

# Nothing to Give but My Heart Chapter 1550 – 1559

## Chapter 1550

“Otherwise?” Marry Jiang looked calm, “Or you don’t want to keep it?”

“Of course not.” Xiaosu quickly put away the marriage certificate, everything that happened to him was still like a dream, and it was a little unreal.

“Does that mean?” He asked a little uncertainly, but he didn’t dare to ask if she didn’t want to get a divorce. In front of Marry Jiang, Phillip didn’t dare to mention the word divorce at all.

Marry Jiang found him a little funny when he looked cautious.

“Why it’s been half a year, you still look like this? Can you still not see clearly what I have done in half a year?”

Marry Jiang took a deep breath and whispered, “Do you really think I have time to play with you for half a year? The youth of a girl is so precious. If it weren’t for still feelings for you, why would I stay by your side?”

Phillip had no chance to hear these words for six months.

After listening to her this time, Phillip was ecstatic in his heart. He always knew that Marry was willing to stay. It was definitely not the only idea to play with him. After all, half a year was not affordable for everyone, and if he was in If you are not happy together, who can hold on for half a year?

“Go and put away the marriage certificate. You will bring it to me later, and be careful that I change my mind.”

Speaking of this, Marry Jiang's tone was a bit fierce, and it seemed to be really good.

Phillip quickly put away the marriage certificate, took a step forward, circled Marry Jiang's waist, and his expression seemed a little excited, "Thank you."

His voice is very low and deep, like the deep black in the big night, "Thank you for giving me the opportunity to stay by my side. It is the greatest honor of my Phillip's life to marry you. Don't worry, I It will take a lifetime to treat you well."

Marry Jiang didn't expect that she actually said such a touching confession at this time. Fortunately, Liang Yahe made a decisive decision and took his child downstairs, otherwise she would stay here all the time. Also feel very embarrassed.

"Okay, are you annoying?" Marry Jiang pushed Phillip away, "I'm eating, you don't know how to find a suitable time when you want to talk. Mom and children are here, but you are here. When you come out with your marriage certificate, you are poisonous."

"Well, I'm poisonous, you can say that I can do anything, anything, just ask you not to leave me."

Phillip followed the demon barrier, um, after being pushed aside, he leaned forward, pestering Marry Jiang like a mangy dog.

Marry Jiang was also drunk, as if it was the first time she saw Phillip like this.

"Why didn't I find you so cheeky before?"

"I'm not cheeky, what if you run away? Where can I find a mother for the child? Where can I find someone who I like so much?"

“What did you just say?” Marry Jiang raised her voice, questioning Phillip, “You can’t speak up when you say you like me. Is it a shame to like me? I know you are too much. Love to say nothing, forget it, I don’t want to listen. Okay, I’ve finished speaking, I want to continue eating...”

“I love you.”

Marry Jiang paused, thinking that she had misheard, and she froze in place.

The surroundings fell silent, and it seemed that only the breathing of two people remained. Marry Jiang looked at Phillip for a long time, and made a sound from her throat with difficulty.

“What did you just say?”

Phillip took the person into his arms and pressed her in his arms. Marry Jiang’s ears were close to his chest, and she could clearly hear the sound of his heartbeat coming from her ears, all the way to her ears, and then to In her heart.

Marry Jiang felt that her body was trembling/trembling, and only the words reverberated in her ears. Her eyes were a little hot, as if something was about to burst out, and her breathing was not smooth.

With this sentence, she felt that she had waited a long, long time.

When she was about to lose her confidence, she finally heard it.

“Didn’t you hear clearly? Then I’ll say it again.” Phillip’s thin lips moved slowly to the right, pressed to her ear, and whispered softly; “I love you.”

Marry Jiang finally couldn’t help crying.

“In fact, it started very early, but I didn’t know it at that time. I missed half a year and lost half a year. It was my fault.”

“I should sort out my feelings earlier, and tell you earlier.”

Marry Jiang could not speak, probably because she was too emotional. She looked at him with red eyes, but tears were falling.

The two faced each other, Phillip reached out and wiped her tears, “I’m sorry, I made you wronged, don’t cry.”

Marry Jiang’s eyes were red, and she took a few deep breaths before retrieving her voice.

“You are only allowed to love me in the future, and you can’t like others anymore.”

“Of course.”

“You can’t look at other women again.”

“Ok.”

No matter what Marry Jiang said, Phillip accepted everything, and then pulled her into his arms, “The heart and the person are yours, and those things will never happen again in the future.”

After that, Phillip wiped away the tears for her, “You’re not angry, shouldn’t it be time to wear the wedding ring back?”

Because of a temper tantrum before, Marry Jiang returned the wedding ring to Phillip. Phillip found out after she left.

After that, Phillip kept keeping it, and didn't dare to mention it for six months.

Lifting the wedding ring, Marry Jiang looked at her empty fingers, reached out to him, and nodded.

Originally, she thought Phillip would turn around and go back to get it. Who knew he would take the ring out of his pocket in the next second, and put it on Marry Jiang after turning his head.

Marry Jiang: "...have you been prepared?"

Phillip coughed lightly: "Everything is ready, just waiting for you to choose."

"Do you mind what you choose with me?" Marry Jiang glanced at the wedding ring in her hand and raised her eyebrows at Phillip.

"Of course not." Phillip said with a strong desire to live: "I hope you stay, but I don't want to force you. I can't see you being unhappy."

Marry Jiang has been laughing a lot in the past six months, so Phillip's motivation has been even greater, if Marry has always been depressed in the past six months.

He might be more unbearable than Marry, but fortunately not.

"Huh, I'm talking about a human being." Marry Jiang actually turned into water in her heart, but there was still a bit of amusement in her mouth. Finally, when Phillip was really nervous, she took the initiative to reach out and hug him. Gave him a hug.

"Well, don't think about it anymore, let us live like this, as long as you live up to me in the future, I will definitely not mention divorce again."

On a quiet morning, the two of them hugged each other, listening to each other's heartbeats, and their breathing gradually became smooth and smooth.

In fact, Marry Jiang hadn't thought about leaving him before, but later she found out that she still loved Phillip, and there was no need to embarrass herself deliberately. If he changed, she would forgive it, it was that simple.

She also believes that every day in the future will get better and better.

Ordinary happiness is more important than anything else.

## **Chapter 1551**

Twelve years later

A middle-aged female voice came from the living room of the Tang family.

"Pamella, are you alright? How come it takes so long to change clothes? Are you stealing food again?"

"Um, uh no, I'll be better soon!"

When Mrs. Tang heard this voice, she couldn't help rolling her eyes in the air, saying that she was going to change her clothes, and she was stealing food again.

After a while, Pamella Tang finally appeared upstairs. She rushed down carrying a small schoolbag. The corner of her left mouth was still covered with biscuits, and the right cheek was covered with cream.

"Mom!"

Madam Tang shook her head helplessly when she saw this scene, and she did not wipe her mouth clean.

“Did you steal something?”

After Pamela Tang stood in front of her, Mrs. Tang asked her: “Did you steal it?”

“No, Mommy, how could I steal it?”

As soon as the voice fell, Mrs. Tang reached out and twisted a crumb of a biscuit at the corner of her left mouth, “Then what is this?”

Seeing the crumb, Pamela Tang’s eyes rolled around, and then she smiled and said, “I stole a small biscuit, Mommy.”

“What about this?”

Mrs. Tang shaved another bit of cream from the right side of her cheek.

Pamella Tang pursed her mouth, then bit her lower lip, grievingly: “Sorry Mommy, I am too greedy, I will pay attention next time!”

“Okay, I have eaten everything.” Madam Tang wiped off the cream on her face for her daughter, and then tidied her hair. “You girl, who is sixteen years old, why can’t you control yourself? Look at the girls from other families, they are all tall and thin, don’t you want to be like them?”

“Hmm.” Pamela Tang glanced down at her figure, blinked and said, “But Pamela can’t resist the temptation/confusion of food. For Pamela, food is more important.”

