

# I' m Sorry My Love Novel Chapter 1476 - 1477

## Chapter 1476

Dalia said this very quietly, almost whispering.

However, Kraig has been trained since childhood and has very good listening skills.

In fact, I knew it was such a result.

Two people have been together for four months, how can they not live together?

However, when he heard these words with his own ears, he still felt uncomfortable in his heart.

His brain was rumbling, and he wanted to tear down both huts in the next second.

However, immediately after Collin's words, he woke up Kraig.

Collin said mildly: "Silly girl! Why are you so stupid? Did you forget what you told you? It is not easy for you to be pregnant with a child. You must not make any mistakes, or you will never have the opportunity to do it in the future. Mom, we are going to get married in the future, how can we rush it for a while?"

Dalia's tone became more gentle: "But brother, I want to serve you. It's been four months since you saved me, and you haven't touched me. Did you dislike me?"

"Stupid!" Collin smiled: "I don't like you, so I won't come here with my mother behind my back. Of course I like you, but I can't hurt you. Brother can wait until you have a baby. , In the confinement, even if you don't come to me, I won't let you go!"

"At that time, I want to show you what a majestic wolf I am!"

Dalia: "Poor mouth!"

“I’m happy to talk to my own daughter-in-law,” Collin smiled.

After laughing, he said: “You go to sleep, my mother and I are guarding you outside.”

“Well, good night Dashan brother.”

Immediately afterwards, Kraig outside heard a very slight rustling sound of walking.

At this moment, Kraig, who was standing outside listening to the corner, felt an inexplicable move in his heart, and his moved throat choked.

Okay!

Very lucky!

Her wife is still his wife, not someone else’s.

Although, his wife’s heart is no longer on him.

If not, he would really kill the man in a rage.

This night, Kraig was so excited that he couldn’t sleep anyway, even though he didn’t sleep much all day and night. He returned to the hotel and took a shower. He was still refreshed. The driver Xiao Song had chatted with his father for a long time, and Xiao Song fell asleep directly by saying this.

Kraig then remembered that Xiao Song drove for more than a day without rest.

Hurry up and let Xiao Song rest, but Kraig, who is lying alone in the hotel suite, is still excited, who is he going to tell?

Who is he going to tell?

Kraig picked up the phone and called Arron without hesitation.

Although Kraig and Zhong Muzhan Jiang Shenhe and Arron are brothers, but in private, Kraig and Arron have the best relationship.

It's twelve o'clock for deliberation.

Arron, who was far away in Nancheng, had just finished his work.

Suzi's health is not very good these days, always lethargy, and can't eat well.

This evening, the man deliberately ordered a big bag of shark fin soup from the restaurant he often visited.

As a result, Suzi still went to bed without taking two bites.

The man also coaxed Lilly to sleep, and after sending a few emails in the study, he came to the bedroom.

"What's wrong, you're not feeling very well these days? Is there something bothering you? Or is your work not going well?" Arron asked.

Suzi's mood is still low: "Arron doesn't know how to make it. I can't eat or sleep well for these two days, and I still want to cry."

With that, Suzi actually hid in Arron's arms and really started to cry.

The man hugged her.

There was a surprise guess in his mind, but he didn't know if it was forbidden.

He decided not to do anything tomorrow morning, and first took Suzi to the obstetrics and gynecology department for an examination.

After this decision, the man did not tell the woman his thoughts, but softly coaxed her: "Go to sleep, don't think too much, when the free time is over, I will take you and the only one to go abroad to play and relax."

Suzi nodded: "Yeah. Thank you husband."

Yubi, she looked at him with tears in her eyes, and then lifted her hands to support his neck, and then she kissed him with her little mouth.

## Chapter 1477

Man: "..."

If it were changed to any time, men would be very happy with her kind invitation.

But not today.

If his guess is correct, he must be restrained!

The man pushed her: "Suzi is obedient, not today!"

The woman cried suddenly: "You...you don't love me anymore, do you Arron, you don't have me anymore?"

She curled her small mouth, very weak.

How could she be as sturdy as she broke up and divorced him a month ago?

Arron: "..."

What should he tell her? He guessed that she might be pregnant? That's why you are so sentimental?

However, if the result is bad tomorrow, isn't she more sad?

She is pregnant or not, and he has no certain requirements.

There is already the only one between them, even if there is no second child in the future, it doesn't matter.

However, her mood and physical health are the most important.

The man put her in his arms: "No, it's not Suzi, it's not..."

"Then you kiss me, you...you haven't asked me for a few days...I...think about it." She was nestled in his squeaky nest, The sound is small like mosquitoes and flies.

Man: "..."

At this moment, how can it be said that he is not impulsive?

But he must exercise restraint.

Must!

However, before he had organized the language to tell Suzi, it was not possible today, and Suzi's weak and boneless little hand was posted again.

Today, she took the initiative and was so sultry.

Moreover, it seemed so tender and pitiful than ever before.

She could almost kill Arron!

Arron turned over and restrained the woman under him.

This night, he was so cautious, he couldn't use too much force, he couldn't attack the city with his own temperament, but he still had to do it to satisfy her.

After two or three hours, the man was exhausted and exhausted.

The woman slept happily in his creaking nest.

Looking at her sleeping face, it has been six or seven years, and she is almost thirty now, but her face has not changed much from six or seven years ago, but now, it looks more and more moisturized.

She curled up like a docile kitten, nestling next to him obediently.

The man laughed suddenly.

He raised his hand and poked at the tip of her small, dense sweaty nose, and said angrily: "Little woman! You are so comfortable! You tortured me to death! I can't stand by you. Have fun! How are you going to kill your man! Huh?"

After being poked by the man, the woman murmured: "Don't make trouble, let me sleep, my husband is so tired, I feel like I'm falling apart, you give it to me and let me sleep..."

To be sure, Suzi, with his eyes closed, was able to find the man's arm very accurately, and put it under his head and neck, and fell asleep comfortably.

Man: "..."

The bitter face is like bitter gourd.

Originally, he wanted to take a cold shower, okay?

Okay!

Just when the man's heart was at its peak, the man's cell phone rang.

When I picked it up, it turned out to be Kraig.

In the middle of the night, why did he call!

Arron's anger rushed up: "Kraig! Are you looking for death!"
