

Chapter 153

Tong Shu happened to have just finished calling Lu Yanzhi at this time, and only shortly after hanging up, Clara called in.

And she hesitated how she was going to break the news to her!Hearing her ask now, I sighed.

"The lady of the Cannonball Raiders has already been chosen, not you."

"What?"

Clara was horrified.

I don't blame her for being surprised, after all, she was at least a traffic flower, even if there was a scandal, the fan base was there, the ratings appeal must be good.

Now that she's so condescending that she's even willing to act in obscure dramas, it's fine if they want to take Joe and use him as an opportunity to lower her pay.

But you're not even going to use her?

Who the hell is that?How dare you steal her fancy role?

Clara was so angry that Tong Shu continued, "It's nothing really, it's just a play, it's fine if we didn't fight for it, we can still look at another script."

"Easy for you to say!"Clara was furious, "It's not like you don't know what's going on right now!I'm not going to be cast in any production that has a little bit of talent, such as a mother-in-law drama or a third-rate drama.How else am I going to position my route from now on?"

Clara has been walking the pure and elegant goddess persona before, and most of the dramas that she has appeared in are also high quality big female drama.

If they really surrendered themselves to a third-rate mother-in-law and daughter-in-law country drama, imagine how hard it would be to get back to being the first lady!

Tong Shu also knew that she had a point, in fact, no one would want to miss out on such a good script if they didn't have no choice.

"So what do you suggest we do now?"

Clara took a deep breath, and for a moment, said in a deep voice, "Who has the mistress decided on?"

"I don't know, Lu Yanzhi won't say, it's like Lin Shufan chose the person himself."

"Whoever it is, go find out for me, I want to know who dares to steal this role from me."

Tong Shu was silent.

In the end, I agreed, "Okay, I'll let you know when I find out."

After hanging up the phone, Clara angrily smashed everything in the house.

Damn it!

A dog's eye for a lowly thing!

Everyone against her!

It wasn't until she had smashed everything up that she felt some of her anger being vented.

On the other hand, Tong Shu quickly inquired about the new mistress chosen by Lin Shu Fan, and when she heard that result, her entire body was not in shock, only incredulous.

Jenny?

How could it be her?

Isn't she doing PR? What the hell are you doing here?

Getting this answer, Rao Tong Shu, who had lost this role before and appeared to be quite calm, couldn't be calm either.

She called Clara right away.

Clara couldn't believe it when she learned that it was actually Jenny Jing who had snagged the role.

What's the point of her coming here when she's never even acted before?

Is Lin Shufan blind?

Rather use a newcomer who's never acted before?

Deep anger and frustration made Clara almost go crazy.

Smashing many more things in the house, she didn't stop until Yu Xiu Lian heard voices coming in from outside.

"Maya, what are you doing? Why did you break everything in a good way?"

Clara raged, "That b*tch Jenny Jing! It's fine to trip me up three times, I could ignore her for the resources of Chasing the Wind before, but now she's actually stealing roles from me? You know what? A new script I've been reading for so long, and that director picks her over me? That's not funny to you!"

Yu Xiu Lian frowned tightly, "How did this happen? Didn't Tong Shu previously say this drama was a nine-tenths of a shot?"

"Steady my ass! Now that the role has been cast, she comes to me and says no! I think this Tong Shu is also a piece of trash, and is of no use at all at critical times."

". Yu Xiulian persuaded bitterly, "That girl Jenny has never acted before, what can she be capable of? Eighty percent of the reason she got the role wasn't by other means!"

Heh.If you want to steal a job from me, don't you see if you're that kind of material, even if she steals the role now, she'll still be scolded if she doesn't act well when the time comes?It's only when she becomes a target then that she'll have to suffer!"

Being told by Yu Xiu Lian like this, Clara only then reacted.

Seems like it too.

It's reasonable to assume that no one would be that stupid to let an actress like her, who has won a movie and has a lot of fan traffic in her hands, go with a newcomer.

Jenny must have played some trick!

Yes, that's right!

Thinking of this, Clara's eyes blossomed with a malicious glow.

Heh.Jenny, you want to be famous, don't you?

All right, I'll let you out for the rest of your life!

As she was thinking, Yu Xiulian suddenly said, "By the way, isn't there a second woman in this drama?I've read the script before, and that role is pretty good, so since I can't play the first girl, it's okay to snatch the second girl over!"

Clara was displeased at the news.

"Crazy!Let me go and make a match for Jenny, and she's worthy too?"

Yu Xiu Lian shook her head, "You can't think like that, you want to!Because of what happened before, everyone thought that you were a selfish and vicious person who would persecute your sister to get what she wanted.