“When you meet a boy you like in the future, you may not think so, but fortunately, my daughter is naturally beautiful, even if she is fat, she is fat and cute~”

After speaking, Mrs. Tang squeezed Pamela Tang’s cheek, “Okay, I put all your luggage in the car, and Uncle Zhang will send you to school.”

Pamella Tang seemed to think of something, “By the way, did your brother call Pamela?”

“I’ve done it. I said that I will help you clean up today, so I told you that girl don’t delay, but she took the time to come, and you don’t always trouble others.”

“Its brother, how could it be trouble?”

“It’s elder brother, but is he your own brother? He just grew up with you. He is at best a childhood sweetheart. He always troubles people like this. What should I do if my girlfriend gets angry?”

When he heard the word girlfriend, Pamela Tang tilted her head and thought, “No, he hasn’t talked about girlfriend yet.”

“Sooner or later, I have to talk about it. They are sophomores, so how come you just got a freshman?”

“Well, then wait until my brother talks about it.”

Then Uncle Zhang sent Pamela Tang to school.

On the way to school, Pamela Tang took her cell phone and sent a WeChat message to Justin Yuchi.

{Brother, are you at school yet}

At this time, Justin Yuchi was answering a call from his mother Stella. He was wearing a black baseball uniform standing next to the bus stop sign. He was tall, with deep eyebrows, and his facial features were as sharp as carvings, losing his childhood childishness. , He is now a twenty-year-old boy.

“Well, I will go over now, rest assured, I will help Pamela pack up before leaving.”

“Don’t bully other little girls.”

“Heh.” Justin Yuchi chuckled, with a low tone: “How is it possible? Since childhood, I have bullied her, why should I bully her? Okay, the bus is coming, so let’s hang up.”

When the words were over, Justin Yuchi put away the phone, and the warmth of family in his eyes faded.

Next to him, there is a boy who is similar in height to him, looks slightly sunny, and shows two small tiger teeth when he laughs, and his hand is directly on the shoulder of Justin.

“Auntie spoils that girl from the Tang family too much, and she has to call you specifically to tell you.”

Andrew Zhong-Justin Yuchi’s classmate, the two have a strong relationship. The two are now together because of an accident when they were young.

When Andrew Zhong had a car accident and was rescued by Justin Yuchi who was passing by, Andrew Zhong said afterwards that his life-saving grace was the greatest and could not be repaid. He had to become a good brother with him, and then followed Justin Yuchi all the time.

“The little girl is young, so she should be spoiled.” There was no expression on Justin Yuchi’s face, rather indifferent.

“Hey, what do you think of this girl now? She is sixteen years old, won’t she be as fat as before? To say that this girl is so cute, she is a bit greedy.”

Before she finished speaking, Andrew Zhong felt a gloomy gaze fall on his face. He looked at Justin Yuchi, and saw that he was unhappy, so he stopped quickly.

“Brother Shu, I was wrong. I was wrong. I shouldn’t say that she is fat and Pamela is cute.”

Justin Yuchi said in a cold voice: “Don’t pretend the word before her in the future, the little girl has grown up.”

“I know, Brother Shu has ordered, how can I not follow?”

Soon the bus came, and two tall and thin teenagers got on the bus together, which immediately attracted the attention of many girls on the bus.

“So handsome.”

“Which school are these two students? Look at the one by the window, oooo is so handsome.”

Because today is the school day, there are many students on this bus. After seeing Justin Yuchi and Andrew Zhong, they couldn’t help taking out their phones to take photos of them.

When Justin realized something, his brows frowned and looked at the people and girls holding the mobile phones.

Andrew Zhong walked in front of them with a smile, "Little sisters, although the brothers are handsome, you can't shoot them casually."

When Andrew Zhong said this, the girls blushed immediately and put their mobile phones away.

"Sorry, senior, then we won't shoot."

"This is a good school girl."

After confirming that they would not shoot again, Andrew Zhong went back to Justin Yuchi and shook his head: "Every time I come out with you, I always be so swagger. If you say you have such a face, how good is it to be a celebrity directly? School?"

After finishing speaking, Andrew Zhong did not wait for Justin Yuchi to speak, and said directly: "Oh, if I can grow like you, I will go straight to be a star, do you know that the current society is completely different from before? If people look good, go wherever you go, and some people will become fans for you."

"There's no end?" Justin Yuchi glanced at him, "so much talk all day long."

"I said you still don't like to listen?"

Didi——

Justin Yuchi's cell phone rang.

Andrew Zhong immediately became more excited than him, "Quickly, it must be the girl from the Tang family who has sent you a WeChat message. Quickly look at this girl's hair?"

"Related to you?"

“Of course it’s related.”

Andrew Zhong was extremely enthusiastic, “Tang family girl, I can be regarded as watching her grow up!”

## Chapter 1552

Justin Yuchi looked at him coldly, and Andrew Zhong curled his lips, “As for? It’s not your sister, I can’t see the news? Then if I go to her school to carry her luggage, I will see it all. Are you going to dig out my eyes?”

But after all, Andrew Zhong still didn’t look at his mobile phone and turned away automatically.

After that, Justin Yuchi opened WeChat and glanced at the phone, and saw the WeChat sent by the little girl.

{Brother, are you at school yet? }

It was probably too long to wait for a reply, and the little girl made a puzzled expression behind her. Seeing this expression, the corners of Justin Yuchi’s lips twitched.

Without looking at it, you can imagine that girl with a pair of round eyes open with a puzzled expression, and her white face filled with puzzlement.

He typed with one hand.

{Almost there, wait a minute. }

The little girl turned back quickly.

{Good}

It took nearly an hour for the bus to reach the school.

Andrew Zhong sighed as he looked at the school gate in front of him.

“Unexpectedly, when I was in my sophomore year, I would still have a chance to come to high school. They are all elementary school girls who have just entered school. I am excited just thinking about it.”

When the words fell, Andrew Zhong stepped forward and took Justin Yuchi’s shoulder.

“Brother Shu, how about looking for a junior girl to become a girlfriend?”

When the words fell, Justin Yuchi’s dark eyes fell on his face, black and clear.

“Psychological change/statement?”

“I wiped, what kind of psychological perversion?” Andrew Zhong immediately became angry when he heard this description. “It’s only a few years younger than me. Why are you psychologically perverted?”

Justin Yuchi pushed away his hand and walked away with long legs towards the school gate.

At the school gate, there are a lot of juniors who have just entered school. Most of them are sent by their parents, and some come by themselves.

Justin Yuchi was standing on the right side of the gate, leaning against the wall. The tall and thin boy was wearing a baseball uniform and his face was extraordinarily handsome. Leaning on the right side of the school gate, he was completely a landscape.

When Pamela Tang arrived at the school, she looked up at the door.

At a glance, she saw Justin Yuchi leaning on the right side of the school gate.

“Brother!”

Pamella Tang showed a smile on her fair face, excitedly opened the car door and ran towards him, yelling, “Brother!”

Justin Yuchi was about to take out his mobile phone and ask if the little girl arrived or not. He heard the girl’s call when he didn’t want to. When he looked up, he saw that the little girl was wearing a tender yellow floral skirt with her long black soft hair tied up. With the high ponytail, the skirt and bangs flew up when running, and the vitality of the girl came to her face.

“Yo, the little girl is so pretty.”

Andrew Zhong exclaimed with a smile.

“Brother!”

Pamella Tang finally rushed to Justin Yuchi, her jet-black eyes filled with excitement and excitement when she saw him, “Did you wait a long time?”

“No.” Justin Yuchi put the phone back in his pocket: “I and Andrew just arrived.”

Hearing Andrew’s name, Pamella Tang noticed that Andrew Zhong was also standing next to him, and smiled sweetly at him: “Brother Andrew!”

Andrew Zhong sighed: “You girl, your brother is full of eyes. You can’t see the big brother Andrew standing here.”

Pamella Tang was a little embarrassed, and explained: “No, Brother Andrew just stood a little far away, so I didn’t see it.”

“Your brother Justin is not far away? A conscienceless little girl.”

Pamella Tang wanted to explain something, Justin stepped forward and held her head, “Isn’t it hot? Do you want to tell him so much?”

Uncle Zhang opened the car and took Pamella Tang’s suitcase out of the trunk.

