

Nothing to Give but My Heart Chapter 1540 – 1549

Chapter 1540

Du Xiaoyu took Marry Jiang's sleeve until she got off the bus.

“What’s going on? You stayed abroad for half a year, and what you came up with was the result of the divorce? Marry, is this... really the result of your thoughts?”

Du Xiaoyu wanted to ask her, do you know what you said to me when you were drunk?

“But my daughter has been strong since she was a child. If you tell her what she looks like when she was drunk, will she feel that she is lying to her?”

Or hurt her self-esteem?

“Well, I want to understand.” Marry Jiang smiled indifferently, “I was tossing myself in the first half of the year. In fact, I don’t like living this kind of life influenced by feelings. I am a human being. I should I control my feelings and emotions, but are swayed by them. If this continues, I will only consume my youth and energy.”

“So you plan?”

“Divorce, I want children and live by myself.”

Du Xiaoyu looked at the child she was holding in her hand, and said something awkwardly.

“If you take a child, it’s hard to marry again, do you know?”

“What is good about marrying? I won’t marry again after divorce, Mom.”

“You still have Phillip in your heart, so you don’t want to marry again. Of course, Du Xiaoyu can only beep in his heart.”

“I want to live it by myself. Marrying him before was really kicked by a donkey. I wasted so many years for a man whose heart was not put on me at all. It is not worth it.”

Marry Jiang shook his head, then looked down at the child in his arms, “I want to live with him, and then I will probably change careers.”

She can’t give her children a superior environment just by writing.

She wants to cheer up.

Du Xiaoyu’s expression was still very surprised. She and Marry Jiang asked as they walked: “You said you can get a child if you want a child? Phillip and his family are such an only child. Are you sure your mother-in-law and father-in-law agree to give you the child?”

“My mother-in-law has agreed.”

“What?” Du Xiaoyu was shocked and couldn’t close her mouth from ear to ear. “Agree so soon? Your mother-in-law’s heart is really big. She is reluctant to refuse you or thinks you will not return to Phillip, so she simply lets you left with your children so that you can completely cut off all Phillip’s thoughts? Anyway, men and women are always different. Women’s second marriage is worthless, but men’s remarriage is very popular. I don’t know what’s wrong with this world. ,Ugh.”

“Mom, don’t think about my mother-in-law, she is a very good person.”

“No matter how good it is, I should never give my grandson to someone else. I can’t do this, I can’t bear it.”

Speaking of this, Du Xiaoyu couldn’t help but sigh: “She can do such a thing, it shows that she is really good to you. Before, she said that she would treat you as a daughter, but I still don’t believe it. How could it be her own life? But she didn’t expect that what she said was true, maybe she really treated you as a daughter, so she could spoil you like this.”

“Yes.”

“Such an in-law’s house, you won’t be able to find it with a lantern in the future, Phillip’s child, although there is some relationship problem between the two of you, but I haven’t seen him go anywhere for half a year. Every day except for work, he takes care of him. My child, I don’t have any other thoughts.”

“Mom, don’t speak for him, I have already made a decision.”

She can love him, but she can also not love him. Marry Jiang can afford to let it go. She wants to be an exclusive woman. At first she thought that she could, but later found out that she couldn’t, so forget it.

She can also lead a good and wonderful life herself, let Phillip regret it.

“Mom is not speaking for him. Mom is just stating a fact. I know that I am getting older, and may not understand your young mood. But when my dad and I were young, there were a lot of bumps between husband and wife. , There will always be a little stumbling when getting along, but I always think this is a run-in, to make the two more fit together, you divorce him without a chance, and take his child away. To be honest, stand by him I think he is very pathetic.”

Originally, she didn't intend to speak for Phillip, but after seeing her daughter so determined and free and easy, Du Xiaoyu began to sympathize with Phillip, and then couldn't help but say a few words for him.

The more she thought about it, the more she felt Phillip was a little bit pitiful. She had been away for half a year, and he waited for her for half a year. Okay, now she came back, and as a result, she just took the child away, and he couldn't even do anything.

Not pitiful? Anyway, Du Xiaoyu thinks he is very pitiful!

"Poor?" Marry Jiang reluctantly pulled her lips, "Compared with poor, sad is the most terrible."

When she desperately rushed into the fire to save her sweetheart, when she left her to send her sweetheart to the hospital.

Marry Jiang felt that she was not pitiful at all, she was pathetic.

"I tied my destiny and heart to such a man, and half a year of sinking/declining is enough."

Du Xiaoyu looked at her daughter's demeanor and knew that she had already made a decision. Just like when she decided to leave, the decision made was not something they could control.

After returning home, Marry Jiang settled the child.

At night, Du Xiaoyu opened the door of her room and walked in, then put a passbook in front of Marry Jiang.

"Mom, what does this mean?"

“This is the savings that my dad and I have saved for most of my life. They are all for you. You originally wanted to use it when you got married, but my family didn’t agree to let me use it. Everything came from their house. It also spent a lot of money. People treat you so well. If you get a divorce, you have to pay back part of the money they paid before.”

Otherwise, if people pay the money, they will find nothing.

Marry Jiang didn’t reach out to pick it up. After a moment of silence, he said, “Mom, I have money by myself. You don’t need to give it to me. Since I have saved most of my life, then you and my dad will spend the money. Not many years, no need to think about everything for me.”

“What are you talking about? This money is what I saved for you with your dad. What do we spend? We are getting older and don’t need to spend so much money, but you are different. After divorce, you have to bring your own children. At that time, will you still be able to work as you did when you were single? There is no one to share for you. You definitely need money. You will pay part of the money in the passbook to the Xiao family, and Phillip’s mother will give it. You also spent a lot of money on gifts, and I will give you the rest.”

“I won’t want it. If you want to pay it back, Mom will pay it back.”

After speaking, Marry Jiang turned around and climbed onto the bed. She fed the baby milk powder, after which the baby fell asleep, and she lay down beside her.

“I’m going to bed Mom, you and Dad also go to bed earlier.”

Du Xiaoyu turned around when she saw her not getting in. Of course, the passbook was left on the table and was not taken away.

“Why are you here?” Stella asked in a puzzled manner when they saw the two of them also took off their suit jackets, only wearing a white shirt.

Jessica still had a little foam in her hand, and she looked at the two men in confusion.

Ye Moshen pulled up his sleeves, and then walked forward to take the unwashed plate in Stella's hand, "It's all done outside, you go sit outside and give it to me here."

While talking, Victor Han also stood by the pool and took Jessica's hand to wash her hands clean for her, and whispered: "The maid outside has washed the fruit, you go out to eat first, we will go home later."

In this way, the two women just started working in the kitchen when they were driven out of the kitchen by the two men.

After the door closed, Jessica and Stella looked at each other.

"How is this going?"

"I don't know, why do you still need to wash the dishes like a sudden change?"

"Does he usually wash dishes at home?"

"If you don't wash it, it's the servant wash."

"Our family is too."

After speaking, the two of them were silent together, so what was going on today? Is it because they are the ones who wash the dishes, so the two men plan to wash them themselves?

Thinking of this, Stella pursed her red lips: "Forget it, if they want to wash, let them do it. We are also happy, go, and accompany the children."

“Hmm.”

What they didn't know was that after the two men closed the kitchen door, they sneered twice at night.

“I'll come over to help my wife wash the dishes, why are you coming in to join in the fun?”

Hearing, Victor Han gave him a cold look and reminded her: “Not only is your wife but also my wife, and she my sister.”

