Chapter 1522

“Brother Dashan, Brother Dashan, why are they doing this to you?”
Dalia, who was pregnant, wanted to rush to Collin, but was stopped.

Behind him, Elma hurried over.

She stood in the middle of Collin and Dalia, looked down at them like a vicious witch, and slowly said: “Collin, now I can give you a chance to live, do you want it?”

Collin's legs trembled in fright a long time ago.

Hearing Elma say this, he nodded desperately: “Yes, yes! Of course! As long as Miss Qiu can spare my life, we will never go to Kyoto again in this life, let alone disturb you and Mr. Jun. Please beg Miss Qiu to spare me a humble life.”

Elma smiled: “It's okay to spare you. Am I just giving you a chance? As long as you are willing to listen to me, I will not only spare you, but I will also let you go to Kyoto. Maybe, I will still Give you glory and wealth.”

Collin nodded immediately: “You said, you said, as long as I can do what I can do, even if you let me kneel on the ground to learn how to bark, I will also learn it.”

At this moment, Collin has no dignity.

He doesn't need dignity, let alone integrity.

He has a seventy-year-old mother to raise.

He also has a wife who is pregnant and lives together.

He can't die.

He can't afford to die!

As long as he is alive, let alone let him learn how to bark, he is willing to let him eat shit.

Collin looked at Elma eagerly.

Elma immediately said in a tone of voice: "Okay, very good! This is a deep mountain and old forest. No one will photograph you, and no one will catch your evidence. You are here now, keeping this pregnant. The woman stripped me naked, and then tied her to the tree. You watched it with your own eyes and let all the men here go up one by one."

"Remember, you have to watch."

"When they are all done, you will stamp off the child in this woman's belly with your foot."

"I can tell you, this is what Kraig meant."

"Otherwise, do you think our Jia Kraig will spare you?"

"Although Kraig doesn't want this lousy woman now, Kraig also allows others to cuckold him. If you did this today, you will atone for your merits at Kraig. I promise you can go to Kyoto."

Elma's words were extremely calm, but in Collin's ears, they were no different from the devil.

"Well, this sale is a good deal for you, right?" Elma smiled and looked at Collin.

At this moment, she thought again, if Collin really did this, she would really not kill Collin.

She only needs Dalia to suffer, as long as Dalia can't get love.

However, Collin closed his eyes and turned his mind: "You kill me!"

"No..." Dalia cried.

She hugged Elma: "Miss Qiu, will you kill me?"

Elma smiled terribly: "Your life will not belong to me, your life will belong to...Xin Wanruo."

When she turned around, she looked at Collin again: "You think it over, Mr. Han."

Collin did not answer Elma, he only looked at Dalia: "Xiaoshan, listen carefully!"

Dalia nodded desperately: "Brother Dashan, I'm listening."

"From now on, don't cry!"

"We are poor, but we also have the right to live! The more you cry, the more Elma laughs at you. You are not one life, you are two lives. Now you take my mother to escape, as long as you escape. , I might have a chance to live."

"I have thought about it. Even if I listen to this woman again, this woman will not let me go."

"The one we can escape is one, you take my mother and go first, go to the police and find someone to rescue me, hurry up, Xiao Shan."
Collin really wants to live.

But he thought about it, no matter what he did, Elma would never let him go.

Dalia: "Brother Dashan, I will stay here and let you go."

Chapter 1523

"Did you not hear! Elma doesn't want you, she just wants me to die! Go and find a way to save me, remember to protect the child in your stomach and protect my mother."

“Hurry up! One who can live is one!”

“Mom! My son is not filial, Mom, don’t feel bad, this is our life, run away, Mom...”

At this juncture of life and death, Collin’s old mother was the most distressed.

The old lady is seventy years old, how can people see her own son being beaten to death?

However, just because she was seventy years old, she was used to seeing the scorching state of the world. At this moment, she suddenly smiled calmly: “Mom is going to die with you, don’t leave mom...”

“Take my mom away! Xiaoshan, take my mom away if you love me!” Collin roared.

