

Nothing to Give but My Heart Chapter 1480 – 1489

Chapter 1480

She felt that her eye sockets were a little hot, and even she didn't like such a hypocritical self, so Marry Jiang quickly closed her eyes, not looking at Phillip's eyes.

Then she withdrew her hand while making fun of Phillip: "What are you talking about? I'm already an adult, how could something go wrong? Also, who wants you to take care of?"

Marry Jiang's movements were fast, but when she turned her head, Phillip still noticed a thin red in the corner of her eyes. He thought he had misread it, but wanted to confirm it, so he leaned over.

"What happened?"

"Nothing." In order to avoid him, Marry Jiang even came out to block him, "Don't look."

There seemed to be a nasal sound in her voice, which made Phillip frowned deeply, and simply grabbed her wrist, and then straightened her body to face him.

Marry Jiang didn't expect him to be like this suddenly, so she met his eyes unexpectedly. After she was taken aback, she immediately lowered her head.

"Are you crying?"

“No.” Marry Jiang’s voice was dull, “Isn’t it just that I haven’t woken up yet, so I’m sleepy, why are you crying?”

Although Phillip and Marry Jiang didn’t live together for a long time, they knew a little about Marry Jiang.

He knew that Marry Jiang’s temperament belonged to that kind. If she really cried when watching a series, then she would cry in front of you, even crying so loudly, and didn’t mind others finding out.

But if she suddenly felt sad, she would be silent, not wanting others to find out.

So this time Phillip quickly realized that Marry Jiang was really sad.

“What’s going on?”

“Nothing happened.” Marry Jiang shook her head. She hasn’t figured out how to tell Phillip now, and she doesn’t know if Phillip’s mother has already told him.

“Marry.” Phillip’s tone was rather helpless, and he sighed: “You look like this, tell me nothing happened, do you think I will believe it?”

That’s right, she didn’t want to show it, but she didn’t know why she saw Phillip’s face and his eyes, and she couldn’t help expressing the grievances in her heart.

What is she doing? How did you become so out of your control?

He has already seen through it, and there is no point in denying it.

Marry Jiang simply admitted: “Yes, you are right, I am indeed not happy.”

“What happened?”

Marry Jiang observed his expression and found that he really didn't know anything for the time being.

“Noob?”

“It's nothing.” Marry Jiang shook her head: “I just thought of some unhappy things myself, so I don't want to tell you for the time being.”

The latter sentence made Phillip a little speechless, but he had to accommodate her and stretched out his hand to embrace her.

“It has something to do with me?”

“Yeah.” Marry Jiang admitted happily.

“Then you should tell me more, isn't there a saying, do you still have to tie the bell to untie it?”

The trouble should end it?

Hearing these words, Marry Jiang was completely silent.

In fact, Liang Yahe called Phillip before she got off work. Marry Jiang already knew about the Bazi at the time, so Liang Yahe didn't circumvent too much when talking to her, and made it very straightforward. Her own thoughts.

“Marry, I heard your mother talk about your situation. Auntie knows that the horoscope of elders carrying you on their backs is really not good, but Marry, you have to believe that when we were parents, we were always aiming for good. Yes, it is absolutely impossible for bad results. This result also made us very unhappy. Even my mother and I didn't close our eyes all night. I didn't

want to tell you at first, but Auntie thought about it. It's up to you to respect your wishes."

"Auntie?"

"Phillip is a boy. Your uncle and I have been stocking him since we were young. For so many years, he has been groping outside by himself. A scar was left on his face before the plane accident. It doesn't look good, but I saved my life anyway. So now the couple really don't expect much from him. We just want him to live well, find someone he likes to marry, and live a happy life. Phillip Choosing you, then our parents will not interfere."

Hearing this, Marry Jiang could almost understand what Liang Yahe meant.

"Auntie, do you want me to make a decision?"

"Yes." Liang Yahe sighed and said softly: "Auntie really likes you, and uncle likes you very much. If you are willing to be a family with us, then Aunt and Uncle are very happy. If you don't Yes, Aunt and Uncle will still be your relatives in the future. You can contact us if you have any difficulties."

Marry Jiang's eyes were red, and her nose was sore that she couldn't say a word.

"Auntie..."

"Marry, don't cry. Auntie tells you this. I am not forcing you to make any decisions. I just think the life of a girl is very difficult. Unlike boys, your youth is only that short. You must choose someone. Choose well, and don't choose the wrong person. Auntie is also a female, so she understands it very well, and don't blame your mother. Your mother also chose to tell you after thinking about the war between heaven and man."

Marry Jiang was speechless, biting her lower lip firmly.

“Don’t worry about answering, Auntie has time? I won’t tell Phillip about this. You can make your own choice. If you feel that it is not possible, then let Auntie be the villain and not let Phillip marry you. If you are If you think it’s okay, then let’s just assume that this hasn’t happened, and just live peacefully and beautifully.”

After hanging up the phone, Marry Jiang couldn’t make a sound. She cried for a long, long time. Then she cleaned herself up and washed her face to calm her mood. When she finally calmed down, it was almost time for Phillip to leave work.

Now Phillip asked himself, facing his eyes, Marry Jiang thought of what Liang Yahe had said to him.

Other people’s children are also children. Although the relationship was not at the beginning of the relationship between the two sides, but now, Marry Jiang feels that Phillip really paid a lot for him.

She didn’t mean the money or the like, but Phillip’s thoughts about himself. He was making changes seriously and taking into account her thoughts.

Just because of this, Marry Jiang felt that if she didn’t tell Phillip about the result, would they be considered equal?

He is a human, with thoughts, emotions, flesh and blood, and he has the power to know the truth of this matter.

She should not be the only one who makes the decision.

Thinking of this, Marry Jiang pursed her red lips, and then fixedly looked at Phillip.

“I have something I want to tell you.”

Almost instantly, Phillip felt her eyes and expressions become extremely serious, and she became nervous, "What?"

Chapter 1481

Marry Jiang told Phillip what had happened, without missing a word.

Before, she thought it was difficult to say it, but when she really came to speak, she found that her heart was so painful, and the boulder that was pressing on her heart was finally removed.

When she finished speaking, Marry Jiang was also relieved, and then lowered her eyes.

"It's probably like this, I'm done."

Phillip followed her eyelashes, "So you are unhappy because of this?"

Hearing, Jessica was taken aback for a moment, and raised her head somewhat astonished to meet his dark eyes.

"My mother asked you to make a decision, so how are you thinking about it?"

Marry Jiang's lips moved and did not answer.

"Is it still not considered, or is it already considered and dare not tell me the result?"

"What do you mean?" Marry Jiang bit her lower lip and looked at him. She didn't understand what he meant by this sentence.

"I've said it so clearly, don't you understand?" Phillip's voice was too gentle, and he reached out and held her back of her head to pull her onto himself, "I

said I was responsible a long time ago, but you said there is an opportunity to skip the inspection period. Of course I cannot ask for it.”

Can't ask for it?

In other words, after hearing the result, he still wants to be with her?

Marry Jiang's face was leaning against Phillip's shoulders, and her heart suddenly softened, “So you mean, you don't care about this horoscope result?”

“Do you care about what he did?” Phillip lowered his head to look for her eyes, while holding her hand, “Now is not more important than the future? Besides, my life is in my own hands. I almost died at the beginning, but later I didn't survive. Do you know? If I didn't struggle when the plane crashed, I might really be dead, but because I struggled, I hurt my face, not my head.”

Hearing this, Marry Jiang's heart was shocked. This was the first time Phillip had heard Phillip actively mentioning past events to herself. When she first met Phillip, she wondered how the scar on his face came from. She doesn't feel ugly, she feels very masculine.

