

## Chapter 1501: Don't Be a Spoilsport

"The food... The food is still cooking on the stove..." The food preparation was still niggling at the back of her mind.

Zhihan frowned and looked a little displeased. He said hoarsely, "Honey, can you not be a spoilsport?"

Lu Ning suddenly recalled something. "Hubby, protection. You didn't wear a condom just now."

His adam's apple bobbed as he swallowed. "No need. I don't like wearing condoms. They are too tight and uncomfortable..."

Was he trying to show off? When she bought the condoms, she had already chosen the largest size, and he felt that they were too tight?

"But, I might get pregnant."

"Don't you want to get pregnant?" he asked as he kissed her sweet little mouth.

She wound her hands around his neck and said softly, "I would love to but we have just been married, I want to enjoy two years alone with you first. I don't want to share you with anyone just yet..."

He was quite satisfied with her explanation. "Alright, anyway it's not that easy to conceive. I will use a condom during your ovulation period. At other times, I will not."

"Okay."

...

Pingan and Linger arrived at Zhihan's and Lu Ning's apartment with little Cutie. They rang the doorbell several times but no one answered after a long time.

Linger asked curiously, "Hubby, what are they doing? Aren't they at home? Why aren't they opening the door for us? Ah Ning even called to urge me to hurry up."

Pingan ruffled her hair lovingly. "Be patient. Your brother will open the door soon."

"Okay." Linger looked down at her son in her arms. He had inherited all their good features and looked so perfect and adorable. Everyone who saw him would fall in love with him. "Son, we are visiting your aunt and uncle today. Are you happy?"

The chubby little boy turned to look at Pingan with his big black eyes and giggled.

"Okay, Cutie. Do you like daddy more than mommy? Mommy is going to be so sad." Linger pouted.

Pingan comforted his wife, "It's okay, honey. I will definitely like you more."

Linger immediately smiled sweetly.

At this moment, the apartment door opened and Zhihan appeared. "Come in."

Linger looked at her brother. He had just showered and was wearing a thin green sweater and casual pants. He looked relaxed and handsome.

"Brother, what were you doing just now? We've been waiting outside for such a long time," she said as she looked around for Lu Ning, "Where's Ah Ning?"

"Linger, Pingan, you're here." At this moment, Lu Ning came down the stairs.

Lu Ning had also just taken a shower and was wearing a long yellow dress. Her delicate little face was flushed and radiant.

Linger understood right away what had transpired. She looked at Zhihan and then at Lu Ning. "Ah Ning, you and my brother are really... too impolite."

Lu Ning said hurriedly, "Don't talk nonsense." Then she rushed into the kitchen.

...

As a result of Zhihan's insatiable demands, the content in the small iron pot was completely burnt. Retrieving another pot, Lu Ning continued with her dinner preparation.

Pingan carried little Cutie and proceeded to the living room with Zhihan to chat while Linger followed Lu Ning to the kitchen and continued to tease her.

"Ah Ning, tell me honestly. Were you... having sex with my brother just now?" Linger asked Lu Ning in a low voice.

Lu Ning was not a good liar. Her face turned red. "Linger, can you... can you not ask about such a topic?"

"What's the big deal?" Linger nudged Lu Ning and winked lasciviously. "I can understand. My brother had disappeared for three months. After such a long time, you will surely pounce on him the moment you see him."

Chapter 1502: My Brother's Sexual Prowess

What? Linger thought that she would pounce on Zhihan?

"Linger, how can you say? It was your brother who p-pounced..." Lu Ning quickly shut up, realizing that she had fallen into Linger's trap. Linger was too tricky.

Linger laughed with glee. "You are so easy to trick, haha. But seriously, did my brother pounce on you? To be honest, when he was young, he was very arrogant. He seldom expressed his emotions and desires. Tell me, is he good in bed?"

Lu Ning stole a glance at the man in the living room. Zhihan was playing with little Cutie and had a gentle expression on his face. Unlike just now, where he was ferocious like a wild beast.

"Mm." Lu Ning nodded with a red face.

Linger was immediately as excited as if she had been injected with stimulants. "I'm sure my brother is excellent in terms of endurance and skills, right?"

Lu Ning thought for a moment and agreed!

"Linger, how are things with Pingan? It's said that after a woman has a child, the relationship between husband and wife will not be as good as before. Specifically, they will even rarely... kiss..."

Linger's charming little face also turned red. "Who said that? I don't think it is like that... Because I gave birth prematurely, I had to recuperate for an additional two months. Furthermore, something happened to my brother, how would I be in the mood? I often see Pingan wake up in the morning with his crotch area wet..."

They looked at each other with eyes filled with sweetness.

"What are you guys talking about?" At this moment, Zhihan suddenly appeared by the door.

"Oh, nothing. Dinner is ready. Let's eat," Lu Ning said with a smile.

...

At the dining table, Lu Ning opened a bottle of rare French red wine and poured everyone a glass.

"Come, let's have a toast first."

"Cheers."

After the four of them clinked glasses, Linger asked Lu Ning, "Ah Ning, you didn't go to TO when you were searching for my brother. Now that everything is normal, when do you plan to go back to work?"

Lu Ning thought for a moment. "I'm not going back to TO."

Zhihan raised his eyebrows and looked at Lu Ning.

Zhihan was a shrewd businessman and a leader who made decisive decisions. Lu Ning squirmed under his astute gaze. She quickly continued, "I prefer to focus on my high-heeled shoe brand. I already have a proposal..."

Linger's eyes lit up. "Wow, Ah Ning, your brain turned fast this time."

Lu Ning turned to look at the man beside her and asked with a sweet smile, "You won't set a trap for me this time, right?"

Zhihan curled his lips. "If you do well, I will support you. If you don't, then I will help you clean up the mess."

What? Was he implying that he had cleaned up her mess last time?

Lu Ning had her considerations. After this period of training in TO, she had already accumulated a certain amount of experience. She felt that she could venture out and give it another go.

“Ah Ning, it’s good for you to stay in TO. You’re the lady boss of TO. Not only can you relax and work lesser, but you can also keep an eye on the beautiful young ladies flitting around my brother,” Linger said.

Lu Ning glanced at Zhihan. A man of his caliber was such a rare find that he was almost extinct. She had seen how young ladies fawned over him and thrown themselves at him.. Even those married women were eyeing him hungrily.

### **Chapter 1503: Yin Zhihan! You Have Gone Too Far!**

“Ahem,” she cleared her throat and asked seriously, “Zhihan, do you need me to go to TO and keep an eye on the women?”

Zhihan shook his head solemnly. “No need.”

“Then we are good.” Lu Ning smiled in satisfaction.

Linger looked at the interaction between them and sighed contentedly. Her brilliant and omnipotent brother had finally been conquered by a woman.

It was really... A turn of the tide, and it felt good!

“Ah Ning, you can rest assured that my brother is not a playboy. During his disappearance, he often sneaked into the house to see you...” Linger halted mid-sentence as Pingan kicked her under the table. Knowing that she had slipped, she quickly covered her mouth.

Sure enough, Lu Ning put down the knife and fork in her hand as she frowned and looked at Zhihan. “Was Linger speaking the truth?”

Zhihan was speechless...

...

Shortly after, Pingan hurriedly left the apartment with Linger and Cutie. Lu Ning stomped to her room and began to pack her luggage.

Zhihan stood there with a hand on his waist and the other on his forehead, looking unsettled. He said in a low voice, “Honey, don’t be angry, okay? It’s all my fault. I sincerely apologize.”

“Hmph!” Lu Ning threw the clothes in her hands at him. “Yin Zhihan, you truly went too far. I thought you had lost your memory but you didn’t. You played me like a fool.”

“Honey, I didn’t...”

“You still dare to deny? No wonder I always felt weird when I woke up during your disappearance. I thought I missed you too much that I kept having erotic dreams. It turned out that you... you... you’re too brazen!”

Lu Ning was too embarrassed to say it out loud. But just how horny was he? He had to f\*ck her every time he sneaked back to the apartment at night. Most importantly, this wicked man did not have the intention to let her know about it and thought he could get away with it.

If she was a little less brave, she would have been scared to death by him.

So he did not have amnesia at all. But after she found him, he put on an act and pretended not to know her. He even let her take the initiative and seduce him. He was a wily old fox, and she was just like a silly, innocent lamb to fall into his trap.

“Honey, let me explain,” Zhihan stepped forward and grabbed her shoulders, “I admit that I did not die nor have amnesia. When I got close to Ela, I found out about her conspiracy, so I was just playing along. As my identity has been exposed, you all and IRS will be in danger. So I made use of the explosion to ‘kill’ myself to buy myself some time.