Ye Moshen chuckled softly, “So what? My sister can't match her husband after all.”

“Also, be polite to your sister-in-law in the future.”

Ye Moshen: “???”

“Otherwise I will find an excuse to let Stella go home and live.”

Walter deeply heard that he wanted to hit someone. He smiled a bit sullenly, and after a while he tried to calm himself down.

“You know that your wife loves Levi?”

Victor Han raised his eyebrows.

“After all, before she had no children, she gave birth to Levi and lived together for so many years. How about you say that I let Levi take Pamela Tang's girl to live in your house?”

The corner of Victor Han's eyes jumped, and squinted to look at him. The eyes of the two went back and forth several times in an instant.

After a while, the two looked away at the same time to stop the battle!

Chapter 1541

When Marry Jiang woke up again, after seeing the passbook on the table, she sighed and put it away.

According to the character of her parents, it is estimated that the things given to her will not be taken back.

Thinking of what Liang Yahe and Phillip had done for her during the previous period, Marry Jiang decided to call Phillip and ask him out to talk.

The two met in the previous house without appointment. Marry Jiang left the child to her mother to take care of, and then came by him.

Seeing her coming, Phillip warmed her a glass of milk without saying anything.

“Do you know what I want to do with you?”

After Marry Jiang spoke, Phillip said: “Drink the cow first. Don’t always skip breakfast in the morning. It is not good for your health.”

Hearing, Marry Jiang had a meal at her fingertips, and did not touch the glass of milk for a long time. The living room was quiet for a long while, Phillip saw that she hadn’t moved, so he brought the milk to her for her.

“I’ll talk after you drink it, I will promise you whatever you say anyway.”

Marry Jiang’s heart trembled, but she never picked up the cup of milk, her lips moved, and she finally raised her head and looked at Phillip.

“Do you know why I came to you?”

“Know.”

“Then you said, promise me everything I say?”

“Yeah.” Phillip nodded, “I agree to you.”

Suddenly, Marry Jiang didn't know what to say, she slowly stretched out her hand to take the cup, the temperature of the milk was enough, she held it in her palm, and the warmth flowed along the palm into her heart.

She was holding the milk and did not speak for a while.

It took a long time to ask him aloud, “Do you regret this six months?”

Phillip smiled bitterly, “What about regret? What about not regretting? Will you come back to me?”

He raised his eyes and looked straight into Marry Jiang's eyes, “Even if I don't want to live or die, you don't want to come back to me. Some things have happened, and I made mistakes. I I don't know how to make up, and you are not willing to give me a chance to make up.”

“If... if you can.” Phillip laughed bitterly, lowering his eyes secretly, “I am willing to spend my life to make up for it.”

Marry Jiang's heart trembled so badly, she bit her lower lip, and then asked for a long time: “Did you finally admit that you did something wrong?”

“It's not that I did it wrong, I shouldn't do it.” Phillip pursed his thin lips, “I didn't think well, I didn't hold back and I didn't have a sense of responsibility. I

shouldn't be with you before I have sorted out my mood. Together, you shouldn't be with others after being with you."

Marry Jiang's words of being attached to others spurred/excited Marry Jiang, her face paled a bit, "Stop talking."

"But Marry!" Phillip suddenly raised his head, staring at her seriously, and squeezed her shoulders, "Only that time, only once, and the incident in the supermarket later on, my heart was full of It's all you, no one else."

"What are you talking about?" Marry Jiang looked at him in surprise.

"I know you may not believe it, but I can swear to the heavens. What I said is not a lie. Maybe the first time I was still tied to her in my heart, but then it was filled/filled by you, and I can no longer accommodate other people. "

When she said these words, Phillip's expression was quite sincere, and his eyes were also very open." I am here, as you look at it. If you don't believe it, you can even reveal my heart for verification."

What Marry Jiang cares about has always been whether she loves him or not.

Now she took the initiative to be honest with him, and she felt that her heart was hit hard, and at the same time she was caught by a pair of big palms, unable to escape.

She bit her lower lip and stared at him viciously.

"Did you deliberately tell a lie to keep me? If you can't tolerate others in your heart, you liar, why did you abandon me at that time? You liar, what you said is not the truth at all!"

“If I still had half of her position in my heart, I would definitely have a guilty conscience at the time, so how could I just send her to the hospital like that? Marry, you didn’t believe me, but you didn’t believe in yourself.”

Hearing, Marry Jiang was stunned.

“You don’t believe that you can grab my heart, so you are very upset about gains and losses, right?”

Unfortunately, Marry Jiang’s heart was all said by Phillip. She was always upset about the first thing, and the string continued to collapse, and the next time it happened, it completely collapsed!

She couldn’t even hold the milk glass, so she could only push him away and put the glass aside.

“Don’t say anything, even if you are right, I don’t want to talk to you anymore, I will not...”

“Give me another chance?” Phillip suddenly came forward and hugged her waist, leaning against her ears and whispered, “It was hard to get together. Don’t just separate like this, okay?”

Marry Jiang didn’t speak, only she eyelashes were shaking.

“The child is still so young, can you bear it? If he only has a mother and no father, will his life be complete in the future? I am full of you now, even if it is me, can’t you accept it?”

“Stop talking.”

“At the beginning, the fortune teller said that the two of us were either born or separated. When you told me this, I was really touched by Marry, because you

did not hide it from me, and I made a decision. I want to go on with you forever and ever, so don't just separate easily like this, okay?"

Phillip's voice became softer and lower and lower, and Marry Jiang was said to be stepping on a cloud, which was extremely untrue.

Has he really given his heart completely to her? Is it possible? He obviously likes Jessica so much, does he mean that he can give up by giving up?

Is it possible?

"Marry, give me another chance, Marry..."

In the end, Marry Jiang could only hear Phillip calling her name all the time, and his voice was extremely delicate.

Then she looked at Phillip in front of her, and asked some ghosts: "Give you another chance, can you guarantee you can do well?"

"I promise, I will love you with my life this time. For half a year, if you are still dissatisfied after half a year, I will never stop you again if you want to leave then, okay?"

Half a year?

"How much lovesickness I have suffered in the past six months, do you know? I dare not look for you because I am afraid that you hate me, so I can only reward you for writing every day. Have you seen it?"

Reward?

Speaking of it, Marry Jiang did find that a reader gave her a reward every day and insisted on commenting on her. Not one day was left in half a year.

She noticed this account at the time, but didn't think too much about it, perhaps because her mind was thinking about other things, but she didn't expect that the account was actually Phillip's.

So, hasn't he been indifferent these six months?

Knowing that he has been paying attention to himself for the past six months, Marry Jiang's heart softened.

Then, she was given the routine by Phillip and promised him to try for another half a year.

Chapter 1542

In the end, Marry Jiang was dizzy, as if she was hypnotized, and when she reacted, the marriage certificate was put away by Phillip.

"The marriage certificate will be kept by me within half a year, and I will give it to you in half a year later. If you still don't want to live with me, I will definitely stay away from you."

Isn't it only half a year? She came here half a year ago, so let's give him another half a year.

In fact, Marry Jiang is really soft-hearted, probably because of the attention and blessing for half a year, that's why she softened so quickly.

After softening her heart, she did not regret it.

"Now I will accompany you to pick up our children home."

Marry Jiang went out alone in the morning. When he came back, he came back with Phillip. Du Xiaoyu thought that the two had agreed, and did not ask much, just said, "The child is asleep in the room. Just fell asleep."

"Mom, let him sleep a little longer, and don't disturb him first."

Still called mom?