In this life and death decision, Dalia did not hesitate to help the old mother and get into the car.

In those few years, following Kraig, her car skills were very good.

No matter what the old mother was crying in the car, she just drove down the mountain madly, saying, “Call the police, call the police, I’m going to call the police...”

However, she heard the muffled noise before the car drove out for a hundred meters.

Dalia is no stranger to the sound of raising.

She used to follow Kraig, and Kraig took her to hit the target. The sound was very similar to the sound of the target.

The car stopped abruptly.

Dalia’s tears also solidified.

The old mother was also stunned after the back seat.

Immediately afterwards, the old mother suddenly yelled: “My son...”

“My son...” The old mother fainted.

Dalia stopped immediately, opened the door, and ran madly in the direction of Collin. A few meters away, she saw a large amount of dirty blood.

And the man who fell in a pool of blood.

“Brother Dashan...” Dalia’s voice went straight.

She rushed over and hugged Collin, who was covered in her body and still closed her eyes, crying bitterly: “Brother Dashan, Brother Dashan, Dashan...”

“My mountain...”

“Dashan...”

Her image is more painful than being scratched by a knife.

She cried dimly.

After crying enough, she still held the slowly stiff Collin and looked up at Elma: “Why...why!”

Elma sneered: “You woman! I’m waiting for you to ask you what I said until now!”

Dalia gritted his teeth and asked: “Why! What! What!”

Elma smiled very proudly: “Because I, Elma’s man, can’t be contaminated by anyone! Since you are contaminated, I will let you die better than life! Do you know that life is better than death?”

“Oh no, it’s not like you are better to die now, you will know what is better than death in a few days.”

“Oh, by the way, do you think the weapon my husband gave me to execute your husband is advanced?” Elma took the black hole and showed off in front of Dalia.

Dalia slowly put down Collin, and then rushed towards Elma: “I’m fighting with you...”

Elma stepped back and let the two of them restrain Dalia. She raised her head and pointed towards the car Dalia drove just now: “Hey, big belly, look over there.”

Elma immediately looked at the old mother in the car subconsciously.

At this look, he was stunned.

Then she suddenly screamed: “Mom...”

Chapter 1524

There were already four or five people standing beside the car Dalia drove over.

Among them is Xin Wanruo standing in the middle.

Four people involuntarily framed the unconscious old lady out of the car.

“No...Mom...Don’t hurt my mother!” Dalia ran towards the car madly.

While running, she said: “You have beaten her son to death. What use is she, a seventy-year-old lady, to you? Let her go, let my mother go, I will go with you, as you do. Let go of my mother!”

Elma reminded Dalia in a very kind tone behind him: “Hey, big belly, don’t worry, they won’t treat your mother like that.”

“Also, my car is given to you. Go after it.”

Dalia looked at Elma suspiciously: “You...what do you want to do!”

Elma shrugged: “I said, Collin belongs to me, and you belong to Xin Wanruo. I also said that I will not kill you.”

With words, Elma turned around gracefully and left.

Dalia looked at the car that was driving farther and farther, and she drove crazy to chase Xin as if she didn't even look back at Collin's corpse.

Collin is dead.

Died for her Dalia.

If she can't protect his mother, is Dalia still a person?

What's more, my mother loves her so much.

At thirty-five years old, Dalia had never received maternal love since childhood.

Counting down, she has two mother-in-laws. The mother of a foolish husband in front treats her like a slave every day.

From behind, Kraig's parents, let alone see her Dalia as a human being.

Kraig's parents looked at Dalia's eyes, even worse than Jun's domestic helper, even worse than Jun's cat and dog.

In this world, only the current mother really regards Dalia as a person.

She has no relatives in this world, only her mother.

She must catch up with her mother even if she pays the price of her life.

As Collin said, when they die, they must die together.

At this moment, Dalia was no longer surviving.

But begging to die.

With a heart that is bound to die, she must chase her mother back, and then drove to the place where Collin died.