“For the past three months, I have been cleaning up the mess. Adhering to the plan, IRS has also successfully reorganized. I also made sure that by the time I resurfaced, the people I love would not be in danger anymore. For the past three months, I have been thinking of you every day, every night, every moment.

“Honey, I knew all of your whereabouts. I knew when you went to the bar to drink, I knew you cried secretly at night. I knew all of it. It broke my heart to see you like that, so I couldn’t help myself, I had to come back to see you secretly.

“You used Alva to get close to the IRS, so I made arrangements to let you find me. Honey, forgive me, please? I didn’t do anything wrong, and I’m innocent.”

He gazed deeply at her with an aggrieved look in his eye, as if she had wronged him. Lu Ning was furious.

Did he genuinely miss her? Or rather, was it his c\*ck that missed her? After abstaining from sex for three months, he probably needed release so that’s why he f\*cked her every night!

He still had the nerve to mention Alva. When he could appear safely, he did not come out on his own accord. Instead, he laid in place plans to lead her to him. He was especially scheming and was indeed an excellent strategist.

#### **Chapter 1504: Hit Me, Honey! I Was Wrong!**

Seeing her act like a fool, and then using all her tricks to seduce him, he must have thought it was very funny.

“Yin Zhihan, let go. I will never forgive you again. You are a b\*stard!” Lu Ning pushed him away forcibly and then turned to leave with her suitcase.

“Honey,” Zhihan pleaded as he hugged her from behind, “It’s so late now, where do you want to go?”

“I want to go home!”

“But this is our home.”

“No, this is your home, not mine. Let me go!” She turned around and stomped hard on his foot with her sharp high heel.

Zhihan felt sharp stabs of pain emanating from his foot. He looked at Lu Ning aggrievedly. “Honey, are you really so heartless? Are you truly leaving me?”

“Yes, I don’t want you anymore. Hmph!” Lu Ning carried her suitcase and left the room.

She walked out of the apartment and then stood at the side of the street to wait for a taxi.

Zhihan hurriedly rushed out after her and held her hand tightly in his. “Honey, don’t go. I was wrong. Please forgive me this once.”

“Go away!” Lu Ning pushed him away forcefully.

But he refused to leave. Hugging her from behind, he coaxed her, “Honey, don’t leave me. I need you. I know I was in the wrong. Just hit me...”

As he spoke, he grabbed her hand and slapped his face.

“What are you doing, Yin Zhihan? I’m telling you, don’t do this. It won’t work on me!” Lu Ning pulled her hand back emphatically.

They quickly attracted attention from the passers-by on the street. People were crowding around looking at this beautiful couple quarreling, providing unsolicited comments and advice.

“Miss, what happened? Whatever the issue, just talk it out with your husband. He is already begging you for forgiveness. Everyone has their faults, as long as he admits his mistake and changes his ways.”

“That’s right, Miss. Your husband is so good-looking. Women would throw themselves at him without hesitation. You should just forgive him and be glad that you have someone like him.”

“Miss, don’t be too petty. Don’t create a scene in the middle of the night. Hurry up and go home with your husband.”

Lu Ning was so incensed at these words that she almost burst a blood vessel. What did these people mean? Just because Zhihan was so good-looking, she should ignore everything else and just cling on to him?

Please, she was just as attractive, okay? If she were walking on the streets, she would draw people’s attention too.

“Let go!” Lu Ning pushed Zhihan away angrily as a taxi pulled up. Opening the door, she quickly boarded it and left.

Zhihan stood rooted on the spot...

It was over. He knew that he had made a big mistake this time. And it had cost him his wife.

...

Lu family.

The maid opened the door of the villa. "Miss, why are you back so late? Have you eaten dinner? I'll heat the dishes for you."

"No need. I've eaten." Lu Ning carried the suitcase in.

At this moment, Ning Qing came down the stairs. "Ah Ning, why are you here? Where's Zhihan?"

"He..."

"Ah Ning, did you fight with Zhihan?" asked Shaoming sharply from the top of the stairs.

Lu Ning clicked her tongue. "No, I just want to move back here for a couple of days. Daddy, mommy, don't you miss me? I just want to spend some time with you."

Ning Qing gently patted Lu Ning's head, "What a sweet-talker. Why didn't you ask our permission when you register your marriage with Zhi Han? Imagine, our daughter got married, and we're the last ones to know."

#### **Chapter 1505: A Sensitive Woman at Heart**

"Mommy, I was wrong," said Lu Ning endearingly as she held Ning Qing's arm.

Ning Qing couldn't refuse any of Lu Ning's requests as after all, Lu Ning was her youngest daughter and she doted on her the most.

"Ah Ning, stay for a couple of days, and then you have to go back. It's normal for a married couple to squabble occasionally. Just be more tolerant and give in to each other. Zhihan is a good man," Shaoming said gently.

"Daddy, I wonder am I or is he your child? Why do you always speak up for him?" Lu Ning pouted unhappily.

Shaoming shook his head helplessly. "He was the man you chose."

She did not have a rebuttal to that.

...

Lu Ning returned to her room. Ning Qing was helping to unpack her suitcase. "Ah Ning, it's good that you're back. Lu Fan is at home too."

"He is back?"

"Yes, he's on vacation," Ning Qing said softly, "Lu fan and Xu Yan had been in a heated argument recently. I'm getting a headache just looking at them. I don't know what Lu Fan is trying to do. He keeps

hounding on Ading. Xu Yan is the daughter of Luoxi and Xiaofu. If this goes on, I'm afraid it might harm the relationship between our families."

"Mommy, don't worry about it. Can't you see that Lu Fan is fond of Xu Yan? That's why he's jealous of Ading."

"But Xu Yan is fond of Ading. Lu Fan cannot force Xu Yan to love him. There will not be any happiness in a forced relationship."

"Mommy, he isn't a child anymore. He can make his own decisions about his relationship. Don't worry about him. Besides, he won't listen to you."

Ning Qing was troubled. Ever since he was young, Lu Fan had been the one she had worried about the most. The older he got, the more she couldn't control him.

"Oh right, mommy, where's Jinwen? He's almost 30. Has he got a girlfriend yet?"

Ning Qing shook her head. "Not that I know of. He is busy with his career right now. I'm not worried about him. I reckon that one day, he'll just call me out of the blue to invite me to his wedding..."

Lu Ning could just imagine the scene as it seemed exactly like what her eldest brother would do. Jinwen had inherited all of daddy's business acumens, he would be able to settle his affairs in good time.

"Mommy, that's enough. I'll unpack by myself. You should go back and sleep. Daddy must be waiting for you. I'll go to bed once I'm done with this."

"Okay, Ah Ning. Good night."

"Okay, good night."

After Ning Qing left, Lu Ning finished up with her luggage. Then, she went to take a shower. When she came out of the shower, her phone rang.

It was a call from Zhihan. She was still angry, so she rejected the call.

Flipping through her phone, she saw that there were numerous missed calls on her phone. They were all from Zhihan. There was also a WeChat message from "Your Darling".

She opened it and saw the first message he sent. It was a very adorable emoji...

Pfft. Lu Ning couldn't help but laugh out loud. What happened to the cold and aloof Chairman? This emoji was subversive!

The next WeChat message was, "Honey, I was wrong. I'll change. Please forgive me. Come back quickly. I can't live without you." Lu Ning curled the corners of her lips and revealed a sweet smile. She wanted to make him sweat a bit longer.

If she forgave him so easily this time, there would be hell to pay next time.

Lu Ning laid on the bed and thought to herself, "With the current situation between the both of them, he certainly has the upper hand. Although she has a strong personality, she is a sensitive woman at heart."

She turned off her phone and closed her eyes.

### **Chapter 1506: Marry Me**

Lu Ning woke up before dawn.

She did not lose sleep over Zhihan. On the contrary, she slept very well. It was just that she would habitually reach out for him in the middle of the night. However, the other side of the bed was empty, so she was just not used to it.

She felt that she had become too dependent on Zhihan.

It was drizzling outside, Lu Ning could hear the soft pattering of the rain. She draped a coat over her shoulders and walked over to the windowsill. She estimated the time to be about five o'clock, and it was still gray and foggy outside.

At this moment, she suddenly saw a slight figure downstairs. It was Xuyan.

She stood alone outside the door, drenched by the rain.

Just then, the door opened with a creak. A tall and handsome figure walked out, sticking his hands in his pockets as he stood in front of Xuyan. It was Lu Fan.

Xuyan looked up and looked at Lu Fan with reddened eyes.

"Lu Fan, what exactly do you want? I heard that Ading will be transferred to the Criminal Law Department. His problems are not so serious to warrant that. Did you do something on the sly?"

His lips curled up expressionlessly. "Since you already know, why do you still ask?"

She clenched her fists and held them tight against the side of her body. "Have we offended you? Why did you do this? What is your purpose?"

