on others! If you dote on them blindly, it's easy to raise them astray!"

As Bo Jinghang spoke, he stole a glance at Bo Jinchuan.

The implication was obvious.

However, Bo Jinchuan didn't even look at him.

He pursed his lips, inviting ridicule.

"Without the investment, I don't think the Yuan Corporation can survive this time. Sister-in-law, what's your plan?"

Shen Fanxing continued to look at her phone calmly. "What else can I do? I have to take down the Yuan Corporation as soon as possible."

She rested her cheek on her hand and stared at the screen calmly. Then, she looked up at Bo Jinchuan and said,

"The Yuan Corporation left a 20% investment slot for the Bo Consortium. I saw on the news that Second Uncle is planning to invest, but I don't know if this will be transferred to the Yuan Corporation in advance."

"No," said Bo Jinchuan calmly. "He's a very cautious person. Even if he wants to invest, he will at least wait until the Ye Corporation has confirmed the funds."

Shen Fanxing paused and her slender fingers swiped across the screen. With a cold and stern expression, she called An Che.

The call went through quickly and An Che's eager and excited voice sounded.

"Mr Shen, what's the matter?"

Shen Fanxing wasn't in the mood to bicker with him.

"Take back the shares of the Yuan Corporation immediately. Immediately..."

An Che smiled and said, "President Shen, you don't have to be anxious. I've already arranged for people to wait for the return of those shares. With so many parties taking action at the same time, we definitely won't give anyone a chance to take advantage of us. Moreover, Chairman Ji has already instructed us repeatedly. You don't have to worry..."

Shen Fanxing heaved a sigh of relief. "That's good..."

An Che chuckled, then coughed dryly before saying,

"But there's still a mistake. Someone snatched a small portion of the shares..."

Shen Fanxing frowned and asked, "The Bo Consortium?"

"Yes, CEO Shen is so smart."

"How much?"

"The Bo Consortium snatched 3%. The remaining 30% is with us."

"Oh, then it's fine."

"Sigh, Mr Shen, what should we do next?"

Shen Fanxing raised an eyebrow. Had she heard too much of this recently?

"Let's leave it for now and wait."

An Che smiled and said, "I have to say, you're really on the same page as your mother. Even your torture techniques are exactly the same."

Her mother had obviously made arrangements in advance, but the two of them had thought of the same thing.

At the thought that her mother had the same opinion as her, she couldn't help but smile.

One had to know that when she was young, she loved and envied her mother's confidence and strategy. Now that someone had said that, it was undoubtedly the best praise for her.

The smile on her face didn't last long before two cold gazes landed on her.

He coughed lightly and retracted the smile on his face.

"If there's nothing else, I'm hanging up."

Without giving An Che a chance to speak again, he hung up.

Bo Jinchuan's gaze swept across the phone in her hand and his expression darkened when he saw the name on the call history.

He was still angry.

Bo Jinghang leaned over and said in all seriousness,

“Sister-in-law, why are you suddenly in a hurry to recover the Yuan Corporation’s shares?”

Shen Fanxing said,

“The Bo Consortium has already snatched 3% of the shares.”

Bo Jinchuan’s expression remained unchanged.

Bo Jinghang frowned and sneered.

“So this is what Second Uncle is planning. He’s investing 20% of the company for himself! What is he thinking? He wants to take over the Yuan Corporation bit by bit after Yuan Sichun takes over? He’s quite ambitious! He wants the Bo Corporation and the Yuan Corporation for himself...”

In any case, the Yuan family would be his in the future. This 20% investment was equivalent to his own investment.

No wonder he wanted to support Yuan Si as the head of the Yuan family.

Wouldn’t it be easy for such a stupid person to get the Yuan family?

Now, he did not expect that the Yuan Corporation’s 20 billion yuan investment would suddenly go down the drain. Their market value had been raised twice, and each time, it was an immeasurable loss.

Now that the share price had fallen again, the Yuan Corporation was at their wit’s end.

If he didn’t seize the opportunity to snatch the shares of the Yuan Corporation, what was he waiting for?

Unfortunately, Ji Fengmian was one step ahead of him.

So much so that he had only gotten 3%.

However, it also completely exposed his wishful thinking.

Now that he was two-faced, it was inevitable that he would be criticized.

Bo Jinchuan had never had any attitude towards this matter. It was as if everything was within his expectations and there was nothing amiss.

Bo Jinghang looked at him and asked,

“Brother, what’s your plan? Aren’t you going to encircle and annihilate the Bo Consortium?”

Bo Jinchuan remained expressionless as he crossed his legs and poured a glass of milk for Shen Fanxing.