Andrew Zhong originally thought that this little girl should not have much luggage, who knew that Uncle Zhang took out two huge boxes.

After only one glance, Andrew Zhong’s eyes straightened.

“Such a big box? Or two, round little girl, what do you put in the box?”

When this question was asked, Pamella Tang’s eyes were instantly guilty, “Dang, of course it’s something to wear, girls are like this.”

“Really?” Andrew Zhong raised his eyebrows, “Are you sure you are the same as other girls? This box is only for wearing, not for food?”

Pamella Tang: “Brother Andrew!”

With that said, Pamella Tang rubbed against Justin Yuchi’s side, took his hand, and called out grievously: “Brother.”

Justin Yuchi glanced at Andrew Zhong, his eyes were cold.

“Andrew Zhong, don’t bully my sister.”

Andrew Zhong curled his lips, but when he saw Pamella Tang’s puffy/drumming look, he felt pleasing. How could this little girl be so fat and cute? Obviously gain weight, but the facial features of this small face are still

very smooth, the skin is white and tender, plus the complexion, the whole person looks youthful.

So he especially wanted to tease her, but every time he teased Pamela Tang, Pamela Tang hid to Justin Yuchi, alas.

After that, Justin Yuchi took the two large boxes and lost one to Andrew Zhong.

“Do you know your dormitory number?”

“I know, but can’t you wait any longer, brother, one of my classmates is coming soon, and she also brought luggage.”

As soon as the voice fell, a girl pulling a suitcase not far away waved to this side.

“Pamella!”

Hearing the voice, Pamela Tang was happy, “It’s Feifei!”

She turned her head and waved to the girl in the distance: “Feifei, come here.”

Glenda Meng saw two tall and thin teenagers standing beside Pamela Tang from a distance, a little nervous, but still approached calmly.

“Brother, let me introduce you. This is my good friend Glenda Meng. Feifei, this is my brother, and here is Andrew.”

Glenda Meng nodded at the two shyly, “Hello, two brothers.”

“Sister Glenda is good.” Andrew Zhong smiled and raised his paw to greet her.

Justin Yuchi was a little colder, and nodded at her: "Hello."

Andrew Zhong took the initiative to step forward and pulled Glenda Meng's box, and said enthusiastically: "Sister Glenda, let me help you get it."

Andrew Zhong was tall and thin, and his face blushed as soon as he approached Glenda Meng, "No need, I can take it myself."

"It's okay, girls are just used to spoil them, and I will do the box."

After speaking, Andrew Zhong took the box directly.

Originally, Menkefei's box was very heavy, but the two teenagers went to the police academy, so it's not a matter of strength or something, so carrying two boxes is completely effortless. Besides, you only need to carry them when you are going upstairs. Go upstairs, it's not needed now.

Seeing that he didn't give him a chance to refuse, Glenda Meng had to accept it, blushing and stood beside Pamela Tang.

"Feifei, don't worry, they are here to help us clean up today, let's go."

After that, the two teenagers walked towards the dormitory with two little girls.

The dormitory was still a bit difficult to find at first, but fortunately Pamela Tang and Glenda Meng didn't have to carry their own luggage.

## **Chapter 1553**

After finally finding their dormitory building, Justin Yuchi and Andrew Zhong moved in the suitcases of the two little girls.

The other people in the dormitory have not yet come, so Pamela Tang and Glenda Meng, who arrived first, can choose their own beds. Glenda Meng doesn't want to sleep in the upper bunk, so they occupy the bunk.

"Do you want to sleep in the upper bunk or the lower bunk?" Justin lowered his head and asked the blushing little girl.

Pamella Tang glanced, just about to speak.

Andrew Zhong over there suddenly said, "Pamella, I think you should choose the lower bed, is the upper bed enough for you to toss?"

Pamella Tang understood the meaning of the words. Her pink face suddenly became as red as an apple, her head lowered and she dared not speak.

Justin Yuchi's expression shrank.

Andrew Zhong was heartless, but still said, "Besides, the bedside underneath is safe and not bothersome. You don't have to climb up and down all the time, let's talk about it..."

"Is that enough?"

When Justin Yuchi's cold voice came, Andrew Zhong was stunned for a moment, and then looked at him, just in time to see the little girl standing beside him blushing so hard to look up.

Immediately, Andrew Zhong thought of the words that Captain Chi Justin had said to him before on the bus.

He said that the little girl had grown up, so don't use the word fat in front of her in the future. Andrew Zhong remembered it, and didn't specifically say that the little girl was fat. Sleeping on the upper bunk should not be safe, so she suggested that she choose the lower bunk.

Both the heart and the starting point are good, but she accidentally talked about the pain of the little girl.

Andrew Zhong was suddenly embarrassed.

It was Glenda Meng who came out to complete the game, and stepped forward and took Pamela Tang's hand and said: "We know each other, or you can sleep on my lower bunk, and I sleep on your upper bunk, so that we can whisper at night, and I sleep very honestly. I won't bother you at night."

"Feifei..."

"If you sleep in the same bed with other people, it will be a late sleeper, or a restless sleeper, you will definitely be too quarrelsome to sleep, just be the same with me."

Pamela Tang finally nodded, and then whispered to Glenda Meng, "Thank you."

"No thanks, we are good sisters."

After choosing a bed, she started cleaning the dormitory. Although Justin Yuchi and Andrew Zhong were two men, they worked very smoothly and quickly cleaned the house.

Two girls are responsible for making the bed.

Halfway through the cleaning, two other roommates came.

The two came together. They were two tall and slender girls. They were dressed very stylishly and had fair skin. They entered the dormitory together, followed by several boys carrying boxes.

When the two girls came in, they didn't expect someone to come sooner than them. They found that the dormitory was almost dressed up and raised their eyebrows.

"Hello."

Glenda Meng noticed that someone was coming, and hurriedly slipped down from the upper bunk to greet them.

The two girls looked at her dumbfounded appearance and pulled the corners of their lips lightly, and ignored her.

"Have you all chosen the beds? Why don't you discuss it after we come?"

Considering that they will be in the same dormitory in the future, Andrew Zhong and the others also cleaned up the other beds. At the moment, the two of them were still rubbing cloth in the bathroom.

Hearing a sound, Justin Yuchi and Andrew Zhong looked at each other and went out of the bathroom together.

The height and appearance of the two are exceptionally good, especially Justin. Although both of them are 20-year-old adults, their faces are full of youthfulness, and they look like two seventeen-year-olds.

The two girls originally had a little bit of ill-will on their faces. At this moment, after seeing Justin Yuchi, they were both stunned, and then there was a surprise in their eyes.

So handsome.

"What happened?"

Justin Yuchi asked, his voice as an adult had a deep, very magnetic voice.

As soon as Glenda Meng wanted to talk, one of the two girls stood up and said, "It's nothing, it's just that they both have already chosen a bed, so just ask, everyone will be roommates in the future. Is it okay?"

"Yes, since you have chosen the bed, let's choose this side."

"You have cleaned up the dormitory? Thank you."

The two girls changed their faces very quickly after the two boys came out. Menkefei was very surprised to see them, their complexions were not good, as if swallowing flies.

Obviously, he was questioning them in that high-pitched tone just a second ago, and now he looks like an approachable and very kind person.

Glenda Meng glanced at Justin Yuchi secretly, she was indeed very handsome, but her face changed too quickly.

She sighed softly in her heart, and then looked at Pamela Tang, obviously still looking like an outsider, her face was a little awkward, and then she heard the girl thank you, followed by a smile on her face.

"No thanks, everyone will be roommates from now on, and my brother has nothing to do."

Hearingly, the two girls glanced at her, "Is this your brother?"

"Yeah." Pamela Tang nodded.

"Then your brother is so kind to you, he even cleans the dormitory for you, but we don't have it."

“Yeah, so envious.”

The attitude of the two girls towards Pamela Tang immediately became enthusiastic.

The boys who had helped them two in with their luggage were all sweaty, and they started yelling, “It’s so hot.”

Not long after several people came in, the room was full of stinky sweat.