But some people will inevitably find this scar very scary.

“You never asked. When I went to your house for the first time, the aunt in the elevator said that I had scars. You were protecting me.”

Speaking of this matter, Marry Jiang also remembered that she was indeed protecting Phillip at the time.

But what she was thinking at the time seemed to be that Phillip had finally asked for help, but that person's mouth was so broken that he wanted to dig out other people's old wounds.

This kind of behavior is the most shameless Marry Jiang.

So she subconsciously protected Phillip, but she didn't expect him to bring up old things again.

"You won't be moved by that incident, do you?"

Phillip smiled faintly and answered her question softly: "It was indeed a bit touched. After all, we were only acting at the time. Who would have thought that there would be these later? And you were willing to protect me then."

Marry Jiang just took care of this incident, but she didn't expect Phillip to remember it for so long.

"So if I accepted my fate at the time, you wouldn't be able to find me later." Phillip squeezed her hand and clasped her ten fingers. "What do you think I mean by telling you this?"

Marry Jiang didn't reply, how could she not know what it meant?

"You are so smart, answer it for me?"

Hearing, Marry Jiang blushed, "Why do you suddenly become so glib? Just now the atmosphere was quite sad, but you said so."

The sad and heavy atmosphere ran away without a trace.

"If you don't tell me, then I'll say it." Phillip seemed to suddenly turn from a piece of wood to a master of love. He said one sentence after another, probably when he expressed his sincerity, the words would continue to come.

"I don't believe in fate, and don't accept fate. Whether or not what the fortune teller says is true or not, it has nothing to do with me, because I will not

implement it at all. I have my own plan and my own attachments in my life. Be influenced by some words.”

“Really?” Marry Jiang interrupted him without giving him any face: “Then you weren’t your lover who was attached to you at the time? Why were you being controlled by me?”

Hearing, Phillip choked with words, probably because he didn’t expect Marry Jiang to be so capable, and he would get involved in this.

“Huh? Why aren’t you talking anymore?” Marry Jiang stretched out his hand and squeezed Phillip’s face, “You speak.”

Phillip lowered his head, grabbed her finger and suddenly put it on his lips and bit.

“Ah!” Unexpectedly, Marry Jiang exclaimed, his face turned red suddenly: “What are you doing?”

“I will bite you once when I interrupt.”

Hearing this, Marry Jiang twitched the corners of her mouth, but she couldn’t refute it. She was so angry, how could she suddenly become so strong!

And she thinks Phillip is so handsome.

She did not speak, but looked at Phillip obediently: “If you don’t interrupt, don’t interrupt, you say yours!”

After being interrupted by her, the feelings that Phillip had just brewed just now disappeared, and those words really didn’t have the heart to continue speaking, so they could only look at her firmly and said: “In short, the decision is yours. If needed, Phillip will always be here.”

Marry Jiang was stunned, and didn't expect Phillip to say this sentence at all.

“Anyway, the inspection period has not passed, you can throw me away at any time.”

Hearing this, Marry Jiang frowned her eyebrows a little displeased, “What are you talking about? How do you say it as if I was in chaos and abandoned, you are very pitiful? Also, why are you pushing the right to make decisions? Give it to me, I told you about this completely because I think you also have the right to choose!”

“I know.” Phillip nodded and responded to her in a low voice: “But from the moment we started, I have given all the decision-making power to you. You need me to be there. If you don't want me... ..”

“If I don't want you, how about you?”

Marry Jiang opened a pair of clever eyes, and carefully explored her eyes, as if she wanted to see his heart clearly through his eyes.

He didn't speak, just looked at Marry Jiang.

Marry Jiang felt that she had guessed the answer, “Did you leave if I said I don't want you?”

As soon as the voice fell, Marry Jiang clearly saw a panic flashing in Phillip's eyes.

So, he should care a little about himself, otherwise he wouldn't have a panic flash in his eyes after hearing this sentence.

Her efforts these days should be of some use.

As long as you give her more time, she can completely make Phillip like it, and even fall in love with herself, right?

Thinking of this, Marry Jiang suddenly slammed into his forehead with great strength. Phillip was a little dizzy when she was hit. Before realizing what she meant by her behavior, he heard the beautiful female voice on him. "Phillip, let's get married!"

Chapter 1482

It's okay to say that she is headstrong.

At this moment, at this moment, Marry Jiang had the idea of marrying Phillip, giving him a child, and spending a lifetime with him.

She rarely likes anyone. She has always lived by flattering long live singles. After all, she feels that women nowadays don't need to live on men at all. She can do everything that men can do, so she doesn't need to find one. Men come to lower their quality of life.

But the person in front of her gave her the idea of spending a lifetime with him.

Such a person has appeared for so many years, then she will not let herself miss this man.

"You meet a person, you like him and want to be with him, but you don't necessarily want to have a child with him, you want to live with him forever."

When all of the above fits together, it happens that his character is good, and the future parents-in-law also like you, what else is there to consider?

This is Marry Jiang's life purpose.

So she made a decision quickly.

“And Phillip was stunned by the whole person, and I don’t know if he was stunned by Marry Jiang, or was stunned by her sentence Let’s get married.”

In short, he hasn’t recovered for a long time.

Until Marry Jiang glared at him aggrievedly and said, “Hey, you man is so incomprehensible. The girl tells you in front of you, let’s get married, but you have no reaction at all. Even if you don’t take the initiative, Should I give some reaction too? For example, I am very happy, or... Um.”

Before she could finish her words, Phillip’s thin lips suddenly went dark before his eyes, and all his words were sealed.

The unexpected kiss stopped Marry Jiang from kissing, her eyelashes trembled, and she stared blankly at Phillip, who had already closed her eyes and kissed her seriously.

Well, he took the initiative.

Marry Jiang also closed her eyes and accepted the kiss with enjoyment.

He doesn’t know how long it took, Phillip finally withdrew his lips and touched her forehead, breathing hard.

“Have you decided?”

Knowing what he asked, Marry Jiang was also unambiguous: “Yeah.”

“Okay.” Phillip’s voice was a little hoarse, then he picked her up and walked toward the bedroom.

Marry Jiang blinked awkwardly: “What are you doing?”

“Change clothes.”

Change clothes???

Nani? Marry Jiang thought he wanted to sleep with himself again, who knew he was talking about changing clothes? What do you do to change clothes this time?

After Marry Jiang changed her clothes, Phillip took her out.

“It’s cold outside, wear more.”

After that, Phillip still wrapped the scarf around her neck. Marry Jiang followed him into the elevator, and said in a puzzled way: “What are you going to do?”

She didn’t understand, why did this man take her out after she offered to marry?

Does he want to take her to see her parents at this time?

She really didn’t understand what he wanted to do, Marry Jiang asked but there was no result, so she simply didn’t ask him.

Until, Phillip drove the car into the underground parking lot of the supermarket, and then took her to the sixth floor by elevator.

On the sixth floor, there are various jewelry counters. At this time, Marry Jiang probably already wanted to understand what Phillip brought her here.

Although she guessed it, she still wanted to tease Phillip.

“Why are you bringing me here? It’s all night, and we haven’t eaten dinner yet.”

Hearing, Phillip’s pace was over, and he looked straight at her: “Then we go to dinner first?”

Marry Jiang’s mouth twitched, she shouldn’t talk too much!

Fortunately, the straight man’s thinking turned back in time. Phillip hugged her thin waist and whispered softly: “First, pick a wedding ring, and then go to dinner. You can bear it again, and then take you to eat. It’s delicious, you can eat whatever you want.”

This is almost the same, Marry Jiang has no opinion.

The two stopped in front of a jewelry store, and soon a shopping guide came to serve.

“Hello, sir and miss, what do you two need?”