But if you're in the drama as the second female, and Jenny is the female lead, then you can totally tell the outside world then that it's Jenny who wants to enter the entertainment industry, and you, her sister, are willing to surrender yourself to match her in order to hold her up as a sister.

By then, people will only think that you're affectionate and know that you can correct your mistakes, and that your acting must be better than Jenny's, and when the two of them are in the same drama, and it's clear that you're the better actor, but you can only play the second female, and she's a mess, but she takes the female lead, guess what those people will say?"

Clara's eyes lit up.

"They will definitely think that Jenny's character is coming from the wrong place!"

"Yeah, that's right, and then we'll be pushing back a little bit, heh!She's just waiting for her legacy to live on!"

Clara's entire body became excited after hearing Yu Xiu Lian's words.

It was as if she had seen Jenny like a street rat, everyone shouting at her.

"Mom, you're still smart enough to think of something like that!Then I'll have Tong Shu call Lu Yanzhi right now and fight for the second female role?"

"Well, don't worry, I've read it carefully, although it's a second female, but the part is actually not much worse than the female lead, so you can just act as a double female play."

"Well, I see."

After deciding, Clara immediately called Tong Shu.

Tong Shu was very surprised to learn that she was going for the role of second female.

After all, Clara knew exactly what kind of nature she was, it really didn't seem like someone who was willing to stoop to her own level for a comeback.

What's more, he's a match for Jenny?

Chapter 154

But she didn't think much of it, after all, in this situation, it would be best if Clara was willing to think on her own and grieve for a while.

Tong Shu quickly called Lu Yanzhi.

Lu Yanzhi didn't answer directly, only leaving them to ask Lin Shufan on their own.

He had lost all his bets, so naturally, he would no longer interfere in the personnel decisions of this drama, and Lin Shufan would make all the decisions himself.

Tong Shu had no choice but to call Lin Shufan again.

Although Lin Shufan was not easy to talk to, he had always been right about things, not people.

Knowing that Clara wanted to play the second female, she only gave it a little thought and agreed.

When he promised, Lu Yanzhi was actually there.

He was looking for him to return the computer, and when he hung up the phone, he asked with a smirk, "Didn't you dislike Clara? Why did you agree to let her play the second female role!"

Lin Shufan was stunned and a bit confused, "I didn't say I didn't like her, I don't know her well."

"Then you didn't even think before you said no."

Lin Shufan pondered and replied, "Her temperament is not suitable for a female lead."

"That suits the second woman?"

"Kinda."

Lin Shufan replied in a serious manner, "The temperament of the second female character suits her well."

Lu Yanzhi sat there, stunned, and only after a long moment did he react.

Followed by a big laugh.

“Old Lin, you, you’re so bad!”

The Cannon Fodder Raiders is a drama that is essentially a cool plot that falls into the category of female upgraded fighters, while the second female is a jumper who jumps from start to finish and ends up being a basket case.

Arguably, there is no more tragic female match than her.

Obviously there are almost as many scenes as the woman, but it’s all about getting beaten up.

Lin Shufan was a bit confused by his laugh, not knowing what he was laughing at.

Frowning, I reiterated very seriously, “I mean really, she’s really good for the character’s temperament.”

Lu Yanzhi waved his hand, “Okay, okay, I get it. Don’t say it, you’re going to laugh me to death if you say it again.”

He stood up and patted the wrinkles on his suit that didn’t even exist, “Okay, since it’s set, let’s do it right, but I’d like to remind you first that Jenny Jing and Clara’s relationship is complicated, so you should be prepared for that, in case something happens on set, it’ll be easier to deal with.”

Lin Shufan was stunned, not quite understanding what he meant.

But he didn’t ask many questions, he was hardly interested in anything other than filming.

So, it was a nod and went with him.

And the other side.

Jenny Jing picked the right moment to tell Biden Lu that he was going to make a movie.

Biden Lu's first reaction was to disagree, but then because Jenny Jing insisted, and because he had read the script, a regular face-punching short drama, the emotional line was there, but it was also a very pure kind, with almost no skin-to-skin contact, that's why he agreed.

Besides, it's the beginning of spring, the weather is at its best, and a short drama with a dozen episodes will only be filmed for a month or two at most, so just let her be.

After Jenny and Biden Lu said goodbye, they arranged the work on the side of Xing Hui and Anning International, which was the only way to officially enter the group.

Lin Shufan moved quickly, and it didn't take long for the personnel to be finalized before the time was chosen to officially start the film.

The official start of the film will be a month from now, and before that, the makeup poster needs to be shot.

Jenny had gone to the studio early this morning, and since she was the lady of the house, she was the first to do her makeup.

The actor she's playing with is named Xu Jia Mu, and I'm told that he's only recently graduated from college and is also a newcomer, not much of a celebrity.