The family of three, including the child in the belly, died together.

But Xin Wanruo in the car in front seemed to know Dalia's thoughts. She dangled Dalia all the way, and the car drove unhurriedly.

Hanging all the way is very stable.

Not only that, Xin Wanruo could still chat with Elma on the phone in the car.

"Hey, Mrs. Jun, that big belly woman has already taken the bait, and she is chasing me further and further." Xin Wan said in an extremely flattering tone.

On that end, Elma became more and more excited: "Did you drive in the direction of your nest?"

"Yes, Mrs. Jun!"

"That's good."

Elma asked again: "Have you arranged everything over there?"

Xin Wanruo said immediately, "Mrs. Jun, don't worry, that person's background is older than my current husband, who is not dead. It is estimated that he will be sixty or sixty-seven years old. The old guy was very poor when he was young. The first newlywed wife was pregnant with his child, but ran away with them."

Chapter 1525

"Later, his wife knocked out the child she was carrying and lived with others, and it was ten years after that."

"Ten years later, he became a man. When he brought her wife back, his wife was pregnant with her current husband's third child for eight or nine months. Since then, the old man has lost two hobbies, and he will look for them. A pregnant woman."

“If I give Dalia to him, with Dalia’s temperament, she will definitely kill herself. Not only that, she can kill the child in her stomach.”

“Mrs. Jun, do you feel satisfied with my arrangement like this?”

“Haha!” Elma smiled comfortably.

After laughing enough, she praised Xin Wanruo: “Miss Xin, don’t worry, with my husband, I will definitely remember your merits. It’s me who has the final say. From then on, the grievances between you and your husband have been wiped out. “

“Hmm.” Xin Wan burst into gratitude: “Thank you, thank you, Mrs. Jun.”

“Actually, it was nothing!” Elma said in a haughty tone: “It’s nothing more than that you wanted to seduce my man. My man despised you and blocked you.”

“Actually, you have bad luck. Dalia was the only one beside my man at that time.”

“He was hooked by that ba5tard Dalia, and Dalia blew her ears, so my man will flatten you to this bitter cold place in the northeast.”

“If my man’s temperament is half-length, he is not so stingy.”

“Of course, he is a bit harsh on Dalia now, but Dalia is in a different situation from you. Think about who my man is! The number one in Kyoto, he holds a lot of power. Even if it is a woman he doesn’t want, he can’t Let this woman be nice to other men!”

“This is a common problem with overbearing men.”

“So, Collin has to die.”

“And Dalia, the worse the end, the happier my husband will be.”

“I understand. I understand Mrs. Jun. I will definitely do what I can to satisfy you and make Mr. Jun more satisfied.” On the end of the call, Xin Wan seemed to be full of hope.

She is already dreaming that in the near future, perhaps in less than a month, she will be able to leave the bitter cold land of the Northeast and return to Kyoto or South City, and she will be able to mix in the entertainment circle again.

In the future, I might still be friends with Mrs. Jun and Lord Jun.

As for how close she can get, it depends on her next performance.

“Work hard, it will benefit you.” Elma coaxed Xin Wanruo like a pet dog at the end of the phone.

However, after the thread was closed, her tone sneered and smiled: “Fool! You women, brothers are stupid!”

She didn’t put her cell phone in her pocket, and then broadcast a set of phone numbers.

On that end, the connection was quick, and Elma immediately shouted sweetly: “Godmother, the tricks you taught me are really useful. You are right. If you want to get rid of the women around Kraig, you must do the most. , Is to let people who like Kraig give up to Kraig.”

“The second thing is to kill with a knife.”

“In this way, I can get away clean, and those who have pestered Kraig will all have to die.”

“Even if Kraig found out about this one day in the future, he wouldn’t blame me, hahaha...”

“Godmother, this is really interesting. It’s my honor to know you. Godmother, you are waiting for me at home. When I come back, I will stay at your place and go shopping with you. I will become After Kraig’s wife, I will blow my ears in front of Kraig.”