The straight man Phillip said, “I want to see the wedding ring.”

“Are the two getting married? Congratulations, the two look very good, this is the wedding ring area.”

Marry Jiang was a little shy, but Phillip pulled his hand forward, and then the shopping guide could introduce it energetically.

“We have many styles of wedding rings. You can take a look at this one. This is a new product we launched this season. It is very suitable for the current aesthetic.”

The shopping guide took out a ring and placed it in front of the two.

Marry Jiang glanced at the shape and style, and said it was a new product, but it was actually a very common style, and the styles were all outdated.

She didn't particularly like it. Just about to say something, Phillip seemed to have discovered her inner thoughts and said, "Is there anything more special?"

The shopping guide immediately received the message that the two did not like this ring, so they immediately excluded wedding rings of the same type as this one, and introduced them to other styles.

Unfortunately, it seems that neither Marry Jiang nor Phillip are particularly satisfied.

In the end, the shopping guide also said helplessly: "Neither of you are satisfied? Would you like to try our custom-made ring?"

Order?

Marry Jiang was a little interested, "What does it look like?"

"The customized style drawing can be described by two people, and then we let the professionals draw it, and after the finished drawing is out, we can show it to the two people. If you are satisfied, you can follow this style to make it, but the cost is high. , It may be about twice as expensive as ordinary ones."

So much money?

Marry Jiang spent a lot of money on Phillip the last time she went to the hotel, and she immediately refused: "Forget it, let's look at it again."

Who knows that Phillip said, "Make it order?"

Hearing, Marry Jiang looked at him incredulously: “Phillip?”

Is this man crazy?

“Don’t you have a good imagination? What do you want to do?” Phillip suddenly felt nothing wrong, and looked at Marry Jiang.

Marry Jiang pursed her red lips, then smiled at the shopping guide: “Sorry, I’ll discuss it with him.”

The shopping guide smiled and nodded.

So Marry Jiang pulled Phillip out of the store, and then said in a low voice: “The order is very expensive. It’s just a wedding ring. There is no need to make it so grand. Our store is not good. You can also look at other stores. Yeah, I can always see you and I like it.”

“I, Phillip, have been married once in my life. The wedding ring is very important. What is it called? The customized one is definitely better than the one I choose.”

“But it costs a lot of money? Last time at the bar, you spent so much. Although I wanted to marry you, I didn’t want you to spend so much!”

“It’s not smashed, it’s all my volition.” Phillip pursed her lips, and then looked at her seriously and said: “Anyway, I haven’t spent money indiscriminately for so many years. It is all saved, and it will be yours when I get married.”

Chapter 1483

“Bah!” Marry Jiang immediately spurned him: “Whoever wants your money, I, Marry Jiang, can also make money very well? Okay, since you are so generous, then I will pay more. Dowry, I won’t take you for nothing!”

Although it was a marriage, there was no reason to let only one party pay all the money. Marry Jiang knew this very well.

When Phillip heard this, he frowned slightly. Unfortunately, Marry Jiang no longer cares about him, but just drags him into the store: "Let's talk about our ideas first, and then combine them. What do you think? kind?"

"it is good."

It took about two or three hours for the two to toss over. When they left, Marry Jiang realized that the store was going to be closed, and they had delayed their get off work time for more than half an hour.

But a big brand is a big brand. Even if people's working hours are delayed, their service attitude is still nothing to say.

It was Marry panicking with hunger, holding Phillip's arm and acting like a baby: "The weather is so cold, let's go eat hot pot."

"Okay." Phillip didn't expect to spend so much time. For boys, shopping is the fastest and the most eye-catching.

But the girls are different, and following Marry's selection, Phillip also found that a lot of things are really learned in it.

Although it was late at night, there were quite a few people eating hot pot. Fortunately, Phillip and Marry came early and were about to reach the last position.

After they sat down, the next few were all in line.

While waiting for the food, Marry Jiang suddenly saw the ring in her hand, which was shining under the light, and she shook her finger at Phillip, "How much did you buy the ring at the beginning, or let's go get this Retired?"

Hearing, Phillip was stunned for a moment, as if he didn't expect it to be like this. After a while, he said, "How can there be any reason to return the things I gave you? Unless you don't want me, you can do this. "

Don't want him anymore?

It sounded unlucky, so Marry Jiang hurriedly covered the ring and said with an incomparable baby look: "Forget it, I will put it away if I can't wear it, and I will never return it to you."

After speaking, Marry Jiang leaned forward and poked Phillip's finger.

"Hey, let me tell you, once the decision is made, you can never go back. When the marriage is settled, even if you don't want me in the future, you can't get rid of me."

Said this to intentionally arouse him, she wanted to let Phillip know that getting married is not a child's play, it is a lifetime thing.

Phillip was silent at first, and after a few seconds, he held Marry Jiang's finger and poked him, "As long as you don't want me, then Phillip will never betray you for the rest of his life."

He rarely makes promises, but if he makes promises, he will definitely keep his promises in this life.

This kind of atmosphere was originally very good. If it wasn't in the hot pot restaurant, Marry Jiang would really rush to kiss him.

However, at this time, the waiter had already started serving dishes, interrupting the atmosphere between Marry and Phillip.

Marry Jiang had to shrink her hand back, and after the hot pot started, the two seriously ate dinner.

In the process of eating, Marry Jiang felt that the dishes in this hot pot were not bad, and the contrast between the soup base and her mix was not much different.

Phillip was in charge of boiling the vegetables and returning Marry Jiang to pick up the vegetables, taking special care of her during the whole process.

Marry Jiang was okay, so she asked him.

“That’s how we decided, when should we tell the elders?”

“It’s okay, depending on your opinion.”

Probably because the two had already talked about marriage, Marry Jiang felt differently. Without asking him, she simply became the master by herself.

“Then we will talk after we get up tomorrow?”

“it is good.”

Marry Jiang felt very happy, thinking about what the wedding ring would look like after it was made.

Only that night, Marry had insomnia and kept tossing around in the middle of the night. Phillip, who was lying next to her, did not fall asleep, but Phillip was relatively quiet, so Marry turned around in various ways.

Until later, Phillip suppressed her shaking hands and feet.

“What happened?”

Marry Jiang shook her head: “It’s nothing, I’m just excited, and my stomach doesn’t seem to be feeling well.”

“I don’t feel well in my stomach?” Phillip pursed his thin lips, and put his hands down to cover her stomach. “Is the special period coming?”

When she asked this, Phillip’s face was still a little red in the dark. Although the relationship between the two was very close, some things were still more private after all.

Marry Jiang thought for a while, her special day was indeed approaching.

But she has never felt this pain before.

“Should I pour me a cup of hot water?”

“it is good.”

After that, Marry Jiang drank some hot water and fell asleep. As a result, in the middle of the night, her stomach ached suddenly and severely. He awakened Marry Jiang from the pain, and the whole person was sweating.

Phillip, who was sleeping with her, could even feel her cold sweat. Marry Jiang finally vomited and diarrhea, causing her whole body to collapse and her legs were soft.

Phillip directly took his coat and put it on her, then picked her up: “Go to the hospital.”

Marry Jiang no longer had the strength to speak and resist. She was so weak that she couldn’t open her eyes, so she half-squinted and leaned in Phillip’s arms.

After arriving at the hospital, the doctor checked it and found that Marry Jiang had eaten something unclean and the food was poisoned, so she gave her water.

While hanging the water, Marry Jiang was lying on the hospital bed, covered with hospital quilts.

Marry Jiang regained a bit of strength after a bottle of drips. She opened her eyes and looked at Phillip who was guarding the bed. Her lips were still pale, "Isn't I ugly like this?"

