

Chapter 1561: Didn't You Say You Have No Money?

"It tastes like honey. Open your mouth!"

This time, Yuan Muchun opened her mouth cooperatively and stuffed the lollipop into her mouth. Seeing her quiet and obedient look, a faint smile flashed across her eyes.

"Can you sit down now?"

That would be embarrassing!

Yuan Muchun didn't move. Wen Xuchen pulled her and she sat down with the lollipop in her mouth.

No one could figure it out. There was a huge question mark above their heads.

Yuan Muchun's obedient look made it seem like they were dreaming.

It was too strange.

A lollipop with peach flavor would do?

What kind of development was that?

Yuan Zhengchong had no idea why.

However, it wasn't easy for him to control the situation.

Tonight's banquet had been ruined by this girl and they had lost face. If this continued, tonight's banquet would be ruined!

She had even mentioned the murderer. What else wouldn't happen?

Ye Zhiqing was so frightened that her face turned pale. Her lips trembled and she didn't know what to say.

Yuan Zhengchong took a deep breath and the muscles on his face twitched. In the end, he gave a gentlemanly smile and said to Bo Jinchuan,

"Twenty billion? Jinchuan, are you serious?"

"Yeah."

Bo Jinchuan replied calmly, giving Yuan Zhengchong a definite answer.

Yuan Zhengchong turned to look at Yuan Sichun and pondered for a while. Although he didn't know why, 20 billion yuan was what they needed.

Yuan Sichun bit her lips tightly, her face full of nervousness.

She was filled with anticipation.

In that case, her relationship with Brother Bo would really have a chance to reverse...

Although she didn't know what Brother Bo was thinking, she was the winner in front of Shen Fanxing tonight.

Looking at Shen Fanxing, she smiled and said, "I really didn't expect the biggest investor tonight to be Brother Bo. Although I don't know why, I'm still very grateful for Brother Bo's trust and support for the Yuan Corporation..."

Yuan Muchun looked at Shen Fanxing worriedly, worried that she would be angered by Brother Bo's actions tonight and do something irreversible.

Seeing Shen Fanxing's sweet smile, she knew that she was overthinking.

In fact, had anyone seen Shen Fanxing do something irreversible?

It didn't.

Shen Fanxing leaned back in her chair slowly, ignoring Yuan Sichun's deliberate provocation.

She watched as the total investment amount increased by 20 billion yuan.

"I wonder if Miss Shen knows that Brother Bo has suddenly invested so much in the Yuan Corporation..."

"No," Bo Jinchuan replied, "but she shouldn't be angry with me."

"Really?" Yuan Sichun smiled. "That's good too. Otherwise, it won't be good if the two of you quarrel over this."

Shen Fanxing picked up the thermos flask and poured some water to moisten her dry throat.

"Of course we won't quarrel. I also think that this project is worth investing in. He has always had a unique vision, so I'm naturally happy to earn money."

Yuan Sichun sneered coldly. At this moment, Shen Fanxing was just trying to show off.

"I hope Miss Shen is telling the truth."

Shen Fanxing smiled and nodded. Her eyes sparkled as she looked at Yuan Zhengchong.

"I'm honest."

"Hmph!"

Yuan Sichun snorted coldly and ignored her. Her gaze landed on Bo Jinchuan.

She had high hopes for everything, but there must be doubts and uneasiness in her heart.

Because her self-awareness made her uneasy.

She didn't understand why Bo Jinchuan, who had always avoided her and the Yuan family, would suddenly choose to approach them when he had already successfully kicked them away.

Her unexpected actions made her happy and worried.

"Brother Bo, can you tell me why?"

She couldn't help but ask. She was certain that something was wrong.

Bo Jinchuan remained silent.

The atmosphere was awkward. Seeing this, Yuan Zhengchong immediately pushed Yuan Sichun aside.

“Alright, alright. Thank you for your trust and support tonight. The fundraising for the project is going smoothly. I believe that not long after, everyone will be able to witness the profits of this project!”

As soon as she finished speaking, there was a round of applause.

Although there were many drama tonight, the incident caused by the second daughter of the Yuan family made them hesitate.

After all, although it was a conflict within the family, it was too much to involve a murder.

A company could not do whatever it wanted in the business world.

However, Bo Jinchuan’s 20 billion yuan calmed their hesitation.

In terms of understanding the Yuan family, no one could compare to the Bo family.

Even though Bo Jinchuan had left the Bo family, he knew what the Yuan family was like.

The reporters who had been guarding the surroundings were anxious about what had happened tonight.

Yuan Sichun had arranged for the reporters to come in. After all, tonight was the night for the Yuan Corporation to hold their heads high. It was destined to be a night of humiliation for Shen Fanxing.

What was the point of seeing it alone? Naturally, more people had to see it.

However, Yuan Zhengchong was an old fox.

Perhaps they had been embarrassed by Yuan Sichun. She said that she would allow them to enter, but there were people guarding the surroundings. Without permission, they would not be allowed to approach the center of the banquet.

This included the second daughter of the Yuan family. They could only watch from afar but could not approach the interview.

Seeing that the banquet was about to be ruined by Yuan Muchun, Bo Jinchuan, who had always kept a low profile, suddenly announced that he would invest 20 billion yuan. It was unexpected.

The Yuan Corporation had escaped death time and time again. Their tenacious vitality was annoying.

The reporters couldn’t take Bo Jinchuan’s sudden action anymore.

Through the security guards, he shouted,

“Mr. Bo, did you suddenly invest 20 billion yuan just because of the Yuan Corporation’s project or do you have other motives?”

“You clearly know that CEO Shen wants the Yuan Corporation. Why did you choose to invest in the Yuan Corporation at this time? Is money more important to you than CEO Shen?”

“CEO Shen, what do you think of Mr. Bo’s actions?”

“After raising more than 30 billion yuan tonight, the Yuan Corporation’s project will definitely succeed. In the future, it will be an unstoppable trend. CEO Shen, does this mean that you have completely given up on the Yuan Corporation?”

Chapter 1562: An Additional Thirty Billion

“After raising more than 30 billion yuan tonight, the Yuan Corporation’s project will definitely succeed. In the future, it will be an unstoppable trend. CEO Shen, does this mean that you have completely given up on the Yuan Corporation?”

The reporters’ actions made Yuan Zhengchong’s face darken. He was anxious to end the banquet tonight.

“Everyone, thank you again. Tonight’s project funding segment is very successful. Then...”

“Director Yuan!” A reporter was naturally indignant and interrupted Yuan Zhengchong loudly.

“As the largest shareholder of the Yuan Corporation, I believe that you don’t know much about him in Ping Cheng’s business circle. Shouldn’t you take this opportunity to introduce him to everyone?”

The reporter’s words resonated this time.

He had offered 30 billion yuan to the Yuan Corporation. They had seen his face just now. In the business circle of Ping Cheng City, they had no impression of this young man.

Everyone present agreed with this suggestion, and Yuan Zhengchong felt that this matter was understandable. He even felt that he should introduce this man properly.

After all, even he didn’t know who this man was.

After some thought, he nodded and said to Wen Xuchen,

“Mr. Wen, since everyone says so, why don’t you take this opportunity to introduce yourself? As the largest shareholder of the Yuan Corporation...”

When Wen Xuchen heard that, he shook his head with a faint smile.

“I don’t have anything to introduce. You can treat me as a rich nouveau riche.”

Yuan Zhengchong paused and turned to look at Yuan Sichun, who was not far away from Wen Xuchen.