“I must let Kraig persuade Arron and let him treat you better.”

At that end, Qin Wenyu smiled faintly: “The godmother wishes you to become Kraig’s wife as soon as possible. Those misty women in the province occupy the entire upper class.”

“Yes, godmother... Ow...” Elma suddenly retched.

“What’s wrong with you?” Qin Wenyu asked.

“I don’t know what’s wrong, it may be that I have eaten my stomach recently. I have been vomiting for half a month.” Elma said.

“Do you... have the truth of a couple with Kraig?” Qin Wenyu asked.

“Godmother...” Elma wanted to be married to Kraig, but she didn’t have this opportunity.

“Why do I think you are pregnant?” Qin Wenyu asked on the other end.

Elma: “...”

Chapter 1526

Pregnant?

Elma immediately thought of the one night stand between him and Pan Haoyang two months ago.

Neither of them took measures.

However, Elma never thought that she would become pregnant.

Until this moment Qin Wenyu was reminded, her letter suddenly thumped.

“I’m all your godmother, what else can’t you tell me.” Qin Wenyu asked at the other end.

Elma hesitated: “Godmother, my health is a little bad. I will talk another day. I will go to your place to stay with you in a few days.”

Yubi, Elma hung up the phone without waiting for Qin Wenyu to reply.

Putting the phone away, she raised her eyes to look at the people following her.

These people were borrowed from Jun Chengyin.

Of course, it was all because of her high price.

At this moment they all obeyed her dispatch.

The leader asked respectfully: “Miss, we are now...”

“Go back right away!”

“Go back, where to go back?”

“Kyoto!”

She wants to see Kraig right away, and she has to do everything possible, whether it is to put pressure or find Mr. Jun, in short, even if she is tied, she must tie Kraig and marry her Elma.

Not only that, she also needs a special flirt to get Kraig drunk and let Kraig have a relationship with her.

Of course, the evil kind in his stomach can’t be kept.

However, even if it is a miscarriage, she wants to make this child worthwhile!

If Elma and Kraig were married successfully and they could become a de facto couple, she would have an accidental miscarriage a month later, so that Kraig would feel guilty for her for a lifetime.

Just do it!

Everything is so perfect.

She thought, even if Kraig finds Dalia in this life, Dalia will definitely not forgive Kraig again, right?

One life!

Add all kinds of persecution against her.

Haha!

Even if Dalia wanted to forgive Kraig, would Kraig still want a woman who was dirty in the waterway?

Impossible!

Ouch!

It's so cool.

Elma almost got into the car humming a song, and then said to the driver, "Go back to Kyoto!"

Her relaxed expression completely ignored whether Collin, who was killed by her, exposed the corpse of the wilderness.

Elma was serious in her, a fate, and such a cheap fate, what's up?

Not as good as a pet dog of her Qiu family.

"Driver! Drive faster! I want to go back to sleep for a beauty sleep, do a good job of beauty treatment, and then see my brother Kraig." Elma ordered the driver.

The driver's car accelerated a few more minutes.

At ten o'clock in the morning the next day, the driver had arrived in Kyoto.

Elma in the car fell asleep very calmly, as if she hadn't killed one at the end of last night.

After returning to her home, Elma did not go to Kraig the first time. She knew that she still needed to make up for a sleep. She wanted to take a beauty sleep, then take a good bath and make up to see Kraig.

Another day has passed, and Elma has completely dressed herself up like a young lady who can't get out of the door, and drove her small red sports car to Jun's house.

"I'm here to find Uncle Jun." Elma couldn't tell her to look for Kraig.

Because the old butler of the Jun family refused to let her in.

"Eh...Miss Qiu, it's not a coincidence that you have been in these two days." The butler said.

"Wh...what's the matter?" Elma's heart slammed.

"Don't you know?" the butler asked rhetorically.

Chapter 1527

Elma immediately asked urgently: "What do you know?"

"Our old man was irritated by the little second master and was hospitalized." The butler sighed.

He really didn't understand, what kind of evil did the second master Xiaojun fall into?