But the man is quite handsome, clean, and especially polite, smiling quite a bit of first love face, the little girl in the crew to see him like honey, the smile never collapsed.

They met each other at the studio to get to know each other.

Hsu Ka-Mu has a good personality, although he is a newcomer, but the business ability is not bad, the makeup photo shoot is burning and fast.

Several scenes with Jenny are very much taken care of her feelings, and the little girls next to her look at them and somehow provoke a good feeling again.

It was not until a few of the creators finished filming that Clara arrived late.

"Yah, you're all done shooting, I'm so sorry I'm late."

She came in with a smile on her face, the photographer pinching point to work, and there were other artists to shoot later, as she had to take a big group photo of the main group, so she was waiting for her.

It wouldn't look good to see her come in at this point, but she didn't say anything.

Clara was taken down to do her makeup and soon came out to greet the crowd.

The smile was especially bright as he walked up to Jenny.

"Sister, congratulations on getting the role, and don't worry, since we're on the same crew, I'll definitely help you out if there are any problems later."

Her tone was gentle and her smile was incredibly sincere, and if those who didn't know what was going on looked at her, it was only as if the two were on good terms.

Jenny Jing was expressionless and gave her a faint glance.

Instead of answering her, she just asked the photographer.

"Everyone's here, let's take a group photo!"

The photographer nodded.

Because it's a woman, Jenny is naturally in the c-position when the group photo is taken.

Clara stood beside her, watching everyone clench their fists in hatred at her natural starry-eyed appearance.

Jenny! Just you wait!

Let's let you have your way for a couple of days for now, after it's on....

Well, I'll show you what it's like to lose your reputation!

In the evening, there was an event about the film festival that was held in Visterdem, and as the owner of Xing Hui plus the director of the international PR department of Anning, Jenny Jing had already received the invitation and would bring Evelin with her.

Accompanying them were Lu Yanzhi as well as Yan Sihua and others.

The film is almost finished, but it's not officially finished yet, so Lu Yanzhi came over to promote it.

And since Nina Hua was unwell and no one came over, Evelin, who plays the third female character, took on this promotional responsibility.

A few people arrived at almost the same time, and after making simple pleasantries, Lu Yanzhi and Yan Sihua left straight away to greet the people they were familiar with.

Jenny, on the other hand, took Evelin with him.

Evelin wore a long black dress today, the little girl was born white and tender, it was still the first time to attend such an occasion, a little embarrassed.

Jenny Jing's laughter reassured her for a couple of sentences, and as they were talking, they heard a warbler's scream from the doorway.

"Feng Shao, I heard you've invested in an ancient puppet show recently?What role do you think I'm suitable for?"

"Feng Shao, you gave Lulu a diamond necklace for her birthday before, but today is my birthday, you can't be generous."

They followed the sound and saw a lean, upright figure being crowded in.

Jenny was stunned, a little surprised.

Tailor?

Why is he here?

Chapter 155

Next to him, Evelin saw Tailor Feng and also turned pale.

Jenny noticed her face and asked in a low voice, "You know him, huh?"

Evelin looked a little complicated and finally nodded.

Jenny didn't think much of it when he saw it, after all, this circle was said to be big or small, so maybe it was not even sure where he had seen it before.

Tailor Feng soon saw them, and it was as if he saw a savior, immediately picking through the crowd and rushing towards them.

"Little sister-in-law!"

Jenny Jing turned pale and tugged on Evelin's arm, so he whispered, "Go, hurry up!"

They quickened their pace, yet after all, they were wearing high heels, where could they move as fast as Tailor Feng?

It was soon caught.

Feng Yizhong gasped and said, "You two, what's going on? Didn't you hear me calling you? And going faster and faster!"

Jenny and Evelin both turned around with a smile on their faces.

"Feng Shao, what's the matter?"

Tailor Feng lagged and gave them a blank stare without good grace.

"What do you mean something? We're all friends here. Why do we look like we've seen a ghost? It feels like you two are deliberately avoiding me."

Jenny slandered in his heart, if I don't avoid you, I'll get in trouble later.

Sure enough, before the belly slander was over, the group of women came after them.

"Yo, Feng Shao, who are these two! And no introduction to us."

The woman who spoke was wearing a purple dress with a large hole in her waist, revealing her devilishly rugged body.

The cleavage on her chest was so deep that it seemed as if it could clip a person to death, and when she walked, she trembled, causing Jenny and Evelin to blush a little.

"Oh, she's..."

Taylor Feng was about to introduce it when Jenny glared at him and immediately changed his words.

"These two are my friends, this is Jenny and Evelin, you guys should get to know each other."

The woman looked them up and down with her arms folded.

The eyes were wary, and a hint of inexplicable dislike.

"So you're Evelin? Well, I've heard. But you..."