The two girls couldn’t help but want to roll their eyes, but they held back again and greeted Pamela Tang.

“By the way, what’s your name?”

“My name is Pamela Tang, and this is my good friend Glenda Meng.”

Glenda Meng did not expect that Pamela Tang would take her to introduce her together, so she smiled faintly at the two girls: “Hello.”

“My name is Zhang Xiaolu.”

“I am Yuan Yuehan, and both of us are dancers.”

“Dancing student?” Pamela Tang looked surprised: “No wonder your figures are so good.”

The four girls had met in this way. Yuchi also saw that they were almost ready. He glanced at the time of his watch and said to Andrew Zhong, “It’s time to go back.”

Andrew Zhong nodded and said, “Sisters, brothers should go.”

Pamella Tang showed a regretful expression on her face, looking at Justin Yuchi: “Brother?”

Justin Yuchi walked to Pamella Tang’s side and rubbed her head: “Brother’s school is still going on. Have you bought everything?”

“Ok.”

Justin Yuchi glanced at the rosy skin of the little girl, and suddenly thought of something, “We will have military training tomorrow. Have you bought sunscreen?”

“Sun protection?” Pamella Tang blinked, “I seem to have forgotten...”

She doesn’t pay much attention to these in weekdays.

When the words fell, Justin knocked his head: “How can I forget this?”

## **Chapter 1554**

Pamella Tang was knocked on her head, she could only stretch her hand and rub it, showing a grieved expression.

“I just forgot.”

“I see if I have time to bring it to you in the evening.”

“No need, brother, Pamella can buy it herself if she has time.”

Menkefei thoughtfully and authentically: “I have brought two bottles, so I can use mine when the time comes.”

“Brother, did you hear? Feifei brought it. I can use it with Feifei then.”

Justin Yuchi looked at the carefree little girl in front of him, sighed in his heart, and then reached out and rubbed her head again, "Don't get sunburned."

"Hmm."

When Andrew Zhong left, he sighed, "Hey, I just saw that Sister Pamela is leaving again. I will come over with your brother to see you more when I have time."

After speaking, he also wanted to stretch out his hand to rub Pamela Tang's head, but as soon as he stretched out his hand, he received a cold eye from Justin Yuchi. Andrew Zhong's hand turned around in the air, and then fell on Glenda Meng's head. .

"Sister Glenda, don't get sunburned either."

Andrew Zhong directly messed up Glenda Meng's hair.

Glenda Meng was initially astonished, but when she reacted, her face blushed to the base of her neck, and she couldn't say a word with her eyes down.

"Go away."

The two tall and thin teenagers quickly left the dormitory, along with the few boys who helped Zhang Xiaolu and Yuan Yuehan carry their luggage.

When everyone was gone, Glenda Meng's face was still red.

"Feifei, why is your face so red?" Pamela Tang turned her head and saw that Glenda Meng's face and neck were red, so she asked curiously.

Its okay if you don't ask, Glenda Meng's face becomes even more red when asked, "No, nothing."

Zhang Xiaolu, who was packing over there, heard it, turned her head and gave Glenda Meng a funny look.

“Just rubbing your head, your face turns red. Have you never had any contact with boys before?”

Yuan Yuehan also echoed the sentence: “Yes, you haven’t had a relationship with a boy yet, have you?”

Pamella Tang and Glenda Meng both developed relatively late, and their minds were not as mature as others. Glenda Meng is the kind of relatively ordinary-looking girl. Although Pamella Tang is cute, her body shape has also dissuaded many people. The boy who handed her a love letter, but in the end it was nothing.

So the two have not been in love yet.

And Pamella Tang’s mother said that she can’t fall in love early when she is in school, she is too young or something.

Pamella Tang is very obedient, besides, she thinks boys are not as cute as her delicacy, she still likes delicacy.

Glenda Meng blushed and shook her head: “No, do you have one?”

Zhang Xiaolu snorted, “I’m already a freshman, so I must have.”

Yuan Yuehan also laughed: “There are a lot of boys chasing us.”

Hearing, Glenda Meng pursed her lips, her face was not so red, and did not answer any more.

At noon, several girls were resting in the dormitory. After Zhang Xiaolu answered the phone, she suggested: "Should we go out for dinner at noon? Go shopping after dinner?"

Yuan Yuehan nodded lazily, then thought of something and said to Zhang Xiaolu: "Call Pamela Tang."

Both girls had their thoughts hidden in their hearts, and both agreed to this proposal.

After Pamela Tang was invited, she felt that these two new roommates were too kind, and quickly agreed. After agreeing, she said, "Then I will ask Shang Glenda to go with him."

Hearing, Zhang Xiaolu curled her lips: "Why did you call her? You have a good relationship with her?"

"Of course, Feifei is my best friend."

Yuan Yuehan waved her hand: "Well, let's get her together."

So Pamela Tang went to call Glenda Meng, Glenda Meng didn't want to agree at first, but Pamela Tang persuaded him for a long time before answering.

The four girls went out for lunch together. Zhang Xiaolu and Yuan Yuehan chose a high-end restaurant, and each ordered a steak.

Glenda Meng's family is not so good. She has never taken her to Western food at home, and she rarely eats out with girls when she is at school, so she doesn't know how to do it when facing steak.

Zhang Xiaolu saw it and couldn't help but sneered.

Yuan Yuehan couldn't hold back a sarcasm.

"Glenda Meng, you haven't eaten in a western restaurant, have you?"

Pamella Tang, who was next to him, saw it, and pushed the cut she had made to Glenda Meng, "Fei Fei, then you eat mine and give me your copy."

Facing the gazes of Zhang Xiaolu and Yuan Yuehan, Glenda Meng almost couldn't look up.

"Pamella, thank you."

Zhang Xiaolu and Yuan Yuehan saw that Pamella Tang was not only skilled in cutting steaks, but also very elegant. Coupled with the clothes on her body, and the attitude of her brother before, they knew that she came from a big family.

"Pamella, how old is your brother? Isn't he from our school?"

Pamella Tang took a big sip from the drink cup, and it was so cold that she slowly said, "No, my brother is already a sophomore, he is in the police academy."

"Wow, then your brother isn't going to be many years older than you."

"Yeah, he is four years older than me."

Zhang Xiaolu suddenly thought of something and asked tentatively: "Your brother is in his sophomore year, so should you have a girlfriend?"

Hearing, Yuan Yuehan glanced at Zhang Xiaolu, but did not speak.

"No, my brother has always been single."

“Where is the one next to you? It’s your brother too?”

“No, he is a good friend of my brother, called Andrew Zhong.”

“Oh yes, what’s your brother’s name?”

“My brother is called Justin Yuchi.”

“Justin Yuchi?” When Zhang Xiaolu heard this name, she realized something, didn’t she say it was Pamella Tang’s brother? Why is the brother and sister not the same surname, isn’t it a brother and sister?

Zhang Xiaolu and Yuan Yuehan looked at each other, and finally Yuan Yuehan asked, “Why your brother is named Weichi?”

This kind of question has been asked by many girls before. Pamella Tang always thought that they thought their brother’s last name was special, so they were curious.

“Isn’t it a nice surname? The surname of Yuchi is actually not the surname of his parents. My brother followed his grandfather’s surname.

Following the grandfather’s last name, isn’t it also the father’s last name? Why does it sound so complicated? Is the relationship between their family very complicated?

But think about it, the love and hatred between the rich is not something ordinary people can imagine, maybe the two are not the same father.

“Then your brother usually loves you very much, right?”

“Well, my brother is very nice to me, he has spoiled me since I was young.”

After dinner, Zhang Xiaolu suggested that everyone go shopping together. Glenda Meng pulled Pamela Tang to the side and whispered: "Pamella, I'm a little tired. Let's not go shopping anymore. Can you go back?"

Pamella Tang always regarded Glenda Meng as a good friend of hers. Hearing that she was tired, she immediately responded: "Okay, then we won't go shopping, I'll talk to Xiaolu and the others."

Zhang Xiaolu and Yuan Yuehan looked at Glenda Meng after listening.

"If you are tired, go back by yourself and I will pay you for the taxi."