Yuan Sichun smiled at Wen Xuchen and said,

“The Yuan Corporation is very successful tonight. After all, Mr. Wen is the biggest shareholder of the Yuan Corporation. No matter what, since you’re here, shouldn’t you say something to everyone on stage?”

Wen Xuchen smiled faintly and pondered for a moment before standing up.

With a lollipop in her mouth, Yuan Muchun’s eyes darkened.

Wen Xuchen seemed to have sensed the change in her emotions and reached out to rub her head gently.

Yuan Muchun looked up at him. He had already retracted his hand and buttoned his suit. Then, he strode to the podium.

Yuan Zhengchong handed the microphone to him with a smile.

Wen Xuchen stood on stage. The light from the chandelier shone on his tall and straight body. His facial features were exquisite and perfect, and his noble and elegant aura attracted everyone's attention.

Yuan Muchun sat below and stared at him blankly, not knowing what she was thinking.

Wen Xuchen said calmly,

"Although I said I'm sponsoring the Yuan Corporation, actually... I'm only here for the shares. I have money, and a lot of it. The Yuan Corporation needs money, and I've also taken a fancy to the shares, so this is the reason why I suddenly invested in the Yuan Corporation."

"As for me being the largest shareholder of the Yuan Corporation... Before that, I think I have to settle the marriage between me and the second daughter of the Yuan family that CEO Yuan mentioned to me just now."

Speaking of betrothal gifts, you only need 30% of the shares of the Yuan Corporation that I bought with 30 billion yuan... Let me say my opinion now.

To be honest, I have no right to use the 30% of shares now. If possible, I'm willing to invest 30 billion yuan unconditionally in the Yuan Corporation's project today. I don't want any of the dividends. What do you think, Boss Yuan?"

Yuan Zhengchong's eyebrows twitched!

There was an uproar.

"This... 30 billion yuan without any dividends. What's the difference between this and giving everything to the Yuan family?"

"You're indeed rich. No matter how much you like a woman, you won't easily spend 30 billion yuan as a betrothal gift, right?"

"I remember that Mr. Bo's betrothal gift to CEO Shen was only ten billion yuan. This is even more ruthless..."

Yuan Zhengchong was caught off guard by this sudden suggestion and didn't know how to answer.

Thirty billion yuan was not a small sum in the current Yuan family.

But for him to give up 30% of the shares...

This...

Shen Fanxing raised an eyebrow in surprise before turning to look at the stunned Yuan Muchun. She almost dropped the lollipop in her mouth.

She smiled lightly. "Your status has soared."

Yuan Muchun blinked and turned to look at Shen Fanxing. Her face suddenly turned red.

“I... I don’t know what happened either.”

Who knew what this strange man was thinking?

“...Perhaps he just had a sudden impulse. After tonight...”

Before Yuan Muchun could finish speaking, Yuan Sichun suddenly shouted,

“Mr. Wen! 30 billion yuan sounds like a tempting sum! However, 30% of the Yuan Corporation’s shares will be worth more than 30 billion yuan in the future. We all know this score! Don’t think of each other as fools... Therefore, if Mr. Wen wants to marry my sister, the betrothal gift can only be the 30% of the Yuan Corporation’s shares in your hands. As for the rest, it’s best if you don’t say anything!”

Yuan Muchun’s eyes widened and she stood up abruptly.

“Yuan Sichun, don’t go overboard! You have no right to interfere in my marriage! You’re really shameless to use me to get the shares that you’ve been longing for!”

Yuan Sichun glanced at her coldly and said, “I’m your sister, so I naturally have the right to participate in your marriage! The Yuan family has raised you for so many years, so it’s natural for them to want a betrothal gift. Do you want to give yourself away?”

“You... You’re really shameless! You...”

Yuan Muchun was rendered speechless by Yuan Sichun’s shamelessness. She pointed at Yuan Sichun and trembled in anger.

Faced with Yuan Muchun’s exasperation, the corners of Yuan Sichun’s lips curled up as she looked at Wen Xuchen.

“What did Mr. Wen decide?”

Wen Xuchen smiled faintly at Yuan Zhengchong and said,

“I hope that CEO Yuan can give me an answer immediately... I’ve just said that I suddenly find Second Miss pleasing to the eye tonight. Once tonight passes, or the next moment, I can’t guarantee that I won’t change my mind. Once I think that Second Miss Yuan is nothing and lose interest, not only will I lose the 30 billion yuan, but you won’t even get the 30% shares.”

Yuan Zhengchong’s heart skipped a beat as he stood rooted to the ground with a frown.

After a few minutes, Wen Xuchen said impatiently,

“Since CEO Yuan doesn’t agree, this marriage can only be between me and Second Miss Yuan...”

“I agree!” Yuan Zhengchong spoke first.

Chapter 1563: Sold

“I agree!” Yuan Zhengchong spoke first.

Yuan Sichun’s face turned green. “Dad!”

“Shut up!”

Yuan Zhengchong suddenly roared at Yuan Sichun.

She had insisted on deciding on such a private matter. She had embarrassed herself.

Forcing a 30% share betrothal gift was already a joke. Now, it was converted to 30 billion yuan...

This was no different from him taking the opportunity to sell his daughter!

It was all because of her that he had lost so much face tonight.

Yuan Zhengchong pursed his lips and looked up at Wen Xuchen.

“I agree to marry Mu Chun to you for 30 billion yuan! In the future, if the Yuan Corporation needs help, I hope you can take care of them. After all, you’re also the son-in-law of the Yuan Corporation. Most importantly, you’re the biggest shareholder of the Yuan Corporation...”

Wen Xuchen smiled and shook his head. “CEO Yuan, you might have misunderstood something. I spent 30 billion to buy Yuan Muchun. From now on, I have nothing to do with your Yuan family. As for the biggest shareholder of the Yuan Corporation... I’m sorry, it’s not me.”

Yuan Zhengchong was stunned and looked at Wen Xuchen suspiciously.

“What... do you mean?”

Wen Xuchen raised his eyebrows and smiled faintly. “I’ve just said that I have no right to interfere with the 30% shares because they are no longer with me. Therefore, the largest shareholder of the Yu Yuan Corporation is not me...”

The muscles on Yuan Zhengchong’s face twitched violently. The reason why he agreed to accept the 30 billion yuan without hesitation was because he wanted to stabilize this man first. Once he married Mu Chun, he could discuss the shares with him. There would be plenty of opportunities.

At most, it would be good if Wen Xuchen could help manage the company since she was his daughter.

He had considered all possible escape routes.

However, he didn’t expect that he would really have to sell his daughter.

Moreover, there was no room for discussion regarding the shares!

“You...”

“What about the shares you have?”

Yuan Zhengchong’s words were interrupted by Yuan Sichun’s questioning voice. Following the direction of the voice, Yuan Sichun’s face was terrifyingly ferocious. The way she looked at Wen Xuchen could almost pierce through a person.

Wen Xuchen had a calm smile on his face.

“I sold it.”

“Who did she sell it to?!”

Wen Xuchen smiled without saying anything.

Yuan Sichun pondered for a few seconds before a smile appeared on her ferocious face.

“Mr. Wen, you’re joking, right? Since you’ve taken a fancy to the Yuan Corporation’s shares back then, why would you sell them to others so easily? No matter what, you should have left the shares to Xiaochun...”

Yuan Muchun also looked at Wen Xuchen in confusion.

‘Sell it?’