Lu Fan looked at the woman who was so much shorter than him. Instead of answering, he asked, "Do you really want to save him?"

"Yes." She nodded firmly.

"Okay, as long as you agree to one condition, I will let him go."

"What condition?"

“Marry me?”

Marry Him? Xuyan gasped. She looked at Lu Fan in shock. “What are you saying? You want me to... marry you?”

“Yes, marry me. Be Mrs. Lu. I want you to be my woman.”

She did not expect him to make such a request. “Why do you want me to marry you? Do you... Do you like me?”

Lu Fan laughed derisively. Then, he narrowed his eyes and roved over her from top to bottom. “Why would I like you? You are so ugly!”

Ugly? Did he have a problem? No one would ever associate her with the word “ugly”. Her parents, Luoxi and Xiaofu, were very good-looking people, and she had inherited both their good looks. When she walked on the street, men always did a double-take on her, and sometimes they would even walk into poles while doing so.

She was very beautiful, alright? But now wasn’t the time to argue about this. “Since you dislike me so much, then why do you want to marry me? I don’t like you either. Why do we need to torture ourselves?”

“Hmph,” Lu fan snorted coldly. “I just want to marry someone I hate. How about that?”

“You...” Xuyan spluttered.

“Think it over carefully. You don’t have much time left though.” Lu Fan looked at his watch. “Ading will be transferred in half an hour.”

“Alright, I will marry you!” she agreed.

Lu Fan’s eyes flashed with emotions, but it was swiftly replaced by a cold gaze. Raising his eyebrows, he said, “Go back and wait for me to marry you.”

He turned around and left.

“Hey, Lu Fan, I’ve already agreed to marry you. When will you release Ading?” This was the question she was most concerned about.

Lu Fan stopped in his tracks, “He will be released on the day we marry. Xuyan, listen to me. Before we marry, you better make things clear with Ading. I don’t want an unchaste woman. If you dare to have anything to do with him after we marry, I’ll put him in prison.”

### **Chapter 1507: A Tour Around the World**

With that, he stalked off.

Xuyan stood in the rain and looked at his retreating back. Gritting her teeth in anger, she left.

...

Lu Ning witnessed the whole exchange from upstairs. She didn’t expect to be so entertained with a rain scene in the wee hours of the morning.

Lu Fan was going to marry Xuyan? But seriously, her second brother's EQ was really low. He had captured Ading just to make Xuyan beg him. And when Xuyan had asked him if he liked her, he still refused to admit that he did. He had loved her since they were young.

Lu Ning didn't expect Lu Fan to be so devoted. When he was younger, he had said he was going to marry Xuyan in the future. Now, with his ability, it seemed like his dream was about to be realized.

She would have a sister-in-law soon. She felt very happy.

Lu Ning was about to return to bed to continue sleeping. However, at this moment, a headlight from a car cut through the darkness and the car rolled to a stop downstairs.

The driver's door opened, and Zhihan stepped out.

With one hand bracing on the car door, he turned to look upwards. When he saw her standing by the windowsill, he bestowed her with a brilliant smile. "Honey," he mouthed silently.

Why was he here? Lu Ning was surprised but she quickly returned his smile with a stare, determined to ignore him.

Returning to her bed, she tried to sleep. But just as she closed her eyes, her phone rang. She had turned it on when she woke up. The call was from Zhihan.

"Hello," she said as she answered the phone.

"Hello, honey. Can you open the door for me?" His deep and magnetic voice came through the phone.

"No way! I did not invite you to my house!"

"Then I'll ring the doorbell. It's just past five in the morning. Don't blame me if I wake the whole house up..." he threatened.

How dare him. Lu Ning gritted her teeth in anger. "Yin Zhihan, you b\*stard!"

"Then you're the bastard's wife. We're a family. Hurry up and open the door."

In order not to wake her family, she had no choice but to accede to his request. She also did not want to quarrel with him in front of them too.

Lu Ning stomped down the stairs.

...

A gust of cold wind swept in as Lu Ning opened the door. Zhihan's handsome face appeared in sight. He walked in and said softly, "Thank you, honey. You are the best wife a man can have."

"Don't be glib!" Lu Ning went upstairs.

He followed closely behind her and wrapped his long arm around her shoulders. "Honey, where is your room? Bring me there now. My clothes are soaking wet. I need to take a shower."

Did he just say that he wanted to go to her room?

"Yin Zhihan, what are you thinking about? I'm punishing you for your mistake and you think I will let you enter my room? No way!" Lu Ning pushed him away.

"If not yours, then whose room do I go into? If you let me stay in the guest room alone, your parents will be displeased..."

"You! Yin Zhihan, just go away!" she pushed him away.

He did not move at all. "Honey, since you left, I have not slept. I've already taken care of all the work on hand. I am taking some time off work to spend time with you wholeheartedly. We'll visit with your parents for a while, then we'll go on a tour to travel around the world."

Travel around the world? She had not forgiven him yet, okay? He was jumping the gun.

"Honey, let's go back to your room." He walked over and hugged her.

#### **Chapter 1508: I Am Complete Because of You**

"Yin Zhihan, don't hug me. You can talk, just don't touch Me!" Lu Ning quickly dodged his hands.

At this time, there were two knocks on the door. Lu Fan leaned lazily against the door frame and looked at them. "Excuse me? Isn't it a bit early to be so lovey-dovey?"

Lovey-dovey? Lu Ning was flabbergasted when she heard that.

"Lu Fan... Ah!" She was about to say something when Zhihan suddenly grabbed her and carried her in his arms. Carrying her, he walked towards her room. "Lu Fan, you may continue sleeping. I will carry her to the room to continue this."

Both Lu Fan and Lu Ning were dumbfounded.

...

In the room.

Zhihan placed Lu Ning on the soft bed. She wanted to get up but he held her down. "Honey, don't be angry, okay?"

She looked into his eyes. His eyes were bright and gentle, like the stars in the sky. They were brilliant and beautiful. Her mood eased a little, but she was still unhappy.

"Honey, I know I was wrong, okay? Ever since you married me, I have treated you abominably. I have delegated the work at hand. For the next two years, I intend to give you all my attention. Didn't you want to establish your high-heeled shoe brand? Didn't you want to travel? I will be by your side and we will realize these things one by one."

Lu Ning's eyes immediately turned red. These were beside the point. She had experienced so much since agreeing to marry him on the spur of the moment. During the three months of his disappearance, everyone said that he was dead but she endured the pain and forged on relentlessly. But then when he finally resurfaced, he bullied her instead. She felt aggrieved indeed.

"Hmph!" She clenched her fists and hit him hard on the shoulder.

He continued to coax her, "After two years, we'll try to have a child. No, let's have two so that they have each other for company. Then, our home will be complete."

"Ah Ning, I really can't live without you. I know I'm wrong. I just wanted to tease you and enjoy the passionate side of you. I deserve your anger. Please forgive me, okay?"

The scalding tears in Lu Ning's eyes rolled down her face and she sobbed softly, "You're so annoying..."

"Yes, I know now," he said as he bent down and kissed away the tears on her face. He kissed her on her mouth lovingly.

"Are you still angry?"

"Yes of course! You will have to earn my forgiveness. It depends on your future performance, let's see!"

"Okay, honey. I think we should plan our wedding ceremony. Let's fly to France a few days later to design your wedding dress. We'll hold the wedding in a... an ancient castle. How about it? I want you to be the happiest woman in the world."

Lu Ning pouted. "I don't like to have a wedding ceremony. Didn't we already register our marriage? That's good enough."

"Why don't you want one?"

"Because it is for the benefit of others. Furthermore, it will be so tiring."

Zhihan thought for a moment, then raised his eyebrows suggestively. "Honey, are you afraid that I would be too tired to consummate the marriage at night? I know that you love me."

"What are you talking about?" Lu Ning immediately punched him with her fists.

Holding her, he rolled over on his back so that she was lying on top of him. He hugged her so tightly that they were joined from head to toe. Resting his chin on her head, he gently stroked her hair and closed his eyes in bliss. "Honey, in the past, I had never imagined that there would be a day like this. Being together with the woman I love and waking up next to her every day. In the future, she will have a child who looks exactly like me. Because of you, I have a family..."

The happiness in Lu Ning's heart spread throughout her entire body but she covered it with a snort and said, "Don't try to flatter me. I haven't forgiven you yet."

"Okay, I will work hard to get your forgiveness." He rolled over and pinned her down.

“Hey, Yin Zhihan, what are you doing?”

“Honey, I’m working hard right now.”

“...”

### **Chapter 1509: The Wedding**

Outside, the sounds of the drums and gongs soared into the sky. Inside, the flames of the red candles were flickering in the wind. Today was the wedding day of Lu Fan and Ou Xuyan.