## **Chapter 1555**

Hearing this, Glenda Meng was a little embarrassed and didn't know how to speak.

Instead, Pamela Tang held her hand and said, "No, if Fei feels uncomfortable, I will accompany her back to rest. You two are also accompanied. You continue to stroll."

Zhang Xiaolu and Yuan Yuehan originally wanted to hold Pamela Tang together, and they could learn more about Justin Yuchi. Who knew Glenda Meng had disrupted their plans, so the look in Glenda Meng's eyes became bad.

"Then let's go first, and you will continue to play, goodbye~"

After Pamela Tang took Glenda Meng into the taxi, Glenda Meng glanced at Pamela Tang's profile. Seeing that she didn't seem to have any special reaction, she couldn't help but whispered to her.

"Pamella, you..."

“What’s the matter?” Pamela Tang turned her head and looked at her with a puzzled look.

Seeing her innocent and simple expression, Glenda Meng stopped when she reached her lips. She couldn’t say a word, she could only sigh in her heart.

“It’s nothing.”

“Feifei, you are a bit weird today.”

“Alas, silly Pamela, it’s not that I am surprised, but that you are too simple.”

After returning to the dormitory, Pamela Tang was still full of energy. She felt sleepy when she touched the bed, and then fell asleep.

Glenda Meng, who originally said ‘uncomfortable’, sat on the side of the bed, and saw that Pamela Tang was already asleep, so she could only shake her head.

Alas, the world of Pamela really does not only eat and sleep, of course, there is also her brother.

In the afternoon, Zhang Xiaolu and Yuan Yuehan came back and saw Glenda Meng had few surviving clothes in the bathroom, while Pamela Tang was asleep. The two looked at each other and went into the bathroom together.

Glenda Meng saw the two of them suddenly come in, and wanted to withdraw.

Who knew that the two people closed the door directly, and the three people standing in the small space suddenly became crowded, and Glenda Meng could only stand against the wall.

“Your name is Glenda Meng, right?”

Zhang Xiaolu sneered at her, stretched out her hand to pinch Glenda Meng's chin, but she turned her head and avoided, "What are you doing?"

"What are you doing? I have to ask you about this? We call Pamela to go shopping and eat. You have to go there and go. You just stay for me. What are you pretending? What are you doing?" Yuan Yuehan did not being as polite as Zhang Xiaolu, she stretched out her hand directly to pull Glenda Meng's hair, with great strength, Glenda Meng bit her lower lip painfully: "Let go of me."

"Let go of you? Then you have to make sure not to disrupt our plan in the future."

"Your purpose is not pure, don't want to make friends with Pamela!" Glenda Meng was so angry that she wanted to grab their hair, but the two girls were tall and long, and when they were together, Glenda Meng directly pressed Glenda Meng. On the floor, she couldn't stand up at all.

"What is impure purpose? It is pure if it matches your purpose? Why do you blush when someone rubs your head? Even if we have a purpose to make friends with Pamela? As long as we don't harm her, we will follow you It doesn't matter."

"You are not allowed to say bad things about us in front of Pamela, have you heard? Or I will prevent you from going to school."

Glenda Meng did not agree, nor refused. At first, she was still resisting, but later she lost the strength to resist.

After a long while, Zhang Xiaolu and Yuan Yuehan looked at each other, then released her, then opened the bathroom door and left together.

Boom!

Glenda Meng stayed there for a long while in her original posture, then sat up, leaning against the wall, her eyes were red as rabbits.

Damn it, it's too much!

She wanted to stop crying, but the tears kept rolling from her eyes, she could only keep wiping and wiping, her hair was messy, and her clothes were wet.

Pamella Tang seemed to hear someone arguing and opened her eyes in a daze. Then she saw Zhang Xiaolu and Yuan Yuehan, "Are you back?"

She rubbed her eyes and asked buzzingly.

"Yeah, Pamella, it's too hot outside, so I came back first. You just woke up? We brought you milk tea. What flavor would you like to drink?"

Milk tea?

Hearing the milk tea, Pamella Tang sat up, "Really? You are so kind to me."

"What are you polite? We will be roommates from now on. It's normal for you."

Zhang Xiaolu cordially stretched out her hand and brushed her hair for Pamella Tang, "But don't drink it as soon as you wake up. Girls shouldn't drink too much ice. You will drink it later."

"Okay, thank you."

After speaking, Pamella Tang stood up: "Then I will go to the bathroom."

As a result, he just walked a few steps and said that he was held back by Zhang Xiaolu and Yuan Yuehan, "Wait."

“What happened?”

“Well, Yuehan and I bought a few skirts just now, can you help us see if the upper/body looks good?”

Pamella Tang slept for a long time and was a little urinary/anxious, but after they made a request to themselves, they were embarrassed to refuse and could only agree, “Okay.”

After that, the two tried on the skirts, and both let Pamella Tang show them. Pamella Tang agreed with each one they tried.

“Pamella, your mouth is so sweet, did you bring a skirt?”

“I brought it, but not much.”

“Let us see it instead.”

Pamella Tang said that she didn't want to change, and she wanted to go to the bathroom. Seeing that Zhang Xiaolu and Yuan Yuehan couldn't stop her, they had to let her go.

After Pamella Tang entered the bathroom, she realized that there was another person inside, and Zhang Xiaolu and Yuan Yuehan also followed.

“Feifei? Are you in the bathroom?”

Glenda Meng has taken care of her emotions, and raised her head when she heard that, “Yeah.”

Her eyes seemed a little red, and Pamella Tang felt strange: “What's wrong with you?”

Glenda Meng saw the other two people behind her and made a sullen expression at herself. She hesitated for a while before saying: "It's nothing, just miss my mother a bit."

Speaking of this, Pamela Tang remembered that Glenda's mother had gone to work outside the city, and would not come back until the New Year.

"Sorry Pamela, I fell asleep and made you miss home alone. When we have winter vacation, I will accompany you to visit Auntie."

"it is good."

"You want to use the bathroom, don't you? You use it, I'll go out first."

After the bathroom door was closed, Zhang Xiaolu and Yuan Yuehan both sneered, "You count as acquaintance."

Glenda Meng leaned against the wall, feeling extremely unwilling, but when she thought of her weak words and weak family, she instantly lost strength.

She can't do anything, so what can she do with others?

After Pamela Tang came out of the bathroom, her mobile phone rang. She opened the bathroom door and wanted to answer the call. Zhang Xiaolu over there had already picked up her mobile phone to answer the call for her.

"Hello, is Pamela's brother? I am her roommate Zhang Xiaolu."

"Ah, she's in the bathroom, I help my brother call her to answer the phone."

When Zhang Xiaolu turned her head, she saw Pamela Tang standing there and smiled: "Pamella, did your brother call you?"

“Oh, thank you.” Pamela Tang walked over and took the phone, feeling a little strange for some reason.

## Chapter 1556

Although Pamela Tang had never encountered such a situation before, and Zhang Xiaolu looked kind, but she just felt that her cell phone was ringing and she shouldn't answer her phone.

However, all these worries disappeared after hearing Justin Yuchi's voice.

“Brother.”

“Yes.” Justin Yuchi's voice was deep, “I'm downstairs in your dormitory. Come down if you have time.”

Hearing, Pamela Tang was a little surprised: “What is your brother doing at this time?”

“Why, brother is not welcome?”

“Of course not, I will go downstairs now.”

After speaking, Pamela Tang originally wanted to put the phone on the bed, but after thinking of something, she picked up the phone again and ran downstairs.

Zhang Xiaolu and Yuan Yuehan looked at each other and quickly followed.

“Pamella, your brother is looking for you? Shall we go with you?”

“Huh? No, my brother may just...”

“It’s okay, we’re okay, too, let’s go with you.”

So Pamela Tang didn’t react to anything and was taken out together by them. When walking down the stairs, the two of them held her hands one to the other. This feeling made Pamela Tang feel very strange. She was obviously going to see her brother. But why are these two people more enthusiastic than her?

When she got downstairs, Justin Yuchi had already received a lot of attention and onlookers.

Because he is handsome, tall and thin, and he is a world of his own, so many girls stopped to watch.