Du Xiaoyu looked at Marry Jiang in surprise, Marry Jiang pursed her lips, the expression on her face was a little uncomfortable, and finally said: "I didn't divorce Phillip."

"Huh?" Du Xiaoyu heard it was a divorce, and then after thinking about it, she found that she was not divorced, and asked, "What's the matter?"

"Just like that, I suddenly didn't want to leave, so I didn't leave."

Regarding this process, Marry Jiang didn't want to say much, because she was quite dizzy at the time, and only realized what she had done when she was over.

Du Xiaoyu was also stunned, and she said with a smile for a long time; "It's good, isn't it good? There is nothing big at first, just make trouble, and live a good life in the future."

Phillip's smile was brilliant, and his eyes turned from cloudy to light, "I know Mom, I will."

After that, Marry Jiang and Phillip stayed for dinner and took him home when the child woke up.

Although the two did not get divorced, after all, they were so awkward before, so getting along is still a bit unnatural. However, Phillip was extremely

enthusiastic and was also very kind to Marry Jiang. As soon as he got off the car, he held the baby for her and then took the bag for her.

For the next few days, he took care of Marry Jiang as a second child. As long as Marry Jiang wakes up, she will definitely see a cup of warm water on the bedside and go to the bathroom to brush her teeth. The water and toothpaste were all ready, and then breakfast was also prepared. Phillip was like a robot, fixed on time, and prepared everything for her.

Although Phillip treated her well in the past, he would not be like this. After a few days of almost disabled life, Phillip finally said: "Actually, you don't have to do this. Even if you want to make up for me, you don't have to do it. Meticulous."

Feeling lies in the details, but also in the long-running water. He always does everything. How long can he persist?

Phillip knew her thoughts, "You don't have to think for me, these are all I should make up. I said that I want to make up, and I will definitely make up. I will do these things in the next six months. If you don't change your mind after six months, then I will do it for a lifetime."

He was firm, Marry Jiang didn't know what to say, so she could only sigh helplessly.

"Then it's up to you, as long as you are not tired."

"Tired?" Phillip chuckled lightly, "I am so happy."

He never wanted to repeat those days without her. He wanted to open his eyes and sit up every day to see her lying next to him, and to see her petite figure sitting on the sofa when he got home from get off work.

When Marry Jiang lay down, she thought of what Phillip said to her.

Persevere for a lifetime?

How far is it in a lifetime? Listening to it, I feel so far, Marry Jiang closed his eyes, can she and Phillip really hold on to that time?

In the past six months, not only Phillip has been tortured/tortured, but Jessica is also in desperation/hot.

Because she realized that it was because of the influence she had caused between the two, she wanted to do something, but she was afraid that her presence would make Marry Jiang even more mindful of this matter.

So in the end, she still didn't do anything, but also because of this thing she was always frowning.

Those who ruin marriage will go to hell.

Jessica always remembered these words, so if Phillip and Marry Jiang were unable to cultivate a positive result in the end, she felt that her conscience would not be at ease in this life.

She began to hate herself again. Why did she meet him at the supermarket? Although she is very grateful for him to send her to the hospital, Jessica always feels that it would be nice if she didn't meet him that day. She shouldn't be so rash. If she didn't fall, she didn't need Phillip to send her to the hospital. Then the two of them won't develop into this way.

Recently, Jessica heard that Marry Jiang was back, so she didn't dare to greet her.

The relationship between the two was good, but she didn't dare to look for her in the past six months. Marry Jiang didn't look for her either, and suddenly no longer contacted her.

Seeing that she was always depressed, Victor Han took the initiative to enlighten her.

“The result has already been created. It’s no use worrying about you now. It’s better to think about how to help them.”

“Help?” Jessica smiled bitterly, “According to my identity, what can I do?”

“Your status is indeed inconvenient, you can’t do it, you can’t do it, so you can only do this. This matter has nothing to do with you.”

Victor Han and Phillip met each other. They were both men, so he knew what Phillip was thinking, especially after he had a girlfriend, he rushed to the fire to rescue another woman.

“I’m afraid he can only spend his life to make up for this matter, if he loves that girl.”

“How could it be okay? It would be fine if I hadn’t fallen, and they won’t be like this now.”

“Fool.” Victor Han stretched out his hand and rubbed her head. “Many things are destined. This may be the test God gave them, otherwise you won’t meet him at a certain time. Even if you go out at the same time on the same day, but you may not arrive at the same supermarket at the same time. The probability of an incident in this world is actually very low, only one in ten million chance. And this one in ten million chance is yours. What does it mean?”

When the words fell, Victor Han pulled her into his arms, “Don’t think about it anymore, he has to bear these things by himself, and he owes her.”

Jessica didn’t understand Victor Han too much. She raised her head and wanted to ask something, but her head was always covered by Victor Han,

“Well, you have been thinking enough in the past six months, don’t think about it anymore.”

“If you have this time to think about so many things, it’s better to accompany Yangchen and Zixi more.”

“The two of them get along well, where do I need to be with me?”

“You don’t need to get along well? Well, stay with me more.”

Victor Han arranged her long hair for her, and said in a low voice, “I won’t go to the company today. You should accompany me more so that you can save yourself all day and night.”

Chapter 1543

Jessica blushed at this remark. She forgot about other things for a while and only pushed him.

“Don’t be so serious, I’m talking about serious things.”

“Irregular?” Victor Han’s eyes deepened a little, and his tone became muffled a bit: “Where is not serious? Isn’t it serious if you don’t go to the company to talk more with you? Or is it... you who are not serious???”

Jessica: “Don’t say it!”

She pushed Victor Han away, but instead put her hand into his palm. He took her hand and pulled into his arms, so that her two slender arms were wrapped around his thin waist, and she lowered her head close to her,” said How long have you left me in the cold during this period of time? At first it was for the children, but later? Other people’s things can be a reason to disturb us? Even if there is a problem with his marriage, it is his own responsibility and it has nothing to do with you .”

Jessica pursed her lips and looked at him, "Why are you so cold? How can you say that he is our friend?"

"Friend?" Victor Han sighed helplessly: "you and he are friends, but he and I have never been."

When he liked Jessica, they should be considered rivals in love?

Victor Han's temperament itself is cold, so naturally he doesn't have much affection for Phillip. He is even cold towards his brother-in-law Ye Moshen, probably because he lost too much when he was young and then grew up by himself.

If one person takes too much, the temperament has long been developed.

Thinking of this, Jessica felt sorry for him again, and could only reach out and hug him tightly.

"Don't be like this. You have to try to accept others. Phillip is not hostile to you. If you have more friends, you have more care."

It was an accident to keep Jessica by his side, which Victor Han had never thought of, let alone a friend.

However, after being with Jessica, his heart was indeed opened up compared to before, because she was never used to being approached by others before. She was hugged to sleep by the little girl every night. Sometimes she kicked off the quilt, and he was afraid of her. She caught a cold and woke up to cover her.

The most important thing is that there are two children, and Victor Han finally has several relatives in this world.

Jessica brought her not only herself, but also her children, as well as her parents.

Janis and Zhou's father also became Victor Han's parents, and they now also urge Victor Han to pay attention to his body. It feels really good that someone cares.

He has always been the oldest in front of her sister, and he is the one who cares about her.

Therefore, Jessica's parents' care is warm and fulfilling for him.

"In fact, it is enough to have you." Victor Han said.

"It's not enough, you can't just have me in your life." Jessica shook her head and seriously reasoned to him: "There are other things, after all, I may not be able to accompany you all the time."

