

Catch Me If You Love Me Chapter 148

After she finished speaking, Shiyue didn't speak for a long time, as if he hadn't reacted yet.

"Miss Gu, you..."

In the next second, the sound of tables and chairs being overturned to the ground came from the other side!

After Shiyue's embarrassed voice, a burst of enraged roar suddenly sounded.

"Stay honestly in Berven City, don't come over!"

It's Liam Lu!

This time, Zoey Gu clearly heard the endless worry and tension in the man's voice.

Her nose sore, she almost cried.

"Liam Lu."

Zoey Gu suddenly opened her mouth, and a slightly curved corner of her mouth pulled out, "You don't want a chance to prove it, are you waiting for me to answer it?"

There was a sudden silence over there.

"I decided to go over and tell you the answer in person, but I'm not sure which day it will be. So before that, you must be well. If you die, I will never forgive you for the rest of my life!"

Southern capital.

The Lujia is located in the city center, with a huge area of land. The whole courtyard building is a combination of Chinese and Western, magnificent.

At this time, young men and women gathered outside the courtyard of the Lu family, lining up, walking in one by one under the command of the housekeeper.

"Hurry up, hurry up! Those who are selected go inside, those who are not selected leave quickly!"

The girls gathered at the back of the team gathered around and discussed the job application in a low voice.

“I heard that this time the Lu family recruited servants with such a high profile, they were recruiting dedicated chefs and personal servants for their second young master Liam Lu.”

“That Young Master Lu didn’t know what had happened. He was very temperamental and had already changed several sets of servants.”

As he was talking, there was the sound of a car engine not far away.

A taxi stopped slightly away from Lu’s house.

In the whispers of a group of girls, Zoey Gu walked lightly all the way and walked quietly into the team.

After standing still, she raised her hand to lower the brim of her hat, raised her head and glanced at the Lu Family who was close at hand, and she couldn’t help but lift her heart.

What she wants to do will not change easily.

Xu was Liam Lu aware of this, and after giving her the address of the Lu family when he was conniving, he repeatedly told her to contact Shiyue the first time she arrived in Nandu.

She knew that he was protecting her in this way.

Therefore, she deliberately reported the wrong flight and arrived at the southern capital half a day in advance. In order to be able to get closer to Liam Lu for the first time.

There was a line in front, and the sharp-eyed butler turned his eyes and immediately noticed a slender figure behind the team.

He raised his hand and pointed and fell on Zoey Gu.

“You! The one with the hat, come here!”

When the voice fell, a group of people looked at Zoey Gu, wondering why she was selected for the ordinary humble one?

Zoey Gu was taken aback, reacted and walked quickly, taking off the hat on his head.

“Good housekeeper Lu.”

The butler responded in a low voice from his nose, squinted his eyes and looked up and down Zoey Gu, then suddenly asked at the beginning.

“Tell me, why come to apply for our young master’s personal servant?”

After asking, he added abruptly, "Could it be because our young master is so handsome?"

When the words fell, a group of people in the line laughed, their eyes filled with disdain and mockery.

Zoey Gu raised her hand to hold the strap of the backpack, straightened his chest slightly, and opened her mouth slowly to say a word.