Mommy Xia Xiaofu held a wooden comb and gently combed Ou Xuyan’s elegant long hair as she said, “Xuyan, I didn’t expect you to grow up in the blink of an eye, and now you’re getting married. When you enter the Lu Family and become Lu Fan’s wife, you must be filial to your in-laws. You must live a happy and contented life with Lu Fan, you can’t continue to be capricious, understand?”

“Mommy, when was I capricious?”

“You weren’t, but you keep scowling at Lu Fan and getting into a fight with him every time you see him. After this, he will be your husband. You can’t continue acting like this.”

Lu Fan...

Thinking of this man, Ou Xuyan’s hands that she placed on her knees were tightly clenched. If it weren’t for big brother Ading, she would never have been willing to marry him.

He was just a bastard who took advantage of others in their perilous state!

She had feelings for big brother Ading, not him!

Big brother Ading...

Big brother Ading should have been released from captivity by now.

“Alright Xuyan, look at how beautiful you are. You are definitely the most beautiful bride in the world today!” Mummy Xia Xiaofu pressed her hands on Ou Xuyan’s shoulders and willed her to look in the mirror.

This wedding was not a Western-style wedding, but a Chinese-style wedding. As such, Ou Xuyan was not wearing a wedding dress, but a phoenix coronet and an embroider tasseled cape.

She looked at herself in the mirror. Her delicate features were covered with a thin layer of makeup, which made her look even more stunning. The bright red color complimented her fair skin. Today, not only did she have an out-of-this-world aura, but also a charming poise. The combination of two completely different auras made her look dazzling.

At this time, the sound of firecrackers could be heard from outside. Someone shouted, "The groom is here!"

"Xiaofu, have you finished preparing Xuyan? The auspicious time is here, Lu Fan is here to pick up his bride." At this moment, Daddy Ou Luoxi pushed open the door and entered.

"Yes, yes. Hurry up and let Lu Fan come and get Xuyan." Xia Xiaofu's eyes were filled with tears.

"What's the matter?" Seeing his wife cry, Daddy Ou Luoxi quickly went forward and hugged Mommy Xia Xiaofu's shoulders. He comforted her gently, "Marrying off a daughter is a happy thing. Don't be sad. Besides, what era is it now? Even if Xuyan gets married, she will still be our daughter."

"Yes, I know."

It was just that Xia Xiaofu was feeling very sad. In the past, Xuyan had suffered a lot in her care when she was still a small child. She always felt that she hadn't spent enough time with her daughter, and now she was already all grown up and marrying someone else.

"Mommy, don't cry anymore. Even if big sister is married to someone else, you still have me." At this time, Ou Shiman came forward and held Xia Xiaofu's arm.

Ou Shiman was five years younger than Ou Xuyan. She was 20 today, which was the age of youth. She was in her second year of university and was a university student.

Compared to Ou Xuyan's delicate temperament, Ou Shiman was more lively and cute, shown especially by her pair of big eyes, which were like black gems that were very beautiful.

Xia Xiaofu looked at her youngest daughter. She did not know whether to feel comforted or to be sadder, because, in a few years, Little Shiman would also be in relationships and be married.

Daddy Ou Luoxi looked at the three most important women in his life with heartache, and then he said, "Lu Fan, you can come in and pick up the bride."

Outside, the sound of gongs, drums, and firecrackers shook the sky. Then, the door opened with a creak, and Lu Fan walked in.

Lu Fan was wearing a red robe instead of his military uniform, but he still stood tall and straight. Standing by the door, he could even reach the doorpost. Today, he was in high spirits and looked handsome.

### **Chapter 1510: The Groom Carries the Bride**

Ou Shiman ran to the front of Ou Xuyan while giggling, not letting her brother-in-law see her sister. She stretched out her fair hands and said, "Brother-in-law, if you want to take sister away, you have to give me a red packet."

Lu fan took a glance at his strange attire which he did not like because it was inconvenient for him to move. On top of that, he did not bring any red packets with him today.

He frowned and said, "I didn't bring any red packets."

Ou Shiman liked her brother-in-law quite a lot because he was a soldier. Commonly, girls liked soldiers. Moreover, her brother-in-law's voice was so deep and charming, which she liked as well.

"What? Brother-in-law, you want to take my sister away without bringing any red packets? Aren't you're too insincere?" Ou Shiman covered her mouth and snickered.

Lu Fan raised his eyebrows, then turned to look at the butler next to him and gave him a look that read "handle it".

The butler chuckled, "Second young miss, we have many red packets. Come, I'll give it to you on behalf of your brother-in-law."

"That's right, Shiman, stop messing around. Hurry up and let your brother-in-law take your sister away. Don't make them miss the auspicious time." Daddy Ou Luoxi also spoke.

"Humph." Ou Shiman pouted. She was just joking. "Brother-in-law, I wish you and my sister a happy wedding and a happy wedding night."

Everyone present was speechless for a second.

Lu Fan raised his eyebrows and looked at Ou Xuyan. When he saw Ou Xuyan with her phoenix coronet and embroidered tasseled cape, he was stunned by the view. She was so beautiful today.

Ou Xuyan immediately felt his gaze. She looked up and saw that the man was staring at her with a burning gaze. She frowned her eyebrows and glared at him as if to mean "what are you looking at? If you continue looking, I'll dig your eyes out!"

Lu Fan was not willing to be outdone. His gaze returned the meaning "Yeah, I'm looking at you, so what?"

Ou Xuyan was at a loss for words.

She really wanted to rush up and fight with him!

"Alright, the auspicious time has arrived. The groom may carry the bride!"

Lu Fan spread his long legs and stepped forward. Then, he carried Ou Xuyan in his arms princess-style.

The onlookers quickly applauded.

Ou Xuyan was instantly bashful and attempted to struggle. To be honest, she was not familiar with Lu Fan other than the fact that he had burned her hair when they were still children. Now that he had captured big brother Ading, she did not have a good impression of him and was thus feeling very uncomfortable since he was currently holding her.

"Don't move around."

“Let go of me. I’ll walk on my own.”

“Do you think I want to carry you? This is the rule. Have you ever seen a bride walk on her own during a Chinese wedding?”

“Then, then don’t hug me so tightly.”

“If you keep on nagging, I’ll throw you down. When that happens, everyone will laugh at you. You’ll be the first bride in history to fall to the ground!” Lu Fan threatened.

Ou Xuyan did not care much about the threat and continued to wriggle.

At this moment, Lu Fan loosened his grip, as if he was going to throw her down.

Ou Xuyan was shocked. Was he going to let go just like that? “Hey!”

She quickly wrapped her arms around his neck.

“Heh.” Lu Fan laughed softly.

“Oh, Oh.” The onlookers laughed excitedly as well.

No matter how willful Ou Xuyan was, she was still a girl. She immediately blushed under everyone’s teasing. She lowered her cute head and glanced at the man. Her gaze moved up from his protruding Adam’s apple to his face and lingered on his facial features that were carved and deep, his jaw firm. He was quite good-looking.

In reality, she had not interacted with many boys. Because she was childhood friends with Ading, she did not pay attention to other boys. Now that she looked at Lu Fan properly, she found that he was very good-looking.

Lu Fan carried Ou Xuyan into the car. Just then, he felt the small hands on his neck tighten, and he stopped in his tracks.

He followed Ou Xuyan’s gaze and looked forward. A person was standing in front of him.

### **Chapter 1511: Ading Is Here**

Ading.

Ading had just been released and was dressed in prison clothes. He had not shaved for a long time and looked very disheveled on the surface. The moment he was released from the prison, he had rushed here.

Looking at Lu Fan and Ou Xuyan, the bag in his hand fell to the ground.

Ou Xuyan was his fiancée, but he had been imprisoned for two years. When he had finally been released, Ou Xuyan had married someone else. This was a fatal blow.

Ou Xuyan’s eyes flashed with joy, but in the next second, she bit her lower lip with her fine teeth. Since things have come to this point, it was no longer possible between her and Ading.

She was already Lu Fan’s bride.

“Xu Yan!” At this time Ading loudly called her name.

Ou Xuyan felt a lump come into her throat, and her eyes quickly turned red. Big brother Ading...

Just at this moment, she felt a pinch at her waist, which Lu Fan had done.

“Ouch.” She immediately raised her eyebrows and glared at the man. “What are you doing?”

Lu Fan narrowed his eyes and looked at her unhappily. “Have you forgotten what I said? You’re secretly flirting with another man right under my nose. Do you think I’m dead?”

Ou Xuyan had nothing to say.

Lu Fan bent down and placed her in the back seat.

The car slowly drove away. Ou Xuyan watched Ading’s figure in the rearview mirror as it became further and further away from her...

...

The car stopped on the lawn of the Lu family’s villa. Today, the lawn was decorated with lanterns and beautiful decorations, and all the relatives were here.