Hearing, Victor Han frowned slightly: "What do you mean?"

"Life and death are impermanent. I don't know which comes first, accident or tomorrow. I can't guarantee that I can live a long and safe life. Maybe someday I..."

Before he could say anything, Victor Han covered his mouth, and Jessica swallowed what she wanted to say.

She stared at Victor Han with a pair of eyes.

"Don't talk nonsense." Victor Han frowned, and the gap in the middle was very deep, "You are not allowed to say anything like this in the future."

He has sent away so many relatives, if the only one he loves also leaves him, his psychological defense will not be able to bear it.

Jessica couldn't help laughing when she saw that he was serious.

“Why are you so nervous? I'm just talking about it, and this is a fact. I'm just assuming, but I'm not saying that something will happen to me. I just want you to accept the outside world more. I don't want you to be so lonely. .”

“Okay, I promise, I won't say this anymore.”

Originally, Victor Han was enlightening Jessica, but later it became Jessica enlightening him, so Victor Han decided not to discuss this matter anymore.

As time passed slowly, Marry Jiang and Phillip's children finally had their own names.

Xiao Wangzhi.

The name was taken by Marry Jiang. When Phillip heard the name at first, he was taken aback for a while, and then he agreed without saying anything.

Then the two went to get the child's name, Liang Yahe didn't think much about it, and said with a smile that her daughter-in-law would choose a name, and the child's name is so good, it sounds much better than their old man's name. Category.

Phillip could only sigh in his heart.

Liang Ya doesn't care about anything. As long as the two people don't divorce, it doesn't matter what the grandson's name is, even if it is Goudan.

Life is very casual, passing like flowing water.

A month later, Phillip still did what he wanted to insist on very well. It was so good that it was like a robot. From the beginning to the end, Marry Jiang was a little accustomed to his daily operations.

And she realized that Phillip was not joking when he said to compensate her.

It's just that during this time, probably because of taking care of her, Phillip had dark circles under his eyes when he went to bed late and got up early.

So after Phillip was going to get up early one morning to prepare everything for Marry Jiang, his hand was held by her.

Phillip was startled, and looked at Marry Jiang in disbelief.

He didn't dare to think too much, but asked her in a low voice: "Are you awake? Did I wake you up?"

Marry Jiang shook her head, then looked at him and said nothing.

Phillip was guilty of seeing this look, so he could only keep his eyes closed, "You... sleep for a while, I'll make breakfast."

"No." Marry Jiang held him again, "You don't need to get up so early every day to do this."

Hearing, Phillip breathed tightly for a few minutes, and his face became hard to look.

"Why? What did I do wrong recently? Or did I make you dissatisfied? If you are not satisfied, then I..."

“That’s not the case!” Marry Jiang interrupted him vigorously, pursing his red lips and taking a deep breath: “Don’t be nervous, you lie down and listen to me slowly.”

She had a calmer expression, which shouldn’t be dissatisfied with him, but Phillip was even more nervous than on the execution ground, and had to lie down and listen to her.

The heart seems to be roasted on the fire.

“You have done a good job this month, and I have seen your determination, but every time you do something, I am thinking carefully that when you do these things, it may be unfair to you. of.”

“No, this is my voluntary.”

“Listen to me.”

Phillip pursed his lips and said nothing more.

“Emotions are reciprocal. Whether it is feeling or other aspects, if one is always asked to pay, it will be unbalanced. Just like before, I have deep feelings for you and shallow feelings for me. Imbalance. Although you are making up for me now, the imbalance will occur over time, so I thought about it. Don’t do this in the future.”

Chapter 1544

“Marry, I...”

“Stop talking, just live in peace like this, you don’t have to do this for me in the future, just let the flow go, okay?”

Human energy is limited, and excessive consumption will expire early.

If half a year is for her to consider, it would be better to say that it is an opportunity to retreat, because only in this way can she stay and everything can be turned into peace.

Marry Jiang knew very well in her heart, so she became more calm.

Since he wants to live his life, live it well, why let him do so much for her, and he is not a useless person.

Phillip promised her everything.

After Marry Jiang wanted to open it, she sent a WeChat message to Jessica who had not been in touch for a long time.

When Jessica received her WeChat message, she thought she was dreaming. Otherwise, how could Marry take the initiative to inform her, and even ask her out to play.

So she poked back carefully.

{Really going out to play? Where to meet? }

When she saw this line of words, Marry Jiang knew what Jessica's expression looked like without even thinking about it. She smiled helplessly and shook her head, and then responded.

{Don't be so nervous, just make an appointment at random, or if you want something to eat, we can bring the children out to meet. }

{OK, good, let's go to the playground. }

So the meeting place was arranged at the playground.

It was only after going to the playground to discover that their children were too young and the facilities inside were not suitable for them at all, so the two of them walked to a nearby restaurant with their children chatteringly.

After a few steps, Marry Jiang looked at Jessica amusedly.

“You have worked hard.”

Because Jessica had one on her back and one in her arms. Facing Marry Jiang’s teasing, she could only smile dryly: “No way, who made me give birth to twins?”

And both are still boys, but luckily there is only one skinny.

So the skinny one hugged him to prevent him from always moving.

“Twins are pretty good. One birth is equivalent to being pregnant twice. You earned it.”

“Is that so? But I want a daughter. Who knows two sons at a time, it’s too bad for me.”

“No way, you will have another daughter in the future, and then two older brothers doting on your younger sister, isn’t the best of both worlds?”

“That seems to be the same.”

“Well, so try to have another one.”

“What about you? How many children do you plan to have?”

“Me? One is enough. I’m afraid that I can’t teach it too much. The only child is better.”

When the two talked, they were not as normal as someone they hadn’t seen in half a year. On the contrary, they were like neighbors who often stopped by, casual and relaxed.

After finally finding a suitable restaurant, Marry Jiang first opened the door and went in. Jessica was relieved looking at her back.

She thought the two would have nothing to say when they met, and it would be embarrassing.

After entering the restaurant, Marry Jiang put the child on the chair next to him. Han Yangchen and Han Zixi were already quite big, so Marry Jiang sat the well-behaved Han Zixi on the chair beside him, and whispered to him with his head down; Sit obediently, you can’t run and move around, you know?”

Although Han Zixi is still small, she nodded her head very obediently: “I know my mother.”

“Really good!” Jessica was happy and bowed her head and kissed him on the forehead.

After the kiss, she thought of the previous millet beans, but she didn’t expect to have a child of her own.

“It’s inconvenient for us to hug the baby to eat, so order something easier to eat?”

“Okay, you are in charge.”

After that, Marry Jiang ordered some food at random, as well as fruit juice.

In the end, both of them only tasted a few mouthfuls and were disappointed. After all, neither of them came out for food.

“By the way, have you named your child?”

“Take it.”

“What’s your name?”

“It’s foolish.”

“Why?” Jessica was stunned for a moment, and then her eyes began to flicker, and the smile on the corner of her mouth became a little reluctant, and she could only say, “It sounds good.”

Marry Jiang raised her eyes, her eyes fell on her face: “What are you nervous about?”

“I’m not nervous.” Jessica smiled dryly, “Where am I nervous? I just think you are very literate and have such a good name.”

“Where is the literary talent? It’s just my mood at the time.”

Marry Jiang was straightforward, clarifying her own thoughts, without covering up, Jessica suddenly didn’t know how to answer the conversation, and the smile on her face was really unsustainable, and it took a long time before she lowered her head. ;”Sorry.”

“I’m sorry?”

“I’m sorry, I’m really sorry, it’s my fault, if not...”