“This guy is so handsome, but he doesn’t seem to belong to our school? Whom is he looking for?”

“Is it looking for a girlfriend?”

“If you are looking for a girlfriend, you would be too envious. There is such a handsome boy who becomes his boyfriend.”

After Pamela Tang came down, Zhang Xiaolu and Yuan Yuehan took her by.

“Brother.”

“Good brother.” Zhang Xiaolu and Yuan Yuehan also cleverly shouted after Pamela Tang.

Justin Yuchi looked at Pamela Tang, who was almost treated as a sandwich, and said after a moment of silence: “Can I talk to her alone?”

Zhang Xiaolu and Yuan Yuehan froze for a moment, and quickly reacted.

“Of course you can. What did my brother say? We just came with her. Don’t disturb, Pamela, then we will wait for you by the side.”

After Zhang Xiaolu and Yuan Yuehan left, Pamela Tang asked with a smile, “Brother, is my roommate very enthusiastic?”

Yuchi also looked at the distant figures of her two roommates, not knowing what she was thinking, and handed her the bag after a while.

“For me?”

Pamella Tang took the bag in surprise, “What is it?”

“Sunscreen.”

Hearing, Pamela Tang opened the bag and saw that there were two bottles of sunscreen in it. She was a little touched: “Brother, you are very kind to Pamela, but didn’t Feifei tell me? She brought it, let me use it with her. Up.”

“That’s something someone else brought. You’re ashamed to keep using it? What if you don’t have enough time? The time for military training is not short.”

What Pamela Tang said made sense, “Brother is still thoughtful. Pamela never thought of it before, thank you brother!”

“Silly girl, go up when you get it.”

“Is my brother here to deliver sunscreen?”

“Otherwise? What else do you want?”

Pamella Tang opened a pair of big eyes, simply looking at Justin Yuchi’s narrowed mouth, and said nothing, “No, nothing.”

Although she said nothing, her big eyes were obviously full of disappointment.

“Unconscionable little girl, I will bring you sunscreen in the middle of the night. Don’t ask if your brother has eaten, but blame me for not giving you food?”

“Well, Pamella didn’t mean that. Pamella was wrong. Did your brother eat? Then, Pamella invites his brother to dinner?”

Justin Yuchi glanced at the two people not far away who were eager to try, and the tone faded a bit.

“I won’t go today, next time, you have something to eat, then you have a good rest and go to military training tomorrow. Remember to use sunscreen and read the instructions to make up for yourself. Don’t get sunburned.”

After speaking, Justin Yuchi took out a beautiful small box from his pocket and handed it to Pamella Tang: “Also, you gave it.”

Pamella Tang’s eyes lit up when she saw the box.

“Chocolate candy, thank you brother!”

As soon as she was overjoyed, she stepped forward and hugged Justin. Such a scene instantly envied the other onlookers.

“Okay, what’s it like? Just hug it for a while.” Although Justin Yuchi’s tone was disgusting, his eyes were full of pets.

Pamella Tang reluctantly hugged Justin Yuchi for a while before letting go, and said softly, “Brother, why don’t Pamella invite you to dinner? When I came today, I saw a lot of delicious food at the school gate. , There is also a beef noodle soup, I think their taste should be pretty good.”

As soon as he finished speaking, Pamela Tang felt that he was drooling.

How could Justin Yuchi fail to understand her thoughts?

“The main thing is that you want to eat it yourself?”

Originally, Justin Yuchi didn't plan to go out with her, because the two girls over there were staring at each other, but if the little girl wanted to eat, the situation would be different.

“If you want to eat, let's go, brother pays.”

“Thank you brother, then I'll call Feifei to come with me, okay? And my two roommates, they invited Pamela to eat Western food in the afternoon.”

“People ask you to eat western food, and you ask them to eat beef noodles. Don't you think you can't make it?”

“No, no!”

In fact, the two roommates have been eavesdropping. Although they are far away, the conversation between the two can still be heard clearly.

After hearing this, the two rushed over at the fastest speed.

“It doesn't matter. Anyway, everything is the same. We also like beef noodles.”

“Really?” Pamela Tang was a little surprised: “If you don't mind, then let my brother invite us to eat.”

After that, Pamela Tang called Glenda Meng and told her to come down and go together. Although the two girls were a little reluctant, they did not dare to show any clues in front of Justin Yuchi.

Glenda Meng didn't want to come down at first, but after being called out by Pamela Tang twice, she agreed to come down together.

After Glenda Meng came down, Zhang Xiaolu and Yuan Yuehan seemed to have forgotten everything they had done before, and walked forward to hold her hand in love.

Glenda Meng was a little bit resistant, but Zhang Xiaolu lowered her voice and said, "Don't show me your feet, or I will let you not get along in this school."

Such a bright threat made Glenda Meng angry. She raised her head and glared at her angrily. Zhang Xiaolu didn't expect her to make this expression. After a moment, she said slowly: "Glenda, are you uncomfortable?" Do you want to call your parents?"

## **Chapter 1557**

The threat element in this sentence is even greater.

The anger in Glenda Meng's eyes disappeared all at once. Unlike others, her parents are very ordinary working families. Her parents often go to work remotely. She is the only one in the family all year round.

Under such circumstances, she has no conditions to fight with them at all.

"I'm fine."

"That's good, don't make us worry about acridine."

After that, Justin Yuchi took four girls to a beef noodle restaurant at the entrance of the school. There were quite a lot of people inside. A group of people were talking and chattering, which made him a little headache.

Looking at the four girls sitting opposite, Justin Yuchi suddenly regretted that he should have brought Andrew Zhong with him.

Faced with such an occasion, Andrew Zhong will deal with it best.

“Brother, why don’t you eat it?” After Pamela Tang had eaten half of it, he realized that the bowl in front of Justin Yuchi hadn’t moved much at all. After a few sips of soup, he said, “Not very hungry.”

“Ah? Isn’t it a waste of brother not to eat?”

Justin Yuchi pushed the beef noodles in front of her: “Here you are?”

Pamella Tang blinked, “Really?”

“Ok.”

“Thank you brother!”

Pamella Tang quickly settled for a bowl of beef noodles, and then ate the bowl of Justin Yuchi.

Zhang Xiaolu and Yuan Yuehan were a little embarrassed because the oily water floating on the beef noodles made them stop. They both care about their figures because they are dancers. They don’t dare to have more noodle soups like this. Drink it, especially at night now.

One catty and two catties more is a disaster for them.

So seeing Pamela Tang actually ate two bowls of beef noodles, and then looking at her chubby figure, both of them had a look of contempt.

This Pamela Tang is really fat and pig, and she doesn't know what kind of stuff she is. If it's not for Justin Yuchi's sake, she really doesn't want to go with such a girl.

The most important thing is that they want to eat too. Everyday people don't eat and there won't be any unevenness. Now watching people snore the noodles and drink the thick soup, the scent goes straight into their noses, and their stomachs All the greedy bugs came out.

"I really want to eat, but when I think about my body, I can only swallow."

Pamella Tang ate one bowl and another bowl. In the end, Zhang Xiaolu and Yuan Yuehan couldn't help but eat their special food.

When they came back to their senses, the bowl in front of them was empty.

After the four girls had eaten and drank enough, Justin had already settled the bill and returned. Pamela Tang said in embarrassment: "Didn't brother say that Pamela was invited to eat? Why did he settle the bill himself?"

"Silly girl, isn't it the same as if your brother paid you? Are you full?"

"Ok."

"Walk around when I go back, and then take a break early. I will have military training tomorrow, eh?"

Pamella Tang nodded: "Okay."

Zhang Xiaolu and Yuan Yuehan wiped their mouths, and finally said to Justin very politely: "Thank you, brother for inviting us to dinner. If we have a chance, please come back next time."

“Yes, Brother Pamela, would you like to give us a contact method?”

Justin Yuchi glanced at the two girls faintly, and the two girls could only stop without answering.

“Go back.” Justin touched the back of Pamela Tang’s head.

“Then brother, I’m going back, and brother must be careful on the way back.”