Phillip paused, and reached out to touch Marry Jiang's smooth forehead, "What are you thinking about? Close your eyes and sleep well. I'm here to guard."

Marry Jiang did not close her eyes obediently, but stared at Phillip.

"Why did the food we ate together, I was poisoned, but you didn't?"

Phillip thought for a while and replied, "Maybe I can't invade a hundred poisons?"

Hearing, Marry Jiang curled her lips, "I'm so tired, and just proposed to marry me at night, this kind of thing happened, do you think God is punishing me? Did the fortune teller let him calculate, in fact, we are not suitable?"

She said that she was ugly at first, but Phillip was not very happy when she heard it. Now she even said such inappropriate things. After hearing this, Phillip was extremely helpless. He leaned forward and approached her and warned in a low voice: "If you don't want to let others see me kissing you in the public, you are no longer allowed to talk nonsense."

He was so close that Marry Jiang could see the tiny pores and fluff on his face from such a distance. She couldn't help but smile, and said softly, "What am I afraid of? I have nothing to fear, Marry Jiang. , I'm so ugly right now, if you can't speak, then you come."

Phillip did not speak, but stared at her steadily, then slowly lowered his head, gently covering her pale lips with thin lips.

Chapter 1484

Marry Jiang really didn't want Phillip to come over in person.

It's just that his kiss was very light. Considering her current physical condition, she flicked lightly like a dragonfly, and then left.

"Why can't I say anything?" After leaving, Phillip whispered almost to her breath.

Marry Jiang seemed to have a heart to excite him, and continued: "You must be so shallow, you must despise me, don't you?"

Phillip: "..."

He couldn't help jumping around the corner of his eye, then squinted at her.

"You pretend to kiss me, you just hate me."

If it weren't for her pale face and weakness, Phillip really wanted her to know what misfortune was out of her mouth, but in the end he held it back. He laughed and said, "You just arouse me now, wait. When you get better, these will be refunded a hundredfold."

After that, Phillip sat upright and helped Marry Jiang cover the quilt, "Go to sleep, you can go home after playing these bits."

Marry Jiang was meant to arouse him, but she didn't expect Phillip to be fooled, and she was tired after saying those things just now.

She vomited and pulled her before, exhausting her vitality, and she didn't know how many days it would take to get her back.

But when Phillip kissed her, Marry Jiang had a thought in her mind, that is, she was fortunate that she rinsed her mouth!

Otherwise, if the kiss smells, how much shadow will it have?

It was because of this that Marry Jiang dared to use agitation against Phillip, or even if Phillip could bear it, she herself could not bear it.

Marry Jiang only recovered some vitality after a few bottles of dripping, but she was uncomfortable at first, and she thought she was going to act like a baby, who knew that Phillip was very proactive and bent over halfway in front of her.

“Come up.”

Marry Jiang glanced at Phillip, his shoulders were broad and his back was strong, and he looked generous and warm.

After all, he was already talking about marriage, so Marry Jiang was not polite at all, and directly squatted on Phillip's back, stretching out her hand to hug his neck.

Although she wears a lot of clothes, Marry Jiang's hands are cold because of the dripping. It was a bit cold when she put it on her neck at first, but Phillip did not dislike it, and even did not show it at all. When she came out, she calmly carried her and walked out slowly.

“Don't tell your elders about eating bad things.”

Marry Jiang lay on Phillip's back and said actively.

Phillip also had no objection, and nodded, "Okay."

"And I just thought about it, don't tell them so quickly about our marriage."

Hearing, Phillip's footsteps seemed to be something that he didn't expect that she would say this.

Marry Jiang thought he would ask himself why, who knew Phillip actually said: "I thought about it just now? Didn't you fall asleep just now?"

This question made Marry Jiang almost unable to react. After all, her focus is also amazing. Maybe the brain structure of this man is different from other straight men?

"I fell asleep thinking about it."

"What do you think when you fall asleep?" Phillip was very puzzled. He pursed his thin lips, and gave Marry Jiang a vacant look on his side. "Did you not fall asleep?"

"Fell asleep!" Marry Jiang stretched out his hand to push his hand, and shouted in a low voice: "You take a good look at the road, if you fall behind my back, I am very weak now, I can't stand your fall like this. of."

Weak?

Phillip clearly felt that she pushed her face quite powerfully, this girl...

A slight smile appeared on Phillip's lips unconsciously, holding her tighter, watching the road ahead intently and talking to her.

"It's okay to say it any time, morning and evening are the same, I won't change my mind anyway."

“It’s alright.” Marry Jiang interrupted him: “Why do you seem to have been swearing to me? I didn’t believe you, I just think that a lot of things happened tonight, I am very tired now, I think After I go back, take a good rest first, and then find a suitable time to talk to the elders about our decision. I definitely can’t hold them back.”

“Ok.”

Marry Jiang didn’t make a joke. She was really tired. At the beginning, she could say a few words to Phillip and hurt him. Later, she became more and more tired. She fell asleep directly on Phillip’s back. Marry Jiang didn’t know when he got into the car, but Phillip still carried her upstairs when he got home.

But Marry Jiang had been sleeping very deep, and her pale skin was even paler when she was sick, and she became more tender.

She is rarely seen in the daytime, but at this moment she is curled up in the quilt like a kitten. Because she is not particularly comfortable, her brows have been wringed lightly, and the features on her small face are almost wrinkled.

Phillip took a leave of absence, did not go to the company, and stayed with Marry Jiang at home.

Marry Jiang slept until the afternoon, and her stomach was empty last night. When she woke up, she was too hungry, but she still had no appetite.

When she woke up, she lay on the bed blankly, looking at the chandelier above her head under the covers, and didn’t know what she was thinking.

It was not until Phillip pushed the door to come in that she turned her head and looked at Phillip.

“Woke up?”

Marry Jiang nodded and took the initiative to reach out to Phillip. Phillip understood what she meant, sat down on the edge of the bed, and then pulled Marry into his arms.

He was a little cold, Marry Jiang couldn't help muttering after she was carried into his arms: "It's cold."

"Then I will take off my coat, it's hot inside." Phillip was about to take off his coat when he finished speaking. Marry Jiang immediately tightened her waist a bit, and shook her head: "No, it will be warm after holding it for a while."

She was not fully ill, and she was as clingy as a child playing temper, holding Phillip for a while and a little sleepy.

"Sleepy again? Not hungry?"

"A little hungry, but I have no appetite."

Phillip's big hand fell on her back, and while tidying up her hair, he warmly said, "I have cooked the porridge, get up and drink."

Porridge?

Marry Jiang immediately shook her head: "I don't want to drink, I want to eat something with chili."

Hearing that Phillip had a black face right now.

"You were like that last night, and you still eat peppers? I think you ate more peppers last night."

“When I ate hot pot last night, I originally ordered spicy hot pot, but the girl Marry actually made a dish of chili sauce by herself, and even cried so hot at the end of the meal, but she still insisted on eating it.”

So now Phillip almost suspected that she was eating too much chili and her stomach couldn't stand it.

Marry Jiang was probably at a loss and did not speak much.

“I don't want to drink porridge anyway, it's not good.”

“Be obedient.” Phillip sounded a little bit dumbfounded as he coaxed a child: “You just woke up, drink some porridge first, drink half a bowl to cushion your stomach, and it's not too late to eat when you are well. “

Marry Jiang just didn't want to drink porridge, but she was an adult, and knew that she could only eat something light and warm at this time, so in the end she nodded obediently.

Chapter 1485

Because the stomach was tossed last night, Marry felt uncomfortable before half a bowl of porridge, and pushed the bowl aside tiredly.

“Sit down for a while and then lie down.”