“Jessica.” Marry Jiang called her name, Jessica raised her head, looking at her with red eyes.

“I called you out today. Actually, part of it was for this matter. If you don’t think it clearly, then I will tell you clearly. If you think it clearly, then I don’t have to say it, but now It seems that you still haven’t thought about it clearly.”

Marry Jiang picked up the cup and took a sip of juice, and then probably thought it was too sweet and put it down again.

“This matter has nothing to do with you. The person who should say sorry should actually be me.”

“What?” Jessica looked at her in surprise, “Why do you say that? It’s obviously I caused the two of you to get divorced, you...”

“Do not.”

Marry Jiang smiled faintly: “It wasn’t you who caused it. On the surface, it looks like you did it. In fact, it was the trouble caused by the irresponsibility between me and Phillip. And you were obviously injured at the time, just anxiously. It’s normal to rush to the hospital and send you to the hospital, but I have made you apologize, feel guilty and blame yourself because of this incident.”

“Are you wrong with this matter? No, you just happened to ran into him and was injured again. Although I was affected by this incident, you were not at all wrong from the beginning to the end, so you don’t have to. I think you are sorry for my conscience or something. In this matter, if you are serious about it, everyone is not wrong. It may be that the time and the incident happened too coincidental to blame at all.”

To blame, she can only blame herself, she was with Phillip before he sorted out her feelings.

No, that glass of wine was wrong.

If she didn't drink too much that day, maybe the two would not have a relationship after drinking, and naturally there would be no subsequent series of things.

It's really good fortune to make people, probably because they owed each other in the previous life, so this is the way to get together in this life.

Jessica didn't expect that she thought things so transparently. She was so shocked that she couldn't speak for a while, and she said for a long time, "Then what are you going to do in the future?"

"In the future? Just live like this. The marriage is over, the children are born, and I still love him. What can I do if I can't live?"

After speaking, Marry Jiang laughed first, "Anyway, his heart now belongs to me completely."

Chapter 1545

At that moment, Jessica felt that Marry Jiang who was smiling was so beautiful.

She herself is a type with very delicate facial features, three hundred and sixty degrees indestructible, and she looks very good without smiling, and she makes people unable to look away when she laughs.

So Jessica was also infected and laughed with her.

"Really? That's great. Congratulations. I wish you my best wishes."

"Thank you, we will all be happy."

Not long after that, Victor Han called Jessica and asked her location.

Marry Jiang said helplessly; “Marry and I are outside, didn’t I tell you? Why are you here now?”

“You are bringing two children by yourself. I am not at ease and it is inconvenient. I will come to pick you up now.”

“No, I just need to go back by myself. Besides, I still haven’t...”

“Let him come over.” Marry Jiang interrupted her. “It’s very inconvenient for you to take two children. It would be nice to let him come and pick you up.”

“But...”

“Stop it, I’m going home soon, don’t you think I’m going to sit here with you all day?”

These words sounded a bit fierce on the surface, but Jessica could hear that she was kind, she just didn’t want her to be psychologically burdened.

Jessica was very moved and said softly, “Thank you, Marry.”

Not long after they sat there, Victor Han came. Marry Jiang took a look at him, and he still looked as cold and cold as he had seen before. Although he was rare and handsome and had a strong aura, this kind of man was not him at all. Dishes.

Well, it’s too ungrounded.

She still likes to be down-to-earth, and everyone has their own opportunities.

“Marry, we have to go back anyway, why don’t we drop you off?” Jessica suggested.

“No.” Marry Jiang smiled lightly, “I will have other things to do later, I won’t go back for the time being, you go first.”

“Okay then.”

Jessica could only say goodbye to her, and then left with Victor Han, during which Victor Han nodded with Marry Jiang.

Later, Jessica took Victor Han to the front desk to check out. When she followed him to the underground parking lot to pick up the car, Jessica couldn’t help approaching Victor Han and whispered, “She forgive me.”

You can hear the joy and excitement of the little girl in her tone. Victor Han did not expect the girl to have such a big influence on her, and said helplessly, “I’m very happy?”

“Of course.” Jessica nodded vigorously, biting her lower lip: “She is willing to forgive me, so I don’t have a burden in my heart. Husband, am I very selfish? In order to keep myself without a burden, so I have been I hope she can let go of everything and forgive me, but then I thought about it again, if I were her, how could this kind of thing be so easy to let go?”

After that, she was fortunate in her heart that Victor Han only liked her.

He has no feelings for Xu Yanwan at all.

If he had feelings for Xu Yanwan, she had also asked her if she would mind, but when she thought about it, Jessica felt that she couldn’t bear it, let alone that this matter had become a reality.

While she felt that she couldn't accept it, she also hoped that Marry could let go of everything and forgive herself. It was really selfish.

Perhaps people are selfish. She also hopes that Marry Jiang and Phillip will be well, and she also sincerely wishes them.

"Since she forgives you now, it should be put down." Victor Han preached lightly, hugging the child in his arms, and said, "You won't have to worry about this anymore in the future."

"Yeah!" Jessica nodded vigorously, "I am happy for her when she becomes better, and I hope she and Phillip can be well together."

"Let's go."

The car has been picked up. Victor Han first opened the door for Jessica to let her sit in. After Jessica sat in, she hugged the child, and then reached out to him, "Give Yangchen to me."

"No need to."

Victor Han said lightly, and sat in with the baby in his arms.

"Uncle Nan is here, haven't you noticed?"

Hearing, Jessica raised her head and looked forward, and she saw Uncle Nan sitting in the driver's seat.

"Uncle Nan..."

"Good wife." Uncle Nan greeted her with a smile.

Jessica was a little embarrassed, she hadn't noticed it before, but no wonder, after all, it was really not convenient for her to bring two children. If Uncle Nan came, she and Victor Han could hold one by one.

So, why did she give birth to twins? Two at a time, although it saves the pain of having two, but... it is tiring to bring two babies at a time.

She didn't want to ask a nanny to help. She had a hard time becoming a mother, and it was Victor Han and her child that she wanted to do by herself.

"Stella called just now and let us go over to eat in the evening."

"Okay." Jessica answered naturally without even thinking about it.

Since becoming a family with Stella, the couple will occasionally go to Ye Moshen's house to eat and drink. At first, Jessica was a little afraid of Ye Moshen. After all, Ye Moshen is really scary. Plus the deterrence of the boss has always been there.

But after a long time, she didn't feel it anymore.

After all, this person is now her brother-in-law to her!

Brother-in-law, who is lower than her own generation, what is she afraid of?

After getting along with this kind of mentality, Jessica is really not afraid of Walter Shen. Sometimes she will make fun of the two of them during dinner, and she also finds Walter Shen as long as you say him. If matched with Stella, he would be visibly pleasant to the naked eye.

For Ye Moshen's uncertain personality, Victor Han beside her is finally more stable, of course, it is as cold as ever.

Although he occasionally sneered in front of him, he was calm most of the time. He would scream only when the couple closed the door.

Thinking of this, Jessica couldn't help laughing.

"What are you laughing at?" Victor Han, who was sitting next to her, heard her laugh and asked in a low voice.

Hearing, Jessica blushed.

"I didn't smile, did I smile just now?"

He denied it strongly, then his eyes dodged, and his cheeks flushed.

"Blush like this, and say you didn't smile?"

Is she blushing? Jessica didn't expect that she hadn't kept it well, so she could only forcefully argued: "I really didn't smile. The blush may be because the weather was a bit hot and I just hugged the child."

"Give it to me."