Although she had not spent much time with him, she knew that this man would not lie about such things.

So, he had really sold his shares?

But she also wanted to know who she had sold it to.

“Leave it to Chunchun? How troublesome would that be? She knows nothing about managing a company. If I leave it to her, won’t it be pinned on me in the end? I have so many things to do. How would I have the time to manage it? Of course, it’s best to sell it.”

Yuan Sichun suddenly felt as though her head was about to explode. Her expression was ferocious as she glared at Wen Xuchen.

“Who did you sell it to? Who did you sell your shares to?! Who is the biggest shareholder of the Yuan Corporation now?!” Her voice was hysterical as she suppressed a bad guess in her heart.

The guests present stood up one after another, feeling uneasy.

“This... Who did he sell the shares to? He only cares about investing, but he doesn’t even know about the boss. Isn’t that too much?!”

“What a ridiculous farce. Even the head of the Yuan Corporation doesn’t know why we have to invest so much money!”

“That’s right! What’s going on? The project is not bad, but now that the Yuan Corporation has changed hands, we don’t even know who the owner is. How can we invest without any worries?”

“Mr Wen, since you’re not the shareholder, you should tell us who you’re selling the shares to. Otherwise, who should we trust?”

“No, let’s withdraw our investment! It’s not our fault anyway!”

Upon hearing that, Yuan Sichun immediately objected.

“You’re not allowed to withdraw your investment!” She had found so many media outlets tonight. Once Yuan Muchun made a scene, they had already lost face.

More importantly, she had invited Shen Fanxing tonight!

She wanted to embarrass her and make her uncomfortable. If all the investments were withdrawn, wouldn't she become a joke?

"The project is there. Even if the biggest shareholder doesn't show up, we're still in the Yuan Corporation! We won't allow anything to happen to the project... Moreover... the young master of the Bo family can invest 20 billion yuan. What are you worried about?!"

Everyone calmed down at Yuan Sichun's words, but they still felt uneasy.

"But I wonder who is in charge of the Yuan Corporation now. How can we be at ease?"

"Yeah..."

The entire venue was in chaos as the reporters fought to record the chaotic scene.

Seeing this, Wen Xuchen said calmly into the microphone,

"As the largest shareholder of the company, we have to attend such an important event tonight. Everyone, calm down. Let the current largest shareholder of the Yuan Corporation give everyone a peace of mind."

Upon hearing this, the chaotic atmosphere in the venue gradually calmed down.

Everyone stared intently at the stage in front of them, not knowing who the mysterious shareholder was.

In less than five seconds, they saw someone standing up slowly in the middle of the first row.

Everyone held their breaths at that moment.

The venue was so quiet that one could hear a pin drop.

Seeing Shen Fanxing standing up abruptly, Yuan Sichun's lips twitched and the muscles on her face twitched uncontrollably.

"Shen Fanxing, what are you doing?!"

Shen Fanxing looked down at her and smiled coldly. Under everyone's gaze, she strode onto the stage calmly.

Wen Xuchen handed the microphone to Shen Fanxing.

Shen Fanxing smiled politely and took it. "Thank you."

Wen Xuchen raised an eyebrow and replied indifferently, "You're welcome." Then, he turned around and walked down the stage.

Yuan Muchun blinked and watched as the man sat down beside her again. She still couldn't react.

"You... you really took the shares in your hands..."

"Why should I keep it?"

Yuan Muchun was in a daze as she looked at the woman standing in the middle of the stage.

Chapter 1564: Hmph

Yuan Muchun was in a daze as she looked at the woman standing in the middle of the stage.

She was wearing an apricot-colored evening gown with a high waist. The long skirt was embroidered with colorful flowers.

With every tiny movement, the embroidered patterns on her body would flash with colorful colors under the crystal light.

The collar was a Chinese-style collar. The exquisite cut made her shoulders look like they had been carved by a knife. Her exquisite straight shoulders, slender arms, long legs, and the hem of her dress made her look tall and straight.

She was dressed in the simplest outfit. Her slender and tall figure perfectly exuded a shrewd and capable aura.

It was a cold and arrogant aura. His clear eyes revealed a faint smile, and his deep-set features exuded an innate nobility and nobility.

Just by standing there, she seemed to have gathered all the brilliance.

The light enveloped her body, forming a faint and charming halo.

Everyone looked at her without blinking. There was surprise, doubt, and anticipation in their eyes.

Shen Fanxing stood on stage, accepting everyone's gazes on her.

Raising the microphone, a clear voice sounded from every corner of the venue.

"Hello everyone, I'm Shen Fanxing. First of all, I have to thank everyone for your generosity tonight! The project is indeed worth investing in. I can guarantee that everyone will earn a lot in the future."

"..."

"..."

"..."

There were a few seconds of dead silence.

Not long after, there was a commotion.

"This lineup... Could it be that the biggest shareholder of the Yuan Corporation is CEO Shen?!"

"No wonder! No wonder CEO Shen supported this project so much. So that's why!"

"Yes, yes, yes! I was still thinking at first. I knew that Yuan Sichun had invited her this time to deliberately make things difficult for her. She's so smart, so she should have guessed it. Yet, she had to deliver herself to Yuan Sichun and let her have her way. In the end, she's the real winner tonight!"

"In that case, there's finally a reason for Mr Bo's 20 billion yuan. Of course, I can't be stingy when investing in my wife's career!"

“Hahaha, as expected of President Shen. He managed to get the Yuan Corporation without anyone noticing!”

“Since the person in charge of the Yuan family is CEO Shen, I can rest assured about the investment! I trust CEO Shen!”

...

“No! Impossible! How can Shen Fanxing...”

Yuan Sichun glared at Shen Fanxing, who was speaking calmly on stage. She refused to believe that the biggest shareholder of the Yuan Corporation was this b*tch!

Her disbelief and ferocious expression made everyone sigh.

“What a joke and what a pity. I thought that I would make CEO Shen suffer for a while tonight, but it turns out that I’m only working for him!”

“She brought this upon herself. Come to think of it, President Shen was personally invited by her! Did you hear that just now? She said that she wanted to leave the best position for President Shen and let her see how successful and glorious the Yuan Corporation is tonight. I didn’t expect President Shen to be the happiest when the Yuan Corporation is doing well!”

“How ironic! She couldn’t wait to sell her sister’s shares, but now it’s with her enemy!”

“I have to say, tonight was really an accident! I didn’t expect such a reversal!”

“As expected of the face-smacking demoness. I wonder how many people she has dealt with along the way.”

“He dealt the most fatal blow without batting an eyelid. Impressive!”

...

“No, that’s impossible! How is that possible...”

Yuan Sichun didn’t believe it. She shook her head like a lunatic.

“I clearly gave the shares to Wen Xuchen. I clearly transferred them to him...”

Shen Fanxing glanced at Yuan Sichun and her lips curled into a cold smile.

“The fundraising segment tonight was very successful. You’ve worked hard, Miss Yuan.”

The ferocious expression on Yuan Sichun’s face was too terrifying to look at.

“Shen Fanxing, you did it on purpose...”

Shen Fanxing raised an eyebrow and held the microphone with one hand. She raised her other hand and brushed her long hair. Her confident and casual look was filled with arrogance.

“Uh-huh, I wonder what Miss Yuan means?”

In Yuan Sichun’s eyes and ears, his actions and tone were filled with pride and arrogance.

Yuan Sichun smiled coldly. It was a smile of desperation, sarcasm, and anger.