After finally using his own flesh and blood to defeat the forces and the combat exploits he has fought, he now says that he doesn't want it.

He wants an archer to give it away.

If you give it away, you can give it away. You give it to the little uncle of the Jun family. If it really doesn't work, you can give it to Young Master Sun Lenny?

But they don't.

With a sphere of influence as large as Kyoto, Kraig actually wanted to give it to the Fourth Master Arron in Nancheng.

It stands to reason that this is nothing, after all, the relationship between Fu Master and Xiao Er Ye is very close.

The domestic servants in the family and those who followed Xiao Erye all the time felt that there was nothing wrong with handing these rights to Fu Master in Nancheng.

But the old man was very angry.

After all, his eldest son has been mediocre all his life, and his grandson Lenny has grown up, so why not put the power in his own hands?

The old man loved his eldest son and eldest grandson, so he was angrily hospitalized.

But even if the old man was hospitalized, he failed to keep the youngest son.

The younger son still went to Nancheng resolutely.

Now that counts, Kraig has been in Nancheng for ten days and has not come back to see the old man.

“Eh...” The butler sighed in front of Elma.

He was about to say: “Miss Qiu, our old man usually likes you quite a lot, you just...”

He didn't finish a sentence, but saw Elma turn around and leave.

The main purpose of her coming to see Mr. Jun is to find Kraig. Now that Kraig is in Nancheng, she will naturally go to Nancheng.

Moreover, Elma had a bad feeling. She felt that Kraig was going to step down all the rights in her hands, as if something was wrong.

Kraig is only in his thirties this year. Why should he step down when the main body is strong?

Shouldn't...

Is it related to Dalia?

Thinking of this, Elma's good mood on the way back from the northeast was completely lost at this moment.

Her plane that day flew directly to Nancheng.

When I came to Kraig's Mid-Levels Leisure Villa in Nancheng, I found that the gate was tightly locked.

Kraig is not here at all.

Elma was at a loss, and there was also a chilly fear.

Where did Kraig go?

At this moment, Kraig is inside the Fu Group, in the special meeting room between him and Arron.

It has been nearly ten days since Kraig and Arron handed over.

In ten days, he had finished handing over all the affairs at hand, and he actually came to say goodbye to Arron today.

Seeing his life and death brother suddenly become like this, Arron felt extremely painful.

He grabbed Kraig's shoulder and said, "Kraig, what you remember is yours, your subordinates, and your rights are always yours and will never change. I'm just taking care of them. Your capable assistants, subordinates, and your personal bodyguards are still yours."

"I... I hope you can come back one day."

Kraig shook his head: "Arron, you said that women and women no longer love me. Children and children don't call my father. What's the point of my Kraig wanting the glory of these extraneous things in this life?"

After a pause, he asked Kraig with a lonely smile: "Kraig, guess what... Is Dalia carrying a boy or a girl in his belly?"

Arron: "..."

He didn't know how to answer his brothers who lived and died.

Kraig smiled indifferently: "It doesn't matter if it is a boy or a girl, I can take a sneak peek at it, it's okay. When I think that I will be so close to my woman and my child in the future, I Even if it's a beg, it's worth it."

"Kraig..."

"Don't talk about old Fu, the things I decided will not change anymore. I have returned from the Northeast for half a month. I have to go back to the Northeast immediately and settle there from now on." Kraig said.

As soon as his voice fell, the phone rang.

Kraig picked it up and connected: "Hey, Elden...How about the northeast side?"

From the other end came Elden's cry: "Master... something big happened."

Chapter 1528

Kraig was taken aback for a moment, and she asked eagerly: "What happened, you panic like this."

Elden couldn't help sobbing: "Madam...no, that Miss Du and her fiance, they are not...not in Wanhai County."

Kraig: "Where are you now?"

Elden immediately said: "Master, I arrived outside the villa in Wanhai County according to your order, but there was no one in the villa, and the entire villa seemed to have been looted."

Kraig: "How could this happen!"