However, Marry Jiang didn't listen to him, and lay down again, and then said: “I'm a little tired, I can't sit up, I still lie down comfortably.”

She had to lie down, and Phillip did not force her to get up. After lying down for a while, Marry Jiang began to fall asleep again.

During this period, Phillip went to the study to have a video conference while she was asleep.

Marry Jiang was still asleep, but the phone rang. She turned over and took out the phone and took a look at the caller ID.

It was her mother who came here.

Thinking of the unhappy call yesterday, Marry Jiang closed his eyes at the moment, and didn't want to answer the call.

But after all, it was her mother, Marry Jiang still couldn't bear it, and finally answered the phone.

She didn't speak, and Du Xiaoyu over there was probably aware of the embarrassment and didn't speak for a long time. The mother and son remained silent on the phone for a long time.

Marry Jiang was not feeling well, so she said: "Mom, if you are okay, I will hang up first."

"Don't hang up, Marry."

When Du Xiaoyu heard that she was going to hang up, he quickly stopped her, "Mom has something to tell you."

So Marry Jiang didn't hang up the phone, but the action of holding the phone was very tired, so she turned on the speaker directly, and then lay there waiting.

"This time, mom is wrong."

Hearing, Marry Jiang had a meal.

“Mom shouldn’t carry you on your back to match the horoscope between you and Phillip. What you said yesterday reminded mom that your mom has been forcing you for so many years. If you hadn’t told your mom, I might not have realized this problem. We as parents sometimes do things that go against the children’s wishes for the good of our children. But Marry, my mother is not intentional. My starting point is for your own good, and I never thought of hurting you.”

Having said that, Du Xiaoyu took a deep breath and continued: “Although the incident has happened, it also reminded my mother, so this time we shake hands and make peace, and the horoscopes are regarded as never happened, okay? “

“Like you said, it’s up to you to decide. Mom no longer interferes with you.”

Marry Jiang never thought that her mother would become what she is now. She thought Du Xiaoyu would always oppose it, but she didn’t expect that she would figure it out so quickly.

And the tone of her speech to herself was obviously softer.

Even if Marry Jiang was angry, she disappeared cleanly now.

“Stop talking about mom, I was wrong yesterday, I shouldn’t talk to you like that.”

“No, Marry is right. Mom never realized what she did. You were right. Mom used to be too domineering. After hearing what you said yesterday, Mom also felt that if she was young I would be unhappy even if I was forced to arrange it like this, so Marry, mom is calling you today to apologize, sorry.”

The relationship between the mother and daughter has always been good, even if they had quarrels and quarrels, they passed quickly.

This time Marry Jiang resisted fiercely, and Du Xiaoyu also reflected on it, so it is inevitable to be more serious when talking.

In the end, the knots of the mother and daughter were opened.

So Marry Jiang did not conceal her own affairs anymore, “I and Phillip are getting married.”

As if not unexpected at all, this time Du Xiaoyu seemed particularly calm, “Are you going to get married? Do you choose a date?”

Marry Jiang thought for a while, and said softly: “Choose, choose an auspicious day.”

“Okay, mom will help you see.”

When she was about to hang up, Marry Jiang couldn't help but ask: “Mom, do you really mind?”

“It's good for my daughter to be happy. You choose the road yourself. Your mother and your dad are definitely looking forward to your happiness.”

“Thank you mom.”

After hanging up the phone, Marry Jiang felt warm.

Everything is moving in a good direction.

That's great!

After the two decided to get married, the relationship between Du Xiaoyu and Liang Ya and the two became closer, and they were treated as their relatives. When the two went to pick Marry Jiang for auspiciousness together, they were

totally unhappy about the unpleasant things that happened before. Not to mention.

After the days have passed, Marry Jiang's custom-made ring is almost the same.

Two months later, the ring was finally delivered to Marry Jiang. The design was exactly the same as what they drew. It looked like a small leaf swirling around with diamonds, delicate and delicate.

Originally, according to Liang Yahe's intention, she wanted to do a big deal, but Marry Jiang considered that this ring and the bar before it spent a lot of money.

Even if the Xiao family is quite rich, she didn't want to waste it like this, so she discussed with them, and the wedding ceremony was brief and invited some familiar relatives to attend. It was simple.

Who knows that Liang Yahe cried on the spot after hearing it, and pulled Marry Jiang to say: "Marry, it can't be like this. A girl's wedding is only once in a lifetime. How can it be simple? What a sincere silly boy. "

Marry Jiang's mouth twitched, "Auntie, how can it be so serious? The wedding doesn't have to be gorgeous."

She is a particularly realistic person. If the wedding ceremony is big, the more money will be spent. She and Phillip set up a new family, and there must be more money to spend in the future.

Besides, wedding happiness and unhappiness are not measured by weddings. She only knows that Liang's family and Phillip are willing to organize this wedding for her, and the pigeon egg in her hand is already worth a lot of money.

So Marry Jiang didn't want to have any more grand weddings, she would have to spend a lot of money at that time.

"Oh, I'm going to get married, and I'm calling my aunt? Quickly call me mom!"
Liang Yahe squeezed Marry Jiang gently, Marry Jiang smiled, and said softly:
"Mom~"

"Hey!"

"Just listen to me, we have worked hard for most of our lives, and we have not been willing to spend our savings, so we will save it for you to hold the wedding. Don't pay for this wedding, mom will come."

"How can this be? Actually, Phillip and I... don't really care about this, really."

"No, I care. I want my relatives to see that our family Phillip married a beautiful daughter-in-law."

So finally the wedding was held in accordance with Liang Yahe's intention.

However, they held a Chinese wedding, so Marry Jiang didn't choose a wedding dress. She only went to buy a Chinese phoenix crown. Liang Yahe accompanied her, and finally bought the most grand and most expensive one in the store. Done.

When Marry Jiang saw Liang Yahe swiping her card, she was in pain, but she was moved.

Liang Yahe was really good to her. She felt like treating her as her own daughter. During this time, Phillip had been left out by the elders.

When Marry Jiang went to bed at night, she stretched out her legs and kicked him, jokingly said: "I think I am your mother's birth. Should you pick it up?"

Chapter 1486

Phillip frowned and thought for a while before he said, "Maybe? Maybe it's been adjusted, I'm not my biological."

Hearing, Marry Jiang rolled over and met his eyes, and said amusedly: "I'm just kidding you. You won't take it seriously, right?"

"I'm joking too."

"Liar, you don't even smile, you're joking with a blank face, it's so cold!" Marry Jiang reached out and poked his chest, then Phillip grabbed her finger.

After that, Marry Jiang was pulled into his arms, Phillip's chin rested on her head: "Go to bed early, there are many things to be busy afterwards."

Yes, getting married seems to be busy on the day of the wedding, but Marry Jiang only knew that when she became a bride, there are too many things to be busy.

Because they have to prepare a new house.

The new house, Liang Yahe, was actually prepared in advance. Marry Jiang went to see the house, and the location was good in Feng Shui, except that the furniture had not been bought yet.

So during this period, Marry Jiang was busy not only getting married, but also about the furnishings at home. She and Phillip went to see the sofa, bed, and dining table in person, and had to buy some other equipment in the future.

Marry Jiang has also recently searched for many unique small ornaments on the Internet.

Of course, in addition to that, both of them have to work. After all, the holidays are reserved for the days of marriage.

So every day the two of them can be said to be busy until they leave early and return late.

Because we are going to have a wedding, we have to send invitations and wedding candy invitations.

Stella's night is not deep, Victor Han Jessica and others are naturally included in this invitation, but Marry Jiang took the initiative to bring Jessica's invitation, and said to Phillip: "You go to your home Mr. Walter and Mrs. Mr. Walter, I will deliver this."

Phillip looked at her hesitantly.