It was always like this. In the end, she came to a realization.

“Shen Fanxing, this is your usual trick. You clearly have victory in your grasp, but you’ve been silent all this while. You’re hiding and watching me strut around like a clown in front of all of you, right? Do you feel very happy? Very ridiculous? You’re a liar. You think that you’ve hidden everyone’s emotions from them and made them follow your arrangements... Looking at their expressions, don’t you feel even happier?”

Shen Fanxing smiled lightly and tucked her hair behind her shoulders. She looked down at the woman in the wheelchair and the faint smile on her face faded.

“You’re wrong. There’s no one else but you. I’m only happy when I see you feeling good about yourself in front of me, showing off that you have everything. You’re trying to use them to attack me, to make me care, to make me sad, and to see me helpless and down. What you said just now was right. You’re indeed like a clown... You look really ridiculous.”

Yuan Muchun glared at Shen Fanxing with hatred in her eyes. She wanted to skin Shen Fanxing alive and drink her blood!

Almost everyone present could sense the strong hatred.

“Moreover, Miss Yuan, how can you say that everything that happened tonight was arranged by me in advance? I was invited by you. If I didn’t come or you didn’t invite me, then nothing would have happened tonight. Don’t make a fool of yourself and push the blame away.”

Everyone agreed. “Yes, everyone knows that CEO Shen was invited by Miss Yuan. Now that she has caused so much trouble, it’s someone else’s fault. What kind of logic is this?”

Shen Fanxing smiled coldly and said, “Yes, what kind of logic is that?”

“I invited you? Haha, everyone knows that I invited you to humiliate you. In the end, not only did you not avoid me, you actually came. In the past, some people didn’t understand, but now they know... Shen Fanxing, you’re here to laugh at me tonight!”

“The main reason is that as the largest shareholder of the Yuan Corporation, I have to support you. Coming to laugh at you is naturally secondary...”

Chapter 1565: Give It to Me

“The main reason is that as the largest shareholder of the Yuan Corporation, I have to support you. Coming to laugh at you is naturally secondary...”

Shen Fanxing nodded. She had no intention of hiding the fact that she was here to mock Yuan Sichun.

Everyone knew about the conflict between the two of them. In the past, it was. Tonight’s banquet had magnified and clarified their irreconcilable relationship.

All of this was because of Yuan Sichun’s self-righteousness. She felt that the Yuan family would definitely be unstoppable in the future. Hence, she wanted to salvage the situation in front of Shen Fanxing.

But who would have thought that the loser would always be the loser?

In the end, there was only one outcome waiting for her.

Yuan Sichun shook her head. There was still hope on her pale face.

“Shen Fanxing, don’t be too smug. The biggest shareholder of the Yuan Corporation is only temporary...”

“Why would I?” interrupted Shen Fanxing coldly.

Yuan Sichun gritted her teeth and finally revealed an ugly smile. “You only have 30% of the Yuan Corporation’s shares...”

“Are you talking about the scattered shares that floated in the stock market when the Yuan Corporation’s shares were about to collapse?”

Yuan Sichun was stunned. “...What do you mean?”

Shen Fanxing smiled innocently and calmly. “Although those things are a hot potato in the eyes of others, I’m not afraid. In order for me to marry successfully, I have to accept them no matter how hot it is. So I naturally have to buy the shares there...”

All the blood on Yuan Sichun’s face seemed to have been drained in an instant.

“... So you have all the stocks in the stock market...”

When Bo Yuelin heard this, an obvious coldness appeared between his brows. Back then, he had only guessed at this possibility. However, he still didn’t believe that a little girl could cause much trouble other than using childish tricks.

Back then, the Yuan Corporation had fallen daily and faced a collapse several times. The situation was as dangerous as it could be. Although there was a slight improvement because of Country Y’s Princess Ava, her head was still hanging high on the neck and could fall at any time.

Under such circumstances, who would dare to take the shares of the Yuan Corporation?

Everyone naturally avoided him like the plague.

Otherwise, why would everyone give up their shares and let them float in the stock market?

But this woman actually had the guts to buy those stocks.

Initially, he wanted to take control of the Yuan Corporation by accident. In the end, when he wanted to return to the cage, someone beat him to it. It turned out to be her.

All the guests and reporters present were shocked by this news!

“In that case, President Shen holds more than 60% of the Yuan Corporation’s shares?! More than half!”

“But the company’s management law clearly states that the company cannot have more than 50% of the shareholders. For CEO Shen to do this...”

“What’s there to worry about? Don’t you see that she has Mr Bo with her? Who said that the shares must be in her hands?”

“That’s true...”

“No... that’s impossible...” She had felt that something was amiss from the start. This thought flashed across her mind, but she didn’t even dare to think about it.

She had always thought that her life couldn’t be so unlucky. She couldn’t lose to Shen Fanxing time and time again, and she couldn’t lose so badly every time!

No matter what, it was time for the heavens to bless her!

Didn’t they say that the tables had turned?

Why was she the one who suffered a crushing defeat in the end?!

Why did she have to lose to Shen Fanxing again and again?

She only had 5% of the shares left. In front of Shen Fanxing, she didn’t even have the right to speak.

In the future, she could only be suppressed by Shen Fanxing. By then, she could do whatever she wanted.

No, she would never allow such a thing to happen...

The Yuan Corporation was hers. She only wanted shares...

Her red eyes darted around anxiously.

After surviving so many desperate situations, she had never thought of giving up.

If one were to talk about her tenacity alone, it was admirable.

However, it was not used in a serious manner.

Shares...

Shen Fanxing had already taken up more than half of the shares. It was impossible for her to crush her with the shares.

However, it was impossible for her to give up on the Yuan Corporation just like that!

Even if she had to laze around for the rest of her life, she would not leave the Yuan Corporation!

She wouldn’t let Shen Fanxing control her so easily!

As long as he had enough shares...

Suddenly, her scarlet eyes froze. Then, she turned her head abruptly and looked at Yuan Muchun, who was sitting at the side with an unexpected expression.

Receiving her fierce gaze, Yuan Muchun frowned. “What do you want?”

Yuan Sichun took a step closer to her.

Ignoring the pain, he raised his crippled hands and grabbed Yuan Muchun’s arm tightly.

“Give me your shares!”

Yuan Muchun felt a sharp pain on her arm, and her face turned pale.

“Yuan Sichun, are you crazy?!”

“I asked you to give me the shares you have! What’s the use of having them? Muqing, I’m begging you. Please, can you bear to see me die because of Shen Fanxing?”

Yuan Muchun flung her hand away forcefully. “You’re a lunatic! Who said I wanted to kill you?!”

There was something wrong with Yuan Sichun’s emotions. She seemed to have lost control as she grabbed Yuan Muchun and begged.

“Muchun, you’ll definitely help Sister, right? Aren’t you going to marry Mr. Wen? Aren’t you going to cut off all ties with the Yuan family in the future? Treat it as a farewell gift. Since I’ve been by your side since I was young, give me all your shares...”

Yuan Muchun was once again angered by Yuan Sichun’s shamelessness. Ignoring the pain, she shook off Yuan Sichun’s shackles and said angrily,

“What do you mean by a parting gift? All of you have sold me for a price. In the end, I still have to give you a parting gift! Yuan Sichun, you’re really shameless to the point of no return. I think you’re really crazy. I advise you to go to the hospital to check your brain...”

“Did you hear me?!” Yuan Sichun suddenly shouted.