Asking Elden to go to Wanhai County in advance was actually what Suzi meant.

Twelve days ago, Kraig returned from the northeast to his house in Kyoto, without seeing anyone behind closed doors.

For two days and two nights, no one knew what he was doing in the study alone.

In fact, he is liquidating his assets.

In his whole life, when he was young, he worked hard for the glory of his parents.

He also thought that through his own hard work in this life, he could get what he wanted.

However, the first blow was when she was dumped by her first love girlfriend.

At that time, he was still young, even if he was dumped by his first girlfriend, he still had faith in his heart, and spent ten years waiting for his first girlfriend to change his mind.

And not only has he not been abandoned in the past ten years, but his career has also flourished.

At one time, he thought that only Elma was in his heart.

When I met Elma in this life, other women were just improvised and they didn't have to think about it.

The reason for keeping Dalia by his side, the sc*m of talking is entirely to solve the physiological needs.

For ten years, Kraig has always believed that he is relying on the belief of waiting for Elma to support himself.

However, it was not until after he drove Dalia away that he realized that he had already been inseparable from Dalia.

The reason why the ten-year wait has been so good is because of Dalia.

The long and silent flow of the thin water seems to have no traces, and it seems that it has never left a mark in his heart. In fact, it has hollowed out his heart unconsciously.

She grows succulents in the corner of the living room.

On the balcony, she placed spider plants.

On the window sill of the kitchen, that small pot of colored peppers.

And, the closet is full of suits and shirts that she ironed for him, and how to match each style is well placed.

Then she left and his wardrobe was in a mess.

There are countless domestic servants in the family, but no one can do like hers, knowing that he understands him, and knows what match he wears every day.

Then one day, when it rained on a cloudy day, his knee suddenly became sore and sore.

The soreness of the knee is an old disease. It was a disease that he had fallen from when he participated in a war abroad. Later, he saw a military doctor and failed to get rid of it. Later, Elma's father gave him the method to let him watch the weather forecast. Before it rains, let yourself sweat in a dry and high temperature place. Then apply heat.

Dalia did all these things since Dalia followed her.

For seven or eight years, she has been paying attention to the weather forecast. Whenever it rains on a cloudy day, she always reminds him not to drink too much, and not to freeze outside. When she comes back early, she has a small electric stove for him to test his knees.

Moreover, after every knee test, she would personally massage him.

So much so that the disease on his knee has been ignored for so many years.

But after she left for a few months, he relapsed.

The trivial things in life like this, such as eating, cleaning, even the music at home, even his work and rest time, and the quality of sleep are all messed up because of her absence.

Until then, Kraig realized that Dalia's departure still took away all of him.

All she left him was a shell.

Dalia's departure was completely different from Elma's departure.

Elma's departure that year only hurt his heart, and his heart has healed over time.

But Dalia left, but ransacked everything about him.

Chapter 1529

It turned out that she was silent about everything that he walked, and no one could replace it.

What's the use of having more domestic helpers at home?

They can't make her look.

He can't do it to put his one out like hers.

The most important thing is that they cannot speak to him: "Yu, I love you."

Yu, I love you.

Her shadow, in his mind, pierced steel nails.

It turns out that his ten years of time were not wasted by waiting for Elma.

It turned out that all his ten years of time were actually unconsciously enjoying the love she gave him, as smooth as silk. This made him not become decadent in this ten-year period.

How many decades can life be?

In the following life, if there is no Dalia, then what is the meaning of his Kraig's hard work, his glory, his rights, everything about him?

Kraig thought about it, if Dalia is gone, then all of this has no meaning.

Therefore, after Dalia settled down in the Northeast, Jun Jing made a decision.

For the rest of his life, the only purpose for him to live is to look at his beloved woman.

Watching his children grow slowly.

Even if the child does not recognize him as a father, but as long as he can see the child, he is satisfied.

Therefore, after returning from the Northeast, he immediately returned to deal with all his property.

Twenty percent of his wealth is left to his parents. Even if the parents don't need it, it is his filial piety as a son.