Victor Han took the child in her arms, and then asked in a low voice, "Did you just think of something bad?"

Jessica; "...what are you talking about?"

After finishing speaking, she glanced at Uncle Nan who was driving ahead with a guilty conscience, for fear that he would be embarrassed to hear the conversation between the two.

"Nonsense?" Victor Han exhaled gently on her cheek, "face and ears are red, so she can't lie."

“Okay, this is outside, don’t say anything.”

“Well, I went home after dinner that night and said.”

Chapter 1546

During dinner

Jessica discovered that there was another person on the dinner table, Pamella Tang, Levi’s playmate.

The daughter of the Tang group.

Jessica looked at her chubby face and couldn’t help but smile: “Little Pamella, after so long, why are you round again?”

Little Pamella Tang blinked her round eyes, her skin was getting paler and more pink, sitting next to the tall and thin Levi, like a tuft of white cotton balls.

She couldn’t understand even being teased by Jessica, so she could only smile at her silly.

This smile...

Jessica was stunned for a moment, and then looked at the bean sprouts sitting beside her, who also showed a silly smile.

The corners of Jessica’s mouth twitched.

Obviously, when she saw the child Pamella Tang before, the child’s smile was innocent and cute. How could he become stupid like her not long after being with Xiao Bean Sprout? Could it be that stupidity can be contagious?

But time flies quickly. Before, Xiaodou Sprout was a little baby who could only be held in her hand, and in a blink of an eye she could sit on her own.

Stella let Ye Moshen put everything on the table before unbuttoning his jacket and sitting down.

“Brother, Jessica, I cook by myself tonight, so you guys eat more.”

Because Stella and Jessica met first, Stella did not call Jessica a sister-in-law like ordinary people did, but directly called her name.

Walter said uncomfortably, “Why don’t you be so positive about me? Your brother will cook himself when he comes.”

Jessica blinked, before waiting for Stella’s answer, she snatched:

“Brother-in-law, Victor Han is not an outsider, but Stella’s own brother, why are you still so jealous?”

Hearing, Ye Moshen’s complexion changed slightly, and she narrowed her eyes to look at her, but Jessica was not afraid at all. If she had been in the past, she would not dare to pluck the hair on the tiger’s head, but now she is his sister-in-law. Ah, what are you afraid of?

Sure enough, Ye Moshen only gave her a ferocious look, and then closed his eyes back without saying anything.

“Okay, don’t say anything, eat first.”

Levi sat next to her two younger sisters, caring for them, holding vegetables for them, Pamella Tang borrowed flowers to present the Buddha, and put the crispy meat that Levi gave her into the bowl of small bean sprouts, and then said milkily, “Sister Dou Sprouts, This is for you to eat.”

Little bean sprout blinked her eyes, her eyelashes grew like two small brushes. She was holding a shatter-resistant bowl that her parents bought for her, with cartoon animals painted on it, and whispered: "Thank you, sister Pamela ."

"You are welcome, sister bean sprouts eat slowly."

The three people get along very well.

After dinner, Jessica and Stella went to the kitchen together, helping her while asking her: "What do you think about Pamela Tang? You want to treat her as a future fiancée of Levi."

Hearing, Stella glanced at her strangely.

"How is this possible? She is still so young, just playing with children, and I also like her very much."

"I know, but didn't you hear that Ye Moshen was called by the name of finding a girlfriend for Levi?"

"Well, it was like this at the beginning, but they were still young, so I didn't participate in these things. Anyway, you know that feelings are something that adults can't interfere. If they are really destined to become a couple in the future, then I too There will be no objection, but if the children don't like it, then you can't force them to stay together, so I don't say anything, it just depends on how they look when they grow up."

Stella turned on the faucet, the water poured out, and Jessica put the cleaned dish under the water.

"You are right, but Pamela is a little uncontrollable in eating. Too fat is not good for the body."

“Yeah.” Stella nodded in agreement: “I also think that being too fat is bad for your health. I have said that she has been several times, and the little girl promises me that she will not eat too much next time, but every time I see when I arrived at the food, my eyes were forgotten again, and I forgot all the instructions I gave her and my own guarantee.”

“It’s probably too small. You should be able to control yourself when she grows up. If she always can’t help seeing food, when she comes to your house, don’t put too much food in it. In front of her.”

“Well, this proposal is good, I will remember it later.”

The two chatted one after another in the kitchen.

Suddenly, the kitchen door was opened, and Victor Han and Ye Moshen walked in together.

Chapter 1547

Living room

The servant washed the fruits and some pastries and put them on the table. Little bean sprouts was holding the game console and playing with fun. Pamella Tang was cheering her beside her, she secretly reached out and took a bunch of grapes. Send them one by one into your mouth, and occasionally one into the mouth of small bean sprouts.

When Levi saw this scene next to him, he could only persuade her: “Pamella Tang, you have just eaten enough, don’t eat too much fruit.”

She had eaten a lot when she ate before, and if she continued to eat fruit at this time, she would have a stomach upset later.

So Levi is all for her good.

He didn't know that Pamela Tang was stunned when she heard him call her full name, and her voice was a bit fierce, and then she raised her head to look at Levi.

Seeing that Levi was frowning, she seemed to be angry, and she was suddenly at a loss.

"Yes, sorry brother, Pamela didn't mean it."

As he spoke, Pamela Tang's eyes were red, and the grapes in her hand stopped eating.

Upon seeing this, Levi was taken aback, "What are you crying for?"

He just told her not to eat too much, because she was afraid that she would have a belly, and she would cry?

Looking at him, Pamela Tang seemed to have become a little more impatient, her round eyes widened, and the crystal teardrops were in her eye sockets, she didn't dare to let it fall, she squeezed her mouth and didn't dare to speak.

Xiao Dou Sprout finally realized that the atmosphere was not right. Although she was still very young, she looked up and saw that Pamela Tang's eyes seemed to have tears. She tilted her head to look at her and stopped playing games.

"I'm sorry, brother." Pamela Tang put the bunch of green grapes back, and whispered: "Don't eat Pamela, you won't eat it indiscriminately in the future, brother, brother, don't be angry with Pamela."

Levi: "When did I get angry with you?"

He stood up, but Pamela Tang was so scared that tears fell suddenly: "I'm sorry, brother, I really won't eat anymore."

When Stella and Jessica came out, they heard Pamela Tang's crying, and they had to walk forward quickly.

"What happened?"

Little Bean Sprout tilted her head to see Pamela Tang's tears, still unclear.

However, Levi was stunned at once, completely unaware of what was going on. He just told her not to eat so much, why did she cry?

Could it be that his tone was too fierce?

Levi recalled how she looked, but how could she not feel that her tone was wrong?

"Pamella?" Stella reached out and hugged Pamela Tang into her arms, wiping her tears away, "Don't cry or cry, tell auntie, what happened?"

Jessica walked around behind Levi, bent down and held Levi's shoulders: "What's the matter with you? Are you bullying the little girl?"

"I didn't." Levi's voice was a little dull, "It's good, what am I doing to bully her?"

"Why are they crying?"

"I..."

He didn't know what was going on, so he said a few words and actually made Pamela Tang cry.

"Anyway, if you don't provoke her, she won't cry, right?" Jessica patted Levi's shoulder gently: "You are the brother, how old is Xiao Pamella? You can't bully Does she know?"

“Auntie, I really didn’t bully her, I just said something to her.”

“Said a few words? Are you serious?” Jessica could only guess what he said, “You don’t know how to treat the little girl with gentleness? How old are you, how old is Xiao Pamela?”