The sharp voice silenced the chaotic scene.

The echo echoed in every corner of the banquet hall. Everyone looked at Yuan Sichun in surprise.

Yuan Muchun frowned and stared at the hysterical woman as if she was a monster.

In the past, Yuan Sichun was still selfish.

However, she still knew how to put on airs as the eldest daughter of the Yuan family and the future family head.

Chapter 1566: No Return

However, she still knew how to put on airs as the eldest daughter of the Yuan family and the future family head.

She made herself look beautiful and dazzling at all times, with exquisite makeup, luxurious and elegant clothes and accessories.

Every action and expression seemed to have been carefully crafted by her.

Her words, actions, and mannerisms were too pretentious in the eyes of others, but everyone knew that she was the eldest daughter of the Yuan family.

This was how the eldest daughter of the Yuan family should be.

In the past, she had made the eldest daughter of the Yuan family very successful.

Why didn't she fight for it all those years? Because Yuan Sichun was outstanding enough. Everyone felt that she was the eldest daughter of the Yuan family.

Hence, she was willing to let her father hand the entire Yuan Corporation and the Yuan family to her.

But now, looking at the hysterical and detestable woman in front of her, Yuan Muchun found it unbelievable.

"Yuan Sichun, you're really sick..."

Yuan Muchun shook her head and said seriously.

Without any criticism of Yuan Sichun.

Yuan Sichun ignored Yuan Muchun's voice and sat there. She stared at Yuan Muchun coldly and said slowly,

"I'll say it again. I want you to give me the shares. Did you hear me..."

If Yuan Muchun said no, she would tear her apart.

Yuan Muchun couldn't help but be frightened by Yuan Sichun's reaction. She didn't say anything and just stared at her in a daze.

"You..."

"Miss Yuan."

Yuan Muchun was about to speak when Shen Fanxing suddenly spoke.

Everyone shuddered and looked at Shen Fanxing.

Shen Fanxing's expression was cold as her gaze landed on Yuan Sichun.

"Since I have the intention to suppress you, I naturally won't give you any chance to be unscrupulous in front of me. You don't have to hit the shares on Muran because the shares on her are already with me."

Shen Fanxing's words shocked everyone again.

The muscles on Yuan Sichun's face twitched and she retracted her fierce and sinister gaze. Her gaze landed on Shen Fanxing as she turned her head.

Shen Fanxing lowered her gaze and met her gaze fearlessly.

After a long while, Yuan Sichun's hoarse voice sounded slowly, "You're lying."

Shen Fanxing gave a cold smile and said, "Why would I lie?"

"Is she crazy or stupid? How can she give her shares to someone else for no reason? You already have more than half of the Yuan Corporation's shares. Why did you attack her shares? Whether it's reasonable or not, she has a good relationship with you. You even attacked her shares. What kind of despicable character do you have?"

Yuan Muchun couldn't stand Yuan Sichun's words and said angrily, "Yuan Sichun, don't..."

“No matter how despicable I am, I’m still better than you who has been coveting me in the past. Now that I want to snatch the shares of the Yuan Corporation and sell my sister...”

Then, she paused and continued,

“Everything that happened tonight is an indelible fact. Yuan Sichun, I advise you to recognize the reality now. Don’t say anything or do anything meaningless. You don’t find it embarrassing, but I have to consider the reputation of the Yuan Corporation. This is the Yuan Corporation’s business banquet. Please behave yourself. If there are any negative effects, Miss Yuan, you can’t bear the consequences.”

The veins on Yuan Sichun’s forehead bulged!

His eyes were bloodshot and terrifying.

“Since when do you need to think about the reputation of the Yuan Corporation?! This is the Yuan Corporation’s business banquet, and I’m the one who planned it! My restlessness has nothing to do with you! What right do you have to criticize me?!”

Yuan Sichun obviously couldn’t accept the fact that Shen Fanxing was above her. She couldn’t accept the fact that Shen Fanxing was speaking to her in a manner that disgusted her.

Shen Fanxing smiled calmly at her and said, “If Miss Yuan still can’t recognize reality, I can tell you clearly...”

“The person in charge of the Yuan Corporation now is me, Shen Fanxing. It doesn’t belong to the Yuan family, let alone you. To be precise, the Yuan Corporation now has the surname Shen. I’m Shen Fanxing’s Shen.”

Shen Fanxing’s words were met with silence.

To Yuan Sichun, it meant that she had completely lost in front of Shen Fanxing.

She wanted to take Yuan Sichun’s remaining bargaining chip.

The Yuan Corporation, which she had always been proud of, had shattered all her self-esteem and pride. Everything that gave her an advantage over Shen Fanxing had been shattered!

Now, she had lost completely. She had nothing and nothing to turn the tables around.

The others present also learned something important.

The era of the Yuan family had ended. The so-called revival of the Yuan family and its unstoppable development had been confirmed.

The projects in the Yuan Corporation were already enviable. Even the Yuan family had an unpredictable future, let alone the CEO of Stars International, CEO Shen.

It could only be more glorious under the leadership of the Yuan family.

They believed that the news tonight was enough to shock the entire business circle.

In the future, this business circle would probably be reborn.

Actually, as a capitalist, and a successful one at that, everyone had a sense of arrogance and arrogance.

They all thought that they were more outstanding than anyone else. Perhaps, the same project was more outstanding in their hands than in the hands of others. They felt that the success of others was mostly a coincidence.

They had never truly admired or trusted anyone in their lives.

But Shen Fanxing wasn't like that in their eyes.

Along the way, they had witnessed everything Shen Fanxing had done.

In the past, she had turned the dying Su Corporation around with a brilliant plan. Then, she decisively changed Stars International from a public relations company to an entertainment company. Following that, she dealt a heavy blow to Lan Yun Entertainment and took it for herself.

At the same time, she had created Ji Yi, a superstar in the music industry. Furthermore, she had pushed a singer with a bad reputation and no fame to the peak when she had no advantage.

Then, he suppressed the Su Corporation, crushed Lehua Entertainment, and supported all the celebrities under him. Now, he had even recruited the Yuan Corporation, which was almost on the same level as the Bo Corporation.

Chapter 1567: Refusing to Face Reality

Then, he suppressed the Su Corporation, crushed Lehua Entertainment, and supported all the celebrities under him. Now, he had even recruited the Yuan Corporation, which was almost on the same level as the Bo Corporation.

There were also countless things in between. They saw everything.

They had to admit that they were impressed.

Although she was a woman, she was intelligent and decisive.

She often said that she was a vengeful person. In fact, how many of them were good people who repaid evil with kindness?

She was a "bad person", but no one hated her. She could even gain a large number of supporters even though she was not a celebrity.

What she did as a bad person was even more spectacular than what some good people did. She was so honest that no one could say anything.

Who could judge her?

Perhaps there were only some "moralists" who only knew to stand behind the Internet with their hands.

Use some words and words to criticize and criticize them, thus showing their "kindness" and "justice", as well as how unique, intelligent, knowledgeable and outstanding they were!

But who could be a good person who had no desires?

Who could become the embodiment of all morality in this world?

That was something that even immortals could not do.

Those who stood at the side and used all their morals and ethics, but in reality, they were not capable. In real life, they did not dare to say or do anything. They achieved nothing, but they envied others.

As long as they mocked them for not doing well enough, they would feel better.

There were too many of such people. They were like bedbugs who gathered in their respective corners and attacked you at the same time. They used words to erase everything you had done.