The other ten percent gives myself the expenses of this life.

The remaining two to seventy percent were all given to Dalia's mother and son.

After doing such a distribution, Kraig rushed from Kyoto to Nancheng.

He wants to give Arron all the real power he holds, because the stall in his hands can't be controlled by anyone except Arron. Arron can only take over.

He couldn't let himself go, and then Kyoto was in chaos.

Arron disagreed at first.

Later, after he repeatedly pleaded, Arron agreed to take care of him temporarily. When he wanted to come back, everything in Kyoto belonged to him, Kraig.

Just when he and Arron officially entered the handover stage, Suzi, who had been raising a fetus, appeared in front of Kraig.

“You have decided, let Sister Shan live with that man?” Suzi asked Kraig.

Kraig smiled lonely: “What can we do if we don’t decide like this? She is very happy with that man.”

Suzi also said gratifyingly: “You are still a man like this.”

After a pause, she asked him, “Where’s her mobile phone number? Give me one and I will call her. I have to ask in person.”

Phone number?

He did not stay.

One is because Dalia did not take the initiative to give her.

Second, he thought that he would pass soon, so he didn’t stay.

Suzi immediately became angry: “You, you are back, but why don’t you come over with sister Shan’s mobile phone number, how can I contact her!”

With that, Suzi actually cried.

She was pregnant early and her mood has not been very good.

Kraig could understand that he immediately asked Elden to go to Wanhai County, specifically to ask for Dalia’s contact information.

But I never thought that as soon as Elden arrived, something went wrong there.

On the other end of the phone, Elden choked up and said, “Master, I heard from the people here that a major event happened here a few days ago.”

Chapter 1530

Kraig was already very anxious during the call: “Say! Is there anything Ashanshan has done! What is going on!”

“Master... Madam and her current man opened a restaurant in Bay County, but they encountered troublemakers when they opened the business, no... it doesn't seem to be troublemakers. Those people have solid evidence. , Said Madam's restaurant was engaged in illegal transactions.”

Kraig: “...”

Elden continued: “And...and...”

“Say!” Kraig said furiously.

If Elden was by his side at this moment, he would kill Elden!

“It seems... it was your order.”

“What?”

After a pause, Kraig asked word by word: “What the hell is going on!”

Elden's embarrassed tone: "Master, you... You said when you sent me to Wanhai County, Madam had a better impression of me, so she said that Mrs. Fu came to contact me. Me too. I didn't bring any people, and I didn't bring any documents. I asked the people here, and their mouths were closed very tightly."

Kraig: "..."

"However, I have heard some news." Elden said eagerly.

"Say it!"

"There was an old lady who went out a long way, but she said to herself, "Hey, I will never let my daughter find a man with high authority." You, a rich and powerful man, can play a girl to death."

Kraig: "Why would she say that?"

Elden went on to say: "The old lady also said, "Blame it, and blame this woman! People obviously have a wife, so what are you doing to provoke such a powerful man? Now the wife has come to the door."

Kraig was startled.

Elden asked Kraig on the other end of the phone: "Master, what do you mean by that old lady?"

"Why did your wife come here? You don't have a wife either?"

"Could it be..." Elden said halfway on the other end of the phone. When he was about to express his doubts, Kraig here said: "I know!"

Elden: "Master..."

"Now Northeast is waiting for me, I will come as soon as possible!"

Elden said immediately: "Okay, Lord!"

After closing the thread, Arron asked solemnly, "Kraig, what happened?"

Kraig said very heavily: "I'm careless."

“What?”

Kraig sneered: “Arron, I have been able to achieve strict layout on the battlefield throughout my life, without leakage, but in life, I have not been able to achieve such strictness.”

“It’s really that I overlooked the willful jealousy.”

“I didn’t expect the person I ever loved to be so cruel!”

“What happened to Kraig?” Arron was very worried about the tone of the brothers.

Kraig shook his head: “Kraig, give me the things I have on hand first. I’m going to clear the door, and then go to the Northeast!”