Levi was speechless.

While Pamela Tang was still crying, Stella could only coax her softly, then she hugged Pamela Tang to Levi.

“Little Pamela, don’t cry, Auntie asks brother to apologize to you, okay?”

Pamella Tang met Levi’s frowning eyebrows, always feeling that her brother seemed very unhappy and didn’t like her. She shook her head again, and then buried her head in Stella’s arms without speaking.

“Hurry up and apologize.” Jessica pushed Levi: “You made the little girl cry, don’t you apologize?”

Levi stood still, his thin lips pressed tightly.

He didn’t do anything wrong, why should he apologize?

“Millet beans?”

Who knows that in the next second, Levi turned around and left, and Jessica couldn’t help pulling him back.

Pamella Tang was even more sad when her brother turned his head and left and ignored her.

After that, even if Stella lured Pamela Tang with food, she stopped eating.

No way, Stella had better call Pamella Tang's parents and said that she had been crying all of a sudden, and she kept coaxing her.

Soon the Tang couple came.

After Mrs. Tang hugged Pamella Tang, she found that her eyes were red from crying, and said apologetically: "I'm really sorry, she's causing you trouble, right?"

Stella shook her head: "It's okay, but I wasn't there before, and I didn't know what happened to her and Levi, so I cried suddenly. No matter how I coaxed her to ignore me, but I checked her body and there was no wound. , So Levi probably didn't bully her."

Hearing, Mrs. Tang hurriedly said: "Stella, what are you talking about? How could Levi be that kind of person? It must be Pamella's greedy mouth. Last time she wanted to eat, but when I scolded her, she cried. For several hours."

Stella was a little embarrassed: "Is that so?"

"It should be so right, so it's okay. If she is in a bad mood today, I will take her home first, so that she will not cause you trouble."

Stella wanted to say that it was not troublesome, but the child of her family was crying sadly at the moment, and she still needed her parents to comfort her, so she could only nod her head.

Afterwards, the Tang couple took Pamella Tang away.

After the people left, Jessica attached to Stella's side and said, "They are really polite to you, but Pamella can really cry for so long."

"Maybe something wronged, right? I'll ask Levi to see later."

Stella didn't directly blame Levi, but just wanted to ask him later.

After the two straight men came out of the kitchen after washing the dishes, they found that there were no Levi and Pamella Tang in the living room and did not ask.

Stella asked Jessica to tell her for her, and went to the room to find Levi.

Levi stayed in the room sitting in front of the laptop and looking at something.

Hearing the knock on the door, he thought for a while or got up to open the door himself.

After opening the door, he saw Stella standing outside.

"What are you doing? Is it convenient for Mommy to come in?"

Levi turned her body sideways and let Stella walk in.

"What's going on today? You and Pamella don't usually play well, why did she suddenly cry?"

Levi was a little irritable, because he didn't figure out why Pamella Tang cried, "I don't know."

Chapter 1548

"I don't know? Pamella cried when Mommy passed by. If you don't know, then who will tell Mommy what is going on?"

Stella bent down halfway in front of Levi, "What happened? Mommy knows that you have always been sensible, but Pamella is a little girl after all. Are you abusing him?"

Hearing, Levi was even more irritable, so he pursed his lips and said;
“Mummy is okay, just because she ate too much, so she just said one thing.”

He felt that his tone of voice was fine at the time, but he just made others cry.

“Say something?” Stella recalled, she had told Pamela Tang not to eat too many snacks and sweets several times, but the little girl was fine.

Why did Levi cry after saying a word?

“Then your tone was harder then?” Stella could only ask from other places.

“I don’t think it is heavy.”

“Then you have a fierce expression?”

“Mummy...”

“Mummy is not blaming you, just want to ask about the situation at the time. After all, it is a fact that you made the little girl cry. How old is she? How old do you like to follow you? Well, since you don’t want to say that Mommy won’t ask you too much. I guess the little girl will forget about it tomorrow.”

After speaking, Stella rubbed Levi’s head, “Okay, don’t think too much about it, go to sleep.”

After Stella left, Levi sat alone by the bed thinking about what happened at night. What did he do wrong?

Later, Levi didn’t think about it anymore, and fell asleep.

Then the whole night was dreaming with Pamela Tang’s crying, and he didn’t sleep well all night, and his expression was a little haggard when he got up.

Are girls so vulnerable?

Levi was a bit unbelieving, so he went to find Xiao Dou Sprout early, and then recalled the tone and expression of her speech to Pamella Tang last night.

Little Bean Sprout tilted her head to look at him, and suddenly giggled.

Millet's mouth twitched. How could he forget that his sister is different from ordinary people, and he is too young to test her.

Thinking of this, Levi reached out and flicked the head of Xiaodou Sprout.

"Don't laugh, laugh again, Mommy will start to worry about whether you are a fool again."

In fact, Stella was really worried about this problem, and then took it to the hospital for an examination, but the results of the examination were all normal. Later, she said that Xiaodou Sprouts are naturally optimistic and like to laugh. Girl.

Now Levi feels the same, and hopes so.

In this case, maybe the little girl will not have troubles in the future.

"Brother." Little Bean Sprout held her finger to her mouth and gnawed, and then smiled stupidly: "Hehehe."

"Ugh."

Levi sighed, then hugged her up, "Are you sleepy? Brother take you back to the room?"

"it is good."

So little bean sprouts just woke up, he was taken back to the room by Levi and fell asleep.

Today is the weekend. Normally Mrs. Tang will bring Pamela Tang over by herself at this time, but she was quiet all day, and Mrs. Tang did not bring Pamela Tang over.

By noon, no one was seen.

Because of what happened yesterday, Stella couldn't help but pay more attention to Levi. Seeing that he was not too unusual as usual, she was relieved.

After the meal, Mrs. Tang called and explained that there were guests at home today, so she couldn't come for the time being. After Stella said it was okay, she hung up the phone and saw Levi standing next to him, and said to him, "Little Pamela is at home today. There are guests, so I can't come."

"Oh."

Levi turned around and left. Where is the visitor coming? I don't want to come, right?

If you don't come, you won't come, you'll have such a big temper at a young age.

Pamella Tang didn't come the next day, life in Yejia was as usual. Ye Moshen was worried at the beginning that Pamela Tang would not come, and Levi would pester his woman. He didn't expect Levi to be a good student now. After eating every day, he would go back to the room. , And occasionally bring sister.

For this, Ye Moshen was still very satisfied.

On the third day, Pamela Tang still didn't come. For the next week, Pamela Tang didn't come. Madam Tang would call every day to say sorry and find excuses to shirk. Stella pretended not to know anything.

Stella didn't expect that little girl's temperament was so great, but after thinking about it, she felt that she was just a three or four-year-old little girl. Even if she was so strong, she wouldn't remember it for so long. Could it be Tang The family thought that Pamela Tang was bullied here, so they didn't want to send the child here?

Thinking of this, Stella sighed. If that was the case, there would be no way. After all, the other party didn't say anything, so she couldn't take the initiative to ask anything.

Just when Stella thought that little girl would never come to her home again, Madam Tang brought Pamela Tang to the door the next day.

When she came in, she was embarrassed and kept telling Stella.

"I'm so embarrassed, Stella, this little girl Pamela is so self-willed. I wanted to bring her here before, but she didn't want to come. After getting up this morning, she told me that she wanted to come and play with her brother and sister."

"It doesn't matter." Stella was a little surprised, "She has been angry for so long?"

