

Catch Me If You Love Me Chapter 157

At this time, all the emotions towards her were opened, and it became more difficult to conceal, and I just wished to express it in the most primitive and direct way.

“If it wasn’t for the wrong place, I would really wish to press you here for three days and three nights.”

Zoey Gu’s cheeks were hot, and he was really uncomfortable with Liam Lu like this. He put his hands in front of him and twisted the beginning uncomfortably.

“Liam Lu, you just recovered, stop making trouble. If you go out late, Xiaolan will doubt me...”

Liam Lu stared at her scorchingly, her appearance reflected in her black eyes.

“I know you are shy now? The person who was riding on me just now and can’t wait to sleep with me, isn’t it you?”

Zoey Gu suddenly became angry from shame, “Liam Lu!”

She stretched out her hand to push him angrily, but as soon as the man grasped her hand, she opened her sleeves.

Seeing her once completely damaged arm, now smooth and delicate, Lu Yu squinted with satisfaction.

Zoey Gu also followed his gaze, feeling full of emotion for a time, and couldn’t help but look up at him.

“Mr. Fu arranged the earliest surgery for me and it worked very well. Liam Lu, I want to thank you.”

Without the dense pinholes all over the body, no one would know what she had experienced.

When the voice fell, she was held tighter by Liam Lu.

“Fool, I should say thank you.”

He clasped her back of the head, pressed his forehead against her, making a hoarse voice.

“Zoey, repeat what you just said.”

Zoey Gu was taken aback, “What are you talking about?”

“As you said, when I get better, you are willing to be my Mrs. Lu. Huh?”

The man’s voice was deep, magnetic and gentle, like a wave of hot springs, instantly rushing into Zoey Gu’s heart.

Her heart trembled, biting her lip and looking up at him, without answering questions.

“You agree to let me stay with you, so I’ll say it again, how about it?”

Suddenly, Liam Lu’s hand holding her waist stiffened, his face changed, and he frowned to look at her.

“You are obedient, here...”

“I don’t care how dangerous it is, I will stay. If you drive me away, I will go out and tell the old lady now that I am Zoey Gu.”

Time seems to be frozen.

Liam Lu looked at her with dark eyes, his eyes filled with countless emotions.

After a while, the man gritted his teeth hard and slowly released her.

Zoey Gu didn’t understand what he meant.

He had bowed his head, and his expression was heavy, pulling up her sleeves, revealing the clear cut on her hand.

In the end, he raised his hand and wiped a clear trace of blood from his lips, involuntarily wiped it on Zoey Gu’s face.

Zoey Gu was confused, so he raised his hand to touch his face without knowing it, and couldn’t help but ask softly.

“What are you doing?”

“It’s this posture, don’t move!”

Xiao Lan waited impatiently outside the door, trying to get her toes on the door panel, trying to hear something.

The bedroom door suddenly opened.

Liam Lu carried Zoey Gu’s collar, raised his hand and threw her at Xiaolan’s feet without hesitation!