If the words must be said, he turned around and left.

After a pause, he came back again, looking at Suzi with a slightly desperate look: “Kraig, when I go to the northeast, I don’t know when I can come back. Suzi is pregnant now, so I can’t move it. I still don’t let her watch. It’s here. You can tell Suzi for me, and I will definitely let her see Dalia.”

Arron: “...”

Before he could say anything, Kraig hurriedly left.

As he walked out, Kraig called and summoned his subordinates.

All the subordinates who were urgently summoned could hear the unparalleled coldness and murderousness in their grandfather’s tone this time.

No one dared to ask why, they just gathered in a hurry.

But here, Kraig went straight to his residence halfway through the mountain.

Chapter 1531

His leisure villa located halfway up the mountain is not usually a master, because Kraig is not often in Nancheng. Since Dalia left, it

has been extremely deserted here. Originally, Arron didn't want Kraig to live here for so many days in Nancheng.

He arranged a place for Kraig.

Kraig was unwilling.

He insisted on living in this desolate land halfway up the mountain.

Because there is Dalia's shadow everywhere.

Because Dalia was driven out by him from this villa.

Every time he came back here and sat in this huge living room, he could think of the day three months ago.

He drove her away calmly and ruthlessly.

She walked so quietly, not even a word of entanglement.

Whenever thinking of this, Kraig wanted to smash his head with an iron fist, and it would be best to smash his head.

On the way, Kraig made another call to Kyoto.

"Where is Miss Qiu recently?" Kraig directly asked Qiu's domestic helper.

The Qiu family's domestic helper still ignored Kraig: "Isn't Mr. Jun separated from our young lady? Why do you think of our young lady now?"

"I ask you where Elma is!" Kraig suddenly shouted angrily.

The scared driver Xiao Song shivered suddenly.

On the other end of the phone, the Qiu family's domestic helper almost cried: "I...I don't know. The young lady never enters the house. Even if the young lady comes back to Kyoto, most of her will go to the Jun's house. I ran away, I still remember the last time I saw Miss Jun in Kyoto, half a month ago, the young lady said that she was going to visit Mr. Jun at the Jun's house..."

Kraig: "..."

The bad feeling grew stronger.

If it is Elma, if Ah Shan has any mistakes, Kraig must break Elma's heart!

After receiving the line, Kraig made another call to the bodyguard of Jun's house in Kyoto: "Search me, and search for where Elma is now! Find it now!"

At the other end, the bodyguard of the Jun family was so scared that he didn't dare to breathe: "Yes, it's the Lord, let's look for it right away."

Five minutes after the phone was hung up, Kraig's cell phone rang, and he picked it up to connect: "Did you find it, where is the woman?"

"Back to Lord Jun, Miss Qiu came to Jun's house yesterday, but she left without entering the door."

"I ask where you are now!" Kraig just wanted to curse.

The bodyguard said: "Now...Miss Qiu should be in Nancheng now. She went to Nancheng after she left here yesterday. I heard... I heard that Miss Qiu is going to Nancheng. I'm looking for you..."

Kraig: "..."

This D*mn woman is in Nancheng?

Kraig's hand holding the phone almost smashed the phone.

Kraig didn't hear what the bodyguard was yelling at the other end, he just squeezed his cell phone tightly.

It was not until a long time later that he said: "Hang up!"

After closing the thread, Kraig closed his eyes and gritted his teeth. Elma was in Nancheng!

Where can she go now that she is in Nancheng?

Unknowingly, the driver Xiao Song's car had already drove into the mountain village halfway through the mountain.

It is the deep winter season, although Nancheng is not as cold as the northeast, but withered and fallen leaves can be seen everywhere on the ground.

This villa is even more depressed and deserted.

Even the driver Xiao Song's mood became extremely heavy because of the leaves in this desolate place.

He parked the car and was about to get off when he suddenly saw a figure in front of the iron gate outside the villa.

"Master, master, look at who it is!" Xiao Song immediately called to Kraig.