What happened tonight, including everything that had happened in the past, was bound to receive a new round of criticism.

All of this would have to be faced in the future.

Everyone knew the consequences and Shen Fanxing had to know.

But what could she be afraid of now?

She had been hurt and abandoned by the family she relied on the most. After being thrown overseas for so many years, she had experienced everything that she shouldn't have. She had experienced life and death. What was this now?

"...I'm the one in charge of the Yuan Corporation now. It doesn't belong to the Yuan family, nor does it belong to you. To be precise, the Yuan Corporation now has the surname Shen. I'm Shen Fanxing's Shen."

Shen Fanxing's words pierced Yuan Sichun's heart, word by word.

Her entire body was trembling uncontrollably from anger and anxiety. Her eyes widened bit by bit and her breathing was heavy and rapid. In the quiet venue, it was exceptionally clear and terrifying.

She didn't know if she didn't believe it or if she didn't want to believe it, but she shook her head violently and even screamed.

"No! That's not true! Shen Fanxing, shut up! The Yuan Corporation is mine! I'm the future head of the Yuan family! I'm the only heir to the Yuan Corporation in the future. The surname of the Yuan family is Yuan! Who do you think you are, Shen Fanxing? You're delusional! Get lost! Get out of my house immediately!"

Yuan Sichun's madness made everyone shake their heads in disgust.

Many of them had seen Yuan Sichun before. Her current appearance was worlds apart from her arrogant and elegant self.

She was indeed impeccable in the past, but the so-called past had ended the moment she met Shen Fanxing.

From then on, her actions were exposed to the public, erasing her image as the eldest daughter of the Yuan family.

She lost her beauty and elegance.

He had completely turned himself into a lunatic that everyone despised.

Shen Fanxing stared coldly at Yuan Sichun, who was sitting in the wheelchair. Her crippled hands were supporting the sides of the wheelchair as she leaned forward. Her face was filled with ferocity and madness. She wished she could stand up from the wheelchair and beat her up.

“Shen Fanxing, you b*tch! Don’t be smug too soon. Someone will deal with you sooner or later! There will definitely be someone who can destroy you forever! I don’t believe that you will be smug for the rest of your life. The Yuan Corporation has never been yours! You want to get the Yuan Corporation? Dream on! It’s all mine! Everything is mine! B*tch, you deserve to die. You really deserve to die! Why aren’t you dying yet?!”

She used all her strength to curse in a sharp voice.

She struggled in the wheelchair. In the end, she fell from the wheelchair and landed on the ground. After struggling for a while, she couldn’t stand up. In the end, she forced herself to crawl under the podium. She held the edge of the podium with both hands and propped her broken body up. Her upper body was supported by her arms.

Just by standing, her entire body was covered in sweat. Her exquisitely styled hair was in a mess, and her pale face was covered in sweat. There were even beads of sweat flowing down her cheeks.

Every nerve in her body was screaming in pain. Just maintaining her posture had exhausted all her strength.

Her body trembled violently and she glared at Shen Fanxing with hatred and viciousness. She gritted her teeth and squeezed out every word.

“Shen Fanxing, you’ll go to hell! The Yuan Corporation belongs to the Yuan family. It’s mine! Dream on if you want to use the Yuan Corporation as your dowry. Actually, I’ve succeeded... Haha, at the very least, the Bo family chose me between you and me! Grandpa Bo even stripped Brother Bo of his rights in the company in order to let me marry into the Bo family! It’s obvious how much he hates you! So what if you’re a princess now? It’s a pity that you weren’t back then. Otherwise, why would the Bo family go back on your marriage with Brother Bo because of me?”

Yuan Sichun’s words made Old Master Bo’s face darken.

If not for her pestering him, how could he chase his favorite grandson out of the company?

The decision back then would be a huge joke now.

For the sake of the company, he had taken a fancy to the Yuan Corporation’s solid foundation over the years. Furthermore, they had the protection and influence of Country Y’s Princess Ava. In order to rope in the Yuan Corporation, he had openly obtained the Yuan Corporation. He had threatened and coerced his grandson, but in the end, he had forced Bo Jinchuan to give up the inheritance rights of the Bo Consortium.

And now, the Yuan family that he had his eyes on couldn’t withstand a single blow. Although Princess Ava was still behind her, Shen Fanxing had suddenly become the princess of Country Y.

What did he mean by picking up sesame seeds after losing a watermelon? He was doing that now.

Chapter 1568: You're a Fool

What did he mean by picking up sesame seeds after losing a watermelon? He was doing that now.

She had lived for decades and had one foot in the grave. Yet, she had caused such an embarrassing incident.

"You are now. Yes, you look so glorious, but do you think the Bo family has done so many wrong things in the past? How can they agree to your marriage just because you're a princess? Who made everything become like this? It's me! It's me. You won't marry into the Bo family smoothly..."

Hearing Yuan Sichun's unconcealed confession and harsh words, Shen Fanxing smiled faintly.

She listened to her quietly and nodded with a smile.

"Yes, how capable are you, Yuan Sichun? You ruined my good marriage? You're right. It's all because of you. That's why... I could only choose to use the Yuan Corporation as my dowry..."

Her words were light and calm, and her smile was gentle and beautiful. However, her words gave Yuan Sichun a heavy blow.

This included Yuan Zhengchong and Ye Zhiqing, whose faces were ashen.

Shen Fanxing's words struck them like a bolt of lightning.

If not for Yuan Sichun's stubbornness and his stubbornness towards Bo Jinchuan, Old Master Bo wouldn't have objected to Bo Jinchuan and Shen Fanxing's marriage.

If the two of them could get married as scheduled, there wouldn't be the Yuan Corporation now.

So what was there to be proud of?

Because of her pestering of the Bo Consortium back then, Shen Fanxing had been forced to swear that she would get the Yuan family!

Yuan Sichun's face twitched violently at Shen Fanxing's words. She was stunned for a moment before a ferocious expression appeared on her face.

This happened again and again...

No matter what she said or did, she would never be able to gain an advantage over Shen Fanxing.

Everything she had done had become her stepping stone.

Every word she said was shot back at her lightly, hurting her a hundred times.

She bit her lips hard and bright red blood flowed out.

Asking her to admit defeat to Shen Fanxing?

How was that possible?

How could she accept that?

After fighting for so long, she had lost everything...

How could she accept this?

As the saying went, evil people would inevitably be pitied in the end. However, in Shen Fanxing's eyes, Yuan Sichun wasn't worth any sympathy.

It wasn't worth it. He couldn't and didn't want to.

This wasn't a matter of life and death.

All of this was because Yuan Sichun had provoked her first and stepped on her bottom line time and time again.

Even though she was crazy, crippled and hysterical, Shen Fanxing's eyes were cold and emotionless.

"Now, I announce with the right of the highest shareholder of the Yuan Corporation that Yuan Zhengchong and Yuan Sichun's positions in the Yuan Corporation will be revoked. Moreover, Yuan Sichun is not allowed to step into the Yuan Corporation without permission."

The moment he said that, Yuan Zhengchong immediately said, "Why should I be fired? I..."

"Mr Yuan, you don't have any shares. Why should I give you a position and authority?"

Yuan Zhengchong was stunned, and his expression suddenly turned bitter.

"Shen Fanxing, you can't... you can't... The Yuan Corporation is my everything..."