"Yes." Mrs. Tang nodded, "The little girl has a really big temper, but she didn't lose her temper at home. She was depressed every day and didn't know what she was thinking, and she hadn't eaten many snacks recently."

Stella glanced at the little girl, and found that Pamela Tang was subconsciously avoiding her eyes, she stretched out her hand to Pamela Tang: "Let Aunt Stella hug?"

After all, he was a child of only three or four years old, and when he heard Stella talking to her so softly, he opened his hand to her.

Stella took her over and hugged her, “Sure enough, it’s a little lighter. It seems that I have eaten a little bit recently. Xiao Pamela told her aunt, “Is your elder brother murdering you? Aunty is in charge for you.”

Pamella Tang shook her head slightly, and whispered: “No, my brother didn’t bully Xiao Pamela.”

After seeing her still reluctant to say anything, Stella didn’t ask anything anymore, holding her and talking to Madam Tang, then Madam Tang left.

Stella was holding Pamela Tang and small bean sprouts in the living room, took some puzzles and building blocks to play with the two children, while exhorting: “These things can only be played, they can only be bitten in the mouth or swallowed. Oh, you know?”

The two girls tilted their heads up to hear her finish, and both nodded.

“Be good.”

At this time, Levi walked downstairs. As soon as he heard the sound of footsteps, Pamela Tang, who was still in a relaxed state, instantly became tense, sitting upright and looking tight.

Chapter 1549

Levi went downstairs as usual. After he saw Pamela Tang’s figure appear in the living room, he stopped for a while, and then everything went as usual.

After that, he went to the kitchen, talked to Stella after dinner and went out by himself.

Today is going to school, so Stella didn't say anything other than asking him to study hard.

After he had left, Stella realized that Pamela Tang was a little unhappy, so she stretched out her hand to poke Pamela Tang's cheek.

"What's wrong?"

Pamella Tang raised her head, opened her round eyes, and said pitifully, "Does brother hate Pamela?"

Hearing that, Stella was taken aback for a moment, and then explained: "How could it be? How could Xiao Pamela think so, brother won't hate Pamela."

Pamella Tang hung her head in a frustrated look.

"Is it because my elder brother didn't talk to you just now, so Madoka's thoughts were made? Don't worry, my elder brother is not such a stingy person. He just wants to go to school. You can go with your elder brother when you go to school in the future."

"Really?"

Pamella Tang raised her head and asked uncertainly.

"Well, really, my brother will talk to you when he comes back later, if he doesn't talk to you, will Auntie clean her up for you?"

After Stella said this, she didn't say it or it was not good, but blinked and looked at the small bean sprouts next to her.

In the next time, Pamela Tang looked forward to Levi coming back from school.

Children's thoughts are always very simple. When arguing with a good play partner, they tend to think a lot, and then there is only one mind to reconcile.

So now she only hopes that her brother will go home quickly. She wants to reconcile with her brother.

One day was spent in anticipation.

Pamella Tang finally waited until she fell asleep on the sofa. Seeing that she was asleep, Xiaodou Ya didn't hesitate to hug her arm and lay beside her and fell asleep.

This was what Stella saw after going downstairs. Because the small bean sprouts were pulled on Pamella Tang's body, she could only move forward and remove the small bean sprouts' hands, then hugged her upstairs, and later came down and hugged her. One.

Just when Stella was about to go downstairs to hug Pamella Tang again, she suddenly saw the car that was picking up Levi beans came back. Thinking of the contradiction between the two children, Stella decided not to go down for the time being.

In fact, the contradiction between children is the best solution. After all, children are innocent and brave. However, if she is an adult, it is estimated that both children will be a little embarrassed, so Stella did not go downstairs.

Pamella Tang had a dream, that she was eating ice cream, chocolate, and a lot of marshmallows. She was in a princess house with only food. The aroma of food was everywhere. Pamella Tang kept eating, always eating, and eating. In the end, Levi's ferocious tone suddenly appeared.

Then Pamella Tang woke up in shock.

After waking up, Pamela Tang found that there was a tall and thin figure on the sofa. She had just woke up, so she didn't think so much. After all, she had waited for a day, so the first reaction to seeing Levi was to sit up and shout: "brother."

Hearing, Levi's back stiffened, and then slowly turned back to look at her.

After a while, a difficult voice came from his throat, "Yes."

Pamella Tang couldn't remember anything. Last time she went to grab the sleeves of Levi, "Brother."

She didn't know what to say, and she didn't know how to apologize, but the two of them didn't speak this week. Pamela Tang also ate a lot less. Now she is so greedy, she hopes her brother can take her to eat marshmallows.

"Okay, it was my brother's fault that day. My brother shouldn't speak loudly to Pamela." With that, Levi took out a pack of chocolates and sticks/lollipops from her schoolbag and handed them to Pamela Tang: "This is for you. ."

"Ah." Pamela Tang held the gift in her arms in surprise, and was so excited for an instant: "Thank you, brother."

Levi was heartless before seeing her. Pamela Tang smiled heartlessly after having snacks. He didn't know why he always felt a little helpless, but he soon thought of something and said to her like a little adult: "These are all sweets, eating more is not good for your health, so you can't eat too much."

"Brother, Pamela remembered it."

After that, the two children were reconciled, and the unhappiness before disappeared quickly, and they did not keep remembering the unpleasant things like adults.

When Stella came down again, Pamela Tang chased behind Levi like a tail again. The older brother was short.

Sure enough, the child is still simple, and after reconciliation, it will be the same as at the beginning, without so much joy and worry.

After this incident, Pamela Tang remembered what Levi said at the beginning, not to eat too much sweets. These words kept playing in her mind like a mantra, but every time the food was present, she quickly put it again she forgot the spell, and she didn't remember it until she finished eating.

On the other side, Phillip discovered that Marry Jiang had changed a lot since the day she talked. She was living with him earnestly, and did not mention divorce. The two have been living quietly as before.

Of course, in the past six months, Phillip has always respected Marry Jiang and prevented Marry Jiang from getting pregnant. He has never touched her once.

For Phillip, although he saw Marry Jiang's transformation, he still had doubts and was still afraid that she would leave him. So when the agreed time came, the man consciously took out his marriage certificate and handed it over. Marry Jiang.

When he put the marriage certificate in front of Marry Jiang, Marry Jiang was eating with Xiao Wangzhi, softly coaxing him, Liang Yahe next to him was also there, and when he turned his head he saw his son holding two Red books are here.

His complexion changed slightly, and he said to Marry Jiang: "I'll take the baby and go downstairs for a while."

"Huh?" Marry Jiang didn't react. Why did he want to take the child downstairs for a while, "Mom, this is eating..."

Before he finished speaking, Liang Yahe picked up Xiao Wangzhi, then turned and left.

Marry Jiang was a little helpless. Just when she was about to say something, she heard footsteps behind him. When she looked back, she found that it was Phillip, and she was holding two red books.

Marry Jiang was silent for a moment. That was the case, no wonder Liang Yahe suddenly said that he wanted to go downstairs.

Soon, the child was taken away by Liang Yahe, leaving only two people in the house.

Marry Jiang sat still, waited for Phillip to come over and sat beside her.

“This is the marriage certificate I have kept for half a year.”

Phillip handed her two red books: “Now I give it to you, half a year has come, do you still want to leave me?”

Hearing, Marry Jiang had a meal, and after a while, like an okay person, she whispered softly: “Since I have kept it for half a year, I don’t bother to touch it anymore, you continue to keep it.”

Phillip’s heartbeat was a little unstable: “Should I continue to keep it?”