Ou Xuyan was led in by Lu Fan while their hands were intertwined. Then, she knelt down to serve tea to the two pairs of parents. Ning Qing was delighted. She helped Ou Xuyan put on a bracelet, and said “Xuyan, from now on, you will be my daughter-in-law, and thus you are my daughter. This is the bracelet that Lu Fan’s grandmother gave me. Now, I will pass it to you.”

“Auntie, this bracelet is too precious...” Ou Xuyan wanted to return the bracelet to Ning Qing. Although she disliked Lu Fan, she liked Ning Qing very much.

“Xuyan,” Ning Qing stopped her. “You are already Lu Fan’s wife. You deserve this bracelet. Also, what did you call me just now?”

Ou Xuyan froze for a second before the corners of her mouth curled up briefly and she obediently changed her words. “Yes, mommy.”

“Good girl, Xuyan. Don’t worry. If Lu Fan dares to bully you in the future, just tell me. I will definitely help you teach him a lesson.”

Then, Ning Qing sighed, “But my dear son Lu Fan loves you so very much. You should know that when he was still a child he wanted to...”

“Mommy!” At this moment, Lu Fan interrupted Ning Qing’s words unhappily.

“Alright, alright, I know. My son is in a hurry to get married,” Ning Qing quickly changed the topic.

The crowd burst into laughter.

...

Ou Xuyan was sent into the bridal chamber. She sat by the bed. Lu Fan had gone to entertain the guests and was not back yet.

She did not move. She was very nervous because she was clueless as to how she was supposed to spend the night. She had always been sleeping alone and had never shared a room or even a bed with a man yet.

Right, Mommy Xia Xiaofu had secretly given her something. She took out a small notebook from her pocket and flipped through it.

There were strange drawings on it that Ou Xuyan could not understand. She looked at the drawings at all angles but did not know what they were about. There seemed to be two people, but their postures were very strange.

At this time, footsteps sounded from outside the door. "Boss, let us in to see sister-in-law. Sister-in-law must be very beautiful."

"Of course she's very beautiful. Otherwise, boss wouldn't be so reluctant to show her to us. Boss, you're so mean, you didn't even invite us, but instead directly informed us to come to the wedding."

"This can't do, boss, we're going to perform rough horseplay on the two of you newlyweds tonight."

#### **Chapter 1512: Snatching the Notebook**

Ou Xuyan guessed that these people were his subordinate soldiers, which made them his best friends?

At this moment, Lu Fan's deep voice was heard. He was very displeased. "Hurry up and leave, go do what you need to do. If you're bored, run a hundred rounds around the villa."

A hundred rounds?

In an instant, there was only silence outside the door.

Lu Fan pushed the door open and entered.

Seeing him enter, Ou Xuyan immediately stuffed the notebook in her hand under her pillow.

"What are you hiding?" Lu Fan closed the door. His sharp eyes could see her little movements with just a glance.

"I didn't do anything! You're seeing things!"

Lu Fan retracted his gaze and walked to the bathroom. He needed to take a shower. Also, this red robe was really in the way. As he walked, he took off the red robe.

Seeing that he had started to take off his clothes, Ou Xuyan was so scared that she sat back a little. "Hey, hey, hey, Lu Fan, what are you planning to do? You better not pull any tricks on me, or I won't let you off!"

Lu Fan turned around and saw the girl barring her two hands in front of her chest.

“Who will want to do anything to you, ugly girl!” Lu Fan threw the red robe on her head.

Ou Xuyan felt her vision go black. The clean smell of pine that she had smelt on him engulfed her senses. Her small face turned red and she immediately pulled the red robe off her head.

This man was really annoying. Why did he throw his clothes everywhere?

“Hey, Lu Fan...”

Lu Fan had already entered the bathroom and closed the door.

..

Ten minutes later, Lu Fan came out.

He wore blue silk pajamas and was holding a clean towel in his hand which he used to dry his hair casually. His movements were very rough, but it was also indescribably sexy and casual.

He threw the towel to the side and climbed straight onto the bed.

In fear, Ou Xuyan stood up from the bed, leaving the whole space to him.

Lu fan lay on the bed and crossed his legs. He narrowed his eyes and glanced at her. “Aren’t you going to take a shower?”

“Ye... yeah.”

Ou Xuyan turned around and ran away.

Lu Fan watched her slender figure disappear from his sight. He swung his long legs a few times out of boredom. Then, he reached out his large palm and searched under the pillow, taking out the notebook.

He flipped a page, looked at it, and then flipped it again...

...

Ou Xuyan had finished showering and was slowly blowing her long hair in the bathroom. The Lu family was rich and powerful, so the pajamas they prepared were not too revealing. She wore a sling nightgown with a cardigan over it and held the opening of the cardigan tight to herself. She still felt that this combination was very revealing.

How was she going to get through the night?

Would she have to sleep on the same bed as him?

With this question in mind, Ou Xuyan opened the bathroom door and stood by the bed.

Lu fan was still in the same position as before. He crossed his legs and looked at her. “Are you done bathing?”

“Yes.” Ou Xuyan nodded.

“Then get on the bed and sleep.”

“Where, where am I supposed to sleep?”

“Where do you want to sleep?” Lu Fan returned the question to her.

“Well, I’ll sleep on the bed, and you sleep on the floor,” Ou Xuyan said domineeringly.

Lu Fan did not get angry. He curled the corners of his lips and said with a wicked smile, “Ou Xuyan, what are you pretending for? You’ve wanted to sleep with me for a long time, right? Are you pretending to be innocent now?”

What did he mean, sleep with him?

“Lu Fan, what are you talking about?”

Lu Fan raised the notebook high. “What is this?”

Ou Xuyan’s pupils constricted. “My mommy gave this to me. Who told you to look at it? How could you take advantage of the time I went for my shower to go through my personal belongings. How despicable! Lu Fan, give it back to me!”

Ou Xuyan went up to snatch it.

The two of them were very close to each other, and there was faint friction between them. Ou Xuyan was on top, and he was underneath her. He refused to let go of the notebook that she had grabbed in her hand.

### **Chapter 1513: Lu Fan, Give It Back to Me**

Lu Fan raised his hand high up to prevent her from grabbing it. He raised his eyebrows and said wickedly, “Ugly girl, you actually read such a dirty book.”

A dirty book...

“Lu Fan, don’t spew lies. I didn’t read a dirty book!”

This was given to her by her mother.

“You’re still saying you didn’t do it? Then what do you think this is?” Lu Fan flipped the book open to the first page.

Ou Xuyan looked at it a few times but still could not understand it. She frowned and said, “I can’t understand it. Hurry up and return the book to me. You’re the one with dirty thoughts and you’re one to point the finger at others!”

Lu Fan could smell the youthful fragrance on her. It was very fragrant. Her wet hair swept past his hard and handsome face with the fragrance of shampoo, and it tickled his nerves.

He was 25 years old and was in the prime of his life. Looking at Ou Xuyan’s rose-like face that was delicate and beautiful, he could not bear to look away.

“You really don’t understand?”

“No!”

“Okay, then I’ll explain it to you...” Lu Fan pointed at the first picture. “There are two people, a man, and a woman. Look at what they are doing.”

Ou Xuyan followed his slender index finger and finally got the gist of it. The man and the woman were hugging each other tightly.

Ou Xuyan was not stupid. She immediately understood 60% of the whole drawing. Her small face turned red. “Lu Fan, you’re really despicable!”

“You’re one to call me despicable. Have you forgotten that this book is yours!” Lu Fan retorted.

Ou Xuyan immediately felt nauseous as if she had eaten a fly. This was too despicable. How could her Mommy Xiaofu give her such a book? How shameful!

“Although this book is mine, I didn’t understand it. Instead, it’s you who understood it at a glance and even explained it to me. Don’t you think you’re despicable? Lu fan, I don’t want to talk to you anymore. Return the book to me!” Ou Xuyan continued to try snatching the book.

Lu Fan raised the book high and didn’t let her have it. He snorted and said, “Ugly girl, are you pretending to be innocent?”

“What?”

“This book is yours, but you don’t understand. You even made me tell you on purpose. Why didn’t I realize that you were so scheming in the past?”

Ou Xuyan was speechless. She finally knew what it meant when a thief cried “stop thief”.

“Lu Fan, give me the book!”

“Ugly girl, stop moving!” Lu Fan said impatiently in a hoarse voice.

Who was the ugly girl?

Why did he call her that?

“Lu fan, you’re so annoying... Ah!”

Lu Fan flipped over and directly pressed Ou Xuyan under his body.

Ou Xuyan quickly reached out her palms and pressed them against his chest. His muscles were so hard and his body temperature was scorching to the point she felt as if her palms were burned.