She turned her gaze around on Evelin and scoffed, "Newbie, right?"

Evelin nodded politely and extended her hand towards her, "Senior Ruan Qingqing, hello, my name is Evelin, please take care of me in the future."

Only then did Jenny realize that the woman in front of him was Ruan Qingqing.

To her shame, with the nature of her job, she should have known everything about the men and women in the entertainment industry.

It's just that human energy is always limited, and the crop of new people in the circle is simply never-ending, and it's impossible to pay attention.

But Rao, she had heard of Ruan Qingqing as a person, but had never actually met her.

This one has a decent reputation, sort of in between a first-tier flower and a second-tier flower.

I've acted in quite a few scenes, and my acting is okay, but I just don't have a single masterpiece to show for it.

People are pretty resourceful, but I don't know if it's just bad luck or what, but they just didn't get a really good resource.

Someone next to me spoke up immediately.

"Huh? Aren't you the second girl in 'The Wind'? Kiyoshi, have you forgotten?"

The person who opens the mouth is called Zhou Hui, who is also an actress.

However, compared to Ruan Qingqing's fame is much worse, and can only be considered third or fourth tier, so they usually love to befriend artists who are more famous than themselves.

At the moment, she bumped Ruan Qingqing's arm and squeezed her eyes at her, the implication very clear.

As expected, Ruan Qingqing's face was immediately unpleasant to look at.

"So that was you?"

Evelin raised her eyebrows, "So Senior knows me?"

"Heh!" Ruan Qingqing sneered, "What are you! And worthy of my acquaintance?"

Evelin: "....."

Jenny: "....."

Tailor Feng: "....."

In this circle, there has always been a lot of open and covert warfare.

But there's an unwritten rule about hitting people in the face.

Even if you're fighting in secret, you still have to be polite when you see each other in person, and even play the emotional good in front of the media.

But I didn't expect that Ruan Qingqing would just tear up today.

Evelin was momentarily embarrassed.

Jenny Jing's face sank, holding the principle of not stirring up trouble and not being afraid of it, and coldly said, "Yes, she doesn't deserve for you to get to know her, it's just a pity that the people you want to get to know don't pay much attention to you, and you think you're noble when your hot face is stuck to your cold ass?"

Ruan Qingqing didn't expect anyone to actually dare to talk back.

It was so angry.

"And what are you? How dare you talk to me like that..."

Tailor Feng immediately sank his brows in displeasure at the news.

She was rudely interrupted, "Ruan Qingqing!"

His voice was laced with heavy anger, and Ruan Qingqing reacted with a sudden jolt.

Looking at him, his face was a little pale, "Feng, Feng Shao."

"What occasion is this you don't know? By you to make a scene here?"

Ruan Qingqing's heart was immediately racing.

She had just been too impulsive all of a sudden, thinking that the role she had fought for so long before had been snatched up by a newcomer who was nothing.

That's why, in a moment of exasperation, I couldn't resist sneering.

But forgot that Tailor Feng was still around.

She even lowered her head and whispered, "I'm sorry, Feng Shao, I didn't mean it."

Tailor Feng also had no desire to tangle with this group of women here, originally grabbing Jenny and Evelin just to find an excuse to bolt.

So with a cold face, I said, "Next time, you'll never come to this kind of event again."

Afterwards, he said to Jenny and Evelin, "Let's go, let's go over there."

Watching the three leave, Ruan Qingqing was so angry that her fingertips were trembling.

Behind her, Zhou Hui came up and whispered in a dissatisfied voice, "Sister Ruan, what's the relationship between that Evelin and Feng Shao? Why does it feel like he's defending her?"

The other woman said, "What else could it be about? In this circle, no background can suddenly get so heavy ah, she is eighty percent seduced Feng Shao, did not look at Feng Shao look at her eyes are not the same as looking at others?"

"No way! Feng has such high standards, how could he be interested in her? Didn't I say she was from a poor country?"

"It's the poor who come from the backwoods who are more open-minded. Moon, you don't understand that, do you!"

"Seems like all the Cinderella inspirational-turned-princess stories are a lie these days, huh? It's all making some unsightly tactics."

"Enough!"

Ruan Qingqing finally couldn't hold back and gave a low drink.

The crowd immediately stopped talking.

Although Nguyen Thanh herself was only a slightly better flower than the second tier, she was already the biggest curmudgeon among the group.

She stared in the direction where Tailor Feng's three left and gritted her teeth, "Isn't he just a newcomer? You used to be able to climb into Master Feng's bed and be on top? Heh. Simply ridiculous!"

"Nguyen, if she dares to contradict you like that today, won't you teach her a lesson?"

"Yeah, if it goes on like this, what's the point? In this circle, there's still seniority?"
