

I'm Sorry My Love Novel Chapter 1494 - 1495

Chapter 1494

Seeing Kraig not speaking, Dalia smiled even more miserably: "Kraig, you set the rules of the game. They have been abiding by them for so many years. You also know that I call your husband every time the love is strong. You know how much I love you. Didn't you just kick me out of the house without saying hello?"

"People often say that a couple of days will be fine with each other. I have been married to you for seven years. I have always regarded you as my husband. I regard your family as my relatives."

"How about you? Did you treat me as your wife for a second?"

"If so, you won't just be silent to me, and never promise me anything, right?"

"From the day I was with you, didn't you just use me as your bed-warming tool?"

"Don't you always wait for your ex-girlfriend deep in your heart?"

"I tried to change our relationship because I love you so much. I asked for your opinion and organized a birthday feast for your father. Because your father is so simple and unpleasant, you only invited your aunt. The Qiu family, your second uncle, and Arron, you didn't even bring me that day."

"At that time I understood that you would never let me be your wife."

"But Kraig, I still love you. So I can't bear to leave you. It doesn't matter if I am not honored or respected."

"Even if I am pregnant, even if I especially want children, but you... you disagree."

"When I was pregnant for the first time, I wanted to tell you that I was really an accident. I would never do something that you disagree with

and you are unhappy. You might not believe it? So when I got pregnant for the first time, , You questioned me very much, thinking that I was pregnant deliberately.”

“You personally took me to do the palace cleaning technique.”

“After that, you will be more cautious. You will personally go to the pharmacy to get the most violent contraceptive pill. You will personally get the pills for me and watch me eat them. After eating, you will lock the pills in your drawer.”

“Until I became pregnant for the second time, you didn’t know that I really didn’t lie, and I didn’t have the child to calculate you.”

“At that time, I went to the hospital to do the uterine cleansing.”

“I’m back, you caressed my back and praised me for being good and sensible. Kraig, do you know how long I was hiding in my room and crying by myself that night?”

“That night, I didn’t think I was human.”

“I think I am the little b!tch you keep by your side.”

“As a little b!tch, I am very grateful that you did not lead me for sterilization, but that night, I cried all night.”

“No one knows how much I love my child.”

“No one knows what it’s like for a mother to lose her child, and lose it three times in a row. You never understand, never understand.”

“Kraig, you don’t just understand, you don’t just care about my feelings, you don’t even care about my body. You never thought that if you don’t want me to become pregnant, you can just take defensive measures? But you never Don’t take defensive measures. I would rather have me abortions again and again.”

“An even more once-and-for-all method is to sterilize you. You didn’t do it.”

“Of course you won’t let you sterilize yourself!”

“Actually, you don’t like children or you don’t want children, you want to have children with you and your wife. And your wife was still traveling abroad at that time.”

“The one you have been waiting for is your wife, and I, Kraig, I’m just your pet, a pet who can do housework, warm your bed, attend a dinner with you, and have an abortion.”

“Your wife came back and fell from the sky without warning. You didn’t even find a place to live for me that day to settle me, so you drove me away.”

“When you drove me away, did you think I might end up on the street?”

“Have you ever thought that I actually can’t tell the difference between the southeast and the northwest?”

Chapter 1495

“Of course you don’t have to think about it, because in your eyes I may not even be a human being. You saved me at the time when you saved a weak, almost dying little animal, not a human, right?”

“So you don’t know. When I was driven away by you, I didn’t even have an ID card. I couldn’t live in a hotel. I want to take away my ID. I want to take some clothes. I have nowhere to go.”

“I’m not coming back to pester you.”

“I spent the whole night in the bushes outside your half-mountain villa.”

“Do you know how I spent it?”

“Do you know how scared and hopeless I am?”

“You don’t know, because you have never regarded me as a human being.”

“You have been married for so many years, I am the person who knows you best, and I can say without shame that I am the woman who loves you most, so I won’t have any begging or entanglement

when you drove me away. . Kraig, where am I not doing well enough?"

"The day you drove me away, I didn't even shed a tear in front of you. Even if I love you unilaterally, as long as you don't let me live with you, I will keep my promise and leave immediately, but what about you?"

"I am a person, I need to live, I was saved by Dashan brother, he loves me, my mother loves me very much, I really feel what love is when I am with them, we are very poor, we are hungry when we flee to avoid you I have no strength to walk, but we still love each other."

"I can feel that I am loved, I am so warm."

"From the time I was born until I was thirty-five years old, it took thirty-five years for me to taste love for the first time, Kraig, don't I, Dalia, deserve love in this life?"

"What wrong did I make, I am not even worthy of love and being loved?"

"You said I was vicious, and you have been a de facto couple for seven or eight years. I called your husband every night, but I was able to forget you in four months. But what about you?"

"In seven or eight years, haven't I been able to warm your heart?"

"It took me four months to forget you and make new friends, but you never loved me, never loved me for a minute!"

"Otherwise, you wouldn't say hello and chase me away?"

"Kraig, the day you drove me away, have you ever thought about me calling your husband every night? Have you ever thought that I was the only woman who was pregnant with you and killed three children for you? ?"

"You don't answer?"

"Don't speak?"

"You never thought about it, did you?"

“Since I haven’t thought about it, why do you think I am cruel and vicious now? Are you not bullying me without the ability to fight back?”

“Kraig, bullying a woman who was pregnant with your child, called your husband every night, and then was drained by you for the last penny before being kicked out by you, don’t you think it’s cool?”

When Dalia said this, the whole reception was silent.

Even Collin was stunned.

He knew that Dalia was gentle and honest, but he had never thought that Dalia could be so eloquent.

The calmness and sadness in her tone also made all of Kraig’s subordinates blush.

Especially Elden, his face burst into tears.

Dalia calmed down after saying this. She asked faintly: “Kraig, for the sake of me being so good to you, I only kill me and let Dashan brother go, okay?”