Now he was looking down at her. No one knew what he was looking at, but his gaze was similarly hot with his body temperature, as if... as if he was going to eat her.

“Hey, Lu Fan, what are you trying to do?”

“What do you think? We just got married. It’s our wedding night.”

What did he just say?

Wedding night?

Was he having some dirty thoughts in his head? Moreover, her book was still in his hand. No matter how she looked at it, he seemed to be full of bad ideas. She was not going to let him take advantage of her.

“Lu Fan, although we just got married, I can kill you tonight!” She directly stretched out her leg and kicked at his crotch.

Lu Fan’s reaction was very fast. He let go of her and jumped off the bed. She was so close to kicking his penis, it was dangerous.

“Ou Xuyan, you’re courting death!” He glared at her fiercely.

He hadn’t even made a move against her, but she had already made the first move. What a bitch!

#### **Chapter 1514: Honeymoon Trip**

Ou Xuyan stood up and used her two slender arms to block herself. She glared back, unwilling to be outdone, “Lu Fan, you’re the one who’s courting death. If you dare to touch me again, I’ll definitely cripple you! I married you just for big brother Ading. I don’t have any feelings for you, on the contrary, I hate you very much. Don’t even think about touching my body!”

Lu Fan’s handsome and strong features darkened. He looked at her sharply and gritted his teeth. “Who wants to touch you? But since you’re married to me, no other man can touch you. You can just expect to be a widow for the rest of your life!”

Lu Fan went into the bathroom angrily.

After he disappeared, Ou Xuyan quickly got down from the bed. She took out a blanket from the cabinet and slept on the sofa. She didn’t want to share the bed with that bastard Lu Fan.

She closed her eyes.

Ten minutes later, when Lu Fan came out of the bathroom, he saw that there was no one on the bed. Instead, there was a small figure curled up on the sofa. She had gone to sleep on the sofa.

Lu Fan was very angry. Just now, he had used cold water to wash away the restlessness in his body. He felt that he was holding back too much. What was the use of getting a wife? And now, she had done something like this!

“Ugly girl, who allowed you to sleep?” Lu Fan spread his long legs and walked over, wanting to wake Ou Xuyan up.

However, his movements paused because the girl had already fallen asleep. Her sleeping face, as she was curled up in the blanket, was peaceful and cute, unlike her usual fierce disposition.

Lu fan could not help but reach out his large palm to touch her small face. Her skin was so good that it seemed that it would break at the slightest touch.

In her dreams, Ou Xuyan could feel that someone was touching her, thus she turned around and continued sleeping happily.

Lu Fan's lips curled into a gentle smile. Then, he turned around and got onto the big bed.

...

The next morning, Ou Xuyan realized that she had woken up late. It was already seven o'clock in the morning. She got up from the sofa in a panic and when she turned her head to take a look, she found that Lu fan was already gone.

At this moment, the door opened with a creak. Lu fan had returned. He had gone for a morning run. He was wearing a white tank top and black trousers, his posture tall and handsome. Now, his clothes were drenched in sweat, and the thin clothes revealed his sexy abdominal muscles and his strong shoulder blades.

It was the first time Ou Xuyan had seen a man wearing a tank top. She looked away uneasily and said, "Hey, Lu Fan, can you be more careful with your image in the future? I'm living with you now, can't you stop wearing such revealing clothes?"

Lu Fan glanced at his clothes and felt that they were very normal, and had nothing to do with the word "revealing."

He gave Ou Xuyan a sideways glance. "Do you want to see something more revealing?"

"What?"

Lu fan pretended to untie his belt.

"Ah!" Ou Xuyan screamed. "Pervert!"

No sound came from next to her.

She secretly opened her eyes and saw that Lu Fan had already walked into the bathroom in large strides. He was just teasing her.

Ou Xuyan clenched her little fists. She felt that she had been tricked.

...

Ten minutes later, Lu Fan had finished his shower and came out of the bathroom. Ou Xuyan went in to brush her teeth and wash her face. When she came out, Lu Fan had already gone downstairs.

She changed into a dress and went downstairs. Lu Shaoming and Ning Qing were both in the living room. Ning Qing saw her and said happily, "Xuyan, you're up. Let's go and have breakfast together."

"Oh, okay."

The family of four gathered in the dining room for breakfast.

Ning Qing looked at the newlyweds. Not a trace of closeness and sweetness like the normal newlyweds could be found between them. On the contrary, it was as if they did not like each other. Thus, Ning Qing said, "Lu Fan, you're on vacation during this period. How about this, why not you take Xuyan on a honeymoon trip?"

A honeymoon trip?

With him?

Ou Xuyan's fork almost fell on the dining table.

#### **Chapter 1515: Packing the Luggage**

Lu Fan was expressionless as he nodded and said, "Okay."

Wait, what? Ou Xuyan even suspected that she was hearing things. Lu Fan actually agreed to take her on a honeymoon trip?

Ning Qing smiled warmly. "Xuyan, how about you and Lu Fan go to the Maldives for a trip? Ah Ning and Zhihan are there too, you can go and meet them there."

Lu Ning and Yin Zhihan were traveling around the world. They were now in the Maldives.

"Then it's decided." Lu Fan made the decision.

Ou Xuyan, who hadn't had the chance to speak up, was speechless.

...

The moment two of them returned to their room, Ou Xuyan asked Lu Fan grumpily, "Hey, Lu Fan, why did you agree to your mum's suggestion about the honeymoon trip? Do you think we're suitable to go on a honeymoon together?"

"We're newlyweds. Do you think it's suitable?" Lu Fan asked in reply.

Ou Xuyan felt as if a fishbone was stuck in her throat. That's right, a honeymoon trip was meant for newlyweds, but how were the two of them like newlyweds?

She began to doubt his purpose in marrying her.

“Hey, Lu Fan, what exactly did you marry me for? The last time I asked you if you liked me, you said you didn’t. I really can’t think of any reason for you to marry me.”

Lu fan looked at her indifferently. “Well, it’s because you offended me...”

Offended him? Since when?

The first time she interacted with him was when she was still a child. It was at the Yin family’s party, where he had burnt her hair...

Lu fan seemed to see the confusion in her eyes. He said seriously, “When we were still kids, you said you hated me and didn’t like me... You were the first to destroy my pride and make me have the urge to conquer. So now I took you as my wife to make you... Fall in love with me.”

Pfft, Ou Xuyan was about burst out laughing. She? Fall in love with him? Maybe in her next life!

“Lu Fan, you can keep on dreaming, but I’ll never fall in love with you. You’re just a petty man who destroyed my life and big brother Ading. You won’t be able to get any happiness either.”

Lu fan snorted coldly and refused to say more on the topic. “Go pack your luggage.”

Ou Xuyan was about to die from laughter. “Why do you want me to pack my luggage? What right do you have to order me around? Am I your maid?”

“With this!” Lu fan raised his fist. “Do you want to fight?”

Ou Xuyan was at a loss for words.

This man was really rude. He even threatened to beat her up. In terms of fighting, she was, of course, not his match.

Lu fan narrowed his eyes and looked at her from head to toe. “If you force me to make a move against you and I win, then we’ll continue what we didn’t finish last night!”

What we didn’t finish?

Ou Xuyan’s small face quickly burned up. She understood what had happened. He had ridden on top of her and had tried taking off her clothes, saying that he wanted to consummate their marriage.

“Don’t do anything rash. I’ll go and pack my clothes now!” Ou Xuyan was very flexible with her pride. She obediently took out her suitcase and then opened the wardrobe to pack her clothes.

Lu fan watched her as she squatted on the ground and folded her clothes into neat tofu-like squares in an orderly manner. Then, she packed them into the luggage one by one, her movements quick.

He was satisfied with her quick and frank movements. He was a soldier, and she could keep up with his pace.

Ou Xuyan had been independent since she was young. Although Mommy Xia Xiaofu doted on her daughters, especially Little Xuyan, she still agreed with Daddy Ou Luoxi on certain things, such as the idea that girls had to be brave and independent, and that they had to go out and broaden their horizons.

“I’m done.”

“Mm, then you can help me pack mine.”

Ou Xuyan said, “What?”

### **Chapter 1516: Clear the Air with Ading**

“What do you mean ‘what’?” Lu Fan glanced at his suitcase. “As a wife, shouldn’t you help your husband pack his luggage?”

Ou Xuyan was speechless.

Finey, I’ll endure it!

Ou Xuyan took the black suitcase and opened it. She asked, “What do you need?”

Lu Fan thought for a moment and said, “Some underpants...”

The mention of these words made Ou Xuyan blush. She immediately suspected that he was doing it on purpose, but they were on his territory, and she couldn’t beat him in a fight, so she didn’t have a choice but go to the wardrobe to get them.