"Why? Do you understand the division of labor? Besides, I don't have anything to do today. If you are busy, just post the invitations from your family at night to me."

Phillip did not speak, but suddenly reached out and hugged Marry Jiang, leaning against her ear and whispered, "I'm wronged you."

Knowing that he might not have fully opened his heart knot, Marry Jiang took the initiative to take on this job. Phillip really had to admit that Marry Jiang's heart was broad.

"I'm afraid that in this life, he will never meet a girl like Marry again."

Marry Jiang knew what he was thinking, and she was not angry or hypocritical, and said generously: "If you feel wronged to me, treat me well in the future, don't take me down, if you take down me..."

Speaking of this, Marry Jiang paused, as if she said cruelly: “I will leave you, and go where you will never find me.”

Hearing her words, Phillip’s heartbeat suddenly missed a beat. He backed away, frowning his eyebrows tightly: “You are not allowed to say this again.”

Marry Jiang raised her eyebrows amused, “What are you afraid of? As long as you live up to me, I won’t leave you, and you won’t find me.”

“Anyway, I won’t say it again.”

Because Marry Jiang’s words just reminded Phillip of those fortune-telling, either life or death.

She doesn’t want this ending!

Phillip pulled Marry Jiang into his arms and hugged her tightly.

Marry Jiang didn’t even react to what was happening. He hugged her whole body tightly. His strength was really great, as if he was about to rub her into his body, and the hands on her waist were also heavy. It’s a little scary.

This guy, she just said casually, he was actually so scared, it seemed that he cared more and more about her.

Thinking of this, the smile on Marry Jiang’s lips unconsciously expanded a bit, and she gently patted Phillip on the back, as if he was coaxing a child.

“Alright, alright, I won’t say anything in the future.”

She thought that Phillip would be so obedient, she would definitely not betray her.

Marry Jiang used his cell phone to call Jessica. When Jessica heard that she was coming to send the stickers, she immediately told her his address, and then ran outside to pick up Marry Jiang.

Of course, when she was about to go out, Victor Han was worried and followed her.

So as soon as Marry Jiang got out of the car, she saw Jessica standing with a tall and handsome man. The man was tall and handsome, but his aura was cold and he looked at Yazi who was not easy to get along with.

Seeing Marry Jiang, Jessica waved at her excitedly.

Marry Jiang walked quickly over and smiled at her.

“Hello, I am Marry.”

“Hello Marry, this is Jessica, this is my husband Victor Han.”

Jessica pushed Victor Han a bit, and the hard lines on Victor Han’s face became soft and a little bit soft, and then stretched out a hand to Marry Jiang, “Hello.”

“Hello.” Marry Jiang reached out and touched the opponent with her fingertips, and then withdrew her hand.

The way the two greeted them was very light, without excessive physical contact.

After that, Jessica took Marry Jiang to the house, and Victor Han followed Jessica closely along the way, afraid that something would happen to her.

Later, Jessica said to Victor Han, "This is Marry. She is Phillip's girlfriend. She and Phillip are going to get married. Today I came to send invitations."

Victor Han was still a little surprised when he heard Phillip's name, and suddenly remembered Marry Jiang. He remembered that Phillip had a big fight with him in front of the emergency room before, and this girl was standing next to him. .

Seeing her boyfriend fighting with someone for another woman, does she still marry him?

Since the last incident, Victor Han could see that Phillip's lingering affection for Jessica was not over.

Now...

Thinking of this, Victor Han's impression of Phillip was a little worse, and he pressed his lips and said nothing.

However, his thoughts and eyes did not escape Marry Jiang. Now Phillip is his own man. Of course, Marry Jiang doesn't want Victor Han to misunderstand him. She doesn't shy away, saying bluntly: "In fact, we met last time. At that time, you were still in the emergency room, and Phillip had a fight with him for you."

She took the initiative to bring up this matter, Jessica was suddenly embarrassed, and she really didn't know what to say.

It was Victor Han, whose eyes finally fell on her face, looking directly at her.

"But those are all things in the past. Now Phillip is in my circle, so you don't have to worry about her stealing your woman, and Jessica, you don't have to worry about him coming to harass you."

Jessica really didn't expect that she would take the matter to the face of it, so she could only smile.

"Don't worry, I'm not malicious to you, and I don't want you to have any grudges when I say this. Maybe you are a little embarrassed now, but you won't feel anything afterwards."

If she doesn't say anything, then the meeting will only be embarrassing all the time, and it will only be a momentary embarrassment if she talks about it, and it will be better forever.

Jessica couldn't help smiling after hearing Marry Jiang's words.

"You have a good mentality, since you don't mind, then I can rest assured."

Chapter 1487

Victor Han glanced at Marry Jiang seriously, trying to find unwillingness and other emotions in her eyes and face.

But no, she is really generous, she is sincere when she says these things, and there is no other emotion mixed in it.

It turned out that he was still worried about Jessica's safety, but now seeing Marry Jiang look like this, he is relieved.

So after entering the house, Victor Han left space for two girls.

Marry Jiang put the invitation and the wedding candy on the table, looked around, then winked at Jessica, "Your husband is very nervous about you."

A naughty conversation between little girls, Jessica was a little restrained at first, but when she saw her so generous and warm, she gradually relaxed.

“Sorry, he didn’t mean anything, but you saw it at the last wedding. After that happened, he is suspicious now, no matter what people are facing. , Not against you.”

“I know.” Marry Jiang waved her hand indifferently: “It’s okay. Anyway, I don’t like him. What he thinks of me is nothing to me at all. But the last wedding was handled by your husband. It’s pretty cruel.”

“You know?”

“Of course, you had an accident before, and there was the fall of the He Group behind. I watched on the Internet.” Having said that, Marry Jiang gave Jessica a thumbs up, “He is so kind to you, good husband.”

Jessica smiled shyly, and then said to her: “Phillip is also very nice to you, right?”

“Yeah.” Marry Jiang nodded and said naturally: “Of course, I told him to go east, he would never dare to go west, I like this~”

“Congratulations, I am really happy for you.”

“I saw the last time you were really scared? If you are asked to go to the wedding this time, I don’t think your husband would agree to it, but I always have to leave this procedure. I will send you both the invitations and the wedding candy Now, I have received your blessing, so if you don’t go, I won’t be angry.”

Jessica looked at this particularly chatty and laughable girl in front of her, feeling envied and gratified at the same time, because of Phillip’s affairs, she always felt that she owed Phillip. After all, he was really good to himself before, and he accompanied himself when he was abroad.

In the end, if she offended Happiness and Phillip didn't, she would also be worried.

Now that Phillip could find such a thorough girl, Jessica was really happy in her heart, and said several blessings to Marry Jiang.

But Marry Jiang was so easy to get along with, and soon transferred this topic to other places.

She even said at the end, "Oh, if you are really embarrassed, let's get married in the future."

Jessica also thought it was OK, "Okay."

At the end of the talk, the two made good friends, and Jessica said that she would definitely go to the wedding scene.

In the end, Marry Jiang said, "You still don't come. If you come, what if Phillip gets married?"

Before Jessica could react, she laughed first.

The thing she was talking about was not funny at all, but she laughed so wanton, Jessica could finally be sure that she really didn't mind Phillip having liked herself.

"I feel that she is heartless and heartless, but also feels a bit of pain to her, and even feels that she should learn more from Marry Jiang."

"In life, there are so many things that can't be what you want. In many cases, it's better to look a little bit off, and you don't have to keep on the horns. That's really unhappy for yourself."

At the end of the conversation, the two of them became good friends. Marry Jiang almost left after seeing the time. Before leaving, Jessica held her arm a little bit reluctantly.

“Can I ask you out later?”