After the four girls went back to the dormitory together, Zhang Xiaolu and Yuan Yuehan were very guilty about exercising in the dormitory because they had a bowl of beef noodles. They turned their heads to find that Pamela Tang was already lying on the bed with her belly on her belly, and her eyes flashed. After thinking about the contempt, this contempt quickly disappeared and changed to concern.

“Pamella, do you lie down when you are full and don’t exercise?”

“Exercise?” Pamela Tang shook her head and refused, and said weakly: “We will start military training tomorrow. The next week will be very tired. I have to take a good rest and get enough money.”

Hearing, Zhang Xiaolu and Yuan Yuehan heard that their motivated hands and feet instantly lost their strength. They were originally afraid that they would gain weight after eating this large bowl of beef noodles, but they thought of training every day for the next week, and they followed suit instantly. Lie flat.

“You are right. By the time you train for a week, you will lose a lot of pounds. Now you really need to rest first.”

So the four girls lay flat, and after a while, they all fell asleep.

The next day, the military training finally ushered in.

In the scorching sun, a group of girls were tanned in sweat, and their wet hair was on their cheeks. They were soggy. At first, there were girls who wanted to be imaged, but later they couldn't care about the image.

The weather this year is exceptionally hot, and the sun is also exceptionally harsh.

Pamella Tang and Glenda Meng stepped aside.

Glenda Meng asked Pamella Tang in a low voice: "Pamella, have you put on sunscreen?"

"Hmm, painted it."

Pamella Tang nodded, but her elder brother sent her to school personally. Brother Justin was worried that she would get sunburned, so she wiped it seriously before going out.

"Why don't you sweat?"

Glenda Meng took a look at Pamella Tang and found that her hair was still in a dry state. She couldn't help feeling a little envious, because her back was already wet, a piece of it, and her hair was probably already wet.

Pamella Tang blinked her eyes gently, "I haven't sweated a lot since I was a kid, Feifei, you forgot?"

"Yes, I know you don't sweat a lot, but you haven't sweated in such a ghostly weather. It's really the envy of seeing a ghost."

"Don't envy me, my mother said, not sweating is bad for your body, sweating must be very comfortable, and I want to be like you."

It is a pity that there has been no chance, even if Pamela Tang is hopping around, tired to the extreme, at best, she will only sweat a little on her back. But some people sweat a lot as long as she moves casually.

Other girls envy her because she doesn't smell like sweat in summer like her, but for Pamela Tang, she envy girls who can sweat instead. She must be extremely happy when she feels sweating profusely. of.

“Oh, everyone envy each other.”

After a day of training, a group of girls complained and uttered a lot of bitterness. When they returned to the dormitory, they were exhausted. However, according to the schedule, they had to take a bath to clean up, but some of them were so tired that they didn't even want to take a bath and lay down on the bed. There, let the smell of sweat cover his body.

Glenda Meng was one of them. She was too tired to get up, but Pamela Tang was in a better condition than her. She advised her, “Get up quickly, let's take a bath, take a bath, and go back to sleep. “

“Pamella, we still have activities at night, I don't want to get up, you can let me sleep for a while.”

Glenda Meng pushed away Pamela Tang's hand, turned over and continued to close her eyes.

“Feifei, if you don't wash it now, you will smell stinky sweat on your body by then. If you let those boys smell it, you will be despised.”

## **Chapter 1558**

Hearing, Glenda Meng turned over and looked at her in pain. "Go, get up quickly." So Glenda Meng finally got up under Pamela Tang's urging and went to take a bath with her. After the evening activities, Pamela Tang was tired and fell asleep after coming back. Glenda Meng was in a bad shape because she found that she sweated again at night after taking a shower, but fortunately, she and Pamela Tang were in the same bed, so it is unlikely to be smoked by others. On the fourth day of the military training, most of the girls were already tanned. Although they used sunscreen, the dark ones were still dark. Glenda Meng was one of them. She felt that she had been applying sunscreen seriously and turned out to be dark. Can't work. But she turned her head and looked at Pamela Tang next to her. She hasn't been tanned at all these days. When it's hot, it's only white and red. It should be dark after being tanned, but Pamela Tang's skin is still the same as before. "Why are you not tanned at all?" Glenda Meng asked with envy. Hearing, Pamela Tang warmly said: "I don't know either." Seeing her appearance, Glenda Meng asked jokingly: "Is the sunscreen your brother bought for you better? What brand is it?" After Pamela Tang said a brand, Glenda Meng said: "It seems that it is also an ordinary sunscreen brand, don't you have no tan at all? Or don't you use sunscreen tomorrow? Good sisters are going to get black together. " Pamela Tang took a serious look at Glenda Meng's complexion, and she really nodded and agreed to her request. "Okay, then I don't need sunscreen tomorrow, I will be dark with you." Glenda Meng didn't expect that she really agreed, so she laughed at her: "Are you really obedient? I'm joking, your skin is so tender, don't get sunburned by the time. Didn't your brother tell you?" "That seems to be the same." As a result, before going out the next day, when Pamela Tang was about to use sunscreen, she couldn't find the sunscreen that her brother had bought for her. She searched all corners and couldn't find it. "What's wrong?" Glenda Meng asked after seeing her rummaging for a long time. "Fei Fei, my sunscreen is gone." Pamela Tang said a little depressed, and then thought of something, smiled, and said; "You said God did you deliberately let my sunscreen disappear so that I can dry it with you. It's dark?" Hearing, a surprised expression appeared on Glenda Meng's face, "It's gone? How could it be gone? Did you look for it seriously?" After talking about it, Glenda Meng squatted to Pamela Tang's side to find a sunscreen with her, but she couldn't find it in her bag, "Didn't you keep it here before?" "Well, one bottle in the bag and one bottle under the pillow. They were all good before,

but why are they missing? Or I don't have to forget it today." "How can this work?" Glenda Meng shook his head. "If you don't see it, it will disappear. You can use mine." Then Glenda Meng turned over and gave her sunscreen to Pamela Tang. "Thank you Feifei, what would I do without you?" After that, Pamela Tang used the sunscreen Glenda Meng gave her. When the two went out, they happened to run into Zhang Xiaolu and Yuan Yuehan. The two were also tanned. When they saw Pamela Tang coming over, they were suddenly sore. "Why aren't you tanned?" "Yeah, Pamela, why are you still so white? Is the sunscreen your brother bought for you better? How about showing it to us?" Pamela Tang said that the sunscreen that her brother bought for her was gone, Zhang Xiaolu and Yuan Yuehan showed unhappy expressions on their faces: "Pamella, don't be so stingy. Didn't your brother buy you a lot of it? After a few days, you can allocate a little bit to us." "I'm really sorry, my sunscreen is really gone." Glenda Meng stepped forward to protect Pamela Tang, "If you say that you don't see you, you are gone. Besides, things like sunscreen are pretty much the same. Your tanning is simply your own problem. You can't solve it with any sunscreen." For Pamela Tang, the two of them could still treat her brother better in terms of her brother's face, and even if they didn't like it, they wouldn't say anything against each other, but Glenda Meng was different. Not only did she have no elder brother, but her family background was not good. In the eyes of Zhang Xiaolu and Yuan Yuehan, she was a scum, who didn't want to make friends with her, so Glenda Meng's appearance for Pamela Tang looked like a joke in their eyes. . The two gave Glenda Meng a glance, and Zhang Xiaolu stepped forward, "We are talking to Pamela, what are you doing?" Pamela Tang felt that the atmosphere seemed to be wrong, and stepped forward nervously: "Don't tell me, the sunscreen is really gone. If I can find it, I won't refuse to use it. I use it today. My sunscreen." "How come it's gone?" Zhang Xiaolu sneered: "Could it be that there is a thief in this dormitory? Should I report it to the instructor to catch the thief?" Yuan Yuehan also followed: "Yes, why is it such a coincidence that the thief suddenly came out. When we didn't ask you to borrow sunscreen before, we didn't see a thief in this dormitory either." When the two talked a little bit of yin and yang, making Glenda Meng out of anger, "What do you mean by this? The sunscreen is really gone, and it's not that Pamela didn't use it on purpose. If you really don't believe it If you do, then you go and turn round the round backpacks yourself!" Pamela Tang didn't speak and acquiesced. Zhang