Shen Fanxing sneered coldly and said, "It's precisely because she's everything to you that I have to take her back. Mr Yuan, you should take some time to think about your wife who passed away due to 'difficult labor'. Also, the biological daughter who has been neglected by you even though she has lost her mother since she was young. You even want to use her and sell her at a price..."

Yuan Zhengchong's expression froze and his gaze slowly landed on Yuan Muchun, who was still seated.

She couldn't hide the sarcasm on her face, but there was more sadness.

With a few words, Shen Fanxing explained how she had been treated in the Yuan family for the past twenty years.

They were both biological daughters, but she ended up being sold.

First, it was to help Yuan Sichun obtain the company's shares. After that, it was sold at a high price of 30 billion yuan.

Thirty billion yuan was indeed a considerable sum.

It turned out that Yuan Muchun could be so valuable.

Yuan Zhengchong's mouth opened and closed, but he couldn't say a word.

Ye Zhiqing's legs had long gone weak from fear. Someone had insisted that there was a problem with the incident back then and the company was gone. After all these years of hard work, she had thought

that she would get everything. The Yuan family, the Yuan Corporation, and countless wealth and power were waiting for her. In the end, she had nothing.

She had tried her best to climb to the position of Mrs Yuan back then. What was she now?

Seeing this, Shen Fanxing knew that the drama tonight had come to an end.

“Thank you for attending this banquet tonight. Please forgive all the drama that happened tonight. On behalf of the Yuan Corporation, I promise everyone again that this project will definitely be expected by everyone. The Yuan Corporation will satisfy everyone at a price that is several times higher... In that case, the Yuan Corporation’s business banquet tonight will end here...”

“What do you mean by that?! What do you mean by representing the Yuan Corporation? Who do you think you are to represent the Yuan Corporation?! What right do you have to deprive me of my position and authority?! You have no right! Shen Fanxing, the Yuan Corporation isn’t controlled by a b*tch like you! The Yuan Corporation is mine! How dare you occupy my things and say what I should say?! Shameless b*tch...”

Yuan Sichun screamed as she slammed her hands on the ground, struggling to grab Shen Fanxing. Her words had nothing to do with the eldest daughter of the Yuan family.

Bo Jinchuan’s eyebrows twitched. Under Yuan Sichun’s repeated insults, he finally reached his limit.

“Yu Song!”

Yu Song, who was standing in the corner, shivered and immediately strode over.

“Sir!”

Bo Jinchuan didn’t say anything and only gave Yu Song an extremely cold look. Yu Song was shocked and immediately waved his hand. Two tall men in black suits walked over aggressively from a corner and held the hysterical Yuan Sichun up.

“What are you doing?! Let go of me! How dare you? Do you want to die? How dare you treat me like this? I’m the eldest daughter of the Yuan family and the future master of the Yuan Corporation. You...”

With a crisp sound, Yuan Sichun’s hysteria stopped.

Her cheek burned with pain as she turned her face to look at the person in front of her.

“Damn b*tch! I’m your sister! Instead of helping me, you hit me? You traitor!”

Yuan Muchun trembled in anger. “What right do you have to say that she’s my sister? Yuan Sichun? What right do you have to say that someone has occupied your things? The Yuan family isn’t yours to begin with!”

“It’s you. You’re the plunderers and possessors! Don’t forget how your mother got the title of Mrs. Yuan. Don’t forget how you, the eldest daughter of the Yuan family, got it! For some worldly possessions, you and your daughter are jackals of the same tribe. You’ve done all sorts of evil and despicable things! You deserve to have nothing because you have nothing!”

“Nonsense! You actually gave your shares to someone else and gave the company to someone else. Yuan Muchun, you’re a fool and a lunatic...”

Chapter 1569: A Round of Cards

“Nonsense! You actually gave your shares to someone else and gave the company to someone else. Yuan Muchun, you’re a fool and a lunatic...”

“You’re the crazy one!” Yuan Muchun raised his voice and interrupted Yuan Sichun forcefully.

Later on, she said that the anger in her eyes was halved and there was more pity.

“You’re the crazy one, Yuan Sichun. You’re really crazy...”

Yuan Sichun was stunned and her eyes widened.

Her facial features twitched. In Yuan Muchun’s eyes, her heart trembled.

Her arm tightened and she was pulled into someone’s embrace.

Yuan Sichun looked at her and said blankly,

“You’re the crazy one. You’re all crazy and bitches!”

Her words were suddenly raised, and her sharp voice made everyone’s ears hurt.

Yuan Muchun was carried away by Wen Xuchen, away from the hysterical Yuan Sichun.

Shen Fanxing shook her head, her expression full of helplessness and sarcasm.

Perhaps, Yuan Sichun had long gone crazy. However, her stubbornness was too terrifying.

Time and time again. In the beginning, she knew that she had to maintain her image as the eldest daughter of the Yuan family and knew that she had to cover up everything.

In the end, he used the name of the Yuan Corporation to confront her.

Until now, she had cursed in front of so many people and lost all her image.

She had completely turned herself into a lunatic.

The banquet had finally ended.

Even after the event ended, Yuan Sichun was still cursing at them.

As the biggest shareholder of the company, Shen Fanxing had to stay to deal with the guests.

Ye Zhiqing slumped on a chair in the corner and watched as Yuan Sichun collapsed on the ground below the stage. Because her arms and legs were broken, she still had to scold her fiercely...

Its distorted posture was like a crooked monster crawling on the ground.

This scene stimulated Ye Zhiqing’s senses.

Her heart was in complete despair.

Her daughter, the daughter she had carefully nurtured. She had placed all her hopes on this daughter, but in the end, she had become like this.

Crippled, crazy, cowardly, disgusting...

In the blink of an eye, such a beautiful person had become like this!

She had worked hard to climb up to the position of Mrs Yuan and invested all her energy and hope into her.

She thought that she had done well and was indeed impeccable in the past, but she didn't expect...

She had lived in a big family like the Yuan family since she was young. She had the best living standards, received the best education, and received the best nurturing. All the conditions were the best.

In the end, she was still covered in skin.

Why were the things in her bones and flesh so unsightly?

'Why?'

Why on earth?!

How could she accept such a daughter?

During this period of time, she had been living in fear and cowardice.

Now that she was like this, it was even more impossible for her to approach her.

Yuan Zhengchong stood there with an ashen face. The only expression he had was realization.

It was as if he had yet to regain his senses.

In his eyes, the Yuan family had lost. This was simply a fantasy that would never happen.

However, his eyes were fixed on Yuan Sichun, who was struggling on the ground. There was no fluctuation in his eyes. No one knew what he was thinking.

Gradually, his eyes began to widen. Grimness and anger erupted from his eyes.

It was all because of his daughter, who had pushed the Yuan family into the abyss step by step.

What Shen Fanxing received the most tonight was the congratulations and relief from the guests before they left.

She turned around and saw a few people in the venue. They were all looking at Yuan Sichun, who was writhing and cursing on the ground. They had different expressions on their faces, except for happiness.

Bo Jinchuan walked to her side with a dark expression. "Is it fun?"

Shen Fanxing blinked and glanced at the few people present. She nodded and said, "Not bad."

"Ha."

Bo Jinchuan gave a sinister laugh that made Shen Fanxing shudder.

She looked at him defensively. "Do... do you have any questions?"

Bo Jinchuan frowned and stared at her darkly.

"I'm fine. I suddenly feel like I have a lot of things to do."

"What's the matter..."

Bo Jinchuan didn't say a word as he watched the guests walking towards the entrance.

"Home."

Shen Fanxing let him be.