His underpants were neatly placed in the drawer. They were basically triangular cool-colored bullet underwear. The crotch area was quite large, and one could imagine some R18 scenes just by looking at them.

Ou Xuyan quickly took a stack of them and stuffed them into a corner of the suitcase, without even asking him how many he needed.

“What else do you need?”

“Belt, razor...”

Lu Fan continued counting, and Ou Xuyan resigned herself to follow his instructions.

...

An hour later, the servant placed the two suitcases in the trunk. Under the watchful eyes of Lu Shaoming and Ning Qing, Lu fan drove away with Ou Xuyan.

The moment they exited the Lu family residence’s gate, Lu Fan saw a familiar figure through the windshield. It was Ading.

Ading had probably been waiting there the whole time.

Ou Xuyan saw Ading almost at the same time as Lu Fan. Her pupils constricted, and her eyes were filled with a mixture of concern, nervousness, guilt, and sadness.

At that moment, Lu Fan slowly stepped on the brakes, and the car stopped. "I'll give you five minutes to go down and clear the air with him."

Ou Xuyan looked sideways at the man next to her. His jawline was exquisite and cold, without any emotion. She was quite surprised that he was actually allowing her to go down and talk to Ading.

"I don't want him to appear in my life again. If you can't explain it to him clearly, I have my own ways to make him disappear!"

Ou Xuyan's heart sank. Such a hateful man, her hatred for him had reached its peak.

"Got it." She got out of the car quickly.

Ading saw Ou Xuyan coming over, and his eyes flashed with surprise. "Xuyan, I knew you would come to see me. You wouldn't abandon me and marry another man..."

"Big brother Ading, I'm sorry."

"Xuyan, don't tell me you're sorry. Is there something you can't tell me? I don't believe you'll fall in love with someone else. We were childhood sweethearts, you were already my fiancée."

"Big brother Ading," Ou Xuyan took a deep breath and looked at Ading. Ading was a lot thinner and haggard compared to when she last saw him. "I'm already married to Lu Fan. I'm the young madam of the Lu family now."

Ading froze.

"I'm sorry, big brother Ading. You've been locked up for almost two years, and I've been with... Lu Fan for the past two years. As you know, our family and the Lu family have been friends for generations. In fact, our two families have been planning on a marriage alliance for a long time..."

"Xuyan, what exactly is it that you want to say?"

"Big brother Ading, what I want to say is that yes, we were childhood sweethearts, and I thought that I had feelings for you, but ever since I met Lu Fan, I realized that I didn't love you romantically, I was just taking you as my brother. The one I really like is Lu Fan, and I'm his wife now. So, big brother Ading, don't come looking for me anymore in the future."

The Green Sect had already been disassembled into pieces by Lu Fan's Special Forces. However, this was the general trend. She believed that once Ading was released from prison, he would be able to rebuild the Green Sect and lead them onto the right path. Big brother Ading still had many things to do, he couldn't and shouldn't spend all his time and energy on her.

### **Chapter 1517: I'll Only Do Hard Labor for My Woman**

Lu Fan would not allow Ading to follow her all the time. That man had issued a clear threat and warning. She did not want big brother Ading to be in danger.

As long as big brother Ading was getting along fine, she would be okay with it.

Ading's enthusiasm was extinguished by Ou Xuyan's words. He looked at her with a pained expression, "Xu Yan, I've only been locked up for two years, and you've already moved on? Alright, now look me in the eye and tell me that you don't like me and that you like Lu Fan."

Ou Xuyan endured the pain in her heart and looked straight into Ading's eyes. "Big brother Ading, I'm sorry. I don't like you anymore. I'm already Mrs. Lu. I hope you won't come looking for me in the future anymore."

Ading looked at her deeply before turning around and leaving.

Ou Xuyan looked at his receding figure, her eyes filled with longing and reluctance.

At this moment, the car horn sounded. Lu Fan was rushing her.

Ou Xuyan could only turn around and get in the car.

...

In the car, Lu Fan was driving with his eyes on the road. His thin lips moved as he asked, "Have you cleared the air with Ading?"

"Yes." Ou Xuyan nodded.

"Hmm? Are you in a bad mood now?"

Was she in a bad mood?

She was indeed in a bad mood!

She had already done everything he had asked of her. So now did he want to control her mood as well?

Ou Xuyan curled the corners of her lips and gave him a sweet smile. "How can that be? To be able to go on a honeymoon trip with you, my mood is really beautiful."

Her deliberately pretentious voice was very coquettish, but Lu Fan liked the sound of it. His entire eardrums went numb, and even his back stiffened from his nerves. However, he feigned displeasure and said snappily, "Speak properly, your voice is making me want to vomit!"

It's better if you do vomit!

Ou Xuyan turned her head to look out of the window and decided to ignore him.

Half an hour later, the two of them arrived at the airport.

A beautiful scenery quickly appeared in the airport hall. Lu Fan was wearing a navy blue V-neck thin sweater and a pair of black slim jeans. His two long legs attracted the gazes of many as he walked into the airport, and he had a pair of sunglasses on his handsome and tough face. His aura was simply too unique.

Ou Xuyan, on the other hand, was in a sorry state. She was pulling two suitcases behind her and had many bags with her. In short, she was a walking coolie.

At this moment, a bag in her hand fell to the ground. She was so tired that she was panting as she called out to the man in front of her, "Hey, Lu Fan, can you help me pick up the bag?"

Lu Fan turned around and walked over to her with his long legs. Seeing that she was so tired that her forehead was covered in sweat, he sneered, "You're so stupid. You can't do anything right!"

"Lu Fan, are you a man or not? This kind of hard work is usually all done by men, okay? I'm working hard in your place, and now you're hating on me?"

"What a joke. There are so many women in this world. If I had to work hard for every one of them, wouldn't I be exhausted to death? Besides, who are they?"

Ou Xuyan was simply speechless.

"These are all excuses. In short, you're not a gentleman! A gentleman can work hard for every woman anytime, anywhere."

"Humph, then the most qualified gentleman in the world is probably a bodyguard."

"..."

"However, ugly girl, I can also do hard labor. But I'll only do so for my woman. Are you my woman?" Lu Fan raised his eyebrows and asked.

"Of course... Not!"

Ou Xuyan immediately bent down and picked up the bag. Then, she wiped the sweat on her forehead and continued to walk forward. She was not his woman. She could do all the hard labor by herself.

A hint of disappointment flashed across Lu Fan's narrow eyes. However, he quickly stepped forward and snatched the bags and luggage from Ou Xuyan's hands.

Chapter 1518: You Will Definitely Be Able to Satisfy My Second Brother's Stomach

Ou Xuyan watched his back from behind. He was carrying everything and walking with ease as if the luggage in his hands were weightless. In contrast, she was half-dead from exhaustion just now.

At this moment, a girl squealed, "Wow, wow, wow, look at that person, he's really manly."

Ou Xuyan had no words to say.

Nymphomaniac!

..

Maldives.

When they reached the airport, Yin Zhihan and Lu Ning had driven over to pick them up. Then, the four of them went to the seaside vacation villa.

“Second brother, Xuyan, take a seat. I’ll go prepare dinner. I’ve already prepped all the ingredients and was just waiting for you guys to come over.” As she said that, Lu Ning went into the kitchen.

Ou Xuyan looked at Yin Zhihan and Lu Fan, then said, “I’ll go and take a look too.”

The two women went to the kitchen.

Yin Zhihan poured a cup of iced coffee and handed it to Lu fan. He smiled and said, “Second brother, you finally got the woman you like?”

Lu Fan took a sip of the iced coffee and frowned. “Who said I like her?”

Yin Zhihan smiled, “Come on, you may be able to deceive others with these words, but not me. Back then, when you saw that Xuyan and Ading were together, you were lovelorn for a whole year. Everyone thought that you weren’t going to be able to recover from the heartbreak. When the orders from the higher-ups suddenly came down that they wanted to crack down on crime and mobs, you went for the Green Sect at the first moment. Your intentions were so obvious.”

In fact, all these years, Yin Zhihan had always thought that Lu Fan was the simplest person. He had never changed. When he was still a child, he had fallen in love with a girl, and because of this girl, he had changed the course of his life.

He dared to love, dared to hate, dared to take responsibility, and his heart was very pure.

The corners of Lu Fan’s lips curled up. “Although I am now your second brother-in-law, when it comes to deceiving girls, I still have to acknowledge you as my senior.”

Lu Fan turned his gaze meaningfully to Lu Ning who was in the kitchen.

Yin Zhihan raised his eyebrows and his handsome eyes were filled with the charm of a mature man. It could be seen how comfortable he had been during this period.

How could he not be? Every meal was personally cooked by Lu Ning, and she would satisfy him with her body every night. Lu Ning had her unique charm, but when she was with him, she did not lose her feminine charm. He enjoyed it very much.