“Of course you can. Do you want to go shopping? I have a good friend who is still single. I can introduce her to you next time.”

Jessica really has few friends. Apart from Stella who can talk, she really has no other close friends. Now when she meet Marry Jiang who is so energetic and energetic, she especially want to approach her.

“Okay, then I will call you then.”

“No problem.”

After Marry Jiang left, Jessica sat on the sofa, her lips still smiling.

When Victor Han came to look for her, what he saw was this scene. His little wife was so happy, and the lines on Victor Han’s face became much softer.

He sat down beside her.

“Happy?”

“Yeah.” Jessica took his arm, her tone and voice were a little bit delicate: “You don’t know, her personality is really good, I have never seen such a girl, Phillip can find this His girlfriend is really his blessing.”

Victor Han recalled Marry Jiang’s few words, and nodded in agreement.

“Well, it looks pretty generous.”

“Right? I added WeChat with her. Can I hang out with her then?”

“Out?”

“Well, and I also promised her to take you to her wedding, okay?”

“But last time you...”

Victor Han hesitated. After all, Jessica’s current situation is different from before. She is pregnant now, and several months have passed, and her belly is already pregnant.

“Huh? How long has passed since the last thing, I promised her, I don’t want to break my promise.”

“Well, I’ll accompany you.”

After Marry Jiang and Jessica added WeChat, they didn’t have time to go shopping together, because Marry Jiang has been too busy recently. She has to try on wedding clothes, and find a makeup artist for all kinds of friends and relatives. Send invitation stickers.

Because Marry Jiang knows that many college classmates or high school classmates actually have a weak relationship. Telling others in private that they are going to get married, it always feels like they are reaching out for red envelopes.

So Marry Jiang didn’t send it privately, but shared the news that she was going to get married in the group of classmates. Unexpectedly, the quiet group would become lively. Aite gave her various blessings.

Marry Jiang looked at the greetings, and the corners of her lips curled up unconsciously and continued typing.

“Thank you old classmates for your blessings, and come to the wedding for a drink if you have time.”

After speaking, Marry Jiang put down the phone and went to the bathroom to take a shower.

After entering the bathroom, Marry Jiang saw the toiletries inside. Recently, she bought a lot of couple products online, and they all put them on the new house.

This side is still the same, and Phillip and Marry Jiang also have the same temperament, the bathroom is cleanly cleaned, and Phillip also has a kind of obsessive-compulsive disorder, that is, the things used in the bathroom will be put in order. , Neat and tidy, just like a container in a department store.

Marry Jiang couldn't make it up to this point, and every time she complained about Phillip, because when he placed it, every time she washed her face, she would not go well. It would take a long time to find her facial cleanser.

As a result, Phillip unexpectedly said something: “Who makes you so stinky? If you buy less, as for looking for a long time?”

Chapter 1488

Listen?

Is this what people say?

Why is she so stinky? Besides, what's the problem with girls who love beauty? Things like skin care products are definitely indispensable, but Marry Jiang glanced at the washbasin, but there was nothing left.

Because the wash table is full of my own toiletries, cleansing masks, lotions and essential oils for skin care, facial masks include whitening, hydrating, anti-wrinkle, cream and sunscreen, etc. Phillip only has one. The bottle of man's facial cleanser was pitifully pushed into the corner.

Hmm, maybe Phillip doesn't understand his point at all?

Forget it, Marry Jiang didn't bother to talk to him so much and put on a sleeping mask to go to bed.

The wedding was held in Phillip's hometown, and he found the best hotel near them, booked it directly, and invited many people who knew him well.

This pair is very lively, because both parents are still alive, and the Jiang family alone has a lot of offshoots, plus the various offshoots of the Xiao family, there are so many people who come on the wedding day, and the family drags on. Family takes the mouth, single dragging friends, just to join in the fun.

Mei Jiang saw that Phillip's photos were tall and handsome, and the wedding ceremony was still very big. Don't be too sour, but still sarcastically said: "We, Marry from the Jiang family are not bad after saying that. You can also make peace with a man with good senses. Why did you pick such a man with scars on his face, what do you think Marry is interested in? Do you think he is rich?"

When she said this, Jiang You, the big house son next to her, couldn't help but frowned. "Mei Jiang, you have been at odds with Marry since you were in school. Today is a great day. Can you not speak so bitterly?"

Hearing that, Mei Jiang's expression changed, and she explained to him: "Brother You, where am I bitter? I didn't say bad things about Marry. Didn't I praise her for her appearance? I just think she is The scar on the groom-to-be's face is a bit scary."

Jiang You: "Okay, isn't your last sentence deliberately sarcastic? Besides, if you really hate the bridegroom, can you take your eyes back, let's talk about it, your eyes have been stuck to the people's photos since entering the scene on him, those who don't know thought you wanted to snatch him over."

"Brother You, what are you talking about? How could I..." Mei Jiang didn't expect Jiang You to speak so directly, and the facial features on his face were immediately distorted.

"Ayou." The eldest lady of the Jiang family stretched out her hand and tugged at her son, "Be careful when you speak, what Mei Jiang says is a sister."

Jiang You made a cut, as if she didn't want to recognize this sister: "Just because of her acrid and mean energy, she can't figure out how to judge me behind her back."

Today, the three rooms of Jiang's family are all here, and when Mei Jiang speaks, her parents are at the same table. Mei Jiang's mother looks hard when she hears this sentence, but everyone knows that Jiang's big house makes a lot of money. Erfang is a snob again.

So even though Mei Jiang's mother was angry, she didn't dare to get angry at Jiang You directly. She could only say in embarrassment, "Ah, Mei Mei has no malice, just talked about our true thoughts. We are all a family. I must be looking forward to Marry's well."

Because of Jiang You's remarks, Mei Jiang's eyes were red, and her brother Jiang Shaofeng also curled his lips, "Brother You, my sister is really meaningless, don't get her wrong."

Jiang You glanced at the two of them, drank a glass of wine lazily, and said casually: "I don't know if it means that. I know one thing. If you don't say blessings at other people's weddings, forget it. , And sour other husbands, pretending to be innocent there after some personal attacks."

After finishing speaking, Jiang You turned his eyes slightly and turned his head: "Since you can't speak, learn to shut up. Isn't this easy to learn?"

As soon as he said this, the faces of several people in the second room became ugly.

Mei Jiang's eyes turned red all of a sudden, "Mom..."

Mei Jiang's mother had to look at the big room.

"Sister-in-law, Mei Jiang really doesn't mean that, she is straight-hearted and not malicious."

The eldest lady of the Jiang family smiled helplessly: "Okay, Alright, Ayou, please pay attention to your words. It's all about the family. Don't hurt your peace, but there is a saying that is right. Today is a day of great joy, since we are here to participate. For weddings, you have to say nice things. After all, on days like this, no one likes to listen to things that don't sound nice. Mei Jiang, you are young, and what your elders say will definitely not harm you."

The first lady of the Jiang family deliberately wanted a harmonious atmosphere, but the latter sentence was meant to suppress Mei Jiang. She had always known the virtues of this second room, but the old lady was already high in personnel and she couldn't understand it.

But she could see through.

Erfang's daughter looks good, but her personality is too strong, and she is a little bit mean. She has to compare wins and losses with Marry Jiang since she was a child, and she always likes to talk ill of Marry Jiang in front of the old lady.

Although she is not partial to Marry Jiang's child, she also dislikes Mei Jiang at the same time.

Such a girl is too insidious, and the reason she doesn't like Marry Jiang is because this child is actually let others make irresponsible remarks behind her back without refuting a word.

But at the last birthday banquet, Marry Jiang was quite unexpected.