Old Master Bo also looked at the unsightly Yuan Sichun in front of him. It took him a long time to regain his senses. He calmed himself down and adjusted his expression before standing up shakily with his walking stick.

His body swayed violently, and his wrinkled face trembled with anger.

For this woman, he had chased his favorite grandson out of the Bo family.

In the end, Yuan Sichun was still feeling smug because she had torn the Bo family apart.

If not for him...

She was right. If he hadn't wanted to matchmake the Bo and Yuan families back then, things wouldn't have ended up like this.

Now, how could he salvage the situation?

One wrong step and every step was wrong...

He swayed and turned around slowly with the help of his walking stick. His gaze landed on Bo Jinchuan and Shen Fanxing. His lips parted, but he couldn't say a word.

After preserving his dignity for a lifetime, he couldn't bow down to them.

Yuan Zhengchong shook his head and looked at Yuan Sichun. His eyes were filled with helplessness and disgust.

Trash,

Now, she was completely useless.

She had beaten him to a pulp.

She had suppressed her identity as a princess for a long time, but she was still recognized.

Before she was recognized by Queen Yulia of Country Y, he wanted her to use the Yuan Corporation to destroy her completely. After that, she would successfully marry into the Yuan family and everyone would be happy. He could sit back and reap the benefits. He could be the chairman of the Bo Consortium with a clear conscience.

She had not expected such an outcome.

He had never expected Yuan Zhengchong to lose in the end.

No one in the Yuan family could defeat a mere woman.

He admitted that Shen Fanxing was smart and capable, but how could he believe that she could do whatever she wanted?

Turning to look at Bo Jinchuan's back, Yuan Zhengchong's eyes darkened.

It seemed that he really had no choice but to humiliate his nephew.

Chapter 1570: Ended

At the thought of this, his gaze landed on a corner. It lingered for a few seconds before retracting.

She quietly reached out to support the old man.

"Dad, it's getting late. Let's go back."

Old Master Bo turned to look at him. When he looked at the door, he saw a group of reporters swarming towards Shen Fanxing and Bo Jinchuan.

He frowned, but before he could say anything, Bo Yuelin helped him forward.

Facing the reporters who had suddenly surrounded them, Yu Song naturally wouldn't let them get close to the two of them. He immediately surrounded the reporters.

The situation was getting out of control.

Bo Jinchuan and Shen Fanxing's path was blocked.

The reporters were trapped at the side, and the ones who blocked their way were a group of ordinary people.

Bo Jinchuan hugged Shen Fanxing tightly as a sharp glint flashed across his eyes.

"CEO Shen, we heard that your grandmother, Jiang Rongrong, went to the hospital not long ago. Do you know?"

"You don't know, or you didn't visit her even if you knew? Even if you're not her biological daughter, you've lived under the same roof for so long. You forced the old woman into the hospital. Do you really feel at ease and free of guilt?"

"Yes, no matter what, even if we're not related by blood, we still lived together. Although I'm biased, I didn't say that I would starve or abuse you, right?"

Shen Fanxing raised an eyebrow and her eyes darkened.

"First of all, I didn't know that she was sick and hospitalized.

Secondly, even if she is hospitalized, I have no obligation to visit her. What I do is my own business and has nothing to do with you.

Moreover, she had previously said that no matter what, they were related by blood.

Now that they were no longer related by blood, she had to use living under the same roof to accuse me of being heartless.

So in your eyes, you'll only be satisfied if I let others bully me?

The few of them looked a little awkward, but they braced themselves and said,

“You’re so rich anyway. What’s wrong with giving her some?!”

“I haven’t seen you living worse than anyone. Why don’t you give me some money too?”

Shen Fanxing sneered at the woman who was standing in front of her. Her words silenced the woman.

“... I, why should I give it to you?!”

“So why should I give it to her? Lady, have you lived well? Are you here to seek justice for others?”

The woman’s face turned red and she couldn’t say a word.

Someone immediately added, “You’re sharp-tongued. We can’t out-talk you! But the truth is the truth. If you’re not guilty, why are the posts criticizing you banned? You’re obviously trying to cover up!”

Shen Fanxing raised her eyebrows and gave Bo Jinchuan a meaningful look. She raised her eyebrows slightly and gave him an inexplicable look.

“If I remember correctly, this question was mentioned before the banquet started...”

“But you didn’t give a reasonable explanation?”

Shen Fanxing sneered and said, “I think you guys are busier than the disciplinary committee of the entertainment industry.”

“...”

Some fans and reporters outside couldn’t help but laugh softly.

Bo Jinchuan turned to look at Yu Song. Yu Song immediately understood and made a call.

“Why haven’t you sent the things I gave you?... Immediately!”

Upon hearing Yu Song’s words, everyone looked at each other in confusion.

“What is it? Send it out?”

Everyone picked up their phones and opened the webpage. There was nothing unusual.

At this moment, Bo Yuelin walked out with Old Master Bo. Seeing that they were surrounded, Bo Yuelin smiled.

“Why is that?”

Shen Fanxing turned to look at Old Master Bo. Her expression turned cold, but she still nodded at him.

Old Master Bo looked at her coldly and pursed his lips tightly.

Yuan Sichun was despicable and Shen Fanxing wasn't any better.

At the end of the day, she was the one who had caused Jinchuan to fall into the trap and give up the entire Bo Consortium for her!

Even if her net worth had doubled, he still had a knot in his heart about her easily driving a wedge between him and Jinchuan.

Moreover, she had spoken harshly to Jing Chuan tonight. It was impossible to get him to compromise first!

He should let his arrogant grandson understand that without the Bo Consortium, he was nothing!

No matter how outstanding she was, without decades of hard work and effort, it was impossible for her to compete with the Bo Consortium!

Moreover, how could he allow him to be independent so easily?

Seeing the increasingly cold expression on the old man's face, Shen Fanxing frowned and turned to look at Bo Yuelin.

Their gazes met. After staring at each other for a few seconds, they smiled.

However, anyone could tell that that smile was as fake as it could be.

Before Bo Yuelin could reply, someone shouted from the crowd.

"F*ck!!! The headquarters of the Internet Water Army has been destroyed!"

Her shout was too abrupt. Although no one knew what she said, everyone's attention was attracted.

"What's wrong? Why are you shouting?"

"What are you shouting about? What nest has been destroyed?!"

...

"It's the fake reviewers on social media platforms! The fake reviewers on various social media platforms have been raided!"

This news was undoubtedly fresh and explosive!

However, no news could compare to Shen Fanxing's news.

Everyone thought nothing of it. Then, someone shouted again,

"So those who attacked CEO Shen and Mr. Bo were hired by Yuan Sichun!"

Everyone was shocked!

A moment later, she felt that it was understandable if it was Yuan Sichun's doing.

"From the start, I felt that it was a group of fake reviewers! In the end, that group of fake reviewers was so aggressive. It would be infuriating to compete with them!"

“I was wondering why I had such an unreasonable group of people. I suspected them back then, but it turned out to be true.”

“No wonder Mr. Bo removed the trending topic! That’s how you deal with fake reviewers!”

“The Internet Water Army actually attacked Mr. Bo too. How awesome!”

“And the real users who were led astray by the fake reviewers have also been... exposed! More than 20,000 people... all have their personal information.”

“Twenty... twenty thousand people?”

“Yes!”

Once this was confirmed, the crowd who had been clamoring in front of Shen Fanxing couldn’t hide their panic.