“I’ll go see how they’re doing.” Lu Fan put down the iced coffee and walked to the kitchen.

...

In the kitchen, Lu Ning was the main chef while Ou Xuyan was like a cooking assistant as she handed over all sorts of ingredients that Lu Ning needed.

Seeing Lu Ning’s cooking skills, Ou Xuyan sighed in amazement, “Ah Ning, I can already smell the fragrance. I’m almost drooling. My God, your cooking skills are so good that even my chef can’t compare to you.”

Lu Ning was still very proud of this. She smiled and said, "I went out to live alone during my high school days, and I usually cooked whatever I liked. Later, when I went to school in the United States, I learned about the delicacies of various countries. I simply dabbled a little in cooking."

"If only I could dabble in cooking and have such skill."

"Xuyan, don't you know anything about cooking?"

Speaking of this, Ou Xuyan pursed her lips in embarrassment. "It's not that, I know the simple ones, like cooking vegetables and making soup. My specialty is egg-fried rice. At least I can feed myself."

"Yes, my second brother is a soldier. He usually eats very crudely. You can definitely satisfy his stomach."

Why did everything end with a mention of him?

Ou Xuyan curled the corners of her lips. "That's true. If he dares to say anything bad about my cooking, I will definitely knock him out."

Pfft. Lu Ning laughed unkindly.. Just then, from the corner of her eyes, she saw a tall and straight figure leaning against the door frame.

Chapter 1519: Come and Take a Look at Xuyan's Beauty

Lu Fan was leaning against the door frame, his hands in his pockets as he looked over.

Lu Ning immediately snickered with her hand over her mouth. "Second brother, just now Xuyan said that she could instantly defeat you. When did you become so weak that you can't even beat Xu Yan?"

Ou Xuyan turned her head and her eyes immediately bumped into Lu Fan's dark narrow eyes. His eyes were pure and clean, as bright as black diamonds.

Ou Xuyan felt embarrassed. She couldn't beat him, she was just joking.

"Hehe." She stuck out her pink tongue to ease her embarrassment.

Lu Fan's eyes darkened when he saw her do this. He snorted and left.

"Xuyan, you just got married, but I think my second brother is already in your grasp."

Ou Xuyan was speechless.

...

That night, Ou Xuyan slept with Lu Ning. She was afraid that to sleep with Lu Fan again, and thus she kept pestering Lu Ning. As such, it was happily decided that the two women would sleep in the same room, while the two men would sleep in another room.

The next morning, after breakfast, Lu Ning said, "Second brother, Xuyan, let's go to the beach. We must go to the beach since we're in the Maldives."

Ou Xuyan nodded. "Sure."

"Xuyan, let's go upstairs and change into a bikini. I have quite a few here, you can wear the one you like."

Bikini?

Ou Xuyan had never worn a bikini before. She felt that it was a little revealing, so she was a little hesitant. However, Lu Ning directly dragged her upstairs.

Lu Ning took out a few bikinis. "Xuyan, how about you wear this one with floral prints and lace? It suits you better."

Ou Xuyan took a look at the white floral bra and the small panty of the same style. It came with a gauze cloth that could be tied around her waist. "Ah Ning, I don't want to go into the water, so I'll pass."

"Why?" Lu Ning was very surprised. "What fun would you have if you don't go into the water?"

"I... Don't know how to swim..."

"Xuyan, you don't know how to swim? Then it's more so that you should go into the water. It's dangerous to not know how to swim. Let my second brother teach you today."

"But..."

"But what? Hurry up and go!" Lu Ning pushed Ou Xuyan into the changing room.

.....

Fifteen minutes later, Lu Ning led Ou Xuyan out of the holiday villa and to the beach. There were many young men and women here. The girls were all wearing bikinis.

However, the appearance of Lu Ning and Ou Xuyan still attracted everyone's attention. All the men looked at them discreetly.

Lu Ning chose a strapless bikini top with a short skirt underneath. It was a mix of green and pink, which made her look gorgeous and magnificently beautiful.

The white floral print suited Ou Xuyan perfectly and enhanced her delicate aura. The gauze cloth around her waist made her legs faintly visible, and her figure was graceful and elegant.

The men were stunned by the view. One of the girls grabbed her boyfriend's ear and said fiercely, "What are you looking at? If you dare to look at other women again, I'll tear your ear apart..."

"You're here?" Yin Zhihan stretched out his strong arm and naturally grabbed Lu Ning's small waist, protecting her in his arms.

He had always been very possessive. With so many men staring at his wife, it was a given his expression was not very good. He used his handsome body to block the prying eyes of others.

“Yep, we finished changing.” As she said this, Lu Ning looked at her second brother, Lu Fan. “Second brother, come on and take a look at Xu Yan. Isn’t she beautiful?”

Lu Ning pushed Ou Xuyan into Lu fan’s arms.

Ou Xuyan was already feeling uncomfortable and shy in a bikini.. She wasn’t prepared for Lu Ning to push her, so with a gasp, she stumbled a few steps and crashed into Lu Fan’s arms.

### **Chapter 1520: Learning How to Swim**

My nose hurts. Why is this man’s chest so hard?

Ou Xuyan glared at Lu Fan with watery eyes.

Lu Fan stretched out his muscular arm and wrapped it around her waist. He said in annoyance, “Why are you so stupid?”

Ou Xuyan was at a loss for words.

She felt extremely bashful with his muscular arm wrapped around her waist. His palm was so thick and rough which made her delicate skin sting a little and was itchy.

“Let go of me!” She whispered and then struggled.

“Don’t move!” Lu Fan’s big palm slid onto her little butt and slapped her on the butt.

He actually... slapped her butt?

Ou Xuyan froze.

At this moment, Lu Ning snickered. “Alright second brother, there’s no need to showcase your affection for each other, we know you two have a good relationship.”

“We...” Ou Xuyan wanted to refute.

However, Lu Ning did not give her the chance to speak. “Second brother, Xuyan doesn’t know how to swim. Today, you have to teach Xuyan how to swim. Xuyan, my second brother is very good at swimming. Did you know that he was very naughty when he was young? No one had taught him how to swim, but that year when he went to the Shaolin Temple to learn martial arts, he jumped into the river while standing on the bridge. The Masters were all stunned. They watched as he flopped in the river a few times and taught himself how to swim within a few strokes.”

Ou Xuyan was dumbfounded when she heard this. This Lu Fan... was there something wrong with him? He just jumped into the river, just like that?

She turned her head to look at the man beside her.

Lu Fan was a little unhappy. This was an embarrassing incident that he had done when he was young. Why did Lu Ning bring it up?

“Alright, Ah Ning, let’s go into the water. It’s also good for second brother to be alone with Xuyan,” Yin Zhihan said.

“Okay, okay. Xuyan, we’re leaving.”

Seeing that Lu Ning and Yin Zhihan were leaving, Ou Xuyan quickly called out, “Ah Ning...”

At that moment, the grip around her waist tightened. Lu Fan gave her a hard hug. “Stop calling for her!”

“But I don’t want to be with you. I want to be with Ah Ning...”

“How long do you want to be a third wheel? Ah Ning and Zhihan have just gotten married!”

Last night, when the two men were sleeping in the same room, Yin Zhihan had already talked to him in private, asking him to control his woman and not take Lu Ning all to herself.

Then only did Ou Xuyan realize that she had been a third wheel. Looking at Yin Zhihan and Lu Ning’s matching and sweet figures, she was instantly quiet.

Lu Fan let go of her waist. “Let’s go. Let’s go into the water too. I’ll teach you how to swim.”

“Really? Do you know how to teach people how to swim?”

“Yes.”

“But you won’t push me into the water directly, right? You probably weren’t sound in the head when you were young, or you wouldn’t have just jumped into the river directly.”

Lu Fan sneered. “What would you know? I’m was just a newborn calf that was not afraid of tigers.”

Ou Xuyan was speechless.

You’re very good at praising yourself, huh!

...

In the water, Ou Xuyan stood at a spot where the water was level with her chest. She was very worried and looked at the man in front of her. “Hey, isn’t the water here too deep?”

For a person who didn’t know how to swim, this spot was already making her feel that it was difficult for her to breathe.

Lu Fan was very tall. At about 1.9 meters, the sea water only reached his lower abdomen. The clear blue sea water rippled on his six-pack abs, and the other women in the water were drooling over the scene.

“The water here is not deep at all. Stand firm. The first step to learning swimming is to learn to inhale and exhale. Come, you try it first. Dive vertically. When you enter the water, exhale from your mouth and nose at the same time. Exhale as hard as you can to achieve the effect of blowing bubbles in the water.”

“Okay.” Ou Xuyan really wanted to learn how to swim. In a crisis, it would also be a self-saving skill.