The elders of the Jiang family spoke like this, and the people in the second room didn't dare to speak anymore.

Marry Jiang at home has changed her clothes and put on her makeup. Her bridesmaid is sugar cubes, and Xu Yifei, the editor who came to her wedding specially, both wore light pink cheongsams.

Before the wedding car came, the two bridesmaids had to hide the bride's shoes so that the groom and the best man could not find them. Tangtang and Xu Yifei were the kind of particularly active people who would take care of the atmosphere.

However, Marry Jiang was so tired that she wanted to lie on the bed in a big font.

Fang Tangtang and Xu Yifei hurried up to support her.

"My bride, this makeup is done with great difficulty. Don't lie down. You will be messed up when you lie down. The wedding car is coming soon."

Hearing, Marry Jiang was so tired that she closed her eyes, "I'm tired of getting married."

Especially wearing this set of phoenix crown hazel on her body, this set is purely hand-made, every process is extremely complicated, after wearing it, it outlines Marry Jiang's waist well, and the bright red and gold combination also reflects Out of the unique charm and beauty of Chinese women.

This is a traditional beauty of China.

The first feeling Marry Jiang put on was that it was heavy, and it felt so tired.

But when she stood in front of the mirror, Marry Jiang couldn't believe that it was him. Modern people always wear modern clothes. She usually wears big T-shirts and panties. How comfortable she is, and she wears them occasionally when needed. Long skirt.

But she has never worn such a representative skirt.

Feng Guanxia is really more beautiful than she thought!

Chapter 1489

Regardless, Marry Jiang is a girl, and she is also a bit stinky.

So she immediately took out her mobile phone and took a selfie with herself, and then sent it to Phillip's mobile phone. As a result, Phillip didn't know what she was up to and never returned her WeChat account.

Later, Tangtang and Xu Yifei thought that she was dressed like this, so they took out their mobile phones and took photos with her, horizontally and vertically. After the two of them finished taking photos, the photographer who followed today's wedding also asked Marry Jiang to take some photos. photo.

Marry Jiang was already heavy in this costume, and made a lot of moves at the photographer's request. At first she was quite cooperative, but after a set of photos came down, Marry Jiang was too tired.

But at this time Phillip still didn't reply to her news, what was he doing?

Marry Jiang was a little unhappy, and she didn't eat much in the morning for makeup. She was really hungry just now.

Thinking of this, she asked herself two bridesmaids.

"I'm a little hungry, can I have something to eat?"

Hearing, Tangtang immediately turned around and grabbed a handful of biscuits and candy on the table: "Eat something to cushion your stomach?"

Seeing the dry rice and the sugar that was too sweet, Marry Jiang immediately refused, "I don't want to eat this."

Xu Yifei rummaged in her bag and turned out a small package of bread: "Let's eat this, I brought it in the car to pad my stomach, but I didn't finish it."

It was also dry. Marry Jiang was so hungry that she wanted to drink vermicelli soup, but now it is impossible to find something to eat, and she will have to brush her teeth at the wedding after eating. If you brush your teeth, your makeup will definitely fall off.

Thinking of the fear of being dominated by the makeup artist, Marry Jiang pushed the bread back.

"Forget it, I'll wait until the wedding is over. I will eat whatever I want."

"Yes." Sugar cube nodded in agreement: "Anyway, the wedding car is coming soon. You can eat after the wedding."

"Ok."

Suddenly, Marry Jiang's WeChat phone rang. She glanced at it and found that Phillip had returned her message.

“Just ready, come here soon.”

Coming soon?

She doesn't know why, seeing this sentence, Marry Jiang's heartbeat jumped uncontrollably, she felt that she was too unwilling to do this, it was just a message that she actually blushed and heartbeat.

So she put her phone away pretending to be calm.

Tangtang was very excited today. He madly posted Marry Jiang's photos in the circle of friends, as well as the things in the room, and finally took a selfie of himself.

Marry Jiang couldn't help asking her: “Did you add it to your male god WeChat?”

Hearing, the sugar cubes are a bit surprised.

“How do you know?”

“Look at you, you don't usually post to Moments. Now you can post hard when you get the chance. Although you have posted two photos of me, the others are all yours.”

“Cough.” Sugar cube coughed slightly, and embraced her with a smile: “My elder sister is a good friend, you are going to get married and enter the marriage life, but I am still single, so let me take the opportunity to post it chant.”

“Come on, when did I say not to let you post it? It's just that you didn't tell me, what program is it progressing to now?”

“Well, I am still a fan of my mother. Although he has not yet become famous, I believe he can stand on the stage one day so that everyone can see him and shine!”

“If this is the case, then he will be farther away from you in the future.”

“It doesn’t matter, I just like to see him on stage, it doesn’t matter if he is farther away.”

After finishing speaking, the sugar cubes held their cheeks and looked at Marry Jiang: “I really envy you, I found my happiness so soon. I always thought you were not tempted by your character before. Who knew you were amazing. You make friends faster and get married faster. I guess you won’t announce that you are also pregnant not long after you get married?”

Marry Jiang’s face blushed, “What are you talking about? How can anyone get pregnant so soon?”

“Just last time, are you not pregnant yet?” Fangtangtang cautiously leaned to her ear, “Then Phillip is not good at your family, and there was no hit.”

Marry Jiang: “!!!”

“Why are you a single girl worse than me?”

Tangtang smiled violently and didn’t answer her.

Soon there was a knock on the door outside, and everyone started to roar.

“The bridegroom is here. The bridegroom is here. We want him to answer the question. If the answer is incorrect, we won’t let him in. We have to give a red envelope.”

Suddenly, the room was very busy, and suddenly someone stuffed a letter into Marry Jiang's hand.

"This is a guarantee. I will let the groom read it to you."

Marry Jiang took it and took a look. There are nothing more than a few above. After marriage, the wife is the first, the wife is the largest, and the wife is never wrong. If there is a mistake, then refer to the previous one.

Let Phillip say this, can he read it?

She doesn't know why, Marry Jiang wanted to laugh when she thought of Phillipian's appearance, and the outsiders were already joking.

Although Xu Yifei didn't know everyone, she was a relative of the woman's relatives, but because she was an editor, she was the kind of talking, plus she could play tricks, the atmosphere of the scene was immediately brought up by her.

There were also two best men who followed Phillip, both from his family. One of them was an honest man, and one of them was 66.

In the end, Phillip stuffed many red envelopes through the cracks in the door, and then the door opened.

As soon as the groom and the best man entered the door, they were tasked with finding the bride's shoes.

Playing the terrible had a good time, and soon found two pairs of shoes.

Marry Jiang sat on the bed and waited. Watching these people play around, his lips raised unconsciously.

She had never thought that she would have such a day when Phillip came to pick her up in clothes of the same color as her. Today's Phillip has black eyes. Although dark but bright, his handsome nose is thin. The thin lips, because of makeup, the scar looks a little lighter, making his facial features not so sharp and adding a touch of softness.

The two looked at each other from a distance, Phillip saw today's Marry Jiang, his eyes flashed with surprise.

He has always known that Marry is beautiful, but her beauty is not exposed, so she wore a dress when she went to a banquet last time, and when she went to a wedding, she went to the bar that night and danced on the stage in a dress. , Every word and deed exudes charm from inside to inside.

Until now, she was sitting there quietly wearing a phoenix crown and xiamen, her white skin was lined with crystal in the red wedding gown, her eyelashes were slightly raised, her eyes flowed, and red lips were burning.

At a glance, it is almost ten thousand years.

Phillip pursed his thin lips, his eyes as deep as the sea, and walked closer to Marry Jiang.

"I'm coming."

Hearing these three words, Marry Jiang felt as if her heart was scratched by a feather, throbbing hard.