Xiaolu and Yuan Yuehan looked at each other, then leaned closer and asked in a low voice, “Really missing? Could it be stolen?” Pamela Tang nodded: “Yes, I haven’t found it for a long time, it’s gone.” “It’s probably stolen.” Glenda Meng was puzzled: “Who would be so boring to steal two bottles of sunscreen?” “There are so many boring people. Everyone has been tanned recently. Only you don’t. Maybe you are jealous. You stole your sunscreen and made yourself useless. Is one piece black?” “Yes, it should be like this, but didn’t you still use it yesterday? In just one day, someone who can accurately flip through your bag before you come back should have seen it.” Having said that, Zhang Xiaolu thought of something and looked at Glenda Meng suddenly, “Glenda Meng, could it be that you are jealous that Pamela Tang has not turned black, so you stole her sunscreen?” Hearing, Glenda Meng’s face changed. Pamela Tang immediately spoke up for Glenda Meng. “Impossible. Feifei is not someone who can do this kind of thing. Don’t doubt her.” “Pamella, your sunscreen is gone. All of us are suspected except for your dormitory, so why can’t we doubt her?” Glenda Meng stood up and said: “Since everyone is suspected, then you two can’t escape, maybe you are jealous of Pamela.” “What nonsense are you damned girl?” “Is not it?” Snapped! Zhang Xiaolu slapped Glenda Meng with a slap on the face: “My mother has so many sunscreens, why should I steal her?”

## Chapter 1559

Snapped!

This slap shot was extremely loud, and at the same time it was unexpected to everyone, Zhang Xiaolu suddenly shot, everyone was shocked.

Pamella Tang and Glenda Meng have been good friends for many years. At this moment, seeing that their good friend was beaten, they stepped forward to protect her: “What are you doing Zhang Xiaolu?”

Before, Pamela Tang, who had been very cute, quietly guarded Glenda Meng behind her like an old mother guarding her cubs, “You are too much.”

“I’m too much?” Zhang Xiaolu’s lips twitched, “Don’t you listen to what she said? Actually, I stole your sunscreen, my bed is so far away from yours, I got up in the middle of the night to steal chicken Sneak up?”

Pamella Tang said angrily: “I didn’t say that you stole it. Why are you so excited? Besides, you suspected Feifei first, and Feifei can suspect you in the same way.”

If it weren’t for Justin Yuchi’s face, Zhang Xiaolu would definitely have beaten Pamella Tang as well. After all, no girl has ever been so arrogant in front of her, but when she thinks of her brother, she might still become her sister-in-law in the future. , I could only endure the bad breath in my heart, suppressed his temper and said to Pamella Tang: “Pamella, you have a good family background. I don’t even know that people outside here are sinister. People like Glenda Meng are the most tricky. Hurry up. Go away, I will reveal her true colors to you.”

Zhang Xiaolu was very excited, and Yuan Yuehan next to him was standing beside him with her arms around her arms around her, not participating or speaking.

“What tricks do I have? If I have tricks, why should I use my own sunscreen for Pamella, you say these things, it is too small for a gentleman.”

The people in the dormitory gathered around, watching this scene curiously.

“Whether it is true that the heart of a villain saves the belly of a gentleman is not yet known. You and she are the closest people. It is the most convenient for you to do this kind of thing.”

“If you are targeted by someone with a heart, no matter whether you are close or not, you can always find opportunities.”

Zhang Xiaolu: "I can understand. After all, you are targeting me. Think I stole Pamela's sunscreen?"

Glenda Meng: "You set the fire on my head first. I have reasonable reasons to doubt if you want to divert your attention."

This sentence successfully angered Zhang Xiaolu. She stood on the spot and held her lips, seeing as if she had nothing to say. After a while, she suddenly rushed forward like a leopard, reaching out and grabbing Glenda Meng's long hair.

"You little bitch/people, I make your mouth mean, I make you doubt, what you say diverts your attention, I divert you/uncle."

Zhang Xiaolu suddenly exerted her strength like a female lunatic, and no one expected it. In addition, her height took a great advantage, so Glenda Meng could only be bullied in front of her. She struggled to fight back. Pulling Zhang Xiaolu's neck and hair, grabbing.

"Don't fight Feifei!" Pamela Tang saw that her good friend Glenda Meng was being bullied, so she naturally wanted to go to help, but she had never had a fight before, so she could only step forward to help open Zhang Xiaolu, but Zhang Xiaolu just wanted to tear. Splitting Glenda Meng's hypocritical Liangshun's cheeks, even Pamela Tang was not spared.

Yuan Yuehan on the side saw it, and immediately thought of Pamela's brother. If Pamela had three long and two short ones, wouldn't her brother feel distressed? So she immediately went forward to pull away.

"Pamella, this is a matter between the two of them, don't participate."

"No, let me go, you are not allowed to beat Feifei."

Pamella Tang stepped forward to help, but Zhang Xiaolu slapped it over with a slap. This slap was meant to hit Glenda Meng, but because Pamela Tang stepped up and blocked it, she hit Pamela Tang's face directly.

Snapped!

With a loud sound, Zhang Xiaolu even felt her palm hurt.

"Pamella, are you okay?" Glenda Meng pulled her nervously. Pamela Tang was beaten to the side of her face. When she raised her head, a long blood stain appeared on her white cheeks.

"Ah, it's bleeding!" The onlookers exclaimed.

When the two sides quarreled, someone had already notified the instructor, so just after the two sides had finished fighting, the instructor arrived at the dormitory.

"What's the trouble? What's the trouble? This is the place for military training. Is this the place where you make trouble?"

Looking at Pamela Tang's face, Glenda Meng almost cried, "Does it hurt? Why are you so stupid? Don't stop me."

"Feifei, I'm fine." Pamela Tang shook her head and whispered softly: "This injury is nothing, we are good friends."

Yuan Yuehan pulled Zhang Xiaolu aside: "You were too impulsive and hurt Pamela, what should you do later?"

Although she was a little guilty, Zhang Xiaolu insisted: "I didn't hit her, but she rushed up by herself. I hit her by accident."

The last few people who did it did not participate in the training that day.

Finally, because he was injured, he was sent to the infirmary.

It was a female military doctor who inspected Pamela Tang's wounds. After the inspection, she put a cool ointment on her face and sighed, "Girl, how can you fight? Just verbally settle things that can move your mouth. You see. Your little face is so tender, if it hurts inside, it will not look good if you leave scars later."

Pamella Tang was very anxious at the time, she just wanted to pull Zhang Xiaolu away, wanting her to stop beating Glenda Meng, who knew Zhang Xiaolu was so fierce.

However, she did not explain these words to the female military doctor. She could only say: "Thank you instructor, I see."

When she came out, Glenda Meng and Zhang Xiaolu had also taken care of the wound. The instructor stood aside with a serious expression. Seeing Pamela Tang came out, he said to her: "I heard them both say it. They both started fighting. Frame, and you went up and pulled away, so you don't have to be punished this time."

Pamella Tang thought that she could not be punished, and then looked at Glenda Meng, then at Zhang Xiaolu, and said seriously: "It wasn't my friend who did it first, she was just defending herself."

"I see, you go back first."

"Pamella, you go back first, take care of the wound on your face, don't leave scars." Glenda Meng didn't want her to stay for herself.

After Pamela Tang left, Glenda Meng and Zhang Xiaolu were punished.

Two people were fined to run on the playground, each for five laps.

While running, Zhang Xiaolu coldly advised Glenda Meng.

“I tell you, you can’t beat me with your family. If you don’t want your parents to be affected by you, you’d better shut up about me and Pamela in the future.”

Not to be outdone, Glenda Meng said: “You don’t really want to be friends with her at all.”

“So what? If I didn’t bully her, I won. You are right. I just want to make friends with her brother for the sake of her brother’s face. But who stipulates that you can’t be friends like this?”

“You want to use Pamela, I won’t make you wishful.”

“Glenda Meng, if you are not afraid of death, just give it a try.”
